Subject: CIP's status
Attachments: Project List 2017 SOBs, LOBs(1).pdf

Hello,
This is the list of CIP's that have been funded by SOBs and LOBs presented by Barbara Whitehorn at the last City Council meeting, September 12, 2017.Â It is my understanding that some of these projects have been completed and need no further funding. Which projects on this list are 100% completed and paid for? What are the projected costs of those that have not been completed? How will those projects that have yet to be completed be funded?

Thanks-
