Moreau, both Charlie and David teams completed vehicle inspections recently. It was discovered during these inspections that several vehicles do not have required equipment. I have attached the equipment request forms to this email and also placed the hard copies in your box.

Please let me know when each request is fulfilled so I can document that this has been completed. If you would like you can place the equipment in my office and I will distribute the items to each officer.

Thanks

Lt. T. J. Crews
