09/19/17 VETERANS FOR PEACE VIGIL - INTERNATIONAL PEACE WEEK EDITION

Every Tuesday, Veterans for Peace Chapter 099 holds a vigil at Vance Monument in downtown Asheville. Time is 5 PM. This has been happening since 2002. No matter the weather, no matter if it falls on a holiday, they are out there standing for peace. Last year, our former president dropped 26,000 bombs on seven different countries. The current president seems to be trying to match or beat that horrible record. Meanwhile we are banning refugees from those countries we have destroyed. Show you are publicly against our country's endless wars and occupations by standing with Veterans for Peace. From Veterans for Peace newsletter: "The president's speech at its core is more of the same disastrous policies that we have seen for sixteen years, except this administration wants to completely abandon pursuit of a political solution and shroud the war in a cloak of secrecy." Veterans For Peace, once again, calls for a different direction other than war. We call for U.S. troops to leave Afghanistan and a robust pursuit of a political solution to end the war.

Our network is comprised of over 140 chapters worldwide whose work includes: educating the public, advocating for a dismantling of the war economy, providing services that assist veterans and victims of war, and most significantly, working to end all wars. Time is 6:30 PM and location is the Center for Art and Spirit at Saint George, address is One School Road in west Asheville. For more information, contact Gerry at gwerhan@gmail.com.

09/20/17 CONFRONTING CLIMATE CHANGE

Beer & Politics: Confronting Climate Change. September 20 @ 5:30 pm - 7:00 pm. There is a dangerous disconnect between the reports on news outlets and the whole story about why we are experiencing such intense hurricanes, wildfires that go on for months, floods, droughts, and other "natural" disasters around the world. These crises are Nature's response to fossil fuel extraction and use, and the intractable connection between government and the corporations that profit from them. This week we will be writing to our Members of Congress and Governor Cooper to insist they lead on the issue of Climate Change, begin to connect the dots between continued addiction to oil and fracked gas, steep increases in CO2 and Methane in our atmosphere, increased surface and air temperatures, and more frequent and more intense storms and fires. As Bill McKibben says, "We've been given a warning by science, and a wake-up call by nature; it is up to us now to heed them." Beer & Politics is a fun, easy, and educational way to reach out and make our voices heard. Drop by after work any time between 5:30 and 7:00. We'll supply fact sheets on this week's topics, plus address labels, postcards, stationery, envelopes, and stamps. The Block Off Biltmore at [39 S Market Street](#) in Asheville. This year celebrates the 16th year of MANNA Food Bank's Empty Bowls fundraisers. Attendees choose a bowl hand-made by local artisans and enjoy a meal of soup, bread, and dessert. The bowl they take home reminds them of all the empty bowls in the world. Everything for the event is donated: the soup, the event space, the desserts, and over 1,000 hand-made ceramic bowls. This allows for all the profits to go directly toward feeding our neighbors facing hunger in Western North Carolina. In addition to the bowls that each ticket holder can select and take home, there is the Collector's Corner at Empty Bowls, where special works of high-end craft and art are available for purchase. Collector's Corner items are selected by the artists, and are gallery-quality pieces. All proceeds collected from the sale of Collector's Corner items support MANNA's mission to provide food to families struggling with an empty bowl throughout MANNA's 16-county service area. Tickets are available for either lunch 11AM-1PM or dinner 5-7:30PM. Contact Matt at mfarri@mannafoodbank.org for more information including how to get tickets.

Every Tuesday, Veterans for Peace Chapter 099 holds a vigil at Vance Monument in downtown Asheville. Time is 5 PM. This has been happening since 2002. No matter the weather, no matter if it falls on a holiday, they are out there standing for peace. Last year, our former president dropped 26,000 bombs on seven different countries. The current president seems to be trying to match or beat that horrible record. Meanwhile we are banning refugees from those countries we have destroyed. Show you are publicly against our country's endless wars and occupations by standing with Veterans for Peace. From Veterans for Peace newsletter: "The president's speech at its core is more of the same disastrous policies that we have seen for sixteen years, except this administration wants to completely abandon pursuit of a political solution and shroud the war in a cloak of secrecy." Veterans For Peace, once again, calls for a different direction other than war. We call for U.S. troops to leave Afghanistan and a robust pursuit of a political solution to end the war.

Take down the Vance Monument

August 19

I passed by the Vance monument tonight at 9:30. There were two police officers who were apparently guarding it and a group standing around them who were apparently tourists.

A woman asked one of the officers if Vance was a Confederate monument. He said no, that Vance had been a slave owner, but that was all. He was also a governor and that this was not a Confederate monument.

I

I told the group that it was indeed a Confederate monument, that Vance had fought against the United States as a colonel in the Confederate Army. The Constitution defines treason as "waging war against the United States." Vance had done that.

I

And I said that when Vance was a senator after the war, he voted against anti-lynching legislation repeatedly. So, yes, he was a slave owner, plus a whole lot more.

Â

The officer said that we would have to agree to disagree.

I'm not sure it's the duty of the police to take sides on such a hot public issue while on duty, but he had an excellent idea for us. Talk to the tourists!Â

Â

We should do that. We should have a few pickets at peak tourist hours around the Vance Monument. We could carry signs and hand out flyers explaining who Vance was. Maybe the tourists will sign our petition!

Â

If you want to sign the online petition to take down the monument, go to this link:Â

https://www.change.org/p/asheville-city-council-take-down-the-vance-monument?recruiter=360167408&utm_source=share_petition&utm_medium=email&utm_campaign=share_email_responsive

Â

The Daughters of the Confederacy know it's a Confederate monument. That's why they often lay a wreath at the Vance Monument on Confederate Memorial Day.

Â

In the aftermath of the nine murders in the Emanuel African Methodist Episcopal Church in Charleston, a great movement began to remove those symbols of hate from our public spaces.

Â

The white supremacy rally and resulting murder in Charlottesville have given this movement greater momentum. We must stop honoring slave holders and traitors in our public spaces.

Â

If City Council hears from enough of us, they will vote to remove the Vance Monument. And it won't hurt if they hear from the tourists too.
