The zoning out of homeless shelters is a crime against humanity and a crime against property, and is unconstitutional per the Euclid decision of 1926.Â It is an abomination according to every consistent ideology on the planet.Â Only by pragmatically taking the worst of both worlds, elite capitalism and socialist collectivism to produce a hybrid elite, capitalist collectivism can such a monstrosity be produced (Hence the "liberal elite").Â Fascism might come close, but I doubt fascism is a logically consistent ideology.Â  
Â Â Â Anyway, shelter and charity supporters totally dominated the meeting in attendance, speakers, and attitude, which is not at all clear in the video, only guessable by the number of boos right at the end of the last NIMBY speaker.Â Â <http://my40.tv/news/local/community-meeting-about-west-asheville-homeless-camp-gets-heated>
