Good Morning, here are new templates for the USM transport billing. The excel sheet has multiple tabs for court & medical and you can ignore the Month End tab.

They have requested again to have transport information to them on the 22nd for month to date items. We can use this form through the 22nd and add the remainder of the month when sent to us for the billing.

Let me know what questions you have, and if there is a problem getting it through the 22nd let me know.

Thanks for all your help
Michele

Hi Michele,

Per our conversation, please see the new templates we discussed.

Respectfully,
Keisha Staton, (A) AO
