Subject: Holiday parade 2020

Good morning!

This year the parade is trying something different due to the Governor's covid phase guidelines. I call it a reverse parade because the floats and other attractions will be stationary and the public will be driving south on Main St to view it. We will still need roads blocked off and have an emergency route for EMS/Fire/police, etc. The hours are going to be later due to the stationary light shows however the route is shorter.

It starts at 4pm and will finish at 8pm, on Wednesday, 25 November. I'll have the plan and assignments out next week. I just wanted to let everyone know to be prepared. Briefing will be that Wednesday, at 1500 in the large briefing room.

Supervisors, please supply this message to your folks. Thank you.

****If I can reduce the number of officers needed, I will do my best! However, at this time you are all needed.****
