So you're getting thousands of calls and emails about APD and you postponed the budget meeting to reassess. You must be shitting.

Are you sure you don't want to meet with me because you know pushing me off to Professional Standards isn't going to fly for much longer?

Either way, you're going to get a letter soon that will cancel you ever being able to deny what you were told.

This is all coming out even faster than I expected. Don't you love it when it works out that way?
