Subject: Building a Recycling Program
Date: Tuesday, February 2, 2021 8:47:24 AM

Hello,

My name is Joel Simpson. I am a member of the SGA (Student Government Association) at Montreat College. Within SGA, I am co-lead of our recycling committee.

We desire to implement a long-lasting and effective recycling program here at Montreat College. While some tools for this are already in place. However, we are nearly starting from the ground up, and it is often overlooked or neglected after the beginning steps. We seek to create a more solid foundation that carries over year after year and for our campus to buy into recycling practices.

In order to gain the funding we require for this program, and determine the logistics of it we will have to gain the support of the community as well as the Board of Trustees here.

Does Buncombe country have any materials that are used to advertise, or present the need and benefits for recycling.

We would appreciate any assistance you are willing to provide us with.

Thank you, I look forward to hearing back from you,
Joel Simpson
