I haven't been involved with this but am copying Captain Lamb here in case it's APD that DOT was referencing?

I am doing a story today about the homeless camp along to 40 on NCDOT property. Is there someone at the city that I could interview about any discussions that are going on about the camp. NCDOT told us they have spoken with officials. Have they spoken with city officials? And if so who. And perhaps we could speak with that person today.
