I would like to know what their salary was for FY 2016-2017 and what their new rates are AFTER the 2017-2018 budget was approved. Essentially, that's two years of information. The City approved a $2.5 million increase so furthermore, I would like to know who received those increases and how much. I would like to know if the lower paying employees also received a raise and how much.
