This is more about your covid vaccine wait list sign up and we are deeply disappointed & frustrated. Although we appreciate the ease of the online sign-up, we are so disappointed that you did not include questions narrowing down to people 75+, essential workers, high risk factors, etc. Just simply 65+. And, to allow married couples numbers close enough that they may go in at the same time rather than separate trips. We are 75+ with risk factors and were never able to reach you previously by phone to sign up. As a result our wait list numbers are over 10, 000! (even though we signed up immediately) Our fear, even though we have been & are isolating ourselves & practicing safety measures when we must go out, is that we will not be able to receive the vaccine before we contract the covid-19. It seems that Henderson & other smaller WNC counties have a much better grip on distributing the vaccine to those in immediate need then Buncombe Cnty. We hope that you will forward this to those in charge of the covid wait list group. Cheryl Marut & Louise Gates, Cp: 818-400-1403
