information about text advisories re. Covid immunizations
Questions / Comments:
On the website you have an incomplete phone number to text to receive advisories: The number there is 888-777...missing the last digit. I tried 888-7777 but it didn't work. Please send me the full phone number and change it on your website.
Also, there are so many people over 75 that haven't been able to get vaccinated, (no appointments- no vaccine) it doesn't seem right to open it to 65 and older even on February 1. What do you plan to do about that?
