Subject: Open records requests â€” consultant spending

This is an open records request for a joint collaboration project we're doing with the Asheville Citizen-Times. Please send over the records of every time the city of Asheville hired a consultant or consulting firm from July 1, 2005 to the present, including the purpose of hiring the consultant, the amount of money spent for the contract and what the city received.

Thanks for your help in this matter. I know this is a somewhat extensive request, so please keep me informed about when an ETA is available on receiving this information.

Best,

David Forbes
