Okie Dokie, I have Shaneesha Smith and Shanita Millsaps as official officers for this event. Scotty Robinson also has said he will visit the area. I've called Mr. Howell and let him know.

One of the organizers in charge of this has come to us concerned because of the large response they have had. In light of the recent events, he is asking for two officers extra duty. The first two to respond I will put down, but PLEASE be aware this is a delicate situation. Those that are part of this support us and want to build up our community. They are just worried about the recent shootings and don't want that at this event.

He is asking for officers to arrive at 1830 and to stay until 2030 (event is planned from 1900 – 2000).

One officer should have their vehicle close to the entrance for high visibility. The other can park nearby as well, but it would be best to hang out near the baseball field, toward the entrance. This way you are not in the crowd and any trouble makers that show up will see two police cars first. He said he might need assistance telling people that he has to have the park clean and cleared right after, which means everyone should be leaving at 2000, and gone by 2030. He will pay you both directly.

Also this Friday June 12th at Kelsey Scott Park 7pm there will be a vigil in remembrance of individuals who have died from gun violence 2000-2020. Expect a large crowd. The list I looked at this morning had 68 names on it. They will have a DJ, MC and other entertainment present.
