All,
The manager of Chandler Concrete expressed concerns with some jobs he has going on. He said they are going to be opening very early and possibly working late from tonight through to Monday. He was wondering if officers could keep an eye out as they pass by in their travels around the business. Some of his sites are Greystone school and in Rockwell, so he and his trucks will travel through the city often. He said he will try to keep off of the main roads such as Innes as much as possible to avoid any areas we are working on with the protests. He said thank you for all we do here and to have a safe week and weekend!

Sgt J.L. Moreau
