**Subject:** Re: Reaching Out

---

Mandy,

I would be interested in meeting on a regular basis to catch up. I can do breakfast or lunch.

Cathy

Hi,

Jon and I were talking about how we have somehow gotten away from getting together on a regular basis to catch up. We wondered if you all would be interested in trying to set up a lunch or breakfast monthly or bimonthly just to share updates, issues and supports. It has always been really helpful to us to know we had the connection and could reach out when needed. I know Jon and Cathy cross pass more regularly but for me I feel need to catch you all up on a couple of big projects that impact your first responders like the Family Justice Center and Behavioral Health Urgent Care Center at 356 Biltmore. I know our two Boards are slated to meet and I am presenting on both and would never want to do that without catching you up first.

So first just checking to see if you have interest and if so how frequent; then Christa can work with whoever she needs on you staff to get some dates set. We are glad to host or meet where convenient for you.

Take care,  
Mandy
