Subject: Re: Public housing assignments

To: Kim King <kmking@sbgvtv.com>

Kim,

APD is working in cooperation with the Asheville Housing Authority to increase presence in their neighborhoods in order to proactively address historic increases in part 1 violent crimes during this time of year, and to further our community engagement with residents.

Kim,

I received your request and I am working on gathering stats and providing you with some information. We do not have anyone available for an interview today. I should have information for you a little later this morning/early afternoon.

Thank you,
Christina

Hi Christina,

I hope you had a nice weekend. Can you find out about this story. If you can confirm it, we want to interview someone today.

With a rise in violent crime, APD is assigning officers to work housing complexes. If this is true, we'd like to find out the reference stats on the rise. Has APD been consulting with Gene Bell, with the housing authority on the situation?

I understand if officers don't volunteer for the added shifts, assignments are made.

We're interested more-so in the stats and exactly what's happening crime-wise that's led to extra patrols.

Thanks,

Kim

David,

Good afternoon and thank you for reaching out for further clarification. I truly apologize for any confusion. The chart breaking down part 1 crime in AHA communities is correct. The chart depicting citywide totals was incorrect (the columns were correct but the totals were not).

Please let me know if you have any additional questions.

Thank you,

Christina

Christina,

Gene and I were speaking with Kimberly King this morning and she indicated that there was an error with some of the numbers below. Have the Housing Authority property numbers changed or just the overall numbers chart?

Kim,

Below please find part 1 crime statistics for each of the Asheville Housing Authority communities from January 1 to June 30. We are seeing a substantial increase in crime in these communities this year. The additional deployment of resources is in response to this increase, as well as the historical increase in crime we see during the early summer months. The additional increase in resources is not intended to be long-term, but is intended to address the historical increases.

Thank you,

Christina

Am I reading this correctly. If I'm recalling correctly and I could be wrong, I can't pull up my original in my meeting.

But we want stats for housing that prompt the increased patrols. We'd like to also know specifics on how many patrols you've added to downtown and the housing per when we did that story last week.

Does APD receive a grant to cover the costs for the overtime or added patrols?

Were the extra patrols in housing prompted by summer only or specifically because of increase in violent crime in housing this summer.

Feel free to call me if you have any questions. But I thought this was what I originally wrote. Sorry I can't pull it up.

Thanks.

Kim,

Good morning. My apologies, I thought from our email exchanges last week that you no longer required this information.

Below please find Part 1 Crime for the City of Asheville for the time periods of January 1 - June 24, 2017 and January 1 - June 24, 2018. The information below is pursuant to the Unified Crime Reporting (UCR) format, which is how the NCSBI and FBI report crime statistics. The counts for violent crime reflect the number of INDIVIDUALS that were effected, and property crime is reflective of the number of INCIDENTS that occurred.

Part I - January 1, 2017 to June 30, 2017							
	Part I - Violent Crime				Part I - Property		
	Murder	Rape	Robbery	Agg Aslt	Burglary	Larceny	Stolen Vehicle
Jan-17	2	5	16	24	53	250	25
Feb-17	1	1	12	12	55	240	28
Mar-17	0	4	9	19	66	205	23
Apr-17	0	2	16	14	73	240	17
May-17	0	3	15	32	54	250	22
Jun-17	2	3	16	44	57	307	34

Total 2017	5	18	84	145	358	1492	149
Part I - January 1, 2018 to June 30, 2018							
	Part I - Violent Crime				Part I - Property		
	Murder	Rape	Robbery	Agg Aslt	Burglary	Larceny	Stolen Vehicle
Jan-18	3	4	13	32	43	266	37
Feb-18	0	4	9	26	66	285	27
Mar-18	1	2	9	32	57	288	26
Apr-18	4	1	13	27	46	283	36
May-18	0	5	15	35	29	309	36
Jun-18	0	4	17	47	54	314	28
Total 2018	9	29	121	244	487	2355	248

Thank you,

Christina
