Diana Starr,

Attached is the data I pulled regarding calls for police service to the parking garages that you provided an address on your request. Generally speaking, if a Case ID was generated, a report, an arrest, a citation, or a vehicle was towed. 40 Coxe Ave is the address for a DSS office. Therefore, I pulled data with a key word, "parking." This key word search limited the data from to 419 to 6 calls. I am available should you have further questions.
