Ms. Starr,

Thank you for your patience. You will find the responses to your inquiry below each question.

Best regards,
Natalie

1. Are the Sheriff's Office Personnel Advisory Board meetings open to the public and where is the set schedule of meetings posted please? Please provide contact information for the board members

I have attached a copy of the North Carolina General Statute establishing and governing the Personnel Advisory Committee, and a roster of current board members. The committee operates independently from the Buncombe County Sheriff's Office. These meetings are not open to the public due to the committee discussing personnel issues.

2. The sheriff's office annual report states that you follow the FJS model for dealing with domestic violence calls. Please provided any information on what that means or any statistics showing the model's use and/or success and/or failure with the model.

The Buncombe County Sheriff's Office participates in the Family Justice Center, FJC, model in dealing with domestic violence issues. For statistics regarding the Family Justice Center, contact Julie Klipp-Nicholson, the FJC's director.

3. Are any of your disciplinary stats public record? I understand that personnel files are not public record but are the number of disciplinary actions public record and if yes, please provide.

The Sheriff's Office does not possess a record responsive to this request.
