Please remember to email me if you drop off a car at fleet and include what it is over there for. There should be a vehicle maintenance request with every car that goes over there, but let me know just in case.
Also, remember that due to the current state of our 2014s and the spares, no one can take spares home. I know this is difficult with the slide schedule and will require extra monitoring. I'll check the sign out/in log as well to help you guys out.

Thanks!
