Subject: Reparations to Buncombe County"s Black Community
Date: Monday, July 20, 2020 12:12:26 PM

Hi,

My name is Graham Webb, a resident and native of Asheville, and I am emailing to demand that Buncombe County invests in Reparations for its Black community.

Repurpose funds from sources that disproportionately cause harm to Black people and people of color, like the Shariff and Jail budgets. Use those funds for things like affordable housing, public transportation, investment in Black business, and more equitable education.

Follow the lead of Asheville in this regard, and answer the city council's call for Buncombe County to make reparations.
