Subject: Meeting and Lee Walker heights
Date: Wednesday, August 20, 2014 6:51:42 PM

My apologies for the mass email. Unlike some previous meetings, I will regrettably not be able to attend this one. However, I continue to follow up and look into the changes in public housing for Carolina Public Press and local media, and thanks for keeping me informed about what's going on.

I've heard there's a letter going around to Lee Walker Heights residents about the coming redevelopment? Is this true? If so, does anyone have a copy and would any residents reading this be willing to talk about it.

Sincerely,

David Forbes

This meeting's only agenda will be discussing our decision-making process, how organizations and individuals can endorse/sign-on/participate, and other issues related to the role and structure of PHAC.
