Subject: Sheriff's office pay scale records request

Hello, we talked on the phone yesterday; I'm a journalist looking into pay for local law enforcement. Thanks for the information, but rather than individual salaries, I was also looking for the department's pay scale. I've attached the city's pay scale for APD as an example of the kind of document I'm looking for. Please send an electronic copy over when you get a chance.

Best,
