Subject: Idea for TMP this year

Council Members, Smith, Young, and Haynes,

From today's Downtown Commission Sub-Committee on Parking & Transportation:

- We're paying off the Biltmore/Aloft deck in 10 years instead of the required 40-year with low payments. If we shifted, that might be a serious chunk coming out of debt service that could be freed up for TMP hours.

Additionally, I spoke with the Mayor and reached out to Brownie Newman as well. Have an idea for City-County collaboration on para-transit.

This could close the gap and then cut it in half.

Questions? Call me.

Kim
