Good day to all, please be advised of the following:

- You should have received an email with an attachment giving you all of your open cases. Please complete a supplement to each case that was generated before November 1, 2020. I need the supplements completed on or before December 7th, 2020 at 0800 hrs. I have also placed a printed copy of your supplements in your box.

- If you complete an incident report for damage to property, B/E, hit and run or any other call for service where there is evidence or property damage, then take pictures of the evidence or damage and attach the pictures to the case in RMS. Everyone should have been issued a small camera that will allow them to do this. If the camera you were issued does not work then let me know and I will get you another one.

Thanks
