Good afternoon,

I'm prepping for city council tonight, and the manager's report has some crime data that I was hoping to verify with you. There's a bulleted list of "crimes occurring in and around encampments," but it doesn't give a time frame.

Is that data from the last one year? The last two years?

It also lists two homicides and a suspicious death, with foul play suspected. Just to make sure I'm not extrapolating, which homicides cases is this referencing? And which suspicious death?

I was also curious what qualifies as a "large" encampment."

I know we spoke last week about impending APD policy changes related to homeless camp protocols. This presentation references an "adjusted procedure" of 24-48 hour notice, rather than 7-days.

Is this APD's policy change? If so, did it already go into effect?

Thanks so much,

Sarah
