RE: Public Records Request, dated June 18, 2018, Reference # P004992-061818

Dear Sunshine Request:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated June 18, 2018, on June 18, 2018.

You requested, "Hello San Francisco Police Department, I work for a website called Sunshine request www.sunshinerequest.com. We built a site that makes it easier to make public records requests by filling out a simple form, and the results of any requests are posted on our site. This allows citizens to learn more about local government, while saving staff from having to fulfill duplicate requests. If you have any questions about the project, please let me know, and I'll be happy to answer. We recently received a request for information that may be available in your office. If a cost will be associated with this request, can you please let us know the estimate? Here are the details sent by the requester: Subject: Over Policing in San Francisco Message: I'd like to know average officer staffing per capita. That is # of policeman per citizens in the "downtown" and "metropolitan" areas of San Francisco by the San Francisco Police Department. Thank you for your help obtaining these figures. Thank you very much for your assistance. Have a great afternoon! Sunshine Request"

Responsive records are included in this correspondence.

If you have any questions, please contact Kathleen Langley at 415-837-7181.

Sincerely,

Lt. Kathryn Waaland
