You're welcome. All I have ever done is try to open people's eyes. Thank you for calling out Mr. Kapoor on his capitulation on written consent of police searches. Anyway, I'm on your side and I went to the East End Community meeting last week to ask if I could present the findings of my own data analysis of the last two elections and voter registration data. I'm supposed to do that at their next meeting. I know your position on the matter, but I'd like to talk to you about what I have found. I know you are busy, but I'd like to show you the numbers and just chat a bit if you are up for that.

Thanks for the response.
