NOTES:

With the exception of Goldsboro and Hendersonville, the net proceeds of the tax are distributed to the appropriate body's finance officer. In some instances, a limit is placed on this cost. The usual limit is 3% to 5%. In Rutherford County, the limit is 10%. Goldsboro and Hendersonville define "net proceeds" as "gross proceeds."

The General Assembly authorized Wake County to impose a 6% occupancy tax in 1991 (S.L. 1991-594). The enactment of the tax under this authority repeals the authority of the county or a unit of local government in Wake County to enact an occupancy tax under any other local act. Wake County has enacted this tax. Therefore, the authority for the county to enact a 3% occupancy tax under S.L. 1985-850 and the authority of any units of local government in Wake County have been repealed.

A "merchant's discount" is the discount allowed a merchant for collecting a room occupancy tax, and it must be the same as the discount the State allows the merchant for collecting State sales and use tax.

Over the past several years, there has been a greater effort to make the occupancy taxes uniform. In 1997, the General Assembly enacted uniform municipal and county administrative provisions for occupancy tax legislation – G.S. 153A-155 and G.S. 160A-215. These provisions provide uniformity in the areas of levy, administration, collection, repeal, and penalties. The House Finance Committee has also appointed a subcommittee on occupancy taxes. The subcommittee has typically adhered to the guidelines set out in the North Carolina Travel and Tourism Coalition's policy statement for legislation authorizing local occupancy taxes. Many of the principles contained in its statement are similar to the ones established by the House Finance subcommittee in 1993. Based upon this work, the House Finance Committee looks for the inclusion of the following uniform provisions in the occupancy tax bills it considers:

- **Rate** - The county tax rate cannot exceed 6% and the city tax rate, when combined with the county rate, cannot exceed 6%.
- **Use** - At least two-thirds of the proceeds must be used to promote travel and tourism and the remainder must be used for tourism-related expenditures. In the 2001 Regular session, the scope of the use provisions was expanded to include beach nourishment. In 2004, the statutory administrative provisions were amended to prohibit the proceeds of a room occupancy tax from being used directly or indirectly for the development or construction of a hotel or another transient lodging facility.
- **Definitions** -
    - *Net proceeds* - Gross proceeds less the costs to the city/county of administering and collecting the tax, as determined by the finance officer, not to exceed 3% of the first $500,000 of gross proceeds collected each year and 1% of the remaining gross receipts collected each year.

- *Promote travel and tourism* – To advertise or market an area or activity, publish and distribute pamphlets and other materials, conduct market research, or engage in similar promotional activities that attract tourists or business travelers to the area; the term includes administrative expenses incurred in engaging in these activities.
- *Tourism-related expenditures* – Expenditures that, in the judgment of the Tourism Development Authority, are designed to increase the use of lodging facilities, meeting facilities, and convention facilities in a county by attracting tourists or business travelers to the city/county. The term includes tourism-related capital expenditures.
- *Beach nourishment* – The placement of sand, from other sand sources, on a beach or dune by mechanical means and other associated activities that are in conformity with the North Carolina Coastal Management Program along the North Carolina shorelines and connecting inlets for the purpose of widening the beach to benefit public recreational use and mitigating damage and erosion from storms to inland property. The term includes expenditures for the following:
    a. Costs directly associated with qualifying for projects either contracted through the U.S. Army Corps of Engineers or otherwise permitted by all appropriate federal and State agencies;
    b. The nonfederal share of the cost required to construct these projects;
    c. The costs associated with providing enhanced public beach access; and
    d. The costs of associated non-hardening activities such as the planting of vegetation, the building of dunes, and the placement of sand fences.

Administration - The net revenues must be administered by a local tourism promotion agency, typically referred to as a "Tourism Development Authority," that has the authority to determine how the tax proceeds will be used, is created by a local ordinance, and at least ½ of the members must be currently active in the promotion of travel and tourism in the taxing district and 1/3 of the members must be affiliated with organizations that collect the tax.

Cost of Collecting - A county or city may retain from the proceeds its actual costs of collecting the tax, not to exceed 3% of the first $500,000 collected each year plus 1% of the remainder collected each year.

---

[i] S.L. 2010-31, Sec. 31.6 amended G.S. 153A-155 and G.S. 160A-215 to require the occupancy tax base to be the same as the sales tax base. Therefore, a local occupancy tax act may not exempt an accommodation that is taxable under G.S. 105-164.4(a)(3) nor may it tax an accommodation that is not taxable under G.S. 105-164.4(a)(3). Several local acts had provisions that conflicted with the 2010 general law change, but they were not changed at that time. Section 60 of S.L. 2013-414 made technical changes to those conflicting provisions in order to bring those local acts into conformity with the general law. The conflicting provisions typically involved exemptions for the entities listed below. For a more detailed explanation of how each of these entities is treated under the general law, see document entitled *Local Occupancy Tax Base Technical Change* available from the NCGA Research Division.

- A business that offers to rent fewer than five units
- Summer camps
- Religious organizations

- Educational organizations
- Charitable, benevolent, and other nonprofit organizations
- Campgrounds/camp sites

Sorry - also, do the same limitations on how occupancy revenues are spent apply to the vehicle rental tax revenues? If different, can you advise the limitations on how Huntersville can spend vehicle rental tax revenues?

Thanks,

Eric Rowell

Contributions to Visit Lake Norman are in the bills attached. There may be something else in an interlocal agreement, though.

Good afternoon, Eric.

Thank you for your patience regarding this records request. Angie found this resource – I think you'll find links in it to the occupancy tax questions from below.

I am not aware of any funds going directly to Visit Lake Norman; my understanding is that their funding flows through the Towns to VLN. I expect the percentages to be in the same Interlocal agreement as the U Drive It Tax. I expect to forward the U Drive It Tax info by the end of business tomorrow.

See you at HEOSC shortly. Thank you

Mrs. Huffman,

Can you advise the local act that authorized Huntersville and/or Mecklenburg County's occupancy tax? I would like to review the limitations on how Huntersville can spend occupancy (and prepared food beverage?) tax revenue. Also, a breakdown of the amount/percentage of the tax revenue that comes to Huntersville directly versus what goes to Visit LKN, Charlotte, etc. If this information is already provided in the town audit or at the town's website, please feel free to just forward me a link to the necessary information.

Let me know if there are any questions about this request.

Thanks,

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

SESSION LAW 2011-160
HOUSE BILL 508

AN ACT TO MODIFY CERTAIN MECKLENBURG COUNTY LOCAL TAXES.

The General Assembly of North Carolina enacts:

SECTION 1. Section 9(a) of Part IV of Chapter 908 of the 1983 Session Laws, as amended by Chapters 821 and 922 of the 1989 Session Laws and Section 2 of S.L. 2001-402, is amended by adding the following new sub-subdivision to read:

"Sec. 9. (a) Distribution and Use of Proceeds. – The local administrative authority, acting on its own behalf or as agent for each taxing entity, shall distribute the proceeds of the taxes levied in this Part as provided in this subsection. The distribution shall be made by the 20th day of each month following the month in which the tax is collected.

…

(4) Distribution to Charlotte for Convention and Visitor Promotion and Other Tourism-Related Purposes. –

…

d. The Towns of Cornelius, Davidson, and Huntersville shall distribute to the Lake Norman Convention and Visitors Bureau from the portion of prepared food and beverage taxes received from the City of Charlotte for the purpose of tourism-marketing promotions an amount not less than the sum of the following:

1. Twenty-eight percent (28%) of the portion of occupancy tax net proceeds received from the local administrative authority.
2. Twenty-five percent (25%) of the portion of prepared food and beverage taxes received from the City of Charlotte."

SECTION 2. This act is effective when it becomes law.

In the General Assembly read three times and ratified this the 16th day of June, 2011.

s/ Walter H. Dalton
President of the Senate

s/ Thom Tillis
Speaker of the House of Representatives

GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2011

SESSION LAW 2012-194
SENATE BILL 847

AN ACT TO MAKE TECHNICAL CORRECTIONS TO THE GENERAL STATUTES, INCLUDING SPECIFICALLY AUTHORIZING THE REVISOR OF STATUTES TO PRINT DRAFTERS' COMMENTS TO THREE ACTS ENACTED IN 2011 IN WHICH THIS AUTHORIZATION WAS INADVERTENTLY OMITTED, AS RECOMMENDED BY THE GENERAL STATUTES COMMISSION, AND TO MAKE OTHER AMENDMENTS.

The General Assembly of North Carolina enacts:

PART I. GENERAL STATUTES COMMISSION TECHNICAL CORRECTIONS

SECTION 1.(a) The intent of this section is to codify the permanent reductions to the minimum number of magistrates in various counties and the number of full-time assistant district attorneys in certain prosecutorial districts that have been made by the Administrative Office of the Courts pursuant to Section 15.14 of S.L. 2010-31, as added by Section 6.4 of S.L. 2010-123, to the end that the General Statutes reflect the actual authorized numbers of magistrates and assistant district attorneys.

SECTION 1.(b) G.S. 7A-60(a1) reads as rewritten:

SECTION 1.(e) Subsection (d) of this section becomes effective January 1, 2013. The remainder of this section is effective when it becomes law.

SECTION 2. G.S. 7B-1112 reads as rewritten:

"**§ 7B-1112. Effects of termination order.**

An order terminating the parental rights completely and permanently terminates all rights and obligations of the parent to the juvenile and of the juvenile to the parent arising from the parental relationship, except that the juvenile's right of inheritance from the juvenile's parent shall not terminate until a final order of adoption is issued. The parent is not thereafter entitled to notice of proceedings to adopt the juvenile and may not object thereto or otherwise participate therein:

(1) If the juvenile had been placed in the custody of or released for adoption by one parent to a county department of social services or licensed

child-placing agency and is in the custody of the agency at the time of the filing of the petition or motion, including a petition or motion filed pursuant to ~~G.S. 7B-1103(6),~~G.S. 7B-1103(a)(6), that agency shall, upon entry of the order terminating parental rights, acquire all of the rights for placement of the juvenile, except as otherwise provided in G.S. 7B-908(d), as the agency would have acquired had the parent whose rights are terminated released the juvenile to that agency pursuant to the provisions of Part 7 of Article 3 of Chapter 48 of the General Statutes, including the right to consent to the adoption of the juvenile.

…."

SECTION 3. G.S. 7B-4002 reads as rewritten:

"**§ 7B-4002. Implementation of the Compact.**

(a) The North Carolina State Council for Interstate Juvenile Supervision is hereby established. The ~~Secretary of the Department of Juvenile Justice and Delinquency Prevention,~~Secretary of Public Safety, or the Secretary's designee, shall serve as the Compact Administrator for the State of North Carolina and as North Carolina's Commissioner to the Interstate Commission. The ~~Secretary of the Department of Juvenile Justice and Delinquency Prevention,~~ Secretary of Public Safety, or the Secretary's designee, is a member of the State Council and serves as chairperson of the State Council. In addition to the chairperson, the State Council shall consist of 10 members as follows:

(1) One member representing the executive branch, to be appointed by the Governor;
(2) One member from a victim's assistance group, to be appointed by the Governor;
(3) One at-large member, to be appointed by the Governor;
(4) One member of the Senate, to be appointed by the President Pro Tempore of the Senate;
(5) One member of the House of Representatives, to be appointed by the Speaker of the House of Representatives;
(6) A district court judge, to be appointed by the Chief Justice of the Supreme Court; and
(7) Four members representing the juvenile court counselors, to be appointed by the ~~Secretary of the Department of Juvenile Justice and Delinquency Prevention.~~Secretary of Public Safety.

(b) The State Council shall meet at least twice a year and may also hold special meetings at the call of the chairperson. All terms are for three years.

(c) The State Council may advise the Compact Administrator on participation in the Interstate Commission activities and administration of the Compact.

(d) The members of the State Council shall serve without compensation but shall be reimbursed for necessary travel and subsistence expenses in accordance with the policies of the Office of State Budget and Management.

(e) The State Council shall act in an advisory capacity to the ~~Secretary of the Department of Juvenile Justice and Delinquency Prevention~~ Secretary of Public Safety concerning this State's participation in Interstate Commission activities and other duties as may be determined by each member state, including recommendations for policy concerning the operations and procedures of the Compact within this State.

(f) The Governor shall by executive order provide for any other matters necessary for implementation of the Compact at the time that it becomes effective, and, except as otherwise provided for in this section, the State Council may promulgate rules or regulations necessary to implement and administer the Compact."

SECTION 4.(a) G.S. 14-208.6 reads as rewritten:

"**§ 14-208.6. Definitions.**

The following definitions apply in this Article:

…

(5) "Sexually violent offense" means a violation of G.S. 14-27.2 (first degree rape), G.S. 14-27.2A (rape of a child; adult offender), G.S. 14-27.3 (second degree rape), G.S. 14-27.4 (first degree sexual offense), G.S. 14-27.4A (sex offense with a child; adult offender), G.S. 14-27.5 (second degree sexual offense), G.S. 14-27.5A (sexual battery), former G.S. 14-27.6 (attempted

rape or sexual offense), G.S. 14-27.7 (intercourse and sexual offense with certain victims), G.S. 14-27.7A(a) (statutory rape or sexual offense of person who is 13-, 14-, or 15-years-old where the defendant is at least six years older), G.S. 14-43.13 (subjecting or maintaining a person for sexual servitude), G.S. 14-178 (incest between near relatives), G.S. 14-190.6 (employing or permitting minor to assist in offenses against public morality and decency), G.S. 14-190.9(a1) (felonious indecent exposure), G.S. 14-190.16 (first degree sexual exploitation of a minor), G.S. 14-190.17 (second degree sexual exploitation of a minor), G.S. 14-190.17A (third degree sexual exploitation of a minor), G.S. 14-190.18 (promoting prostitution of a minor), G.S. 14-190.19 (participating in the prostitution of a minor), G.S. 14-202.1 (taking indecent liberties with children), G.S. 14-202.3 (Solicitation of child by computer or certain other electronic devices to commit an unlawful sex act), G.S. 14-202.4(a) (taking indecent liberties with a student), G.S. 14-318.4(a1) (parent or caretaker commit or permit act of prostitution with or by a juvenile), or G.S. 14-318.4(a2) (commission or allowing of sexual act upon a juvenile by parent or guardian). The term also includes the following: a solicitation or conspiracy to commit any of these offenses; aiding and abetting any of these offenses.

…."

SECTION 4.(b) G.S. 14-208.26(a) reads as rewritten:

"(a) When a juvenile is adjudicated delinquent for a violation of G.S. 14-27.2 (first degree rape), G.S. 14-27.3 (second degree rape), G.S. 14-27.4 (first degree sexual offense), G.S. 14-27.5 (second degree sexual offense), or <u>former</u> G.S. 14-27.6 (attempted rape or sexual offense), and the juvenile was at least eleven years of age at the time of the commission of the offense, the court shall consider whether the juvenile is a danger to the community. If the court finds that the juvenile is a danger to the community, then the court shall consider whether the juvenile should be required to register with the county sheriff in accordance with this Part. The determination as to whether the juvenile is a danger to the community and whether the juvenile shall be ordered to register shall be made by the presiding judge at the dispositional hearing. If the judge rules that the juvenile is a danger to the community and that the juvenile shall register, then an order shall be entered requiring the juvenile to register. The court's findings regarding whether the juvenile is a danger to the community and whether the juvenile shall register shall be entered into the court record. No juvenile may be required to register under this Part unless the court first finds that the juvenile is a danger to the community."

SECTION 6. G.S. 15A-101.1 reads as rewritten:

"**§ 15A-101.1. Electronic technology in criminal process and procedure.**

As used in this Chapter, in Chapter 7A of the General Statutes, in Chapter 15 of the General Statutes, and in all other provisions of the General Statutes that deal with criminal process or procedure:

…

(3a) "Electronic monitoring" or "electronically monitor" or "satellite-based monitoring" means monitoring with an electronic monitoring device that is not removed from a person's body, that is utilized by the supervising agency in conjunction with a Web-based computer system that actively monitors, identifies, tracks, and records a person's location at least once every minute 24 hours a day, that has a battery life of at least 48 hours without being recharged, that timely records and reports or records the person's presence near or within a crime scene or prohibited area or the person's departure from a specified geographic location, and that has incorporated into the software the ability to automatically compare crime scene data with locations of all ~~person's~~ <u>persons</u> being electronically monitored so as to provide any correlation daily or in real time. In areas of the State where lack of cellular coverage requires the use of an alternative device, the supervising agency shall use an alternative device that works in concert with the software and records location and tracking data for later download and crime scene comparison.

…."

SECTION 7. G.S. 15A-1344(d) and (e) read as rewritten:

"(d) Extension and Modification; Response to Violations. — At any time prior to the expiration or termination of the probation period or in accordance with subsection (f) of this section, the court may after notice and hearing and for good cause shown extend the period of probation up to the maximum allowed under G.S. 15A-1342(a) and may modify the conditions of probation. A hearing extending or modifying probation may be held in the absence of ~~the defendant, if he~~a defendant who fails to appear for the hearing after a reasonable effort to notify ~~him.~~the defendant. If a probationer violates a condition of probation at any time prior to the expiration or termination of the period of probation, the court, in accordance with the provisions of G.S. 15A-1345, may continue ~~him~~ the defendant on probation, with or without modifying the conditions, may place the defendant on special probation as provided in subsection (e), or, if continuation, modification, or special probation is not appropriate, may revoke the probation and activate the suspended sentence imposed at the time of initial sentencing, if any, or may order that charges as to which prosecution has been deferred be brought to trial; provided that probation may not be revoked solely for conviction of a Class 3 misdemeanor. The court, before activating a sentence to imprisonment established when the defendant was placed on probation, may reduce the sentence, but the reduction shall be consistent with subsection (d1) of this section. A sentence activated upon revocation of probation commences on the day probation is revoked and runs concurrently with any other period of probation, parole, or imprisonment to which the defendant is subject during that period unless the revoking judge specifies that it is to run consecutively with the other period.

(e) Special Probation in Response to Violation. — When a defendant has violated a condition of probation, the court may modify ~~his~~ the probation to place ~~him~~ the defendant on special probation as provided in this subsection. In placing ~~him~~ the defendant on special probation, the court may continue or modify the conditions of ~~his~~ probation and in addition require that ~~he~~ the defendant submit to a period or periods of imprisonment, either continuous or noncontinuous, at whatever time or intervals within the period of probation the court determines. In addition to any other conditions of probation which the court may impose, the court shall impose, when imposing a period or periods of imprisonment as a condition of special probation, the condition that the defendant obey the ~~Rules and Regulations~~rules and regulations of the Division of Adult Correction of the Department of Public Safety governing conduct of inmates, and this condition shall apply to the defendant whether or not the court imposes it as a part of the written order. If imprisonment is for continuous periods, the confinement may be in either the custody of the Division of Adult Correction of the Department of Public Safety or a local confinement facility. Noncontinuous periods of imprisonment under special probation may only be served in a designated local confinement or treatment facility. Except for probationary sentences for impaired driving under G.S. 20-138.1, the total of all periods of confinement imposed as an incident of special probation, but not including an activated suspended sentence, may not exceed one-fourth the maximum sentence of imprisonment imposed for the offense. For probationary sentences for impaired driving under G.S. 20-138.1, the total of all periods of confinement imposed as an incident of special probation, but not including an activated suspended sentence, shall not exceed one-fourth the maximum penalty allowed by law. No confinement other than an activated suspended sentence may be required beyond the period of probation or beyond two years of the time the special probation is imposed, whichever comes first."

SECTION 8. G.S. 20-9(d) is repealed.

SECTION 9. G.S. 20-141(j2) reads as rewritten:

"(j2) A person who drives a motor vehicle in a highway work zone at a speed greater than the speed limit set and posted under this section shall be required to pay a penalty of two hundred fifty dollars ($250.00). This penalty shall be imposed in addition to those penalties established in this Chapter. A "highway work zone" is the area between the first sign that informs motorists of the existence of a work zone on a highway and the last sign that informs motorists of the end of the work zone. The additional penalty imposed by this subsection applies only if ~~sign~~ signs are posted at the beginning and end of any segment of the highway work zone stating the penalty for speeding in that segment of the work zone. The Secretary shall ensure that work zones shall only be posted with penalty signs if the Secretary determines, after engineering review, that the posting is necessary to ensure the safety of the traveling public due to a hazardous condition.

A law enforcement officer issuing a citation for a violation of this section while in a highway work zone shall indicate the vehicle speed and speed limit posted in the segment of

the work zone, and determine whether the individual committed a violation of G.S. 20-141(j1). Upon an individual's conviction of a violation of this section while in a highway work zone, the clerk of court shall report that the vehicle was in a work zone at the time of the violation, the vehicle speed, and the speed limit of the work zone to the Division of Motor Vehicles."

SECTION 10. G.S. 20-146.2(a) reads as rewritten:

"(a) HOV Lanes. – The Department of Transportation may designate one or more travel lanes as high occupancy vehicle (HOV) lanes on streets and highways on the State Highway System and cities may designate one or more travel lanes as high occupancy vehicle (HOV) lanes on streets on the Municipal Street System. HOV lanes shall be reserved for vehicles with a specified number of passengers as determined by the Department of Transportation or the city having jurisdiction over the street or highway. When HOV lanes have been designated, and have been appropriately marked with signs or other markers, they shall be reserved for privately or publicly operated buses, and automobiles or other vehicles containing the specified number of persons. Where access restrictions are applied on HOV lanes through designated signing and pavement markings, vehicles shall only cross into or out of an HOV lane at designated openings. A motor vehicle shall not travel in a designated HOV lane if the motor vehicle has more than three axles, regardless of the number of occupants. HOV lane restrictions shall not apply to any of the following:

…

(6) Fuel cell electric vehicles as defined in ~~G.S. 29-4.01(12a),~~ G.S. 20-4.01(12a), regardless of the number of passengers in the vehicle. These vehicles must be able to travel at the posted speed limit while operating in the HOV lane."

SECTION 11. Article 11 of Chapter 25 of the General Statutes is repealed.

SECTION 12. G.S. 28A-2-4(a) reads as rewritten:

"(a) The clerks of superior court of this State, as ex officio judges of probate, shall have original jurisdiction of estate proceedings. Except as provided in subdivision (4) of this subsection, the jurisdiction of the clerk of superior court is exclusive. Estate proceedings include, but are not limited to, the following:

…

(4) Proceedings to ascertain heirs or devisees, to approve ~~family~~ settlement agreements pursuant to G.S. 28A-2-10, to determine questions of construction of wills, to determine priority among creditors, to determine whether a person is in possession of property belonging to an estate, to order the recovery of property of the estate in possession of third parties, and to determine the existence or nonexistence of any immunity, power, privilege, duty, or right. Any party or the clerk of superior court may file a notice of transfer of a proceeding pursuant to this subdivision to the Superior Court Division of the General Court of Justice as provided in G.S. 28A-2-6(h). In the absence of a transfer to superior court, Article 26 of Chapter 1 of the General Statutes shall apply to a trust proceeding pending before the clerk of superior court to the extent consistent with this Article."

SECTION 13.(a) G.S. 28A-5-1(b) reads as rewritten:

"(b) Implied Renunciation by Executor. – If any person named or designated as executor fails to qualify or to renounce within 30 days after the will had been admitted to probate, (i) the clerk of superior court may issue a notice to that person to qualify or move for an extension of time to qualify within 15 days, or (ii) any other person named or designated as executor in the will or any interested person may file a petition in accordance with Article 2 of this Chapter for an order finding that person named or designated as executor to be deemed to have renounced. If that person does not file a response to the ~~motion~~ notice or petition within 15 days from the date of service of the ~~motion~~ notice or petition, the clerk of superior court shall enter an order adjudging that the person has renounced. If the person files a response within 15 days from the date of service of the ~~motion~~ notice or petition requesting an extension of time within which to qualify or renounce, upon hearing, the clerk of superior court may grant to that person a reasonable extension of time within which to qualify or renounce for cause shown. If that person qualifies within 15 days of the date of service of the ~~motion~~ notice or petition, the clerk of superior court shall dismiss that ~~motion~~ notice or petition, without prejudice, summarily and without hearing."

SECTION 13.(b) G.S. 28A-5-2(b) reads as rewritten:

"(b) Implied Renunciation. –

(1) If any person entitled to apply for letters of administration fails to apply therefor within 30 days from the date of death of the intestate, (i) the clerk of superior court may issue a notice to the person to qualify or move for an extension of time to qualify within 15 days, or (ii) any interested person may file a petition in accordance with Article 2 of this Chapter for an order finding that person to be deemed to have renounced. If the person does not file a response to the notice or petition within 15 days from the date of service of the ~~motion,~~notice or petition, the clerk of superior court shall enter an order adjudging that the person has renounced. If the person files a response within 15 days from the date of service of the ~~motion~~ notice or petition requesting an extension of time within which to qualify or renounce, upon hearing, the clerk of superior court may grant to that person a reasonable extension of time within which to qualify or renounce for cause shown. If the person qualifies within 15 days of the date of service of the ~~motion,~~notice or petition, the clerk of superior court shall dismiss the ~~motion,~~notice or petition, without prejudice, summarily and without hearing and the clerk of superior court shall issue letters to some other person as provided in G.S. 28A-4-1. No notice shall be required to be given to any interested person, but the clerk may give notice as the clerk in the clerk's discretion may determine.

…."

SECTION 14. The catch line of G.S. 30-30 reads as rewritten:

"**§ 30-30. ~~Judgment and order for commissioners.~~Judgment.**"

SECTION 15. G.S. 44A-24.2 reads as rewritten:

"**§ 44A-24.2. Definitions.**

The following definitions apply in this Part:

…

(3) Commercial real estate. – Any real property or interest therein, whether freehold or nonfreehold, which at the time the property or interest is made the subject of an agreement for broker services:

a. Is lawfully used primarily for sales, office, research, institutional, warehouse, manufacturing, industrial, or mining purposes or for multifamily residential purposes involving five or more dwelling units;

b. May lawfully be used for any of the purposes listed in ~~subdivision (3)~~sub-subdivision (3)a. of this section by a zoning ordinance adopted pursuant to the provisions of Article 18 of Chapter 153A or Article 19 of Chapter 160A of the General Statutes or which is the subject of an official application or petition to amend the applicable zoning ordinance to permit any of the uses listed in ~~subdivision (3)~~sub-subdivision (3)a. of this section which is under consideration by the government agency with authority to approve the amendment; or

c. Is in good faith intended to be immediately used for any of the purposes listed in ~~subdivision (3)~~sub-subdivision (3)a. of this section by the parties to any contract, lease, option, or offer to make any contract, lease, or option.

…."

SECTION 16. G.S. 62-36A is recodified as G.S. 62-36.1.

SECTION 17. G.S. 63A-3(b) reads as rewritten:

"(b) Board of Directors. – The Authority shall be governed by a Board of Directors. The Board shall consist of at least the following 20 members:

(1) Six members appointed by the Governor. One member shall be representative of the economic development industry, two members shall be representative of the commercial real estate development industry, two members shall be representative of the banking and finance industry, and one member shall be representative of environmental interests. Of the

Governor's six appointments, at least one member shall come from each of the State's three regions: Western, Piedmont, and Eastern.

…."

SECTION 18. G.S. 63A-24 reads as rewritten:

"**§ 63A-24. General laws apply to Authority; exceptions.**

(a) Except as provided in this section, the general laws that apply to State agencies apply to the Authority. The following general laws, to the extent provided below, do not apply to the Authority:

…

(3) Except for G.S. 146-29.1, 146-79, and 146-80, Chapter 146 of the General Statutes does not apply to the Authority.

(b) Notwithstanding ~~this exemption from Chapter 146 of the General Statutes,~~G.S. 126-5(c1)(15), the Secretary of Transportation may designate employees of the Authority as subject to Chapter ~~146~~126 of the General Statutes."

SECTION 19. G.S. 101-5(f) reads as rewritten:

"(f) If the clerk finds that good and sufficient reasons exist to deny the applicant's request for a name change, it is the clerk's duty not to issue an order changing the name of the applicant from that person's true name to the name sought to be adopted. The order denying the name change shall state the reasons for the denial. If the applicant desires to appeal the clerk's decision, the applicant must petition the chief resident superior court judge within 30 days of the date of the order denying the name change to request a reconsideration of the application. The reconsideration decision of the chief resident superior court judge is final and not subject to appeal. An unsuccessful applicant on reconsideration is subject to a waiting period of 12 months from the date of the adverse decision of the chief resident superior court judge before the applicant may submit another name change application. A successful applicant on reconsideration shall be granted the name change by the clerk in like manner as prescribed by subsection (d) of this section."

SECTION 21.(a) G.S. 115C-325(p) reads as rewritten:

"(p) Section Applicable to Certain Institutions. – Notwithstanding any law or regulation to the contrary, this section shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human ~~Services,~~Services and Public ~~Instruction, Correction, or Juvenile Justice and Delinquency Prevention [the Division of Juvenile Justice of the Department of Public Safety]~~Instruction and the Divisions of Juvenile Justice and Adult Correction of the Department of Public Safety regardless of the age of the students."

SECTION 21.(b) Section 40 of S.L. 2012-83 is repealed. If House Bill 969, 2011 Regular Session, becomes law and, as enacted, contains the amendment to G.S. 115C-325(p) that appears in Section 42 of the first edition of that bill, that amendment is repealed. If Senate Bill 880, 2011 Regular Session, becomes law and, as enacted, contains the amendment to G.S. 115C-325(p) that appears in Section 41 of the first edition of that bill, that amendment is repealed.

SECTION 22.(a) G.S. 120-30.9F reads as rewritten:

"**§ 120-30.9F. Municipalities; municipal attorney.**

The municipal attorney of any municipality covered by the Voting Rights Act of 1965 shall submit to the Attorney General of the United States within 30 days:

(2) Bonds or notes. – The bonds or the bond anticipation notes or construction loan notes authorized to be issued by the Agency under this Chapter.

(3) Counseling agency. – A nonprofit counseling agency located in North Carolina that is approved by the North Carolina Housing Finance Agency.

(4) Energy conservation loan. – A loan obtained from a mortgage lender for the purpose of satisfying an existing obligation of a borrower who is the resident owner of a single-family dwelling or of "residential housing." The existing

obligation of the owner in an "energy conservation loan" must have been incurred to pay for the purchase of materials or the installation of materials, or both, which results in a significant decrease in the amount of consumption of nonrenewable sources of energy in order to provide or maintain a comfortable level of room temperatures in his residence during the winter. "Energy conservation loan" does not include a loan obtained to refinance an existing loan agreement unless payment or collection of the original loan was guaranteed by the Agency.

(5) Federally insured securities. – An evidence of indebtedness secured by a first mortgage lien on residential housing for persons of lower income and insured or guaranteed as to repayment of principal and interest by the United States or any agency or instrumentality thereof.

(6) Governmental agency. – Any department, division, public agency, political subdivision, or other public instrumentality of the State, the federal government, any other State or public agency, or any two or more thereof.

(7) Mortgage or mortgage loan. – A mortgage loan for residential housing, including, without limitation, a mortgage loan to finance, either temporarily or permanently, the construction, rehabilitation, improvement, or acquisition and rehabilitation or improvement of residential housing and a mortgage loan insured or guaranteed by the United States or an instrumentality thereof or for which there is a commitment by the United States or an instrumentality thereof to insure such a mortgage. A mortgage obligation may be evidenced by a security document and secured by a lien upon real property, including a deed of trust and land sale agreement. Mortgage also means an obligation evidenced by a security lien on real property upon which an owner-occupied mobile home is located.

(8) Mortgage lenders. – Any bank or trust company, savings bank, national banking association, savings and loan association, or building and loan association, life insurance company, mortgage banking company, the federal government, and any other financial institution authorized to transact business in the State.

(9) Mortgagee. – The owner of a beneficial interest in a mortgage loan, the servicer for the owner of a beneficial interest in a mortgage loan, or the trustee for a securitized trust that holds title to a beneficial interest in a mortgage loan.

(10) Obligations. – Any bonds or bond anticipation notes authorized to be issued by the Agency under the provisions of this Chapter.

(11) Persons and families of lower income. – Persons and families deemed by the Agency to require such assistance as is made available by this Chapter on account of insufficient personal or family income, taking into consideration, without limitation, (i) the amount of the total income of such persons and families available for housing needs, (ii) the size of the family, (iii) the cost and condition of housing facilities available, (iv) the eligibility of such persons and families for federal housing assistance of any type predicated upon a lower-income basis, and (v) the ability of such persons and families to compete successfully in the normal housing market and to pay the amounts at which private enterprise is providing decent, safe, and sanitary housing and deemed by the Agency therefore to be eligible to occupy residential housing financed wholly or in part, with mortgages, or with other public or private assistance.

(12) Rehabilitation. – The renovation or improvement of residential housing by the owner of said residential housing.

(13) Residential housing. – A specific work or improvement undertaken primarily to provide dwelling accommodations for persons and families of lower income, including the rehabilitation of buildings and improvements, and such other nonhousing facilities as may be incidental or appurtenant thereto.

(14) State. – The State of North Carolina."

SECTION 25. G.S. 126-3(b) reads as rewritten:

"(b) The Office shall be responsible for the following activities, and such other activities as specified in this Chapter:

(2) Providing training in personnel management to agencies, departments, and institutions including train-the-trainer programs for those agencies, departments, and institutions who request such training and where sufficient staff and expertise exist to provide the training within their respective agencies, departments, and ~~institutions;~~institutions.

(3) Providing technical assistance in the management of personnel programs and activities to agencies, departments, and ~~institutions;~~institutions.

(4) Negotiating decentralization agreements with all agencies, departments, and institutions where it is cost-effective to include delegation of authority for certain classification and corresponding salary administration actions and other personnel programs to be specified in the ~~agreements;~~agreements.

(5) Administering such centralized programs and providing services as approved by the Commission which have not been transferred to agencies, departments, and institutions or where this authority has been rescinded for ~~noncompliance;~~noncompliance.

(6) Providing approval authority of personnel actions involving classification and compensation where such approval authority has not been transferred by the Commission to agencies, departments, and institutions or where such authority has been rescinded for ~~noncompliance;~~noncompliance.

(7) Maintaining a computer database of all relevant and necessary information on employees and positions within agencies, departments, and institutions in the State's personnel ~~system;~~system.

(8) Developing criteria and standards to measure the level of compliance or noncompliance with established Commission policies, rules, procedures, criteria, and standards in agencies, departments, and institutions to which authority has been delegated for classification, salary administration and other decentralized programs, and determining through routine monitoring and periodic review process, that agencies, departments, and institutions are in compliance or noncompliance with established Commission policies, rules, procedures, criteria, and ~~standards; and~~standards.

(9) Implementing corrective actions in cases of ~~noncompliance; [and]~~noncompliance.

(10) Administering the State employee suggestion program (NC-Thinks)."

SECTION 26. G.S. 127A-110(f) reads as rewritten:

"(f) (1) Any amount obtained by any person by settlement with, judgment against, or otherwise from the third party by reason of the injury or death shall be disbursed by order of the court for the following purposes and in the following order of priority:

a. First to the payment of actual court costs taxed by judgment.

b. Second to the payment of the fee of the attorney representing the person making settlement or obtaining judgment, and this fee shall not exceed one third of the amount obtained or recovered of the third party.

c. Third to the reimbursement of the State for all benefits by way of compensation or medical treatment expense paid or to be paid by the State pursuant to G.S. 127A-108.

d. Fourth to the payment of any amount remaining to the member or personal representative.

(2) The attorney fee paid under subdivision (1) of this ~~section~~ subsection shall be paid by the member and the State in direct proportion to the amount each shall receive under sub-subdivisions (1)c. and d. of this subsection and shall be deducted from the payments when distribution is made."

SECTION 27. G.S. 130A-40.1(b) reads as rewritten:

"(b) The Secretary of Health and Human Services may approve only one request under subsection (a) of this section, this section being designed as a pilot program concerning alternative qualifications for a local health director. The Secretary of Health and Human Services shall report any approval under this section to the Joint Legislative Oversight Committee on Health and Human Services."

SECTION 28. G.S. 130A-309.10(e) reads as rewritten:

"(e) No person shall distribute, sell, or offer for sale in this State any rigid plastic container, including a plastic beverage ~~container~~ container, unless the container has a molded label indicating the plastic resin used to produce the container. The code shall consist of a number placed within three triangulated arrows and letters placed below the triangulated arrows. The three arrows shall form an equilateral triangle with the common point of each line forming each angle of the triangle at the midpoint of each arrow and rounded with a short radius. The arrowhead of each arrow shall be at the midpoint of each side of the triangle with a short gap separating the arrowhead from the base of the adjacent arrow. The triangle formed by the three arrows curved at their midpoints shall depict a clockwise path around the code number. The label shall appear on or near the bottom of the container and be clearly visible. A container having a capacity of less than eight fluid ounces or more than five gallons is exempt from the requirements of this subsection. The numbers and letters shall be as follows:

(1) For polyethylene terephthalate, the letters "PETE" and the number 1.
(2) For high density polyethylene, the letters "HDPE" and the number 2.
(3) For vinyl, the letter "V" and the number 3.
(4) For low density polyethylene, the letters "LDPE" and the number 4.
(5) For polypropylene, the letters "PP" and the number 5.
(6) For polystyrene, the letters "PS" and the number 6.
(7) For any other, the letters "OTHER" and the number 7."

SECTION 29. G.S. 131E-129(a) reads as rewritten:

"(a) Violation Classification and Penalties. – The Department of Health and Human Services shall impose an administrative penalty in accordance with provisions of this Article on any facility which is found to be in violation of the requirements of G.S. 131E-117 or applicable State and federal laws and regulations. Citations for violations shall be classified and penalties assessed according to the nature of the violation as follows:

…

(1b) "Past Corrected Type A1 or Type A2 Violation" means either (i) the violation was not previously identified by the Department or its authorized representative or (ii) the violation was discovered by the facility and was self reported, but in either case the violation has been corrected. In determining whether a penalty should be assessed under this section, the Department shall consider the following factors:

a. Preventive systems in place prior to the violation.
b. Whether the violation or violations were abated immediately. ~~and~~
c. Whether the facility implemented corrective measures to achieve and maintain compliance.
d. Whether the facility's system to ensure compliance is maintained and continues to be implemented.
e. Whether the regulatory area remains in compliance.

…."

SECTION 30. G.S. 135-48.27 reads as rewritten:

"**§ 135-48.27. Reports to the General Assembly; General Assembly access to information.**

In addition to the reports required by ~~G.S. 135-48.22(d),~~G.S. 135-48.23(d), the State Treasurer, the Executive Administrator, and Board of Trustees shall report to the General Assembly at such times and in such forms as shall be designated by the President Pro Tempore of the Senate and the Speaker of the House of Representatives. Employees of the Legislative Services Commission designated by the Legislative Services Officer (i) shall have access to all records related to the Plan of the State Treasurer, the Board of Trustees, the Executive Administrator, the Claims Processor, and the Plan and (ii) shall be entitled to attend all meetings, including executive sessions, of the Board of Trustees."

SECTION 31. G.S. 135-48.44 reads as rewritten:

"**§ 135-48.44. Cessation of coverage.**

(a) Coverage under this Plan of an employee and his or her surviving spouse or eligible dependent children or of a retired employee and his or her surviving spouse or eligible dependent children shall cease on the earliest of the following dates:

…

(2) The last day of the month in which an employee's employment with the State is terminated as provided in ~~subsection (c)~~subsection (d) of this section.

…

(c) Coverage under the Plan as a surviving dependent child whether covered as a dependent of a surviving spouse, or as an individual member (no living parent), ceases when the child ceases to be a dependent child as defined by G.S. 135-48.1, except coverage may continue under the Plan on a fully contributory basis for a period of not more than 36 months after loss of dependent status.

(d) Termination of employment shall mean termination for any reason, including layoff and leave of absence, except as provided in subdivisions (a)(1) and (2) of this section, but shall not, for purposes of this Plan, include retirement upon which the employee is granted an immediate service or disability pension under and pursuant to a State-supported Retirement System.

(1) In the event of termination for any reason other than death, coverage under the Plan for an employee and his or her eligible spouse or dependent children, provided the eligible spouse or dependent children were covered under the Plan at termination of employment may be continued for a period of not more than 18 months following termination of employment on a fully contributory basis. Employees who were covered under the Plan at termination of employment may be continued for a period of not more than 18 months or 29 months if determined to be disabled under the Social Security Act, Title II, OASDI or Title XVI, SSI.

(2) In the event of approved leave of absence without pay, other than for active duty in the Armed Forces of the United States, coverage under this Plan for an employee and his or her dependents may be continued during the period of such leave of absence by the employee's paying one hundred percent (100%) of the cost.

(3) If employment is terminated in the second half of a calendar month and the covered individual has made the required contribution for any coverage in the following month, that coverage will be continued to the end of the calendar month following the month in which employment was terminated.

(4) Employees paid for less than 12 months in a year, who are terminated at the end of the work year and who have made contributions for the non-work months, will continue to be covered to the end of the period for which they have made contributions, with the understanding that if they are not employed by another State-covered employer under this Plan at the beginning of the next work year, the employee will refund to the ex-employer the amount of the employer's cost paid for them during the non-paycheck months.

(5) Any employee receiving benefits pursuant to Article 6 of this Chapter when the employee has less than five years of retirement membership service, or an employee on leave of absence without pay due to illness or injury for up to 12 months, is entitled to continued coverage under the Plan for the employee and any eligible dependents by the employee's paying one hundred percent (100%) of the cost.

…."

SECTION 32. G.S. 135-48.50(1) and (5) read as rewritten:

"**§ 135-48.50. Coverage mandates.**

The Plan shall provide coverage subject to the following coverage mandates:

(1) Abortion coverage. – The Plan shall not provide coverage for abortions for which State funds could not be used under G.S. 143C-6-5.5. The Plan shall, however, provide coverage for subsequent complications or related charges arising from an abortion not covered under this subdivision. ~~Reserved.~~

…

(5) ~~Reserved.~~"

SECTION 33. G.S. 143-215.1(a6) reads as rewritten:

"(a6) No permit shall be required to enter into a contract for the construction, installation, or alteration of any treatment works or disposal system or to construct, install, or alter any treatment works or disposal system within the State when the system's or work's ~~principle~~principal function is to conduct, treat, equalize, neutralize, stabilize, recycle, or dispose of industrial waste or sewage from an industrial facility and the discharge of the industrial waste or sewage is authorized under a permit issued for the discharge of the industrial waste or sewage into the waters of the State. Notwithstanding the above, the permit issued for the discharge may be modified if required by federal regulation."

SECTION 34. G.S. 143C-3-5 reads as rewritten:

"**§ 143C-3-5. Budget recommendations and budget message.**

…

(b) Odd-Numbered Fiscal Years. – In odd-numbered years the budget recommendations shall include the following components:

…

(3) A Current Operations ~~Appropriation~~ Appropriations Act that makes appropriations for each fiscal year of the upcoming biennium for the operating expenses of all State agencies as contained in the Recommended State Budget, together with a Capital Improvements Appropriations Act that authorizes any capital improvements projects.

(4) The biennial State Information Technology Plan as outlined in ~~G.S. 147-33-72B~~ G.S. 147-33.72B to be consistent in facilitating the goals outlined in the Recommended State Budget.

…

(d) Funds Included in Budget. – Consistent with requirements of the North Carolina Constitution, Article 5, ~~Section 7(a),~~Section 7(1), the Governor's Recommended State Budget, together with the Budget Support Document, shall include recommended expenditures of State funds from all Governmental and Proprietary Funds, as those funds are described in G.S. 143C-1-3. Except where provided otherwise by federal law, funds received from the federal government become State funds when deposited in the State treasury and shall be classified and accounted for in the Governor's budget recommendations no differently than funds from other sources.

…."

SECTION 35. G.S. 153A-155(g) reads as rewritten:

"(g) Applicability. – Subsection (c) of this section applies to all counties and county districts that levy an occupancy tax. SECTION 36. G.S. 159-175.10 reads as rewritten:

"**§ 159-175.10. Additional requirements for review of city financing application; communications service.**

The Commission shall apply additional requirements to an application for financing by a city or a joint agency under Part 1 of Article 20 of Chapter 160A of the General Statutes for the construction, operation, expansion, or repair of a communications system or other infrastructure for the purpose of offering communications service, as that term is defined in ~~G.S. 160A-340(2),~~G.S. 160A-340(3), that is or will be competitive with communications service offered by a private communications service provider. This section does not apply to the repair, rebuilding, replacement, or improvement of an existing communications network, or equipment relating thereto, but does apply to the expansion of such existing network. The additional requirements are the following:

(1) Prior to submitting an application to the Commission, a city or joint agency shall comply with the provisions of G.S. 160A-340.3 requiring at least two public hearings on the proposed communications service project and notice of the hearings to private communications service providers who have requested notice.

(2) At the same time the application is submitted to the Commission, the city or joint agency shall serve a copy of the application on each person that provides competitive communications service within the city's jurisdictional boundaries or in areas adjacent to the city. No hearing on the application shall be heard by the Commission until at least 60 days after the application is submitted to the Commission.

(3) Upon the request of a communications service provider, the Commission shall accept written and oral comments from competitive private communications service providers in connection with any hearing or other review of the application.

(4) In considering the probable net revenues of the proposed communications service project, the Commission shall consider and make written findings on the reasonableness of the city or joint agency's revenue projections in light of the current and projected competitive environment for the services to be provided, taking into consideration the potential impact of technological innovation and change on the proposed service offerings and the level of demonstrated community support for the project.

(5) The city or joint agency making the application to the Commission shall bear the burden of persuasion with respect to subdivisions (1) through (4) of this section."

SECTION 37. G.S. 163-258.30(a) reads as rewritten:

"(a) The State Board of Elections shall adopt rules and regulations to carry out the intent and purpose of ~~G.S. 163-278.23 and G.S. 163-278.24~~G.S. 163-258.28 and G.S. 163-258.29 and to ensure that a proper list of persons voting under said sections shall be maintained by the boards of elections, and to ensure proper registration records, and such rules and regulations shall not be subject to the provisions of Article 2A of Chapter 150B of the General Statutes."

SECTION 38. Section 6(c) of S.L. 2011-96 reads as rewritten:

"**SECTION 6.(c)** Notwithstanding the two-year term limitation in G.S. 135-48.20(m), as enacted by Senate Bill 323 of the 2011 Regular Session, the terms of initial appointees under G.S. 135-48.20 shall be as follows and shall begin January 1, 2012:

(1) Two and one-half years. – Appointees under G.S. 135-48.20(i).

PART II. OTHER AMENDMENTS

A. TECHNICAL CHANGES

SECTION 44.5. Any act of the 2011 Regular Session that refers to a bill of the "2012 Regular Session" shall be deemed to be a reference to a bill of the 2011 Regular Session.

SECTION 45.(a) G.S. 15A-1331A is recodified as G.S. 15A-1331.1.

SECTION 45.(b) G.S. 20-15.1 reads as rewritten:

"**§ 20-15.1. Revocations when licensing privileges forfeited.**

The Division shall revoke the license of a person whose licensing privileges have been forfeited under ~~G.S. 15A-1331A,~~ G.S. 15A-1331.1, 50-13.12, and 110-142.2. If a revocation period set by this Chapter is longer than the revocation period resulting from the forfeiture of licensing privileges, the revocation period in this Chapter applies."

SECTION 45.(c) G.S. 20-179.3(b)(2) reads as rewritten:

"(b) Eligibility. –

…

(2) Any person whose licensing privileges are forfeited pursuant to ~~G.S. 15A-1331A~~ G.S. 15A-1331.1 is eligible for a limited driving privilege if the court finds that at the time of the forfeiture, the person held either a valid drivers license or a drivers license that had been expired for less than one year and

a. The person is supporting existing dependents or must have a drivers license to be gainfully employed; or

b. The person has an existing dependent who requires serious medical treatment and the defendant is the only person able to provide transportation to the dependent to the health care facility where the dependent can receive the needed medical treatment.

The limited driving privilege granted under this subdivision must restrict the person to essential driving related to the purposes listed above, and any driving that is not related to those purposes is unlawful even though done at times and upon routes that may be authorized by the privilege."

SECTION 45.(d) G.S. 113-277(a4) reads as rewritten:

"(a4) The Wildlife Resources Commission shall order the surrender of any license or permit issued under this Article to a person whose licensing privileges have been forfeited under ~~G.S. 15A-1331A~~ G.S. 15A-1331.1 for the period specified by the court."

SECTION 45.(e) If Senate Bill 707, 2011 Regular Session, becomes law, G.S. 15A-1331B, as enacted by that act, is recodified as G.S. 15A-1331.2.

SECTION 45.5. G.S. 18B-1305(a1), as enacted by Section 1 of S.L. 2012-4, reads as rewritten:

"(a1) Termination by a Small Brewery. – A brewery's authorization to distribute its own malt beverage products pursuant to ~~G.S. 18B-1104(7)~~G.S. 18B-1104(8) shall revert back to the brewery, in the absence of good cause, following the fifth business day after confirmed receipt of written notice of such reversion by the brewery to the wholesaler. The brewery shall pay the

wholesaler fair market value for the distribution rights for the affected brand. For purposes of this subsection, "fair market value" means the highest dollar amount at which a seller would be willing to sell and a buyer willing to buy at the time the self-distribution rights revert back to the brewery, after each party has been provided all information relevant to the transaction."

SECTION 45.7. G.S. 20-79.4(b)(170) reads as rewritten:

"(170) Purple Heart Recipient. – Issuable to a recipient of the Purple Heart award. The plate shall bear the phrase "Purple Heart Veteran, Combat ~~Wounded" and the letters "PH".~~Wounded." A person may obtain from the Division a special registration plate under this subdivision for the registered owner of a motor vehicle or a motorcycle. A motorcycle plate issued under this subdivision shall bear a depiction of the Purple Heart Medal and the phrase "Purple Heart Veteran, Combat Wounded.""

SECTION 46.(a) G.S. 66-421(a) reads as rewritten:

"(a) Issuance of Permits. – The sheriff of each county shall issue a nonferrous metals purchase permit to an applicant if the applicant (i) has a fixed site in the sheriff's county; (ii) declares on a form provided by the sheriff that the applicant is informed of and will comply with the provisions of this Part; (iii) does not have a permit that has been revoked pursuant to ~~G.S. 66-324(b)~~ G.S. 66-424(b) at the time of the application; and (iv) has not been convicted of more than three violations of this Part. A permit shall be valid for 12 months and shall be valid only for fixed sites in the county of issuance. A permit shall be obtained for each fixed site at which nonferrous metals are purchased."

SECTION 46.(b) This section becomes effective October 1, 2012.

SECTION 47.(a) If House Bill 614, 2011 Regular Session, becomes law, G.S. 90-21.102, as enacted by that act, reads as rewritten:

"**§ 90-21.102. Definitions.**

The following definitions apply in this Article:

…

(3) Health care provider. – Any person who:

…

m. Is licensed to practice as a physician, physician assistant, dentist, pharmacist, optometrist, registered nurse, licensed practical nurse, dental hygienist, or optician under provisions of law of another state of the United States comparable to the provisions referenced in sub-subdivisions a. through ~~n.~~l. of this subdivision.

…

(5) Voluntary provision of health care services. – The provision of health care services by a health care provider in association with a sponsoring organization in which both of the following circumstances exist:

a. The health care services are provided without charge to the recipient of the services or to a third party on behalf of the recipient.

b. The health care provider receives no compensation or other consideration in exchange for the health care services provided.

For the purposes of this Article, the provision of health care services in ~~non-profit~~ nonprofit community health centers, local health department facilities, free clinic facilities, or at a ~~providers~~ provider's place of employment when the patient is referred by a ~~non-profit~~ nonprofit community health referral service shall not be considered the voluntary provision of health care."

SECTION 47.(b) If House Bill 614, 2011 Regular Session, becomes law, G.S. 90-21.104(d)(1), as enacted by that act, reads as rewritten:

"(d) Each registered sponsoring organization has the duty and responsibility to do all of the following:

(1) Except as provided in this subdivision, by no later than 14 days before a sponsoring organization initiates voluntary health care services in this State, the sponsoring organization shall submit to the Department a list containing the following information regarding each health care provider who is to provide voluntary health care services on behalf of the sponsoring organization during any part of the time period in which the sponsoring

organization is authorized to provide voluntary health care services in the State:

a. Name.
b. Date of birth.
c. State of licensure.
d. License number.
e. Area of practice.
f. Practice address.

By no later than 3 days prior to voluntary health care services being rendered, a sponsoring organization may amend the list to add health care providers defined in G.S. 90-21.102(3)a. through ~~G.S. 90-21.102(3)m.~~G.S. 90-21.102(3)l."

SECTION 47.(c) This section is effective January 1, 2013.

SECTION 48. G.S. 115C-107.7(a1) reads as rewritten:

(3) Damages as the result of the nonfulfillment of the rental period, except where the tenant terminated the rental agreement under G.S. 42-45, G.S. 42-45.1, or because the tenant was forced to leave the property because of the landlord's violation of Article 2A of Chapter 42 of the General Statutes or was constructively evicted by the landlord's violation of G.S. 42-42(a)."

SECTION 59.(b). G.S. 42-51(a)(2) reads as rewritten:

"**§ 42-51. Permitted uses of the deposit.**

(a) Security deposits for residential dwelling units shall be permitted only for the following:

…

(2) Damage to the premises, including damage to or destruction of smoke ~~detectors~~ alarms or carbon monoxide ~~detectors.~~alarms."

SECTION 59.(c) Subsection (a) of this section becomes effective October 1, 2012. Subsection (b) of this section becomes effective December 1, 2012.

SECTION 60. G.S. 66-58(b) is amended by adding a new subdivision to read:

"**§ 66-58. Sale of merchandise or services by governmental units.**

…

(b) The provisions of subsection (a) of this section shall not apply to:

…

(9a) The North Carolina Forest Service."

SECTION 60.5. G.S. 90-113.54 reads as rewritten:

"**§ 90-113.54. Posting of signs.**

(a) A retailer shall post a sign or placard in a clear and conspicuous manner in the area of the premises where the pseudoephedrine products are offered for sale substantially similar to the following: "North Carolina law strictly prohibits the purchase of more than ~~two packages (3.6 grams total)~~3.6 grams total of certain products containing pseudoephedrine per day, and more than ~~three packages (9 grams total)~~9 grams total of certain products containing pseudoephedrine within a 30-day period. This store will maintain a record of all sales of these products which may be accessible to law enforcement officers.

…."

SECTION 61. If Senate Bill 521, 2011 Regular Session, becomes law, G.S. 93A-83(c) reads as rewritten:

"(c) Required Contents of a Broker Price Opinion or Comparative Market Analysis. – A broker price opinion or comparative market analysis shall be in writing and conform to the standards provided in this Article that ~~may~~ shall include, but are not limited to, the following:

(1) A statement of the intended purpose of the broker price opinion or comparative market analysis.

(2) A brief description of the subject property and property interest to be priced.

(3) The basis of reasoning used to reach the conclusion of the price, including the applicable market data or capitalization computation.
(4) Any assumptions or limiting conditions.
(5) A disclosure of any existing or contemplated interest of the broker issuing the broker price opinion, including the possibility of representing the landlord/tenant or seller/buyer.
(6) The effective date of the broker price opinion.
(7) The name and signature of the broker issuing the broker price opinion and broker license number.
(8) The name of the real estate brokerage firm for which the broker is acting.
(9) The signature date.
(10) A disclaimer stating that "This opinion is not an appraisal of the market value of the property, and may not be used in lieu of an appraisal. If an appraisal is desired, the services of a licensed or certified appraiser shall be obtained. This opinion may not be used by any party as the primary basis to determine the value of a parcel of or interest in real property for a mortgage loan origination, including first and second mortgages, refinances, or equity lines of credit."
(11) A copy of the assignment request for the broker price opinion or comparative market analysis."

SECTION 61.2. If House Bill 950, 2011 Regular Session, becomes law, then Section 24.11 of that act reads as rewritten:

"**SECTION 24.11.** Notwithstanding G.S. 105-449.80(a), for the period July 1, 2012, through June 30, 2013, the motor fuel excise tax rate may not exceed thirty-seven and one-half cents (37 1/2¢) a gallon. For the period beginning July 1, 2012, and ending August 1, 2012, a taxpayer is not liable for an over-collection or under-collection of the excise tax on motor fuel if the taxpayer made a good faith effort to comply with the law and collect the proper amount of tax and has, due to the change made under this section in the rate of tax imposed under G.S. 105-449.80(a), over-collected or under-collected the amount of excise tax that is due."

SECTION 61.5.(a) If House Bill 462, 2011 Regular Session, becomes law, G.S. 116B-8, as enacted in Section 3 of the act, reads as rewritten:

"**§ 116B-8. Employment of persons with specialized skills or knowledge.**

The Treasurer may employ the services of such independent consultants, real estate managers and other persons possessing specialized skills or knowledge as the Treasurer deems necessary or appropriate for the administration of this Chapter, including valuation, maintenance, upkeep, management, sale and conveyance of property and determination of sources of unreported abandoned property. The Treasurer may also employ the services of an attorney to perform a title search or to provide an accurate legal description of real property which the Treasurer has reason to believe may have escheated. Persons whose services are employed by the Treasurer pursuant to this section to determine sources and amounts of unreported property are subject to the same policies, including confidentiality and ethics, as employees of the Department of State Treasurer assigned to determine sources and amounts of unreported property. If the Treasurer contracts with any other person to conduct an audit under this Chapter, the audit shall not be performed on a contingent fee basis or any other similar method that may impair an auditor's independence or the perception of the auditor's independence by the public. Notwithstanding the preceding sentence, the Treasurer may contract with any other person on a contingent fee basis to conduct audits of life insurance companies where the audit is being conducted for the purpose of identifying unclaimed death benefits or to conduct audits of holders of unredeemed bond funds. Compensation of persons whose services may be employed pursuant to this section on a contingent fee basis shall be limited to twelve percent (12%) of the final assessment."

SECTION 61.5.(b) If House Bill 462, 2011 Regular Session, becomes law, Section 6 of the act reads as rewritten:

"**SECTION 6.** ~~This act becomes effective July 1, 2012, and applies to audits, determinations of liability, and assessments contracted for on or after that date. Units of local government and the Treasurer shall not renew contingency fee based contracts for these services after July 1, 2012.~~Sections 1, 3, and 3.1 of this act become effective October 1, 2012. The Treasurer shall not renew any contingency fee-based contracts for these services after October 1, 2012. The Treasurer shall not assign further audits on a contingency fee basis to an

auditing firm under a contract that meets all the following conditions: (i) the contract would have been prohibited under this act had the contract been entered into after October 1, 2012, and (ii) the contract allows the assignment of audits on a discretionary basis by the Treasurer. Sections 2, 4, and 5 become effective July 1, 2013, and expire July 1, 2015. From July 1, 2013, until July 1, 2015, cities and counties shall not renew any contingency fee-based contracts for these services. From July 1, 2013, until July 1, 2015, cities and counties shall not assign further audits on a contingency fee basis to an auditing firm under a contract that meets all the following conditions: (i) the contract would have been prohibited under this act had the contract been entered into after July 1, 2013, and (ii) the contract allows the assignment of audits on a discretionary basis. The remainder of the act is effective when the act becomes law."

SECTION 62. If House Bill 438, 2011 Regular Session, becomes law, G.S. 130A-1.1(b) reads as rewritten:

"(b) A local health department shall ensure that the following 10 essential public health services are available and accessible to the population in each county served by the local health department:

(1) Monitoring health status to identify community health problems.
(2) Diagnosing and investigating health hazards in the community.
(3) Informing, educating, and empowering people about health issues.
(4) Mobilizing community partnerships to identify and solve health problems.
(5) Developing policies and plans that support individual and community health efforts.
(6) Enforcing laws and regulations that protect health and ensure safety.
(7) Linking people to needed personal health care services and ~~assuring~~ ensuring the provision of health care when otherwise unavailable.
(8) ~~Assuring~~ Ensuring a competent public health workforce and personal health care workforce.
(9) Evaluating effectiveness, accessibility, and quality of personal and population-based health services.
(10) Conducting research."

SECTION 62.1. G.S. 150B-43 reads as rewritten:

"**§ 150B-43. Right to judicial review.**

Any party or person aggrieved by the final decision in a contested case, and who has exhausted all administrative remedies made available to the party or person aggrieved by statute or agency rule, is entitled to judicial review of the decision under this Article, unless adequate procedure for judicial review is provided by another statute, in which case the review shall be under such other statute. Nothing in this Chapter shall prevent any party or person aggrieved from invoking any judicial remedy available to the party or person aggrieved under the law to test the validity of any administrative action not made reviewable under this Article. Absent a specific statutory requirement, nothing in this Chapter shall require a party or person aggrieved to petition an agency for rule making or to seek or obtain a declaratory ruling before obtaining judicial review of a final decision or order made pursuant to G.S. 150B-34."

SECTION 62.5. G.S. 153A-316.1(a), as enacted by S.L. 2012-73, reads as rewritten:

"**§ 153A-316.1. Urban research service district (URSD).**

(a) Standards. – The board of commissioners of a county may establish one or more urban research service districts ("URSD" as used in this Part) that meets the following standards:

(1) The URSD is wholly within a county research and production service district located partly within that county.
(2) The URSD is located wholly within that county.
(3) The URSD is not contained within another URSD.
(4) A petition requesting creation of the URSD signed by at least fifty percent (50%) of the owners of real property in the URSD who own at least fifty (50%) of total area of the real property in the URSD has been presented to the board of commissioners."

SECTION 63. Section 5 of S.L. 2011-236 reads as rewritten:

"**SECTION 5.** This act becomes effective October 1, 2011, and applies to agreements executed on or after that date. Agreements executed prior to October 1, 2011, remain subject to the laws in effect at the time the parties executed the ~~agreement.~~agreement; differences in

wording between procedures authorized to establish agreements under the laws repealed by this act and under the superseding laws enacted by this act clarify the permitted procedures under the repealed laws."

C. SUBSTANTIVE CHANGES

SECTION 63.3.(a) G.S. 7A-38.5 is amended by adding new subsections to read:

"(e) Except as provided in this subsection and subsection (f) of this section, each chief district court judge and district attorney shall refer any misdemeanor criminal action in district court that is generated by a citizen-initiated arrest warrant to the local mediation center for resolution, except for (i) any case involving domestic violence; (ii) any case in which the judge or the district attorney determine that mediation would be inappropriate; or (iii) any case being tried in a county in which mediation services are not available. The mediation center shall have 30 days to resolve each case and report back to the court with a resolution. The district attorney shall delay prosecution in order for the mediation to occur. If the case is not resolved through mediation within 30 days of referral, the court may proceed with the case as a criminal action. For purposes of this section, the term "citizen-initiated arrest warrant" means a warrant issued pursuant to G.S. 15A-304 by a magistrate or other judicial official based upon information supplied through the oath or affirmation of a private citizen.

(f) Any prosecutorial district may opt out of the mandatory mediation under subsection (e) of this section if the district attorney files a statement with the chief district court judge declaring that subsection shall not apply within the prosecutorial district."

SECTION 63.3.(b) G.S. 7A-38.3D(m) reads as rewritten:

"(m) Dismissal Fee. – Where an agreement has been reached in mediation and the case will be dismissed, the defendant shall pay to the clerk the dismissal fee of court set forth in G.S. 7A-38.7. By agreement, all or any portion of the fee may be paid by a person other than the defendant. ~~The judge may in the judge's discretion waive the fee for good cause shown.~~"

SECTION 63.3.(c) This section becomes effective December 1, 2012, and applies to offenses committed on or after that date.

SECTION 63.5. G.S. 7A-41.1(b) reads as rewritten:

"(b) There shall be one and only one senior resident superior court judge for each district or set of districts as defined in subsection (a) of this section, who shall be:

(1) Where there is only one regular resident superior court judge for the district, that judge; and

(2) Where there are two or more regular resident superior court judges for the district or set of districts, ~~the Chief Justice of the Supreme Court shall designate one of the judges as senior resident superior court judge to serve in that capacity at the pleasure of the Chief Justice. In exercising the authority to appoint senior resident superior court judges pursuant to this subdivision, the Chief Judge shall consider the seniority, experience, and management competence of the regular resident superior court judges. In addition, the Chief Justice shall consult with the regular resident superior court judges, the chief district court judges, the members of the district bar, the clerks of court, district attorneys, and public defenders within the district.~~the judge who, from among all the regular resident superior court judges of the district or set of districts, has the most continuous service as a regular resident superior court judge; provided if two or more judges are of equal seniority, the oldest of those judges shall be the senior regular resident superior court judge.

(3) Where there is a set of districts, the Chief Justice of the Supreme Court shall designate one of the judges as senior resident superior court judge to serve in that capacity at the pleasure of the Chief Justice, if that set of districts are wholly contained in one county that is specified in law as the sole proper venue for certain actions."

SECTION 64. G.S. 18C-151(c) reads as rewritten:

"(c) Before a contract is awarded, the Director shall conduct a thorough background investigation of all of the following:

(1) The potential contractor to whom the contract is to be awarded.

(2) Any parent or subsidiary corporation of the potential contractor to whom the contract is to be awarded.

(3) All shareholders with a five percent (5%) or more interest in the potential contractor or parent or subsidiary corporation of the potential contractor to whom the contract is to be awarded. For purposes of this subdivision, "shareholders" means any natural person or those individuals with capabilities to make operating decisions for the potential contractor or parent or subsidiary corporation of the potential contractor to whom the contract is to be awarded.

(4) All officers and directors of the potential contractor or parent or subsidiary corporation of the potential contractor to whom the contract is to be awarded."

SECTION 65. Part 9 of Article 1 of Chapter 10B of the General Statutes is amended by adding a new section to read:

"**§ 10B-72. Certain notarial acts validated when recommissioned notary failed to again take oath.**

Any acknowledgment taken and any instrument notarized by a person who after recommissioning failed to again take the oath as a notary public is hereby validated. The acknowledgment and instrument shall have the same legal effect as if the person qualified as a notary public at the time the person performed the act. This section shall apply to notarial acts performed on or after August 28, 2010, and before January 12, 2012."

SECTION 65.3.(a) If Senate Bill 42, 2011 Regular Session, becomes law, the lead-in language of Section 6.1 of Senate Bill 42 reads as rewritten:

"**SECTION 6.1.** G.S. 44A-23 ~~is amended to read as follows:~~reads as rewritten:".

SECTION 65.3.(b) If both House Bill 1052, 2011 Regular Session, and Senate Bill 42, 2011 Regular Session, become law, G.S. 44A-23(c) reads as rewritten:

"**§ 44A-23. Contractor's claim of lien on real property; perfection of subrogation rights of subcontractor.**

…

(c) A lien waiver signed by the contractor ~~prior to the commencement of an action to enforce a perfected claim of lien on real property granted under this section~~ before the occurrence of all of the actions specified in subsection (a1) and subdivision (5) of subsection (b) of this section waives the subcontractor's right to enforce the contractor's claim of lien on real property, but does not affect the subcontractor's right to a claim of lien on funds or the subcontractor's right to a claim of lien on real property allowed under G.S. 44A-20(d)."

SECTION 65.3.(c) Subsection (b) of this section becomes effective April 1, 2013, and applies to improvements to real property for which the first furnishing of labor or materials at the site of the improvements is on or after that date.

SECTION 65.4.(a) G.S. 51-1 reads as rewritten:

"**§ 51-1. Requisites of marriage; solemnization.**

A valid and sufficient marriage is created by the consent of a male and female person who may lawfully marry, presently to take each other as husband and wife, freely, seriously and plainly expressed by each in the presence of the other, either:

(1) a. In the presence of an ordained minister of any religious denomination, a minister authorized by a church, judge of the superior court, or a magistrate; and

b. With the consequent declaration by the ~~minister~~ minister, judge of the superior court, or magistrate that the persons are husband and wife; or

(2) In accordance with any mode of solemnization recognized by any religious denomination, or federally or State recognized Indian Nation or Tribe.

Marriages solemnized before March 9, 1909, by ministers of the gospel licensed, but not ordained, are validated from their consummation."

SECTION 65.5. If House Bill 237, 2011 Regular Session, becomes law, then G.S. 58-36-17, as enacted by House Bill 237, reads as rewritten:

"**§ 58-36-17. Bureau to share information with the North Carolina Industrial Commission.**

The Bureau shall provide to the North Carolina Industrial Commission information contained in the Bureau's records indicating the status of workers' compensation insurance

coverage on North Carolina employers as reported to the Bureau by the Bureau's member companies. The North Carolina Industrial Commission shall take such steps, including obtaining software or software licenses, as are necessary to be able to receive and process such information from the Bureau. The records provided to the North Carolina Industrial Commission under this section shall be confidential and shall not be public records as that term is defined in ~~G.S. 132-1.~~ G.S. 132-1. Notwithstanding the previous sentence and with respect to policies becoming effective on and after January 1, 2012, the North Carolina Industrial Commission may release data showing workers compensation insurance policy information that includes only policy effective dates, policy cancellation dates, and policy reinstatement dates. This data shall not be confidential data and shall be a public record as that term is defined in G.S. 132-1. The North Carolina Industrial Commission shall use the information provided pursuant to this section only to carry out its statutory duties and obligations under The North Carolina Workers' Compensation Act. The Bureau shall be immune from civil liability for releasing information pursuant to this section, even if the information is erroneous, provided the Bureau acted in good faith and without malicious or willful intent to harm in releasing the information."

SECTION 65.8.(a) G.S. 89G-3 is amended by adding a new subdivision to read:

"(17) Any person who can document 10 years in business as an irrigation contractor as of January 1, 2009, can document competency in the practice of irrigation construction or irrigation contracting, as determined by the North Carolina Irrigation Contractors' Licensing Board, and meets all other requirements and qualifications for licensure may be issued an irrigation contractor's license under Chapter 89G of the General Statutes, without the requirement of examination, provided that the person submits an application for licensure to the Board prior to October 1, 2012."

SECTION 65.8.(b) The North Carolina Irrigation Contractors' Licensing Board shall notify the North Carolina Cooperative Extension of the provision for licensure of experienced irrigation contractors without the requirement of an examination as provided in G.S. 89G-3(17) as quickly as practicable upon the effective date of this section.

SECTION 66. G.S. 93D-5(c) reads as rewritten:

"(c) No license shall be issued to any person until the person has served as an apprentice as set forth in G.S. 93D-9 for a period of at least one year; provided, that the one-year apprenticeship requirement shall ~~not~~ be waived ~~for persons~~ for the following:

(1) Persons qualified under ~~G.S. 93D-6; persons~~ G.S. 93D-6.

(2) Persons holding a permanent license as an audiologist under Article 22 of Chapter 90 of the General ~~Statutes~~ Statutes.

(3) Persons holding a temporary license as an audiologist under Article 22 of Chapter 90 of the General Statutes who have undergone 250 hours of supervised activity fitting or selling hearing aids under the direct supervision of a Registered Sponsor.

(5) Persons who have worked full-time for one year in the office of and under the direct supervision of an otolaryngologist fitting or selling hearing aids."

SECTION 66.5.(a) G.S. 120-11.1 reads as rewritten:

"**§ 120-11.1. Time of meeting.**

The regular session of the Senate and House of Representatives shall be held biennially beginning at 9:00 A.M. on the second Wednesday in January next after their election, and on that day they shall meet solely to elect officers, adopt rules, and otherwise organize the session. When they adjourn that day, they stand adjourned until 12:00 noon on the third Wednesday after the second Monday in January next after their election."

SECTION 66.5.(b) G.S. 150B-21.3(d) reads as rewritten:

"(d) Legislative Day and Day of Adjournment. – As used in this section:

(1) A "legislative day" is a day on which either house of the General Assembly convenes in regular session.

(2) The "day of adjournment" of a regular session held in an odd-numbered year is the day the General Assembly adjourns by joint resolution or by operation of law for more than ~~10~~ 30 days.

(3) The "day of adjournment" of a regular session held in an even-numbered year is the day the General Assembly adjourns sine die."

S**ECTION 66.7.(a)** G.S. 120-30.10 reads as rewritten:

"**§ 120-30.10. Creation; appointment of members; members ex officio.**

(a) There is hereby created a Legislative Research Commission to consist of five Senators to be appointed by the President pro tempore of the Senate and five Representatives to be appointed by the Speaker of the House. The President pro tempore of the Senate and the Speaker of the ~~House~~ House, or their designees, shall be ex officio members of the Legislative Research Commission. Provided, that when the President of the Senate has been elected by the Senate from its own membership, then the President of the Senate shall make the appointments of the Senate members of the Legislative Research Commission, shall serve ex officio as a member of the Commission and shall perform the duties otherwise vested in the President pro tempore by G.S. 120-30.13 and 120-30.14.

(b) The ~~cochairmen of the Legislative Research Commission~~ President Pro Tempore of the Senate and the Speaker of the House may appoint additional members of the General Assembly to work with the regular members of the Research Commission on study committees. The terms of the additional study committee members shall be limited by the same provisions as apply to regular commission members, and they may be further limited by the appointing authorities.

(c) The ~~cochairmen of the Legislative Research Commission~~ President Pro Tempore of the Senate and the Speaker of the House may appoint persons who are not members of the General Assembly to advisory subcommittees. The terms of advisory subcommittee members shall be limited by the same provisions as apply to regular Commission members, and they may be further limited by the appointing authorities."

SECTION 66.7.(b) G.S. 120-30.13 reads as rewritten:

"**§ 120-30.13. Cochairmen; rules of procedure; quorum.**

The President pro tempore of the Senate and the Speaker of the ~~House~~ House, or their designees, shall serve as cochairmen of the Legislative Research Commission. The Commission shall adopt rules of procedure governing its meetings. Eight members, including ex officio members, shall constitute a quorum of the Commission."

SECTION 67. G.S. 146-30(c) reads as rewritten:

"(c) The amount or rate of such service charge shall be fixed by rules and regulations adopted by the Governor and approved by the Council of State, but as to any particular sale, lease, rental, or other disposition, it shall not exceed ten percent (10%) of the gross amount received from such sale, lease, rental, or other disposition. Notwithstanding any other provision of this Subchapter, the net proceeds derived from the sale of land or products of land owned by or under the supervision and control of the Wildlife Resources Commission, or acquired or purchased with funds of that Commission, shall be paid into the Wildlife Resources Fund. Provided, however, the net proceeds derived from the sale of land or timber from land owned by or under the supervision and control of the Department of Agriculture and Consumer Services shall be deposited with the State Treasurer in a capital improvement account to the credit of the Department of Agriculture and Consumer Services, to be used for such specific capital improvement projects or other purposes as are provided by transfer of funds from those accounts in the Capital Improvement Appropriations Act. Provided further, the net proceeds derived from the sale of park land owned by or under the supervision and control of the Department of Environment and Natural Resources shall be deposited with the State Treasurer in a capital improvement account to the credit of the Department of Administration to be used for the purpose of park land acquisition as provided by transfer of funds from those accounts in the Capital Improvement Appropriations Act. In the Capital Improvement Appropriations Act, line items for purchase of park and agricultural lands will be established for use by the Departments of Administration and Agriculture. The use of such funds for any specific capital improvement project or land acquisition is subject to approval by the Director of the Budget. No other use may be made of funds in these line items without approval by the General Assembly except for incidental expenses related to the project or land acquisition. Additionally with the approval of the Director of the Budget, either Department may request funds from the Contingency and Emergency Fund when the necessity of prompt purchase of available land can be demonstrated and funds in the capital improvement accounts are insufficient. Provided further, the net proceeds derived from the sale of any portion of the land owned by the State in or around the Butner Reservation on or after July 1, 1980, shall be deposited with the State

Treasurer in a capital improvement account to the credit of the Department of Health and Human Services to make capital improvements on or to property owned by the State in the Butner Reservation subject to approval by the Office of State Budget and Management, and may be used to build industrial access roads to industries located or to be located on the Butner Reservation, to construct new city streets in the Butner Reservation, extend water and sewer service on the Butner Reservation, repair storm drains on the Butner Reservation, and for other capital uses on the Reservation as determined by the Secretary. Provided further, notwithstanding any other provision of this Subchapter, the proceeds derived from the lease dispositions of land or facilities owned or under the supervision and control of East Carolina University's Division of Health Sciences for the delivery of health care services shall be deposited in clinical accounts at East Carolina University to be used to improve access to patient care."

SECTION 68.(a) G.S. 143-553(a) reads as rewritten:

"(a) All persons employed by an employing entity as defined by this Part who owe money to the State and whose salaries are paid in whole or in part by State funds must make full restitution of the amount owed as a condition of continuing employment; provided, however, that no employing entity shall terminate for failure to make full restitution the employment of such an employee who owes money to the University of North Carolina Health Care System or to East Carolina University's Division of Health Sciences for health care services."

SECTION 68.(b) G.S. 147-86.11(e) reads as rewritten:

"(e) Elements of Plan. – For moneys received or to be received, the statewide cash management plan shall provide at a minimum that:

(1) Except as otherwise provided by law, moneys received by employees of State agencies in the normal course of their employment shall be deposited as follows:
   a. Moneys received in trust for specific beneficiaries for which the employee-custodian has a duty to invest shall be deposited with the State Treasurer under the provisions of G.S. 147-69.3.
   b. All other moneys received shall be deposited with the State Treasurer pursuant to G.S. 147-77 and G.S. 147-69.1.

(2) Moneys received shall be deposited daily in the form and amounts received, except as otherwise provided by statute.

(3) Moneys due to a State agency by another governmental agency or by private persons shall be promptly billed, collected and deposited.

(4) Unpaid billings due to a State agency other than amounts owed by patients to the University of North Carolina Health Care System or East Carolina University's Division of Health Sciences shall be turned over to the Attorney General for collection no more than 90 days after the due date of the billing, except that a State agency need not turn over to the Attorney General unpaid billings of less than five hundred dollars ($500.00), or (for institutions where applicable) amounts owed by all patients which are less than the federally established deductible applicable to Part A of the Medicare program, and instead may handle these unpaid bills pursuant to agency debt collection procedures.

(4a) The University of North Carolina Health Care System and East Carolina University's Division of Health Sciences may turn over to the Attorney General for collection accounts owed by patients.

(5) Moneys received in the form of warrants drawn on the State Treasurer shall be deposited by the State agency directly with the State Treasurer and not through the banking system, unless otherwise approved by the State Treasurer.

(6) State agencies shall accept payment by electronic payment in accordance with G.S. 147-86.22 to the maximum extent possible consistent with sound business practices."

SECTION 68.(c) G.S. 147-86.23, as amended by Section 14 of S.L. 2012-78, reads as rewritten:

"**§ 147-86.23. Interest and penalties.**

A State agency shall charge interest at the rate established pursuant to G.S. 105-241.21 on a past-due account receivable from the date the account receivable was due until it is paid. A State agency shall add to a past-due account receivable a late payment penalty of no more than ten percent (10%) of the account receivable. A State agency may waive a late-payment penalty for good cause shown. If another statute requires the payment of interest or a penalty on a past-due account receivable, this section does not apply to that past-due account receivable. This section does not apply to money owed to the University of North Carolina Health Care System or to East Carolina University's Division of Health Sciences for health care services or to the North Carolina Turnpike Authority for money owed to the Authority for tolls."

SECTION 69. Section 9(a) of Part IV of Chapter 908 of the 1983 Session Laws, as amended by Chapters 821 and 922 of the 1989 Session Laws, Section 2 of S.L. 2001-402, and Section 1 of S.L. 2011-160, reads as rewritten:

"Sec. 9.(a) Distribution and Use of Proceeds. – The local administrative authority, acting on its own behalf or as agent for each taxing entity, shall distribute the proceeds of the taxes levied in this Part as provided in this subsection. The distribution shall be made by the 20th day of each month following the month in which the tax is collected.

(4) Distribution to Charlotte for Convention and Visitor Promotion and Other Tourism-Related Purposes. –

…

d. The Towns of Cornelius, Davidson, and Huntersville shall distribute on a quarterly basis to the Lake Norman Convention and Visitors Bureau from the portion of prepared food and beverage taxes received from the City of Charlotte for the purpose of tourism-marketing promotions an amount not less than the sum of the following:

1. Twenty-eight percent (28%) of the portion of occupancy tax net proceeds received from the local administrative authority.
2. Twenty-five percent (25%) of the portion of prepared food and beverage taxes received from the City of Charlotte."

SECTION 69.1. S.L. 2012-121 is amended by rewriting Section 1.4(a1) to read:

"**SECTION 1.4.(a1)** Notwithstanding subsection (c) of this section, no person holding any elected public office may be a member of the Authority."

SECTION 70. If House Bill 950, 2011 Regular Session, becomes law, then Section 10.9F(c)(2) reads as rewritten:

"(2) The recipient (i) resides ~~either~~ in a private living arrangement, a residential facility licensed by the State of North Carolina as an adult care home, or a combination home as defined in ~~G.S. 131E-101(1a).~~G.S. 131E-101(1a); or (ii) resides in a group home licensed under Chapter 122C of the General Statutes and under 10A NCAC 27G .5601 as a supervised living facility for two or more adults whose primary diagnosis is mental illness, a developmental disability, or substance abuse dependency, and is eligible to receive personal care services under the Medicaid State Plan."

SECTION 70.5.(a) G.S. 132-1.12 reads as rewritten:

"**§ 132-1.12. Limited access to identifying information of minors participating in local government ~~parks and recreation~~ programs.**

(a) A public record, as defined by G.S. 132-1, does not include, as to any minor participating in a ~~park or recreation~~ program sponsored by a local government or combination of local governments, any of the following information as to that minor participant: (i) name, (ii) address, (iii) age, (iv) date of birth, (v) telephone number, (vi) the name or address of that minor participant's parent or legal guardian, (vii) e-mail address, or ~~(vii)~~ (viii) any other identifying information on an application to participate in such program or other records related to that program. Notwithstanding this subsection, the name of a minor who has received a scholarship or other local government-funded award of a financial nature from a local government is a public record.

(b) The county, municipality, and zip code of residence of each participating minor covered by subsection (a) of this section is a public record, with the information listed in subsection (a) of this section redacted.

(c) Nothing in this section makes the information listed in subsection (a) of this section confidential information."

SECTION 70.5.(b) G.S. 153A-345(a) reads as rewritten:

"(a) The board of commissioners may provide for the appointment and compensation, if any, of a board of adjustment consisting of at least five members, each to be appointed for three years. In appointing the original members of the board, or in filling vacancies caused by the expiration of the terms of existing members, the board of commissioners may appoint some members for less than three years to the end that thereafter the terms of all members do not expire at the same time. The board of commissioners may provide for the appointment and compensation, if any, of alternate members to serve on the board in the absence or temporary disqualification of any regular member or to fill a vacancy pending appointment of a member. Alternate members shall be appointed for the same term, at the same time, and in the same manner as regular members. Each alternate member, while attending any regular or special meeting of the board and serving on behalf of a regular member, has and may exercise all the powers and duties of a regular member. ~~If the board of commissioners does not zone the entire territorial jurisdiction of the county, each designated zoning area shall have at least one resident as a member of the board of adjustment.~~

A county may designate a planning board or the board of county commissioners to perform any or all of the duties of a board of adjustment in addition to its other duties."

SECTION 70.5.(c) This section applies to the County of Chatham only.

SECTION 71. Article 13A of Chapter 90 of the General Statutes is amended by adding a new section to read:

"**§ 90-210.25B. Persons who shall not be licensed under this Article.**

(a) The board shall not issue or renew any licensure, permit, or registration to any person or entity who has been convicted of a sexual offense against a minor.

(b) For purposes of this Article, the term "sexual offense against a minor" means a conviction of any of the following offenses: G.S. 14-27.4A(a) (sex offense with a child; adult offender), G.S. 14-27.7A (statutory rape or sexual offense of person who is 13, 14, or 15 years old where the defendant is at least six years older), G.S. 14-190.16 (first-degree sexual exploitation of a minor), G.S. 14-190.17 (second degree sexual exploitation of a minor), G.S. 14-190.17A (third degree sexual exploitation of a minor), G.S. 14-190.18 (promoting prostitution of a minor), G.S. 14-190.19 (participating in prostitution of a minor), G.S. 14-202.1 (taking indecent liberties with children), G.S. 14-202.3 (solicitation of child by computer or certain other electronic devices to commit an unlawful sex act), G.S. 14-202.4(a) (taking indecent liberties with a student), G.S. 14-318.4(a1) (parent or caretaker commit or permit act of prostitution with or by a juvenile), or G.S. 14-318.4(a2) (commission or allowing of sexual act upon a juvenile by parent or guardian). The term shall also include a conviction of the following: any attempt, solicitation, or conspiracy to commit any of these offenses or any aiding and abetting any of these offenses. The term shall also include a conviction in another jurisdiction for an offense which if committed in this State has the same or substantially similar elements to an offense against a minor as defined by this section.

(c) If a person or entity holding a license, permit, or registration in another jurisdiction has the license revoked, suspended, or placed on probation because of a felony conviction other than those enumerated above, the board shall impose a sanction equal to or greater than to the sanction imposed by the other jurisdiction.

(d) If a person or entity holding a license, permit, or registration in another jurisdiction has the license revoked, suspended, or placed on probation because of conduct related to fitness to practice as described in G.S. 90-210.25(e), the board shall impose a sanction equal to or greater than the sanction imposed by the other jurisdiction."

SECTION 71.5.(a) If House Bill 950, 2011 Regular Session, becomes law, Section 24.20 is repealed.

SECTION 71.5.(b) Section 52 of S.L. 2011-391 reads as rewritten:

"**SECTION 28.12A.** The Program Evaluation Division of the General Assembly shall conduct a comprehensive evaluation of the North Carolina Railroad Company, a North Carolina corporation of which the State is the sole shareholder and which is a discretely reported component unit of the State as defined by the Governmental Accounting Standards Board. The evaluation shall address, at a minimum, the following issues:

(1) Whether the corporation is adhering to its stated corporate mission of maximizing the value of the corporation for the people of the State.

(2) What economic development benefits have been provided by the corporation and for what costs.
(3) An evaluation of the use of available cash by the corporation, including the purchase of real property used for investment purposes rather than paying dividends to the State.
(4) The approximate value of the corporation's assets, based on a market valuation rather than historic or book value of assets.
(5) The approximate value of the entire corporation as a going concern.
(6) The effectiveness of the provisions of Chapter 124 of the General Statutes to allow the State to exercise its shareholder rights and to provide effective shareholder oversight of the corporation.
(7) Whether the ownership of the corporation provides the State a reasonable return on its investment, attempting to consider both the tangible and intangible value provided by the corporation.
(8) Whether the corporation should be sold, transferred under the jurisdiction of the Department of Transportation or another State agency, or maintain its corporate structure.
(9) Whether the General Assembly should consider the possibility of repealing the corporate charter of the corporation by a special act, as allowed under Section 1 of Article VIII of the North Carolina Constitution.

For the purposes of this evaluation, the terms "State agency" or "agency" as used under Article 7C of Chapter 120 of the General Statutes shall include the North Carolina Railroad Company.

For the purposes of this evaluation, the Program Evaluation Division is hereby granted authority to exercise the State's shareholder right to inspect the corporate books and records of the North Carolina Railroad Company on behalf of the State.

~~From funds available to the Joint Legislative Transportation Oversight Committee, the Program Evaluation Division may hire consultants to aid it in its evaluation, including experts in appraisal and valuation.~~

The Program Evaluation Division shall report the results of its study to the Joint Legislative Program Evaluation Oversight Committee and the Joint Legislative Transportation Oversight Committee no later than November 1, 2012."

SECTION 71.5.(c) The Program Evaluation Division of the General Assembly shall study, in conjunction with the Department of Administration, the inventory of all State-owned lands and the issue of public ownership of lands submerged under navigable rivers in the State.

SECTION 71.5.(d) The Program Evaluation Division shall submit its findings and recommendations to the Joint Legislative Program Evaluation Oversight Committee no later than January 15, 2013.

SECTION 71.6. Section 13 of S.L. 2009-521, as amended by Section 24 of S.L. 2011-326, reads as rewritten:

"**SECTION 13.** Any natural hair care specialist who submits proof to the Board that the natural hair care specialist is actively engaged in the practice of a natural hair care specialist on the effective date of this act, passes an examination conducted by the Board and pays the required fee under G.S. 88B-20 shall be licensed without having to satisfy the requirements of G.S. 88B-10.1, enacted by Section 2 of this act. A cosmetic art shop that practices natural hair care only and that submits proof to the Board that the shop is actively engaged in the practice of natural hair care on the effective date of this act shall have ~~two years~~ five years from the date of this act to comply with the requirements of G.S. 88B-14. All persons who do not make application to the Board within ~~two years~~five years of the effective date of this act shall be required to complete all training and examination requirements prescribed by the Board and to otherwise comply with the provisions of Chapter 88B of the General Statutes."

SECTION 71.8. If House Bill 837, 2011 Regular Session, becomes law, then Section 2 of that act reads as rewritten:

"**SECTION 2.** The State Board of Education shall work in cooperation with the American Heart Association, the American Red Cross, and other nationally recognized programs to develop a strategic plan to phase in successful completion of cardiopulmonary resuscitation instruction as a requirement for high school graduation by the 2014-2015 school year. The plan shall include costs of, and details regarding, procedures for:

…

(3) Requiring successful completion of cardiopulmonary resuscitation instruction as a requirement for high school graduation by the ~~2013-2014~~ 2014-2015 school year.

…."

SECTION 79.10.(a) G.S. 105-130.47(k) reads as rewritten:

"(k) Sunset. – This section is repealed for qualifying expenses occurring on or after ~~January 1, 2014.~~January 1, 2015.'

SECTION 79.10.(b) G.S. 105-151.29(k) reads as rewritten:

"(k) Sunset. – This section is repealed for qualifying expenses occurring on or after ~~January 1, 2014.~~January 1, 2015."

SECTION 72. Except where otherwise provided, this act is effective when it becomes law. G.S. 7A-41.1(b)(2), as amended in Section 63.5 of this act, applies to vacancies occurring on or after the date this act becomes effective.

In the General Assembly read three times and ratified this the 3rd day of July, 2012.

Huntersville Town Board Candidate Questionnaire

ericwrowell.com / Huntersville Politics

With so few opportunities for voters to hear directly from the candidates prior to election day, I am hoping this questionnaire will provide the community with more insight into your candidacy. There is no word limit – write as much or as little as necessary to answer each question. You can use the space below so I can easily copy and paste your responses.

Please return to me no later than **27 September 2019** and I will begin posting completed questionnaires at my website and simultaneously at the Huntersville Politics facebook group page beginning the week of September 30th. The questionnaires posted during the 2017 campaign were very popular and were some of the most viewed content ever at my site.

Thank you,

Eric Rowell

- A specific agenda item you want to work on if elected:

Town being more Proactive in getting things accomplished whether its road improvements, greenways or economic development.

- For challengers – one specific vote over the last two years you disagreed with and why:

- For incumbents – any vote over the last two years you would change and why – or, if none, any item you wish you the board would have accomplished and why:

I put a lot of time and effort into researching and understanding the issues at hand so when it comes time to vote I am very confident that my vote is what's best for the town. So there is not a decision that I recall that I would reverse.

- What is the proper role of town government and do you think there is any limit to what town government can use taxpayer dollars for:

Provide community local services such as Police and Fire Protection, land use regulations, public recreation facilities, waste collection and maintenance of town owned roads to name a few.

- If you are running on an anti-growth platform, how do you intend to legally halt or slow down growth in Huntersville? Be specific.:

- If not running on an anti-growth platform, how do you plan to deal with growth challenges if elected?:

We live in a fantastic area and due to our proximity to Charlotte we are experiencing and will continue to see growth. Every project that comes in the door has to be viewed independently of others and decided on if in the best interest of the town at that time.

- Should town government select winners and losers in business by providing tax incentives/tax rebates to certain companies over others:

When the Town appropriated $1,300,000 for the improvement and expansion of Patterson Road in order to entice a German company to locate their North American HQ in Huntersville it was a win for the residents of Huntersville. By our proactive approach to increasing our commercial tax base we also made that area more attractive for new commercial development. My understanding is the other land is under contract and the total investment in Huntersville, all because we built the road, will be north of $80,000,000. That is a win/win scenario.

- Are you hoping to benefit yourself personally if elected? If yes, explain. If no, one example of prioritizing Huntersville over your own self-interests:

It is my observation that every person running has good intentions in wanting to serve the community. I have not met anyone on the local level that does this for selfish gain.

- If elected, is it more important to you to vote the will of the people (however that is determined) or to vote your conscience (except when the board is acting as a quasi-judicial body):

Every vote I consider what is the best for the community, while also recognizing that not everyone is going to be happen with my position.

- Does the town need to do more to ensure transparency and accountability in its departments, including the use of independent, professional audits?:

We have a great Town staff who are transparent and are held accountable.

- Do you support the public education status quo in Huntersville?:

We formed the Huntersville Education Opportunity Study Commission to look into what, if anything, we can do to provide additional school options for our residents.

- Cats or Dogs (or Chickens)?:

- Best place to get pizza in or around Huntersville:

- Your favorite 19th century French political economist:

- Person/group most responsible for influencing your political views?:

- How can readers find out more about your campaign? (social media, website)?:

We have been considering the Town Hall Board Room and Athletic Center Conference Room. I fairly new to Huntersville, so the Committee can probably come up with more meeting location options. For future meetings, we can consider daytime meetings if we get enough advance notice – staff/consultant availability will also be a factor. Sorry to be limiting the options for this first meeting.

Good Morning –
As we prepare to start the Huntersville Community Plan Update, the Planning staff is offering an orientation meeting before we start working on the plan itself. Please click on the Doodle Poll link below and let us know which date (Sept 25th or 26th) works best for you. I apologize that we don't have more options – facility availability has caused some challenges. Once we know which date works best, you'll be notified of the meeting location.

There are also some documents that will be stored in a dropbox so you can review them. The current 2030 Community Plan will be provided, along with some of the older plans that were adopted years ago.

Thanks for your time. Please let me know if you have any questions or concerns.

The entire Committee needs to discuss meeting preferences, probably at the orientation meeting coming up. We are trying to find facilities that are conducive to good meetings, and right now that is presenting some difficulties. For the first meeting, I would ask that you select an option, despite the fact that evening hours are the only choice, for this first meeting. After that, the Committee can discuss logistics.

Thanks,
Dave

Sent to planning staff, but sending to the whole group as well. Why are the only time options in the evening? Are we not going to have the option to poll the group on meeting during the day?

Thanks,

The poll was pretty evenly divided. When can we expect a date/time for the orientation session? Will the orientation session be recorded, or materials be made available, for those of us who can't attend?

Thanks,

Eric Rowell

The funds you have provided support our Investment Pathway client-partners: individuals and families who have committed to partnering with our Coordinated Services Specialists over a long-term to identify and then achieve family goals related to becoming economically independent. Each family has demonstrated their willingness and ability to put in the effort and energy required to break their personal cycle of poverty. Ada Jenkins Center invests fully in those client-partners who invest fully in themselves.

Of the 2,686 unique individuals we served last fiscal year, the largest percentage, 34% or 896 people, resided in Huntersville. In calendar year 2018, the value of Health Services (medical and dental) for Huntersville residents was **$123,420**. (This value of service is based on the 2017 Usual and Customary Rate values from Blue Cross Blue Shield of NC.) Unrelated to the Health Services Value of Service, we spent $618 per person or **$554,964** for Huntersville residents in fiscal year 2018.

We respectfully request $20,000 (~3% of the expenses incurred serving Huntersville residents) in continued support from the Town of Huntersville to continue supporting Huntersville residents. The wrap-around support services provided to each of our Investment Pathway client-partners strengthens the likelihood that they will become financially independent within a couple of years and thereby decreases their need to depend upon government resources in order to live. Ada Jenkins Center is efficient and uniquely positioned to provide these services with minimal costs, tackling many family obstacles efficiently and effectively. Our range of services includes medical, dental, education, workforce development, economic supports, food and case management. Partner agencies operate out of our facility, decreasing the need for Huntersville residents to travel great lengths to Charlotte for similar resources.

It is our honor to be able to serve Huntersville residents and we do so knowing that had we not, local town governments would likely have had to shoulder the needs of these same residents. Your continued support will help us continue to meet the demand for assistance and will strengthen the economic vitality of north Mecklenburg County.

Sincerely,

Georgia Krueger

Dear Sir:

Thank you for furnishing information concerning the subject corporation's tax status.

This Department has assigned the corporation an exempt status for franchise and income tax purposes under Sections 105-125 and 105-130.11(3), respectively, of the General Statutes of North Carolina. This determination applies only to the organization's status under the corporate income and franchise tax laws.

If it becomes subject to the tax on unrelated business income as provided in G. S. 105-130.11(b), it will be required to complete the income tax schedules of Form CD-404 and file the return on or before the 15th day of the fifth month after the close of the income year, subject to any extension of time which may be granted. It is not required to file Form CD-427, Return of Organization Exempt From Income Tax, unless requested to do so at a later date.

This exemption is contingent upon the corporation's operating within the scope of the applicable provisions of the Internal Revenue Code. This exempt status becomes invalid at the same time as, and upon a determination by the Internal Revenue Service that the organization does not qualify for a tax exempt status under the Internal Revenue Code of 1986 or corresponding provisions of any subsequent Federal Tax Laws.

In the event of any change in the Articles of Incorporation, in the nature of the functions for which exemption has been granted, or in the mailing address, this Department should be notified promptly.

Huntersville Appropriation Request – 2019

1. Non-profit status documentation: Attached.

2. Mission: The Loch Norman Pipe Band is dedicated to the study and performance of the music of the Scottish Great Highland Bagpipe and its percussion accompaniment. The Band participates in band competitions at highland games and acts as the host band for the Loch Norman Highland Games. The Band endeavors to educate the public and promote the appreciation of Scottish music and, through these efforts, to preserve Scottish musical heritage and history.

3. Requested amount: $2000. The appropriation will be used to defray the cost of equipment for new personnel in the band which include uniform and instrument costs. We invested in new kilts for 2017 in the Davidson Modern tartan and we are replacing our hose, ties, bagpipe cords, and headwear to match our new kilts.

4. Benefit to Huntersville: The Band is based in Huntersville and practices at Hopewell Presbyterian Church. The Band makes itself available to perform at civic events such as the Loch Norman Highland Games and the Latta Planation Celtic Festival in Huntersville. The public is invited to all practices. Our travels throughout the eastern US and Canada help spread a positive image of the town.

5. Last year's financial results are enclosed.

Pattie Ellis, Finance Director
PO Box 664
Huntersville, NC 28070

Dear Ms. Pattie Ellis,

On behalf of Historic Latta Plantation, I would like to thank you for your generous support over the years. Our partnership with the Town of Huntersville is very important to our institution. Your grant funding helped us continue providing strong educational programs and events each year and has a direct impact on our ability to meet our financial goals. As a non-profit museum, we depend on your grant support to help us further our mission to cultivate community understanding through education, preservation, and celebration of our region's rich history and culture.

During the past year, we were delighted to welcome over 35,000 students and adults to Historic Latta Plantation.

All this work is carried out by staff with assistance of dedicated volunteers. Latta Place, Inc. is 80 percent self-sustaining, however the loss of the Arts and Science Council Funding did impact our institution, and the assistance received from the Town of Huntersville is needed, appreciated, and will be well utilized in carrying forth our mission and vision.

Thank you for your consideration. If you have any questions, please contact us at 704-875-2312 or by email: areiley@lattaplantation.org.

Sincerely,

Annmarie Reiley-Kay

Historic Latta Plantation

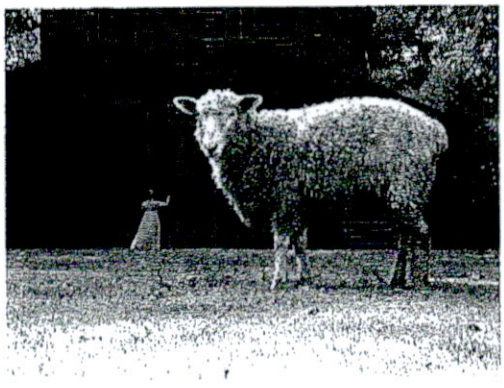
Bringing History to Life

- **Our Mission** To bring history to life for visitors of all ages.
- **Our Vision** To interpret the history and culture of Huntersville and the Piedmont of North Carolina.



Funding Request

Historic Latta Plantation is requesting $20,000 in funding from the Town of Huntersville in North Carolina.

Purpose of Funds

Reinterpreting Historic Latta Plantation: These funds will help create a brand new exhibit in the visitor center which will examine and reveal untold multicultural personal community stories of local men and women. This new and improved exhibit will also feature highlighted artisans, a children's learn and play dress up corner, interactive touch table/software, and a community platform in which to share stories within the exhibit with built-in interactive post- your-stories. Additionally, the exhibit will feature a documentary of life on the plantation and deeply rooted tales of all people who once lived here. This exhibition is intended for 4th-12th grades, families and seniors.

The exhibit's purpose is to educate, promote, and preserve North Carolina's piedmont history. The goal is to capture those untold local narratives and tell their stories. This display gives students and visitors real firsthand accounts. By exploring all of the individuals who lived in Huntersville and fought for their freedom, we anticipate that this project will shed some light on the hidden histories passed down through generations within these communities.

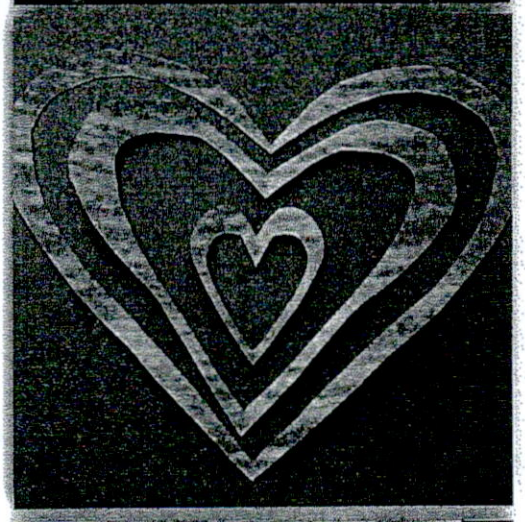
By identifying these men and women, and educating the current population this project will help preserve the stories that would otherwise fade away.

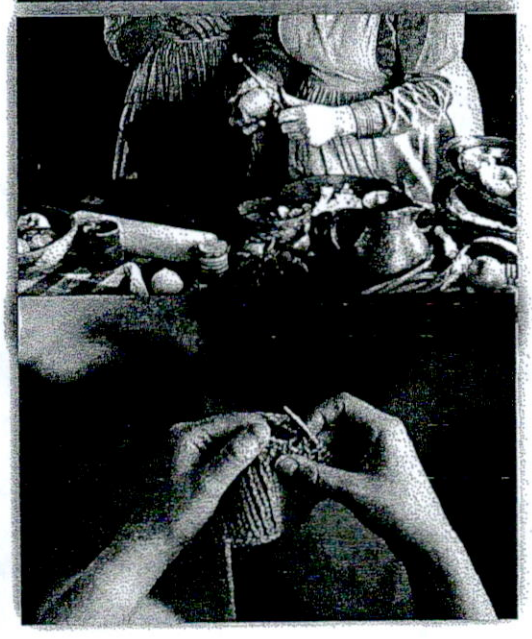
In addition to this exhibit, these funds will also go directly towards funding the preservation of our 11 historic buildings, public programs, and special events.

Community Benefit

Historic Latta Plantation is the only living history farm in Mecklenburg County. This historic site and museum offer a wide range of programming for schools, non-profit organizations, businesses, and individuals.

Hosting over 15,000 students from Charlotte Mecklenburg Schools and schools from surrounding counties, our institution gives them the opportunity to experience history in a unique setting. Our programs offer presentations and hands on activities that teach about farm life and





animal breeds, the life of a planter and of the enslaved people, history of the Underground Railroad, life as a soldier during the Revolutionary War and the Civil War, life as a merchant, and the importance of honey bees and nature.

In addition to the programs listed above, schools, homeschoolers, scouts, and 4-H groups benefit from our themed Traveling Trunk program. These oversized trunks are filled with items reflecting a specific period in history. They provide students with the opportunity to interact with real objects such as clothing, books, music, maps, and more.

Historic Latta Plantation serves the homeschool community by hosting four Homeschool Days during the year. Each day brings over 300 visitors. The homeschool programs for this year include(d) A Homeschool Christmas where students learned about early American Christmas traditions in the Latta house, smelled open hearth Christmas baking in the kitchen, and visited the farm animals. Victorian Valentines, taught students about 19th century valentine traditions as they explored the circa 1800 Latta house and grounds. Demonstrations and activities included baking in the kitchen, English country dancing, fan language and making valentines with quill pens. Coming soon is our Spring Homeschool Day which will focus on activities related to nature.

This last month we featured a free public program attended by over 90 local visitors. This program highlighted the history of Harriet Tubman. Visitors experienced a spirited performance by storyteller Carolyn Evans as she portrayed moments from Harriet Tubman's life in a moving Histo-Drama about her life and work with the Underground Railroad.

We also offer a free Monthly Cooking Guild and Monthly Fiber Circle to the public. Cooking enthusiasts meet for discussions and activities focused on hearth cooking: how to research old recipes and read them; hearth cooking techniques and the utensils, pots and pans used; how to build the right fire for the types of food to be cooked; and the differences between types of wood. The Fiber Circle is another free opportunity for the local community to meet other people with similar interests. This monthly meetup is for any persons interested in knitting, crocheting, weaving, quilting, spinning, and more. We encourage everyone to bring their current projects to work on in an easy-going atmosphere or simply come to learn more about the fiber arts.

SUMMER CAMPS

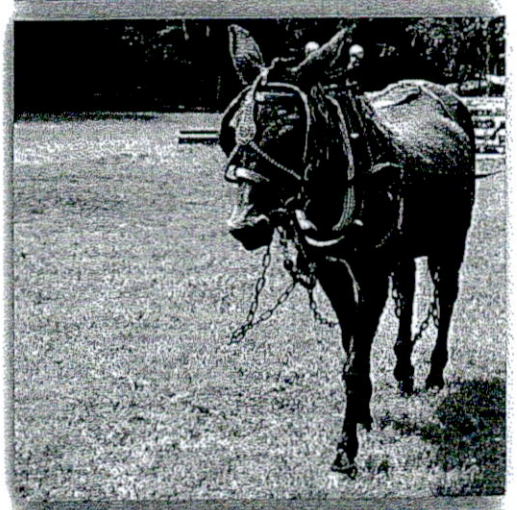
Historic Latta also offers summer camp programs for children from four to twelve years of age for a more in-depth learning experience. The camps offered are Folk Tales, Latta Lasses, Kepis & Canteens, A Farmer's Life For Me, and In the Barnyard. In each of these camps, the staff and volunteers share their knowledge and expertise with historical topics in a fun-filled atmosphere.

KEPIS & CANTEENS

"Face by the rear rank, Company. About face!" Drills, marching and battle strategies make this unique camp both fun and educational for campers as they learn the details of a Civil War soldier's life on the battlefield and back home on the plantation. Participants will be issued a toy musket for the week and receive a kepi hat, canteen and camp T-shirt to keep as they explore the grounds and hike through the woods. They'll build temporary shelters, participate in mock battles and hear from some of history's most famous figures. Parents are invited on the last day to watch rookie soldiers demonstrate an actual American Civil War battle that they've studied throughout the week. This highly interactive camp enlists both boys and girls.

LATTA LASSES

We do declare this camp gives more than a glimpse into the past! Participants will step back in time to experience what life was like for women on the plantation and in the North Carolina backcountry around the time of the Civil War. Hands-on activities include making fans, sewing, weaving, open-hearth cooking, making ice cream, cloth dying, primitive chores, English country dancing and some genteel strolling the grounds. Parents are invited on the last day to a graduation and showcase that includes a dance performance and skills demonstrations.



A FARMER'S LIFE FOR ME

Get out your dungarees! Latta Plantation is the place to be for a camp that has everything to delight kids who can't get enough of animals and the outdoors. They'll learn about agriculture and its impact on the way we live today. Age-appropriate farming experiences include planting flowers, making butter and candles, scavenger hunts, mock farm chores, supervised interactions with the Latta farm animals and hiking.

IN THE BARNYARD

With a Moo-moo here and a Moo-moo there, this camp for preschoolers offers a barnyard full of interactive activities to learn about farm animals—and provides moms with some much-needed "me" time. Campers will also enjoy planting flowers, making butter, crafts, games, and of course getting up close and personal with all of the Latta farm animals including sheep, chickens, pigs and more!

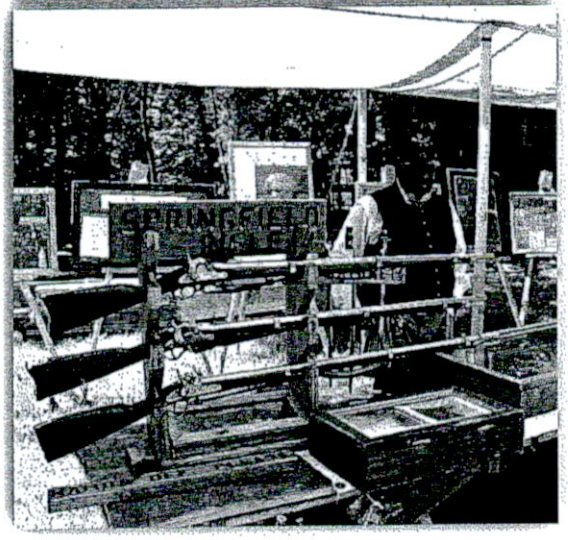
FOLK TALES

A deerskin drum...a wooden spoon...a surveyor's chain. What stories do these artifacts tell us about the peoples of the past? Inquiring minds will want to know *and* have a blast figuring out the answers in this historical investigative camp! Through hands-on activities that tap their critical thinking skills, dynamic demonstrations and first-person presentations, participants will learn the interwoven histories of the different cultures that once lived and toiled on this land.

Throughout the year, Historic Latta offers educational programs featuring animals, workshops, camps, re-enactments, and a picturesque setting for weddings and special events. The general public has the opportunity to tour the historic house with a docent dressed in period clothing. Guests can take a stroll around the historic grounds for a self-guided tour or they have the option to reserve a special Tar-Heel Tour. This is an extended tour which includes a private behind the scenes tour of the house, kitchen, and cabins to learn more about the backcountry of North Carolina. In addition to all the educational programs and workshops offered throughout the year, we also host our annual Celtic Festival.

Last year, over 3000 people attended this highly anticipated event that celebrates all things Celtic. Our living history farm transforms into a lively encampment where costumed Celtic warriors and reenactors, artisans, musicians and history buffs share their heritage with locals and visitors from afar. The plantation grounds are alive with the lilting notes of the pipe, the smoky aroma of meats roasting on open fires, and battle cries of the clans.

We expect even more attendees this year as we introduce a new affair on Saturday night–an Outlander After Party. Fans of the books and popular TV series will gather on the grounds to sample Scottish foods, raise a pint, dance and participate in a costume contest with prizes.



The site also presents living history reenactments such as Revolutionary War and Civil War Battles. These popular reenactments include bringing the local history of revolutionary Charlotte to life in September. The circa 1800 living history farm and cotton plantation buzzes with action in honoring the history of the formation of the region as we know it today.

Throughout the weekend, visitors can meet with Colonel Polk and General Lord Cornwallis. They will learn of the Mecklenburg Declaration of Independence and see its repercussions as the Revolutionary War makes its way through the local communities. Patriot and British soldier camps will be open for visitors to venture through. Children's drills will take place daily and are a hit among the youngsters.

INTERNSHIP AND VOLUNTEER OPPORTUNIES

There is always something to see and do here at Historic Latta Plantation. We offer internship experiences for high school and college students with a passion for history and education who work well with students. All interns get the opportunity to learn the basics of day-to-day operations within the historic site including tours, gift shop operations, special event planning, educational programming, and summer camp coordination. This is an ideal internship for someone interested in education, history, or the travel and tourism industry. We also partner with the Mayor's Youth Employment Program providing a work experience for high school students.

Local residents and travelers who visit Historic Latta Plantation frequently stay longer for our ongoing special events, programs, tours, and workshops. Out of town visitors who come to the historic site support our town's local restaurants, hotels, and shops. We see a direct impact from visitors exploring the town and discovering what the town has to offer.

Historic Latta Plantation's mission is to bring history to life for visitors of all ages through educational programing and workshops connected to the Carolina Piedmont heritage in Huntersville, North Carolina.

Historic Latta Plantation Tourism Information:

- Hosted visitors from over 30 states and 10 foreign countries

Historic Rural Hill, Inc. is a 501c-3 non-profit organization that operates as a working farm, historic site, educational facility, nature preserve, and event destination that is located off of Neck Road on the western edge of Huntersville. Our mission statement is: "An educational organization that provides for recognizing, celebrating, and preserving the rich heritage of Rural Hill".

On May 9, 1995, Historic Rural Hill Inc. accepted stewardship of the property known as Rural Hill. From settlement in 1765 until purchased for preservation by Mecklenburg County in 1989, Rural Hill had been the homestead for six generations of the family of Major John and Violet Wilson Davidson. Under a lease agreement with Mecklenburg County, North Carolina, Historic Rural Hill developed a Master Plan in 2001 to preserve the property as a community resource and family attraction for visitors to Mecklenburg County year round. In January 2011 Historic Rural Hill updated its master plan to guide us over the next ten years. This master plan was presented to and approved by the Huntersville Board of Commissioners as well as the Mecklenburg County Board of Commissioners.

Plans for Rural Hill include continued preservation of historic assets located within the 265 acre farm, development of historical, agricultural and environmental programs and construction of a Cultural Center that was completed in December 2012. The Rural Hill Cultural Center and May Davidson Hall has served as the location for the Huntersville Town Board retreat, the location of Huntersville Parks and Recreation's Christmas Party, the towns Holiday Lunch, and as the location of a family picnic event for the Huntersville Police Department. The Cultural Center has allowed Rural Hill to serve more local residents as well as potential tourists as the building has been a great addition to our existing events and has become one of the most popular wedding destinations in the area.

Historic Rural Hill is a regional destination where all people interested in the contributions of the Scots and Scots-Irish can experience the rich legacy of this ancient culture. We also present the story of six generations of the Maj. John Davidson family of Rural Hill and their contributions to the settlement of Huntersville and Mecklenburg County. Rural Hill serves as a working example of the farming heritage of the Catawba River Valley as well as a focal point for education, artistic, historical and cultural activities. Rural Hill also continues a

relationship with Johnson C. Smith University to work with their history department to research the African American History of Rural Hill both pre and post Civil War. This research would also expand to cover the history of the Bethesda Schoolhouse as the project progresses. We also host more than 3,000 elementary students per year for our educational field trips. In 2018 we started a grant program where through donations and community support we will host 10 schools for field trips that will not cost the school or students any money. These field trips will benefit local schools that would not have otherwise had the funding to attend a history field trip. We feel that it is important to ensure that our local history is taught and that our area students are given to the opportunity to visit a local historic site. We hope to see this program continue to grow in the coming years so that we are able to serve more students.

We are an event driven facility that is host of many community activities that engage local residents as well as attract tourists from all over the country as well as international:

We are asking the Commissioners of the Town of Huntersville to take note of the contributions made by Historic Rural Hill to our community. During the calendar year of 2018 over 100,000 people attended activities at Rural Hill. This is one of the most visited recreational sites in Huntersville and in the Charlotte area. Rural Hill has developed into a destination through continued efforts to reach out to new audiences by broadening our offerings and strengthening our longstanding traditions. Rural Hill's events make for excellent recreation and entertainment for local residents but also draw visitors to the town of Huntersville from all over the country and internationally. These visitors stay in

local hotels, eat at local restaurants, and drive traffic to local retailers. The Loch Norman Highland Games attracts international tourists and as we celebrated our 25th anniversary in 2018 we hosted Dr. Joseph Morrow the Lord Lion Kind of Arms from Scotland. Dr. Morrow is appointed to his position by the Queen and we were honored to have in Huntersville last year. The North Carolina Brewers and Music Festival has already sold tickets to residents in 19 states and Canada and we continue to host Grammy award winning bands at the event. Rural Hill's events were also recognized this past year by Charlotte Magazine, Lake Norman Currents, The Charlotte Observer, Our State, Southern Living, Blue Ridge Outdoor, Everfest, Elevate Lifestyle, and Creative Loafing as some of the best events not only in the Charlotte area but across the southeast. Our hope is that we leave visitors with an extremely favorable impression of the Town of Huntersville and that they will return to the area as tourists on a regular basis.

In 2018, we had over 14,000 volunteer hours support our community activities and we create full and part time jobs.

During the past twenty five years Historic Rural Hill has become an important community amenity; we are requesting your support of $20,000 to achieve our potential as a one of a kind local, regional and state landmark and destination. The use of these funds will assist us in furthering our mission and continuing to attract tourists to the Town of Huntersville.

Sincerely,

Jeff Fissel, Executive Director

ARTICLES OF AMENDMENT
NONPROFIT CORPORATION

The undersigned nonprofit corporation, for the purpose of amending its Articles of Incorporation, and in accordance with the provisions of Section 55A-36 of the North Carolina Nonprofit Corporation Act, hereby sets forth:

1. The name of the Corporation is: Loch Norman Highland Games, Inc.

2. The text of the amendment adopted is as follows:

   Paragraph 1 of the Articles of Incorporation is hereby amended to read as follows:

   "The name of the Corporation is Catawba Valley Scottish Society, Inc."

3. The Corporation has members with voting rights. At a regularly convened meeting of the members of the Corporation held on the 15th day of August, 1995, the Amendment was adopted. A quorum was present at the meeting held on the above date and the said Amendment received at least two-thirds of the votes entitled to be cast by members present or represented by proxy at such meeting.

IN TESTIMONY WHEREOF, the Corporation has caused these Articles of Amendment to be executed in its name by its President and Assistant Secretary, this 7th day of February, 1996.

Addendum Applies:
No

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(2).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(2) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(2) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

C. Ashley Bullard

Re: Determination of Tax Status

Ladies and Gentlemen:

Thank you for sending us a copy of the Articles of Incorporation for the above corporation.

It is our opinion that the above organization qualifies for exemption from franchise tax and corporate income tax under Sections 105-125 and 105-130.11(a)(6), respectively, of the General Statutes of North Carolina as a bona fide nonprofit organization.

If the above organization becomes subject to tax on unrelated business income as provided in G. S. 105-130.11(b), it will be required to complete the corporate income tax schedules of the regular corporation tax return, *North Carolina Corporation Franchise and Income Tax Return* (Form CD-404), or *North Carolina Franchise and Income Tax Return - Multistate Corporation*, (Form CD-405) if it has multi-state operation, and file the return on or before the 15th day of the fifth month following its year end subject to any extensions of time which may be granted. However, if such income does not exceed $1,000, the corporation will be required to file Form CD-404 or CD-405.

This determination applies only to the organization's status under the corporate income and franchise tax laws.

This organization will not be required to file (CD-427), *Return of Organization Exempt From Corporate Income Tax*, unless requested to do so at a later date.

Dear Mr. Roberts:

Please find enclosed the funding request for the Hugh Torance House and Store for the upcoming fiscal year 2019-2020 in the non-profit category. We have included all the informational requirements for the requested appropriation with the exception of our IRS 501(c)3 non-profit status, which you should have in your files. Please advise should you need an additional copy.

We also welcome the opportunity to submit our request. We had an exciting year and look forward to sharing our achievements with the Town of Huntersville on Monday, April 1st, 2019 at 5:00PM.

Should you have further needs or questions, please contact me at Wells Fargo Securities – phone (704) 410-2395, or email jane.workman@wellsfargo.com.

Thank you for your continued interest and support.

Description of Proposed Use and Benefit to Huntersville Citizens – 2019-2020

HUGH TORANCE HOUSE AND STORE
www.hughtorancehouseandstore.com

Hugh Torance House and Store continues to serve the public in the Huntersville area and beyond through educational tours of this tourist attraction and through special events. In 1779, Hugh Torance, an itinerant merchant, bought the property. The log house, built about the same time, became his home. In 1805, he added a two-story Federal addition for living space and used the older part of the log building as a store. Hugh and his son James were both merchants and farmers. In 1825, James gave up storekeeping, as cotton had become very profitable. When James died in 1847, he left 3,000 acres. It was Mecklenburg's largest plantation. An extensive collection of family records, housed at UNCC, allow us to interpret the site from its earliest settlement through the mercantile period and the plantation era. Our entire community is fortunate to have the Hugh Torance House & Store to visit.

The house and store are open for general public tours the first and third Sunday afternoons each month May through October. We do not charge admission but we accept donations and received $412 in donations last season. Tours are given by our group of trained volunteer docents using the Torance reference manual created by historian, board member and docent, Ann Williams. Any resident or group may schedule an additional tour throughout the year at their convenience by calling the site in advance. It is interesting to note that our visitors span all ages, ethnicities, and include natives, newcomers, and visitors to our area.

We also give special tours for local groups, including school groups, home school families, Scout troops, senior citizen groups, and historical and genealogical associations. A few examples of group tours in 2018 are Bear Den Pack 323 with twenty-four young men and six adults. They want to make this trip an annual event. We also hosted a DAR chapter meeting, eighteen Junior Leadership Lake Norman high school students and twenty-three Leadership Lake Norman adults for tours. We are not a required visit for Charlotte-Mecklenburg Schools, but schools may choose to bring their students to Torance. We continue to work with home school students and private schools to encourage academic tours. Visiting and learning about what "shopping" at a store was like in the 18th century is a fascinating visual and hands-on learning experience for anyone. We believe history is most indelibly learned in this way.

Visitors often mention that Torance is the only historic site they have visited in the Huntersville area. The Hugh Torance Board of Directors, in an effort to further educate Huntersville's residents and tourists about the rich history of our area, keeps brochures available to guests including the Mecklenburg County historic site brochure published by the Charlotte Regional History Consortium (of which we are a member and which includes all public historic sites in the Huntersville area as well as the Charlotte region), the Mecklenburg County Landmarks Commission rack card, and event information from

Latta, Rural Hill, and Hopewell. Torance is positioned as a natural "gateway" to other historic sites in the Huntersville area.

This year we request that Huntersville assist us with $12,000.00 in funds to be used toward our annual operating budget (attached) which includes utilities, insurance, accounting, security and site and building maintenance. We also need funds for repair of rotted areas of window sills and siding, a floor joist issue, painting of the entire house, and installation of new shutters. We continue to search for funding sources and partnerships to maintain this structure and accomplish our education goals.

We are a small 501(c)3 non-profit run entirely by dedicated volunteers, but have proven to be a solid asset to the Town of Huntersville and its citizens through our long history of managing this site efficiently and cost effectively. We believe this funding is a worthwhile investment for Huntersville in the continued operation of this unique historic site – the oldest standing store in North Carolina.

Hugh Torance House and Store is still a treasure 240 years after Hugh Torance bought the land where it sits. This structure allows us to educate the public about life in the 18th and early 19th century Carolina Backcountry. Our Board of Directors would like to thank the Huntersville officials for your generous funding to us in the past. We thank you in advance for supporting this historic site again this year. Your contribution truly enables us to keep the doors open at one of Huntersville's most unique tourist attractions. Please bring your family and friends and come tour with us soon.

Respectfully submitted by
Hugh Torance House and Store Board of Directors

Huntersville Fire Department

Strategic Operations and Budget Plan
For July 1, 2019 to June 30, 2020

Fire Chief:
Jim Dotoli
Treasurer:
Henry Cook

Mission Statement

The mission of the Huntersville Fire Department is to prevent and safeguard the loss of lives and property of all the citizens in the Town of Huntersville and Mecklenburg County. The Huntersville Fire Department will implement fire suppression, rescue operations and community awareness when called upon to do so for the saving of life, property and resources.

Historical Overview:

Grant Revenue	FY 2016	FY 2017	FY 2018
Federal Grants	$0	*$0*	$0
Fire House Subs Safety Grant	$0	*$20,000*	$0
Total Grant Support Funds	$0	*$20,000*	$0

Performance	2017	2018
Busiest Monthly Calls	482	542
Property Loss	18 Million	1.6 Million
Call Volume Increase	27%	38%
Total calls for service	4,728	6,542
Avg. Turnout time (Dispatch to Enroute)	1:00	1:00
Avg. Response Time (Enroute to On-scene)	5:40	5:48

Measured Performance

(Non-emergency responses are not to be included.)

- *90% of emergency calls for service will have a turnout time less than 1-minute.*
- *95% of emergency calls will reflect an on-scene for the initial apparatus within 6 minutes.*
- *100% of the emergency responses to educational facilities such as schools will reflect an on-scene time of 5 minutes or less.*
- *100% of in-district elementary school students will be exposed to a fire prevention program during Fire Prevention Week.*
- *100% of department officers will have completed NIMS training in preparation for managing incidents and ensuring interoperability with other agencies.*

Strategic Analysis Goals for FY 2019-2020

1st Goal: Command Staff Position

Since FY 17, the calls for service have steadily increased. The Fire Departments response volume continues to increase approximately 32% percent each year projecting the FY18 response volume to reach over 6,500 responses. The substantial growth in the Huntersville Fire District as well as the Town has put a greater demand on the day to day emergency and non-emergency services provided by the fire department. This year HFD is requesting funding for one Fire Chief/Deputy or Assistant to be on duty 12 hours a day 365 day a year.

2nd Goal: Land Purchase for Station #5

The acquisition of a service delivery site in this area will affect several factors over the next decade for our department. It will allow us to provide immediate access to the Northeast side of our district and improve fire and rescue services in this area. This will introduce an immediate improved response in the area of Hiwassee and McCord Road. With the completion of this station HFD will be able to meet response times to the furthest part of our ETJ district Poplar Tent Road and Highway 73.

3rd Goal: Hourly Rate Increase

The Huntersville Fire Department is requesting a $1.50 an hour increase for all part-time employees approximately 110 members. This increase would raise each employee's hourly wage, continuing positive employee relations as well as maintaining a competitive market rate. The average part -time rate in Mecklenburg County for a firefighter is $15.00 compared to a starting rate for a Huntersville Firefighter at a pay rate of $12.50 an hour. We recognize that our part time employees are our most important asset and urge your support of this increase.

We deliver our services, spend our time and help people without hesitation, without judgement. We do see the absolute worst in forms of living conditions, an aging population that is often forgotten and neglected and children living in shocking conditions. We see the poor, the middle class and the rich and everyone gets treated with a full 100 percent when they need us. We see the aftermath of drunk drivers, distracted drivers and street racers. We see domestic violence and innocent victims caught up at the wrong places at the wrong time. We know the secrets held by many prominent community names and we know the greatness in nameless citizens who are always there to help their neighbors. We often get the opportunity for others to see another birthday, anniversary or Thanksgiving with his or her family. Sometimes we just help change a tire, bandage a scraped knee, help someone off the floor and back into bed or simply offer directions to a lost traveler.

In the middle of this, we dislodge the skepticism and bliss and focus on making the situation better for anyone needing or willing to receive our help with no hesitation or regard for race, politics or religion. It's an example of humanity that occurs in the thousands of calls a year across the Huntersville Fire Department service area. I am thankful to have the opportunity to be a part of the greatest profession in the world. I am thankful for the opportunity and accept the responsibility to make a difference. Thanks to the Huntersville fire service for giving me the opportunity do what I was called to do and thanks for all those who helped and continue to help along the way.

Hi Eric.

The document you request falls under the protection of N.C.G.S. 160A-168 and is therefore not subject to public inspection as a public record. The *information* that is made public under N.C.G.S. 160A-168(b)(1-12) does not allow for inspection of the records themselves containing this information with two exceptions: (1) N.C.G.S. § 160A-168(11) provides that if there is a dismissal, "a copy of the written notice of the final decision of the municipality setting forth the specific acts or omissions that are the basis of the dismissal" is a public record; and (2) if there is a document that contains *only* the information made public by (b)(1-12), such as a list of employees and their position titles, for example, that document would be a public record. Except as mentioned, the statute provides for the release of "information" with regards to the information listed in (b)(1-12), not the records themselves. My interpretation is consistent with the opinion of the Institute of Government. See the article attached.

The document excerpts that were released to you previously were released because in my opinion those excerpts were public records, not personnel records, since their contents related to general policy matters, and not to a particular employee or personnel action/decision.

Coates' Canons Blog: Access to Records or Lists of Information: What Does the Public Records Law Require?

By Frayda Bluestein

Article: https://canons.sog.unc.edu/access-to-records-or-lists-of-information-what-does-the-public-records-law-require/

This entry was posted on August 25, 2010 and is filed under Open Government, Public Records (General)

How should a North Carolina local government respond to the following public records requests?

First, a request for a list of all building permits issued to governing board members or their relatives.

Second, a request (submitted after October 1, 2010 under the **revised personnel privacy law**) for a list of the date and type of each dismissal, suspension, or demotion for disciplinary reasons within the past ten years for any law enforcement officer employed by the agency.

Assume that in each case these lists don't already exist, but with some effort, they could be created from records that do exist. Does state law require the public agency to create these lists? In my view, the law does not require a public agency to create the first list (although the agency may prefer to do so rather than provide all of the records in which this information exists), but the law does require the agency to provide the second list.

Why the different results? Although the general provisions of the **public records law** make clear that an agency is not required to create records in response to a public records request, the personnel privacy laws mandate that specific *information* is public. This means that if such personnel information is requested, it is the information itself, not the record on which is exists, to which the right of access applies. **Section 132-6.2** of the public records law deals with a public agency's general obligation to provide copies of public records. Subsection (e) of that statute says:

"Nothing in this section shall be construed to require a public agency to respond to a request for a copy of a public record by creating or compiling a record that does not exist. If a public agency, as a service to the requester, voluntarily elects to create or compile a record, it may negotiate a reasonable charge for the service with the requester."

This provision is the basis for the answer to the first request. The records that contain the requested information are subject to public access under the public records law. An agency could allow a person to review those records and request copies of any that contain the information they seek, or the agency might offer to create the requested list and negotiate with the requester for a reasonable fee. (Note that that there is no authority to *require* the requester to pay for the unit's time in identifying the records or creating the list.) There is no law, however, that requires the unit of government to extract information from the building permit records and create the list in response to the request.

The response to the second request is different because the status of that information is governed by the specific personnel privacy statutes that govern public employee records. Those statutes are separate from the Public Records Act, and although they make most personnel information confidential, they each contain a list of information about employees that is "a matter of public record." As noted in my **earlier post,** this list has been changed for most North Carolina public agencies, effective October 1, 2010. (That post also lists the various agencies affected by the new law, and discusses some slight differences in the wording of their personnel privacy statutes, which may affect the obligations of some of agencies with respect to this type of request.) Except in one case, the things that are public under the personnel privacy statutes are of types of information – not specific records. The one exception is the new requirement to provide "a copy of the written notice of the final decision of the (agency) setting forth the specific acts or omissions that are the basis of the dismissal." That provision provides access to a specific type of record. As I noted in my **earlier post,** it's my view that this probably requires access to the record *if it exists,* but not the creation of a record to comply with the request. For the other types of information that are made public under the personnel privacy statutes, it appears that if a list of information is

requested, agencies are required to provide the list, rather than access to the records that contain the information.

Good morning Eric!

We can neither confirm or deny whether an insurance claim was submitted to the Town's insurance carrier related to any employee. To answer your question would confirm or deny whether an insurance claim was submitted relative to an employee, and therefore we cannot provide that information.

Thanks.

I bumped into Representative Bill Brawley (sponsor of HB 514) yesterday and he said he would love to speak to us about his motivation and give a bit of historical perspective. He is having cataract surgery the end of Jan so we would need to schedule with him soon to find out when he believes he could attend. If anyone needs his contact info let me know. I would think including him if possible with Mayor Myers and Kevin Parsons would be great.

Subject: Invitation to CMS

Regarding our meeting with someone from CMS it occurred to me we are asking the wrong people to attend. As I see it our goal is to understand CMS's position as relates to facility planing for Huntersville and the remainder of North Mecklenburg. The reason for the very formation of this committee was the fact that CMS did not provide a single "neighborhood" seat in the last bond campaign. This was done without any conversations with the towns or planning staffs. The Board of County Commissioners (BOCC) and the Board of Education (BOE) met, if my memory is correct, three times over a nearly two year period to discuss in detail the bond proposal. The BOCC in fact delayed placing a bond on the ballot in 2016 since CMS was discussing what their student assignment philosophy would be and until that was somewhat codified the BOCC wanted to wait. That said, there was a list of schools prioritized by CMS using whatever matrix etc. they employed. At every occasion I commented that I would NOT support the list since there wasn't any capacity for the north and that there was millions slated for magnet schools that no one could define the rational nor prioritize how the schools would accept students, who would go there and the rational for where they would be built

At our final joint meeting where the list was presented I confirmed I would not support when it came to us on our agenda and there was NO attempt to compromise or make accommodation for my concerns. AFTER that meeting according due to pressure from a member of the BOCC, West Charlotte and another elementary school that I can't recall the name, was moved up onto the bond package LEAP-FROGGING North Meck and Huntersville Elementary. The BOCC was then presented with the new list for our official vote and I was the lone NO.

So it is my belief that the nature of having CMS come to speak to us is to offer an opportunity to explain why/how the original list (that was used for two years) was developed, why it was changed with NO debate after the final joint meeting, and why the BOE then felt it was prudent to adopt as policy a framework to ignore our area going forward.

That said, Dr. Wilcox wasn't the superintendent during the meetings surrounding the bond project list (he did attend as a spectator I believe for he final joint meeting) and to the best of my memory Rhonda Cheek wasn't at any of the joint meetings where the list was discussed. With that in mind it isn't really fair nor prudent to have them speak to why the actions were taken in as much as they

weren't there It is my understanding from the press Rhonda has stated she had no knowledge about the new "policy" yet Charles Jeter has stated she did. I will defer to Rhonda's version but that means she has no standing as to the rationale used for the policy. Therefore I believe the person who should be asked to speak to the actions taken is the board chair, Mary McCray. She can also speak to her vision going forward. Dr. Wilcox and Rhonda should be invited to attend if they wish.

weren't there It is my understanding from the press Rhonda has stated she had no knowledge about the new "policy" yet Charles Jeter has stated she did. I will defer to Rhonda's version but that means she has no standing as to the rationale used for the policy. Therefore I believe the person who should be asked to speak to the actions taken is the board chair, Mary McCray. She can also speak to her vision going forward. Dr. Wilcox and Rhonda should be invited to attend if they wish.

Hi Lara,

Attached is the Appraisal and Proof of Loss on the 2012 Dodge Charger, Vin # 1040 that rolled into the chain link fence.

The figures to repair are $2,396.55 less $500.00 deductible = $1,896.55 payment to the Town.

Please sign the Proof and have notarized then email or fax back to me. Upon receipt of the signed/notarized Proof of Loss, I will send the check.

You can go ahead with repairs.

Please let me know if any questions.

Happy Wednesday☺!

Thanks,
Audrey

Good morning Lara,

I have been monitoring this claim for an underinsured motorist claim against our policy. I spoke to the at-fault carrier today and they stated that they should be able to settle this injury claim well within their policy limits. Therefore, I am closing our file. Please let me know if you have any questions.

Thank you,

Dear Ms. cagle,

I am writing to provide you with an update on the status of this Subrogation claim. As you are aware, we have been pursuing a third-party for potential reimbursement of payments made for damages on this claim.

I am pleased to inform you that we have recovered 100% of these payments, including your deductible. We have issued a check to you for the amount of your deductible $1,000.00 under separate cover.

If you have any questions, please contact me at the telephone number or email address listed below.

Sincerely,

Good Morning,
Sorry for the delay in response. Yes, Travelers will be requesting that a portion of the deductible be returned in the amount of $500.00. It was confirmed that the Town of Huntersville NC's deductible is only $500.00, but a check was issued on 10/11/2018 for $1000.00. Please let me know if you have any questions.

Thank You,

Thanks Adrienne,
Could you please send me an email, basically outlining the overpayment of the deductible with a request for the $500 to be returned?

And, just to confirm, the check should go to the PO Box below?

Regards,
Lara

Hi Adrian,
I am working on getting the deductible issue resolved that we spoke about yesterday. I should have asked while we were on the phone, who should the payee be for the check and do you want it to be mailed to you?

Thank you,

Hi Lara,

Yes, we did work directly with the shop. We actually had a supplement come across my desk today and I issued payment for that.

You deductible is $500. I have issued an additional $500 to the shop to make up the difference of the $1000 originally written for.

Hi Liz,
Did you work with Toyota on this appraisal? I'm surprised that it is so different from their estimate, so want to understand how you get to this value. Also, the deductible on this is listed as $1,000 instead of $500. Do you handle a subrogated claim differently that the deductible is higher than normal?

Dear Ms. Cagle,

I am writing to introduce myself as the subrogation professional for The Charter Oak Fire Insurance Company. This means that I am part of the team responsible for researching whether another party is legally responsible for damages sustained in this claim.

If we find that another party is responsible, we will pursue recovery of your deductible and the payments made by The Charter Oak Fire Insurance Company on your claim from the party responsible for your loss.

In addition, we would like to know if you incurred any documented, uncovered expenses, other than your deductible, related to this loss. Uncovered expenses are not covered by your policy. We are unable to negotiate reimbursement of these out of pocket expenses on your behalf. As a courtesy, however, we are happy to assist you by forwarding your documentation supporting these expenses to the responsible party insurance carrier. If you have documentation you would like us to forward, send them to me at the address below and I will forward them to the responsible party carrier and ask a representative to contact you directly to discuss further.

We are committed to keeping you informed throughout the recovery process and ask for your patience as this may take some time. We will provide you with periodic updates throughout the process. As soon as this matter is resolved, you will be notified of the outcome.

If you have any questions about this information, please do not hesitate to contact me at either the telephone number or email address listed below.

Sincerely,

This instrument is not an authorization to repair. Repair must be pre-authorized by the vehicle owner.

Vehicle owner maintains the right to repair vehicle at a repair facility of their choice.

Please present this estimate to the repair facility prior to repairs.

THIS ESTIMATE HAS BEEN PREPARED BASED ON THE USE OF AUTOMOBILE PARTS NOT MADE BY THE ORIGINAL MANUFACTURER. PARTS USED IN THE REPAIR OF YOUR VEHICLE MADE BY OTHER THAN THE ORIGINAL MANUFACTURER ARE REQUIRED TO BE AT LEAST EQUIVALENT IN TERMS OF FIT, QUALITY, PERFORMANCE, AND WARRANTY TO THE ORIGINAL MANUFACTURER PARTS THEY ARE REPLACING.

Estimate of Record

2016 DODG Charger Police RWD (Fleet) 4D SED 8-5.7L Gasoline Sequential MPI BLACK

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DR3PB11, CCC Data Date 9/14/2018, and potentially other third party sources of data; and (b) the parts presented are OEM-parts manufactured by the vehicles Original Equipment Manufacturer. OEM parts are available at OE/Vehicle dealerships. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships. OPT OEM or ALT OEM parts may reflect some specific, special, or unique pricing or discount. OPT OEM or ALT OEM parts may include "Blemished" parts provided by OEM's through OEM vehicle dealerships. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2019 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:

SYMBOLS FOLLOWING PART PRICE:

Hello Ms. Cagle

As you know I am handling the recovery efforts for the Travelers on the above claim. The at-fault carrier does have a limits issue. Therefore our recovery will be prorated.

When we previously spoke, you confirmed that there was no out-of-pocket expense as related to this loss. Prior to signing the release however, I again would like to confirm no out-of-pocket expense as once the release is signed no additional damages can be pursued.

If you could please respond either way that would be appreciated.

Sincerely

Good Afternoon,

My name is Deidre, I will be handling the total loss of your vehicle. I know you are out of town until next week, I thought I would get an email to you to review upon your return.

As you may know already, the vehicle has been deemed a total loss. After considering all of your vehicle's options, mileage, and general condition, in accordance with State Insurance Department Regulation, we have determined the actual cash value (ACV) to be listed in the attached report.

Also please advise the status of the title. If there is lien or lease on the vehicle, please provide the finance institutions name and contact information.

Please let me know if you have any questions. Thank you and I look forward to hearing from you!

The total may not represent the total of the settlement as other factors (e.g. license and fees) may need to be taken into account.

The CCC ONE® Market Valuation Report reflects CCC Information Services Inc.'s opinion as to the value of the loss vehicle, based on information provided to CCC by TRAVELERS.

Loss vehicle has 21% fewer than average mileage of 124,200.

BASE VEHICLE VALUE

This is derived per our Valuation methodology described on the next page.

ADJUSTED VEHICLE VALUE

This is determined by adjusting the Base Vehicle Value to account for the actual condition of the loss vehicle and certain other reported attributes, if any, such as refurbishments and after factory equipment.

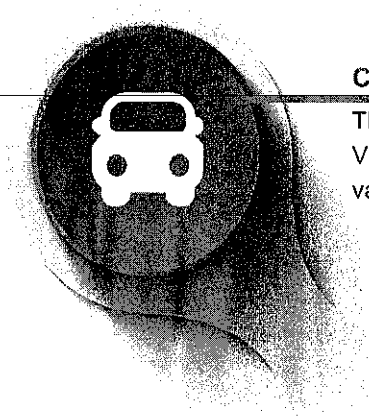
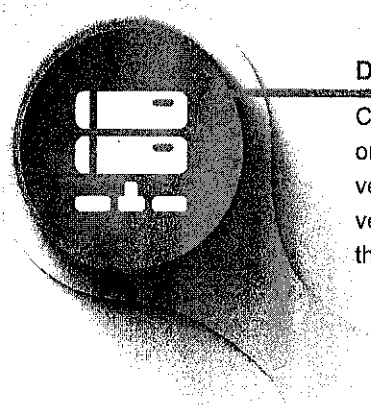
VALUATION METHODOLOGY

How was the valuation determined?



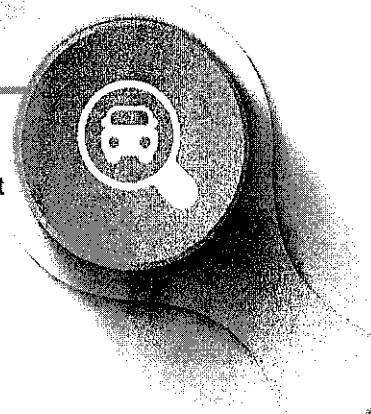
CLAIM INSPECTION

TRAVELERS has provided CCC with the zip code where the loss vehicle is garaged, loss vehicle VIN, mileage, equipment, as well as loss vehicle condition, which is used to assist in determining the value of the loss vehicle.



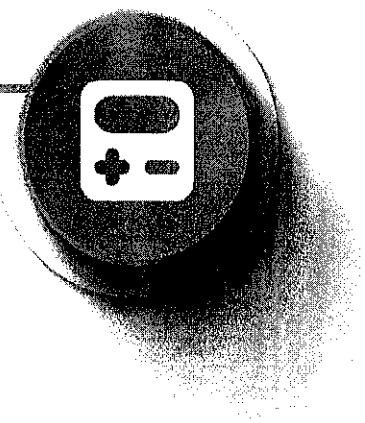
DATABASE REVIEW

CCC maintains an extensive database of vehicles that currently are or recently were available for sale in the U.S. This database includes vehicles that CCC employees have physically inspected, as well as vehicles advertised for sale by dealerships or private parties. All of these sources are updated regularly.



SEARCH FOR COMPARABLES

When a valuation is created the database is searched and comparable vehicles in the area are selected. The zip code where the loss vehicle is garaged determines the starting point for the search. Comparable vehicles are similar to the loss vehicle based on relevant factors.



CALCULATE BASE VEHICLE VALUE

Adjustments to the price of the selected comparable vehicles are made to reflect differences in vehicle attributes, including mileage and options. Dollar adjustments are based upon market research.

Finally, the Base Vehicle Value is the weighted average of the adjusted values of the comparable vehicles based on the following factors:

- Source of the data (such as inspected versus advertised)
- Similarity (such as equipment, mileage, and year)
- Proximity to the loss vehicle's primary garage location
- Recency of information

Reported* Option(s) added after initial valuation

Allowances are factors influencing the value of the loss vehicle when compared to a typical vehicle. The typical vehicle is a vehicle of the same year, make, and model as the loss vehicle, including average mileage, and all standard equipment. These allowances are displayed for illustrative purposes only.

The Base Vehicle Value is calculated from the comparable vehicles with adjustments to reflect the loss vehicle configuration

TRAVELERS uses condition inspection guidelines to determine the condition of key components of the loss vehicle prior to the loss. The guidelines describe physical characteristics for these key components, for the condition selected based upon age. Inspection Notes reflect observations from the appraiser regarding the loss vehicle's condition.

CCC makes dollar adjustments that reflect the impact the reported condition has on the value of the loss vehicle as compared to Private Owner condition. These dollar adjustments are based upon interviews with dealerships across the United States.

NHTSA VEHICLE RECALL

The National Highway Traffic Safety Administration has issued 6 safety related recall notices that may apply to the above valued vehicle.

NHTSA Campaign ID : 10V161000

Mfg's Report Date : APR 16, 2010

Component : SEATS:FRONT ASSEMBLY:RECLINER

Potential Number Of Units Affected : 33256

Summary : FORD IS RECALLING CERTAIN MODEL YEAR 2010 FUSION, EXPLORER, EXPLORER SPORT TRAC, AND MERCURY MILAN AND MOUNTAINEER VEHICLES MANUFACTURED BETWEEN DECEMBER 15, 2009 THROUGH FEBRUARY 3, 2010 EQUIPPED WITH FRONT SEAT MANUAL RECLINERS. THESE VEHICLES FAIL TO COMPLY WITH THE REQUIREMENTS OF FEDERAL MOTOR VEHICLE SAFETY STANDARD NO. 202, HEAD RESTRAINT. THE RECLINER GEAR PLATE TEETH MAY BE OUT OF DIMENSION SPECIFICATION WHICH COULD RESULT IN LIMITED PAWL TO GEAR PLATE TOOTH ENGAGEMENT.

Consequence : IN THE EVENT OF A CRASH, THE SEATBACK AND HEAD RESTRAINT MAY MOVE REARWARD, INCREASING THE RISK OF INJURY.

Remedy : DEALERS WILL REPLACE THE MANUAL RECLINERS FOR BOTH POWER AND MANUAL SEATS FREE OF CHARGE. THE SAFETY RECALL IS EXPECTED TO BEGIN ON OR BEFORE APRIL 30, 2010. OWNERS MAY CONTACT FORD AT 1-866-436-7332.

Notes : OWNERS MAY ALSO CONTACT THE NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION'S VEHICLE SAFETY HOTLINE AT 1-888-327-4236 (TTY 1-800-424-9153), OR GO TO HTTP://WWW.SAFERCAR.GOV .

NHTSA Campaign ID : 10V222000

Mfg's Report Date : MAY 21, 2010

Component : POWER TRAIN:AUTOMATIC TRANSMISSION

Potential Number Of Units Affected : 19

Summary : FORD IS RECALLING CERTAIN MODEL YEAR 2010 FUSION, MILAN, AND ESCAPE VEHICLES MANUFACTURED FROM FEBRUARY 27, THROUGH MARCH 26, 2010. THE PARK ROD GUIDE RETENTION PIN MAY NOT HAVE BEEN PROPERLY INSTALLED WHICH FAILS TO CONFORM TO THE REQUIREMENT OF FEDERAL MOTOR VEHICLE SAFETY STANDARD NO. 114, "THEFT PROTECTION AND ROLLAWAY PREVENTION".

Consequence : A VEHICLE PARKED WITHOUT AN ENGAGED PARK PAWL AND WITHOUT AN APPLIED PARKING BRAKE MAY HAVE UNINTENDED MOVEMENT WHICH MAY CAUSE A CRASH.

SUPPLEMENTAL INFORMATION

Remedy : FORD WILL NOTIFY OWNERS AND DEALERS WILL REPAIR THE VEHICLES FREE OF CHARGE. THE SAFETY RECALL IS EXPECTED TO BEGIN ON OR ABOUT MAY 28, 2010. OWNERS MAY CONTACT FORD MOTOR COMPANY CUSTOMER RELATIONSHIP CENTER AT 1-866-436-7332 AND FOR THE HEARING IMPAIRED CALL 1-800-232-5952 (TDD). REPRESENTATIVES ARE AVAILABLE MONDAY THROUGH FRIDAY: 8:00AM - 5:00PM.

Notes : FORD'S RECALL CAMPAIGN NUMBER IS 10C12. OWNERS MAY ALSO CONTACT THE NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION'S VEHICLE SAFETY HOTLINE AT 1-888-327-4236 (TTY 1-800-424-9153), OR GO TO HTTP://WWW.SAFERCAR.GOV .

NHTSA Campaign ID : 11V574000

Mfg's Report Date : DEC 05, 2011

Component : WHEELS:LUGS/NUTS/BOLTS

Potential Number Of Units Affected : 128,616

Summary : FORD IS RECALLING CERTAIN MODEL YEAR 2010-2011 FORD FUSION AND MERCURY MILAN VEHICLES EQUIPPED WITH 17 INCH STEEL WHEELS AND BUILT FROM APRIL 1, 2009, THROUGH APRIL 30, 2009, AND FROM DECEMBER 1, 2009, THROUGH NOVEMBER 13, 2010. THE WHEEL STUDS MAY FRACTURE, POTENTIALLY CAUSING A WHEEL TO SEPARATE.

Consequence : WHILE DRIVING, MULTIPLE STUD FRACTURES COULD OCCUR AT THE WHEEL LOCATION, AND THE OPERATOR MAY EXPERIENCE VEHICLE VIBRATION AND/OR WHEEL SEPARATION, INCREASING THE RISK OF A CRASH.

Remedy : FORD WILL NOTIFY OWNERS, AND DEALERS WILL INSPECT THE REAR BRAKE DISC SURFACE FOR FLATNESS AND REPLACE THE DISCS AS NECESSARY. ADDITIONALLY, THE WHEEL LUG NUTS WILL BE REPLACED ON ALL FOUR WHEELS. THE SAFETY RECALL IS EXPECTED TO BEGIN ON OR ABOUT JANUARY 24, 2012. OWNERS MAY CONTACT THE FORD MOTOR COMPANY CUSTOMER RELATIONSHIP CENTER AT 1-866-436-7332.

Notes : FORD'S RECALL NUMBER IS 11S23. OWNERS MAY ALSO CONTACT THE NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION'S VEHICLE SAFETY HOTLINE AT 1-888-327-4236 (TTY 1-800-424-9153), OR GO TO HTTP:// WWW.SAFERCAR.GOV .

NHTSA Campaign ID : 15V793000

Mfg's Report Date : NOV 24, 2015

Component : FUEL SYSTEM, GASOLINE

Potential Number Of Units Affected : 411,205

© Copyright 2016 CCC Information Services Inc. All Rights Reserved.

SUPPLEMENTAL INFORMATION

Summary : Ford Motor Company (Ford) is recalling certain model year 2010-2011 Ford Fusion vehicles manufactured July 21, 2008, to March 4, 2011, and 2010-2011 Mercury Milan vehicles manufactured July 23, 2008, to December 10, 2010. The affected vehicles have fuel vapor canisters whose purge valves may not operate properly resulting in abnormal pressure changes in the fuel tank.

Consequence : The pressure changes may cause the tank to crack and leak fuel. A fuel leak in the presence of an ignition source increases the risk of a fire.

Remedy : Ford will notify owners, and dealers will update the vehicle powertrain control modules and inspect the vehicle for any diagnostic trouble codes (DTCs) for this issue and perform a leak test on the Canister Purge Valve (CPV). The fuel tank will be inspected for cracks. The CPV and fuel tank will be replaced as necessary. These repairs will be performed free of charge. The recall is expected to begin January 11, 2016. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 15S34.

Notes : Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

NHTSA Campaign ID : 16V384000

Mfg's Report Date : MAY 31, 2016

Component : AIR BAGS

Potential Number Of Units Affected : 1,896,443

Summary : Ford Motor Company (Ford) is recalling certain model year 2007-2011 Ford Ranger vehicles, 2006-2011 Ford Fusion, Mercury Milan and Lincoln Zephyr/MKZ vehicles, 2007-2010 Ford Edge, Lincoln MKX vehicles, 2005-2006 Ford GT vehicles, and 2005-2011 Ford Mustang vehicles originally sold, or ever registered, in Alabama, California, Florida, Georgia, Hawaii, Louisiana, Mississippi, South Carolina, Texas, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands (Saipan), and the U.S. Virgin Islands, or "Zone A." Additionally, unless included in "Zone A" above, Ford is recalling certain model year 2007-2008 Ford Ranger, Edge and Lincoln MKX vehicles, 2006-2008 Ford Fusion, Mercury Milan and Lincoln Zephyr/MKZ vehicles, 2005-2006 Ford GT vehicles and 2005-2008 Ford Mustang vehicles originally sold, or ever registered, in Arizona, Arkansas, Delaware, District of Columbia, Illinois, Indiana, Kansas, Kentucky, Maryland, Missouri, Nebraska, Nevada, New Jersey, New Mexico, North Carolina, O...

Consequence : An inflator rupture may result in metal fragments striking the vehicle occupants resulting in serious injury or death.

Remedy : Ford will notify owners, and dealers will replace the passenger frontal air bag inflator, free of charge. The recall is expected to begin July 11, 2016. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 16S26.

NHTSA Campaign ID : 18V046000

Mfg's Report Date : January 11, 2018

Potential Number Of Units Affected : 327,796

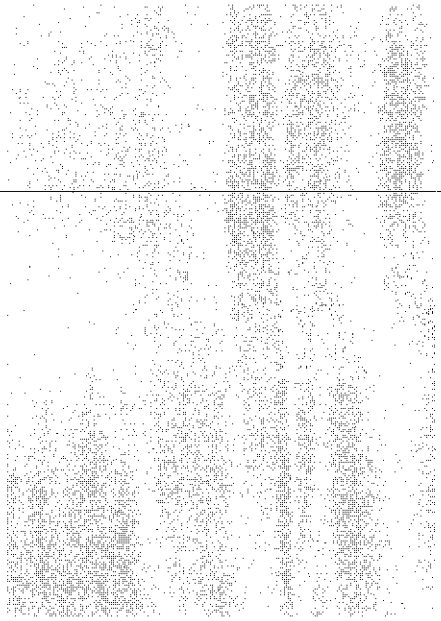
SUPPLEMENTAL INFORMATION



Summary : Ford Motor Company (Ford) is recalling certain 2013 Ford Mustang vehicles sold, or ever registered in the states of Alabama, California, Florida, Georgia, Hawaii, Louisiana, Mississippi, South Carolina, Texas, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands (Saipan), and the U.S. Virgin Islands or "Zone A." Additionally, Ford is recalling certain 2010 Ford Edge, Fusion, Mustang and Ranger, Lincoln MKX and Zephyr/MKZ, and Mercury Milan vehicles ever registered in the states of Arizona, Arkansas, Delaware, District of Columbia, Illinois, Indiana, Kansas, Kentucky, Maryland, Missouri, Nebraska, Nevada, New Jersey, New Mexico, North Carolina, Ohio, Oklahoma, Pennsylvania, Tennessee, Virginia, and West Virginia or "Zone B." Ford is also recalling certain 2009 Ford Edge, Fusion, Mustang and Ranger, Lincoln MKX and Zephyr/MKZ, and Mercury Milan vehicles ever registered in the states of Alaska, Colorado, Connecticut, Idaho, Iowa, Maine, Massachusetts, Michigan, Minnesota, ...

Consequence : An inflator explosion may result in sharp metal fragments striking the driver or other occupants resulting in serious injury or death.

Remedy : Ford will notify owners, and dealers will replace the passenger frontal air bag inflator, free of charge. The recall is expected to begin February 19, 2018. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 18S01.

Subject: FW: FBL8298-001 * 2010 FORD FUSION

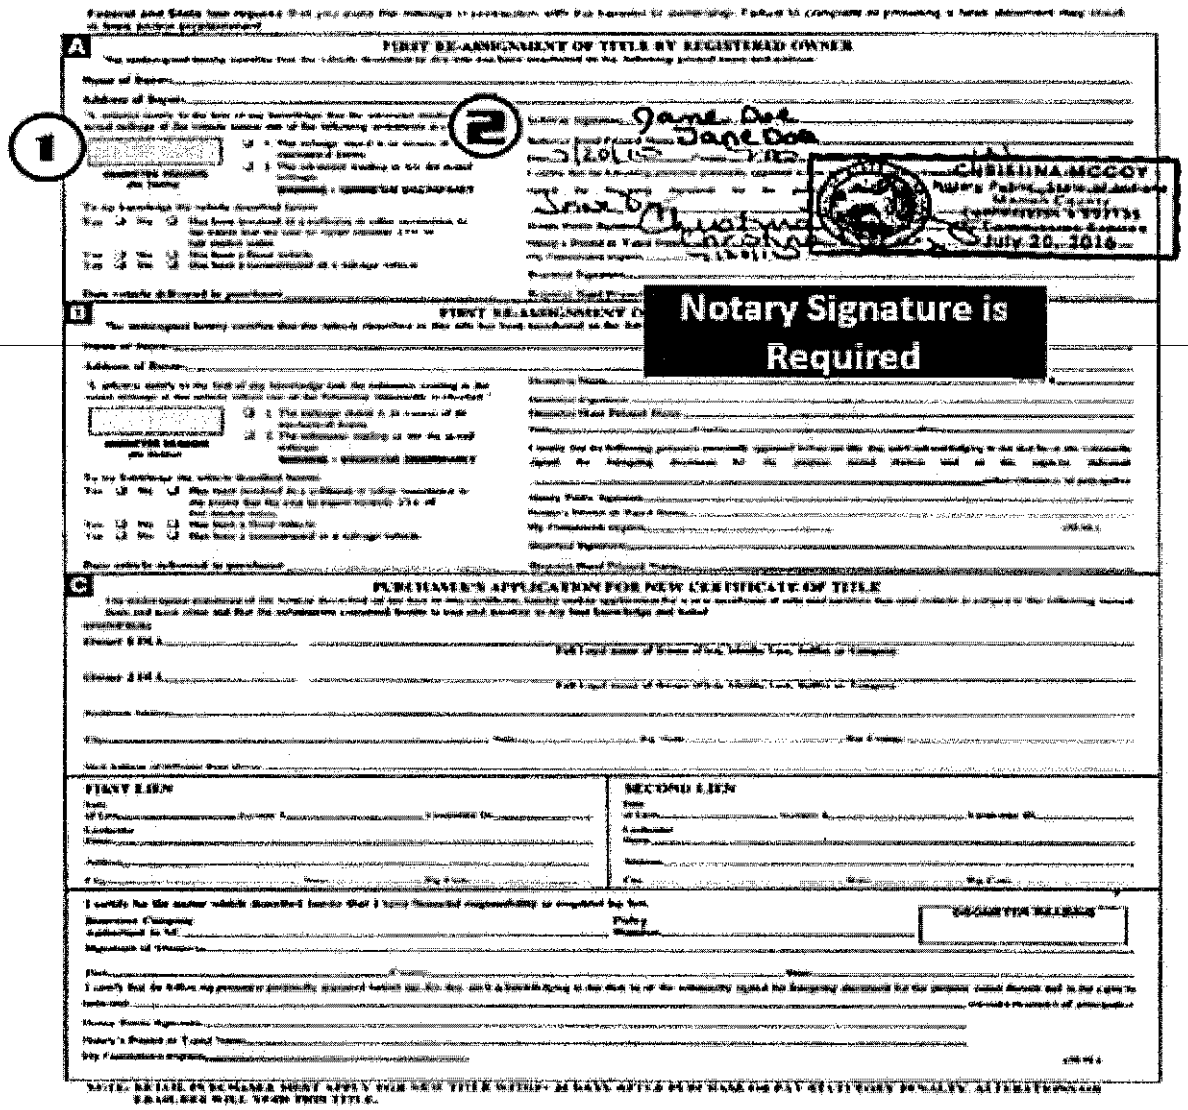
Hi Janet,
Can I please have the title for the 2010 Ford Fusion ending VIN 8327. This is the totaled vehicle from Ryan Smith's accident. I've pasted below Travelers instructions on completing the title transfer. I guess you already did this for NCLM???

Thanks – Lara

Here are step-by-step instructions to properly complete, endorse and mail your title document to us. Please follow these steps carefully and call me if you have questions.

For a North Carolina title, you must complete the following instructions in the presence of a Notary, as a notary signature is required on the title.

1. On your original title, please enter mileage of: 97,803 in the ODOMETER READING area
2. Sign your name exactly as it appears on the title in the SIGNATURE OF SELLER(s) area
3. Print your name exactly as it appears on the title in the NAME OF SELLER(s) area
   Note: If more than one person is listed as Owner, both should print and sign on the same line.
4. Return the signed title to Travelers using the attached FedEx Label
5. ***If the title is in the name of a business or entity, please include business card or authorization letter on company letterhead for person signing on behalf of the company***



Please call me if any mistakes are made on the title or if you have any questions about the process.

Thank you,

THIS NORTH CAROLINA TITLE EXAMPLE IS PROVIDED AS A GUIDE ONLY. COMPLETE, SIGN AND SUBMIT YOUR ORIGINAL TITLE.

Good Afternoon,

My name is Deidre, I will be handling the total loss of your vehicle. I know you are out of town until next week, I thought I would get an email to you to review upon your return.

As you may know already, the vehicle has been deemed a total loss. After considering all of your vehicle's options, mileage, and general condition, in accordance with State Insurance Department Regulation, we have determined the actual cash value (ACV) to be listed in the attached report.

Also please advise the status of the title. If there is lien or lease on the vehicle, please provide the finance institutions name and contact information.

Please let me know if you have any questions. Thank you and I look forward to hearing from you!

Good Afternoon,

My name is Deidre, I will be handling the total loss of your vehicle. I know you are out of town until next week, I thought I would get an email to you to review upon your return.

As you may know already, the vehicle has been deemed a total loss. After considering all of your vehicle's options, mileage, and general condition, in accordance with State Insurance Department Regulation, we have determined the actual cash value (ACV) to be listed in the attached report.

Also please advise the status of the title. If there is lien or lease on the vehicle, please provide the finance institutions name and contact information.

Please let me know if you have any questions. Thank you and I look forward to hearing from you!

Hi Deidre,
We do have the title for this vehicle. I am verifying with our Police Department on any equipment that may have been damaged in the accident as well. If you've included that in this appraisal, please let me know (I didn't see much, but there might not be much to include).

Hi Triston,
I've attached the driver exchange information from the accident on Monday. Just as a reminder for sensitivity sake, the driver who is associated with Mr. Manring's vehicle passed away in this accident. I do not know his relation, but want to make sure you are aware.

I will be out of the office for a few days, so if you have any questions, please reach out to Vickie Brock at 704-766-2204. We do not have a copy of the trooper's report, but expect to have it tomorrow or early next week. Vickie will forward it to you.

Hi Triston,
I confirmed with our Major that he was on duty. He also asked about removing/disabling equipment from the vehicle. With our previous insurance carrier, they would normally tell us when we could remove the equipment after they had confirmed whether it would be totaled or not (and before it was scheduled for surplus). How do you all handle that?

Thank you - Lara

Good Afternoon,

Thanks for speaking with me regarding the accident, just to confirm I will be handling the damages to the insured vehicle. If you could provide the location of the vehicle so we can send our Travelers appraiser out to take a look. Also if you could please included the year, make and model of the vehicle or the VIN number so we can identify the vehicle at the tow yard. If you have any questions please let me know.

Dear Ms. Cagle,

I am writing to provide you with an update on the status of this Subrogation claim. As you are aware, we have been pursuing a third-party for potential reimbursement of payments made for damages on this claim.

I am pleased to inform you that we have recovered 100% of these payments, including your deductible. We have issued a check to you for the amount of your deductible $500.00 under separate cover.

If you have any questions, please contact me at the telephone number or email address listed below.

Dear Ms. Cagle,

Thank you for speaking with me today about the recent referral of your claim to the National Auto Recovery Center. I was happy to explain the subrogation work that we do and the impact to you, our customer.

As we discussed, your file has been assigned to me so that we may attempt recovery of your deductible and the payments made by The Charter Oak Fire Insurance Company on your claim from the party responsible for your loss.

In addition, we would like to know if you incurred any documented, uncovered expenses, other than your deductible, related to this loss. Uncovered expenses are not covered by your policy. We are unable to negotiate reimbursement of these out of pocket expenses on your behalf. As a courtesy, however, we are happy to assist you by forwarding your documentation supporting these expenses to the responsible party insurance carrier. If you have documentation you would like us to forward, send them to me at the address below and I will forward them to the responsible party carrier and ask a representative to contact you directly to discuss further.

We are committed to keeping you informed throughout the recovery process and ask for your patience as the process may take some time. We will provide you with periodic updates throughout the process. As soon as this matter is resolved, you will be notified of the outcome.

If you have any questions about this information, please contact me at either the telephone number or the email address listed below.

Yeah I reached out to the shop, they sent over a photo of the rear of the vehicle. We can use this once since there is likely going to be a supplement for the damage underneath the bumper. I got it covered no need to do any more follow up.

I'll check, I do not believe we have photos. I did see the vehicle before it went into the shop and you couldn't really see much damage, but believed there was more damage under the bumper and possibly the fenders.

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DR2JP10, CCC Data Date 10/1/2018, and potentially other third party sources of data; and (b) the parts presented are OEM-parts manufactured by the vehicles Original Equipment Manufacturer. OEM parts are available at OE/Vehicle dealerships. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships. OPT OEM or ALT OEM parts may reflect some specific, special, or unique pricing or discount. OPT OEM or ALT OEM parts may include "Blemished" parts provided by OEM's through OEM vehicle dealerships. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2019 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:

SYMBOLS FOLLOWING PART PRICE:
m=MOTOR Mechanical component. s=MOTOR Structural component. T=Miscellaneous Taxed charge category. X=Miscellaneous Non-Taxed charge category.

SYMBOLS FOLLOWING LABOR:
D=Diagnostic labor category. E=Electrical labor category. F=Frame labor category. G=Glass labor category. M=Mechanical labor category. S=Structural labor category. (numbers) 1 through 4=User Defined Labor Categories.

OTHER SYMBOLS AND ABBREVIATIONS:

Mrs. Pierson,

Please provide me any and all records relating to what was originally listed as item 10.E on last night's agenda - Approve budget amendment recognizing insurance revenue in the amount of
$3,896.55 and appropriate to the Police Department's insurance expense account, including any and all accident and/or incident reports and any associated notes or call notes. Please send me full copies of any reports, not "public" copies. Let me know if there are any questions about this request.

Thanks,

Eric Rowell

Good evening, HEOSC members

First of all, the Town is very thankful for your dedication, hard work, and commitment on the Huntersville Education Options Study Commission. We are continuing our evaluation process, which includes a Town Hall meeting June 24 at 7 pm at Town Hall. The Town plans to host a Q and A session, not necessarily formal presentation and invite the you and the community to attend.

Finally, as your service on the HEOSC has completed, we wanted to let you know that your Town email accounts will be deactivated in one week, on Tuesday, June 25.

If you have any questions, you are welcome to reach out to me or the Town Manager Anthony Roberts (copied on this email).

Thank you again for all you have done and continue to do to support the Town of Huntersville.

Hello Eric and Karen,

I'm a reporter with WSOC – and cover education in our area. I was not able to be at the Huntersville Educational Options Study Commission sub-committee meeting last night, but understand you spoke about the option of developing a stand-alone charter school.

Did anything concrete come out of the meeting? Any conclusions? Just want to make sure we stay up to date!

Thank you!

Hello again,

I got a reply from legislative staff. It's long and will likely lead to needing more research, but it's a start. Here are his answers (included after he restates each of Commissioner Naas's questions):

You asked the Legislative Analysis Division to provide you with information about how to create a new school district (LEA). I have provided responses to the specific questions below. Additionally, I have attached the final report from the Joint Legislative Study Committee on the Division of Local School Administrative Units (2018), which provides additional information on this issue.

Is there existing legislation that addresses forming a new LEA?

There is a statutory process for merging LEAs, but there is not currently a statutory process for creating new LEAs. In order to create a new LEA, new legislation would have to be enacted. However, while it would not technically be a new LEA, S.L. 2018-3 allows certain municipalities in North Carolina (including Cornelius) to create and operate their own charter schools. The law allows the city to give enrollment priority to residents of the city--which is different from other charter schools--and therefore would be analogous to creating a new district.

Is there (relatively) recent legal precedent?

There are relatively recent examples of districts merging (such as the merger of Cleveland County, Shelby City, and Kings Mountain in 2004), but there are no recent examples of the creation of new LEAs. The last city system to be authorized was in 1957 (the Madison-Mayodan City Administrative Unit, in Rockingham County), though it later merged back into the county system.

In terms of legal precedent outside of North Carolina, the primary legal issue that has come up relates to racial discrimination. Most recently, the 11th Circuit Court of Appeals prohibited the formation of a new city system in Gardendale, Alabama. In that case, the district had been under a desegregation order, and the court found that (i) the new district was being created for a racially discriminatory purpose and (ii) Gardendale failed to show that the new district would not impede the implementation of the existing desegregation order. While this decision is not binding in North Carolina, which is in the 4th Circuit, the decision relied on several Supreme Court decisions that do bind actions in this State. The 11th Circuit relied heavily (though not exclusively) on the fact that Jefferson County is still under a desegregation order (which Charlotte-Mecklenburg Schools are not), so that could also impact a decision made in North Carolina. For more information, see Stout v. Jefferson County Board of Education (2018).

I presume new legislation would be needed to address specifics. If the new LEA were all within one county, would this be a local bill or statewide?

State funds are used to operate local school administrative units, including a special central office allotment for each LEA's central office. Because the creation of a new LEA would require additional State funds to implement the bill, the act would likely need to be filed as a public, rather than local act.

What would this legislation entail?

The legislation would need to at least address the following questions:

- Should a referendum be required? If so, who would get to vote on the question?
- How should the new district be governed?
- Who would create and approve the transition plan?
- Should there be an interim board?
- Who should be on the interim board?
- What happens to the interim board on the official date of the new system?
- What authority should the interim board be given?
- How should the permanent board be constituted?
- How much time is needed to transition?

I've heard breaking off a new LEA involves dissolution of the existing one and reconstituting the two separate entities. Is this correct?

Not necessarily--this dissolution and reconstitution usually takes place with mergers, but it is not necessary with the creation of a new LEA out of a portion of an existing LEA. Boundaries could be redrawn and property could be transferred without dissolving the existing district. Depending on the structure of the existing board, however, individual board members may no longer be qualified to serve if they live outside the boundaries of the electoral district.

Politics aside, what legal barriers or issues should the Commission be aware of?

Other that what has been referenced above, at least the following issues should be considered:

- Should all functions be separated, or should some functions be shared (i.e., administrative offices, building/vehicle maintenance shops, and motor fleet parking)?
- Which LEA gets which facility?
- Centralized or decentralized transportation services?
- How to handle existing lawsuits?
- How should specialty schools such as magnet schools and cooperative innovative high schools be handled?
- Multiple insurance contracts within each school district to cover property and liability exposures could lead to higher insurance costs
- There may be potential inefficiencies in school nutrition program
- Ensuring cyber security during and after the transition
- Employee contracts that extend beyond the transition

Subject: LEA Legislation

Hello Natasha-

I serve on the Cornelius Educational Options Commission (CEOSC) and have the action item of determining the legal/legislative steps required to form a new LEA. The Commission has several questions and I am wondering if your legislative staff might be able to help. Specifically:

> Is there existing legislation that addresses forming a new LEA?

> Is there (relatively) recent legal precedent?

> I presume new legislation would be needed to address specifics. If the new LEA were all within one county, would this be a local bill or statewide?

> What would this legislation entail? I've heard breaking off a new LEA involves dissolution of the existing one and reconstituting the two separate entities. Is this correct?

> Politics aside, what legal barriers or issues should the Commission be aware of?

Please let me know if you are able to help, and don't hesitate to contact me with any further questions.

Regards,

Kurt Naas

Another charter related bill I saw reported on recently that has also been relegated to the Rules Committee on the Senate side, but that may be relevant to tonight's legislative update. S247 would place an immediate moratorium on new charter schools until a legislative study committee could report on the issues outlined in the bill. There are 24 other bills that appear for this session if you search by keyword "charter schools" and I'm sure Mr. Roberts will have a summary of each bill for us tonight.

General Assembly Update

The Long Road to Becoming a Law

As of Thursday afternoon, 370 bills have been filed in the House and 289 have been filed in the Senate. Those numbers will continue to grow up until the bill filing deadlines in April. However, the majority of those bills will never make it past introduction. This op-ed does a good job at explaining the legislative process in North Carolina and what bills have enough muster to make it across the finish line.

Donnie Hoover. He actually ruled that all of the requirements for a variance had been met, but the unnecessary hardship was the main one he stressed. A written decision will be forthcoming.

I am sad to say we are in Raleigh with votes for the session this evening so I will not be able to attend the public input session. If it's live streamed, I will watch it this evening.

I hope there is good turnout and feedback. I would still appreciate an in person update.

Thank you for the prompt reply, Rep. Clark. I wanted to let you know the committee is holding a public input session at Huntersville Town Hall next Monday, April 29 starting at 6pm. In the event you're unable to coordinate a coffee or lunch meeting, the public input session next week would be a good opportunity for you to get an update on our progress since we will be presenting our draft report to the public.

Dear Jim, Karen, Eric, Anthony and Mayor Anneralla:

I understand your hesitation with me regarding this bill given that I did not support the efforts for a municipal charter school last year. Please note that I am intentionally not a co-sponsor of that bill. HB 229 is in the rules committee which I am sure you know is where bills go to die. I do not foresee the bill moving out of Rules prior to cross-over day.

Once HB514 became law, I considered it a "done deal" so to speak. I know you all have done a great deal of work around municipal charter, and I am grateful for the thoughtful work you have been doing. Should Huntersville move forward with a municipal charter, I view it as my role to be supportive and help ensure the school is as inclusive, diverse and successful as possible.

I have been watching the live stream of the meetings when I can, however, I would appreciate an update on the subcommittee's progress. We can have a brief meeting over coffee or lunch one afternoon. Let me know what works for you.

Warm regards,
Christy

Hello everyone,

This week is Spring Break for the NCGA, so please pardon my delay in replying. I'm trying to stay away from emails at least a bit this week.

The House bill you asked about was not on my radar, since it's not in my chamber and is unlikely to reach the Senate, for the reasons Rep. Clark explained. We will, however, be working on legislation to reduce testing when we return to Raleigh next week. If you have opinions about that topic please let me know. There is a bill in the Senate sponsored by Phil Berger, that will be heard soon (SB438). You can read the bill here: https://www.ncleg.gov/BillLookUp/2019/S438

Thank you for the prompt reply, Rep. Clark. I wanted to let you know the committee is holding a public input session at Huntersville Town Hall next Monday, April 29 starting at 6pm. In the event you're unable to coordinate a coffee or lunch meeting, the public input session next week would be a good opportunity for you to get an update on our progress since we will be presenting our draft report to the public.

Regards,

Eric Rowell

Dear Jim, Karen, Eric, Anthony and Mayor Anneralla:

I understand your hesitation with me regarding this bill given that I did not support the efforts for a municipal charter school last year. Please note that I am intentionally not a co-sponsor of that bill. HB 229 is in the rules committee which I am sure you know is where bills go to die. I do not foresee the bill moving out of Rules prior to cross-over day.

Once HB514 became law, I considered it a “done deal” so to speak. I know you all have done a great deal of work around municipal charter, and I am grateful for the thoughtful work you have been doing. Should Huntersville move forward with a municipal charter, I view it as my role to be supportive and help ensure the school is as inclusive, diverse and successful as possible.

I have been watching the live stream of the meetings when I can, however, I would appreciate an update on the subcommittee’s progress. We can have a brief meeting over coffee or lunch one afternoon. Let me know what works for you.

Warm regards,
Christy

Thank you, Senator Marcus.

Are you stating, then, that you consider HB 514 "a done deal", as Representative Clarke indicates her belief to be? And, subsequently, will you be supportive of local efforts to build municipal charter schools as enabled through the legislation?

We look forward to your response.

Hello everyone,

This week is Spring Break for the NCGA, so please pardon my delay in replying. I'm trying to stay away from emails at least a bit this week.

The House bill you asked about was not on my radar, since it's not in my chamber and is unlikely to reach the Senate, for the reasons Rep. Clark explained. We will, however, be working on legislation to reduce testing when we return to Raleigh next week. If you have opinions about that topic please let me know. There is a bill in the Senate sponsored by Phil Berger, that will be heard soon (SB438). You can read the bill here: https://www.ncleg.gov/BillLookUp/2019/S438

Kind regards,

Mr. Roberts:

Driving to the post office just now and multiple other potential sign violations were observed. On Gilead Rd. at the I-77 interchange on both sides of Gilead, candidate signs were observed mighty close to the entrance of the off-ramps possibly in violation of 10.10.9(b). I also observed multiple campaign signs on all sides of the Gilead/US-21 intersection in possible violation of 10.10.9(c) and (d), especially numerous signs on the north side of Gilead fronting the Lee Lighting parcel.

Thank you,

Eric Rowell

Good afternoon HEOSC members,

Mayor Aneralla requested that we have the Town financial advisor and bond counsel offer what we hope is some clarity regarding potential funding options related to municipal charter schools. That effort resulted in the addition of this slide to your previous handout.

If you have questions, please let me or Anthony know.

Again, thank you for your service on this committee.

Hello all,
Attached is the modified/updated PPT discussed last week at the Drafting sub-committee meeting. A huge shout out to Tricia Sisson for attending our meeting and also to her colleagues on the CEOSC for their work in pulling this format (and much of the background content) together - also for their willingness to let us piggyback on their great work.

We will use this slide deck as the basis for our SWOT discussion tonight.

Thanks,

Have been swamped at work...

Sending it to the group now. Will need you to include the 'incubator slide". And, Mike Sass will develop a summary/considerations slide for inclusion.

Thanks,
Karen

- Option Evaluations

Purpose of the HEOSC

On October 15, 2018, Huntersville Commissioners established the Huntersville Educational Options Study Commission.

The Commission was established to evaluate options available to the Town of Huntersville to reduce overcrowding within the public school system in Huntersville. Those options are:

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Dividing the Charlotte Mecklenburg LEA into smaller LEAs

Note: no adjustment made for current enrollment over/under planned enrollment in existing N. Meck Schools

Option 1: Do Nothing

- Continue with the status quo allowing CMS to solve for overcrowding as they see fit

Option 1: Do Nothing

Objective: Continuing with the status quo where CMS addresses overcrowding and capital needs on their terms and timeframes

PROS

- No pushback either legislatively or legally
- No monetary cost to the town
- No required effort from town officials

CONS

- No real, long-term solution for overcrowding, especially with the forecasted population growth
  - **1896 students by 2025**
  - **3327 students by 2030**
  - **5302 students by 2035**
- No new classroom buildings in our region for at least 15 years
- No equitable distribution of resources for North Mecklenburg schools
- Continued strain in the relationship between North Mecklenburg and CMS
- Ongoing concerns about overcrowding can deter economic development/expansion in the region

Option 2: Partner with CMS

- Create a collaborative educational partnership between the Town of Huntersville and CMS

Option 2: Partner with CMS

Current/Previous Partnering Agreements:

- 2003 Bailey Middle JUA
- 2004 Reallocation of Land Bond Dollars JUA for Hough
- 2005 Westmoreland Road Elementary(JV Washam) JUA
- 2015 Cornelius Elementary JUA

To Do:

- Add Huntersville's JUA's
- Add land already provided to CMS (between Hough and Bailey?

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

- No legislative requirement at state or county level
- Potentially more cost effective than other options
- Utilizes resources already in place with CMS – transportation, staff, food service, specialists, etc.

CONS

- Uncertainty of future improvements in our area
- Long timeline to solutions or results.
- No guarantee that any future elected political entities honor any prior negotiated deals

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

- Less divisive – public entities working together toward a common goal of positive educational outcomes
- Potential ability to influence rubric going forward

CONS (continued)

- Differing opinions and perspectives will still be present between Huntersville and CMS
- Potential loss of magnet school options under MEAC reassignment suggestion
- No control over where CMS draws lines for student assignment. This can negatively impact property values and business development.
- Lack of firm foundation on which to build a successful partnership

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet capacity needs.

PROS

CONS (continued)

- Continued lack of local control over education
- We do not agree with the CMS definition for capacity as we do not consider modular classrooms a good solution.
- Uncertainty of site selection and bond assignments based on current rubric and definitions of overcrowding

Option 2: Partner with CMS

Sources of Leverage:

- Land – current town-owned land is limited with no viable locations, possible developer incentives with future developments (i.e., trade land to build a school for revised density requirements).

- Financial incentives to partner in building new facilities as the town has with previous JUAs. Town can offer to pay for athletic fields, playgrounds, gyms, theaters, etc., for new buildings in our town.

- Town of Huntersville can agree to [INSERT LANGUAGE IN MUNICIPAL CONCERNS ACT] opt out of HB 514 as requested by CMS.

- Any group of concerned citizens can follow the traditional charter school route outside of HB 514.

Option 3: Operate a stand-alone Municipal Charter School

Background on House Bill 514

- Governance Structure
  - Municipality's governing body can serve as ex officio board or appoint one to govern its municipal charter school
  - NC Office of Charter Schools provides technical assistance, guidance and training to municipal charter schools, as part of its duties

- Municipal charters can prioritize enrollment to students in the municipality

- Employment requirements
  - Municipal charters can employ teachers provided
    - at least 50% hold teaching licenses
    - All teachers of core subjects (science, math, social studies, language arts) are college graduates

  - Municipal charters can employ/discharge others to perform non-teaching duties

  - Municipal charters' employees can participate in the state retirement and health system for teachers and state employees

https://content.govdelivery.com/accounts/NCSBE/bulletins/224f427

Option 3: Operate a stand-alone Municipal Charter School

- Estimated Timing
  - 1 year approval process after application submitted
  - 1-3 years after approval received to id/ready/retrofit location, hire/train staff, order supplies, advertise for students, etc.
  - Total timetable 2-4 years minimum to open school
  - Therefore, earliest opening likely Fall 2022

Option 3: Municipal Charter School Huntersville Operating Budget Assumptions

- Municipal charter school of 1,500 students with 3 year ramp up
- EC students 13% of student population
- Approximately 1-2% annual increase in $/ADM
- Approximately 1-2% annual increase in expenses
- Rent expense based on $12/sq ft, 100,000 sq ft building

Huntersville Operating Budget

MUNICIPAL CHARTER SCHOOL							Base
FYE 6/30							
ADM (student population)	750	1,125	1,500	1,500	1,500	1,500	1,500

Operating Income Margin	-18.3%	0.3%	13.6%	13.5%	13.4%	12.7%	12.0%

Key Takeaways:

- Need **$1MM+** to open municipal charter & fund its initial operations plus liquidity needs
- Once fully operational, school can operate at better than breakeven
- Outside of salaries/benefits, rent biggest single projected expense

Potential Diversity Statistics using LNC

	Total Population	Asian	African-American	Hispanic	2+ Races	Caucaisan
Elementary School	399	10%	14%	6%	7%	64%
Middle School	799	9%	12%	7%	7%	66%
High School	805	5%	15%	4%	4%	71%
Total LNC	2,003	8%	13%	6%	6%	68%

Key Takeaways:

- Diversity of Municipal Charter School should mirror the demographics of the Lake Norman area
- Used Lake Norman Charter demographics from 2017-2018 as a proxy to estimate potential demographics of Cornelius Municipal Charter School

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Promotes local control and increases parental choice
- Operational expenses fully funded through existing revenues
- Local decisions made by local leaders; better planning/cooperation with Town of Huntersville
- Prioritizes enrollment for town children
- Reduces bureaucracy increases efficiency, and lowers administrative costs

CONS

- Risk alienating local LEA
- Law may be changed/repealed to be less favorable; (e.g. charter cap)
- Legal challenges may occur
- Uncertainty over funding and perception of double taxation
- High initial liquidity needs and upfront expenses
- Siting/land issues, inability to fund land purchases without legislative changes

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Provides potential for higher standard/more flexible curriculum and enhanced instructional practices
- Potential to relieve overcrowded schools
- Large pool of diverse potential charter school board members in North Mecklenburg from various educational/workforce backgrounds

CONS

Option 3: Operate a stand-alone Municipal Charter School

Sources of Leverage:

- Town's financial condition and bond rating may assist Municipal Charter School with capital/liquidity funding
- Local developers may find trade of land for school in return for higher density an attractive proposition
- May generate positive parental response resulting in high demand for seats in the school

Option 3: Operate a stand-alone Municipal Charter School

Potential Outcomes:

- Could be elongated start-up timetable, but once fully operational, becomes longer term solution to alleviate overcrowding issue for the Town
- Creative financial solutions will be needed to address significant initial liquidity needs and upfront costs
- Can learn from local charter schools as demonstrated models of excellence
- Demonstrating best practices in options for alternatives in public education
- Could lead to increased ability to be an incubator for other charter school startups in the Lake Norman Region
- May strain relationship with local LEA

Option 3: Operate a stand-alone Municipal Charter School

Next Steps:

- Determine viability of financing/sources of capital
- Determine availability and upfit of existing leasable space
- Consider partnering with Cornelius (and Davidson) to share resources
- Determine additional legal and political challenges
- Solicit citizen feedback

Option 4: Partner with an Existing Charter School

Option 4: Partner with an Existing Charter School

PROS

- Financial economies of scale from shared resources of operating expenses, such as administration, employment, and transportation
- Knowledge and experience of application and establishment process
- Benefitting from established, successful educational curriculum
- Local brand recognition based on reputation of partnering school
- Avoid learning curve associated with start-up process for school

CONS

- Loss of total control over municipal sponsored charter school
- May not receive interest from preferred partner charter schools

Option 4: Partner with an Existing Charter School

Sources of Leverage:

- Town's ability to assist Charter School with capital funding sources
- Town's ability to assist and prioritize Charter School with additional field space
- Ability for Charter School to expand and offer seats to wait listed students

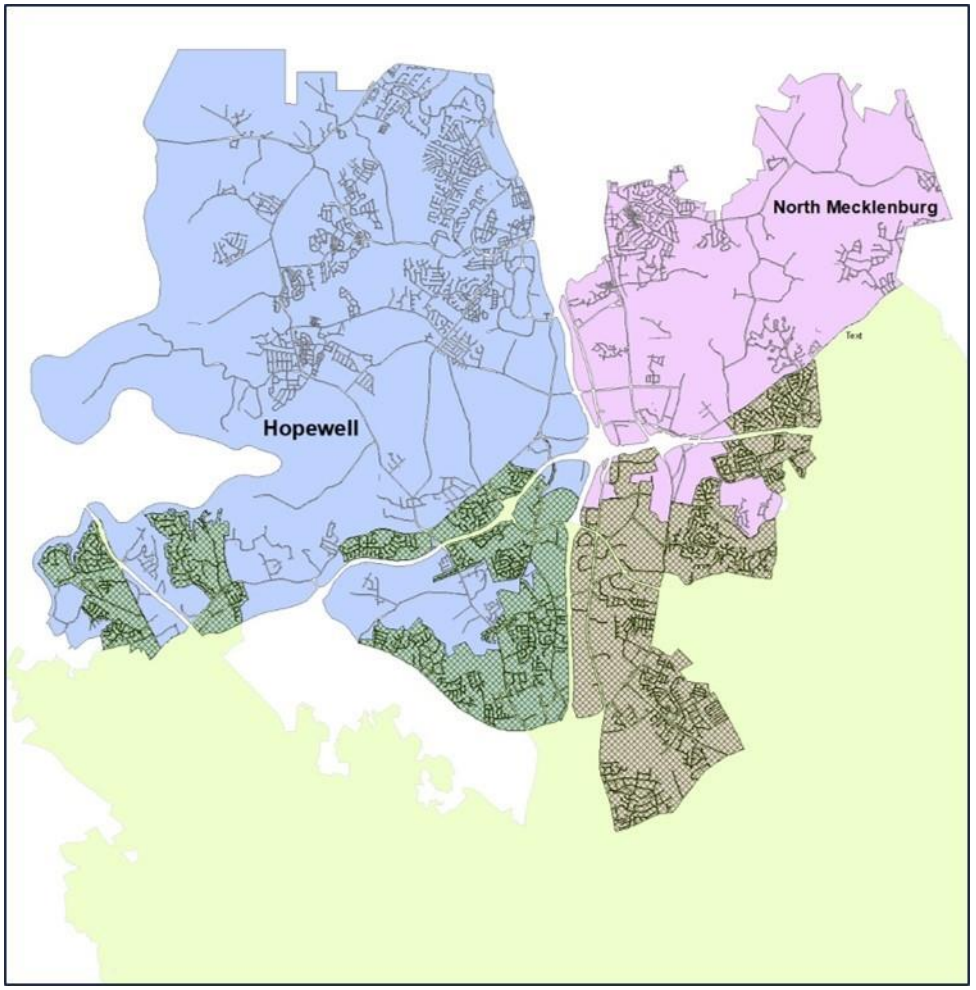
Potential Outcomes:

- Faster Start-Up
- Higher quality staffing
- Leverage proven Managing Director and curriculum

Option 5: Dividing the Charlotte Mecklenburg LEA into smaller LEAs

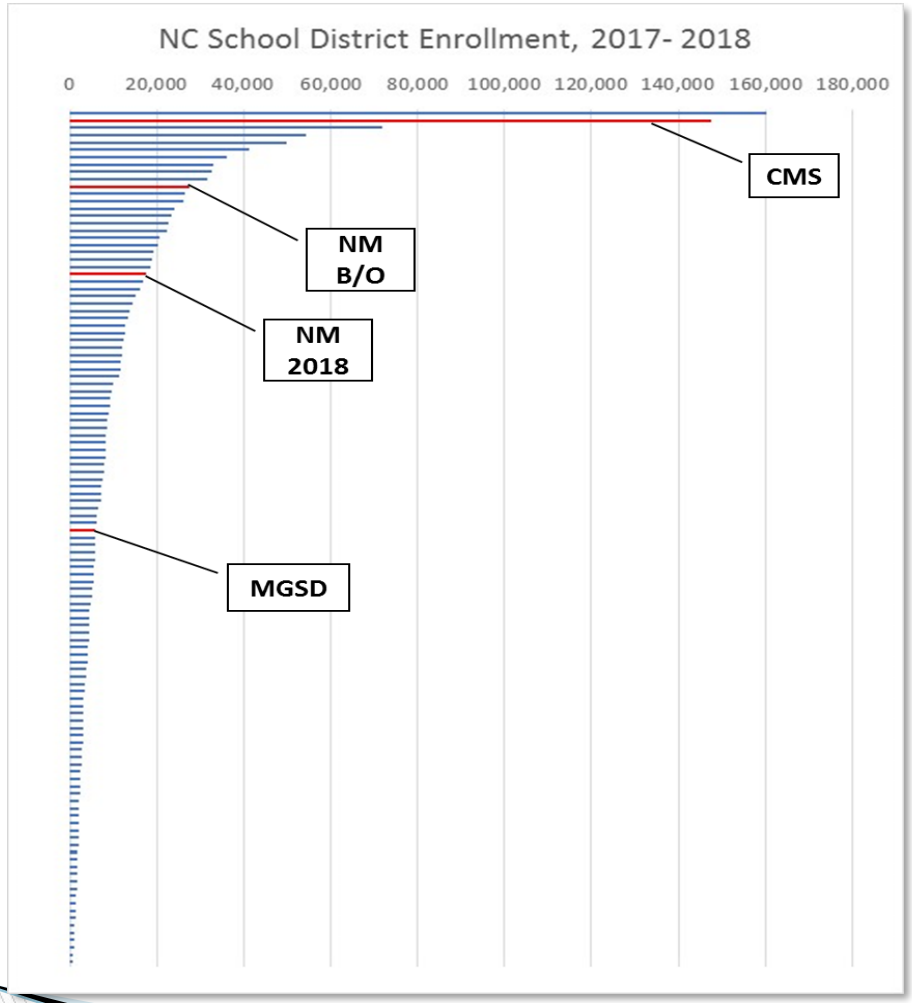
Definition & Assumptions

- Create a new school district separate from CMS
- Current CMS school assignment borders unchanged
  - Minimal disruption
  - Preserves diversity
  - Engages Charlotte positively



Source: CMS

Comparison to Existing LEAs



- **At current enrollment a North Meck LEA would be the 23rd largest school district in NC**
- **At buildout a North Meck LEA would be the 11th largest school district in NC**

Option 5: New LEA

PROS

- Local control
  - Capital budget
  - Student assignment
  - Taxation
  - Board representation
- Fewer bureaucratic layers
- Tailored solutions
- Greater sense of community

CONS

- Politically difficult
- Potential loss of programming breadth

Summary and Next Steps

Based on the projection of the current and future facilities needs of the Huntersville and North Mecklenburg student population, and feedback received during the April 29, 2019 Public Input meeting, the HEOSC will finalize their findings of the 5 Options available to the Town of Huntersville to address future educational needs.

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Create a New LEA

Final report date May 20, 2019

Capital Needs Assessment Summary - Huntersville

1. Assessing Huntersville growth only, an elementary school will be needed by 2025, two elementary schools by 2030, and a middle school and high school by 2035.
2. Huntersville school age children will need ***23 additional classrooms by 2020***, and capacity will be constrained without significant re-assignment of Charlotte students out of Huntersville schools or the equivalent of a mid-sized Charter school in Huntersville.

Option 3: Municipal Charter School Capital Needs Assessment

For the Municipal Charter School Option:

1. Assessing Cornelius growth only, no complete ***new schools*** are needed by 2035 using either avg school capacity or optimal school size assumptions.
2. Cornelius school age children will need ***additional classrooms by 2020***, and capacity will be constrained without significant re-assignment into Huntersville schools or by adding the equivalent of a small to mid-sized Charter school in Cornelius

1. Uses current total N. Meck boundaries for CMS schools
2. All schools located in Davidson/Cornelius/ Huntersville would be assigned to the new LEA
3. All schools will use "planned enrollment" at 20 students/classroom as the student population

Have been swamped at work...

Sending it to the group now. Will need you to include the 'incubator slide". And, Mike Sass will develop a summary/considerations slide for inclusion.

Thanks,
Karen

Hello all,
Attached is the modified/updated PPT discussed last week at the Drafting sub-committee meeting. A huge shout out to Tricia Sisson for attending our meeting and also to her colleagues on the CEOSC for their work in pulling this format (and much of the background content) together - also for their willingness to let us piggyback on their great work.

We will use this slide deck as the basis for our SWOT discussion tonight.

Thanks,
Karen

Jackie, Eric and I spoke just now about the requested changes. I explained to him the reason for the bonds request and he agreed to leave it in. I am revising the request based on his and my conversation. Since we are modifying and expanding the Mayor's request, and since HEOSC delegated to him the authority by motion to make a request for public information, I suggested that the request now come from Karen Bentley on behalf of HEOSC, rather than on behalf of the Town.

I'll circulate the revised request momentarily. If okay with everyone, I'll forward to Karen.

Good morning.

Do you find page 5 of this state memo valuable?

Local governments have 7 years to issue voter approved debt, and if not issued in 7 years, the LGC can grant an extension of 3 additional years. So if Mecklenburg County voters approved debt as far back as 2008, the County may not have issued the debt yet, and could still legally. My point is: if there are school bonds that could be issued that are not part of the 2017 authorization, wouldn't we want to know that too?

Page 5 of this memo details Mecklenburg County info, interesting to me for other reasons that just bond authority (like sales tax, lottery funding etc). The final number in the Mecklenburg County column indicates $183 million in bonds authorized but unissued; I assume this memo is as of June 30, 2017, but I'm not sure. The County may have used this $183 million by now, but I don't know. So where's the harm in asking the county to confirm whether there are funds in addition to the 2017 authorization?

I am open to others' thoughts on this topic.

Hi Eric. As you know, the HEOSC designated you to make sure that a public records request was made to CMS. I have therefore prepared the attached public records request and would like for you to review it before I send it. Jackie, Anthony and I reviewed it, and we expanded it beyond just what the Mayor had originally requested in anticipation of gathering data that may be useful to the HEOSC.

Thank you.

So if Mecklenburg County voters approved debt as far back as 2008, the County may not have issued the debt yet, and could still legally. My point is: if there are school bonds that could be issued that are not part of the 2017 authorization, wouldn't we want to know that too?

Page 5 of this memo details Mecklenburg County info, interesting to me for other reasons that just bond authority (like sales tax, lottery funding etc). The final number in the Mecklenburg County column indicates $183 million in bonds authorized but unissued; I assume this memo is as of June 30, 2017, but I'm not sure. The County may have used this $183 million by now, but I don't know. So where's the harm in asking the county to confirm whether there are funds in addition to the 2017 authorization?

I am open to others' thoughts on this topic.

Please see attached. I made a few minor changes highlighted in yellow (don't forget to remove highlighting AND BRACKET COMMENTS if you're in agreement). Save as a pdf and email to Mr. Evans with a cc to the Superintendent.

Feel free to call me this morning with any questions.

Thanks,

Eric

Hi Eric. As you know, the HEOSC designated you to make sure that a public records request was made to CMS. I have therefore prepared the attached public records request and would like for you to review it before I send it. Jackie, Anthony and I reviewed it, and we expanded it beyond just what the Mayor had originally requested in anticipation of gathering data that may be useful to the HEOSC.

Thank you.

Notes to the Preceding Report
Report on County Spending on Public School Capital Outlays

(1) The indicated counties for the fiscal year ended June 30, 2017 had ending balances that reflect amounts expended for school capital outlays in anticipation of next year's funding: Mecklenburg, Northampton and Rutherford.

(2) The beginning balances for the following counties, as well as the report totals, do not agree with the ending balances from the prior year because the beginning balances for the fiscal year ended June 30, 2017, have been restated: Alamance, Alleghany, Beaufort, Bladen, Caswell, Chowan, Columbus, Cumberland, Davie, Edgecombe, Gaston, Halifax, Hertford, Hyde, Jones, Martin, McDowell, Orange, Robeson, Rutherford, Sampson, Scotland, Surry, Union, Vance, Wake, Washington, Wayne, Wilson.

Notes to the Preceding Report
Report on County Spending on Public School Capital Outlays

The information in this report was obtained from county finance officers with the exception of the data in the additional information section. All of this information is for the fiscal year ended June 30, 2017, unless otherwise noted.

Restricted local option sales taxes: Article 40 - This amount equals the actual cash distributions of Article 40 local option sales taxes received during the fiscal year, less any amounts distributed to special taxing districts, multiplied by 30 percent.

Restricted local option sales taxes: Article 42 - This amount equals the actual cash distributions of Article 42 local option sales taxes received during the fiscal year, less any amounts distributed to special taxing districts, multiplied by 60 percent.

Interest on restricted sales taxes - This amount includes the interest revenues earned on restricted local option sales tax revenues (Articles 40 and 42).

Withdrawal from the Public School Building Capital Fund - This amount includes the revenues recognized for the Public School Building Capital Fund, which is administered by the Office of State Budget and Management. Counties recognize revenues from the Public School Building Capital Fund as amounts are withdrawn and expended for eligible purposes.

NC Education Lottery - This amount equals the actual cash distributions of the NC Education Lottery distribution that was drawn down by the county for school construction.

Proceeds from general obligation debt for public school less issuance cost - This amount includes the gross proceeds less issuance costs of general obligation bonds for public schools. It does not include any proceeds from refunding bond or tax anticipation notes issues for public schools.

Proceeds from non-general obligation debt for public school less issuance cost - This amount includes the gross proceeds less issuance costs of publicly and privately placed installment purchases for public schools. It does not include any proceeds from refunding debt issues or tax anticipation notes for public schools.

Interest of debt proceeds - Includes interest earnings on public school debt proceeds.

Other sources: General Fund - This amount includes General Fund sources other than the restricted portion of sales tax that were used to finance public school capital outlays. It includes appropriated fund balances and other revenues, such as any **unrestricted** portion of sales tax revenues that were expended for public school capital outlay.

Other sources: Other Funds - This amount includes sources from funds other than the General Fund that are not restricted sales taxes and were used for school capital outlay. It includes appropriated fund balances and other revenues that were expended for public school capital outlay

Public school debt service (principal and interest) – Article 40 - This amount includes the principal and interest payments on public school debt paid from the Article 40 local option sales taxes.

Public School Capital Outlay – Article 40 - This amount includes the expenditures (excluding debt service payments) for public school capital outlays financed by the Article 40 local option sales taxes.

Public school debt service (principal and interest) – Article 42 - This amount includes the principal and interest payments on public school debt paid from the Article 42 local option sales taxes.

Public School Capital Outlay – Article 42 - This amount includes the expenditures (excluding debt service payments) for public school capital outlays financed by the Article 42 local option sales taxes.

Public School Debt Service (Principal and Interest) - Public School Building Capital Fund. This includes expenditures for principal and interest on public school debt that was paid by revenues from the "Public School Building Capital Fund".

Public School Capital Outlay - Public School Building Capital Fund - This includes expenditures for public school capital outlays that were financed by revenues from the "Public School Building Capital Fund".

Public School Debt Service after January 1, 2003 (principal and interest) – NC Education Lottery – This is the amount of lottery used for debt service on school capital outlay.

Public School Capital Outlay – NC Education Lottery – This is the amount of lottery used for school capital outlay (excluding debt service listed above)

Public School Debt Service (principal and interest) - Other Sources - This amount includes the principal and interest paid on public school debt that was not paid from the restricted local option sales taxes (Articles 40 and 42), NC Lottery Funds, or revenues from the Public School Building Capital Fund

Notes to the Preceding Report
Report on County Spending on Public School Capital Outlays

Public School Capital Projects Funds - This amount includes county expenditures for public school capital outlays that were not paid from the restricted local option sales taxes (Articles 40 and 42), revenues from the Public School Building Capital Fund, or revenues from the Public School Building Bond Fund that were recognized in county-maintained Capital Projects Funds.

General Fund and Other Funds - This amount includes county expenditures for public school capital outlays that were not paid from the restricted local option sales taxes (Articles 40 and 42), revenues from the Public School Building Capital Fund, NC Education Lottery, or revenues from the Public School Building Bond Fund that were not recognized in county-maintained Capital Projects Funds.

Fair market value of assets donated to public schools by county - This amount includes the fair market value of assets donated to the public schools by the county.

Beginning balances, July 1, 2016 (includes adjustments): unexpended restricted portions of local option sales taxes - This amount equals the amount of restricted local option sales tax revenues received in previous years and not expended as of July 1, 2016.

Beginning balances, July 1, 2016: unexpended other sources - This amount equals all other unexpended proceeds, excluding restricted local option sales taxes, to be used for public school capital outlays as of July 1, 2016.

Ending balances, June 30, 2017: unexpended restricted local option sales taxes - This amount equals the restricted local option sales tax revenues received in previous years and not expended as of June 30, 2017.

Ending balances, June 30, 2017: unexpended all other sources - This amount equals all other unexpended proceeds, excluding restricted local option sales taxes, to be used for public school capital outlays as of June 30, 2017.

Average daily membership (ADM) – Allotted - This data was obtained from the Department of Public Instruction and exclude charter school ADM. For Counties with multiple Local education Agencies the numbers were combined to obtain the number for the County. Charter Schools ADM were excluded since County does not fund Charter School Capital.

Adjusted unit tax rate - This rate is equal to the countywide tax rate multiplied by the assessment-to-sales ratio. Providing effective tax rates should result in a better comparison of tax rates between counties, given that counties are at different points in their revaluation cycles. The countywide tax rates and the assessment-to-sales ratio were obtained from the N.C. Department of Revenue. These are the tax rates in effect for the 2017 fiscal year.

Notes to the Preceding Report
Report on County Spending on Public School Capital Outlays

Average adjusted unit tax rate for population group - This rate is equal to the dollar-weighted average of adjusted tax rates for counties of a comparable size as calculated by the staff of the Local Government Commission. In calculating the averages, the following population groupings were used: 100,000 and above; 50,000 to 99,999; 25,000 to 49,999; and 24,999 and below. These are the tax rates in effect for the 2017 fiscal year.
.

Assessed valuation per ADM - The figure is equal to the county's assessed valuation divided by the average daily membership and gives an indication of the relative wealth of a county. The assessed valuations were obtained from the N.C. Department of Revenue.

School bonds authorized and unissued as of 6/30/2017. This amount is the total of general obligation bond referendums for public schools that have been authorized by voters and approved by the Local Government Commission for the purpose of public schools but have not been sold as of June 30, 2017. This information was obtained from the Department of State Treasurer. The authorized and unissued bond values are reduced by BANS as of June 30, 2017

Department of Public Instruction Lottery Allocation - The data was obtained from the Department for Public Instruction

Hi Eric. As you know, the HEOSC designated you to make sure that a public records request was made to CMS. I have therefore prepared the attached public records request and would like for you to review it before I send it. Jackie, Anthony and I reviewed it, and we expanded it beyond just what the Mayor had originally requested in anticipation of gathering data that may be useful to the HEOSC.

Thank you.

Mr. Sidney Evans
Internal Communications Specialist
Charlotte-Mecklenburg Schools
PO Box 30035
Charlotte, NC 28230

On behalf of the Town of Huntersville, I request the following public records or information from the Charlotte Mecklenburg School system ("CMS"), including, but not limited to, records of school system staff and records of the Mecklenburg County Board of Public Education, if different:

1. Any and all documents or information relating to the current rubric for determining school construction, both new and replacement, and any prior versions of the construction rubric from January 1, 2015 through the present if changes to the rubric have been made.

2. Any and all records, paper or electronic, containing data related to the 2017 bond package that was used for creating ~~the~~ any list of schools to be included as part of the bond package, and for determining ~~the list~~ any schools that would be excluded from the 2017 bond package.

3. Any and all records related to, containing, or explaining the current replacement/ expansion score for each school in the system. [UNCERTAIN WHAT THIS IS? EITHER CLARIFY OR STRIKE IF NOT VITAL TO THE PURPOSE OF THIS RECORDS REQUEST.]

4. ~~All staff reports related to the 2017 bond package~~. [CONSIDER STRIKING BECAUSE OF BREADTH AND TIME IT WILL LIKELY TAKE TO PRODUCE, INSTEAD CONSIDER ASKING FOR "ANY AND ALL EMAILS, TEXT MESSAGES, OR OTHER COMMUNICATIONS BETWEEN, RECEIVED BY, OR SENT TO/FROM ANY CMS BOARD OF EDUCATION MEMBER RELATING TO 2017 BOND PACKAGE FROM JANUARY 1, 2016 (CHANGE START DATE IF NEEDED, UNSURE EXACTLY WHEN BOND PACKAGE DISCUSSIONS BEGAN) THROUGH THE PRESENT."]

5. All current staff reports related to any new construction or replacement projects since the 2017 bond package was passed.

6. Any and all documents or information containing demographic information compiled by or on behalf of CMS ~~the Charlotte Mecklenburg School System~~, related to the population of school aged children for the 2018-2019 school year in Mecklenburg County, and in the Towns of Huntersville, [CORNELIUS, DAVIDSON, AND THEIR RESPECTIVE ETJ'S] specifically, broken out by grade and/or age group, and indicating growth projections for each population for the next ten years. Please include all documents

or information relied upon in compiling such demographic information, whether prepared by CMS ~~Charlotte Mecklenburg School system~~, or another person or entity.

7. Any and all documents showing the status of any authorized but unissued bonds approved by the voters for any school purposes, including but not limited to the 2017 bond issue. Please also provide any and all documents containing information about the planned use of such authorized but unissued bonds (or nonuse if applicable) including the specific purpose(s) for such planned use, and the timing of such planned use. If such bonds are planned not to be used, please provide any and all documentation which reflects the reasons for such nonuse. [AGAIN, FOR WHAT PURPOSE? CONSIDER STRIKING IF NOT VITAL TO THE PURPOSE OF THIS RECORDS REQUEST. IS THERE EVEN ANY APPLICABLE BOND CAPACITY REMAINING?]

As used herein, the words “documents”, “reports”, “records” or data shall be deemed to include all such information whether maintained in paper format, electronic format, or any other format or medium upon which information can be maintained.

If you do not maintain or have access to these records or information, please provide me the name and address of the proper custodian.

I am requesting this information be provided to me electronically if possible. If electronic production is not possible, please notify me if there will be any fees related to producing these records or information and, if so, whether the cost will exceed $25.00. Please specify any applicable exemption(s) under N.C.G.S. Chapter 132 if any or all of this records request is denied.

Please provide your response within fifteen (15) business days or as promptly as possible. Don’t hesitate to contact me with any questions regarding this request.

Thank you.

All: attached please find a proposed public records request prepared in consultation with Anthony, Jackie, and with Eric as requested by HEOSC. It expands the Mayor's original request, and after the motion made by HEOSC to authorize Eric to facilitate a public records request, I believe it would be appropriate for the request to come from Karen as Chair of HEOSC.

If there are no changes, then I would request Karen to send it to Mr. Sidney Evans, with cc: to the HEOSC, Superintendent Wilcox, Anthony, Jackie and myself, and anyone else you deem appropriate. If at all possible, the request needs to be sent today due to time constraints.

Thanks.

Mrs. Bentley,

A reminder to send another follow-up email to CMS since tomorrow will have been a month since our initial request.

Also - I would recommend sending an invite to the entire Cornelius Ed Commission for our upcoming meeting on the 14th with Dave Machado since I think it would be beneficial for both our groups to hear from Mr. Machado while he is in town.

Thanks,

Eric Rowell

Subject: Question from HEOSC

Jack:

HEOSC members wanted to know of all charter schools that are under construction or scheduled to be open in Huntersville? Bonnie Cone and Aspire? Are there others?

If you recall, he wanted the full public copy, not public release. We discovered the public release copy didn't contain all the information it should. I think Barry brought by the full copies. Do you have any thoughts on when I can tell him to expect the information he requested?

SCENE: This report takes at 7034 Mclothian Ln, Huntersville NC 28078. This location is a double story single family home located on Mclothian lane near the intersection of McDunkeld Dr.

Investigation: On March 17, 2019 I was dispatched to a larceny call at 7034 Mclothian Ln, Huntersville NC 28078. Upon my arrival to the scene, I noticed the call notes stated that the caller would not identify himself and that his life was being threaten and his gun was stolen. I arrived on scene and made contact with Kishod Justt Stanton (BM Redacted) and he stated someone he knows stole his gun and his money. I tried to get Stanton to tell me what was going on and he stated that a William Sierra stole his gun and then stole his money.

I was told by Stanton that he just wanted his items back and that he did not want to press charges on anyone. Stanton told me he has ADHD and I noticed that his story was very hard to follow. Stanton could not tell me what day it was today but he knows that these incident took place this weekend (last few days). Stanton told me he is a rapper and this location is where the studio is located (Stanton would not let me in the residence and kept the door locked while talking to me outside). Stanton told me that William and his girlfriend that only knows as Xan have been messaging him on Snapchat and associates of Williams have been threatening him (Could not tell me how he was being threaten).

Stanton states that he witnessed William take his gun, but later changed his story. Stanton told me that on Friday night, Williams was either intoxicated or high, came into the studio and he had a disagreement with Stanton. When leaving the studio, Williams was dropping money out of his pocket. Stanton stated he does not know what happened to the money, but the next night, William confronted him about it. This turned into an argument that was possibly going to lead into a fight, so Stanton took his black G2om 9mm handgun, which he stated is registered to him (Serial number TRK69083) out of his pocket and handed it to his music producer that he only knows as Chuck.

William and Stanton never got into a fight, but Chuck held on to the gun because he knows how Stanton's temper can be. From that point the night continued and everything calmed down. This morning (no exact time) William confronted Stanton again and another argument ensued in Stanton's room. It was then stated that William picked up Stanton's black wallet that contained $200.00 and walked out of the house with it. Stanton did not believe that he was going to steal the wallet so he followed him and watched William get into Xan's vehicle and they left the scene (Stanton was snapchatting with William while I was on scene). Since that happened, Stanton stated that he had been receiving social media messages from William's associates stating that he was no longer in possession of his gun and giving hints that they had his gun.

Stanton stated that these subjects are in a rap group and they have been "hating on him" since he made a diss song about them last year (No names given to LEO). Stanton contacted Chuck about the whereabouts of his gun and Chuck told him that he lost it. Stanton states that Chuck is also close with William and he believes that he may have given it to him. Stanton has no proof that that happened, but due to the mind games being played on social media, that is what he feels. Stanton does not have a phone number for Chuck nor does he know any other information about him, but he gets in contact with him through Instagram under the handle MAXFUEGO_. Stanton then told me that he just wanted his items back but stated that he will go to court if has to. Stanton then was able to tell me Williams approximate age and he stated that he was a long "rap sheet".

Through further investigation using CJLEADS, I was able to locate William Marquis Llano-Sierra (BM[redacted] Upon looking at his picture, I noticed that I am familiar with him and his girlfriend Xan. In case 20180803-1718-00 William and Xanthe Alyse Thigpen (WF[redacted]) got into a fight at the Birkdale shopping center and a subject that they were with, Brandon Spruill (BM[redacted]) was also causing problems. I noticed that Brandon is currently on

probation and he lives at this same address. At this point, I then gave Stanton further instruction on how to obtain a warrant for William's arrest for the stolen wallet. I then issued Stanton a report number told him the firearm will be entered NCIC and I cleared the scene.

Upon me leaving for the day, I received a call from Stanton about the status of his firearm. Stanton told me that it was returned to him, but he did not want to go into detail about who returned it to him. Stanton also stated that he will attempt to take a warrant on William in the morning for the stolen wallet. I this case will remain open until I make further contact with Stanton.

On March 18, 2019 at 1434 hours, I called Stanton at his listed number to see if he went to obtain a warrant against William. At this time, Stanton told me that he was leaving the state and going to Atlanta for a while and will not be attempting to take out a warrant at this time. At this time I have informed him that this case will now be closed due to him refusing to prosecute. Stanton understood at this time and agreed. This case is now ex-cleared.

Interviews: No formal interviews were conducted.

Crime scene: N/A

Canvass: No canvass completed due to this incident being located inside a residence.

Case status: I request this case be closed and exceptionally cleared.

SCENE:
A two story, single family residence located on the South side of Mclothian Lane facing North. The address is 7034 Mclothian Lane Huntersville, NC 28078.

INVESTIGATION:
On March 18, 2019, Cole Rodriquez called to report that his residence had been vandalized by his roommate, Kishod Justt Stanton "Shoddie". Rodriquez advised that he received a phone call from his other roommate, Brandon Spruill, Saturday (3/16/19) night. Spruill told Rodriquez that Shoddie shot at him and he was leaving the house for the night. Rodriquez advised that when he came home on Monday (3/18/19), he found his room had been trashed and some of his belongings were stolen. Officer Clark observed Rodriquez's room. A desk had been overturn and all its contents were lying in the floor. The desk was lying on top of a computer. A Corg DW8000 keyboard was lying in the floor with several keys missing. An aquarium had been knocked off its base and shattered when it hit the floor. Rodriquez advised that his Novation keyboard and two speakers were missing.

Spruill was also on scene when officers arrived, with his girlfriend, Bernice Tabarez. Spruill advised that on Saturday he went to eat dinner in Greensboro with his mother and Tabarez. They came back home and was lying on the couch in the living room, watching tv. Spruill got a text message from his producer, Chuck, asking if he could come over and work on some music. Chuck came over and went to work in Cole's room. Spruill advised that Shoddie was home and stayed upstairs in his bedroom. Spruill stated that he got several text messages from Shoddie stating they were not treating him right and were trying to starve him. Spruill went upstairs to talk with Shoddie and they got into a verbal argument. Spruill advised that they started to go back downstairs and Shoddie started talking to him again on the stairs. Spruill stated that Shoddie grabbed him and he grabbed him back. Chuck heard the commotion and came to break Spruill and Shoddie apart. Spruill stated that he heard a gun cock and he stepped back. Spruill advised that Chuck tried to throw Shoddie off the stairwell and into the kitchen but Shoddie came back on to the stairs and shot the gun. Spruill advised that afterwards, Shoddie went outside. Chuck and Spruill went upstairs and Shoddie came back inside. Shoddie apologized and gave the gun to Chuck. Spruill went downstairs with Bernice. Chuck decided to leave and told Shoddie he was going to take the gun with him for the night. Shoddie said that was okay. Spruill advised that Shoddie called the police the next day and filed a report that the gun was stolen. See incident number: 20190317-1639-02.

Tabarez stated that she was lying on the couch with Spruill when his cellphone kept notifying him that he was receiving text messages. She told him his phone was going off and Spruill looked at it. She stated that she did not see what the text messages said. Spruill went upstairs and she heard arguing. She went into the kitchen and saw Spruill and Shoddie coming down the stairs. Tabarez advised that Shoddie was behind Spruill and was pushing him. She stated that Spruill was holding on to the wall. Tabarez advised that Chuck came to break them up and they were still holding on to each other's hoodies. She stated that she heard a click, click and instantly knew it was a gun. Tabarez stated that Shoddie was pointing the gun at Spruill and she ran into the living room because it was pointing in her direction as well. She heard the gunshot and saw smoke. Tabarez stated that she heard Spruill state, "Damn, you really shot at me bro." and Shoddie was yelling, "Ya'll didn't think I was about that. Ya'll didn't think I would shoot." Tabarez advised that Shoddie went outside and came back in to apologize to Spruill. She advised that she slept on the couch with Spruill that night and Shoddie slept in his room. When they woke up, Shoddie was not at the residence. Tabarez advised that Shoddie was posting videos on social media talking about what had happened. She stated that Shoddie came back to the residence and was yelling outside, so she left with Spruill and stayed somewhere else for the night. She stated that around midnight (3/18/19) she received a snap chat video for Shoddie. It was a video showing the damage to Rodriquez's room and it stated, "Ya'll thought I really wasn't about to do it." Tabarez stated that when she went back to the residence with Spruill around 5pm on Monday (3/18/19), she saw the

damage Shoddie had done. She stated that all of her clothes had been thrown out of the suitcase she was borrowing from Spruill. The suitcase was gone. She stated that her birth certificate and other personal papers were still in the suitcase.

Rodriquez advised that Shoddie had been posting videos on his social media accounts. Shoddie made statements during these videos about "shooting the glock" and damaging Rodriquez's property. Rodriquez advised that he would email Officer Clark copies of these videos.

Shoddie arrived on scene while Officer Clark was obtaining a statement from Spruill. Shoddie would not stop and speak with Officer Clark and kept trying to go inside the residence. Officer Clark and Officer McCormack detained him. Officer McCormack told Shoddie that he was going to pat him down for weapons and asked if he had any on him. Shoddie stated he had a gun on him. A Taurus PT111 9mm (SN: TKR69803) was concealed in the right front pocket of Shoddie's pants. Shoddie does not have a concealed carry permit. Shoddie was placed under arrest for carrying a concealed weapon. He was also charged with assault with a deadly weapon with the intent to kill, simple assault, three counts of larceny, and discharging a firearm within city limits.

Officer Clark observed the bullet hole in the wall of the stairwell. The bullet was found underneath the carpet. A shell casing was not found. The placement of the bullet and trajectory of the bullet hole, matches with Spruill's recollection of events.

Statements were taken from Rodriquez and Tabarez. They are attached to this report. No one had contact information for Chuck or knew his last name. Rodriquez advised that he would get the information to Officer Clark. Spruill's statement was not completed at the time of this report. Spruill was given a copy of the Victim Services Information Sheet with the report number for this case. He also signed that he would like to be notified by the Huntersville Police Department when Shoddie is released from jail. That form was attached to this report.

Officer McCormack read Shoddie his Miranda rights and asked if he would like to speak with us. Shoddie stated that he did not wish to speak with us without a lawyer present. He signed the Miranda Waiver paperwork. That form was attached to this report. The interview was ended.

INTERVIEW:
Cole David Rodriquez (w/m dob: Redacted ph#: 704-654-1483)
Rodriquez stated that he was in Atlanta when the incident occurred, but when he came back home his room was vandalized and his property was stolen.

Brandon Spruill (b/m dob: Redacted ph#: 336-501-3058)
Spruill stated that he got into a verbal argument with Shoddie, that turned physical, and Shoddie shot a firearm at him.

Bernice Tabarez (h/f dob: Redacted ph#: 980-219-0716)
Tabarez stated that she was at the residence when the incident occurred and heard the gunshot and saw smoke. She also advised that her birth certificate was in one of the suitcases that Shoddie stole.

Kishod Justt Stanton (b/m dob: Redacted
Stanton stated that he did not wish to speak to officers without his lawyer present.

Town of Huntersville
NORTH CAROLINA

June 18, 2019

Mr. Benson Hoyle
113 Delview Drive
Cherryville, NC 28021

Dear Mr. Hoyle,

I am pleased to offer you the full-time position of Chief of Police for the Town of Huntersville. In your short time as Interim Police Chief with us from January 4th, your guidance and leadership has been a significant benefit to the Department by providing critical changes needed to further our progress in many realms at the Huntersville Police Department. We look forward to your continued successes and the continuity that you will continue to provide employees. You have agreed to begin effective June 25th, 2019 but will continue as interim until that time.

As discussed previously, the terms of this offer to you for a full-time permanent employment position with the Town of Huntersville are as stated and outlined below:

A. Your starting annual salary will be $145,017.60.

B. You will have an at-will status of employment with the Town of Huntersville.

C. You will be subject to the Town Personnel Policy, as amended, and will be eligible for all full-time employee benefits provided by the Town pursuant to this Policy.

D. Certification as a North Carolina Law Enforcement Officer as required by the North Carolina Law Enforcement Training and Standards Commission is required. As such, you will be afforded any benefits paid by the Town to other command staff sworn law enforcement personnel.

E. Separation Allowance.
- The Town recognizes that you are giving up your special separation allowance currently received from the Town of Cornelius in order to accept this Offer of Employment. Therefore, until you qualify for a special separation allowance pursuant to NCGS § 143-166.42, as amended, the Town will agree to pay you a lump sum special separation allowance buyout pursuant to NCGS § § 143-166.43 in accordance with the following:
  - If you are separated from employment for any reason other than your voluntary resignation, the lump sum buyout would be paid based on your Cornelius monthly separation allowance of $2,352.77, multiplied by the number of months from the date of such separation until your 62nd birthday ("Lump Sum Buyout"). The Lump Sum Buyout has been calculated for certain months on Exhibit A, attached hereto and incorporated herein by reference. For the avoidance of doubt, as an example, if you separated from employment on June 24, 2020 for a reason other than your voluntary resignation your Lump Sum Buyout would be $122,344.04.

Post Office Box 664 • 101 Huntersville-Concord Road • Huntersville, NC 28070
phone 704.875.6541 • fax 704.948.6020 • www.huntersville.org

- If you voluntarily resign from employment, you agree to a discounted lump sum buyout equal to 66% of the Lump Sum Buyout ("Discounted Lump Sum Buyout"). The Discounted Lump Sum Buyout has been calculated for certain months on Exhibit A, attached hereto and incorporated herein by reference. For the avoidance of doubt, as an example, if you voluntarily resigned from employment on June 24, 2020, your Discounted Lump Sum Buyout would be $80,747.07.
- Definition: *Voluntary resignation* is agreed upon as *your voluntary separation from employment that, at the time of such separation, is 1) not coerced or forced by the Town Manager (this includes any termination by the Town Manager); 2) not otherwise mutually agreed by you and the Town Manager, in writing, to be in the best interest of both you and the Town; or 3) not related to a serious medical condition that, both you and the Town Manager agree, in writing, prevents you from continuing employment.*
- For the avoidance of doubt, and as an example, if you separated from employment (voluntarily or not) on or after June 24, 2024, and at the date of such separation you qualified for special separation allowance pursuant to NCGS § 143-166.42, as amended, you would not receive any Lump Sum Buyout and you would not receive any Discounted Lump Sum Buyout.
- In the event of your death, the Town will not pay a Lump Sum Buyout nor a Discounted Lump Buyout to your estate or to any third party.

F. If you are separated from employment with the Town for any reason before you turn 62, you will be allowed to participate in the Town's group health insurance coverage on the same basis the Town is providing for full time employees at the time of such separation, except that such participation will be at your cost and not the Town's. Your participation in the Town's group health insurance coverage pursuant to this Paragraph F will stop on your 62nd birthday.

G. You will be granted upon hire 120 vacation hours to be added to your vacation leave bank. However you agree to utilize this vacation time and you expressly waive your right to a lump sum payout of all accrued vacation time (whether accrued or granted as part of the 120 hours pursuant to this letter) upon your voluntary resignation. You will accrue vacation from the date of your full-time employment forward at the same rate as other full-time employees in accordance with the Town Personnel Policy.

H. Town residency is not required as Chief of Police. The Town will furnish a vehicle for your professional use as well as travel to and from your residence as Chief of Police.

In closing, I am pleased to have you continue working with the Town of Huntersville providing leadership, guidance, direction and vision within the Police Department.

Sincerely,

Anthony Roberts
Town Manager

Agreed to and accepted the above terms and conditions.

Subject : RE: Records request - HPD

I wish I could give you a timeframe, but at this point I don't know. I am trying to dedicate one to two hours a day on public records requests. E-mails, especially police, are time consuming because each one has to be reviewed to ensure there is no confidential information. Police e-mails usually involve quite a bit of redaction, which takes more time. If there is any way to narrow the request down, then that would decrease the number of e-mails that I need to go through. If there are no changes to the request, my guess would be at least 3 weeks.

For the request pertaining to the surveillance technology, I will follow-up with the Police Department to see when they will have that response.

If you have any questions, please let me know.

HUNTERSVILLE POLICE DEPARTMENT

Directive 1.00 Standards of Conduct (Rules and Regulations)

Effective Date: April 5, 2016	**Rescinds: Standards of Conduct, Rules and Regulations, 1-15-06**
Review Date: April 2017	**Approved: Cleveland L. Spruill Chief of Police**

CONTENTS

1.00 A – Policy/Purpose	**CALEA**	**26.1.1**
1.00 B – Definitions		**26.1.2**
1.00 C – Rules of Conduct		

A. POLICY/PURPOSE

1. Actions of officers and employees that are inconsistent with the values established by this agency negatively affect its reputation and that of its members. Such actions thereby detract from the agency's overall ability to effectively and efficiently protect the public, maintain peace and order, and conduct other essential business. Therefore, it is the policy of the Huntersville Police Department that officers and employees conduct themselves at all times in a manner consistent with the rules contained in this Directive and otherwise disseminated by this agency. These standards of conduct will apply equally to sworn and non-sworn members of the Department, except in those instances where a clear distinction in applicability is made. While this Directive cannot serve as an all-inclusive guide to proper conduct in all of the various situations or activities in which a member may become involved, members must at all times conduct themselves in accordance with the ethical responsibilities of their position and must strive constantly to live up to the highest standards of professional policing. Any acts or omissions contrary to the rules contained in this Directive will subject the offending member to the disciplinary procedures of the Department.

2. Members will exercise ordinary common sense and strive to find ways in every contact with the public to promote our values as expressed in our standards (such as the Mission, Code of Ethics, Goals and Objectives, these Rules of Conduct, and other lawful directives and legitimate expectations. For purposes here, ordinary common sense will be defined as that level of knowledge that a common person with average capabilities and life experiences possesses.

3. In establishing its standards, the Huntersville Police Department recognizes that members too have a need for job security and to be treated fairly in administrative decisions affecting their employment status, particularly in discipline and termination actions. Therefore, when members perform in a manner contrary to policies and procedures they create cause for administration to take action. In doing so, employees can expect that management will strive to:

   - Provide fair investigation to determine facts.
   - Allow them reasonable chance to represent themselves, questions facts and present a defense.
   - Provide progressive discipline, unless infractions are of such serious nature they call for summary discharge.
   - Consider the employee's work history in decisions that determine the appropriate level of discipline.
   - Provide for an appeal of a disciplinary or termination decision.

4. Members are expected to obey all Standards of Conduct and abide by the Canons of Police Ethics, Law Enforcement Canon of Ethics, and the Law Enforcement Code of Conduct. Serious and/or multiple standard violations will result in disciplinary action up to, and including, termination of employment.

5. The purpose of the "Standards of Conducts" is to further define the rules of conduct (Rules and Regulations), the Law Enforcement Officer's Code of Ethics and Vision, Mission and Value Statements of this Department, so that employees will better understand the prohibitions and limitations on their conduct and activities while on and off duty.

B. DEFINITIONS

The following definitions are for the limited purpose of this Directive and may not apply in all other cases:

1. Department: the Town of Huntersville Police Department. For the purpose of this Directive, the terms "agency" and "department" will be synonymous.

2. Directive: any rule, procedure, policy, order or other written statement of instruction issued on the authority of the Chief of Police or his designee and made applicable to any and/or all members of the Department.

3. Employee: a civilian or sworn employee of the Huntersville Police Department. Employee also means a volunteer member of the Department. For the purposes of this Directive, the terms "member" and "employee" will be synonymous. The term "employee" also means a volunteer member of the Department.

4. Officer: a sworn law enforcement officer of the Huntersville Police Department.

C. RULES OF CONDUCT

1. **Knowledge of Regulations** (Severity Category C)

(a) Employees will familiarize themselves with and understand all rules, regulations, directives and written procedures of the Department.

(b) Employees who do not understand their duties or responsibilities will read the relevant directives, rules, etc., and will consult their immediate supervisor for clarification.

(c) Employees will maintain an updated manual of Department rules, procedures, and other directives, and will consult that manual as needed.

(d) When dealing with a situation for which there are no regulations or established procedures, employees will consult with their immediate supervisor for direction.

(e) If a supervisor gives an order, the supervisor is responsible for that order. If the employee perceives an apparent conflict between the supervisor's order and the rules, directives or written procedures of the Department, the employee will seek clarification or confer with a higher authority.

(f) Employees will make affirmative and consistent efforts to observe and comply with the lawful directives and expectations (e.g. work rules, policies, procedures, practices, traditions)

established for the effective, efficient, and safe operations. The term “affirmative effort “means to self -initiate acceptable ways to comply with a lawful directive. In other words, the member is expected to actively seek ways and find proper ways to comply with a directive and not dwell on reasons why the directive should not or cannot be performed.

2. **Violation of Rules** (Severity Category A - Subject to Discretion)

   (a) Employees will not commit any acts or make any omissions which constitute a violation of any of the rules, procedures, orders, or other directives of the Department.

3. **Chain of Command** (Severity Category C)

   (b) Employees will conduct departmental business through accepted channels unless written procedures or orders from proper authority dictate otherwise.

4. **Insubordination** (Severity Category A)

   (a) Employees will promptly obey any lawful order or direction (verbal and written rules, duties, policies, procedures or practices) of a supervisor. This includes any lawful order or direction relayed from a supervisor by an employee of the same or lesser rank. If an employee does not understand the direction given to them the employee will seek guidance from a supervisor.

   (b) Employees will not use profane or intentionally insulting language toward any supervisor.

   (c) Employees will also subordinate their personal preferences and work priorities to lawful verbal and written rules, duties, policies, procedures and practices as well as to the lawful orders and directives of supervisory personnel.

5. **Unsatisfactory Performance** (Severity Category A)

   (a) Employees will maintain sufficient competence to properly perform their duties and assume the responsibilities of their position.

   (b) Employees will perform their duties in a manner which will maintain the highest standard of efficiency in carrying out the functions and objectives of the Department. Unsatisfactory performance may be demonstrated by a lack of knowledge of the application of laws to be enforced; unwillingness or inability to perform assigned tasks; the failure to conform to work standards established for an employee’s rank, grade, or position; the neglect of duty; the display of cowardice, absence without leave, or the physical or mental inability to perform the essential functions of the position and required duties.

   (c) In addition to other indications of unsatisfactory performance, the following will be considered unsatisfactory performance: repeated poor performance evaluations and records of repeated violations of orders, rules, procedures, or other directives of the Department.

   (d) Employees will not unlawfully commit acts or behave in such a manner that has the potential for endangering or injuring themselves, property, or another person.

6. **Unbecoming Conduct** (Severity Category A)

(a) Employees will conduct themselves at all times, both on and off duty, in a manner which is in keeping with the highest standards of the law enforcement profession.

(b) Employees will not engage in any conduct or activities, either on or off duty that brings the Department into disrepute, reflects unfavorably upon the employee as a member of the Department, damages or negatively affects the reputation of any member of the Department, or impairs the operation or efficiency of the Department or any of its personnel.

7. **Residence and Telephone Requirement** (Severity Category A)

(a) All sworn officers and employees will maintain residency in compliance with the current Town of Huntersville Personnel Policy Manual. The place of residence is where one actually lives or has his/her home to which one intends to return as distinguished from a temporary or transient visit; where one actually resides with intent to remain. The place of residence must be primary in nature and where the employee and his/her family spend the majority of his/her/their time in residence. Any employee found to have violated this rule will be reported to the Town Manager with the recommendation that he/she be terminated.

(b) Each employee will have a functioning telephone in his or her residence.

(c) Employees will inform their supervisor and the Chief of Police in writing of any change in their residential address or telephone number before the end of the next business day after making such change, in accordance to Departmental written directives applicable to personnel records.

8. **Reporting for Duty** (Severity Category D)

(a) Employees will report at the scheduled time for any duty assignment, including court, Grand Jury appearances, meetings, or training.

(b) Employees will be properly equipped and prepared to perform their duties.

(c) Employees who are unable to report to a duty assignment will notify the appropriate supervisor prior to the beginning of that scheduled assignment.

(d) Employees will report to work and while working remain drug free and medically, psychologically, and physically ready to assume and perform all their assigned or assumed responsibilities, duties, and tasks, and essential functions competently.

9. **Absence from Duty** (Severity Category A)

(a) Employees will be considered absent without authorized leave if they fail to report for duty or notify the appropriate supervisor of their inability to report for duty and be granted approved leave.

(b) Employees will not be absent from secondary duty assignments such as court, Grand Jury, meetings or training without first obtaining permission from proper authority.

(c) Employees will not feign illness or injury, falsely report themselves sick, ill or injured, or otherwise deceive or attempt to deceive any official of the Department as to the condition of their health or

that of their families.

(d) Employees will not be unnecessarily or excessively absent or unavailable for work.

(e) Members will not establish patterns of absenteeism. Establishing a pattern of absenteeism is a violation regardless of whether any part of the absenteeism within the pattern has not been approved or disapproved or scheduled by management.

10. **Neglect of Duty** (Severity Category B)

(a) While on duty, employees will not engage in any activities or personal business which would cause them to neglect or be inattentive to their assigned responsibilities.

(b) Employees will remain awake, alert, and attentive while on duty. If unable to do so, they will so report to their supervisor, who will determine the proper course of action.

(c) Officers will take any official action required by federal or state law, by Town ordinance, or by any directive of the Chief of Police.

(d) Employees will not leave their assigned duty post during a tour of duty except as authorized by proper authority.

(e) Civilian employees will take any action which is required or is responsible and appropriate in connection with the performance of their assigned duties.

(f) Officers will take appropriate action in any emergency situation or in any situation in which substantial and irreversible damage would result from the failure to take appropriate action, whether on or off duty.

(g) Employees will, whether requested or not, assist any employee involved in an emergency situation or any other situation in which additional assistance would be critical to the successful performance of a Departmental function.

(h) Officers will respond to all radio communications directed to them.

(i) Officers will, during work hours, come to the aid of another member when a legitimate request or need is made known or should have been known.

11. **Off-Duty Employment** (Severity Category C)

(a) Employees will adhere to all procedures and directives governing off-duty and secondary employment established by the Department.

12. **Labor Activity** (Severity Category A)

(a) Employees will not engage in any strike, work slowdown, unreasonable or selective enforcement of the law, or other concerted failure to report for duty for the purpose of inducing, influencing, or coercing a change in conditions, compensation, rights, privileges, or obligations of employment.

13. **Political Activity** (Severity Category A)

(a) Employees may not engage in political activity when on duty (other than voting and registering to vote) and will not engage in political activity while identifying themselves as representatives of the Police Department by virtue of their uniform or otherwise.

14. **Conformance to Laws** (Severity Category A)

(a) Employees will obey all laws of the United States and of any state or local jurisdiction in which they may be present, and will obey all administrative regulations applicable to their position and enacted pursuant to local, state or federal law.

(b) Employees will not obey any order which they know or should know requires them to commit an illegal act.

(c) Any employee arrested or charged with any crime must notify the Chief of Police in writing within 24 hours of that arrest or charge. No notification is required on motor vehicle charges except: Hit and Run, DWI, or Death by Motor Vehicle. The employee will also notify the Chief of Police in writing of the court disposition within 24 hours of that disposition. In addition, any suspension or revocation of an employee's motor vehicle operator's license must be reported to the Chief of Police within 24 hours of this action regardless of whether the suspension or revocation is the result of a conviction.

15. **Prohibited Associations** (Severity Category B)

(a) Employees will avoid association or dealings with persons who they know, or should know, are under criminal investigation or indictment, or who have a criminal record, except as necessary to the performance of official duties or where unavoidable due to family relationships.

(b) Employees will not knowingly join or participate in any organization that advocates, incites, or supports criminal acts or criminal conspiracies.

16. **Visiting Prohibited Establishments** (Severity Category B)

(a) Employees will not knowingly visit, enter, or frequent any establishment wherein the laws of the United States, the State, or the local jurisdiction are regularly violated, except in the performance of official duties.

17. **Use of Alcohol on Duty or in Uniform** (Severity Category A)

(a) Employees will not consume intoxicating beverages while in uniform or on duty except in the performance of duty and while acting under specific orders.

(b) Employees will not appear for duty, or be on duty, while under the influence of alcohol or with the odor of alcoholic beverage on their breath.

(c) No alcoholic beverages will be served or consumed on police premises or in vehicles owned by the Police Department.

18. **Possession and Use of Drugs** (Severity Category A)

(a) Employees will not possess or use any controlled substances or prescription drugs except as prescribed by a properly licensed physician or dentist.

(b) When narcotics are prescribed to an employee, the employee will notify his or her supervisor prior to reporting for duty under the influence of such medication. When a medication other than a narcotic is prescribed and that medication could affect an employee's fitness for duty, the employee will notify his or her supervisor prior to reporting for duty under the influence of such medication.

(c) No employee will report to work or be on duty when his or her judgment or physical condition has been impaired by alcohol, medication, or other substance.

(d) Employees must report the use of any substance, prior to reporting for duty, that impairs their ability to perform as law enforcement officer or employee.

(e) Supervisors will order a drug or alcohol screening test when they have reasonable suspicion that an employee is using and/or under the influence of drugs or alcohol while on duty. Such screening will conform to the policies of the Town of Huntersville on employee drug and alcohol testing.

19. **Personal Appearance** (Severity Category D)

(a) Employees on duty will wear uniforms and other clothing and equipment in accordance with established Departmental procedures.

(b) Except when acting under orders from proper authority, employees on duty will maintain a neat, well-groomed appearance and will style their hair according to Departmental procedures.

20. **Use of Tobacco Products** (Severity Category D)

(a) While on duty, employees will not use tobacco products while engaged in any activity that causes them to be in direct contact with the public, while engaged in traffic direction and control, when they must leave their duty assignment for the sole purpose of doing so, or when the use of tobacco is prohibited by law or would violate any written Town or Department policy.

(b) Employees are not permitted to use tobacco products in a vehicle owned or maintained by this agency.

21. **Identification** (Severity Category D)

(a) Officers will carry their police identification cards on their persons at all times, except when impractical or dangerous or harmful to the progress of a criminal investigation.

(b) Officers will furnish their names and employee identification numbers to any person requesting that information when they are on duty or presenting themselves as police officers, and will provide verbal identification over the telephone when conducting official police business, except when the withholding of such information is necessary to the performance of police duties or is authorized by proper authority.

(c) Employees will display their identification cards while on duty as required by departmental procedures.

22. **Abuse of Law Enforcement Powers or Position** (Severity Category A)

(a) Employees will not use their official position or identification for:

1) Personal or financial gain.

2) Obtaining privileges not otherwise available to them except in the performance of their duty.

3) Avoiding the consequences of illegal acts.

(b) Employees will not lend to another person their official identification card or badge or permit them to be photographed or otherwise reproduced without the prior approval of the Chief of Police.

(c) Employees will not permit the use of their names, photographs, or official titles that identify them as police officers or as employees of the Police Department in connection with testimonials or advertisements of any commodity, commercial enterprise, or professional service without the prior approval of the Chief of Police.

(d) Employees will take no part, either directly or indirectly, in sales promotions, solicitations, fund raising campaigns, or similar activities for personal gain or benefit of commercial enterprise while representing themselves as police officers or as employees of the Police Department, or authorize others to conduct themselves in a manner as indicated above that would leave the impression they are representing the Huntersville Police Department without the prior approval of the Chief of Police.

(e) Employees while on duty or acting in an official capacity will not recommend or suggest in any manner, except in the transaction of personal business with family and close friends, the employment or procurement of a particular product, professional service, or commercial service.

(f) Employees will not interfere with or attempt to influence the lawful business of any person.

(g) Employees will not knowingly make false accusations or false criminal charges.

(h) Employees will not create conflicts of interest or potential conflicts of interest with the duties

(i) Employees will not, under the color of authority, divulge or willfully permit to have divulged, any information gained by reason of their position, for anything other than its official purpose.

23. **Gifts and Gratuities** (Severity Category A)

(a) Employees will not use their position to solicit any form of gift, gratuity, or service for gain.

(b) Employees will not accept from any person, business, or organization any gift if it may reasonably be inferred that the person, business or organization seeks to influence an official

action or to affect the performance of an official function; OR has an interest which may be substantially affected, either directly or indirectly, by the performance or non-performance of an official function.

(c) Employees may not accept any form of reward for the performance of an official function without the prior approval of the Chief of Police.

24. **Public Statements, Appearances & Endorsements** (Severity Category A)

(a) Employees will treat the official business of the Department as confidential and will disseminate information regarding departmental operations only in accordance with established departmental procedures.

(b) Employees will not divulge the identity of persons giving confidential information in a criminal investigation.

(c) Employees will not publicly criticize or ridicule the Department or its personnel when such statements may interfere with the maintenance of discipline or the effective operation of the Department, or when such statements are made with reckless disregard for the truth.

(d) Employees will not disseminate any information that would violate North Carolina General Statute §160A-168 (Privacy of Employee Personnel Records).

(e) Employees will not, under color of authority, make any statements, speeches, or appearances that could reasonably be considered to represent the views of the agency, unless expressly authorized. This includes, but is not limited to the use of towing services, repair firms, attorneys, bail bondsmen, or other technical or professional services. This rule does not pertain to the endorsement of appropriate governmental services where there is a duty to make such endorsements.

25. **Courtesy** (Severity Category C)

(a) Employees will conduct themselves toward the public in a civil and professional manner that connotes a service orientation and that will foster public respect and cooperation.

(b) Employees will be courteous and tactful in the performance of their duties or while representing themselves as members of the Department, and will promptly respond to all requests for assistance in accordance with departmental procedures.

(c) Employees will promptly (usually within 24 hours) return phone calls from citizens and should keep a record of unsuccessful efforts to return phone calls.

26. **Citizen Complaints** (Severity Category C)

(a) Employees will follow established procedures for processing complaints.

(b) Employees may attempt to amicably resolve citizen complaints, but they will not attempt to prevent any citizen from lodging a formal complaint against any individual employee or against the Department.

27. **Use of Weapons** (Severity Category A)

Officers will carry and use weapons and firearms only in accordance with law and established departmental procedures.

28. **Use of Force** (Severity Category A)

(a) Officers will use no more force than necessary in the performance of their duties and will then do so only in accordance with the law and Departmental procedures.

(b) Officers will comply with Departmental procedures concerning the documentation and investigation of the use of physical force.

29. **Arrest, Search and Seizure** (Severity Category B)

(a) Officers will not make any arrest, search or seizure which they know, or should know, is not in accordance with the law and Departmental procedures.

30. **Intervention** (Severity Category C)

(a) Officers will not interfere with or take action in cases being handled by other officers of the Department or by another governmental agency unless

1) Ordered to intervene by a superior officer; or
2) The intervening officer believes that a manifest injustice would result from failure to take immediate action.

(b) Officers will not undertake any investigation or other official action which is not part of their regular duties without obtaining permission from their supervisor, unless the exigencies of the situation require immediate police action. Any officer taking such an action must notify his immediate supervisor as soon as possible after the incident occurs.

31. **Improper Use of Property and Evidence** (Severity Category A)

(a) Employees will not manufacture, conceal, destroy, remove, tamper with or withhold any property or evidence in connection with an investigation or other police action, except in accordance with established Departmental procedures.

(b) Employees will not purchase, convert to their own use, or have any claim to any found, impounded, abandoned, or recovered property, or any property held or released as evidence.

32. **Use of Department Equipment** (Severity Category D 32 A and Severity Category A for 32 B – subject to discretion])

(a) Employees will utilize departmental equipment, including any vehicle, computer and radio,
1) only for its intended purpose in accordance with all laws and departmental procedures and
2) will not damage or lose departmental equipment.

33. **Radio Communications** (Severity Category C)

(a) Officers will keep available radio communications equipment turned on and operating at all times while on duty, unless ordered by proper authority to do otherwise.

34. **Departmental Reports** (Severity Category D)

(a) Employees will submit all necessary reports on time and in accordance with established Departmental procedure.

(b) Reports submitted by employees will be accurate, truthful and complete.

35. **Participation in Administrative Investigations** (Severity Category A)

(a) Employees are directly accountable for their actions through the chain of command to the Chief of Police, and will have a duty to truthfully acknowledge and explain their actions and decisions when requested to do so by an authorized member of this agency without deception or subterfuge.

(b) Employees will cooperate fully in any internal administrative investigation conducted by this agency and will provide complete and accurate information in regard to any issue under investigation. Employees will accept responsibility for their actions without attempting to conceal, divert or mitigate their true culpability, and will not engage in any effort to thwart, influence, or interfere with an internal investigation.

(c) All procedures carried out under this rule will be specifically directed and narrowly related to a particular internal administrative investigation being conducted by the Department.

(d) Employees who are involved in administrative investigations and who have been advised in writing (or orally, if the interview is conducted by telephone and the conversation is taped) that no statement they make can be used against them in a criminal prosecution, will truthfully answer all questions which are specifically directed and narrowly related to their job performance and/or fitness for duty.

(e) Upon the order of the Chief of Police or the Chief's designee, an employee will:

1) Submit to a polygraph examination.

2) Submit to any medical, ballistics, chemical or other test, photographs, or line-ups required in a particular administrative investigation being conducted by the Department, and release the results of any such tests to the Department in connection with the administrative investigation.

3) Submit financial disclosure statements in accordance with Departmental procedures in connection with a complaint in which this information is material to the investigation. Financial statements are to be confidentially maintained by the Chief of Police and will not be made available to the public.

4) Submit medical records that are granted by the employee and/or the employee's physician, and that relate to a condition that the employee has raised as an issue, and the condition pertains to the employee's fitness for duty or job performance.

36. **Legal Processes Brought By or Against Employees** (Severity Category C)

(a) Employees will immediately report in writing directly to the Chief of Police or his designee any citations or criminal charges brought against them, and any court actions brought against them as a result of the performance of duty or which involve the employee's fitness for duty.

(b) Employees will notify the Chief of Police or his designee in writing before filing claims for damages or entering into any legal compromise or settlement regarding events that resulted from the performance of official duty.

37. **Supervision** (Severity Category B)

(a) Supervisors are charged with insuring compliance with all applicable laws, the Department's policies, directives, standard operating procedures, and Directives by those employees under their supervision. Supervisors are responsible for investigating and reporting all known violations to their immediate supervisor.

(b) All Police Department employees, sworn or civilian, who supervise any other Police Department employees will perform their duties completely, diligently, promptly, professionally, and satisfactorily.

(c) Supervisors will maintain professional and ethical relationships with subordinate employees, and will not engage in any personal relationship or association that would tend to impair the ability of the supervisor to perform their assigned duties in an effective, impartial, and professional manner.

(d) Supervisors will treat subordinates with the same courtesy and respect that is required of subordinates toward supervisors. Criticisms of a member or of a member's performances will be made directly to the subordinate and, when practicable, in a private setting.

38. **Truthfulness** (Severity Category A)

(a) Employees are prohibited from intentionally making any materially false statement(s) in connection with their performance of official duties.

(b) Employees are prohibited from intentionally failing to disclose information in connection with the performance of official duties when the purpose of such non-disclosure is to conceal suitability or unsuitability for duty of themselves or another or to gain improper personal advantage.

(c) Any material falsification or any intentional failure to disclose information relevant to suitability or fitness for police employment which is discovered after an individual is hired can result in termination of that employee.

39. **Harassment** (Severity Category A)

(a) Illegal or forbidden harassment (e.g. sex, race, religion, national origin, ethnic, disability or age) are prohibited as a basis for conduct, behavior, or decisions affecting another

member's or potential member's terms or conditions of employment. Members will not use sex, race, religion, national origin, ethnic background, disability or age in their words, actions, gestures, conducts or behaviors that could reasonably be construed or perceived by another as hostile, offensive or intimidating.

(b) In words, deeds, gestures, performance of jobs, duties, tasks and delivery of services, members will not discriminate; nor will they establish a pattern of adverse impact in the delivery of services when such discrimination has a basis in such areas as a person's sex, ethnic background, race, color, national origin, lifestyle, preferred sexual orientation, religion, criminal history, age, disability or social status.

40. **Driving** (Severity Category A – subject to discretion)

(a) Employees will obey all traffic laws while driving under normal conditions and will drive with due regard for the safety of others.

(b) Officers will only initiate and continue in a pursuit in accordance with departmental directives that governs pursuit (Directive 4.11 Vehicle Pursuits).

(c) Officers will comply with departmental directives concerning the documentation and investigation of any event that on officer knows, or should know, qualifies as a pursuit.

(d) Officers will only initiate and continue with an emergency response in accordance with departmental directives governing emergency responses (Directive 4.12 Emergency and Routine Vehicle Operations).

41. **Off-Duty Police Action** (Severity Category A)

(a) Officers will not use their police powers to resolve personal grievances (e.g. those involving the officer, family members, relatives or friends) except under circumstances that would justify the use of self-defense, actions to prevent injury to another person, or when a serious offense has been committed that would justify an arrest. In all other cases, officers will summon on-duty police personnel and a supervisor in cases where there is personal involvement that would reasonably require law enforcement intervention.

42. **Conduct Toward Fellow Employees** (Severity Category C)

(a) Employees will conduct themselves in a manner that will foster cooperation among members of this agency, showing respect, courtesy, and professionalism in their dealings with one another.

(b) Employees will not use language or engage in acts that demean, harass, or intimidate another person.

(c) Employees will not use profane or intentionally insulting language toward any other employee of the Department.

43. **Cooperation with Members and Other Officials** (Severity Category C)

(a) Members are required to affirmatively seek ways to cooperate and work with other members, other public officials, and members of any organization with whom their needs to be a good working relationship in order to achieve our mission, goals or objectives.

43. **Personal Locks, Keys, Passwords and Codes** (Severity Category C)

(a) Employees of this Department will not install or have installed any locking device upon any departmental equipment unless authorized by the Chief of Police. No employee will have in his/her possession any keys to areas of the department, depositories, or equipment to which he/she has not been authorized to use. No employee will copy or permit to be copied any departmental key without express authorization by the Chief of Police.

(b) No employee will transfer any passwords or codes to locking mechanisms, computer programs, or security alarms without the authorization of the Chief of Police. No employee will use any passwords or codes that he/she has not been given express authority to use by the Chief of Police.

(c) The Chief of Police or Bureau Commander may order the inspection of any departmentally owned locker, desk, vehicle, compartment, room, or container at any time.

	Revision Date:	**Approved: Cleveland L. Spruill Chief of Police**

CONTENTS

1.02 A Policy/Purpose **CALEA 1.1.2**
1.02 B Procedures

A. POLICY/PURPOSE

The purpose of this policy is to provide a written directive requiring all personnel to abide by a code or cannon of ethics adopted by that agency and mandates that ethics training be conducted for all personnel, at a minimum, biennially. **[CALEA 1.1.2]**

All officers and employees of the Huntersville Police Department are expected to uphold the highest standards of ethical conduct for law enforcement agencies. These standards of ethical conduct shall serve as the guide for the conduct for all officers and employees of the Police Department. It is the policy of the Huntersville Police Department that all sworn officers and employees are required to abide by these "Standards of Ethics" at all times. The Huntersville Police Department has adopted the canons and codes of conduct included in this written directive as its "Standards of Ethical Conduct" for all officers and employees.

B. PROCEDURES

All officers and employees are expected to abide by the following Standards of Ethical Conduct of the Department.

1. **LAW ENFORCEMENT CODE OF POLICE ETHICS (SWORN EMPLOYEES) – International Association of Chief's of Police (Addendum A)**

2. **CIVILIAN LAW ENFORCEMENT EMPLOYEE CODE OF ETHICS (Addendum B)**

3. **LAW ENFORCEMENT CANONS OF POLICE ETHICS - *International Association of Chiefs of Police* (Addendum D)**

ADDENDUM A

LAW ENFORCEMENT CODE OF ETHICS
FOR SWORN EMPLOYEES

AS A LAW ENFORCEMENT OFFICER, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all to liberty, equality, and justice.

I WILL keep my private life unsullied as an example to all and will behave in a manner which does not bring discredit to me or my agency. I will maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of bribery nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I KNOW that I alone am responsible for my own standard of professional performance and will take every opportunity to enhance and improve my level of knowledge and competence.

I WILL constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

ADDENDUM B

LAW ENFORCEMENT CODE OF ETHICS
FOR CIVILIAN EMPLOYEES

As a Civilian Police Employee, I will demonstrate the highest standards of personal integrity, commitment, truthfulness, and fortitude in order to inspire trust among my co-workers, and to set an example for others. Avoid conflicts of interest. Conduct myself in a fair and impartial manner and recuse myself when significant conflict of interest arises. I will not accept gifts, gratuities or favors that could compromise my impartiality and independence.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life. I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official duty will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

At all times, *I will place my obligation to the community and to the goals and objectives of my Department above my personal self-interest*.

ADDENDUM C

LAW ENFORCEMENT CANONS OF POLICE ETHICS

Article I. Primary Responsibility of Job

The primary responsibility of the police service, and of the individual officer, is the protection of the people of the United States through the upholding of their laws; chief among these is the Constitution of the United States and its amendments. The law enforcement officer always represents the whole of the community and its legally expressed will and is never the arm of any political party or clique.

Article II. Limitations of Authority

The first duty of law enforcement officers, as upholders of the law, is to know its bounds upon them in enforcing it. Because they represent the legal will of the community, be it local, state, or federal, they must be aware of the limitations and prescriptions which the people, through law, have placed upon them. They must recognize the genius of the American system of government which gives to no person, groups of persons, or institution, absolute power, and they must insure that they, as prime defenders of that system, do not pervert its character.

Article III. Duty to be Familiar with the Law and with Responsibilities of Self and other Public Officials

Law enforcement officers shall assiduously apply themselves to the study of the principles of the laws which they are sworn to uphold. They shall make certain of their responsibilities in the particulars of their enforcement, seeking aid from their superiors in matters of technicality or principle when these are not clear to them; they will make special effort to fully understand their relationship to other public officials, including other law enforcement agencies, particularly on matters of jurisdiction, both geographically and substantively.

Article IV. Utilization of Proper Means to Gain Proper Ends

Law enforcement officers shall be mindful of their responsibility to pay strict heed to the selection of means in discharging the duties of their office. Violations of law or disregard for public safety and property on the part of an officer are intrinsically wrong; they are self-defeating in that they instill in the public mind a like disposition. The employment of illegal means, no matter how worthy the end, is certain to encourage disrespect for the law and its officers. If the law is to be honored, it must first be honored by those who enforce it.

Article V. Cooperation with Public Officials in the Discharge of Their Authorized Duties

Law enforcement officers shall cooperate fully with other public officials in the discharge of authorized duties, regardless of party affiliation or personal prejudice. They shall be meticulous, however, in assuring themselves of the propriety, under the law, of such actions and shall guard against the use of their office or person, whether knowingly or unknowingly, in any improper or

illegal action. In any situation open to question, they shall seek authority from their superior officers, giving them a full report of the proposed service or action.

Article VI. Private Conduct

Law enforcement officers shall be mindful of their special identification by the public as upholders of the law. Laxity of conduct or manner in private life, expressing either disrespect for the law or seeking to gain special privilege, cannot but reflect upon the police officer and the police service. The community and the service require that the law enforcement officer lead the life of a decent and honorable person. Following the career of a police officer gives no person special prerequisites. It does give the satisfaction and pride of following and furthering an unbroken tradition of safeguarding the American republic. The officer who reflects upon this tradition will not degrade it. Rather, they will so conduct their private lives that the public will regard them as an example of stability, fidelity, and morality.

Article VII. Conduct toward the Public

Law enforcement officers, mindful of their responsibility to the whole community, shall deal with individuals of the community in a manner calculated to instill respect for its laws and its police service. Law enforcement officers shall conduct their official life in a manner such as will inspire confidence and trust. Thus, they will be neither overbearing nor subservient, as no individual citizen has an obligation to stand in awe of them nor a right to command them. The officers shall give service where they can, and require compliance with the law. They will do neither from personal preference or prejudice but rather as duly appointed officers of the law discharging their sworn obligation.

Article VIII. Conduct in Arresting and Dealing with Law Violators

Law enforcement officers shall use their powers of arrest strictly in accordance with the law and with due regard to the rights of the citizens concerned. Their office gives them no right to prosecute the violator nor to mete out punishment for the offense. They shall, at all times, have a clear appreciation of their responsibilities and limitations regarding detention of the violator; they shall conduct themselves in such a manner as will minimize the possibility of having to use force. To this end they shall cultivate a dedication to the service of the people and the equitable upholding of their laws whether in the handling of law violators or in dealing with the law-abiding.

Article IX. Gifts and Favors

Law enforcement officers, representing government, bear the heavy responsibility of maintaining, in their own conduct, the honor and integrity of all government institutions. They shall, therefore, guard against placing themselves in a position in which any person can expect special consideration or in which the public can reasonably assume that special consideration is being given. Thus, they should be firm in refusing gifts, favors, or gratuities, large or small, which can, in the public mind, be interpreted as capable of influencing their judgment in the discharge of their duties.

Article X. Presentation of Evidence

Law enforcement officers shall be concerned equally in the prosecution of the wrong-doer and the defense of the innocent. They shall ascertain what constitutes evidence and shall present such evidence impartially and without malice. In so doing, they will ignore social, political, and all other distinctions among the persons involved, strengthening the tradition of the reliability and integrity of an officer's word. Law enforcement officers shall take special pains to increase their perception and skill of observation, mindful that in many situations theirs is the sole impartial testimony to the facts of a case.

Article XI. Attitude Toward Profession

Law enforcement officers shall regard the discharge of their duties as a public trust and recognize their responsibility as public servants. By diligent study and sincere attention to self-improvement they shall strive to make the best possible application of science to the solution of crime and, in the field of human relationships, strive for effective leadership and public influence in matters affecting public safety. They shall appreciate the importance and responsibility of their office and hold police work to be an honorable profession rendering valuable service to their community and their country.

A. POLICY/PURPOSE

1. In order to ensure efficient, accountable service and protection to the citizens of Huntersville, the Huntersville Police Department will provide guidelines to employees regarding the types of additional employment that are appropriate. All members of the Huntersville Police Department who desire to engage in secondary employment must recognize that their primary duty, obligation and responsibility are to the Town of Huntersville Police Department. Members are subject to call at any time for emergencies, special assignments, court appearances, or overtime duty, and no secondary employment may infringe on this obligation in any manner. Members may not engage in any secondary employment that is deemed contrary to the best interests of the Department or which may create the potential for a conflict of interest. All secondary employment for salaries, wages, or commission and all self-employment must be authorized in advance by the Chief of Police and conform to Town personnel policies

2. To provide a written directive which describes guidelines for employees regarding the types of secondary employment that are appropriate, and establish procedures to maintain accountability for employees engaged in secondary employment. These requirements are essential for the efficient operation of the Department and the maintenance of the public's trust.

B. DEFINITIONS

The following definitions are for the limited purpose of this Directive and may not apply in all other cases:

1. Alcohol Establishment: Any business where it is deemed the totality of the circumstances that the business is operating as a bar or nightclub during the time frame of the requested duties. Secondary employment at such establishments is considered prohibited secondary employment. The final determination of whether a business is operating as an Alcohol Establishment for purposes of this policy rests with the Chief of Police. Factors to be considered would be, but not limited to, the following:

   (a) Percentage of alcohol sales during the time frame of the requested duties;

   (b) Site visits;

   (c) Calls for service;

   (d) Requested duties to be performed;

   (e) Consultation with the Mecklenburg County ABC Department; and

   (f) Parking.

2. Alcoholic Establishment Parking Location: Any surface area used for parking so tied to the operations of an alcohol establishment that it becomes effectively indistinguishable from the alcohol establishment itself. The analysis as to whether a parking area is serving exclusively as an Alcohol Establishment Parking Location shall be based on the totality of the circumstances present during the time frame of the requested duties. Secondary employment at such locations is considered prohibited secondary employment. The final determination as to whether a business or area is operating as an alcohol establishment parking location for purposes of this policy rests with the Chief of Police. Factors to be considered would be, but not limited to, the following:

   (a) Physical location of the parking area in relationship to the Alcohol Establishment itself;

   (b) Employer and requested duties to be performed;

   (c) Who is utilizing the parking services during the time frame of the requested duties;

   (d) Calls for service and crime trends;

   (e) Site visits; and

   (f) Consultation with the Mecklenburg County ABC Department.

3. Apartment Security: Employment of a Department employee by an apartment or residential community for the provision of on-site security services in exchange for pay, housing, reduction in rent or other benefits. Apartment security is considered restricted employment.

4. Employees – for the purpose of this Directive the term officers or employees refers to both sworn officers and civilian employees of the Huntersville Police Department, regardless of the term used.

5. Law Enforcement Secondary Employment: Any secondary employment that is conditioned on the actual or potential use of law enforcement authority by a sworn employee.

6. Long-term Employer: Any secondary employer approved for a period greater than thirty days and up to one year.

7. Major Secondary Employment: Any law enforcement secondary employment job requiring four (4) or more officers. Such jobs will be evaluated for the inclusion of a supervisor at the discretion of the Secondary Employment Coordinator. Any requirement for a supervisor can be waived by the Chief of Police.

8. Non-Law Enforcement Secondary Employment: Any secondary employment that does not require the actual or potential use of law enforcement authority by a Department employee. This includes self-employment such as teaching, contracting or sales jobs.

9. Probationary Period: The probationary period for sworn employees begins on the date of hire as a Huntersville Police Department officer and ends one year from that date. The probationary period for non-sworn employees begins on their date of hire and lasts for six (6) months.

10. Restricted Secondary Employment: Secondary employment that by its nature requires more stringent guidelines than other secondary employment.

11. Secondary Employment: The provision of a service by Department employees for an employer other than the Huntersville Police Department in exchange for a fee or other service. Secondary employment includes unpaid volunteer or charitable work when the employee is identified as an employee of the Department.

C. LIABILITY AND WORKER'S COMPENSATION ISSUES REGARDING SECONDARY EMPLOYMENT

1. Employees engaged in non-law enforcement secondary employment are not covered by the Department's liability or Worker's Compensation insurance, as the work is unrelated to law enforcement duty.

2. For liability purposes, sworn employees working extra-duty or law enforcement secondary employment are covered by the Department's civil liability insurance. This coverage extends to any sworn employee, either on-duty or off-duty, while conducting law enforcement duties.

3. Worker's Compensation for injuries occurring while working an extra-duty or law enforcement secondary employment will be resolved on a case-by-case basis. To be eligible for Worker's Compensation, the employee working law enforcement secondary employment must be conducting official law enforcement duties, typically at a public function or on public property, at the request of a private employer. Most law enforcement secondary employment will meet the prescribed eligibility standard for Worker's Compensation. However, some law enforcement secondary employment performed at private functions and on private property may be judged ineligible for Worker's Compensation. Final resolution of Worker's Compensation claims rests with the North Carolina Industrial Commission. Questions in regard to the specific eligibility requirements for Worker's Compensation may be directed to Chief of Police or Human Resources Director.

D. STANDARD OF CONDUCT WHILE ENGAGED IN SECONDARY EMPLOYMENT

1. Employees will not work secondary employment while on sick leave, (except for non-illness doctors appointments), medical leave, Worker's Compensation, limited or restricted duty, or while on special assignment due to physical reasons. Employees on such leave or duty status must return to regular duty status and work their regular duty shift prior to working any secondary employment job.

2. Employees are prohibited from engaging in law enforcement related secondary employment while on suspension from the Department.

3. Employees are prohibited from engaging in law enforcement work for any secondary employer for self-employment during duty hours.

4. Employees engaged in law enforcement secondary employment will conform to all laws and Departmental policies when working secondary employment.

5. Employees engaged in secondary employment will take appropriate action to enforce the law and preserve public safety, and will not be bound by rules or restrictions of the secondary employer in taking action.

6. Employees engaged in secondary employment will not act to enforce the rules and regulations of an employer which are not otherwise violations of the law.

7. Employees will not make any record check of any individual unless that record check is designed to uncover a violation of law.

8. Employees will not initiate or otherwise authorize the towing of any vehicle from private property unless that vehicle is perceived to be more likely than not stolen.

9. Employees engaged in any secondary employment are subject to call-out in case of emergency, and may be expected to leave the secondary employment in such situations.

10. Permission for an employee to engage in secondary employment may be revoked when it is determined that such employment is not in the best interest of the Department.

E. EMPLOYEE SECONDARY EMPLOYMENT PERMITS

1. No employee will work at a secondary employment job, business, or any form of self-employment without an approval Permit to Engage in Secondary Employment form (see Addendum A). The requirement that an employee hold an approved work permit may be waived under limited circumstances at the discretion of the Chief of Police.

2. Employees who have successfully completed six (6) months of service will be eligible to apply for a Secondary Employment Permit. Lateral transfer officers who are hired as a lateral transfer from another law enforcement agency are eligible to apply for their Permit to Engage in Secondary Employment upon successful completion of the Department's Police Training Officer (PTO) Program, except as authorized otherwise by the Chief of Police.

3. Employees must submit a completed Permit to Engage in Secondary Employment Form through the Chain of Command to their Bureau Commander, then the Secondary Employment Coordinator and finally to the Chief of Police for final authorization. Once the permit has been approved by the employee's Chain of Command a copy will be forwarded to the Secondary Employment Coordinator to be maintained in a file and the original will be file in the officer/employee's personnel file.

    (a) Employees placed on probation due to poor performance evaluations will have their Secondary Employment Work Permit rescinded by the employee's Bureau Commander at least for the duration of the probationary period.

    (b) An employee's Permit to Engage in Secondary Employment may be rescinded by the Chief of Police for just cause.

4. The Chief of Police must approve permits for secondary employment and they remain in effect until amended or rescinded by the Chief of Police. All supervisors will review subordinates approved non-law enforcement secondary employment during any performance evaluation review and make any necessary recommendations to the Chief of Police.

F. EMPLOYEE NON-LAW ENFORCEMENT SECONDARY EMPLOYMENT APPLICATIONS

1. Employees will submit an Application for Non-Law Enforcement Secondary Employment (see Addendum B) through the chain of command to the Chief of Police prior to engaging in non-law enforcement secondary employment.

2. Any change in conditions described in the original notification form requires resubmission for administrative review. When any off-duty employment has been terminated, the employee will notify the Chief of Police in writing.

3. Members will immediately report in writing, through the chain of command to the Chief of Police, any incidents arising from or connected with their non-law enforcement secondary employment which might adversely affect the Department or its personnel.

G. PROHIBITED SECONDARY EMPLOYMENT

1. Huntersville Police Department employees are prohibited from engaging in any secondary employment that would reflect unfavorably upon the Department or the employee, impair the operational efficiency of the Department, or adversely affect the Department.

2. Huntersville Police Department employees are prohibited from engaging in any secondary employment with another law enforcement agency other than the Huntersville Police Department without the express consent of the Chief of Police.

3. Employees are specifically prohibited from engaging in the following secondary employment:

   (a) Employment that presents a real, potential, or apparent conflict of interest between the employee's duties as a Department employee and their duties for the secondary employer.

   (b) Employment at Alcohol Establishments and Alcohol Establishment Parking Locations are prohibited. For the purposes of this Directive, events, such as festivals, sporting events, and concerts will not be considered alcohol establishments.

   (c) Employment regulating entry into a facility or venue. Officers will not check identification and/or entry tickets, operate metal detectors or perform searches of people coming into a business or event, questions persons about the validity of their presence within a business or venue, or ask persons to leave a business or venue without an employee being present that has already asked the person to leave.

   (d) Employment at establishments which sell merchandise of a sexual or pornographic nature as their primary source of revenue or that otherwise provides entertainment or services of a sexual nature; employment at topless bars, X-rated video or bookstores or adult entertainment establishments.

   (e) Employment as a process server, bail bondsman, property re-possessor, bill collector, tower of vehicles, or any other employment in which police authority might tend to be used to collect money or merchandise for private or commercial purposes.

   (f) Private investigations or any employment which require the employee to utilize Huntersville Police Department information systems, files, records, or services as a condition of employment.

   (g) Protection of management, employees, or property during a strike or labor dispute.

(h) Employment solicited in direct competition with private security firms.

(i) Employment that would hinder or interfere with the employee's regular duties.

(j) Soliciting any law enforcement secondary employment from any person is prohibited. All requests for employment will be referred to the Secondary Employment Coordinator.

(k) Non-sworn employees are prohibited from performing any law enforcement related secondary employment.

H. RESTRICTED EMPLOYMENT

1. Employees working restricted secondary employment jobs should expect closer inspection of these jobs and their activities.

2. Employees are permitted to hold apartment security positions consistent with other Department regulations.

   (a) Specific restrictions as outlined in the Apartment Security Secondary Employment Guidelines (see Addendum C) will apply to employees working at these locations.

   (b) Employers and officers must be advised in writing by the Secondary Employment Coordinator of the restrictions in Addendum C prior to the approval of an apartment security job.

   (c) Employers and officers must file a signed copy of Addendum C with the Secondary Employment Coordinator prior to the approval of any apartment security work.

3. Officer are permitted to engage in traffic control and direction in the public streets subject to the restrictions outlined in the Traffic Control on Public Streets Secondary Employment Guidelines.

   (a) The employer and officers must be advised in writing by the Secondary Employment Coordinator of the restrictions outlined in services agreement.

4. Officers are permitted to engage in personal protection or bodyguard services that are conditioned on the use or potential use of law enforcement authority only after obtaining authorization from the Chief of Police. A written waiver of liability, available from the Department's Police Attorney, must be signed by the employer prior to authorization being granted.

5. The failure of any employer or officer to comply with these restrictions may result in the employer being removed from the list of approved employers. In addition, the officer may be subject to the suspension of their Secondary Employment Permit and to appropriate disciplinary action.

6. The failure of any employer or officer to comply with these restrictions may result in the employer being removed from the list of approved employers. In addition, the officer may be subject to the suspension of their Secondary Employment Permit and to appropriate disciplinary action.

7. Command personnel (Police Captains) may not engage in law enforcement secondary employment without the prior approval of the Chief of Police.

8. Secondary employment that requires the use of specialized training or equipment received by an employee through the Department must be approved by the employee's chain of command through the Chief of Police and the Secondary Employment Coordinator prior to the employee engaging in such employment.

9. Officers are permitted to work at parking locations that are in close proximity to and that consistently service Alcohol Establishments during the time frame of the requesting duties subject to the following conditions:

(a) Specific restrictions as outlined in the Guidelines for Secondary Employment at Parking Locations Servicing Alcohol Establishments will apply to employees while working at these locations.

(b) Employers and officers must be advised by the Secondary Employment Coordinator of the restrictions prior to the approval of any of the above listed locations.

10. ***Any deviation from the restrictions imposed below must be outlined in writing and formally approved in writing by the Administrative Services Bureau Commander.***

I. USE OF POLICE VEHICLES FOR SECONDARY EMPLOYMENT

1. Generally, assigned police vehicles may be used by employees only to travel to and from secondary employment jobs and for secondary employment involving traffic control on public streets.

2. The use of Department assigned police vehicles during secondary employment assignments is prohibited unless the use of police vehicles is contracted by the employer, or otherwise approved by the Chief of Police or his designee. Department assigned police vehicles may not be used for apartment security secondary employment as the apartment security officer must request assistance from on-duty police officers via the Communications Center for any complaint requiring enforcement action .

J. SUPERVISION OF LAW ENFORCEMENT SECONDARY EMPLOYMENT

1. Any law enforcement secondary employment job requiring four (4) or more officers will be evaluated by the Secondary Employment Coordinator for the inclusion of at least one supervisor. This supervisory requirement may be waived by the Chief of Police.

    (a) Secondary Employment supervisors will be responsible for the supervision of officers working a secondary employment job. Supervisors will ensure that officers working secondary employment comply with all applicable departmental policies and the law.

    (b) Secondary Employment supervisors will assist on-duty supervisors in the preparation of any supervisor reports necessitated by secondary employment officers' actions. Supervisors working secondary employment as an officer will assist on-duty supervisors with any report preparation as needed.

    (c) The Communications Center will be notified of the location and hours of each law enforcement secondary employment job.

        1. At the beginning of the job, officers working secondary employment will notify the Communications Center using their Off Duty Unit ID #, location, and the time the secondary employment ends. Officers are responsible for notifying the Communications Center when their secondary employment has actually ended.

        2. For major law enforcement secondary employment, the supervisor will check on-duty and secure a private radio channel. Each officer working the major secondary employment will check on-duty individually

        3. The Chief of Police, Major, or Secondary Employment Coordinator will determine the need for command personnel to supervise events when necessary.

K. COMPENSATION FOR LAW ENFORCEMENT SECONDARY EMPLOYMENT

1. Officers working law enforcement secondary employment jobs will be compensated at an hourly rate of pay established by the Department commensurate with market rates. The minimum compensation for any job will be three hours pay at the given rate with the exception of certain traffic jobs which require traffic control for short periods of time. The three hour rate of pay for those jobs deemed to be too short in duration as to require the three hour minimum may be waived by the Chief of Police and a negotiated rate pay will apply.

2. Supervisors on major law enforcement secondary employment jobs will be compensated at a rate commensurate with their current hourly salaries, except where approved otherwise by the Chief of Police. Supervisors working law enforcement secondary employment, but not designated as supervisors for the job by the Secondary Employment Coordinator may be paid at the same rate as police officers.

3. Command personnel working on their command level on a law enforcement secondary employment job will be compensated at a rate commensurate with their current hourly salary for that command level, except where approved otherwise by the Chief of Police. Commander personnel working law enforcement secondary employment in a non-supervisory function may be paid at the same rate as police officers.

4. Rates of pay and fees for equipment for law enforcement secondary employment will be reviewed on a fiscal year basis and established by the Chief of Police. All employers of jobs where the use of a patrol car is deemed appropriate will be billed for usage of the patrol car at the hourly rate established by the Chief of Police. The requirement that an employer pay for use of the patrol car may be waived under limited circumstances by the Chief of Police. See Addendum F for Secondary Employment Pay Rates and Charges.

5. Officers will not receive compensation or attempt to receive compensation from the law enforcement secondary employment of any other employee of the Department. Officers who arrange for the law enforcement secondary employment of another officer will not charge a fee from that officer or attempt to obtain any portion of that officer's designated pay for this service.

6. All compensation for such law enforcement secondary employment will be by check only from the employer to the officer. No officers will receive cash payment under any circumstances.

7. The Chief of Police at his/her discretion may elect to compensate officers working such law enforcement secondary employment jobs through overtime pay based on current Town of Huntersville payroll practices, which will be reimbursed by the private employer to the Town of Huntersville through a contract (see Addendum G for example contract).

L. SECONDARY EMPLOYMENT COORDINATOR

1. The coordinator will be responsible for the following duties:

   (a) Ensuring that secondary employment opportunities are made available to employees on an equitable basis.

   (b) Receiving all Permits to Engage in Secondary Employment forms.

   (c) (Receiving, investigating, and either approving or denying Requests for Approval of Secondary Employment forms, consistent with guidelines imposed by the Department. The Request for Approval of Secondary Employment forms will be purged three years after expiration or when administrative value ends.

   (d) Maintaining all records and other documentation concerning secondary employment.

   (e) Serving as administrator to the secondary law enforcement employment sign-up process.

(f) Documenting observed violations of departmental policy concerning secondary employment and for referring violations to the Internal Affairs Manager as a formal complaint.

(g) Serve as the sole point of contact for all law enforcement secondary employers requests, including all of those events involving Charlotte Mecklenburg School System schools.

2. The Secondary Employment Coordinator for the Huntersville Police Department is the Personnel, Training and Fleet Division Commander, except when designated otherwise by the Chief of Police.

M. APPROVAL OF SECONDARY EMPLOYERS

1. No secondary employment is permitted until the employer and the type of employment is approved.

2. All requests for law enforcement secondary employers of a Department employee must be submitted to the Secondary Employment Coordinator. A Request for Approval of Secondary Employer form (see Addendum H) must be submitted to the Secondary Employment Coordinator for each secondary employment job greater than thirty (30) days. Short term jobs of less than thirty (30) days do not require a Request for Approval of Secondary Employer form, but must be approved by the Chief of Police.

3. Employees engaging in self-employment must submit a Request for Approval of Secondary Employer form.

4. The Secondary Employment Coordinator will investigate each request to determine if the secondary employer complies with Departmental policy. The Chief of Police will approve or disapprove the request on this basis. Employment will be approved as long-term or short-term.

(a) Periodically secondary employers and requested duties will be inspected by the Secondary Employment Coordinator or other member as authorized by the Chief of Police. If any secondary employer is discovered to be using officers for duties not of a law enforcement nature, the Request for Approval of Secondary Employer for that establishment will be suspended immediately and officers will no longer be able to be employed by that employer.

1. The Secondary Employment Coordinator, with the concurrence of the Chief of Police, will determine the minimum number of employees required for each job, based upon the request submitted by the secondary employer. This may include supervisors or support personnel for major jobs.

2. In the absence of the Secondary Employment Coordinator, approval for one-time only employment may be given by the Administrative Services Bureau Commander.

N. ASSIGNMENT OF LAW ENFORCEMENT SECONDARY EMPLOYMENT JOBS

1. All secondary employment jobs will be assigned on an equitable basis through the PowerDETAILS program https://powerdetails.com/login.aspx?siteid=hunt1.

2. PowerDETAILS manages and tracks all secondary employment for the Department. The second Thursday of each month, employees will be assigned a designated time to log into PowerDETAILS and find available secondary employment jobs.

3. Employees will only sign up for secondary employment jobs they intend to work. Any employee who is unable to report for a secondary employment must find a replacement and notify the Secondary Employment Coordinator with the name of the replacement, and make the necessary changes in the PowerDETAILS program.

4. Requests for law enforcement secondary employment jobs received by the Department after a monthly sign up period may be posted electronically and/or hardcopy for officers to sign up. In such cases, sign ups will be on a first come, first serve basis of officers eligible to work the activity.

5. The PowerDETAILS program will maintain secondary employment records until purged by the Secondary Employment Coordinator. Records will be maintained for a period of at least 3 years or when no longer of administrative value.

6. Secondary employers or this agency may request particular employees to work particular secondary employment jobs. However, no employer may discriminate with regard to race, sex, religion or ethnic origin in hiring employees to work secondary employment.

7. All requests for secondary employment must be reviewed and approved through formal written requests by the Secondary Employment Coordinator with concurrence of the Chief of Police.

O. WORK HOURS AND TIME RECORD KEEPING

1. The combined total of on duty and off duty hours an employee may work will be limited to a maximum of sixteen (16) hours per day. A day is considered to start at 0001 hours and end at 2400 hours. During this period, the employee must have a minimum of eight (8) consecutive hours in which the employee is not working on duty or off duty. Exceptions to this requirement may be granted by the Secondary Employment Coordinator, Chief of Police or his designee.

2. Any significant circumstances or events occurring while working the secondary employment job (injury to the officer, the use of law enforcement authority, etc.) must be documented in official reports or inter-office memos to the Secondary Employment Coordinator.

3. Employees who fail to accurately report law enforcement secondary employment work hours in the PowerDETAILS program will have their work permits rescinded for one week for the first violation, and for two weeks for each subsequent violation, by the employee's Bureau Commander.

This memorandum of understanding entered into this ____ day of _____, ____, by and between _____(Hereinafter referred to as " ") and the **TOWN OF HUNTERSVILLE** (Hereinafter referred to as "Town")

WITNESSETH:

WHEREAS, _____wishes to employ the services of Huntersville Police Officers for law enforcement services, including, but not limited to, patrol, security and traffic control within the _____properties, if the personnel and equipment are available.

NOW THEREFORE, _____AND THE TOWN HEREBY COVENANT AND AGREE AS FOLLOWS:

1. The Town will provide at a minimum of one (1) marked police cruiser as necessary for this service. Officers(s) will provide law enforcement services during the days and time periods as agreed to by both parties and remain on duty until all necessary traffic, crowd control and other law enforcement duties are completed. It is understood by both parties that the extra-duty employment of sworn police officers of the Huntersville Police Department to provide law enforcement service through this agreement is voluntary for the officers, and the Huntersville Police Department makes no guarantee that there will be officers working during all requested work hours by_____. The Huntersville Police Department will make every reasonable effort to staff this extra duty employment request to the fullest extent possible.

2. It is agreed and understood that the Town will arrange for such service as requested by_____, and _____will reimburse the Town for actual expenses (overtime pay rate of time and one-half rate, plus additional labor costs and vehicle expenses) for services provided.

3. It is further agreed and understood that the Huntersville Police Department shall invoice _____on the basis of the actual overtime salary rate (calculated at time and one half plus benefits) per hour for each officer working under the terms of this agreement no later that 10 business days following the 15th day and the last day of the month for all expenses incurred in providing this service. This invoice will reflect a detailed accounting of the expenses for contracted services.

4. The Town will provide a minimum of one (1) police vehicle per assigned officer as necessary. It is further understood that the Huntersville Police Department shall invoice_____ for the use of vehicles consistent with the type of services provided by the Huntersville Police Department at the rate established and approved in writing by the Chief of Police. This rate is subject to change due to changing market conditions. The invoice will reflect a detailed accounting of the expenses for these contracted services.

5. The officers(s) assigned to this duty are operating under the auspices of, and are governed by, the Standards of Conduct, Rules and Regulations, Policies and Procedures and/or any applicable General and Special Orders of the Town of Huntersville, and the Huntersville Police Department. Such officers shall not be under the control or direction of_____. The employment rights of sworn officers assigned under this contract for law enforcement service will not be abridged by the Huntersville Police Department;

6. The officers(s) assigned to this duty are responsible for documenting in writing any significant activities that require written police reports or other written documentation by either the Huntersville Police Department or

7. The Town of Huntersville and/or the Huntersville Police Department is responsible for expenses related to the legal defense, workers compensation liability and other legal issues of sworn police officers working under this agreement acting under the scope of their employment and authority.

8. The Secondary Employment Coordinator for the Huntersville Police Department is charged with the responsibility for managing the requirements of this agreement on behalf of the Huntersville Police Department pursuant to the direction of the Chief of Police.

9. _____if practical, will provide office space and necessary office equipment for the officers working this extra duty employment detail to complete administrative, report writing and other necessary duties on its property.

10. _____, its contractors, employees and agents, shall be familiar with federal, state, local and municipal laws, ordinances, rules and regulations which in any manner affect those engaged or employed in the work service, the materials or equipment used in the work service, or in any way affect the work service. No plea of misunderstanding will be considered upon account of the ignorance thereof. If _____shall discover any provision in the plans or specifications which are contrary to or inconsistent with any such law, ordinance, rule or regulation, _____shall promptly report it to the Town in writing. _____, its contractors, employees and agents shall comply with all applicable federal, state and local laws, rules and regulations issued pursuant thereto and shall indemnify and hold harmless the Town; its officers and employees, for any loss, claims, liability, suit or damage (including reasonable attorney fees), as a result of this agreement by _____, its officers, directors, employees and agents. _____ and the Town have carefully reviewed this agreement and believe that all provisions thereof are in full compliance with all local, state and federal laws and requirements in effect on the date of execution. _____ and the Town shall also be entitled to all rights and be bound by all changes in local, state and federal law which occurs subsequent to the effective date of this agreement.

11. This agreement remains in full force and effect through _____. Either party may request a meeting with the other party to consider modifications to this agreement at any time by providing written notice to the other party requesting such consideration and the reasons thereof. After that date either party may terminate the agreement by providing 30 days written notice to the other party stating the reasons for such termination. In the event of an emergency, the Town reserves the right to call officers away from this detail to provide adequate police service elsewhere in the community. The Town will make every effort to avoid such action. Further, if such action becomes necessary, the Town shall bill _____only for the services provided and actual hours worked under the terms of this agreement in _____.

12. Attached Exhibit A is an estimate of hours to be worked as well as an example of invoicing and estimated expenses.

A. POLICY/PURPOSE

1. The purpose of this directive is to establish written guidelines for the dress and personal appearance of the Huntersville Police Department (HPD) employees while at work, on duty, or in uniform, in order to maintain the professional image of the Department.

2. While in uniform, in plain clothes or on duty, HPD personnel are expected to maintain a professional appearance at all times. Clothing and appearance are frequently used to judge a person's professionalism, character and competence. Command presence is of utmost importance for members of the law enforcement community and consists of many variables, with the most important being the employee's appearance in both dress and grooming. Employees are expected to adhere to the guidelines set forth in this directive while engaging in professional police activities.

B. DEFINITIONS

The following definitions are for the limited purpose of this directive and may not apply in all other cases:

Employee: For the purpose of this directive, employees are identified in the following groups:

1. Officer: A sworn police officer of any rank.

2. Plain-Clothed Officer: A sworn police officer of any rank assigned to a plain-clothed position or wearing plain clothes in an on-duty capacity. Officers assigned to Vice and Narcotics Section are not included.

3. Non-Sworn Uniformed Employee: An employee who is not a sworn law enforcement officer and is issued a work uniform.

4. Plain-Clothed Employee: A non-sworn employee not provided with a uniform.

5. Employee: For the purpose of this directive, when the term "employee" refers to both sworn and non-sworn employees.

Uniforms: For the purpose of this directive, uniforms are identified in the following categories:

1. Class A Uniform: The Class A Uniform consists of the blue uniform pants, long sleeve uniform shirt with the issued tie, or with an approved plain black mock neck turtleneck or one with "HPD" embroidered on it. An approved sweater may also be worn with the Class A uniform.

2. Class B Uniform: The Class B Uniform consists of the blue uniform pants and a short sleeve uniform shirt. The long and short sleeve patrol alternate duty uniform (referred to as the 5.11's) is also a Class B Uniform, when authorized by the Chief of Police.

3. Class C Uniform: The Class C Uniform varies according to the needs of the specific units. The Class C Uniform is approved for daily wear and utilized more for utility use. It must be consistent with the Class A and B uniforms in style, and is consistent with the image of the law enforcement profession.

4. Specialized Uniform: The Specialized Uniform will be determined by the unit's directive. The Specialized Uniform is worn only when performing the duties of the unit that is designed for e.g. K-9, S.W.A.T., Honor Guard, Bike Patrol, etc.

C. ADMINISTRATION

1. The Chief of Police shall be responsible for determining current uniform, clothing and personal issued equipment needs, establishing uniform and equipment specifications and regulations, and for acquiring uniform and equipment in accordance with Town purchasing policies.

2. The ownership and title to all uniforms and equipment issued to members of the police department is vested in the Town of Huntersville and the Huntersville Police Department. Members shall be held strictly accountable for the proper care, use, condition and maintenance of all articles of uniforms and equipment issued to them.

3. The Recruitment Coordinator will be designated as having oversight responsibility for the routine acquisition, maintenance, and issuance of uniforms and personal duty equipment for Department members subject to the direction of the Chief of Police. This responsibility includes coordinating the annual budget request for uniforms and personal equipment items, the supervision of expenditures, and the submission of inventory control records associated with such assets.

4. No member may conceal, transfer, convert to personal use, or otherwise dispose of any departmental uniforms or equipment with the intent of depriving the Town or the Department of the use of such item. Members are further prohibited from using departmental uniforms or equipment for any reason other than in the lawful performance of official duties or while engaged in approved secondary law enforcement employment.

D. PERSONAL APPEARANCE [CALEA 26.1.1]

1. Hair Styles

   (a) Employees are required to wear their hair clean, combed and neatly trimmed or arranged. Shaggy, unkempt hair is not permissible regardless of length.

   (b) Hair accessories must be in keeping with the professional image of the Department. Male employees must not wear hair accessories while on duty or in uniform.

   (c) Hair color and styles must be of a natural hair color, tasteful, and in keeping with the professional image of the Department.

   (d) <u>All Male Officers</u> will conform to the following standards of appearance:

      (1) Hair on top of the head will be neatly groomed. The length/bulk of the hair will not be excessive or present a ragged or extreme appearance. When combed, the hair may extend ¼ inch below the top of the ears and may not touch the shirt collar in back. An Afro hairstyle will be worn no more than 1 ½ inches thick at any point on the head. In all cases, the bulk or length of the hair will not interfere with the normal wear of the uniform hat.

      (2) Sideburns will not extend below the earlobe and will at no point be more than 1 inch wide. Sideburns will not exceed ¼ inch in bulk, will not flare, and will be trimmed horizontally across the bottom.

      (3) Mustaches will be neatly trimmed and will not exceed more than ¼ inch laterally beyond the corners of the mouth and will not extend below the corners of the mouth. Mustaches will be professional and neat in appearance, and will not cover any part of the upper lip.

      (4) Goatees will be permitted but must be neatly groomed. Goatees may not be longer than one inch.

      (5) To prevent officers from being in a constant state of goatee growth, i.e., shaving and starting a new goatee a few weeks later, it is implied with this policy that after a goatee is grown, it will remain unless mitigating circumstances require shaving, i.e., medical reasons or undercover work requiring a change in appearance.

      (6) If the Chief of Police feels that a goatee does not meet the limits set down in this policy, or feels a person does not have the potential to grow a proper goatee, (scraggly, patchy or sparse), or that a person is not keeping the goatee properly trimmed and uniform in appearance with others, he/she reserves the right to rescind the privilege to grow a goatee.

   (e) <u>All Female Uniformed Officers</u> will conform to the following standards of appearance:

      (1) Female officers in uniform will wear their hair in styles that do not extend below the bottom of the shirt collar in back.

      (2) Hair that extends below the bottom of the collar must be worn pinned up in a neat manner. While worn pinned up, no part of the hair will extend below the bottom of the shirt collar. If it is worn up and begins to become disheveled, it must be put up again or worn down, meeting the length regulations. Hair accessories must be functional, not ornamental and are restricted to the following:

a. Dark blue or black ribbons or terry-covered rubber bands.
b. Silver, gold, black, dark blue or dark brown barrettes or clips.
c. Black, white, dark blue or dark brown head bands.
d. All other accessories are restricted to black, white, dark blue or dark brown in color.

(f) No accessory may have decorations on it and each accessory may be only one color.

(g) In all cases, the bulk, length and style in which the hair is worn will not interfere with the normal wear of the uniform hat.

(h) Female Plain-Clothed Officers- When working in plain-clothed assignments, female officers must comply with these same requirements, except the length of the hair may exceed the requirements to the extent reasonable for the assignment and circumstances subject to the direction of the component's supervisor consistent with the direction of the Chief of Police. Female Plain-Clothed Officers working in uniform must comply with the requirements listed in Section D.

2. Accessories and Make Up Guidelines

(a) In order to maintain a professional image of the Huntersville Police Department, jewelry or make-up must be worn in moderation so as not to draw undue attention to the employee and is subject to the following guidelines.

(b) Officers and Plain-Clothed Officers may wear no more than one ring per hand. Plain-Clothed Employees and Non-Sworn Uniformed Employees may wear no more than two rings per hand. For the purposes of this directive, a wedding ring set (engagement ring and wedding band) will be considered as one ring.

(c) Male Officers/and Male Plain-Clothed Officers may not wear earring(s).

(d) Male civilian employees may wear one post earring(s).

(e) Female Officers and Female Plain-Clothed Officers may wear no more than one earring per ear and it must be worn in the lobe of the ear. Female Plain-Clothed Employees and Female Non-Sworn Uniformed Employees may wear up to two earrings per ear and they must be worn in the lobe area of the ear. Pierced earrings must have a small post.

(1) Ball earrings may be gold, silver, or white (pearl) in color and no larger than 6mm.

(2) Disc earrings may be gold or silver in color and no larger than 12 mm.

(3) Solitaire earrings may be gemstone or their facsimile and no larger than ½ karat.

(4) Officers and Plain-Clothed Officers may not wear hoop or dangling-style earrings. Plain-Clothed Employees and Non-Sworn Uniformed Employees may wear hoop or dangling-style earrings as long as they do not exceed one inch in width or 2 inches in length and do not interfere with the employee's duties.

(f) All employees are prohibited from attaching, affixing, or displaying objects, ornamentation, or jewelry other than that which is covered in this directive, through any part of the head, ears, face, nose, tongue, or any visible part of the body while on duty, working off duty or while representing the department in uniform or civilian attire.

(g) Officers in uniform will not wear visible necklaces. Plain-Clothed Employees, Plain-Clothed Officers and Non-Sworn Uniformed Employees may wear necklaces that are consistent with the professional business attire.

(h) Officers and Plain-Clothed Officers may wear one bracelet on each wrist. Female Plain-Clothed Officers and Female Non-Sworn Uniformed Employees may wear two bracelets on each wrist. A watch is not considered a bracelet.

(i) Female employees may wear make-up in moderation and in such a manner that it does not create an extreme appearance. Additionally, they will adhere to the following guidelines.

(1) Eyeliner will not extend beyond the outline of the eye.

(2) Lipstick will not extend beyond the lip lines or corners of the mouth.

(k) Female employees will wear nail polish that is professional and does not present an extreme appearance. Male employees will not wear nail polish of any type.

(l) Sunglasses worn on duty will be restricted to those with black, brown, silver, gold, or tortoise shell frames, and must have non-reflective (mirrored) lenses.

(m) Sunglass straps are not allowed.

3. Tattoos, Body Modification, Body Art, or Brands Guidelines

(a) Tattoos or brands may be visible as long as the tattoo or brand cannot be considered unsuitable, offensive or could bring discredit upon the Police Department.

(b) Applicants for employment and current employees are subject to having their existing tattoos, body modification, body art or brands inspected by the Chief of Police or his/her designee to determine whether they are considered unsuitable, offensive, or could bring discredit upon the agency; and are required to provide photographs of same. Photographs of tattoos located in areas covered by undergarments are not required, however must be disclosed at the time of application for employment. All applicants must complete a Body Art Screening Form (Addendum E) and submit it as part of their application package.

(c) As of the effective date of this directive, current employees who wish to uncover his/her existing body art, or intend to acquire new body art per the guidelines of this policy, must also complete a Body Art Screening Form and forward it through the Chain of Command to the Chief of Police.

(d) The Chief of Police reserves the right to reject applicants based on this policy, and require any employee to cover any tattoos which he/she deems unsuitable, offensive or may bring discredit to the police department.

E. GENERAL DRESS GUIDELINES [CALEA 26.1.1]

1. Court

(a) Male employees who are attending court will wear either a Class A or Class B uniform, a business suit, or a sport coat and slacks with a tie.

(b) Female employees who are attending court will wear either a Class A or B uniform or a blazer with slacks, a blazer with a skirt, or a dress that is professional in appearance.

(c) When attending district court, Officers have the option of wearing the clothing described above or their uniform of the day. The Class C uniform will not be worn to court with the exception of the following units, provided that the uniform is clean and neat in appearance, when attending district court only:

1) On-duty canine officers.

2) On-duty bicycle patrol officers, however, on-duty bicycle officers will not wear short pants.

2. Internal and External Departmental Training

(a) Jeans or other denims are permissible during training classes provided they are neat, properly fitted and free of holes and tears. A collared shirt is also required. Such clothing such as tee shirts, tank tops, shorts, overalls, etc. is prohibited.

(b) The Department recommends officers wear the designated "training uniform" for internal training for all Internal Departmental Training, when practical.

(c) Dependent upon the nature of the training, the Training Coordinator may approve an alternative "uniform" or dress code for a specific training subject, which will be announced prior to such training.

3. Other Meetings or Functions

(a) Employees attending Department meetings or other official meetings are considered to be on-duty and will wear uniforms or business casual attire.

4. Uniform Dress

(a) Maintenance of the uniforms will be the responsibility of the person to whom they are issued. Uniforms will be maintained and of neat appearance at all times.

(b) Employees will present themselves in an orderly and professional manner. Uniforms will be clean, pressed and worn neatly at all times. Uniform shirts must be tucked in. Faded, worn, damaged, or tight fitting clothing is not acceptable.

(c) Shoes will be black, with no visible logos or colored stitching on instep or toe. Worn out or unkempt shoes will not be permitted.

(d) Black or navy socks must be worn with designated shoes.

5. Sworn Officer Uniforms **[CALEA 41.3.5, 41.3.6]**

(a) Ballistic Vests

1) All sworn personnel will be issued Department approved ballistic vests.

a. Department approved ballistic vests will comply with ballistic and related requirements prescribed by current standards of the National Institute of Justice.

b. Department approved ballistic vests will be replaced at no cost to the officer upon reaching of the manufacturer's product expiration date or due to non-negligent damage and normal wear and tear.

2) Ballistic vests are required to be worn by all uniformed officers and supervisors assigned to the Patrol Operations Bureau and Community Services Section of the Administrative Services Bureau.

a) Officers who have been issued the Blauer Armorskin vest must adhere to the following guidelines listed below:

(1) In the police building, the Blauer Armorskin vest may be worn on all the way, unzipped part of the way, or off all the way. If worn, the Armorskin vest should be zipped up on both sides, or partly unzipped. If the officer is required to interact with the public while in the police building, the vest must be worn and zipped up on both sides.

(2) At all other times, including in police vehicles, the armorskin vest must be worn and zipped up on both sides.

(3) Training and special work assignments may merit deviations from these guidelines which will be determined on a case by case basis.

b) Officers issued the Blauer Armorskin vest will also be issued a pair of suspenders. It is strongly encouraged to wear the suspenders to provide back support to reduce back strain.

c) The Blauer Armorskin vest is not intended to be worn as a Class A uniform with a tie. Each officer issued the armorskin will also be issued a long sleeve dress shirt and uniform pants and tie to wear for any event requiring the Class A uniform.

3) Ballistic vests are required to be worn by all sworn personnel when engaged in pre-planned high risk activities which include warrant service, raids, searches and other activities deemed to be high risk by the supervisor in charge of the activity.

4) The wearing of ballistic vest is mandatory for any sworn personnel working in uniform in any secondary employment capacity regardless of their rank or normal assignment.

5) Supervisors will conduct inspections of all personnel required to wear a ballistic vest as described above. These inspections will occur on a daily basis as part of the regular inspection of assigned equipment.

6) It is also encouraged that all officers assigned to the Criminal Investigations Division, Community Response Division, Personnel, Training and Fleet Division, and Senior Command Officers, wear a ballistic vest during their tour of duty. However, those officers who choose not to wear their ballistic vest must have it readily available at all times during their tour of duty.

7) Officers are responsible for the care and maintenance of their assigned ballistic vest.

a. Officers are responsible for inspecting their protective vests for signs of damage or other conditions that warrant replacement.

b. Officers are responsible for the proper storage and cleaning of the protective vest in accordance with the manufacturer's instructions.

8) Medical Exemptions

a. Any sworn personnel seeking a medical exemption to the mandatory wear of ballistic vest guidelines will obtain a detailed written justification from a medical doctor that describes the physical condition and how this condition prevents the wearing of a ballistic vest. The justification will be forwarded through the Chain of Command to the Chief of Police or his/her designee.

b. The Chief of Police or his/her designee may require a second medical evaluation through a physician identified by HPD for confirmation that the ballistic vest cannot be worn. If it is determined that the employee's medical condition is such that prohibits the wear of a ballistic vest, then the employee may be referred to a physician identified by HPD for a "Fitness for Duty" evaluation.

(b) The uniform of the day, Class A, B, or C, will be worn in the intended manner with the badge worn on the outermost garment or embroidered on it.

(1) The 5.11 style Alternate Duty Uniform (both long and short sleeve) is considered a Class B uniform.

a. A necktie or appropriate mock turtleneck must be worn with the long sleeve Class B Alternate Duty Uniform.

b. Screen printing or embroidery of badges and/or nameplates is prohibited on the Class B Alternate Duty Uniform.

c. This uniform is authorized only when approved by the Chief of Police and in strict compliance with the guidelines of its use.

(c) The nameplate will be worn on the uniform shirt.

1) An appropriate alternative to the nameplate, such as screen printing or embroidering may be used on Class C uniforms not suitable for wearing of the nameplate.

2) Officers may wear the "serving since" plate to be worn as part of the name plate.

(d) Officers must wear the issued uniform dress hat while attending formal ceremonies such as funerals or parades on or off-duty when the Class A uniform is worn.

(e) Officers may obtain, at their own expense and use on duty, approved sweaters/jackets, turtlenecks and winter hats.

(f) Department issued baseball style caps can be worn only with the Class B and Class C uniforms.

1) Baseball style caps must be worn forward facing and only while the officer is on-duty or working secondary employment.

2) Baseball style caps will not be worn to court.

3) Baseball style caps must be clean, free of holes, tears, stains and/or other discolorations (i.e. excessive fading).

(g) The following units are approved for baseball caps as part of the Class B, Class C and Specialized Uniform:

1) Sworn Units: :Patrol, K-9, Bike, and SWAT

2) Civilian Units: Animal Care and Control

(h) Officers will wear the appropriate standard duty police uniforms (Class A, B, or C) when engaged in uniformed law enforcement related secondary employment. Class C uniforms such as bicycle uniforms will only be worn when operating those types of equipment in a secondary employment capacity.

(i) Ornaments, jewelry, civic pins, fraternity pins, etc. will not be worn on the uniform. The only exceptions are those pins awarded or issued by the Department or approved by the Chief of Police.

1) Up to four issued commendation bars and approved specialized unit insignia may be worn with the appropriate bar holder centered above the name plate on the uniform shirt.

2) A single tie bar or tie pin, in keeping with the professional image of the Department, may be worn.

(j) Officers have the option to wear either the Class A, Class B, or Class C uniform, unless otherwise specified by this directive, through the year. Undershirts worn with the Class B and C uniform will be white, dark blue, or black in color with no visible stripes, patterns, or decorations and must be crew style. Uniformed personnel wearing the Class B and C uniform shirt are prohibited from leaving any buttons below the top button open.

(k) Officers assigned to temporary light duty assignments will wear business casual dress in accordance to 7 below (Plain-Clothed Employees)

(l) Prohibited Activity While in Uniform:

1) Uniformed employees will refrain from activities which are inappropriate to the Department's professional image or which might be misinterpreted by the public.

2) Employees are prohibited from wearing HPD uniforms while appearing as a plaintiff or defendant in any court proceedings unrelated to law enforcement activity unless authorized by the Chief of Police.

6. Plain- Clothed Positions- All employees, when not in uniform, will wear their police badge or identification card in obvious view at all times when inside Police Headquarters or any HPD facility.

(a) Sworn officers assigned to plain-clothed duty will wear appropriate dress and/or clothing, based upon the assignment and/or duty for that work day or time period, as directed by the respective Division Commander in accordance to the guidelines of the Chief of Police as delineated below.

(b) Professional Business Attire is required for court attendance and where professional business attire is required to present a professional image of the Department.

1) Appropriate professional business attire for men will be business suits, or sports coats and slacks with ties.

2) Appropriate professional business attire for women will be business suits, slacks or skirts with blouses or sweaters and a blazer or jacket or a dress.

3) All employees assigned to plain-clothed positions will adhere to 6 (b) above when attending court.

4) Officers in plain clothes with professional business attire must wear dress shoes that do not impair their ability to carry out the normal duties of their job.

a. Male officers in plain clothes may wear any type of business dress shoes, except sandals, open toe shoes or cowboy boots.

b. Female officers in plain clothes may wear any type of business dress shoe except sandals, cowboy boots, open toe shoes or any shoe with a heel exceeding 3 inches in height.

5) Plain-Clothed Sworn Officers may elect to wear professional business attire at any time while on duty.

(c) Business Casual Attire– Refer to number 7, c below. Sworn Officers assigned to plain-clothed assignments will in most instances be required to wear at least business casual attire for on-duty assignments, except when required to wear professional business attire or when circumstances allow the alternative Casual Friday attire.

(d) Alternative Plain-Clothed Duty Attire for CID Sworn Investigators – Casual Friday as discussed in 7, (d), below.

(e) The Chief of Police, or designee, may alter the personal appearance and dress requirements of Plain-Clothed Officers as necessary.

(f) Sworn Officers assigned to plain-clothed duties will:

1) Carry their service weapons and handcuffs while on duty. (Handcuffs optional for Captain and above.)

2) Wear their badge or police identification cards in obvious view on the outermost garment during a police raid or other police emergency.

7. Plain- Clothed Employees

(a) Employee dress and overall appearance should present a business-like image to the public.

(b) Business Casual Attire will normally be worn while on duty. While standards of formality in dress are somewhat relaxed; employees are expected to present a professional and business-like appearance. Generally, most Plain-Clothed Employees will wear business casual attire, unless Professional Business Attire is required or Casual Friday is permitted.

(c) The following standards apply to business casual:

1) Slacks – Khakis, cotton and other slacks acceptable if clean and neatly pressed. Denim is not acceptable. Other inappropriate items include sweatpants, stretch pants, shorts, bib overalls, stirrup pants, and spandex and other form fitting pants.

2) Shirts – Casual shirts with collars, golf shirts, capped-sleeve shirts, sweaters, non-collared fitted shirts and turtlenecks are accepted. Shirts with small trademarked logos placed on the front pocket area of the shirt are acceptable. Tee-shirts, tank tops, spaghetti strap shirts, tube tops, halter-tops, revealing or midriff-baring tops, shirts with lettering, cartoon characters, phrases, pictures or any tops with bare shoulders (unless worn under another blouse or jacket) are not acceptable.

3) Skirts and Dresses – Casual dresses and skirts that are no higher than 2 inches above the knee are acceptable. Spaghetti strap dresses and mini-skirts are not acceptable.

4) Footwear –

   (a) For personnel in field operations, dress boots, loafers, flats, and leather deck shoes are acceptable.

   (b) For civilian personnel, with the exception of the Property and Evidence Custodian and Animal Services Technician, appropriate footwear includes items in (a) above, as well as dress sandals and other open toed dress shoes.

   (c) Unacceptable footwear includes athletic shoes, hiking or climbing boots, tennis shoes, casual sandals, slippers, or flip flops.

5) Hats – Hats of any kind may not be worn on duty.

(d) Casual Friday Attire – The followings standards apply to Casual Friday Attire:

1) Plain-clothed employees may dress in relaxed casual attire on Fridays and on days of inclement weather. On days when professional attire will not conform to the employee's expected duties (i.e. cleaning, moving, packing etc.) casual attire may be permitted with prior supervisory approval. Clothing must not create a safety hazard and must present a clean and neat appearance at all times.

2) The following types of clothing are examples of appropriate clothing for "Casual Fridays":

   a. Denim pants and/or skirts;

   b. Khakis;

   c. Athletic shoes;

   d. Casual sandals (excluding flip flops); and

   e. Plain knit shirts, polo shirts or Huntersville Police Department polo shirts.

3) "Casual Fridays" is a privilege and is contingent upon the employee's compliance with this directive.

8. Uniform Specifications

   (a) Please refer to Addendum B for Uniform Specifications.

9. Exceptions

   (a) Reasonable exceptions to the uniform and equipment standards specified in this directive may be granted upon the authorization of the Chief of Police for such reasons as undercover operations, special assignments, size or physique limitations, or unusual medical conditions which require deviation from normal uniform and equipment guidelines. Requests for exceptions must be made in writing via the Chain of Command. Exceptions granted under this provision will automatically expire upon the termination of the undercover work, special assignment or medical condition.

   (b) Bureau Commanders will have the authority to grant temporary exceptions to the provisions of this directive if the member is unable to comply due to circumstances beyond their control. Provided however, that exceptions may not be granted under this section for the intentional or negligent failure of a member to properly acquire, wear or display items of uniforms or equipment that are available to them through normal department procedure.

   (c) Deviation from the HPD issued uniform is allowed for business purposes when approved by the Bureau Commander in consultation with the Chief of Police.

   (d) Bureau Commanders over components that have little or no contact with the public may permit their employees to wear casual Friday attire or denim provided the clothing is neat, properly fitted and free of holes and tears.

   (e) Sworn personnel must present a medical excuse from a physician that facial hair below the lip should be worn. The medical excuse must provide the reason for facial hair wear and, if possible, the duration. Any waiver will be reviewed periodically, forwarded through the employee's Chain of Command to the Chief of Police and a copy of the excuse will be placed in the in the employee's personnel file. Exceptions granted under this provision will automatically expire upon the termination of the medical conditions.

   (f) Officers operating exposed vehicles, i.e. bicycles, etc. may wear sunglass straps to prevent loss or damage while in motion.

   (g) Police recruits are governed by the respective Police Academy Rules and Regulations regarding personal appearance.

   (h) Police Officers and employees attending external training programs are governed by the respective dress codes of that organization.

F. ENFORCEMENT

1. Supervisors and managers are fully responsible and accountable for ensuring employees are appropriately dressed based on this policy. In addition, supervisor and managers may require business attire be worn in instances where employees are expected to appear in a formal setting such as a hearing, tribunal, or professional community meeting.

2. Uniforms that are damaged, worn out, or destroyed in the line of duty will be repaired or replaced by HPD. Employees who need to replace worn out or damaged articles of clothing must first turn in the article to the Recruitment Coordinator or designee in order to receive replacement.

3. If a uniform needs to be taken out of service due to contamination or if the duty uniform is needed as evidence in an investigation, the Emergency Clothing Bag, located in the Property/Evidence is available for employees to use. The emergency clothing is only to be used to assist an employee with clothing in which to travel home and the employee is expected to wash and return the clothing.

4. Members shall be responsible for ensuring that their uniform and issued equipment is properly maintained and complies with departmental standards. Members shall promptly notify their supervisor if they discover that any item of their uniform or issued equipment is not operating properly or fails to meet departmental standards.

5. Supervisors at all levels will be responsible for periodically inspecting the uniforms, equipment and personal appearance of personnel under their command to ensure continued compliance with departmental standards.

6. It shall be the duty of each employee, upon the demand of a supervisor, to produce any article(s) or item(s) of issued uniforms, equipment, or any other item worn or carried while on duty or in uniform which affects the member's appearance or performance of duty, for the purpose of inspection, inventory, or evaluation.

7. Any member who loses, misplaces, or damages any uniform part or item of issued equipment shall immediately report the circumstances of such loss or damage to his/her supervisor in writing, and may be held financially responsible for the cost of replacement or repair when such loss or damage is due to the member's personal negligence.

8. Supervisors at all levels will be responsible for making adequate inquiry into any reports of lost, stolen, damaged, or malfunctioning equipment to determine if negligence on the part of the employee contributed to the loss or damage.

9. Uniforms damaged or destroyed through negligence or abuse must be repaired or replaced at the responsible employee's expense.

10. When promoted, demoted, or reclassified, members must surrender and turn over to the Recruitment Coordinator any and all items of uniforms and/or issued equipment which do not reflect their present rank or classification.

11. Employees will be responsible for custom fittings or alterations to new uniforms (including tailoring of shirts), unless approved by the Bureau Commander on a case by case basis.

    (a) All other requests for custom alterations must be presented to the respective Bureau Commander.

    (b) All alterations must be approved and the employee may be financially responsible for additional alterations.

G. RETURNING UNIFORMS AND EQUIPMENT

1. No member of the Department shall wear any portion of the official uniform or carry a concealed weapon pursuant to police authority during a period of disciplinary suspension. Upon notification of being suspended, the member shall immediately surrender the police badge, ID card, police radio, and any issued firearm to the supervisor notifying him/her of the suspension.

2. Employees taking an approved leave of absence in excess of two weeks, must return all weapons, police radio and police vehicle to the Recruitment Coordinator no less than twenty four hours before the start of the leave of absence, unless otherwise directed by the Chief of Police, or designee.

3. Employees taking Military Leave for more than thirty (30) days will return all issues uniforms and equipment to the Recruitment Coordinator no less than twenty four hours before the start of the Military Leave.

4. Employees placed on Administrative Leave, Workers Comp, or Temporary Light Duty must refer to Directive 1.15 Temporary Light Duty regarding return of assigned uniforms and equipment.

5. When a member of the Department resigns, retires, is discharged, or in any other way vacates this office, the employee shall immediately surrender to the Department all issued items of uniforms and equipment. In the case of the death of an employee, the Chief of Police or his designee shall be responsible for the recovery of Department owned property. The Recruitment Coordinator is responsible for this function and completing the required written inventory and submitting to the Chief of Police. Upon resignation, retirement, or termination, employees must return all issued uniforms and equipment to the Recruitment Coordinator.

    (a) The completed Property Return Statement form will become a permanent part of the employee's personnel file.

    (b) Separation from the Department will not be final (last paycheck issued, etc.) until the Property Return Statement has been completed and returned to the Chief of Police.

6. The Recruitment Coordinator will, at the request of the Chief of Police, take necessary and appropriate action to collect all property of the Department remaining in the possession of former employees.

H. ISSUEING/REISSUING/REPLACEMENT OF UNIFORMS AND EQUIPMENT

1. New police officers will be required to sign and initial a Uniform and Equipment Issue/Return Form (see Addendum A) at the time uniforms and equipment are initially issued. This form will include the officer's name, Department ID number, itemized description of issued items, including serial number, date of issuance, date of return, officer's initials and signatures of the receiving officer and Recruitment Coordinator.

    (a) The Recruitment Coordinator has the discretion to reissue current stock of uniform/equipment instead of purchasing new uniforms and equipment to satisfy such requests based on the circumstances, provided the uniform/equipment is in good and serviceable condition.

2. Personnel requesting additional or replacement uniforms or equipment must submit a request electronically through the Department's approved vendor. Electronic requests will automatically be forwarded to the Recruitment Coordinator, or designee, for approval. In circumstances where the electronic Department vendor is unavailable, or the requested equipment is not available from the vendor, personnel must complete a "Specialty Uniform and Equipment Request" (see Addendum C) and forward to the Recruitment Coordinator or designee for approval.

3. The Recruitment Coordinator will notify the requesting officer when the requested items are available and provide instructions for retrieving their requested items.

I. PLAIN-CLOTHED UNIFORM ALLOWANCE FOR SWORN POLICE, CRD AND CID DETECTIVES AND COMMAND OFFICERS

1. Sworn officers assigned to work full-time in plain clothes and command officers (Captain or above) may be eligible to receive an annual clothing allowance. All clothing allowances are subject to the availability of adequate budget appropriations. A clothing allowance will not be provided to officers who are assigned to temporary or rotating assignments in plain clothes units, or to non-sworn personnel.

   (a) Subject to the recommended budget allocations, assigned sworn detectives will receive $650.00 annually ($500.00 available July 1, and $250.00 available after the following January.)

   (b) Subject to the recommended budget allocations, sworn officers assigned to the Community Response Division will receive $250.00 annually.

   (c) Command (rank of Captain or above) officer's plain- clothes allowance is at a maximum of $400.00 annually subject to the approval of the Chief of Police.

2. Officers should keep in mind that light duty, temporary assignments and other factors could affect Plain-Clothed Uniform Allowance benefits. Expenditures made without the prior verbal authorization of the immediate supervisor may not be approved.

J. UNIFORM AND EQUIPMENT RECOMMENDATIONS

1. Personnel requesting a change in department approved equipment, uniforms, or items worn on uniforms **applicable to all members or a component** shall complete a "Uniform and Equipment Request and Review Form" (see Addendum D) and forward it through the requesting officer's chain of command. Their chain of command will indicate approval or disapproval and forward on the request to the Police Major. The Police Major will research, discuss, and make recommendations to the Chief of Police on all items submitted for review. Recommendations of the Police Major will be presented to the Command Staff and the Chief of Police for final approval.

2. The Chief of Police will cause the posting of all decisions regarding such requests through the Department's email system.

3. Officers or employees requesting an exception to uniform and equipment standards on an **individual basis** will follow the guidelines in Section E-9, Exceptions.

K. SUPPLEMENTAL UNIFORMS AND EQUIPMENT [CALEA 41.3.4]

1. The Chief of Police may authorize the use or issuance of supplemental uniforms, weapons, accessories or equipment as required for the effective performance of special assignments or tasks. Such assignments may include, but is not limited to: tactical teams, investigative units, K-9 teams, and ceremonial units.

2. Members wishing to carry supplemental personal equipment or accessories in addition to that issued or provided by the Department shall first obtain approval from their respective Bureau Commander and the Chief of Police. Small miscellaneous items such as templates, notepads, clipboards and similar items do not require approval under this section.

L. REQUIRED LESS LETHAL WEAPONS

1. Uniformed officers must carry their department issued CEWs, department issued collapsible baton (ASP) and department issued OC spray on their duty belts. Only officers trained and certified are authorized to carry these weapons. Bureau Commanders may exempt officers in plainclothes assignments from carrying a CEW.

UNIFORM, INSIGNIA AND LEATHER GEAR SPECIFICATIONS

UNIFORM SPECIFICATIONS

NOTE: Except where clear distinctions in applicability are apparent or specified, non-sworn members authorized to wear uniforms shall fully comply with the general uniform and equipment regulations established in this General Order.

1. Trousers: Trousers worn by uniformed members shall be the official issued trouser only. All trousers will be of proper fit and of a hemmed length that allows the cuff to touch the top of the shoe at the laces when in a standing position. Trousers will be kept clean and neatly pressed, and should not show visible signs of wear.

2. Shirts: Shirts worn by uniformed members shall be the official issued shirt only. Sworn uniformed employees may wear a solid black turtleneck or solid black crewneck shirt issued by the Department with the long-sleeve shirt in lieu of the uniform tie on all shifts. The turtleneck must have HPD embroidered on the center collar in white letters. The turtleneck may not be worn by employees attending funerals and/or other official events unless approved by the Chief of Police. Such decision will be delineated in a written directive issued by the Chief of Police regarding the event. Short sleeve shirts shall be worn unbuttoned at the collar. Nothing shall be carried in a shirt pocket that creates an excessive bulge.

3. Ties: Uniformed officers shall wear the department issued clip-on tie with the approved mini badge tie tack when wearing the long sleeve uniform shirt, except as provided otherwise by this General Order.

4. Footwear: Sworn uniformed members shall wear department issued or approved footwear. All footwear shall be kept clean, shined and in good repair. Only black or dark blue socks will be worn with the uniform. Black or dark blue socks with white soles may be worn provided that no white is visible when wearing the footwear. Female members may wear hose in lieu of socks. When worn with the uniform, footwear must be military-style black leather. Footwear must be polished and in good repair.

5. Uniform Jackets and Coats: Uniformed members may wear the department issued light jacket or heavy coat when seasonally appropriate. Jackets and coats must be properly sized and display the required emblems and insignia. Buttons will be nickel for all ranks.

6. Command Jackets: Uniformed officers holding the rank of Captain or higher are authorized to wear the issued Command Jacket. Rank shall be designated by parallel rows of 1/2 inch silver braid spaced 1/4 inch apart around the lower portion of each sleeve. The rank of Captain is designated by two silver braids, and the Chief of Police by four gold braids. When the Command Jacket is worn, a long sleeve white uniform shirt and tie shall be worn underneath. The Flying Cross Lightweight Jacket is also an approved Command Jacket.

7. Cover: The issued uniform cover (cap) shall be properly sized and worn squarely on the head with the front edge of the visor approximately 1-1/2 inches above the bridge of the nose, and no frontal hair showing underneath the brim. The cover must be kept clean and protected against distortion or damage. No insignia other than the department issued cap badge may be displayed on the uniform cap. The band and visor will correspond to the members rank as follows:

   Black Band & Plain Visor - Police Officer, Police Sergeants, Police Lieutenants
   Gold Braid Band & Embellished Visor - Chief of Police, Police Major, Police Captains

(a) When in uniform, regardless of duty status, officers will have the uniform cap immediately available. Immediately available means the hat must at least be in the officer's assigned cruiser. Officers may wear the uniform cover when directing traffic, at accident scenes, at public events such as National Night Out, Christmas In Huntersville, etc., at public events such as football and basketball games, and at funeral escorts when outside the vehicle. The Chief of Police may require officers to wear the uniform cap and in those infrequent occurrences the orders and directives of such mandatory wear will be delineated in the Special Event Plan or other written directive.

(1) When in uniform, on or off-duty, officers must wear the issued uniform dress hat while attending formal ceremonies such as funerals and parades (where officers are participants, not directing traffic).

(b) Baseball style caps will not normally be worn under any circumstances while the employee is wearing a Class A or Class B uniform. *Exception: The Chief of Police may approve the wearing of baseball style caps for special events or specialized assignments involving Huntersville Police Department personnel in uniform, which will be established in a written special event plan or written directive.*

(c) Employees have the option of wearing the Department issued knit hat, knit hat during times of extreme weather.

8. Raingear: Uniform raincoats and protective rain covers will be department issued only. Reversible raincoats and rain covers should be worn with the most visible side outward when directing traffic or engaged in any activity on foot which may subject the officer to potential danger from approaching traffic.

9. Winter Gloves: Winter duty gloves are not issued by the department, but may be worn by uniformed members as seasonally appropriate. When worn, gloves must be full fingered and solid black in color, except as authorized for ceremonial events. Mittens, fingerless gloves, gloves with fancy detail, and weighted gloves are prohibited. Gloves may not be of a design or bulk that interferes with the proper use of the duty weapon or other issued equipment.

10. Handcuffs: Officers are only authorized to use/wear Department approved brand of handcuffs. All handcuffs must be black or silver, and all handcuff pouches or slings must be black (to match the Department issued duty belt). Officers who choose to use hinge handcuffs must first complete a Department approved training course in the use and carry of the specific type of handcuffs they choose to employ.

    (a) The Department will provide approved handcuff and holders to all officers. If any additional or alternate handcuffs are preferred by officers, then both the handcuff and handcuff holders will be provided at the officer's expense and are subject to inspection like other department issued duty gear. All additional or alternate handcuffs must comply with the following approved model list. No unapproved handcuff or restraint device should be used by department officers or stored in department vehicles.

11. Sweaters: Uniformed officers have the option of wearing the department issued military style sweater as an outer garment when seasonally appropriate. Officers must display the issued badge and nameplate in the proper position on the sweater.

12. Ceremonial Uniforms: officers assigned to the Honor Guard or who are participating in ceremonial functions are authorized to wear uniform apparel approved for this purpose by the Chief of Police, including but not limited to, mourning bands, trouser stripes, gloves, and shoulder cords.

INSIGNIA SPECIFICATIONS

1. Police Shoulder Emblems: Police shoulder emblems shall be worn centered on the shoulder of both upper sleeves of uniform shirts and outer garments (except rainwear), positioned upright with the top edge approximately one inch below the shoulder seam. Police shoulder emblems will be displayed on the uniforms of sworn officers only.

2. Collar Rank Insignia: Metallic collar rank insignia will be worn by ranking officers and shall be positioned centered to the point of each shirt collar, 1 inch up from the collar tip. Rank insignia shall be collar sized (approximately 3/4 inches high) and shall properly denote the member's level of rank. All collar rank insignia will be silver or gold in color.

3. Epaulet Rank Insignia: Officers holding the rank of Lieutenant or higher will display their rank insignia on the shoulder epaulet of the uniform jacket. The insignia shall be positioned centered perpendicular to the front leading edge of the epaulet, approximately 3/4 inches from the shoulder seam. Epaulet rank insignia shall be shoulder sized (approximately 1-inch high) and shall be of metallic construction. Epaulet insignia color shall be the same as collar insignia.

4. Police Badge: Uniformed officers shall wear the Department issued badge consistent with their rank and position. The badge will be positioned upright above the left pocket, properly fastened in the badge tab. Badges shall be worn on the outermost garment, except in the case of raingear. Badges should be kept clean and polished using a soft silicone cloth or other non-abrasive, non-corrosive cleaner. Use of harsh or abrasive cleaners will remove the protective coating and permanently damage the finish.

5. Cap Badge: Uniformed officers shall wear the Department issued cap badge consistent with their rank and position. Cap badges will be positioned upright in the front center of the uniform cover, properly fastened in the provided badge eyelet. Cap badges should be kept clean and polished in the same manner as the shirt badge. Members of the Huntersville Police Department Honor Guard shall wear the issued Honor Guard Cap Badge.

6. Nameplate: Members shall wear the Department issued nameplate at all times when in uniform. The nameplate will be worn centered ¾ inches above the top of the right pocket flap, or affixed in the nameplate eyelets of the garment, if present. The nameplate is to be worn on the outermost garment, except for raingear. Supplemental attachments to the nameplate, such as those designating years of service, and the CALEA emblem, and which matches the nameplate may also be worn by the member. Nameplates with the initials of the officer's first name, middle name and full last name will be silver with black lettering. Nameplates of officers holding the rank of Lieutenant or above will wear nameplates with the initials of the officer's first name, middle name and full last name and will be gold in color. An appropriate alternative to the nameplate, such as screen printing or embroidering may be used on Class C uniforms not suitable for wearing of a nameplate.

7. Pens: Writing instruments may be worn in the pen slot provided in the uniform shirt pocket and should be of a color and design that compliments the professional appearance of the uniform. Any pen or pencil not conforming to this standard will not be displayed in a visible position when carried by uniformed personnel.

8. Tie Insignia: When the uniform tie is worn, officers shall wear a department approved or authorized tie bar or tie-tack at a point on the tie parallel to the bottom edge of the shirt pocket flap when the flap is closed. No tie bar or tie-tack may be worn which depicts or symbolizes any emblem, slogan, insignia, or logo that is inconsistent with the member's official position or detracts from a professional appearance.

9. Departmental Awards: Departmental awards and commendation bars may be displayed on the departmental uniform in accordance with policy.

10. Chevrons: Chevrons denote the rank of Sergeant and will be displayed on both upper sleeves of uniform shirts and outerwear (except raingear) of officers holding that rank. Chevrons consist of three white stripes on a black background and are to be positioned point up, centered just below the police shoulder patch.

11. Hash Marks: Eligible sworn officers are authorized and will wear hash marks on the long sleeve navy blue uniform shirt only. Each hash mark will denote five (5) years of continuous service as a full-time sworn law enforcement officer. Hash marks are to be sewn on the lower left sleeve of the uniform shirt, centered with the shoulder patch and beginning 1-1/2 inches above the cuff. Hash marks for all ranks will be white stripe(s) on black background.

12. Other Insignia: Civic pins, fraternity pins, and other non-official patches, emblems and insignia shall not be worn with the uniform. Members who are awarded honors or insignia related to the performance of duty by other law enforcement agencies or outside organizations may be authorized to display such insignia on the departmental uniform at the discretion of the Chief of Police.

13. Accessories: Sworn employees may wear sunglasses with metal or dark-colored plastic frames. The lenses will not be mirrored or reflective. When talking with citizens, employees should remove sunglasses unless prohibited by safety considerations.

LEATHER GEAR SPECIFICATIONS

1. Gun Belt: The gun belt for uniformed officers will be the department issued 2-1/4 inch wide Sam Browne or Sally Browne style belt. Belt hardware will be silver toned for the rank of Sergeant and below, and gold tone for the rank of Lieutenant and above. Gun belts should be properly sized and worn securely fastened, as all other belt-carried leather gear and equipment will be attached. The gun belt must be worn in conjunction with an under belt and belt keepers, or worn through the belt loops of the uniform trouser. The use of an under belt is preferred because it allows easy positioning and rapid removal of belt carried equipment. This is especially helpful in the event of a medical emergency or other situation requiring the rapid removal of the gun belt and equipment. The under belt, if worn, must be black in color and sufficiently rigid to properly support the gun belt. The snaps and hardware on all leather gear affixed to the gun belt will be silver tone or gold tone in color according to rank.

2. Belt Keepers: The gun belt will be securely attached to the under belt with department issued belt keepers. Officers are allowed some discretion in the positioning of the belt keepers as long as four keepers are utilized and the gun belt is secured. Two keepers should be worn on the front and two in the rear. One front keeper should be used on each side of the main buckle. The rear keepers should be positioned at the corner of the rear trousers pocket towards the center seam. All belt keepers should encircle both the gun belt and the under belt, with the outer flap of the keeper facing up and both snaps secured. Additional keepers may be utilized, depending on the officer's size and equipment carried. This section does not apply to officers who wear their gun belt in the "through the belt loops of the uniform trouser style."

3. Holster: Uniformed officers will wear the department issued duty holster on the strong hand side. Holsters shall be worn securely mounted on the gun belt, with the safety snap secured. The Chief of Police must approve the use of any other holster.

4. Handcuff Carrier: Uniformed officers will wear the department issued handcuff carrier positioned on the gun belt so that it is readily accessible using either hand.

5. Glove Pouch: Uniformed officers will be issued a glove pouch for the purpose of storing protective latex gloves. Officers may wear the department issued glove pouch on the gun belt positioned so as to be

easily accessible. In accordance with departmental policy, protective gloves shall be used when handling or touching contaminated items or surfaces.

6. Baton Holder: Uniformed officers authorized to carry a baton will wear the department issued baton holder positioned on the gun belt in a manner that provides ease of access to the officer in accordance to the guidelines of this General Order.

7. Portable Radio Holder: The portable radio holder will be worn on the opposite side from the holster and over the trouser side seam. The radio holder must be of a type and design intended for use with the particular model of portable radio to be carried. Remote speaker microphones, when utilized, shall be secured to the shoulder epaulet of the uniform shirt or outer garment (except rainwear), with the microphone positioned upright and facing forward.

8. Flashlight Carrier: Uniformed officers may wear the department issued flashlight carrier on the gun belt.

9. Magazine Holder: Uniformed officers shall wear the department issued magazine holder positioned on the gun belt so that it is readily accessible using either hand. The magazine holder must be of an approved style (open or closed top) and finish, in accordance with the departmental and unit specifications.

10. OC Aerosol Spray Holder: Uniformed officers authorized to carry OC aerosol will wear the department issued OC aerosol holder on the duty belt. Plain-clothed officers may carry OC aerosol in alternative devices as authorized by the agency.

11. Blade Tech Taser Holster: Department approved blade tech style Taser holster will be worn by all officers carrying the issued X-26 Taser. It shall be positioned on the duty belt on the opposite side (cross draw) of the officer's duty belt from his/her firearm.

Directive 1.40 Conflicts of Interest

Effective Date: January 1, 2017	**Rescinds: Directive 1.40, 7-1-10**
Revision Date: January 2018	**Approved: Cleveland L. Spruill Chief of Police**

CONTENTS

1.40 A – Policy/Purpose
1.40 B – Conflicts of Interest
1.40 C – Employee Responsibilities
1.40 D – Violations

A. POLICY/PURPOSE

1. It is the policy of the Huntersville Police Department for employees to avoid conflicts of interest and/or the appearance of conflicts of interest.

2. The purpose of this Directive is to establish a policy concerning conflict of interest with respect to employees of the Huntersville Police Department.

B. CONFLICTS OF INTEREST

1. A conflict of interest is defined as an actual or perceived interest by a Department employee in an action that results in, or has the appearance of resulting in personal gain. A conflict of interest occurs when a Department employee has a direct fiduciary interest in another relationship.

2. Conflict of interest includes any bias or the appearance of bias in a decision making process that would reflect a dual role played by a member of the organization or group. One example of conflict of interest would be a Department employee who maintain a private business and uses influence as a police officer to gain more private business from the Town or citizens served, or a Department employee who hires a family member as a consultant.

C. EMPLOYEE RESPONSIBILITIES

1. A conflict of interest or appearance of conflict of interest can cause disrepute to the Department and jeopardize the credibility of the Department. Employees must avoid conflict of interests, even the appearance of a conflict of interest.

2. Employees have the responsibility to report any conflict of interest, potential conflict of interest, or appearance conflict of interest to their supervisor.

D. VIOLATIONS

1. Personnel who violate this policy may be subject to disciplinary action.

Directive 2.16 Police Computer Network

Effective Date: March 9, 2016	**Rescinds: General Order 2.16 Police Computer Network, 4-27-14**
Revision Date: March 2017	**Approved: Cleveland L. Spruill Chief of Police**

CONTENTS

2.16 A – Policy/Purpose **CALEA 11.4.4**
2.16 B – Definitions **82.1.6**
2.16 C – Responsibilities **82.1.7**
2.16 D – Security
2.16 E – Software
2.16 F – Computer File Backup and Storage
2.16 G – Restrictions

A. POLICY/PURPOSE

1. The availability and use of personal computers and computer networks within the work environment provides many opportunities for enhancement of productivity and effectiveness. These new technologies provide the opportunity for rapid transfer and broad distribution of sensitive information that can have serious legal consequences if mishandled. Therefore, the Huntersville Police Department will maintain and use all computers and computer network systems in accordance with all applicable federal, state, and local laws and ordinances, software manufacturers licensing agreements, and department rules and regulations.

2. It is further the policy of the Huntersville Police Department that all employees will strictly adhere to the guidelines of the Technology Use Policy of the Town of Huntersville.

3. The purpose of this Directive is to establish a written directive which provides policy governing the use of the department's computer network and to outline procedures for the use of system software, hardware, and data.

B. DEFINITIONS

The following definitions are for the limited purposes of this Directive and may not apply in all other cases:

1. Microcomputer: any desktop or laptop computer (also considered hardware).

2. Software: programs used by the computer to perform any of its functions.

3. Authorized Software: computer programs the department has paid for, or is licensed to use. Also included in this definition is personally owned or public domain software approved by the department's System Administrator for use on a departmental microcomputer.

4. Network: a system of linked microcomputers that facilitates data communication between components.

5. Internet: a system of linked computer networks, international in scope that facilitates data communication services such as remote login, file transfer, electronic mail and newsgroups.
6. E-mail: (electronic mail) a way of sending other people messages from a computer. This includes messages sent over the Internet or internally over the department's network.

C. RESPONSIBILITIES

1. It is the responsibility of each department employee to ensure the proper and legal use of the agency's computer network. The use of any part of the network is subject to all applicable federal, state, and local statutes.

2. The final authority relating to the procurement, maintenance, inventory, and security of the agency's computer network rests with the Chief of Police.

3. The Administrative Services Bureau Commander is designated as the department's System Administrator and shall have the following duties and responsibilities related to the network:

    (a) Serve as the Police Department's single point of contact with the Town of Huntersville System Administrator and/or contracted technical consultants.

    (b) Maintain an updated inventory of all network hardware and components.

    (c) Ensure that adequate security measures are implemented to protect the agency's computer network from viruses and unauthorized access.

    (d) Review requests from employees for microcomputers, system hardware, and software, and make recommendations to the appropriate Bureau Commander and Chief of Police.

    (e) Work with the Training Advisory Committee and Training Coordinator in an advisory capacity related to microcomputer and software training.

    (f) Evaluate and make recommendations to the Chief of Police to approve or disapprove requests for use of personally owned computer hardware and/or software.

    (g) Coordinate the acquisition of all departmental microcomputer hardware and software products.

    (h) Coordinate the installation, use, inspection, and support of the department network and related software.

4. Bureau and Division Commanders shall have the following responsibilities as related to the agency's computer network:

    (a) Insure that members of their respective components comply with all applicable statutes, software manufacture's licensing agreements, and departmental policy and procedures concerning the use of the agency's computer network.

    (b) Provide for the physical security of microcomputer hardware and software. To the extent practical, this equipment should be physically located in controlled access areas that restrict access by unauthorized persons.

(c) Inspect the workstations within their areas of responsibility as part of the regular line and/or facility inspection procedures.

(d) Direct any requests for microcomputer assistance (i.e., hardware, software, supplies, or training) to the Systems Administrator.

D. SECURITY [CALEA 82.1.6c]

1. Computer Login Names and Passwords:

   (a) The Administrative Services Bureau Commander or designee shall provide each employee a login name and a confidential password for the agency's computer network and related software. A master list of login names and passwords will be maintained and its distribution limited to the Chief of Police or his designee, the System Administrator, and the Town's contracted technical consultant.

   (b) No changes will be made to assigned passwords in accordance to Federal, State or local computer records systems security requirements.

   (c) Employees shall close all programs and log out of Windows NT prior to leaving the computer workstation. Any activity completed on an individual workstation will be the responsibility of the employee signed on at the time.

   (d) In the event that an employee forgets his/her assigned password or the confidentially of the password is compromised, that employee will notify the Administrative Services Bureau Commander without delay. The Administrative Services Bureau Commander will notify the Chief of Police in writing of those instances of compromised passwords and the action or corrective measures taken as soon as possible.

   (e) The Administrative Services Bureau Commander, in conjunction with the Town's contracted technical consultant shall conduct an annual audit of the agency's computer network and records management software for verification of passwords, access codes, and access violations. The results of this audit shall be reported to the Chief of Police through a documented written report. **[CALEA 82.1.6d]**

2. Division of Criminal Information (DCI)

   (a) To insure against unauthorized access to the DCI system via the agency's computer network, workstations, and mobile microcomputers with DCI capabilities all agency personnel shall follow the requirements of the Division of Criminal Information (DCI) User Agreement.

   (b) Access of federal and state records via the Division of Criminal Information (DCI) computer connections will be limited to certified DCI users and logins must follow DCI procedures using proper login names and passwords. **[CALEA 82.1.7]**

3. The Huntersville Police Department shall maintain current virus protection software on the network and all workstations.

E. SOFTWARE

1. Computer software is generally a copyrighted product. The Town of Huntersville and /or the Huntersville Police Department purchases the right (license) to use a computer program on a specific number of workstations. All department members are to respect computer software copyrights and adhere to the terms of the software license. Employees shall not unlawfully duplicate any licensed software obtained for the department's use.

2. The introduction of computer software and data storage devices as well as any downloads from the internet into agency owned computer systems or workstations could result in virus infection of the host system. Accordingly, theses devices as well as any downloads from the internet shall be checked for virus infection prior to introduction into the agency's networked or stand-alone computers, including laptops. An unauthorized installation by someone other than a system administrator could cause a corrupt entry in the Windows registry and cause system problems resulting in the computer being unavailable for use. **[CALEA 11.4.4]**

   (a) Only floppy discs, compact discs, USB drives to include flash drives, jump drives, and any other portable storage devices as well as any downloads from the internet purchased or authorized by the System Administrator are permitted to be used with any agency networked or stand alone computers, including laptops. These are for Department use only and not for use in any other computer.

   (b) Such devices are to be used for official Police Department business, with any exceptions approved by the Chief of Police or a Bureau Commander.

   (c) Such devices are not to be used to download any data or information in the agency's computer systems, except for official business purposes.

   (d) All employees will comply with all applicable Town policy and procedures in regards to the use of such storage devices.

3. Privately owned software shall not be installed on town owned computer equipment without the prior approval of the System Administrator. When approval to load personal software is granted the System Administrator shall maintain a copy of the software license. **[CALEA 11.4.4]**

F. COMPUTER FILE BACKUP AND STORAGE

1. All departmental servers housing the agency's data files will be backed up on a daily basis by the System Administrator and/or the contracted technical consultant. **[CALEA 82.1.6a]**

2. The Agency will maintain two weeks of daily backups with the most recent week being stored in a secured off-site location approved by the Chief of Police. The System Administrator shall maintain the remaining backup in a designated secured area as approved by the Chief of Police. **[CALEA 82.1.6b]**

3. When the media used for computer backups has reached its minimum life expectancy it shall be destroyed in a manner that renders the data irretrievable.

G. RESTRICTIONS

1. The use of any departmental microcomputer or workstation for any purpose that violates any federal, state, or local law is prohibited.

2. The use of any departmental microcomputer or workstation for commercial purposes, financial, or material gain while on or off duty is prohibited.

3. Sending harassing, intimidating, abusive, or offensive materials to or about others is prohibited.

4. The use of another employee's password or login name is prohibited. The System Administrator may use an employee's password or login name when necessary to identify or correct computer related problems.

5. Employees are not authorized to add, delete, or modify computer components without the direct approval of the System Administrator. This includes hardware, software, and screen display. All personnel desiring to change the screen logo of their assigned computer must review such with the Administrative Bureau Commander to ensure its propriety.

6. Employees experiencing network problems should not shut off the workstation until directed to do so by the System Administrator. If the problem occurs after hours, the employee should record any error messages received prior to any attempt to reboot the workstation, and forward this information to the system administrator. These error messages will be needed by the system administrator in order to diagnose the problem.

7. Workstations shall not be unplugged from surge protectors.

Addendum A – Vehicle Inspection Sheet
Addendum B – Radio and Mechanical Report
Addendum C – Vehicle Service Log
Addendum D – Employee Acceptance Statement

A. POLICY/PURPOSE

1. It shall be the policy of the Huntersville Police Department to assign vehicles to certain police personnel and to establish specific guidelines and procedures to ensure the proper maintenance and use of police vehicles. All departmental vehicles are to be properly cared for and maintained so as to ensure safe operation, conformance with legal standards, suitability for law enforcement service, and a professional appearance.

2. The purpose of this Directive is to establish a written directive which provides guidelines for the routine administration, assignment, and maintenance of the department's fleet of police vehicles.

B. DEFINITIONS

The following definitions are for the limited purpose of this Directive and may not apply in all other cases:

1. Fleet Manager: an officer designated by the Chief of Police as having overall administrative responsibility for management of the agency's fleet of police vehicles.

2. Fleet Coordinator: an officer designated by the Chief of Police and has day to day management responsibilities of the agency's fleet of police vehicles as designated by the Fleet Manager.

3. Marked Unit/ Vehicle: Any vehicle operated by the Huntersville Police Department that is marked with HPD decals on its exterior and is equipped with an audible siren, two way radio and roof mounted blue light.

4. Unmarked Vehicles: Any vehicle operated by the Huntersville Police Department that is not marked externally but is equipped with two way radio, sirens and internal front, and rear blue lights. Unmarked vehicles not so

equipped are considered administrative vehicles and are not permitted to engage in emergency driving and/or pursuits.

5. Administrative Vehicle: any vehicle owned or leased by the Town of Huntersville for official use by the Police Department that does not meet the minimum requirements of the definition of a marked or unmarked unit/vehicle.

6. Pool Car: any police vehicle that is not assigned to a specific officer and which may be assigned to any Department member for use, such as travel to and from training sessions.

7. Special Purpose Vehicles: any police vehicle that requires special training or authorization for use and that is not assigned to a specific officer, refer to Directive 4.13 Specialized Assignments.

C. FLEET MANAGEMENT

1. Ownership and title to all police vehicles and related equipment is vested in the Town of Huntersville. Members shall be held strictly accountable for the proper care, use, and maintenance of any vehicle assigned to them for official use.

2. The Bureau Commanders will serve as the agency's Fleet Manager for all vehicles assigned to their respective Bureaus. While every supervisor has the day-to-day responsibilities for managing the police vehicles assigned to their respective Bureau, Division, Section, and/or Unit, the respective Bureau Commander has the ultimate responsibility of managing the Bureau's fleet, subject to the direction of the Chief of Police. The Fleet Manager's responsibilities include, but are not limited to:

   (a) Preparing budget materials;

   (b) Reviewing repair invoices;

   (c) Monitoring maintenance expenditures;

   (d) Assessing the need for major repairs; and

   (e) Preparing vehicle bid specs & purchase requisitions.

3. The Fleet Manager will assign a unique number to each departmental vehicle for the purpose of ensuring accuracy in billing and other internal fleet accounting procedures. Members should ensure that the assigned vehicle number is accurately reflected on all maintenance slips, requisitions, and billing invoices.

4. The Personnel Training and Fleet Division Commander is the agency's Fleet Coordinator(s). The Fleet Coordinator's responsibilities include, but are not limited, to:

   (a) Day-to-day Fleet Management and operation under the direction of the Bureau Commanders;

   (b) Acting as the Department's liaison to repair and service facilities;

   (c) Overseeing equipment installations;

   (d) Maintaining a spare set of keys for all police vehicles and ensuring that command and supervisory personnel have appropriate access to the keys to pool cars;

   (e) Maintaining records on each police vehicle to include mileage, personnel assignment, maintenance costs, inspection records, and similar documentation necessary for the efficient and effective fleet management and planning; and

(e) Other duties as delegating by the Fleet Manager and Chief of Police.

5. For procedures related to the individual assignment of police vehicles please refer to Directive 1.43 Personal Police Cruiser Program (PPCP).

D. POLICE VEHICLE MARKING AND EMERGENCY EQUIPMENT

1. Vehicles used in routine or general patrol service will be conspicuously marked and must be equipped with operational emergency lights and a siren. Conspicuously marked patrol vehicles must be readily identified as law enforcement vehicles from every view and from a long distance, even at night. Conspicuous marking increases safety, serves as a deterrent to potential violators, increases police visibility, and provides citizens with a sense of security. The Chief of Police may authorize some deviation of this standard for marked police vehicles used by the Traffic Safety Section and any deviation must be authorized by the Chief of Police.

2. Unmarked police vehicles may be authorized by the Chief of Police for specialized applications such as traffic law enforcement, supervision, directed patrols, surveillance, undercover operations, tactical, investigative or administrative purposes.

3. Normally, all police vehicles used in routine or general field service shall be equipped with a mobile radio transceiver, approved siren, and blue emergency light(s) as directed by the Chief of Police. Depending on their intended use or assignment, vehicles may also be equipped with additional emergency equipment, to include: first aid kit, emergency blanket(s), police shotgun, rechargeable flashlight, fire extinguisher, highway flares or reflectors, and measuring device. See Addendum A, Vehicle Inspection Checklist, for a complete list of equipment. **[CALEA 41.3.2]**

4. Supplementary vehicle lighting equipment may be installed on patrol vehicles, to include hazard flashers, spotlights, alley lights, and takedown lights. Emergency warning lights should be used at any time a police vehicle is parked on the roadway or location where other traffic may be endangered. Alley lights and takedown lights are to be used for their intended purpose when the police vehicle is stationary or moving at very slow speeds.

5. Officers are permitted to use the emergency warning equipment of the police vehicle as necessary to divert or control approaching traffic, to protect the public from a potential hazard, or to signal a motorist being stopped for a traffic violation. Care should be taken to ensure that the use of emergency equipment does not create or compound a traffic problem

E. ASSIGNMENT OF POLICE VEHICLES

1. The allocation and assignment of police vehicles will be determined by the Chief of Police subject to the availability of resources, the nature of the duty assignment of the officer, the prevailing operational needs of the Department, and Town policies.

2. Division Commanders will be responsible for the routine assignment of police vehicles allocated to their operational command, and shall be responsible for ensuring that such vehicles are properly used, maintained, and inspected in accordance with this Directive. Upon initial assignment, the responsible Division Commander or his designee, along with the assigned officer, will evaluate and document the condition of the vehicle. This documentation will be forwarded to the Fleet Coordinator.

3. Division Commanders may temporarily assign officers to vehicles other than their normally assigned vehicle when circumstances other than those listed above require such action. However, Division Commanders will make these assignments from vehicles normally assigned to their watch whenever possible and will only assign vehicles that are not their primary responsibility when no other options exist. Vehicles assigned to the

Watch Commanders will not normally be assigned for use by personnel not assigned to this position unless the Patrol Operations Bureau Commander first authorizes such assignment.

4. Sworn officers who are individually assigned a police vehicle and whose principle residence is located within one mile of the corporate limits of the Town of Huntersville are authorized to park the assigned vehicle at their residence of record during off-duty hours. Except as otherwise provided in this Directive officers who do not live within the Town limits or within one mile of corporate town limits must park their assigned vehicles at Police Headquarters or other department approved locations within the Town during off-duty hours. Officers living outside the town limits may drive their assigned vehicles as far as the town limits and park them, and continue their commute in their personal vehicle. Marked police vehicles that are conspicuously parked in designated business or residential locations within the Town serve for crime deterrent purposes. Such activity will be coordinated under the direction of the officer's chain of command and the Fleet Coordinator.

5. Each employee assigned a police vehicle will be assigned one set of vehicle keys for that vehicle. The employee will be responsible for that set of keys and may have a spare set of keys made at his/her own expense.

6. In order to ensure that the vehicles and their equipment are maintained by all personnel in good working order, the vehicle assignments are recorded and updated by the Fleet Manager, as necessary, in the form directed by the Chief of Police. Officers/employees will use their primary assigned vehicle whenever it is available and operational, except in the following situations and circumstances;

   (a) Vehicle maintenance and/or repairs;

   (b) Working overtime or special duty on shifts other than their own;

   (c) Emergency situations;

   (d) Attending schools may occasionally require that an officer/employee utilize a vehicle other than his/her assigned vehicle; and

F. VEHICLE INSPECTIONS

1. Upon beginning a tour of duty, each officer will be responsible for conducting a visual inspection of his or her assigned vehicle. This inspection may be temporarily delayed if immediate use of the vehicle is required in order to respond to a pending call for service, but should be conducted as soon as possible thereafter. Under no circumstances shall a prisoner be placed in the back seat of any police vehicle until the back seat area has been thoroughly inspected.

2. When vehicle supplies are missing or need replenished, it is the assigned officer/employee's responsibility to see that the vehicle is re-supplied immediately.

3. The standard for vehicle suitability for law enforcement service shall be based upon safety, condition of the emergency equipment, conformance with legal standards, and professional appearance. Should the officer determine that a police vehicle is unsuitable for service; a supervisor should be notified accordingly.

4. Officers discovering unsecured weapons or previously unreported physical damage to a police vehicle shall immediately notify their supervisor, who will in turn provide a written report via the chain of command to the Fleet Coordinator.

5. Officers are responsible for the care and condition of any police vehicle assigned to them for official use. The police vehicle is a professional work environment and shall be maintained as such.

6. Departmental vehicles will be subject to periodic and/or unannounced inspection by supervisory and command personnel to ensure continued compliance with departmental directives. Refer to Directive 2.14 Inspections for further procedures regarding vehicle inspections.

G. MAINTENANCE & REPAIR OF POLICE VEHICLES

1. All maintenance and repairs to police vehicles will be accomplished in accordance with Town of Huntersville policies and the provisions of this Directive. No modification, repair, enhancement, alteration or other work may be performed on any police vehicle by any employee, person, or business except as authorized by the Fleet Coordinator, Fleet Manager, or Chief of Police.

2. In the event of damage or breakdown that renders the police vehicle unsuitable for police service, the officer to whom the vehicle is assigned will ensure that proper action is taken to submit the vehicle for repair.

3. Any body work or single repair estimated to exceed $500 must be approved in advance by the responsible Bureau Commander or Chief of Police.

4. Routine preventative maintenance and services, including oil change, lubrication, tire replacement, brake service, etc, is the responsibility of the officer to whom the vehicle is assigned. Whenever a vehicle is due for preventive maintenance or requires repair service, the following procedures will be followed.

   (a) The operator will complete a "Radio and Mechanical Report, see Addendum B", describing the nature of the problem or work required.

   (b) The operator shall schedule service on his/her day(s) off if at all possible. A pool vehicle may be used if available.

   (c) The operator shall be responsible for coordinating delivery and pick-up of the vehicle from the garage;

   (d) When delivering the vehicle to a garage or service station, the operator should confirm with the staff what the nature of the problem is and obtain an estimated pick up date and time;

   (e) Once the service has been completed, the operator shall arrange for pick-up of the vehicle in a timely manner;

   (f) The operator shall report any problems with the service or repair to the department's Fleet Coordinator.

5. If the vehicle is to be left overnight at a repair or service facility, all firearms and computers shall be removed from the vehicle. Radio equipment and other electronic equipment should be turned off, and any sensitive or confidential materials secured against unauthorized access.

6. When picking up a vehicle from a service facility, the officer may be required to sign a billing invoice and a copy of this invoice should be given to the officer. The officer must submit the invoice directly to the Fleet Coordinator. Insofar as practical, the officer should verify that the requested repair or work has been completed satisfactorily.

7. It is the responsibility of the assigned officer to maintain a Vehicle Service Log, see Addendum C, in an accurate and timely manner. This log will be subject to inspection at any time by supervisory personnel. The log is to be submitted monthly to the fleet manager who will maintain the logs in the vehicle files.

8. Officers must accept full responsibility for the proper maintenance and care of their assigned vehicle. Police vehicles are to be kept clean, both inside and out, at all times, weather permitting. Officers will ensure that the vehicle is washed and waxed periodically in accordance with the guidelines specified in this Directive.

9. Tires are a very critical part of the police vehicle. Improper tire inspection and maintenance can result in excessive operating costs. More importantly, the officer operating a vehicle with excessively worn, damaged, or improperly inflated tires is endangering his own safety and that of other motorists. For these reasons, special emphasis is placed on the purchase and service of tires. The following guidelines will be observed:

    (a) Police vehicles used for emergency or pursuit operations will be equipped with tires specifically designed for police use and approved by the Department. These tires are acquired from a service facility approved by the Department. Tires for other police vehicles will be acquired from vendors approved by the Fleet Manager and/or Chief of Police. Tires will be requisitioned on the appropriate form as part of an open purchase order and receiving reports/invoices submitted accordingly.

    (b) Tires for special purpose vehicles having special load or operating requirements must be approved by the Fleet Coordinator, Fleet Manager, or Chief of Police;

    (c) Accurate tire pressure is critical and shall be properly maintained on all police vehicles in accordance with the manufacturer's recommendation.

    (d) Police vehicles are not to be operated with tires that do not meet the standards for safety set forth in NCGS 20-122.1.

    (e) Tires that are out of round, damaged, severely worn; or otherwise unsuitable for police service shall be replaced by the authorized service facility.

    (f) Each vehicle is equipped with a spare tire, jack, and other tools necessary for replacement of a flat tire. Personnel operating police vehicles are responsible for changing flat tires.

10. Any member who damages a police vehicle or any of its emergency equipment shall immediately report the circumstances to his/her supervisor. Supervisors at all levels will be responsible for making competent inquiry into any reports of damage sustained to police vehicles to determine if negligence on the part of the employee contributed to the occurrence.

11. All traffic collisions involving departmental vehicles shall be investigated, reported, and reviewed in accordance with the applicable provisions of Directive 6.05 (Traffic Collision Investigation).

12. The applicable provisions of Directive 4.11 Vehicle Pursuit Operations shall govern the emergency operation of all police vehicles.

13. No member may install, attach or affix any supplemental device, tags, equipment, stickers, signs, ribbons, emblems or other materials to a police vehicle or its associated equipment without the prior approval of the Chief of Police.

14. Prior to ending a tour of duty, each officer will ensure that the police vehicle is refueled in accordance with this Directive. Departmental keys to pool vehicles are to be turned in to the appropriate supervisor or commander for reassignment to the next driver.

15. Personal equipment which is needed in order to perform official duties may be kept in the vehicle as long as it is stored in a manner that does not damage the vehicle, pose a safety hazard, or alter its appearance, with the following exceptions:

    (a) Weapons or ammunition other than those issued by the Department;

    (b) Any device prohibited by statute, ordinance, or department policy.

16. Unless the vehicle has been assigned for the exclusive use of an officer, all items of personal equipment shall be removed from the vehicle upon ending a tour of duty. Police vehicles are to be kept locked at all times when left unattended.

17. Equipment stored in the trunk of the police vehicle should be organized in a manner so that it will not become a loose projectile in the event of a collision. Equipment items should be placed laterally (side to side) in the trunk to reduce the risk of equipment items being driven into the rear seat or puncturing the fuel tank.

H. VEHICLE CLEANING

1. Police vehicles shall be cleaned periodically as required to maintain a professional appearance and ensure safe operation. Each officer/employee is responsible for keeping his/her assigned vehicle cleaned. Each employee is authorized to purchase car washes at one of the WEX fueling stations using the Fleet Card assigned to that particular vehicle, as directed by the Fleet Manager.

2. It is the responsibility of the police driver to ensure that exterior mounted equipment that may be damaged by the carwash process is removed or adjusted prior to beginning the process. Any firearms or confidential materials carried in the vehicle are to be secured against unauthorized access.

3. Any vehicle delivered to a commercial wash facility for biohazard decontamination must be properly tagged using a biohazard label on the exterior window, and the attendant properly informed of the biohazard condition so that appropriate personal protective equipment may be worn during the cleaning process.

4. Police vehicles that cannot be washed at the primary carwash facility due to their size, special equipment, or undercover assignment will be washed at an alternate facility designated and approved by the Fleet Coordinator or Fleet Manager.

5. All fuel purchases and other authorized purchases for each vehicle will be documented on the WEX statement. All car washes will be documented on the vehicle service log.

6. To preserve and protect the exterior paint, police vehicles should be waxed at least once per calendar year. Electric or air powered buffers may not be used, as serious paint damage can result.

7. Supervisors are to monitor the overall use of the commercial wash facilities by their subordinate personnel to ensure that departmental vehicles are not subjected to excessive or unnecessary washing.

I. REFUELING OF POLICE VEHICLES

1. Police vehicles will be refueled using WEX Fleet Cards that are assigned to each vehicle. Each employee authorized to fuel Town vehicles are issued a five digit personal identification number (PIN) to be used with the Town's WEX Fleet Cards. Each employee that is given a PIN, is also required to sign an Employee Acceptance Statement, see Addendum D, regarding the use of the Town of Huntersville Fuel Man Fleet Cards.

2. Officers/Employees are to ensure that their assigned vehicles are adequately fueled to respond to calls for service. Generally, all vehicles should always have at least a half tank of fuel at all times.

3. Officers/employees using spare vehicles should refuel such after use.

J. POOL CARS

1. Pool cars will remain on station at Police Headquarters or other approved location. Officers assigned to use pool cars will be responsible for the appearance, maintenance and upkeep of the vehicle during the period so assigned.

2. Seized or forfeited vehicles used for undercover or special investigative purposes will be considered pool vehicles allocated to the Community Response Division or other authorized use as approved by the Chief of Police. The CRD Commander will be responsible for authorizing the use of these vehicles, as well as their condition, maintenance and repair.

K. MISCELLANEOUS VEHICLE OPERATIONAL GUIDELINES

1. Transportation of cargo such as bicycles, lawn equipment, and other large items should be accomplished using the Department's truck or other appropriate police vehicle. Due to the possibility of damage to communications equipment and other electronic systems, large items of cargo should not be transported in the trunk of a regular police sedan. Transportation of materials that protrude from the trunk or obstruct vision is prohibited. This provision does not preclude the transportation of police bicycles when properly secured the vehicle in approved racks.

2. Department vehicles, except for designated animal services vehicles, shall not be used to transport stray or injured animals unless authorized by the Watch Commander and then only in a manner that is not likely to damage the vehicle or its equipment.

3. Department vehicles shall not be used to provide emergency battery service by use of jumper cables for disabled vehicles. Watch Commanders have portable battery chargers, or jump boxes, to provide emergency battery service and only to vehicles owned/leased by the Town, or being utilized by a Town employee. The use of jumper cables for emergency battery service may cause damage to electronic equipment inside the patrol vehicle. Furthermore, department vehicles shall not be used for pushing, pulling or towing disabled vehicles.

3. All officers and/or employees should be cognizant of the special concerns regarding the safety and/or dangers of the vehicle's airbag equipment and follow the recommendations of the manufacturers and err towards the side of safety.

EMPLOYEE ACCEPTANCE STATEMENT

I have been issued a PIN that authorizes me to fuel town vehicles only, using the Wright Express Universal Fleet Cards.

I understand that my PIN identifies me by name on a weekly fuel report and that I am accountable for all transactions made using my PIN. Therefore, I will not share my PIN with anyone. If I believe that someone else knows my PIN, I will immediately notify a supervisor and/or the fleet manager.

I understand that the Wright Express Universal Fleet Cards are not to be used for personal vehicles or non-business purposes. Using the Wright Express Universal Fleet cards for any purpose other than official business is considered theft from the Town of Huntersville.

I understand that each time I use the Wright Express Universal Fleet Card; I am required to completely fill the vehicle's fuel tank and enter the accurate odometer reading. This allows the town to monitor fuel usage and track maintenance intervals.

I understand that each Wright Express Universal Fleet Card is assigned to an individual Town vehicle. My PIN will work with any Wright Express Universal Fleet Card issued to the town. I understand that it is not permitted to switch or share cards between vehicles or to use the card for anything other than its intended purpose.

The officer is permitted to obtain two carwashes per calendar month at one of the Wright Express Universal Fleet fueling stations using the Wright Express Universal Fleet Card.

The Town Attorney has determined the requested e-mail is not public record per Page 164 in the publication from the UNC School of Government entitled "Public Records Law for North Carolina Local Governments" by David M. Lawrence. It states " The various statutes make public an employee's current position title and the office to which the person is currently assigned. Given the nature of this information, it seems likely a personnel file would also include an employee's current work assignment or work schedule, and that these items would not be open to public access."

If you have any questions, please let me know.

A. POLICY/PURPOSE

1. Police canines are the only agency owned service animal authorized by the Department. The mission of the police canine team is to provide assistance in the prevention and detection of crime, the apprehension of criminal offenders, and such other duties as may be directed by the Department. All employees of the Department are expected to cooperate and assist to the maximum extent in achieving these objectives. Canine teams will be assigned to the patrol component and will be available for emergency duty at all times. All use of agency canines shall be in accordance with applicable law and departmental directives.

2. Canine officers are authorized to deploy their assigned canines for locating, suspects, contraband and other evidence. The prompt and proper utilization of a trained canine team has proven to be a valuable

use of a unique law enforcement resource. When properly used a canine team greatly increases the degree of safety to citizens within a contained search area, enhances individual officer's safety, significantly increases the likelihood of a suspect apprehension and dramatically reduces the amount of time necessary to conduct a search. Canine teams will be deployed with regard for the safety of the public and be adherent to department policy which defines the authority and responsibilities for the use of canine teams.

3. The purpose of this Directive is to establish a written directive which delineates departmental policy and procedures for the management and use of police canines.

B. DEFINITIONS

The following definitions are for the limited purpose of this Directive and may not apply in all other cases:

1. Canine- a police dog trained and certified in one or more specialty areas such as the detection of narcotics, tracking, building/area searches, evidence detection and apprehension techniques.

2. Canine Coordinator: a supervisor with canine experience who provides administrative oversight of the Department's canine program and serves as an advisor to the Department on matters pertaining to canine operations.

3. Canine Team Leader: an officer with canine experience who provides day to day oversight and direction of the Department's canine program.

4. Canine Report – a report completed by the canine handler whenever a police canine is utilized in an official capacity outside of training.

5. Canine Team: one authorized handler and assigned canine; both of which have received specialized training and are equipped to conduct canine operations.

6. Handler: a police officer who has successfully completed the required training and certification, and who is authorized by the Department to function as a canine handler.

7. Off-Lead: a condition where a canine is under the verbal and/or hand signal control of the assigned handler.

8. On-Lead: a condition where a canine is attached to and controlled by a lead in the hand(s) of a handler.

9. K-9 – additional term referring to Police Canine.

C. ORGANIZATION & ADMINISTRATION

1. Canine handlers are assigned to the Patrol Operations Bureau under the Patrol Operations Bureau Commander and supervisory officers of the patrol watch to which the handler is assigned.

2. The principal duty of a police officer assigned as a canine handler shall be to serve as a patrol officer. Canine operations will be considered a support function to field operations. Canine handlers will respond to calls for canine assistance in accordance with this Directive and in compliance with priorities set from time to time by the Chief of Police.

3. The Chief of Police will designate a Canine Coordinator with oversight responsibility for the agency's canine program, and Canine Team Leader with oversight responsibility of the day to day operations of the canine program. Handlers are subject to the administrative supervision of the Canine Coordinator in matters pertaining to canine operations. The Canine Coordinator and Canine Team Leader shall be designated in a personnel order and subject to review at the discretion of the Chief of Police.

4. Police canines are owned by the Huntersville Police Department, with the handler providing care and maintenance at the handler's private residence in accordance with the requirements of this Directive. The cost of food and veterinary care is paid by the Department and acquired through authorized providers.

5. Departmental canines shall not be used for purposes other than official police duties. Canines may not be used for breeding purposes, or registered with any organization or association not specifically related to law enforcement without the written consent of the Chief of Police.

6. Handlers must comply with all written policy and lawful orders regarding the use of canines, but the handler is authorized to decline to perform any requested canine assignment if the request violates departmental policy, unreasonably threatens the health and safety of the canine, or is inappropriate or inconsistent with the police mission. The canine handler will review the circumstances of each situation and will have the authority to make a final determination as to whether or not the canine should be used. The canine handler is the most qualified individual to determine when and how his/her canine should be deployed.

D. HANDLER SELECTION

1. Service as a canine handler is a voluntary specialized assignment. Prospective handlers must meet the following minimum qualifications:

    (a) Must have completed all probationary periods and field training required by the Department, and shall have a minimum of two (2) years of patrol field experience as a full-time sworn law enforcement officer;

    (b) Receive their supervisor's recommendation regarding the applicant's maturity, judgment, work history, use of force history, and performance under stress;

    (c) Have demonstrated the ability to work effectively and productively without close supervision;

    (d) Must be familiar with the duties and responsibilities of the assignment and demonstrate a sincere interest in working with canines in law enforcement;

    (e) Have the consent of household family members to become a canine handler;

    (f) Maintain a residence that provides adequate yard space for the placement of a department-provided kennel, and which affords the canine suitable protection and solitude during off duty hours. In the event that the handler does not own a residence, he/she must obtain written permission from the property owner for the housing of the canine in the department provided kennel;

    (g) Agree to at least five (5) years of assignment as a canine handler, excluding promotion or reassignment initiated by the Department;

    (h) Ensure that any other pets at home will not interfere with the canine and its training program;

(i) Must be in good physical condition and able to perform the more strenuous assignments required of canine handlers;

(j) Agree and understand that they must devote more than assigned on-duty time to the care and training of the canine and must respond to off-duty call outs in a reasonable time; and

2. The Chief of Police may waive any of the above requirements if the pool of candidates is limited.

E. TRAINING, CERTIFICATION & EVALUATION [CALEA 41.1.4b,c, 41.1.5b,c]

1. All canines and handlers shall be trained, both pre-service and in-service, in conformity with training standards approved by the Chief of Police.

2. All canines and handlers must successfully complete pre-service training and certification at a Department approved and recognized law enforcement canine training facility before performing law enforcement functions. The handler must document and maintain complete training records for the canine showing the time, type and success of all training. These documents will be maintained as permanent records in accordance with this Directive.

3. In-service training shall be conducted to reinforce initial training and maintain proficiency, correct any identified problems, and to provide new or updated training. A minimum of 12 hours of in-service training hours per month will be required by the Department in addition to the daily training / exercise period.

4. In-service and daily training may be conducted while on-duty with the approval of the handler's supervisor. The canine team may also be authorized to attend outside training courses/facilities to enhance their effectiveness and level of proficiency.

5. If a police canine team fails to certify to at least the minimum required level, the canine may be temporarily removed from active duty and placed into remedial training until the canine team can re-certify. Should a canine team fail to re-certify after remedial training, the Canine Coordinator will make a recommendation to the Department for an appropriate disposition.

6. The Police Department's Canine Program may be reviewed and evaluated through the staff inspection process every three years as directed by the Chief of Police.

F. HANDLER RESPONSIBILITIES [CALEA 41.1.4d, 41.1.5d]

1. Canine handlers are responsible for carrying out all regular duties of their rank and primary assignment as patrol officers, in addition to their canine responsibilities.

2. Canine handlers are personally responsible for the 24 hour maintenance of their canine to include a clean, well-groomed, and healthy state of readiness. This responsibility shall include, but is not limited to, the following:

(a) Frequent maintenance and cleaning of the kennel and yard area where the canine is housed. This area must be kept sanitary and in a condition that prevents offensive odors;

(b) Provision of food, water and general diet maintenance as prescribed by the department authorized veterinarian;

(c) Grooming of the canine;

(d) Daily inspection of the canine for signs of illness, disease or injury;

(e) Exercise of the canine on a daily basis;

(f) Ensuring general medical attention and maintenance of health care records, to include periodic checkups and vaccinations by the department authorized veterinarian;

(g) Maintaining assigned vehicle and canine equipment in good condition; and

(h) Preparing and maintaining written records regarding the activity, use, medical treatment and training of their assigned canine.

3. The premises, canine, and kennel assigned to officers who serve as handlers are subject to unannounced and periodic inspection by the Department to ensure the animal is properly fed, kenneled, exercised, and healthy.

4. When the handler is unable to perform these and related duties due to illness, injury, vacation or other leave, another pre-selected canine handler may be assigned to temporarily care for the animal, or the canine may be housed in a departmentally approved kennel when the handler is unavailable. No other officer shall work the canine.

5. At no time will the handler take the canine away from home other than while on duty or call out, authorized training, or as otherwise approved by the Department.

6. Police canines shall be kept out of restaurants, businesses, and public buildings, except when required in the conduct of official police business. Reasonable precautions should be taken to prevent the dog from urinating or defecating inside a building.

7. Generally, during normal business hours, police canines are not permitted inside Police Department Building unless present for a legitimate purpose under the immediate on-lead control of the handler. Handlers should take into consideration the likelihood of officers and/or employees being in and around the police building; and be conscious and courteous of potential risks or problems that may arise by permitting the police canines inside police headquarters. Canines may also be secured inside the handler's patrol vehicle when not in use. It is the handler's responsibility to ensure that the canine has ample airflow inside the police vehicle but is restricted from touching persons near the vehicle.

8. Handlers are responsible for the protection of others from the canine, and shall take reasonable precautions to ensure that their canine does not present a hazard to other employees or members of the public. They shall restrain or muzzle the canine as necessary to prevent unnecessary injury to persons.

9. Handlers will not permit anyone (including unauthorized officers) to feed, pet or hug their canine without their permission and immediate supervision. Should a citizen or officer express a desire to do so, the person should be informed that police canines are serious working dogs and specially trained to protect their handler, and that they can be dangerous if improperly approached.

10. Police canines will be primarily housed at the handler's residence in the outdoor kennel provided by the Department. The handler may, at their discretion, house the canine inside their private residence or other protected area during periods of severe or inclement weather. Handlers are cautioned, however, that canines must remain acclimated to seasonal conditions in order to perform efficiently during deployments. While at the handler's residence, the canine shall be under the handler's direct control or safely contained in the kennel.

11. At no time will a police canine be left alone with department or civilian personnel without the handler being present.

12. An ill or injured dog shall be reported to the handler's shift supervisor and Canine Coordinator. If the canine will be out of service for longer than one week, the Patrol Operations Bureau Commander will be notified. If the veterinarian deems the dog temporarily unfit for duty, the handler shall perform normal patrol duties on the current shift assigned.

13. Handlers will complete a report each time the police canine is deployed and will provide comprehensive information in the report including documentation of verbal warnings given.

14. Handlers will maintain accurate records that document all canine activity, training, deployment, use of force and veterinary care. This information will also be entered into the Department's computerized records system. This information will be readily available to canine officers, the Canine Coordinator, and others who may need it to seek a search warrant. **[CALEA 41.1.5f]**

15. Handlers will reflect an appropriate professional image through their level of performance, maintenance of equipment, and proper care of the assigned animal.

G. CANINE VEHICLES AND EQUIPMENT [CALEA 41.1.4e, 41.1.5e]

1. Canine handlers will be assigned a marked patrol vehicle specially equipped for canine operations, to include canine transport system, temperature monitor, and remote deployment system. Vehicles assigned for canine use will be operated only by a trained handler unless the canine is not present in the vehicle.

2. Handlers will be provided with training in the use of all specialized canine equipment installed in the vehicle, and in the general use of the vehicle in support of canine operations. The handler shall ensure that all specialized equipment installed in the vehicle is properly maintained in a fully functional condition, and that the vehicle is kept clean and sanitary.

3. Patrol vehicles assigned to canine teams will be equipped, inspected and maintained in accordance with the applicable provisions of Directive 4.10.

4. Patrol vehicles assigned to canine teams will not be used to transport prisoners who resist arrest or are combative, agitated, or intoxicated and disruptive. In such instances, a regular patrol unit should be requested to provide transport assistance. Any prisoner transported by a canine team shall be handcuffed with hands behind their back and secured with lap and shoulder belt in the front passenger seat. Patrol vehicles assigned to canine teams will not be used to transport persons taken into police custody for the purpose of mental evaluation or commitment.

5. If a canine unit is the initiating vehicle in a pursuit, it may remain the primary pursuit vehicle and allow the backup unit to call the pursuit. The use of canine teams to respond to the scene of pursuit terminations will be at the discretion of the Watch Commander based on the seriousness of the incident.

6. Canine handlers will be equipped with functional utility uniforms commensurate with their specialized duties and responsibilities. The utility uniform may be worn when performing regular patrol duties, and when attending court or other judicial proceedings, provided that the officer is on duty on the scheduled court day. Officers attending court or other judicial proceedings on days that are not regularly scheduled duty days must wear the Class A uniform. The Class A uniform must be worn anytime an officer is appearing in Superior Court.

7. Canine teams will be provided with specialized equipment necessary to conduct safe and effective operations and training. The handler will be responsible for the proper care and security of issued equipment, and shall notify the Canine Coordinator of any needed replacement or supplemental equipment. Issued equipment may include, but is not limited to: canine first aid kit, protective armor, equipment bag, muzzle, collars, leads, harness, water containers, canine badge, and training aids.

H. DEPARTMENTAL REQUESTS FOR CANINE ASSISTANCE

1. Requests for assistance by Huntersville Police Department personnel for an on-duty canine team will be made directly from the officer requesting the unit via the Communications Center, subject to cancellation by supervisory personnel. The use of canine teams should be considered in the following situations:

    (a) Crimes in progress;

    (b) Fleeing felony suspect;

    (c) Officer needs emergency assistance;

    (d) High risk warrant service;

    (e) Situations where a suspect is hiding, either in a building or in an open area.

2. In the event that an on-duty canine team is not available to respond to a request for canine assistance, the on-duty Watch Commander shall evaluate the circumstances surrounding the request and determine if the call out of an off-duty canine team is warranted. If so, the supervisor may authorize such call out. An on-call schedule will be developed by the Canine Coordinator and provided to the Communications Center. The off-duty call out of a canine team will be considered a supplemental duty assignment and governed by the applicable provisions of prevailing Written Directives and/or Town Personnel Procedures.

3. At the time the request for assistance is made, the handler shall be advised of the nature and location of the incident, the type of canine assistance needed, and the name of the investigating officer in charge of the scene. The handler shall advise the Communications Center of his/her estimated time of arrival (ETA) to the scene. This information shall be relayed by the Communications Center to appropriate field units.

4. Upon arrival of the canine team, the investigating officer in charge of the scene will brief the handler of the circumstances surrounding the incident and any dangerous conditions that exist. The handler shall be in charge of the search area in which the canine is to be deployed.

5. The canine handler will evaluate the circumstances of each situation and make a determination as to whether or not the canine should be used. The canine handler is the most qualified individual to determine when and how his canine should be deployed. When the canine handler determines that the canine should not be deployed, he/she will explain the reason(s) to the investigating officer in charge.

I. APPROVED USES OF AGENCY CANINES [CALEA 41.1.4a, 41.1.5a]

1. Tracking: A canine can assist in tracking lost/missing persons and criminal suspects. The dog can track a human scent provided conditions are suitable. This tracking ability may be utilized in instances such as burglaries, armed robberies, and other serious cases deemed appropriate by the canine handler. All tracking will be conducted on-lead.

(a) Officers should keep all persons (including other police officers) out of the area where the person sought was last sighted to prevent scent contamination. Unless the suspect is in sight, officers should not attempt to follow a suspected trail or search the area;

(b) The supervisor at the scene will be responsible for setting up a perimeter around the area to be searched. This area should be secured to the extent possible and no one allowed to enter;

(c) A back-up officer will be assigned to assist the canine handler if needed. In such cases, the canine handler will provide specific instructions for the assisting officer(s).

2. Evidence/Article Search: The canine may be used to search for articles that are evidence in a criminal investigation. When this service is contemplated, every effort should be made to avoid contamination of the area with human scent caused by the presence of unnecessary people, including police officers. If the search is conducted off-lead, the handler will assure that the area is cordoned off prior to beginning the search. The handler is responsible for the safety of innocent persons in the area. Requests to search for lost articles that have no evidentiary value must be approved by the Chief of Police or his designee.

3. Building Searches: A canine can assist in searching an otherwise occupied building or enclosure for the presence of a hidden criminal suspect. When the services of a canine unit are contemplated for a building search, every effort should be made to avoid contaminating the scene the presence of unnecessary people, including police officers. Officers will only enter a building that is being searched by a canine team when either the handler has summoned assistance or it has become apparent that the handler needs assistance and is incapable of summoning that assistance. Establishing a perimeter around the building to be searched is the responsibility of the supervisor at the scene.

   (a) The building should be secured and no one allowed entry.

   (b) If practical, the building owner or tenant should be brought to the scene before a building search begins to advise officers about the operation of the ventilating and heating systems, building entrances, potential hazards, security measures, and to verify if any authorized persons may be in the building.

   (c) The search will be conducted on-lead unless there is probable cause to believe that the suspect has committed a felony offense. If the handler is uncertain whether or not an innocent person may be inside, he will keep the dog on-lead.

   (d) Before a canine is released into a building off-lead, the following warning must be given three (3) times: "THIS IS THE HUNTERSVILLE POLICE DEPARTMENT CANINE UNIT. COME OUT NOW OR I WILL RELEASE MY DOG, AND IT WILL FIND YOU AND BITE YOU." The handler must insure that the suspect has ample time to comply. *(Note: Where there is a reasonable belief that the suspects speaks a language other than English, an officer or other individual fluent in that language should be summoned to the scene if available and the exigency of the situation permits).* If no one emerges from the building within a reasonable time after the final warning, the canine may be released. This procedure may be waived if there is probable cause to believe that an armed and dangerous suspect is present and that an announcement would unreasonably jeopardize the safety of the canine.

4. Area Searches: A canine can assist in searching a limited outdoor area for the presence of a hidden criminal suspect. When the services of a canine unit are contemplated for an area search, every effort should be made to avoid contaminating the scene by the presence of unnecessary people, including police officers. Officers will only enter the area that is being searched by a canine team when either the handler has summoned assistance or it has become apparent that the handler needs assistance and is

incapable of summoning that assistance. Establishing and maintaining a secure perimeter around the area to be searched is the responsibility of the supervisor at the scene.

(a) The area should be secured and no one allowed entry.

(b) If practical, the property owner or tenant should be brought to the scene before an area search begins to advise officers about any security measures or hazards, and to verify if any authorized persons may be in the area.

(c) The search will be conducted on-lead unless there is probable cause to believe that the suspect has committed a felony offense. In cases where the handler is uncertain whether or not an innocent person may be in the search area, he will keep the dog on-lead.

(d) Off-lead area searches to locate felony suspects may be conducted ONLY if the area to be searched is fully enclosed by a continuous physical boundary such as a fence, walls, or other structures.

(e) Before a canine is released into an area off-lead, the following warning must be given three (3) times: "THIS IS THE HUNTERSVILLE POLICE DEPARTMENT CANINE UNIT. COME OUT NOW OR I WILL RELEASE MY DOG AND IT WILL FIND YOU AND BITE YOU. " The handler must insure that the suspect has ample time to comply. *(Note: Where there is a reasonable belief that the suspects speaks a language other than English, an officer or other individual fluent in that language should be summoned to the scene if available and the exigency of the situation permits).* If no one emerges from the area within a reasonable time after the final warning, the canine may be released. This procedure may be waived if there is probable cause to believe that an armed or dangerous suspect is present and that an announcement would unreasonably jeopardize the safety of the canine. When the handler releases the canine to search, he will notify all perimeter units that the canine is off-lead searching.

5. Controlled Substance Sniff: The use of a canine for the detection of controlled substances is an invaluable tool for drug enforcement as long as the activity is conducted within legal parameters. The dog's ability to detect controlled substances is directly related to the availability of the odor, and the time and environment of the odor.

(a) Prior to using the canine to sniff for drugs, the authorizing officer must make the determination that the reason for the sniff meets requirements for a constitutionally permissible sniff under current law.

(b) A canine can be used anytime for the detection of controlled substances upon any lawful detainment and/or arrest.

(c) If a person or vehicle to be searched for drugs is the subject of an investigative detention, a determination must be made that the detainment is legally proper and, if a search warrant is required, it must be constitutionally permissible. No action shall be taken which would exceed the authorized scope of the search. The canine handler will have the ultimate responsibility in deciding as to the propriety of a canine drug sniff and may decide at any point that such a sniff is no longer justified;

(d) Canine drug sniffs shall be conducted on-lead with all persons removed from the area the canine will be searching. A canine sniff of a vehicle shall be conducted on lead and only after all occupants of the vehicle have been removed to a safe location. A request for canine sniff for controlled substances should be made with as much advance notice as possible;

(e) Subject to the restrictions outlined in this policy, a canine drug sniff that does not intrude into an area, container, or vehicle where the suspect has a recognized right of privacy can be conducted at any time;

(f) A canine drug sniff in a public place, or in a vehicle or on premises with the consent of the occupant in charge, can be conducted at any time;

(g) A canine drug sniff can be conducted on the "open fields" portion of private premises, or halls, parking lots or common use areas of residential housing, if the reason for the search and the way it is conducted meets requirements for a constitutionally permissible search under current law.

(h) A canine drug sniff of a container or inside a vehicle may be conducted with consent of the possessor, or when the vehicle or container is in a public place or a place controlled by a consenting party. A trained canine alert on a vehicle or a container rises to the level of probable cause to believe that a controlled substance is contained therein. A further search of the vehicle and container may be conducted if requirements have been met for a constitutionally permissible search under current law. A container searched, separate of a vehicular search, may be detained for a reasonable time, consistent with law, for further investigative activities.

(i) A canine drug sniff of a vehicle stopped during issuance of a traffic citation or at an authorized roadblock shall not significantly extend the time normally needed to process a traffic violator or conduct the vehicle check at a roadblock;

(j) Canines trained to alert by biting or scratching shall not be used to search for controlled substances on the person of a suspect. A canine trained to alert by sitting or other method that does not involve touching a suspect may be used to search for controlled substances on a person ONLY if the search meets the requirements of a constitutional search under current law;

6. Canine Drug Sniffs and Inspections in Public Schools: The use of police canines trained in narcotics detection can be a very beneficial tool to deter the possession of illegal drugs on school grounds. For the purpose of conducting activities pursuant to this policy, procedures have been established that distinguish between canine searches and canine inspections or "sniffs." Federal case law has established that a canine "sniff" is not, in itself, a search within the meaning of the fourth amendment.

(a) Searches: A canine drug sniff on school premises may be conducted at any time if officers possess a valid search warrant or have probable cause to search based on a recognized exception to the search warrant requirement. All such searches must be conducted in accordance with prevailing law and departmental policy, and with due regard for the safety of students, faculty and other innocent persons. To the extent feasible, canine drug searches shall be coordinated in advance with the school principal or his/her designee, the Chief of Police and the assigned School Resource Officer.

(b) Inspections: A canine inspection (i.e., "sniff") may be conducted ONLY upon the specific request of the school principal or his/her designee. Canine inspections normally involve walking the canine around classrooms, hallways, locker rooms, parking lots, and similar areas. All requests for canine inspections will be routed to the Canine Coordinator, who will evaluate the specifics of the request to ensure compliance with the provisions of this Directive, and coordinate the scheduling and assignment of a canine handler based on prevailing workload and staffing demands, and receive the approval of the Chief of Police. The following special procedures will apply:

(1) All students will be removed from the area to be inspected. There shall be no interaction between students and the canine;

(2) The handler will not move, open or otherwise disturb any vehicles, lockers, book bags, desks, or other articles.

(3) If the canine alerts on an article, the principal or his/her designee will be advised by the canine handler or SRO accordingly. The decision to search an item will be up to school authorities. Neither the handler nor any other Huntersville Police Officer will participate in a search of the item. School officials have the statutory authority to search any person, item or vehicle on school property as long as the search meets the requirements of a constitutional search under current law.

(4) Any criminal charges arising from a canine inspection and subsequent search by school officials will be handled by the SRO or assigned officer, working in close coordination with school authorities.

(5) All canine inspections on school property and the results of such inspections will be fully documented by the canine handler and a written report forwarded via the chain of command to the Canine Coordinator and Chief of Police.

7. Crowd Control: Canines shall not be used or displayed in a manner that would frighten or intimidate persons who are demonstrating, picketing or congregating in a lawful and peaceful manner. A canine can be used for crowd control if criminal rioting is occurring or imminent, and canines may be deployed as a back-up unit for public disturbance calls to protect an officer whose safety is jeopardized. Canines used in crowd control must be short leashed at all times unless the canine is used as force to prevent an imminent threat of death or serious bodily injury.

   (a) No police canine will be deployed for crowd control without the prior knowledge and authorization of the ranking on-duty Watch Commander or higher authority;

   (b) The handler will ensure that the dog remains a reasonable distance from the nearest person in the crowd being dispersed;

   (c) The handler will not affect any arrest without the assistance of a back-up officer. Under no circumstances should the handler attempt to handle an arrestee and his dog simultaneously;

   (d) If possible, a police photographer or video operator will be present when police dogs are utilized in crowd control.

8. Seizing Fleeing Suspect & Preventing Escape: A canine shall not be used to seize or prevent the escape of a fleeing suspect unless probable cause exists to believe the suspect has committed a felony offense OR poses an imminent threat of death or serious injury to others unless apprehended without delay. The following specific regulations will apply:

   (a) If the crime was not committed in the handler's presence, the handler must ensure that probable cause exists that the suspect has committed a felony offense or poses an imminent threat of death or serious injury to others unless apprehended without delay.

   (b) Before the canine is released, every reasonable step will be taken to ensure that the person to be apprehended is actually the suspect.

   (c) When practical, and before releasing the canine, the handler will provide a warning in a loud clear voice that the police canine will be released to apprehend the suspect. The following warning is a suggested warning: "POLICE OFFICER, STOP OR I WILL RELEASE MY DOG!"

(d) A canine shall not be used to seize or prevent the escape of a person the officer knows or has strong reason to believe is under 16 years of age, or is feeble, mentally or physically incapacitated, or highly intoxicated unless the crime committed is a felony threatening or inflicting serious physical harm.

(e) A canine apprehending a suspect must be commanded to disengage as soon as the suspect indicates submission or is safely under control.

9. Officer Protection: A police canine may be used to assist another officer who needs help while being overpowered by an assailant. The handler will have the responsibility to keep the dog on-lead at all times to ensure that the dog remains at a reasonable distance from persons not directly involved. The handler will not induce a dog to bite unless it is necessary to protect the officer from imminent harm. If the handler's safety is in jeopardy, the dog may be used to protect the handler.

10. Warrant Service: Canine teams may be used to assist in serving warrants if the warrant is for a felony offense involving the use of force or violence, or the threatened use of force or violence, and it is believed that the suspect may flee to avoid arrest.

11. Tactical Operations: Canine teams may be used to assist the Special Weapons and Tactics Team in conducting tactical operations, with the authorization of the Patrol Operations Bureau Commander. No police canine will be used to perform any action for which the canine team, working in conjunction with SWAT, has not been properly trained and equipped to carry out.

J. USE OF CANINE FORCE

1. Although the use of a police canine is not regarded as deadly force, the utmost discretion must be used when releasing a canine to apprehend a fleeing suspect. Use of canine force is restricted to circumstances where substantial force is necessary and justified for public protection and officer safety.

2. In no case shall a police canine be used to forcibly seize or prevent the escape of a fleeing suspect wanted only for a misdemeanor offense or infraction, unless the person presents an imminent danger to others unless apprehended without delay.

3. The use of a police canine to physically seize and control a suspect constitutes a use of force and must be in reported in accordance with the applicable provisions of Directive 11.02 (Use of Force).

K. BITES AND INJURIES CAUSED BY POLICE CANINES

1. In all instances where a police canine bites or injures a person, or causes significant property damage, either on or off duty, the handler and ranking officer at the scene are jointly responsible for the following:

(a) Render first aid to the injured person, including transportation to a medical facility if needed;

(b) Immediately notify the ranking on-duty patrol supervisor of the incident;

(c) Arrange to have color photographs taken of the injury as soon as possible following medical treatment;

(d) Arrest the person bitten or injured if/when appropriate;

(e) Complete and submit all applicable written reports (e.g., incident report, use of force report, etc) to the on-duty patrol supervisor prior to the end of the shift on which the bite or injury occurred;

(f) Contact the departmental veterinarian within 24 hours (or the next regular business day) following the incident to obtain a review of the canine's vaccination record and evaluate the need for examination of the canine.

2. The ranking on-duty patrol supervisor shall conduct a full investigation of the circumstances and submit a written report of the findings via the chain of command to the Chief of Police and Canine Coordinator.

L. SPECIAL PROCEDURES – INCAPACITATION OF CANINE OR HANDLER

1. Incapacitation of the handler:

(a) Police canines are trained to protect their handler, even when the handler is incapacitated (injured or killed) and incapable of controlling the animal. In the event that the handler is incapacitated and it becomes necessary to remove the canine from the scene, the ranking on-duty patrol supervisor will evaluate the situation and determine the best method of restraining and removing the canine.

(b) Priority consideration will be given to requesting assistance from another canine handler and/or the departmental veterinarian in safely restraining the canine. Every possible effort to control and restrain the dog without injury will be made. However, the safety of the handler, other officers, and the public is the primary consideration in the method and timeliness of removing the canine.

(c) Any attempt to remove the canine that may result in the animal being seriously injured or destroyed will be considered only as a last resort.

2. Incapacitation of the canine:

(a) North Carolina law (GS 14-163.1) provides that it is a Class I felony to willfully cause the serious injury or death of a law enforcement animal (other than in lawful self defense). Appropriate criminal changes, based on probable cause, shall be filed against any person who commits an unlawful assault on an agency canine.

(b) The serious injury or death of a police canine will be investigated by the Department. The Criminal Investigation Division will conduct the investigation if there is any evidence or indication that the injury or death was the result of a criminal act. The Canine Coordinator will conduct an administrative investigation of any injury or death not resulting from a criminal act. A copy of the investigative report will be forwarded via the chain of command to the Chief of Police.

(c) When necessary, necropsy may be conducted by the departmental veterinarian to determine the cause of death. The postmortem report will be provided to the investigating officer for inclusion with the investigative report.

M. MUTUAL AID USE OF CANINE TEAMS

1. The use of departmental Canine teams to provide mutual aid assistance outside the Town of Huntersville will generally be limited to the following types of cases:

(a) Law enforcement officer killed, seriously injured, or feloniously assaulted in the performance of duty;

(b) Life or death situations requiring emergency assistance;

(c) The commission of a crime dangerous to life which requires the utilization of all available resources for immediate apprehension of the offender;

(d) Drug cases in which a drug detection canine can be used to locate illegal controlled substances;

(e) Any other serious incident that the ranking on-duty patrol supervisor feels would warrant the mutual aid use of a canine team.

2. The ranking on-duty patrol supervisor must approve all requests from outside agencies for mutual aid assistance that meet the above criteria.

3. All grants of assistance provided pursuant to a mutual aid request must conform to the legal and procedural requirements specified in Directive 9.02 (Mutual Aid and Agency Jurisdiction).

N. VETERINARY SERVICE AND BOARDING

1. Veterinary services for police canines are provided under agreement with a veterinary facility approved by the Department. All medical arrangements shall be made directly by the handler with the veterinarian in accordance with the terms of the agreement.

2. Handlers will be responsible for ensuring that the canine adheres to an approved diet and is provided with proper medical care, including vaccinations and periodic exams in accordance with the direction of the departmental veterinarian.

3. Canines shall be boarded, when necessary, only at department approved kennels or veterinary facilities. The handler shall submit all requests for boarding to the Canine Coordinator. The boarding agent shall be instructed not to release the canine to anyone except the handler without the written authorization of the Department.

4. If the canine is ill or injured, the departmental veterinarian shall determine if the canine should work. This determination should be made as soon as possible prior to the start of a regular scheduled workday. The handler will be responsible for notifying his/her supervisor when the canine cannot be used due to illness or injury.

O. CANINE DEMONSTRATIONS

1. Canine teams may be used for public demonstrations with the approval of the Patrol Operations Bureau Commander, and with the concurrence of the Canine Coordinator and handler(s) that the proposed demonstration does not pose an unreasonable risk to the public or the canine. Requests must be received in a reasonable amount of time prior to the scheduled demonstration date.

2. Each request for a public demonstration must be carefully evaluated to ensure that the proposed demonstration is appropriate for the facility to be used and the intended audience.

3. Canine demonstrations may not be conducted for the purpose of fund raising or selling admission to an event.

P. USE OF CONTROLLED SUBSTANCE TRAINING AIDS [CALEA 84.1.4]

1. Controlled substances that have been registered with the Drug Enforcement Administration may be used as training aides by the police canines. The Department is registered under DEA number RH0511483 for the following controlled substances to be used for training aides:

   (a) Schedule I

Heroin	(9200)	28 grams
Marijuana	(7360)	28 grams

   (b) Schedule II

Cocaine	(9041)	28 grams
Crack	(9041)	28 grams

   (c) Schedule III

Methamphetamine	(1105)	28 grams

2. The Department also has access to controlled substances that have been seized during criminal investigations that may be used as training aids by the police canines. The controlled substances must be from cases that have been adjudicated and are no longer required for court.

3. Canine narcotics training may be used outside of the Town limits.

4. All controlled substances that may be used for K9 training are secured in a steel safe located in the Property and Evidence room. The safe contains five (5) individual airtight, black, Pelican brand cases which separates the individual DEA registered controlled substances. The safe also contains one (1) green airtight, Pelican brand case for controlled substances seized by the Department. Only Police K-9 officers, K-9 Division Commander and Patrol Operations Bureau Commander will have access to the safe.

5. Individual logs will be maintained with the narcotic training aid safe for each DEA registered narcotic. (see Addendum A). A separate log will be maintained for seized controlled substances (see Addendum B). K9 officers must document the removal and return of all controlled substances used for training on the appropriate log, as well as how the registered narcotics of each substance have been packaged into various weights and containers for the training exercises.

6. Monthly verification inspections will be conducted by the K-9 Coordinator, K-9 Division Commander and the Patrol Operations Bureau Commander for all controlled substances used for K-9 training. The DEA requires a separate verification form for each type of narcotic. (see Addendum C). A separate monthly verification inspection form will be used for controlled substances seized by the Department. (see Addendum D).

7. Every two years, DEA registered controlled substances will be destroyed according to Department procedures. The Patrol Operations Bureau Commander, or designee, will report the narcotics destruction to the DEA on the appropriate form.

8. Every two years, seized controlled substances used for training aids will be returned to the Property Room for destruction. When controlled substances are returned, the Canine Coordinator and Property Custodian will weigh and document the quantity on the K-9 Unit Narcotic Training Aid Log.

9. Any accidental damage or destruction of training aids containing controlled substances will be documented on a miscellaneous incident report and submitted to police records. The Patrol Operations Bureau Commander, Investigations Bureau Commander and Police Major will be given copies of this report. The Police Major will review the facts and inform the Chief of Police of any unusual circumstances.

Q. CONDUCT IN THE PRESENCE OF POLICE CANINES

1. The following rules will apply to all personnel when in the presence of police canines:

   (a) Treat the dog as you would a dog owned by a friend. Be friendly, but not familiar.
   (b) Do not pet the dog without the permission and presence of the handler.
   (c) Respect the handler's wishes in regard to the dog.
   (d) Stay away from the dog during aggression training or bite work.
   (e) Stand still if you think you are about to be bitten.
   (f) Avoid aggressive or sudden movements in the presence of the dog.
   (g) Do not tease or try to agitate the dog.
   (h) Do not try to entice the dog to break away or disobey commands.
   (i) Do not use any command you have heard the handler use.
   (j) Do not feed the dog.
   (k) Do not engage in violent or simulated violent behavior toward the handler.
   (l) Do not point a weapon or weapon facsimile at the dog or the handler.
   (m) Do not stare intensely at the dog.
   (n) Do not hug the dog or lean down closely to the dog's head.
   (o) Do not get into a canine vehicle unless directed to do so by the handler.

R. RETIREMENT AND RELIEF OF POLICE CANINES

1. When a police canine can no longer be utilized for law enforcement purposes because of age, health, injury, or other reason, the canine will be retired or relieved from service. A canine may also be relieved if the handler is transferred, promoted or retires and a decision is made by the Department not to retrain the dog for another handler. The decision to retire or relieve a police canine will be made by the Chief of Police in consultation with appropriate agency personnel.

2. The final disposition of police canines will be at the discretion of the Town of Huntersville based on input received from the Chief of Police, Police Major, Canine Coordinator, assigned handler, department veterinarian, and other appropriate sources. When feasible and authorized by the Town, the retired canine will be declared surplus property and offered to the last handler or other competent person. Any person taking possession of a retired police canine must first execute a written waiver releasing the Town of Huntersville.

S. TIMEKEEPING AND COMPENSATION

1. Patrol supervisors may, when feasible, adjust the on-duty work hours canine handlers under their command for the purpose of required in-service training or daily exercise/grooming in order to reduce the accrual of overtime. Overtime pay, if any, due to the handler will be calculated at the end of each work period in accordance with prevailing Town payroll procedures.

2. Canine officers will be required to sign a statement of understanding of the Department's procedures for compensation for off-duty time spent caring for and training the Police Canine, which will set forth the amount of hours and rate of pay per week for the off-duty hours. (See Addendum E).

ADDENDUM E

HUNTERSVILLE POLICE DEPARTMENT
CANINE HANDLER COMPENSATION AGREEMENT

I, _____ , understand that I am being employed as a Canine Officer for the Town of Huntersville (the "Town"). I understand that my duties as a Canine Officer for the Town necessitate that I spend certain off-duty hours caring for and training my dog.

I understand that the Town agrees to compensate me for time spent caring for and training my dog during off-duty hours in addition to the regular rate of pay for my on-duty hours worked. I understand that this agreement specifies my rate of pay for such off-duty work at my current hourly rate of pay in effect at that time and where applicable the overtime hourly rate may apply dependent upon the total hours worked during that work period. I understand that I am authorized and will be compensated for seven (7) hours a week (one (1) hour per day) for time spent caring for and training my dog during off-duty hours.

I, _____ , acknowledge and agree that this is a reasonable amount of time to allot for caring for and training my dog during off-duty hours per week. I further understand that this is a reasonable rate of pay for caring for and training my dog during off-duty hours.

I further understand and agree that I am not to spend more off-duty time caring for my dog per week than I am being paid for (i.e. seven (7) hours per week) without seeking prior approval from the Town, specifically the Canine Coordinator. If there are extraordinary circumstances, such as mandatory veterinary appointments for my dog, I understand that I can seek approval from the Town for a reasonable amount of additional hour(s) for this extraordinary circumstance.

Patrol supervisors, when feasible, are authorized to adjust on-duty work hours of Canine Handlers under their command for the purpose of time spent caring for and training my dog during off-duty hours in order to reduce the accrual of overtime. Overtime pay, if any, due to a Canine Handler will be calculated at the end of each work period in accordance with prevailing Town of Huntersville payroll procedures.

I, _____ , do elect, agree, understand, and authorize the Town to compensate me as specified above during each payroll work period for off-duty time spent caring for and training my do.

	Effective Date: March 7, 2019	**Rescinds: August 28, 2017**
	Revision Date: March 2020	**Approved: Bence Hoyle Chief of Police**

CONTENTS

7.01 A Policy/Purpose **CALEA 46.1.2**
7.01 B Procedures **46.1.5**
7.01 Addendum A – Department Emergency Operations Schedule
7.01 Addendum B - Town Departments Asset Lists
7.01 Addendum C – Engineering and Public Works Department Emergency Response
7.01 Addendum D – Town Equipment for Emergencies

A. POLICY/PURPOSE

1. Emergency situations by nature tend to be dangerous, dynamic, complex, and confusing. Moreover, major incidents may require the response of many different public agencies and private organizations. Therefore, the Police Department will employ the Town of Huntersville All Hazards Plan for command, control, and coordination of the response to major incidents. This formal system of event organization and management will enable the agency to effectively and safely use all available resources to ensure the continuity of government during major incidents.

2. The purpose of this directive is to establish a written directive which describes guidelines for agency use of the Town of Huntersville All Hazards Plan.

3. The Town of Huntersville has developed the community emergency management plan as authorized under the NC Emergency Management Laws. The plan is consistent with the:

   - Mecklenburg County All Hazards Plan

Succession: During emergency situations the line of succession for the Town is:

- Town Manager or Mayor

If the Town Manager is not available, the line of succession is:

- Assistant Town Manager

_____

Town Mayor, Town of Huntersville

Charlotte-Mecklenburg Emergency Management has reviewed this plan for consistency.

**Copy on file is complete with Town Officials' signatures.*

B. PROCEDURES

This plan is the result of the recognition by the Town and community officials that local government has the primary responsibility for managing emergency and disaster situations. It was further recognized that a comprehensive plan was needed that was consistent with and closely linked to county and state plans. The plan was prepared by Town officials and has been approved by the governing body of the Town and the Mecklenburg County Office of Emergency Management. This plan is an integral part of the county and state emergency management program. Authority to undertake this effort is provided by North Carolina Emergency Management Laws.

The Town of Huntersville recognizes the need for a comprehensive emergency management system at the local level. The plan outlines actions and activities to facilitate such a management capability. The development of this plan is based on a realistic assessment of potential hazards that could affect the community, and an assessment of existing capabilities to respond to those situations.

This plan is patterned after the comprehensive plan adopted by Mecklenburg County, which, in an emergency or disaster, will be the first unit of government officially notified and to which requests for assistance are forwarded.

Comprehensive Approach (Help see www.fema.gov)
The concept of prevention, mitigation, planning, response and recovery is acknowledged as the appropriate way of managing emergencies and disasters. This comprehensive approach can save lives and minimize damage related to the occurrence of an unusual event. This plan consists of sections dealing with the aspects of a comprehensive approach.

Management Responsibilities
The plan assigns responsibilities for emergency management to existing Town departments and agencies. The assignments are made within the framework of the existing management organization of the various departments. Each department maintains standard operating procedures for special situations and they are considered part of this plan.

The Town of Huntersville is responsible for managing the initial phase of a disaster that occurs within the Town. Mecklenburg County is obligated to provide assistance to the Town after resources are exhausted and the Town is unable to cope with the disaster. The plan describes how centralized requests for assistance are to be handled and documented.

The following emergency response plans are included as part of this plan by reference. They include:

- School Emergency Response Plan
- Emergency Evacuation Routes and Traffic Control Points
- Mass Casualty Hospital Plan

The emergency manager will have access to these plans in the Emergency Operations Center (EOC).

Incident Classifications
Incidents are classified into four (4) levels. Authority is provided to a limited number of individuals to classify incidents. Certain automatic actions are initiated based on the incident classification. It is recognized that for an emergency plan to be successful, first responders must have authority to activate the response plan and initiate critical actions to manage the situation. The incident classifications are:

Level 0 Non-Emergency/Administrative
Level I Monitor/Standby
Level II Emergency
Level III Disaster

See section 2.1.1 for detailed description.

Incident Command System (ICS)
All incidents will be managed using the Incident Command System and the National Incident Management System (NIMS) as outlined by federal and state agencies [www.fema.gov and www.mspemd.org].

Conclusion
This plan is intended to provide general all-hazards management guidance, using existing organizations and lines of authority to allow the Town to meet its responsibilities before, during, and after an emergency occurs.

1. General Considerations and Planning Guidelines [Help see www.mspemd.org]

1.1 Policy Regarding Comprehensive Emergency Management

1.1.1 A wide variety of emergencies caused by acts of nature or mankind result in loss of life, property, and income; disrupt the normal functions of government, communities, and families; and cause human suffering.

1.1.2 Under the authority of North Carolina Emergency Management Laws, the Town of Huntersville may develop a comprehensive emergency management program to prevent, mitigate, plan, respond to, and recover from emergencies and disasters.

1.1.3 The Town of Huntersville is responsible for providing the leadership and direction to prevent, mitigate, plan for, respond to, and recover from the dangers and problems arising from such emergencies in the Town.

1.1.4 To meet this responsibility, the Town has developed this comprehensive emergency management plan (comprehensive meaning all aspects of a situation; emergency meaning an extraordinary happening; and management meaning overall coordination, direction, and control).

1.1.5 The plan considers each management function from an all-hazards perspective.

1.1.6 Attachments that may be part of this plan will be hazard-specific.

1.1.7 This concept of comprehensive emergency management includes four interrelated phases, which interact in an ongoing cycle: prevention and mitigation, planning, response, and recovery.

1.1.8 Prevention and mitigation

Prevention refers to those short or long-term activities that eliminate or reduce the number of occurrences of emergencies and disasters.

Mitigation refers to all activities that reduce the effects of emergencies and disasters when they do occur. See section 4 for additional information on prevention and mitigation.

1.1.9 Planning

Planning refers to the periodic risk assessment of potential hazards in the community, plus a historical review of emergency situations in the area, leading to the development of an all-encompassing strategic community response plan and an assessment of municipal department capabilities to meet the needs of the plan. The plan should also include contingency planning for

critical services and incident recovery, including cleanup. In preparing the plan, cooperation, advice, and assistance should be sought from the jurisdiction(s) that would be called upon for support.

1.1.10 Response

Response operations may start before the emergency or disaster takes place, such as upon receipt of advisories that flood, blizzards, or ice storms could impact the jurisdiction. This increased readiness response phase may include such pre-impact operations and activities as:

- Assessing and monitoring the hazard
- Alerting and warning endangered populations
- Alerting response forced to stand by
- Evacuating for special sheltering of threatened populations
- Distribution and/or relocating critical equipment and resources

Most response activities follow the immediate impact of an emergency or disaster. Generally, they are designed to minimize casualties and protect property to the extent possible through emergency assistance. They also seek to reduce the probability of secondary damage and to speed recovery operations.

Assumptions of the response situation include:

- The community is damaged or exposed in some way
- Evacuation of all or part of the community may be required because immediate and ensuing threats are uncontrollable
- Response operations in the affected area are controlled by the Town and supported by the Mecklenburg County Emergency Operations Plan

1.1.11 Recovery

Recovery activities are those following an emergency or disaster to correct adverse conditions, and to protect and return the quality of life to the community.

Recovery activities will include measures to:

- Prevent or mitigate reoccurrence of the emergency responsible for the suffering of the community
- Implement contingency plans
- Provide psychological support
- Address public health needs
- Activate support services such as the American Red Cross (ARC)
- Reinstate public services
- Permanently restore private and public property
- Repopulate evacuated areas

1.2 Purpose and Objectives of the Plan

1.2.1 This comprehensive emergency management plan is intended to set forth the basic information required because of the occurrence of a natural or man-made emergency or disaster in the Town of Huntersville.

The plan is not intended to replace an existing plan, but rather provide an overall plan for managing and coordinating efforts to resolve the incident. Existing plans may be referenced as part of this plan.

1.2.2 The information in the plan includes:

- Authority
- Alerting
- Monitoring
- Communication and warning
- Organizational structure for management
- Planning for identified hazards
- Response operating procedures
- Availability of human resources and material
- Remedial actions required for recovery
- Actions required for prevention and mitigation

1.2.3 The objectives of the plan are to:

- Identify, assess, and prioritize local vulnerabilities to emergencies or disasters and the resources available to prevent or mitigate, plan for, respond to, and recover from them.

- Indicate that the Town will take necessary actions to prevent or mitigate the effects of emergencies or disasters and be prepared to respond to and recover from them when an emergency or disaster occurs.

- Provide for the utilization of all available public and private emergency resources to protect against and address an emergency or threatening situation.

- Provide for temporary essential services until the return of normal services.

- Request access to state and federal programs, through Mecklenburg County, to assist victims of disasters and prioritize responding to the needs of the elderly, disabled, low income and other groups which may be especially affected.

- Provide for recovery from an emergency or disaster by contacting the emergency manager to request access to state and federal programs.

1.2.4 Legal Authority

Legal authority to undertake the development of the emergency plan and subsequent actions in an emergency derives from the following:

- North Carolina Emergency Management Laws

1.3 Concept of Operations

1.3.1 The primary responsibility for responding to emergencies in the Town of Huntersville rests with emergency management, the Town government, Town Mayor, and Town Manager.

1.3.2 The local government and the emergency service organizations play an essential role as the first line of defense.

1.3.3 In responding to an emergency or disaster, the Town of Huntersville is required to make full use of the facilities, equipment, supplies, personnel, and resources of private agencies.

1.3.4 When an emergency or disaster is beyond the local management capability of the Town, and local resources are inadequate, the Town Mayor may obtain assistance from other political subdivisions and a superior government agency.

1.3.5 The Town Mayor, as chief executive, has the authority to direct and coordinate disaster mitigations and may delegate this authority to the Town Manager or an appointed emergency manager. Baring specific direction to the contrary, this authority is assumed to have already been delegated to the Town Manager.

1.3.6 A request to Mecklenburg County for assistance will be submitted through the Mecklenburg County Office of Emergency Management. The county will request subsequent access to state and federal resources.

1.3.7 Incident command is established when an authorized individual (usually a fire chief, police officer, or Department of Public Works (DPW) superintendent) is on site and communicates his/her authority with all personnel involved. See section 2.1.2 for further details.

There is one Incident Commander (IC) for an incident. When more than one jurisdiction or one agency is involved, a Unified Command structure will be established. Command will function from an Incident Command Post (ICP). When an EOC is established, it will usually house civic government officials and assumes a policy, direction, coordination, and control role in the incident. The EOC will act as an umbrella organization that brings together all of the elements necessary to support the incident. Command will remain with the IC or Unified Command group.

The following represents typical incident types and the designated lead agency.

Incident Type	**Lead Agency**
Fire	Fire
Hazardous materials	Fire
Aircraft (off-site – not at an airport)	Federal Authorities (FBI, FEMA, ATF, FAA)
Railroad	Law Enforcement
Criminal	Law Enforcement
Mass Casualty Incident (MCI)	Fire
Weather/Nature	Shared
Public utility failure	Utility Company
Health emergency	Health Department
Weapons of Mass Destruction (WMD)	Federal Authorities (FBI, FEMA, ATF, FAA)

Utilizing the ICS as the principle means of organizing and directing the effort to resolve the incident, trained individuals will work as a team to manage assets during the incident. The basic incident command structure includes the following:

- **Command Post (CP)** where overall direction and coordination of an incident is accomplished
- A **planning sector** where intelligence about the incident is gathered and analyzed and a progressive action plan is developed
- An **operations sector** where incident tasks are implemented and overseen

- A **logistics sector** where incident related staff support, material supplies, and support services are managed

- A **finance/administration sector** where incident costs, employee time records, and procurement costs are managed

1.3.8 The Town emergency management structure will assume similar functions in a coordinating capacity and operate from the EOC. The EOC structure includes the following:

- **Executive Command Center (ECC)** where overall policy and coordination of the community response is accomplished

- A **community planning and analysis** section where community-wide intelligence, analysis, and planning actions occur and long-term recovery plans are prepared

- An **operations supervisor** who is responsible for accomplishing tasks in support of field operations

- A **resource coordinator** who is responsible for providing support to field logistical personnel

- An **administrative support** group responsible for all clerical, log keeping, fiscal, and records keeping functions

1.3.9 The IC or other designated individuals are tasked with activating the emergency plan by classifying the incident into one of four categories. See incident classifications in 2.1.8.

1.3.10 The classification levels are structured to trigger events and actions that initiate the activation and implementation of the emergency plan.

1.3.11 Operational guides and task assignment sheets assist key personnel in activating the emergency system, notifying proper personnel, and facilitating proper response to the incident.

1.3.12 During most Mass Casualty Indents (MCI), the fire chief will function as Incident Command. The primary Emergency Medical Services (EMS) provider for the area will function as the Medical Operations Officer. If the primary EMS provider is unavailable, the IC will designate a Medical Operations Officer.

1.3.13 In most incidents where the community emergency management plan is activated, the CP and the EOC will co-exist. Depending on the situation, there may be justification to separate the ICP and the community EOC. An example would be during a major flood when the CP is located near the incident and the EOC is located in a public building that contains resources such as numerous phone lines, utility plans and multiple meeting sites. This decision is based on incident/event circumstances, not necessarily a change in level (although this could also be a reason). When the community plan is activated, the IC and the emergency manager must assess the circumstances and decide the appropriate organizational structure.

2. Response

2.1 Emergency Response Organization, Assignment of Responsibilities and Concept of Operations

2.1.1 The nationally recognized ICS and the NIMS will be utilized to manage emergency response in the community. Incidents will be classified into one of the following categories:

[Help see **www.fema.gov** and **www.mspemd.org**]

Level 0 Non-Emergency/Administrative

Conditions
- No outside resources needed
- Very specific area involved
- No injuries or threat of injuries
- No impact on the community
- Incident of very short duration

Level I Monitoring/Standby

Conditions
- Very few outside resources needed
- Limited area involved
- Limited (few) injuries
- Limited or little impact on community or surrounding area
- Incident will last no longer than two hours and there is no significant disruption of normal community operations

Level II Emergency

Conditions
- Outside resources are needed and required
- Incident is broader in scope and is likely to, or will, disrupt normal community services
- Resolution time is 2-24 hours
- More than one agency or jurisdiction is involved
- There are multiple casualties
- A wider area is involved
- Civil disorder is possible or already occurring

Level III Disaster

Conditions
- Extensive outside resources are needed and required
- Incident is large in scope (wide area covered)
- Normal community operations and services are suspended
- Resolution time is unpredictable
- Numerous agencies or jurisdictions are involved
- There is a large impact on the community or surrounding area

2.1.2 The initial IC in most situations will be a command officer from either law enforcement (the police department) or the fire department. As the incident expands or affects the entire Town or is of such severity that there is a separation of CP and EOC, a coordination level will be added and the coordination role of the overall incident will shift to the Town Mayor or their designee.

Note: The IC for unique situations (major water leak, utility problem, or snow storm) may be the DPW superintendent.

2.1.3 The Town Mayor or their designee:

- Will organize the community emergency response when the situation report indicates the need for personal management and direction of the response and recovery mitigation efforts

- Will direct the use of Town owned resources and facilities for disaster response

- May declare a local state of emergency in consultation with the Town attorney. May promulgate local emergency orders and may waive local laws, ordinances, and regulations

- May request Mecklenburg County to declare a state of emergency in anticipation of the need for consideration in recovering expenditures for mitigating and recovering from an emergency situation

- May request assistance from Mecklenburg County and neighboring jurisdictions when the situation escalates beyond the capability of the Town of Huntersville

- May provide assistance at the request of other local governments

- Will make arrangements with support from Town agencies for safeguarding essential Town records for continuing government function.

2.1.4 If the Town Manager is not available, the following line of succession is established to ensure continuity of local government:

- The Assistant Town Manager will be responsible for municipal operations until the manager is available

- If the Town Manager and Assistant Town Manager are unavailable, then the chain of command and succession will be: Chief of Police

2.1.5 The Emergency Manager as designated by the Town Mayor:

- Serves as the chief of staff to the chief executive (or designee) to coordinate emergency response and recovery operations

- Establishes an EOC

- Recommends to the Mayor and/or Town Manager to declare a local state of emergency based on the severity of the situation and the necessity to use additional resources

- Recommends de-escalation and de-mobilization based on reliable intelligence and information from the community planning and analysis section and/or the operations supervisor

- Establishes a policy group consisting of, at least, the Town Mayor, the police chief, and the fire chief. The policy group is located at the EOC and functions in an oversight or advisory capacity to the emergency manager. The policy group also resolves any policy issues or questions and inter-jurisdictional issues.

2.1.6 Primary Participants in the Town of Huntersville Emergency Management Organization are:

- Town of Huntersville
- Huntersville Volunteer Fire Department
- Mecklenburg County Fire Marshal

- Medic
- Cornelius Police Department
- Davidson Police Department
- Charlotte-Mecklenburg Police Department
- Mecklenburg County Sheriff's Office
- North Carolina State Highway Patrol
- Huntersville Public Works and Engineering
- North Carolina Department of Transportation
- Charlotte Fire Department
- Duke Power
- Electricities
- Energy United
- Charlotte-Mecklenburg Emergency Management
- Novant Hospital Huntersville
- Carolina's Medical Center - Huntersville

Private, Semi-Private, and Volunteer Agencies

- American Red Cross
- I77 Mobility Partners

2.1.7 The Town Emergency Management Team may consist of the following:

- Town Manager
- Assistant Town Manager
- Police Chief
- Public Works Director
- ElectriCities Director
- Mayor
- Planning Director
- Chief Huntersville Fire Department

2.1.8 Emergency response is organized around the ICS. In addition to establishing command and building a command organization, the IC is responsible for classifying the incident and initiating the proper notifications.

The following occurs automatically when one of the incident classifications is declared:

Level 0 Non-Emergency/Administrative

- Activate appropriate notifications list for the situation
- Notify the Town Manager
- Notify the Assistant Town Manager

Level I Monitoring/Standby

- Activate the Incident Command System if not in place
- Establish an Incident Command Post and Emergency Operations Center
- Notify the Town Manager
- Notify the Assistant Town Manager

Level II Emergency

- Activate the Incident Command System if not in place
- Establish an Incident Command Post and Emergency Operations Center
- Make Notifications
  - Notify the Town Manager
  - Notify the Assistant Town Manager
- Incident management team to report to the EOC and accept assignments upon arrival

Level III Disaster

- Activate the Incident Command System if not in place
- Establish an Incident Command Post and Emergency Operations Center
- Make Notifications
  - Notify the Town Manager
  - Notify the Assistant Town Manager
- Incident management team to report to the EOC and accept assignments upon arrival
- Emergency Manager to implement emergency declaration, if appropriate

2.1.9 Command decisions for each organization's field units participating in the response remain with the organization's chief officer on the scene.

2.1.10 The IC is in overall command of the incident field operations.

2.2 Direction, Control, and the EOC

2.2.1 Town emergency management response will be directed and controlled from the EOC located at the Huntersville Police Department 9630 Julian Clark Avenue, Huntersville, NC.

2.2.2 If the Town EOC is rendered inoperable, an alternate EOC will be established at the Mecklenburg County EOC 1770 Shopton Road Charlotte, NC.

2.2.3 EOC operations provide for centralized direction and control of the emergency response and centralized coordination of community and private agency activities.

2.2.4 The emergency manager is responsible for managing the EOC operations during extended emergencies. For continuity of operations at the EOC, a line of command and succession will be established.

2.2.5 In the event of a Level III disaster situation, the EOC command structure will be organized into two teams to operate continuously on a 24-hour basis. Each team will be assigned to twelve-hour shifts to be designated by the emergency manager based on the conditions of the incident.

2.2.6 After consultation with the ECC, the EM will immediately appoint a Public Information Officer who will be responsible for gathering and disseminating all information to the media. No one else should speak with the media.

2.2.7 The emergency manager will implement/order a staff tracking system for all assignments to maintain control of all personnel involved in emergency operations. Such a system will create a staff-to-supervisor ratio of no more than 5:1. Upon completion of an assigned task or periodically as directed by the sector chief, the group supervisor will report to the management position of greater authority within the group's assigned sector. (Refer to section 5.10 for forms)

2.2.8 The ICS Logistics Sector Chief and EOC Resource Coordinator will implement/order an assets control system to follow the distribution of materials used during the emergency. Such a system

can be as simple as affixing a stick-on label or a color-coded label to identify the owner of materials. This system will assist in recovering materials upon termination of the event or upon deactivation or demobilization. (Refer to section 5.10 for forms)

2.2.9 The Huntersville Police Department is responsible for providing security at the EOC. The coordinator will adopt a system of documenting those people in the center and issuing passes.(Refer to section 5.10 for forms)

2.3 Declaration of a State of Emergency

2.3.1 The Town Mayor may issue a declaration of a local State of Emergency.

2.3.2 Should the emergency escalate beyond the capability of the Town, authority exists under North Carolina Emergency Management Laws for local jurisdictions to obtain aid from other political subdivisions.

2.3.3 The county emergency manager will be notified if assistance is required from outside the Town. The Town of Huntersville will make requests through the chief executives of the Towns of Cornelius and Davidson, when appropriate, prior to requesting assistance through the county emergency manager.

2.3.4 When seeking and accepting assistance from another subdivision, the chief executives of the requesting and assisting jurisdictions mutually agree to the terms and conditions of such assistance.

2.3.5 A subdivision offering assistance may provide any services, equipment, facilities, supplies, personnel, or other resources of the subdivision on terms and conditions mutually agreed to by the chief executives of the participating jurisdictions.

2.4 Evacuation as a Protective Action Response

2.4.1 The ICS Planning and Intelligence sector, along with the EOC Community Planning and Analysis officer, will assess the need, then recommend and plan for protective action options. The planning and intelligence sector, along with the community planning and analysis officer, will prepare plans for the decided options.

2.4.2 Based on the on-scene assessment of the emergency characteristics (magnitude, intensity, time until onset and duration, recommendation of the emergency manager), the Town Mayor, using a universally accepted and recognized decision tree, may:

- Determine if shelter-in-place is appropriate and issue an activation order
- Designate specific zones where the occupancy and use of buildings and the entry and exit of vehicles and persons may be prohibited or regulated
- Issue a planned evacuation order; the planning and intelligence sector will be tasked with determining the need and then developing and issuing a plan for evacuation

2.4.3 The decision to evacuate or shelter-in-place is a difficult one. A checklist and form are provided in section 5.6 Guides - G-605 and section 5.10 Forms F-480. (Reference is the National Institute for Chemical Studies and appears in the document "Blueprint for Community Emergency Management, A Text for Managing Emergency Operations," produced and published by The Emergency Response Institute, pages 314-315).

2.4.4 The Emergency Manager will:

- Notify Mecklenburg County of the evacuation order.
- Direct the coordination of the evacuation procedures for:
  - Warning and notifying the public within the disaster area
  - Defining evacuation routes with the planning/intelligence and operations sectors
  - Informing the public about emergency conditions, evacuation routes, destination and other vital information
  - Closing of schools and other public and private facilities
  - Coordinating the means of transportation
  - Notifying disaster management agencies of the need for food supplies
  - Providing security, law enforcement, and fire protection for the shelter areas
  - Providing operational support to the on-scene commander
  - Arranging support from surrounding jurisdictions and the county
  - Initiating an unrestricted return to evacuated areas
  - Initiating recovery

- In coordination with the IC:
  - Estimate the total number of persons to be evacuated; and the number of evacuees that need public transportation and shelter
  - Identify the number and type of vehicles required for the evacuation of persons without transportation
  - Notify the transportation coordinator of the transportation support requirements

2.4.5 The Emergency Manager will:

- Direct/order the immediate evacuation operations within the affected area depending on the scale of the emergency. The emergency manager may be assisted by the ICS operations sector where an evacuation coordinator will be assigned to carry out the many varied responsibilities involved in the operation, using a limited evacuation plan.

- Coordinate, through the EOC, public notification and warning of evacuation and public information

- If appropriate, stage the evacuation movement based on those in greatest danger along with logistical and transportation considerations

- Coordinate with appropriate officials, through the EOC, the evacuation movement to pre-determined shelters

- Coordinate with appropriate officials, for the provision of security, law enforcement, and fire protection for the evacuated areas

2.4.6 The Resource Coordinator will:

- Marshall and stage the required number and types of vehicles to evacuate the elderly, disabled, and persons without transportation

- Coordinate with the ICS operations sector, through the EOC, to provide buses and designate bus pickup points

- Establish a dispatching system to control the movement of buses from the emergency zones to the shelters

2.4.7 Law enforcement will:

- Provide input for the planning of evacuation routes from the evacuation zones to the shelters
- Control the movement of all traffic on these routes by establishing traffic control points
- Coordinate road service support through the EOC with the public works department and contract towing services
- Provide security and law enforcement for the evacuated area and at shelters
- Provide emergency zone perimeter control and coordinate, through the EOC, with the IC
- Provide traffic control for return movement

2.5 In-Place Sheltering and Reception as a Protective Action Response

2.5.1 When the emergency situation does not require evacuation, or if time and circumstance render evacuation impractical, the citizens residing in or near a hazard area of the community may be directed to take protective action. This action may include taking shelter in their homes or other designated buildings, located within the hazard area.

2.5.2 The information will be communicated to the public using the most appropriate and expeditious means available.

2.5.3 The American Red Cross (ARC) chapter serving Mecklenburg County has a primary legal responsibility to provide emergency reception and care services for individuals and families taking shelter in their designated facilities.

2.5.4 The Town will coordinate with the ARC and Mecklenburg County. Services and support operations are outlined in the Mecklenburg County emergency plan.

3. Recovery

3.1 Damage Assessment

3.1.1 Responsibility for damage assessment lies with the Town. The ARC also is tasked with this responsibility and can provide assistance in this area. The construction code enforcement officials, along with other individuals identified by the Town, will team with the ARC to perform the initial damage assessment.

3.1.2 Persons tasked with conducting the damage assessment will utilize a standardized method of documenting, describing, and communicating damage observed. A systematic geographical system will be utilized to gather and disseminate the information to appropriate groups and agencies.

3.1.3 The damage assessment process will be managed and directed from the EOC. A damage assessment officer may be appointed to direct and control the effort. Duties of the damage assessment officer include:

- Direct all damage assessment activities and compile consolidated information

- Coordinate all damage assessment information with the Administrative Support sector

- Utilize and request resources sufficient to conduct an assessment within the time parameters established
- Work closely with the ARC to coordinate assessment activities
- Maintain a close liaison with Mecklenburg County Emergency Management
- Insure a standard reporting format is used when communicating information
- Coordinate all damage assessment activities with the IC and on-scene command personnel
- Establish a location for residents to obtain information and forms for recovery and assistance.

3.1.4 The data will be gathered and reported on a standardized form.

3.1.5 Community Continuity Plans

- Determine the existing state of community service departments, the capability for the restoration of such services, and the time line for a return to normal operations
- Determine the state of critical private sector services such as grocery stores and pharmacies, the capability for the restoration of such services, and the time line for a return to normal operations
- Determine the current state of records, equipment, and supplies, the possibility of salvage, and the time line for completing salvage
- Based on the above information, decide if the implementation of continuity plans is necessary
- If implementation is necessary, appoint a "continuity plan implementation officer" to order and coordinate implementation of the plans
- All of the above determinations and coordination should be done at the EOC where intelligence, resources, and communications are available

3.2 Planning for Recovery and Re-population

3.2.1 Recovery is defined as community development and redevelopment.

3.2.2 Community development is based on a comprehensive community development plan prepared under the direction of the planning board with technical assistance provided by Mecklenburg County department of planning.

3.2.3 Comprehensive community development plans are officially adopted by the Town as the official policy.

3.2.4 The Town will decide whether the recovery will be managed through existing organizations with planning and coordination skills or by a recovery task force.

3.2.5 The recovery and redevelopment plan will include, but not be limited to proposals for:

- Replacement, reconstruction, removal, or relocation of damaged or destroyed public facilities and infrastructures
- Establishment of priorities for emergency repairs to community facilities, buildings, and infrastructures

- Economic recovery and community development

- New or amended zoning ordinances, subdivision regulations, building and sanitary codes, and other land use management regulations as appropriate

3.2.6 The recovery and redevelopment plan will take into account and incorporate to the extent practical, relevant existing plans and policies.

3.2.7 Prevention and mitigation measures, such as those listed below, should be incorporated into all recovery planning whenever possible.

- Engineering solutions to reduce vulnerability to certain disaster types

- Land use management regulations

- Local ordinances that mitigate against disasters from natural and man-made hazards

3.2.8 Responsibilities for recovery are assigned to the Town under NC Emergency Management Laws, and depend on whether or not a gubernatorial disaster declaration was issued for a specific disaster.

3.2.9 If the governor declares a state disaster, then the Town has the following responsibilities:

- Prepare damage assessments
- Review sections of the NC Emergency Management Laws for options
- Coordinate and file appropriate documentation as prescribed through, and by, the Mecklenburg County Office of Emergency Management

3.3 Reconstruction

3.3.1 Reconstruction consists of two phases.

Phase 1 - Short term reconstruction to return vital community life support systems to at least minimum operating levels.

Short-term reconstruction includes activities such as:

- Control contractors and insurance adjusters through registration and monitoring procedures. Also, establish procedures for verifying proper credentials (electrical, plumbing, etc.)
- Review and monitor building materials for code compliance
- Expedite the building permit process (consider on-site permitting to insure adequate building materials and an on-site liaison with insurance company adjusters)
- Prepare copies of local building codes for insurance adjusters, contractors and homeowners

Phase 2 - Long-term reconstruction and redevelopment, which may continue for years after a disaster, will implement the officially adopted plans, policies, and program for redevelopment.

Long-term reconstruction and recovery includes activities such as:

- Scheduling the planning for redevelopment
- Analyzing existing state and federal programs to determine how they may be modified or applied to reconstruction
- Conducting public meetings and hearings
- Providing temporary housing and public facilities
- Providing public assistance
- Coordinating state and federal recovery assistance
- Monitoring reconstruction progress
- Preparing periodic program reports to be submitted to the state

3.3.3 Reconstruction operations must conform to all existing state and federal laws and regulations concerning environmental impact.

3.3.4 Reconstruction operations in and around designated historical sites must conform to existing local, state, and FEMA guidelines.

3.4 Public Information on Recovery Assistance

The Town will work closely with the county to disseminate information to the public on the availability of emergency public assistance, who will provide the assistance, who is eligible, etc.

4. Prevention and Mitigation

Municipal officials have the responsibility to prevent and mitigate situations, if possible, through careful review of past incidents, making a realistic assessment of the municipalities capabilities, and planning and acting strategically. The municipality should utilize resources based on the strategic plan to prevent or mitigate the potential impact of emergencies.

4.1 Potential Hazards

The Town recognizes the extensive work completed by Mecklenburg County in the area of hazard identification. Building on this work, based on the history of emergency situations in the area, and assessing the changes to the area over the past several years, the following specific situations have been identified as examples. [Help see www.disasters.org/emgold/]

4.1.1 Nature/weather related

Ice Storm	Snow Storm	Fire
Hot Spells	Wind Storm	Flooding

4.1.2 Industrial related (including fixed site hazardous materials)

Nuclear	Spills	Water supply failure
Explosions		

4.1.3 Transportation related (including in-transit hazardous materials)

Highway	Rail	Underground Gas Lines
Chemical Incident	Chemical Incident	

4.1.4 General Community Facilities

Colleges/Universities	Day Care Centers	Hospitals
Nursing Homes	Same Day Surgery Centers	Schools/Private/Parochial

4.1.5 Regional Impact

Vulnerability to hazards in neighboring jurisdictions

4.1.6 War and/or WMD/terrorist incident

4.1.7 Public health related problems

4.2 Hazard Analysis and Establishment of Priorities for Planning [Help see www.fema.gov and www.mspemd.org]

4.2.1 All significant hazards that pose a potential threat to the area are considered in the emergency plan.

4.2.2 Maps identifying the location of potential hazards are located in the Towns' EOC (Huntersville Police Department 9630 Julian Clark Ave.).

4.3 Emergency Management Capability Assessment

4.3.1 Periodic assessment of the Town's capability to manage the emergencies caused by the hazards identified and analyzed is a critical part of the prevention and mitigation phase.

4.3.2 A capability assessment may be conducted with the assistance of the county emergency manager and used in the review of the emergency plan.

4.4 Identification, Location, and Management of Critical Resources

4.4.1 The Town Manager is responsible for mobilization and management of Town resources.

4.4.2 The emergency manager will assist the Town Manager in the management of the resources.

4.4.3 Additional public safety and government resources can be accessed by the emergency manager through the normal emergency communications channels.

4.4.4 The Town Manger is responsible for:

- Developing mechanisms to coordinate the use of local resources and manpower for service during and after disasters and to establish control and delivery procedures for providing requested assistance

- Drafting letters of understanding with private sector organizations and mutual aid agreements with neighboring jurisdictions for resource support

4.4.5 The emergency manager is responsible for:

- Identifying all available Town resources including personnel, equipment, and supplies that are under the control of, or available to, the Town to be marshaled when disaster threatens or strikes

- Referring to the resources made available through the Mecklenburg County All Hazard Plan in event that adequate resources cannot be located in the town's inventory or from adjoining jurisdictions with which mutual assistance agreements are maintained. (Refer to resource section included in the plan)

- Developing a list of government agencies that can provide unique resources, including web sites and forms

- Assisting in the identification of resource requirements for personnel, equipment, and supplies during a disaster

- Coordinating resource identification with private sector organizations and volunteers to supplement public resources in order to maintain adequate reserves in the following categories:

  - Supplementary shelter facilities such as churches, schools, etc.
  - Special and heavy equipment
  - Emergency medical services and supplies
  - Food, fuel, building supplies
  - Transportation (buses and trucks)
  - Special engineering services
  - Utilities

4.5 Comprehensive Emergency Management Planning

Based upon hazard assessment and discovery that prevention or mitigation cannot be carried out in a realistic manner, specific plans must be established to meet any emergency associated with the assessed hazard. This may occur when the community has a business that handles large quantities of hazardous chemicals or there is a major highway within the jurisdiction that provides a means for vehicles to transport chemicals through the area.

Contingency Planning — Whenever a community suffers a significant emergency, essential community services and businesses are disrupted. When this occurs, contingency plans for both must be in place until recovery efforts have been completed. Critical community services such as social services must be

continued and businesses, particularly those that provide basic community needs such as pharmacies and food stores, must have a plan to continue at least basic operations.

4.5.1 The preparation of comprehensive plans to deal with emergencies, caused by potential hazards, is a preventive and mitigation activity.

4.5.2 North Carolina Emergency Management Laws authorizes communities to prepare emergency management plans.

4.5.3 This plan, therefore, has been prepared to assist the Town in preparing for, responding to, and recovering from disasters.

4.5.4 Town departments and agencies are responsible for:

- Preparing plans and recommendations for improving prevention and mitigation capability
- Submitting the plans to the emergency manager for the review and coordination with other departments and Mecklenburg County

4.5.5 The emergency manager will:

- Be responsible for the development and maintenance of the comprehensive emergency management plan
- In preparing the plan, when applicable seek cooperation, advice, and assistance from:

  - Mecklenburg County
  - Department of Crime Control and Public Safety
  - Local government officials and community services and agencies
  - The fire department, ambulance service and other medical providers
  - The police department
  - Health Department
  - Regional and local planning agencies
  - Management of major private commercial and industrial enterprises
  - The general public

- Upon completion or revision of the comprehensive emergency plan, submit the plan to:

  -Selected Town departments, agencies, and private sector organizations assigned emergency responsibilities for their review and concurrence.
  - The Town Mayor for Town government approval

- Upon approval of the plan, distribute copies of the plan to all participating government and private sector organizations
- Maintain the plan by reviewing and updating it annually to reflect changes in government structure and technological changes, and by eliminating plan deficiencies identified by drills, exercises, and plan implementation
- Establish and maintain records on all supplemental emergency plans prepared and used by the Town

- Keep a current inventory of programs relevant to the prevention and mitigation of, response to, and recovery from disasters

4.6 Policies and Programs to Prevent and/or Mitigate Disasters

4.6.1 Town agencies will:

- Prepare policies, programs, and regulations to prevent and/or mitigate disasters
- Develop compliance and enforcement programs to implement the policies

4.7 Land Use Management

4.7.1 The planning and zoning boards are responsible for land use management in the Town, and can take subsequent preventive and mitigation action.

4.7.2 North Carolina Laws enable local jurisdictions to manage and control land use in the community.

4.7.3 Land use management, among other things, may prevent loss and endangerment of human lives and private and public property because of disasters caused by flooding or erosion.

4.7.4 Through control of development and building in risk areas, disasters may be prevented or mitigated.

4.7.5 Town zoning ordinances, building permits, building codes, subdivision regulations, and flood plain regulations are effective land use management tools to implement control of development in hazardous areas.

4.7.6 The National Flood Insurance Program (NFIP) is available to local communities with effective land use management programs, for mitigating the loss of or damage to private and public property through floods.

4.7.6 In order to participate in the NFIP, local flood plain management regulations should be consistent with section 60-3 (B) of the NFIP regulations.

4.8 Monitoring of Identified Risk Areas

4.8.1 The emergency manager will develop, with the assistance of Town departments, the capability to monitor identified risk areas to detect a hazardous situation and protect the population.

4.8.2 To assist with monitoring functions, resources from Mecklenburg County, along with other public agencies and the private sector, will be identified.

4.9 Training of Emergency Personnel

4.9.1 The emergency manager has the responsibility to:

- Arrange and provide training for members of the emergency management team.
- Insure training will:

- Include knowledge of characteristics of emergencies and disasters, their consequences, and implementation of emergency management programs. These programs should include information on protective measures, notification procedures, available support and resources, and technical skills required for emergency management, including the need to stay with assigned responsibilities and not freelance
- Provide a working knowledge of the ICS
- Provide emergency personnel with the variety of skills necessary to help reduce or eliminate the hazards of emergencies and increase their effectiveness to respond to and recover from emergencies of all types
- Conduct periodic, realistic exercises and drills to evaluate local capabilities and preparedness
- Consult with Town departments and agencies to develop training courses and exercises

4.9.2 All Town departments and agencies assigned emergency functions are responsible to develop a training capability. Departments and agencies should train their employees in duties and responsibilities in prevention and mitigation of, planning for, response to, and recovery from emergencies and disasters.

4.9.3 Volunteers participating in emergency management, such as fire and rescue operations, ambulance services, first aid and other medical services, ARC, Radio Amateur Civil Emergency Service (RACES), Civil Air Patrol (CAP), will be trained by these services in accordance with established procedures and standards.

4.10 Education and Public Awareness

4.10.1 The emergency manager is responsible for:

- Providing education on emergency preparedness in the community. Resources for educational material include the county emergency management office, FEMA, and web sites.
- Making the public aware of existing hazards in the community
- Familiarizing the public with the kind of protective measures the community has developed to respond to any emergency arising from the hazard

4.10.2 A well-educated public will be better prepared to follow and understand official instructions for protective actions.

4.10.2 The emergency manager will coordinate with Mecklenburg County Emergency Management on a periodic basis.

4.11 Planning

4.11.1 Based upon hazard assessment and mitigation efforts, emergency management directed by the emergency manager will develop or adopt appropriate response plans for any exceptionally hazardous location. Such plans will include notification procedures (including the public), response procedures, evacuation procedures, recovery (including regulated cleanup), and mitigation of consequences.

4.11.2 Critical community services, such as schools, emergency management, garbage cleanup, social services, and tax collection should develop or adopt contingency plans under guidance of the emergency manager for the continuation of at least basic services until full service can be restored. The salvage of records, equipment, and supplies should be part of this plan.

4.11.3 Critical private businesses, such as grocery stores and pharmacies, should be encouraged to develop contingency plans as well, under guidance of the emergency manager. Such plans could include temporary sites, delivery of supplies, notification procedures, and salvage of records, equipment, and supplies.

4.11.4 This plan should be reviewed and periodically updated. All participants in the town plan should be provided with an updated copy of the plan with special consideration given to Charlotte-Mecklenburg Emergency Management.

5. Appendices

Section 5.1 Glossary

This glossary defines common terms and acronyms used in the Emergency Management Process and the Incident Command System.

Agency
Any department, division, commission, authority, government corporation, independent establishment, or other agency of state or local government. See also "Federal Agency."

Agency Representative
Individual assigned to an incident from an assisting or cooperating agency that has been delegated full authority to make decisions on all matters affecting that agency's participation at the incident. Agency Representatives report to the Incident Liaison Officer.

ANRC or ARC
American National Red Cross or American Red Cross. www.redcross.org

CAMEO
Computer-**A**ided **M**anagement of **E**mergency **O**perations is a software package that allows response teams to quickly:

- access data on chemical compounds;
- identify areas that could be affected by toxic plumes;
- plot the course of toxic plumes; and
- project possible accident scenarios and how to respond to them effectively.

CAP
Civil Air Patrol

Capability Assessment
Capability assessment is a process to measure existing capability and identify specific deficiencies in emergency management.

CEM
Comprehensive Emergency Management

CHEMTREC
Chemical Transportation Emergency Center. A public service of the manufacturing chemists association that provides immediate advice for those at the scene of emergencies involving chemicals and then contacts the shipper for more detailed assistance and appropriate follow-up. The service is available 24 hours a day at the toll free number: **1-800-424-9300**. www.chemtrec.org/

Chief Executive
1. The executive of a county; or
2. The mayor of a city or village; or
3. The supervisor of a town or township.

COE
Corps of Engineers, U. S. Army

Command
The act of directing, ordering, and/or controlling resources by virtue of explicit legal, agency, or delegated authority.

Comprehensive Emergency Management
A concept that refers to the management of emergency programs by coordinating and integrating wide-range functions of numerous agencies for all types of emergencies, for all phases of operation (prevention/mitigation, response, and recovery), for all levels of government (village, city, township, county). The concept assumes the establishment of a working partnership between government at all three levels and the private sector.

County Assistance
Aid to disaster victims or local governments by county agencies. Such assistance may be in the form of lending county equipment, supplies, facilities, personnel or other resources; performing emergency work or services essential to save lives and to protect and preserve property, public health and safety; debris clearance; temporary housing.

County's Authorized Agent
The person named by the County Executive Officer (CEO), to execute on behalf of the county all necessary documents for disaster assistance from the state and federal government, following the gubernatorial and presidential declarations.

CP
Command Post

DAC
Disaster Assistance Center

Damage Assessment
Procedure to assess and describe the nature, and estimate the dollar value of damages resulting from an emergency or disaster.

Damage Assessment Report
Report containing information on destroyed property, major damage, and minor damage to the extent not covered by insurance, prepared by a local damage assessment team. The report will include an

evaluation of the social and economic impact of the disaster in terms of "people problems," and assistance required.

Disaster Assistance Center
A temporary office located at or near a disaster site, which is staffed with representatives of federal, state, local, and volunteer agencies for the purpose of assisting individual disaster victims in obtaining disaster relief to which they are entitled. Often called a "one stop" center.

Disaster Relief Act of 1974
Public Law 93-288 (PL 93-288). The law enacted by Congress to enable the president to establish a program of disaster preparedness utilizing the services of all appropriate federal agencies for the prevention/mitigation, response, and recovery from emergencies and major disasters including technical assistance, use of federal resources, and financial assistance.

DPW
Department of Public Works

EAS
Emergency Alert System (Replacing the Emergency Broadcast System)

EBS
Emergency Broadcast System (Being replaced by the EAS by FCC regulation adopted November 10, 1994)

ECC
Executive Command Center

EHTR
Emergency Highway Traffic Regulations. Federal and state regulations for the control of highway usage during times of emergency.

Emergency
Air and water contamination; blight; civil disturbance or terrorism; drought; earthquake or volcanic activity; energy emergency; epidemic; explosion; fire; flood or high water; forest fire; hazardous material accident; hurricane, tornado or windstorm; ice jam; ice storm; infestation; landslide or mudslide; oil spill; radiological accident or incident; snowstorm or blizzard; transportation accident; or other catastrophe in a part of the county which requires county emergency assistance to supplement local efforts to save lives and property, public health and safety, or to avert or lessen the threat of a disaster. Also used in the Disaster Relief Act of 1974 with similar meaning when federal emergency assistance is required to supplement state efforts.

Emergency Operations Center
A site from which civil government officials (municipal, county, state, and federal) exercise direction and control in an emergency. A facility with the necessary communications from which essential emergency functions can be directed, controlled, and coordinated on a 24-hour basis.

Emergency Shelter
A form of mass or other shelter provided for the communal care of individuals or families made homeless by an emergency or major disaster.

EMS
Emergency Medical Service

EOC
Emergency Operations Center

EPA
Environmental Protection Agency, U. S.

FCO
Federal Coordinating Officer

Federal Agency
Any department, independent establishment, governmental corporation, or other agency of the executive branch of the federal government including the U. S. Postal Service but not including the ARC.

Federal Assistance
Aid to disaster victims or state or local governments by federal agencies. Such assistance may be in the form of federal agencies utilizing or lending equipment, supplies, facilities, personnel or other federal resources; the distribution, through relief or disaster assistance organizations, or otherwise of medicine, food and other consumable supplies; or emergency assistance; donating or lending equipment and supplies, performing emergency work or services essential to save lives and to protect and preserve property, public health, and safety; debris clearance; temporary housing; financial assistance in the repair and restoration of certain damaged facilities; and several other forms.

Federal Coordinating Officer
The person appointed to coordinate federal assistance in a presidential declared emergency or major disaster.

FEMA
Federal Emergency Management Agency, U. S. (See www.fema.gov)

FHWA
Federal Highway Administration, U. S.

GAR
Governor's Authorized Representative

Governor's Authorized Representative
The person named by the governor in the federal-state agreement under PL 93-288 to execute on behalf of the state all necessary documents for disaster assistance following the declaration by the president of an emergency or major disaster, including certification of applications for public assistance.

Hazard Analysis
Hazard analysis is a process of systematic investigation of potential disasters in terms of frequency, magnitude, location, and probability of occurrence, in order to forecast their possible effects on the people, systems, facilities, and resources of the community.

Hazmat
Hazardous materials

IC
Incident Commander

ICP
Incident Command Post

NIMS
National Incident Management System

Incident Command System
An Incident Management System with a common organizational structure with responsibility for the management of assigned resources to effectively accomplish stated objectives pertaining to an incident.

Incident Commander
The individual responsible for the management of all incident operations.

Major Disaster
Any emergency, as defined above, which, in the determination of the president, causes damage of sufficient severity and magnitude to warrant major disaster assistance under the Disaster Relief Act of 1974, above and beyond emergency management by the federal government, to supplement the efforts and available resources of states, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby.

Man-made Disaster
Any disaster that results from human actions or the lack thereof, including but not limited to fire, epidemic, air or water contamination, explosion, or radiological accident.

MAST
Military Assistance to Safety and Traffic. A cooperative program of the federal departments of transportation, defense, and health and human services whereby suitably equipped army and air force helicopters with medically trained crew members, maintained in a state of readiness for military requirements, also respond to civilian medical emergencies where they can do so without compromising their primary military mission.

MCI
Mass Casualty Incident

Multi-year Development Plan
A planning and management tool that allows emergency managers to program the elimination of capability shortfalls identified by the capability assessment and to project the fiscal requirements to accomplish this.

Natural Disaster
Any disaster that results from natural causes, including but not limited to earthquake, hurricane, tornado, storm, high wind, flood, or wave action.

NAWAS
The National Warning System. A system of dedicated telephone lines originating at Colorado Springs, Colorado, through various federal and state warning points and terminating at county and city warning points, weather service installations, and other critical locations. The system is staffed 24 hours a day for the primary purpose of disseminating warning of enemy attack and is also used to disseminate warnings and information on all types of emergencies and disasters. The state EOC is the New York State warning point and controls the system within the state.

PPE
Personal Protective Equipment

PSAP
Public Safety Answering Point

Public Information Center
A center established by the public information officer to respond to inquiries from the general public and news media.

Public Information Officer
Person designated as the official source of public information during emergency or disaster operations.

Public Safety Answering Point
Location where an emergency call terminates.

RACES
Radio Amateur Civil Emergency Service. An organization of licensed amateur radio operators dedicated to providing communications services during time of emergency.

Resources
All the assets of an agency or organization, including materials, systems, and personnel.

Staging Areas
Locations where incident personnel and equipment can be assigned on an immediately available status.

State Disaster Emergency
The period beginning with a declaration by the governor that a disaster exists and ending six months later unless rescinded or extended by the governor.

Task Sheets
Task sheets are designed for each ICS position and provide a checklist of "to do items" within a time frame.

Unified Command
In NIMS, Unified Command is a unified team effort which allows all agencies with responsibility for the incident, either geographical or functional, to manage an incident by establishing a common set of incident objectives and strategies. This is accomplished without losing or abdicating agency authority, responsibility or accountability.

Utility
Structures of systems of energy, power, or water storage, supply and distribution, sewage collection and treatment, telephone, transportation, or other similar public service.

Warning
A notification to government agencies of impending dangerous situations and notification to the public, through EAS, including actions that can be taken to prevent or mitigate damage or injury.

Weapons of Mass Destruction
(A) Any destructive device (as defined in section 921 of the "Terrorism Annex to the Federal Response Plan") of any explosive, incendiary, or poison gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one quarter ounce, mine or device similar to the above; (B) poison gas; (C) any weapon involving a disease organism; or (D) any weapon that is designed to release radiation or radioactivity at a level dangerous to human life (18 U.S.C., section 2322a).

Section 5.2 Review, Update, and Distribution

The emergency manager or designee shall review this community emergency management plan periodically for the Town of Huntersville.

As part of the review, the coordinator will seek input and recommendations from Town departments and agencies participating in the plan, as well as Charlotte-Mecklenburg Emergency Management. If necessary, appropriate meetings will be conducted to assure critical issues are addressed, and that changes are appropriately implemented.

A copy of the plan will be made available to the following people or locations:

Local Government

- Town Manager
- Assistant Town Manager

Fire Service

- Huntersville Fire Department
- Mecklenburg County Fire Marshal

Emergency Medical Services

- Mecklenburg Emergency Medical Services (Medic)
- Novant Hospital Huntersville
- Atrium Medical Center – Huntersville

Section 5.3 Hazard Analysis

Hazard analysis maps for the community are on file in the EOC.

Section 5.4 Emergency Public Information and Emergency Instructions

The primary means for town emergency messages to be disseminated are through the use the town's geo-notification system, CharMeck Alerts. The policy for activating the system is attached to the plan.

Emergency public information and emergency instructions are attached as examples. Local officials will contact local media and request a message to be broadcast using the EAS.

5.4.1 Emergency Broadcast Statement

5.4.2 Public Warning Statement

5.4.3 In-place Shelter Statement

5.4.4 Emergency Purchasing Policy

The IC can contact Charlotte-Mecklenburg Emergency Management through the warning points located at Medic, the Charlotte-Mecklenburg Police Department Communications Center or the Charlotte Fire Department to activate the county EAS or geo-notification system.

See Mecklenburg County All Hazard Plan included with this section for the recognized procedure for public alert, notifications, and evacuation.

Section 5.12 Hazardous Materials Plan

The Town of Huntersville is located in Mecklenburg County, North Carolina.
The Town is supported by the following public safety services:

Huntersville Fire Department
Huntersville Police Department
Cornelius Police Department
Davidson Police Department
Charlotte-Mecklenburg Police Department
Mecklenburg County Sheriff's Office
Charlotte Fire Department
North Carolina State Highway Patrol
North Carolina State Bureau of Investigation

Key transportation routes include:

North Carolina Interstate 77
North Carolina Interstate I-485

US Highway 21
NC Highway 115
NC Highway 73
Gilead Road
Mount Holly-Huntersville Road
Beatties Ford Road

It is the intent of this plan to be an informational reference for the personnel and employees of the Town of Huntersville and its contractors and a general purpose guide for the handling of hazardous materials. It must be recognized that heavy reliance must be placed on obtaining technical information from outside sources.

It must also be emphasized that the handling of hazardous materials cannot be paralleled to routine public safety response. Quick aggressive action has no place at a hazardous materials incident and will only lead to unnecessary exposure. These incidents will be time-consuming and involved. All actions taken must be deliberate and planned after properly researching the materials involved.

Should a hazardous materials emergency occur within the Town of Huntersville, this plan will be implemented as a response system. The plan will be used in conjunction with, and as an adjunct to, the Mecklenburg County Comprehensive Emergency Response Plan and its Hazardous Materials Annex (known hereafter as the SARA Title III Plan), and any other plan that may impact the outcome of an incident. Those plans are included by reference in this plan.

Purpose

This plan is intended to establish policy and procedures for a coordinated and managed response to a hazardous materials emergency in the Town of Huntersville, based on regulations set forth in 29 CFR 1910.120 HAZARDOUS WASTE OPERATIONS AND EMERGENCY RESPONSE. The Town of Huntersville establishes these policies and procedures to minimize hazards to life and property and adverse impacts on the environment from the release of hazardous materials and to provide for a higher degree of preparedness to deal with incidents involving hazardous materials.

This plan provides basic guidelines and establishes responsibility for the response to hazardous materials and is intended for response to transportation accidents or the release of hazardous materials at a fixed site.

The Town of Huntersville incorporates the SARA Title III Plan as part of this plan. When a hazardous materials incident occurs in the Town of Huntersville, the lead agency will be the fire department. The ICS will be utilized to manage the incident.

A command officer from the lead agency, trained to the IC level, will assume command of the incident. A CP will be identified in a safe location, the area will be secured, notifications made, and actions taken only in accordance with the level of training of personnel on scene.

Objectives

The objectives of this plan are to:

1. Set forth a course of action that will minimize hazards to life, property, and adverse impacts upon the environment from any release of hazardous materials

2. Establish procedures to provide for a coordinated effort on the part of the Town of Huntersville and any outside agencies that may respond to such an emergency

3. Identify emergency response organizations, equipment, and other resources that can be employed during such a response

4. Provide a mechanism to integrate community response procedures

Pre-Emergency Planning and Coordination with Outside Parties

This plan, in conjunction with the Mecklenburg County SARA Title III Plan, provides basic guidelines and establishes responsibilities for response to hazardous materials incidents in the Town of Huntersville.

The Mecklenburg County Office of Emergency Management is the lead agency in disaster preparedness for the county. The Fire Departments have protective gear and self-contained breathing apparatus to handle minor incidents involving hazardous materials. Because some incidents are beyond the capabilities of the fire departments, the Town is supported by the regional hazardous materials team located within the Charlotte Fire Department.

The fire department will handle minor emergencies using standard operating procedures. In the event that the emergency is more than the fire department's resources can properly handle, the regional Haz-Mat Team will be used. The fire departments will utilize mutual aid as needed for additional mitigation resources. Additional resources will be requested, as needed, through the county.

It shall be the responsibility of the designated Hazardous Materials Response Team to monitor the profession for new technologies associated with hazardous materials.

The Huntersville Police Department and the Town DPW will perform pursuant to provisions of 29 CFR 1910.120 (q) (6) (i). All fire department performance is pursuant to the provisions of 29 CFR 1910.120 (q) (6) (ii). These provisions of federal regulations relate to training standards and response capabilities.

Depending on the incident level, an EOC may be established to coordinate all elements of the response.

Personnel Roles, Lines of Authority, Training, and Communications

Upon notification of a hazardous materials emergency, the ranking officer of the fire department will act as on-scene or IC. The IC will assess the emergency situation, and if appropriate, establish a CP. The IC will also declare a response level and follow their department standard operating procedure for such incidents.

A unified command structure will be utilized, including all agencies and jurisdictions affected by the incident in the process. All communication will be coordinated through the Mecklenburg County Emergency Communications Center and the Town EOC.

Direction and control begins with the local response, but is expanded as the emergency escalates to a larger response necessitating direction by Mecklenburg County or possibly the State. Local participating agencies, depending upon the circumstances may also include:

- The Town Manager
- The DPW Superintendent and Department of Public Works
- Volunteer groups

Fire department personnel are to be trained to function at the operations level (29 CFR 1910.120 (q) (6) (ii)). Fire department leadership (chiefs) must have completed the incident command course in order to be the on-scene/IC of any hazardous materials incident. The police, DPW, and Public Works personnel are to be trained to respond at the awareness level (29 CFR 1910.120 (q) (6) (i)). Members of the contract Hazardous Materials Response Team (which are available to provide technical assistance and/or dispense assistance as needed) must be trained to the technician or specialist level.

The chief officer of the Fire Department has the responsibility to maintain training for all responders at the level required by 29 CFR 1910.120 (awareness or operations level). The training will be reviewed, approved, and/or presented by a certified industrial hygienist.

Emergency Recognition and Prevention:

Employees responding, other than the fire department, should immediately notify their base station via radio or other communications as to the location along with any other available/pertinent information in order that the appropriate response may be made by the fire department. Such respondents will attempt to determine, from a safe distance, what material is involved by interpreting placard I. D. numbers, shipping papers, witness/driver interviews, etc. The North American Emergency Response Guidebook is an excellent reference and is carried in many vehicles.

Notification and Alerting

When the fire department responds to an emergency and it is determined that a hazardous material is involved in an amount or type beyond their capabilities and training, the Charlotte Fire Department Hazardous Materials Response Team is to be alerted. Notification and alerting of the Haz-Mat team should be in the most expeditious manner available (direct call or through the Emergency Communications Center).

If the Emergency Communications Center is first notified, they would alert the Hazardous Materials Response Team if requested by the IC.

As soon as it is practical, the IC will notify the Town Manager or Assistant Town Manager who would notify the appropriate elected official of the situation (Town Mayor).

Response Procedures

The following general policies and procedures are established for the response:

Unified Command

A unified command system will be utilized to manage the incident under the direction of one IC. This is to ensure that all agencies involved in a multi-jurisdictional and multi-agency response have input to setting incident objectives.

IC

The ICS will be utilized to manage the incident and elements of the system activated as designated by the IC. The IC will be the ranking officer of the first arriving fire apparatus. Transfer of command will take place per established NICS protocol.

CP

The IC will establish an ICP from which primary command functions will be executed.

Response Levels

The IC will evaluate the situation and declare a response level and communicate that information to the Haz-Mat team, on scene personnel, the fire dispatcher, the Town Manager, and others as appropriate. Incident levels are classified as:

- Advisory-Technical assistance/advice is needed; no team response; the fire department can manage the situation

- Minor-An incident that is limited in nature with limited evacuations; the team will be needed

- Serious-An incident that does or may affect the community and/or large-scale evacuations may be needed; the team will be needed

Responsibilities

Responsibilities of the IC include, but are not limited to the following:

- Take all actions necessary to protect the safety of responders and others at or near the scene. Evaluate weather, wind direction, etc., to determine safe positioning of equipment and manpower

- If a response level of minor or serious is declared, assume a defensive mode of operations until contractor representatives arrive

- Attempt to identify material(s) involved, safely, by using shipping papers, placards, or information supplied by appropriate individuals (facility operator, driver, etc.)
- Classify the incident based on the Town emergency plan and make notifications as appropriate. The Town may open the EOC to support field operations

- Take other actions consistent with training and department specific procedures. This should include initial spill containment by trained personnel

Employee Guidelines

Employees responding to a suspected hazardous materials incident should follow the following guidelines. Guidelines 1-7 apply to all DPW personnel; guidelines 1-9 are for all police personnel, and guidelines 1-13 are for fire department personnel.

1. Advise the base station or Emergency Communications Center of the location and any other available details.

2. Note any weather conditions and make special note of the wind direction **STAY UPWIND.**

3. Stop and park far enough away from the incident site so as not to introduce an ignition source.

4. Move people away from the incident scene and keep them away.

5. Do not walk into or touch any spilled material.

6. Avoid inhaling fumes, smoke and vapors.

7. Do not assume that gases or vapors are harmless because of a lack of smell.
   Police Department will:

8. Secure the areas, set up an outer perimeter, and isolate the hazard area supplying traffic control, pedestrian access control, and support personnel.

9. Assist in evacuation of the site if requested to do so by the IC.

Fire Department will:

10. Establish an inner perimeter (hot zone). This area must be off limits and observed by all personnel until a tactical plan has been established.

11. Identify the material or materials involved.

12. Establish an incident command structure and relay the location to Fire Control and all other agencies and departments involved.

13. Determine a response level for the incident and follow the procedures as they are outlined.

Site Safety Officer

The IC will appoint a safety officer under the ICS to manage overall safety at the incident scene.

Safe Distances and Places of Refuge

The IC will determine safe distances. Each incident will be evaluated as to its location and circumstances. The ICS will be used to organize and assign functions.

Places of refuge will also be determined by the location and magnitude of the incident and may include such facilities as:

- Town of Huntersville: Town Hall, Police Department, and Fire Stations
- Area school facilities
- Waymer Center
- Huntersville Family Fitness and Aquatic Center

The determination of a need for notification, evacuation, or sheltering will be made by the IC in conjunction with the emergency manager and EOC personnel. Support will be provided through the Mecklenburg County Sheriff's Department, Charlotte-Mecklenburg Police Department, the North Carolina State Highway Patrol, the Mecklenburg County Office of Emergency Management, and the American Red Cross.

Site Security and Control

Site security and control will be designated by the IC and enforced by the cooperation of the Huntersville Police Department and other law enforcement agencies.

Evacuation Routes and Procedures

If time permits, evacuation routes and procedures will be determined by the incident management team (IC, emergency manager, Town Manager) in consultation with the supporting law enforcement agencies.

Each incident will be evaluated based upon its location and circumstances. If sheltering in place is the appropriate response, appropriate instructions will be disseminated by the appropriate methods. If evacuation is chosen as the appropriate action, the shelter will be designated and notification will be made by the best method available:

- Door to door
- Emergency vehicle public address system
- Emergency Alerting System (EAS) activation
- Local radio or television station, or cable system
- Other methods previously tested with the community

Persons needing shelter will be directed to or transported (if appropriate) to the designated shelter.

Decontamination

Decontamination will be at the direction of the IC and will be accomplished utilizing procedures in the fire department standard procedures. Specific decontamination resources and equipment, beyond that available within the Town, is available through the Fire Mutual Aid Network by the Charlotte Fire Department.

Emergency Medical Treatment and First Aid

Emergency medical treatment and first aid will be available to personnel at the incident and will be provided at the direction of the IC as needed, pursuant to fire department and EMS procedures.

Additionally, medical monitoring and surveillance of all personnel entering and leaving the hot zone will be conducted using procedures approved by the hazardous materials team.

Emergency Alerting and Response Procedures

A declaration of a hazardous materials incident by the IC will require the determination of a response level. The IC will notify the emergency manager and Town Manager. The IC will direct the Mecklenburg County Emergency Communications Center to notify those people and agencies as deemed necessary to respond to the incident. Notifications will be done by either two-way radio system (county fire radio & local government radio) or telephone.

The primary means of alerting the public will be to utilize the public address systems on the fire and police vehicles. The alerting procedure will be a five-second siren, followed by the announcement twice. The unit will continue on and follow the same steps at approximately 250 feet from the prior stop. Personnel may also go door-to-door for alert notification.

Alert may also be made via activation of the EAS or by calling local television and radio stations to request their assistance.

Incident Critique

Within a reasonable time after an incident, a formal critique will be conducted. At a minimum, the following will be involved in the critique: the fire department(s) responding to the incident, the Town Manager, a representative of the hazardous materials team, a law enforcement representative, an emergency medical representative, and others as appropriate.

Personal Protective Equipment (PPE) and Emergency Equipment

Law enforcement personnel (Huntersville Police Department Police, Mecklenburg County Sheriff, and North Carolina Highway Patrol) will respond pursuant to 29 CFR 1910.120 (q) (6) (i). They will have no PPE. They will have mobile and portable radio communications equipment, a marked patrol unit, barrier tape, etc.

Public Works and Highway Department personnel will respond pursuant to 29 CFR 1910.120 (q) (6) (i). They will have no PPE. They will have mobile and portable radio communications equipment and will be utilized as support as requested by the IC.

Fire department personnel will respond pursuant to 29 CFR 1910.120 (q) (6) (ii). Fire personnel will use basic (structural firefighting) PPE and will be trained as outlined in the regulation.

A. POLICY/PURPOSE

1. In today's society, law enforcement agencies are often confronted with incidents that are deemed high-risk because of their increased potential for violence. In order to properly control such situations, the Department will utilize specially trained and equipped officers to resolve high risk incidents in a manner that affords minimum peril to those persons who may be directly or indirectly involved.

2. The mission of the Huntersville Police Department Special Weapons and Tactics (SWAT) Team is to preserve life in high risk situations through the use of specialized training, equipment, and tactics in a professional manner that inspires confidence in the community. The Core Values of the Special Weapons and Tactics Team:

   - All operations will be conducted in the highest regard for the preservation of life.
   - The SWAT Team is committed to the safe resolution of all high risk situations and will approach each situation in a professional and controlled manner, with an emphasis on a negotiated resolution.

- The SWAT Team will use the best available specialized training and equipment to accomplish its mission and will develop the specialized skills of each Team member.
- The SWAT Team is committed to a controlled, rapid response to high risk situations in order to gain control and minimize the risk of death or injury to any person.
- Team members approach their duties with a high level of confidence, motivation, flexibility, and patience.
- The SWAT Team members acknowledge their dependence upon one another and work as a team in an atmosphere of trust, confidence, and open communication.

3. The purpose of this Directive is to establish a written policy and procedure for the administration and operation of the agency's Special Weapons and Tactics (SWAT) Team.

B. DEFINITIONS

The following definitions are for the limited purpose of this Directive and may not apply in all other cases:

1. Command Post: a temporary field headquarters, located in a secure area, from which the Incident Commander will direct police operations.

2. High-Risk Incident: any occurrence involving an act of violence or potential act of violence in which the safety or life of a police officer or other person is endangered. Such incidents include, but are not limited to: hostage situations, barricaded persons, sniper incidents, pre-planned raids, and arrest situations involving a high level of risk.

3. Inner Perimeter: a containment area immediately surrounding the incident location that minimizes and controls the movement of a suspect within that secured area.

4. Incident Commander: the individual officer who assumes responsibility for and is in charge of all police personnel and activities at the scene of a high-risk incident, civil disturbance, special event, or unusual occurrence.

5. Crisis Negotiators: police officers that have been specially selected, trained and equipped to conduct negotiations designed to persuade hostage-takers or barricaded persons to peaceably surrender to police custody.

6. Outer Perimeter: a peripheral control area surrounding the inner perimeter which provides a safe zone for access to the inner perimeter, and which prohibits unauthorized vehicular and pedestrian traffic from entering the incident area.

7. Sniper Incident: a situation in which a person has taken refuge in a fortified location or position of cover with a firearm (or has implied that he/she has a firearm), and fires upon or threatens to fire upon any other person.

8. Special Operation: any occurrence or operation which encompasses the use of negotiation with hostage-takers or barricaded persons, response to bomb threats or bomb emergencies, coverage of special events, protection of VIPs, or similar situations which require a concentration of resources, expertise or capabilities exceeding that of conventional operational components.

9. Special Weapons and Tactics Team (SWAT): a team of police officers who have been specially selected, trained and equipped to conduct tactical operations and crisis negotiators in response to sniper incidents, barricaded persons, hostage incidents, and other high-risk situations.

C. SPECIAL WEAPONS AND TACTICS TEAM (SWAT) COMPOSITION AND POLICY

1. The Department will maintain a specially selected, trained and equipped team of police officers that can respond to high-risk incidents and conduct tactical operations. The purpose in developing the Special Weapons and Tactics Team (SWAT) is to enable the Department to resolve high-risk situations in the safest possible manner.

2. The Chief of Police will designate through a Personnel Order a sworn officer at the rank of Captain or higher to serve as the Department's SWAT Administrator/Incident Commander who will exercise administrative responsibilities over all activities, operations and administrative affairs of the SWAT Team; and serve as the primary Incident Commander on all SWAT call outs.

3. The SWAT Team will consist of sworn officers including command and supervisory officers, crisis negotiators and medics) who are assigned to other full-time duties and serve as SWAT members on a part-time basis. The Chief of Police will designate the number of officers assigned to the SWAT, with such number being determined by the needs and resources of the Department. The members of the team will be divided into the following elements:

   (a) **Tactical Officers** – this unit of the Team is responsible for the tactical functions associated with a deployment of the Team and will be composed of:

      (1) A minimum of 12 sworn police officers including police officers, sergeants and lieutenants.

      (2) The Tactical Component will include supervisory sworn officers assigned as:

         (a) Tactical Team Commander - A command/supervisory officer designated by the Chief of Police through a Personnel Order will serve as the Department's SWAT Tactical Team Commander and will exercise command and control over all activities, operations and administrative affairs of the SWAT Team. SWAT Tactical Team Commander's responsibilities include, but are not limited to:

            I. Provide the Communications Center with a list of members, contact numbers, and their current duty assignments;

            II. Coordinate the evaluation, selection, and training of members;

            III. Coordinate the evaluation, selection, and acquisition of equipment;

            IV. Ensure that equipment is maintained properly and make recommendations for replacement or new acquisitions.

         (b) Tactical Team Leader – A supervisory officer designated by the Chief of Police through a Personnel Order will serve as the Department's SWAT Tactical Team Leader and will exercise command over the day to day operations of the SWAT Team including but not limited to:

            (1) Direct all tactical operations conducted by the SWAT Team as authorized by the Incident Commander;

            (2) Develop options and plans for tactical resolution of the situation and make recommendations to the Incident Commander for any specific tactical actions that are deemed necessary and appropriate;

         (c) Tactical Assistant Team Leader – assist the Tactical Team Commander and Tactical Team Leader as required and necessary.

(d) Tactical Medics – Tactical paramedics may be authorized to serve as adjunct members of the SWAT by the Chief of Police in accordance with the terms of an agreement with county EMS providers. Tactical medics are not law enforcement officers or employees of the police department. They are civilian paramedics who have received specialized training and certification in tactical emergency medicine and who volunteer to serve in this capacity. The paramedic's role is one solely of medical support; therefore the paramedics will be unarmed and positioned at the discretion of the Incident Commander as the situation dictates. Tactical medics are considered full team members and are notified in the event of SWAT alerts and field deployments. Tactical paramedics are required to participate in periodic training and readiness exercises with the SWAT, as determined by the SWAT Tactical Team Commander. During deployments, tactical medics report directly to the SWAT Tactical Team Leader. The mission of the tactical medic is to provide advanced life support to those in need during a high-risk situation to which the SWAT Team has been deployed and will be composed of:

I. Full-time Mecklenburg County Emergency Medical Services Agency (MEDIC).

II. Six (6) paramedics will serve as tactical medics on the Team.

III. All Team members serve at the discretion of the Tactical Team Commander, in conjunction with the officer's departmental level chain of command, and may be relieved of their duties with relevant justification. The justification for dismissal may include, but is not limited to, inadequate firearm performance as described in Section Q, inability to perform required duties and essential functions of a SWAT officer, failure to attend scheduled training, disciplinary violations or failure to respond to incident locations when properly notified. Members assigned to the SWAT Team (Tactical Element) may be relieved of such assignment, either temporarily or permanently, for other reasons when deemed in the best interest of the Department.

(b) **Crisis Negotiators –** this element of the Team is responsible for conducting negotiations with suspects and victims during deployment of the Team and will be composed of:

(1) A minimum of 5 sworn police officers including command and supervisory officers. A supervisory member of the Crisis Negotiation Team will be assigned as the Crisis Negotiation Team Commander.

(c) Please refer to Addendum B for a SWAT Team Organizational Chart.

D. SELECTION AND ASSIGNMENT OF SWAT TACTICAL OFFICERS

1. To fulfill the purpose of the team concept and ensure optimum operational effectiveness, it is imperative that the Department selects the most qualified candidates for assignment to the SWAT. Candidates must meet the following minimum standards:

(a) The candidate must have completed a minimum of two years of service as a full time sworn law enforcement officer in a field assignment. For lateral entry officers, time of service with other law enforcement agencies will be considered, provided that the officer has successfully completed the initial probationary period or as approved otherwise by the Chief of Police on a case-by-case basis;

(b) The candidate must demonstrate professional maturity, restraint and self-control in stressful or dangerous situations;

(c) The candidate must demonstrate the ability to work effectively with others and follow orders;

(d) The candidate must have demonstrated a satisfactory work history with regard to the use of leave, citizen complaints, traffic accidents, discipline, and professional conduct;

(e) The candidate must demonstrate excellent firearms proficiency with the duty weapons;

(f) The candidate's performance evaluations should reflect initiative, job interest, and a demonstrated ability to do work of high quality;

(g) The candidate must be willing and able to make a personal commitment to training and on-call status, realizing that a significant amount of personal time and effort will be required to produce an effective program;

(h) The candidate must be in excellent physical condition.

2. Vacancies on the SWAT Tactical Unit will be posted and officers interested in applying as a candidate for this collateral assignment shall do so in accordance with Directive 4.15. Candidates should specify their current position, law enforcement experience, and any special training or abilities that are relevant to the position sought in their application.

3. Members of the SWAT Tactical Unit will be selected from among eligible candidates by an evaluation process that will include, but is not limited to, the elements listed below. If at any time a candidate fails to satisfactorily complete an element, the candidate may be eliminated from the process.

   (a) Physical Ability Testing (PAT);

   (b) Firearms proficiency testing and review of firearms qualification records;

   (c) Oral interview(s) by a panel of current SWAT Tactical Unit members;

   (d) Psychological screening;

   (e) Review of personnel files, medical records, and work history; and

   (f) Consultation with appropriate supervisory personnel.

4. The SWAT Tactical Team Commander will report the results of the evaluation process to the Chief of Police, who will make the final determination of selection.

5. SWAT members may seek relief from this collateral assignment by providing a written request to the SWAT Tactical Team Commander. The written request should explain the basis or reason for requesting removal from the unit and desired effective date. Reinstatement to the SWAT Tactical Unit will be at the discretion of the Chief of Police based on available openings, original reason for removal and other relevant factors, keeping the best interests of the SWAT Tactical Unit and the Department as the primary consideration.

6. SWAT Tactical Unit members shall immediately inform the SWAT Tactical Team Commander of any medical condition or other reason that would affect their unrestricted ability to engage in SWAT training, assessments, and deployments.

7. The SWAT Tactical Team Commander may designate a primary and backup logistics officer whose role is to maintain a computerized log of SWAT activities during field deployments. The logistics officer is not an SWAT team member within the meaning of this Order, but may be required to participate in periodic training and readiness exercises that involve event logging.

8. Authorized SWAT Tactical Unit members will be eligible to receive and wear the departmental SWAT insignia in like fashion to a Class-B Award.

.

E. SELECTION OF CRISIS NEGOTIATORS

1. Crisis Negotiators will consist of officers who are assigned to other full time duties and serve as crisis negotiators on a part-time basis. Officers interested in a position as a Crisis Negotiator shall make application in accordance with this Directive. Crisis Negotiators will be selected from among volunteer applicants using the following minimum criteria:

   (a) The candidate must have completed a minimum of two years full time service as a sworn law enforcement officer in a field assignment;

   (b) The candidate must successfully pass a psychological screening examination, to include testing and a clinical interview by a licensed psychologist or psychiatrist (at the discretion of the Chief of Police);

   (c) The candidate must possess good verbal communication skills and problem-solving abilities;

   (d) The candidate's performance evaluations must reflect initiative, job interest, teamwork, and the desire and ability to do work of high quality;

   (e) The candidate must have demonstrated a satisfactory work history with regard to the use of leave, citizen complaints, discipline, and professional conduct;

   (f) The candidate must be willing and able to make a personal commitment to training, physical conditioning, and on-call status, realizing that a significant amount of time and effort is required to ensure an effective program and high level of readiness.

2. The Crisis Negotiation Team Commander will report the results of the evaluation process to the Chief of Police, who will make the final determination of selection.

3. Members assigned as negotiators may be relieved of such assignment, either temporarily or permanently, for inadequate performance as a negotiator or in their normal duty assignment; as a disciplinary measure; or for other reasons when deemed in the best interests of the Department.

4. Authorized negotiators will be eligible to receive and wear the departmental SWAT insignia in like fashion to a Class-B Award.

F. EQUIPMENT

1. All SWAT Team members will be issued the equipment necessary to perform their duties. Team members will properly maintain all issued gear and insure that it is kept in proper working order. Lost issued equipment will be handled according to department policy.

2. All SWAT Team members will report to training and to incident locations with all issued equipment intact and in proper working conditions.

3. Optional equipment or equipment which replicates issued items may be approved by the SWAT Team Commander. Only equipment that has been previously approved will be carried.

4. Team members will report lost, damaged or worn out equipment and/or uniforms to a Team supervisor in order to facilitate replacement.

5. All issued and stored equipment, including vehicles, will be inspected on a quarterly basis by the Team Commander or designee.

6. Approved weapons, weapons systems and ammunition approved for use by the SWAT Team is listed in Addendum A.

G. TRAINING

1. SWAT Team training and readiness exercises will be conducted at least once a month, with additional time scheduled as deemed appropriate. Special assignments within the Team will receive additional training as required.

2. The SWAT Team Commander or designee will document this training, including the names and scores (if applicable) of participating members, and submit documentation to the Training Coordinator.

3. SWAT Team members will report to training on time and be prepared to participate in all scheduled activities. Anticipated absences must be communicated to the Tactical Team Commander or Tactical Team Leader prior to training dates.

4. Team members may attend advanced training schools and seminars when appropriate with approval from the SWAT Tactical Team Commander and the officer's Chain of Command.

5. All scheduled training is considered mandatory. Excessive approved absences, as well as unapproved absences, may result in dismissal from the Team at the discretion of the SWAT Tactical Team Commander.

6. Tactical medics will make every effort to attend regularly scheduled training when their attendance can be facilitated by MEDIC.

7. Crisis Negotiation Team members will receive periodic training. The Crisis Negotiation Team Commander or designee will document this training, including the names and scores (if applicable) of participating members, and submit documentation to the Training Coordinator.

H. FIREARM STANDARDS

1. Qualification Performance Standard

   (a) The qualification performance standard will be ninety-percentile (90%) for all weapon systems employed by the SWAT Team, except for Team snipers who must qualify with a one-hundred percentile (100%). This standard applies to all Tactical Officers, including Command Staff.

2. Failure to attain the required standard during any qualification session will result in the following action:

   (a) The failure to qualify will be immediately documented in the Team member's SWAT training file by a Team supervisor or a BLET certified firearms instructor. The entry will indicate the course of fire, the weapon system type and the actual score.

   (b) The Team member will be allowed to repeat the course of fire during the same training session, if possible (some qualification courses cannot be fired again in the same day). If the Team member achieves the required ninety percent (90%) score, this will also documented in the Team member's SWAT training file.

   (c) The Team member will be allowed to repeat the course of fire during the same training session, if possible (some qualification courses cannot be fired again in the same day). If the Team member

achieves the required ninety percent (90%) score, this will also documented in the Team member's SWAT training file.

(d) Failure to meet the standard during the same training session will result in the Team member being placed on a probationary status, with duties during an operation being limited to those which would not directly place the Team member in a position where he/she would have to utilize that specific weapon system.

(e) Failure to attain the required firearms standard within sixty (60) days of the initial training session may result in the Team member being relieved of their duties on the SWAT Team, as determined by the SWAT Tactical Team Commander.

(f) It will be the Team member's responsibility to coordinate and schedule remedial training session with the firearm's instructors.

3. General Performance Standards:

(a) The standard for all other firearms related training will include, but is not limited to, general unsatisfactorily firearms performance, range safety violations, incorrect target identification and the misapplication of deadly force during regularly scheduled firearms training.

(b) Violations of this standard will result in the event being immediately documented in the Team member's SWAT training file by a Team supervisor of a BLET certified firearms instructor. The entry should include the circumstances of the event, the name of the individual documenting the event, what immediate corrective action.

(c) Multiple violations of this standard will be reviewed by the SWAT Command Staff and the officer's Chain of Command to determine if the Team member should be relieved of his/her duties on the Team.

I. SWAT PHYSICAL ASSESSMENT

1. SWAT Tactical Officers are expected to maintain a sufficient level of physical fitness to meet the rigorous physical demands of training and actual tactical operations. This is an individual responsibility of each team member.

2. Physical Ability Testing (PAT) of SWAT Tactical Officers will be conducted on an annual basis to ensure that adequate fitness levels are being maintained. The specific elements of the PAT will be established by the SWAT Tactical Team Commander and may include, but are not limited to: assessments of strength, endurance, agility, and firearms proficiency. Testing will be administered under the standards established and approved by the SWAT Tactical Team Commander.

3. SWAT members who are unable to participate in the PAT due to a temporary medical condition will be placed on probationary status pending their release for unrestricted duty. Members on probationary status will not participate in training, assessments, or deployments. A review of the probationary status will be conducted at least every 30 days to determine the members anticipated period of restriction and re-evaluate their status as a team member.

4. SWAT members who fail to satisfactory complete the PAT will be allowed thirty (30) days to remediate the deficiency and successfully retest. If the member fails to successfully complete the PAT within 30 days following the initial failure, the member will be placed on probationary status. If the member fails to successfully complete the PAT within 60 days of the initial failure, the member may be removed from the SWAT as determined by the Chief of Police. Only one (1) attempt at the PAT will be allowed in any 24-hour period.

J. SWAT CALL OUT PROCEDUERS

1. The ranking supervisor on the scene of any incident, or an on-duty SWAT Team member, may request the assistance of the SWAT Team. During normal business hours, the request should follow Chain of Command to the Field Services Bureau Commander or in his/her absence the Investigations Bureau Commander. The Watch Commander is responsible for contacting the appropriate member of the SWAT Team command staff. The member of the SWAT Team command staff who is contacted will make the decision on deployment of the Team. The Chief of Police will be contacted as soon as possible and informed that the SWAT Team has been deployed.

2. Deployment of the SWAT Team may be ordered by the Incident Commander in the event of disaster, civil defense emergencies, and civil disturbances in accordance with the applicable provisions of the Disaster Response Plan (Directive 7.05).

3. No high-risk situation can be adequately handled by a single officer, or by the individual efforts of several officers acting independently. It requires a concerted effort of all members working as a team to safely accomplish the mission. Consistent with this principle, whenever a segment of the SWAT is needed, the team will always be deployed as an integral unit.

4. The SWAT Team Commander or Incident Commander and coordinating police operations on a critical incident will consider use of a relief tactical team response from an adjoining jurisdiction when the incident appears to be exceeding six (6) hours to reach a resolution. In such cases the change in command must be adequately communicated to the Communications Center and all attending jurisdictions. The environmental conditions and other factors will be considered so that SWAT members are not overly fatigued to accomplish the mission.

   (a) Area agencies that have tactical teams that can be called for assistance are as follows:

   (1) Charlotte-Mecklenburg Police Department
   (2) Mecklenburg County Sheriff's Office
   (3) Kannapolis Police Department
   (4) Concord Police Department

   (b) Agencies with tactical teams within Mecklenburg County should be called first.

K. SWAT ALERTS

1. The SWAT Team may be placed on alert status upon the order of a commander, or a supervisor acting in the capacity of a commander. An alert involves the notification of all SWAT Team members to report to a designated staging area (normally police headquarters) and prepare for possible deployment.

2. SWAT Team members must confirm that they have received notice of the alert, and shall maintain continuous radio contact until the alert is canceled. Upon receiving notice of an alert, SWAT Team members shall, as soon as possible, divest themselves of any other duties or activities that would prevent them from immediately responding to a deployment order.

L. SWAT TEAM OPERATIONS

1. Although not exclusive, the following situations may involve the utilization of the SWAT Team.

   (a) Hostage Incident – Any situation where a suspect is holding a person(s) against his or her will by bodily force or the threat of bodily injury or death;

(b) Barricaded persons– An armed suspect is wanted on criminal charges or for mental commitment proceedings and has assumed a position that provides him with significant tactical advantage over officers attempting to make an apprehension;

(c) Suicidal Suspect – An armed subject who appears to be an imminent threat to him/herself or other and has assumed a position which provides him/her with a significant tactical advantage over officers attempting to make an apprehension.

(d) Search Warrants/Arrest Warrants– Where armed resistance is likely during the service of such warrants or where the service of such warrants requires the use of specialized tactics and equipment not available to other officers;

(e) Surveillance/stake-outs – Where the crime is a felony or a crime of violence and information exists that the suspect(s) may be armed and the use of specialized tactics or equipment is required.

(f) Woodland search – Where an armed suspect is wanted on criminal charges or for mental commitment proceedings and taken refuge in a wooded or rural area and has been surrounded by police officers.

(g) Civil disorder/high risk demonstration – Any civil disorder where the skills or equipment of the SRT can assist in maintaining peace and order and achieving department objectives, or any high risk demonstration or parade where violence is possible.

(h) Dignitary protection – whenever a visiting dignitary may require security while in our jurisdiction.

(i) Search and rescue – to assist another Division with locating a missing person, particularly in a wooded area.

(j) Assistance to other law enforcement agencies – where any of the above mentioned conditions exist and any law enforcement agency requests assistance in accordance with state law, or where any federal or state agency requests assistance within the jurisdiction of the Huntersville Police Department. The Chief of Police or designee, and in accordance with state law, must approve requests for assistance outside the territorial jurisdiction of the department.

M. DEPLOYMENT LOGISTICS

1. Once the determination is made that the SWAT Team is to be deployed the SWAT Command Staff member in charge of the operation will contact the Communications Center and request that a notification be sent to all SWAT Team members. This notification will include specific information provided to the Communications Center by the SWAT Command Staff member.

2. Once on the scene, the ranking SWAT Team member will serve as the Tactical Commander until relieved by a higher ranking Team member. If immediate action is required, the on-scene Tactical Commander will initiate the appropriate response action. If immediate action is not required, the SWAT Team member will stabilize the situation pending the arrival of a SWAT Tactical Team Leader, or the SWAT Tactical Team Commander.

3. The Watch Commander may act as the Incident Commander until relieved by a member of the appropriate command staff. The Incident Command System (ICS) will be initiated and applied accordingly.

4. Tactical decisions are the primary responsibility of highest ranking SWAT Team member on the scene and should be made jointly with the Incident Commander where circumstances permit.

5. The Crisis Negotiators will be contacted whenever the SWAT Team is deployed for hostage, suicide, or barricaded subject, and warrant service situations. Negotiators may be contacted in other situations as deemed appropriate by the Incident or SWAT Tactical Team Commander.

6. In most situations, crisis negotiators will not respond to an incident without SWAT Team Tactical Officers. It may be appropriate for negotiators to respond with patrol officers in situations such as person threatening suicide by means that are not dangerous to others. However, after arriving on the scene and evaluating the conditions, the negotiator may request assistance from the Tactical Officers.

   Example: An unarmed person threatening to jump from a building or bridge.

7. The Tactical Medics will be notified in every situation in which the SWAT Team is deployed and will respond according to their agency's SOP.

8. Team members who are not required to report immediately must be prepared to response to the scene and relieve other SWAT personnel as the need arises.

9. In deploying new Team members, all supervisors will consider whether the officer has received required training, and displayed proficiency in a particular skill or piece of equipment, prior to assigning the officer to a position during an operation. A supervisor will not assign a Team member to a task for which the Team member has not been trained or for which the Team member has not demonstrated proficiency. If this occurs, the Team member is responsible for informing the supervisor that that have not been trained for the assigned task.

N. RADIO PROTOCOL

1. As soon as practical, all radio communications pertaining to a SWAT incident will be designated a specific talk group. A dispatcher will staff this channel, and all radio traffic will be recorded.

O. SUPPORT SERVICES

1. During the initial deployment phase, notification of relevant support services may include, but are not limited to Fire Department, police canine, helicopter, investigations, crime scene search, and MEDIC.

2. During a tactical team deployment the communication with other departments and/or agencies will be handled by the Communications Center or direct by the on-scene Tactical Commander via cellular telephone or radio. Radio communications should be handled on a frequency other than the one selected as the primary talk group for the tactical operations.

P. ESTABLISHMENT OF SCENE PERIMETERS

1. On incidents that are not pre-planned by SWAT personnel the responding patrol units will be responsible for the initial containment of the structure or incident location. Upon the arrival of SWAT personnel, the patrol units/officers will be relieved of their duties relevant to the actual containment of the incident scene or structure; however, patrol will remain responsible for manning the inner and outer perimeters to include traffic and pedestrian restrictions. Decisions pertaining to the inner and outer perimeters of an incident location will be made by the On-Scene Commander/Incident Commander in consultation with the Tactical Commander.

Q. EVACUATION OF BYSTANDERS AND INJURED PERSONS

1. The evacuation of bystanders, residents adjacent to an incident location and injured persons is ongoing and will be based upon such criteria as the general nature of the incident, type of weapons involved, the population density surrounding the incident location, any indication of a chemical or biological agent, prior actions on the part of the suspect (s) that would necessitate the movement of people from the area and the nature and extent of injuries involved. Prior to the arrival of the SWAT, this will be the responsibility of the Incident Commander, except for those individuals who cannot be evacuated without compromising officer safety. In those cases, the person should be advised to remain in place until the SWAT arrives with the equipment necessary to effect the safe movement of the individual. A person should only be moved if it can be accomplished without risking the safety to any responding officers.

R. SEARCH AND RESCUE OPERATIONS

1. Officers assigned to the tactical unit of the SWAT have been trained and equipped to assist with woodland tactical operations. Training in woodland tactical operations will be included in the annual training curriculum for the unit to ensure operational readiness.

2. Requests for deployment of the Team, in reference to woodland tactical operations, will follow the same procedures as outlined in Section L of this Directive.

3. If the scope or duration of the operation requires the use of resources outside of the Huntersville Police Department, the Incident Commander for the event will need to reference the Huntersville All Hazards Plan and follow the procedures established for a search and rescue operation and will request the assistance of a qualified and training search and rescue team.

S. ROLES AND RESPONSIBILITIES OF CRISIS NEGOTIATORS

1. The role of the police crisis negotiators is to establish communication with a suspect and, through a process of negotiation, convince the person to cease their action and surrender to police custody before further harm is done to themselves or others. Crisis negotiators will be utilized during hostage situations, barricaded persons, and other incidents in which the use of a trained negotiator would prove beneficial. Support personnel will be provided to assist crisis negotiators when necessary.

2. Crisis negotiators will be deployed in two-officer teams and are considered as adjunct members of the SWAT for administrative and deployment purposes. However, during deployment to a high-risk situation, negotiators will be under the direct command and control of the Incident Commander.

3. Crisis negotiators will coordinate and control all communication between the suspect(s) and police personnel. The following guidelines shall be strictly adhered to:

   (a) Trained police crisis negotiators should conduct negotiations in any barricaded subject, hostage situation or other high-risk incident. Members of a suspect's family, friends, clergy, mental health professionals, or other relevant persons may be utilized as information and intelligence resources, but may not directly participate in any negotiation without the approval of the Incident Commander;

   (b) No police personnel or other persons shall be traded as hostages;

   (c) No weapons, alcohol, drugs, or transportation will be provided to the suspect(s); and

   (d) Any concessions to the suspect(s) must have the prior approval of the Incident Commander.

4. Every effort will be made to prevent a hostage situation from becoming mobile. Should the situation become mobile despite police efforts, the Incident Commander will ensure that the number of

pursuit/surveillance vehicles used is adequate, and that necessary security and control has been established for anticipated travel routes.

5. The Crisis Negotiation Team Commander will monitor the negotiations process and relay pertinent information to the SWAT Tactical Team Leader and Incident Commander. SWAT members will have the capability for direct radio communication with crisis negotiators.

T. OPERATION DEBRIEFING

1. As soon as practical following the termination of a SWAT involved operation, an incident debriefing and critique will be held. If necessary, all elements involved in the incident should be present; including, but not limited to, participating SWAT Team members, Department command staff, communications personnel, support services, patrol, and investigations.

2. In addition to the critique, a member of the SWAT Team command staff who was involved in the operation will be designated to complete a written summary of the incident. The summary will include such information as the details leading up to the incident, SWAT Team deployment, operational commands and actions while on the scene and should include a copy of all relevant offense reports.

3. A SWAT Supervisor will be designated to complete all necessary administrative paperwork related to the direct actions of SWAT Team members such as Raid and Search Reports and Use of Force documentation. Paperwork relevant to other officers on the scene will be handled by the appropriate Departmental Chain of Command.

U. AUTHORIZATION FOR THE USE OF TACTICAL FORCE

1. SWAT members are expected to maintain firearms discipline, and except for that action which an officer reasonably believes is necessary in the immediate defense of human life, authorization to resolve the incident by the tactical application of force must be granted by the Incident Commander.

2. The use of precision rifle fire by an SWAT member as part of a tactical operation to resolve a high risk incident by force will be a command decision based upon an assessment of the events that have occurred or are occurring, and the risk to life posed by a failure to take immediate action. The Incident Commander will make this decision. An SWAT member may employ deadly force without command approval only when emergency action is necessary in the immediate defense of human life.

3. The use of chemical agents in high-risk situations must be authorized by the Incident Commander, with due consideration given to the risk of fire and potential injury to involved persons. Fire and medical support should be pre-positioned in a stand-by location to promptly render any necessary assistance once the tactical operation has been concluded.

4. The Incident Commander will consult with the Chief of Police prior to terminating negotiations and/or authorizing tactical action by the SWAT to resolve the incident by force. In all situations however, the Incident Commander will retain full authority to order emergency action by the SWAT as necessary to eliminate a direct and immediate threat to human life.

5. Consistent with the purpose and mission of the SWAT, the use of force by team members will be limited to that which is reasonably necessary to protect human life and effect the apprehension of the suspect(s). In all instances, SWAT members shall fully comply with State law and departmental policies governing the use of force.

V. SWAT TACTICS, PLANS AND CAPABILITIES

1. The SWAT Tactical Team Commander, in association with the SWAT Tactical Team Leader, may develop specific tactical plans for the SWAT response to high risk incidents, as well as for the utilization of specialized weapons, equipment and capabilities. Tactical plans are subject to review and approval by the Chief of Police, and will be disseminated only to authorized personnel.

2. In order to protect the physical safety of SWAT members and preserve the integrity of tactical operations during high-risk incidents, SWAT tactics, plans and capabilities will be considered confidential. Supervisory personnel and other members of the Department will be kept informed on a "need-to-know" basis as required to carry out their assigned responsibilities.

3. Except as specifically authorized by the SWAT Tactical Team Commander, Crisis Negotiations Team Commander or the Chief of Police, members are strictly prohibited from disclosing any information related to SWAT operations, plans or capabilities to any person.

W. GUIDELINES FOR RESPONDING TO HIGH RISK INCIDENTS

1. Initial Responding Officer(s): Once it has been determined that a high risk incident as defined by this Order exists or is likely, the initial responding officer(s) should avoid confrontation, if possible, and observe the following guidelines:

   (a) Contain and isolate the suspect(s);

   (b) Request supervisory assistance;

   (c) Maintain firearms discipline. Immediate action necessary to protect human life will be in accordance with prevailing law and departmental policy governing the use of force;

   (d) Depending upon the situation, responding back-up officers should be advised as to the use of emergency lights/siren and means of approach in order to prevent the situation from escalating and to protect responding units.

2. Watch Commander: The field supervisor will respond to the scene to confirm the existence or potential of a high risk situation and determine what immediate action is warranted as follows:

   (a) Notify higher level command personnel as required;

   (b) Establish an inner perimeter and ensure that adequate personnel are assigned to prevent the access and/or egress of suspects and other unauthorized vehicular and pedestrian traffic;

   (c) Take steps to evacuate safely all injured persons, if possible. Consideration must be given to the potential danger to rescuers;

   (d) Begin the evacuation of all civilians beyond the outer perimeter;

   (e) Ensure that needed Fire and/or EMS units respond and stand by at a safe location.

3. Incident Commander: The highest ranking officer on the scene will assume overall command and control of the incident, and shall:

   (a) Ensure that an inner and outer perimeter are established and that all civilians are evacuated beyond the outer perimeter;

   (b) Establish a field command post, located in a secure area between the inner and outer perimeter, from which all police operations will be conducted;

(c) Order the deployment of the SWAT and/or Negotiators through the Communications Center, as necessary;

(d) Ensure notification of other necessary persons and units within and outside the Department, including higher level command officers, and other resources necessary to control the situation, to include any specialized surveillance equipment or vehicles;

(e) Establish liaison with the SWAT Tactical Team Commander and Negotiation Team Commander and coordinate all tactical operations and negotiations;

(f) Designate radio talk groups to be utilized during the incident by agency personnel and any outside assisting agencies;

(g) Designate additional personnel as required to coordinate necessary support functions such as background intelligence, logistics, record keeping, communications, media liaison, outer perimeter security, and traffic control;

(h) Establish liaison with the news media and designate a media assembly point outside the outer perimeter.

4. The SWAT Tactical Team Commander is responsible for the following:
   (a) Coordinate the deployment of SWAT members to secure the inner perimeter and control the movement of the suspect(s);

   (b) Formulate an emergency tactical action plan for approval by the Incident Commander;

   (c) Relay intelligence information gathered by SWAT members to the Incident Commander and Crisis Negotiation Team Commander;

   (d) Develop options/plans for tactical resolution of the situation and make recommendations to the Incident Commander for any specific tactical actions that are deemed necessary and appropriate;

   (e) Direct all tactical operations conducted by the SWAT as authorized by the Incident Commander;

   (f) Maintain a tactical log recording critical information relative to the process.

5. The Crisis Negotiation Team Commander is responsible for the following:

   (a) Establish liaison with the Incident Commander immediately upon arrival at the scene;

   (b) Coordinate efforts to establish a secure, police controlled communications link with the suspect;

   (c) Designate a primary negotiator for the incident;

   (d) Attempt to stabilize, de-escalate and resolve the situation through a process of strategic negotiation; make recommendations to the Incident Commander for any specific actions that are deemed necessary and appropriate;

   (e) Relay pertinent intelligence information gathered by negotiators to the Incident Commander and SWAT Tactical Team Commander;

(f) Maintain a negotiation log recording critical information relative to the process.

A. POLICY/PURPOSE

1. The Police Department supports the intent of NCGS 15A-825 which establishes certain legal rights of crime victims and witnesses. Departmental employees must make every reasonable effort to assure that the rights and safety of victims and other witnesses are protected, and that such persons are treated with fairness, dignity, and compassion. Agency members should be particularly sensitive to the special needs of the victims and families of crimes such as domestic violence, child abuse, sexual assault, and abuse of the elderly because of their effect on the delicate structure of the family unit and the community in general. Victims and witnesses who come into contact with our agency will be informed of appropriate support agencies or resources that may be available to provide needed assistance and services.

2. All victims and witnesses will be treated by Huntersville Police Department employees with compassion, fairness, dignity, and respect. Victims and witnesses will be informed of assistance available from the Department, other elements of the criminal justice system, and community service agencies. Surviving family members and loved ones of the victim may be considered among victims as well.

3. The purpose of this Directive is to establish a written directive which describes Department policy and procedures for providing assistance to persons who are crime victims or witnesses.

B. DEFINITIONS

The following definitions are for the limited purpose of this Directive and may not apply in all other cases:

1. Victim: person who suffers physical, financial, or emotional harm as a direct result of a crime committed upon his or her person or property.

2. Witness: a person who has information or evidence relevant to the investigation of a crime.

3. Victim Advocate: trained personnel of the individual community services agencies to which victims and witnesses are referred for specified assistance.

4. Victim Information: the information that is provided to victims and witnesses during preliminary investigations, and upon arrest and post-arrest of a suspect, regarding services available to assist them.

5. Referral: informing the victim or witness of appropriate support agencies or resources available to assist them.

C. ADMINISTRATION

1. The Criminal Investigations Division Commander shall have primary functional responsibility for the overall administration and coordination of the department's victim & witness assistance program.

2. The Criminal Investigation Division Commander or designee shall be responsible for establishing and maintaining liaison with other appropriate public and private organizations that provide victim/witness assistance services, and for coordinating the provision of relevant training for Department personnel. **[CALEA 55.1.1d]**

3. All agency personnel will have a shared responsibility to ensure that the goal and objectives of the victim/witness assistance program are met in accordance with State law and the provisions of this Order.

4. The primary goal of this Directive is to ensure that crime victims and witnesses receive professional handling consistent with their important investigative and prosecutory role. It is the responsibility of our agency to ensure that victims and witnesses of crimes are informed of appropriate services and resources that may be available to assist them, not only from our Department, but also from other public and private organizations. This goal will be met through the following activities:

    (a) Providing initial and periodic update training to all Department members regarding their role and responsibility in providing victim/witness assistance;

    (b) Treatment of all victims and witnesses with fairness, compassion and dignity;

    (c) Providing information about community services listed in the *Victim Services Information Sheet*, that are available within our service area, and the type of assistance that they can provide to victims and other witnesses, including, but not limited to:

        (1) Medical assistance;
        (2) Temporary shelter or protection;
        (3) Emergency food and clothing;
        (4) Victim compensation;

(5) Elderly assistance;
(6) Civil remedies;
(7) Legal assistance.

Information regarding victim/witness assistance supplied by the agency directly and referral information regarding services offered in the agency's jurisdiction by other organizations (governmental or private sector) for victims/witnesses will be available 24 hours a day from a single point of contact. **[CALEA 55.2.1]**

D. NORTH CAROLINA CRIME VICTIMS RIGHTS ACT

1. NCGS Chapter 15A, Subchapter VIII-A***,*** *Rights of Crime Victims and Witnesses*, summarizes the legal rights of victims and witnesses in North Carolina. In accordance with GS 15A-830, victims of identified crimes will be notified of certain rights pertaining to medical services, compensation funds, investigating officers, prosecutors, arrests, and pretrial release of defendants. A detailed listing of the crimes identified by this statute is found in Addendum A of this Directive. **[CALEA 55.1.1e]**

E. VICTIM SERVICES RENDERED DURING PRELIMINARY INVESTIGATION

1. The officer responsible for conducting the preliminary investigation shall:

   (a) Give information to the victim/witness about applicable services that are available such as counseling, medical attention, compensation programs or emergency financial assistance, and victim advocacy. This can be accomplished by providing the person with a *Victim Services Information Sheet (*see Addendum B), **[CALEA 55.1.1a; 55.2.3a]**

   (b) Advise the victim/witness about what to do if the suspect or the suspect's companions or family threatens or otherwise intimidates him or her; **[CALEA 55.2.3b]**

   (c) Inform the victim/witness about the case number, if known by the agency, and subsequent steps in the processing of the case; **[CALEA 55.2.3c]**

   (d) Provide a telephone number that the victim/witness may call to report additional information about the case or to receive information about the status of a case. **[CALEA 55.1.3a, 55.2.3d]**

2. In cases where the person is the victim of a crime included in Addendum A of this Directive, the officer shall provide the victim with a *Victim Services Information Sheet.*

3. The initial reporting officer will indicate in the original report that the victim has received this information and will indicate if the victim wishes to receive further notices from the Department. If the victim elects to receive further notices, the victim will be responsible for notifying the Department of any changes in the victim's name, address, and telephone number.

4. Supervisors will monitor case investigations to ensure victim/witness procedures are being completed.

F. NOTIFICATION OF NEXT OF KIN [CALEA 55.2.6]

1. When it becomes necessary to notify next-of-kin of persons deceased, seriously injured, or seriously ill, officers will do the following:

   (a) Whenever possible, allow hospital medical personnel to make the notification. If the hospital is unable to do so, the highest ranking officer or designee will make the notification.

(b) When practical, a Department Chaplain or other minister will be called to assist with the notification.

(c) The same procedures will be used when an outside agency requests a notification be made.

2. Huntersville Police Department personnel notifying next-of-kin will do so in person and not by telephone.

G. VICTIM SERVICES RENDERED DURING FOLLOW-UP INVESTIGATION

1. The assigned follow-up investigator will attempt to re-contact the victim within a reasonable period of time of the investigator's initial contact to determine whether further assistance is required. Periodic contact will be made in rape and other serious offenses where the investigator feels the impact of a crime has been unusually severe and has triggered above-average need for victim/witness assistance. The purpose of subsequent contacts would be to determine if the needs of the victim/witness are being met. **[CALEA 55.1.1a; 55.2.4a]**

2. The investigator will explain to the victim/witness the procedures involved in the prosecution of the case and their role in these proceedings, as well as ensure copies of incident and supplemental reports are forwarded to the prosecutor's office, if required. Information will not be released that may compromise or endanger the successful prosecution of the case. **[CALEA 55.1.1a; 55.2.4b,f]**

3. Whenever possible, the investigator will schedule line-ups, interviews, and other required appearances at the convenience of the victim/witness. If necessary, the investigator may provide transportation for the victim and/or witness. **[CALEA 55.1.1a;55.2.4c]**

4. A secure waiting area will be provided for the victim and other witnesses during arrest, pre-arrest, and post-arrest procedures, to insure that they do not come into close proximity to suspects unless necessary for the investigation. **[CALEA 55.1.1b]**

5. The investigator shall honor a victim/witness request for the presence of a victim advocate during line-ups or similar proceedings, and shall assist the victim/witness in locating an advocate through Mecklenburg County or other authorized sources. **[CALEA 55.2.4e]**

6. When appropriate, the investigator will seek the victim/witness employer's cooperation with the investigation to minimize the employee's loss of pay or other benefits resulting from the investigation.

7. The investigator will facilitate the return of property belonging to victims/witnesses as promptly as possible when it is determined that the property is no longer needed as evidence and where permitted by laws or rules of evidence. **[CALEA 55.2.4d]**

8. In cases where the individual is the victim of a crime listed in Addendum A of this Directive, the investigator shall, within seventy-two (72) hours, contact the victim and inform them that their case has been assigned and document such in the records management system.

9. Investigators will make every effort to notify the victim or victim's family to provide relevant information regarding the progress of the investigation. The investigator should notify those concerned of arrests and significant developments in a timely fashion and document such in the records management system. **[CALEA 55.2.5]**

H. RESPONSIBILITY OF THE CRIMINAL INVESTIGATIONS DIVISION

1. The supervisor of the Criminal Investigations Division, or designee, will maintain liaison with other criminal justice agencies, governmental and non-governmental agencies/organizations concerned with victim/witness needs and rights. Liaison may be initiated by letter, telephone, or personal contact.

I. REVIEW OF VICTIM/WITNESS NEEDS AND SERVICES [CALEA 55.1.2]

1. The Criminal Investigations Division Commander, or designee, at the direction of the Chief of Police, may complete documented review of victim/witness assistance needs and available services within the agency's service area at least once every two years.

J. VICTIM/WITNESS ASSISTANCE TRAINING FOR AGENCY PERSONNEL

1. The Criminal Investigations Division Commander will be responsible for coordinating the provision of initial training to all agency personnel in carrying out the victim/witness assistance program. This training will enable employees to provide informed answers to questions from the public about the victim/witness services offered by our agency and other community organizations. Supplemental training will be conducted through roll call sessions on an as-needed basis.

2. All sworn personnel are provided with training in sensitivity and responding to the needs of victims and witnesses during Basic Law Enforcement Training. In addition, new officers are instructed in the Department's victim/witness policy and procedures during field training.

3. A complete listing of victim/witness service agencies in our area and the type of assistance that they provide will be made available to all Department members to assist them in making victim/witness referrals.

K. VICTIM/WITNESS PROTECTION [CALEA 55.2.2]

1. The Huntersville Police Department will provide appropriate assistance to victims/witnesses who have been threatened or who, in the judgment of the agency, express specific, credible reasons for fearing intimidation or further victimization. Under North Carolina law, it is illegal to threaten injury or destruction of another's property or threaten, menace, or in any other manner, intimidate a person who is summoned or acting as witness in a court.

2. Victims and witnesses should be directed to dial 911 if they feel that they are in immediate danger from a suspect or the suspect's associates, and an officer will be dispatched. The victim or witness should contact the assigned follow-up investigator if they feel they are being harassed or intimidated, but no immediate danger exists.

3. The level of protective assistance provided must be evaluated based on the nature of the case, the danger faced by the victim/witness, and by the resources available to the agency. Protective assistance could include protective custody of the victim/witness, re-arrest of the offender, or other security measures as deemed appropriate by supervisory personnel.

4. Protection from domestic violence is available to victims under NCGS Chapter 50B (see Directive 12.02 (Domestic Violence).

5. If the Department becomes aware of danger to a victim or witness, the investigating officer should promptly attempt to contact and alert the victim/witness. When the victim/witness is located in another

jurisdiction, the appropriate agency should also be contacted and informed of the situation, and requested to take reasonable precautions.

L. VICTIM/WITNESS ASSISTANCE TO AGENCY PERSONNEL

1. Victim/witness assistance services rendered to agency personnel and their families following line-of-duty deaths or serious injuries shall be in accordance with Directive 1.25 (Line of Duty Deaths and Serious Injuries).

M. PUBLIC INFORMATION / CASE INFORMATION

1. All members of the department shall have a general responsibility to inform the public and the media about the agency's victim/witness services, pursuant to the Department's media relations Directive 2.17 (Media Relations). **[CALEA 55.1.3c]**

2. A defendant in a criminal case has a right to access to certain information in the State's case against him through a legal process called "discovery." Procedures for the discovery process are set forth in NCGS Chapter 15A, Article 48. In order to ensure the confidentiality of victims/witnesses and their role in case development, the release of information contained in law enforcement investigative files to a criminal defendant or his/her attorney must be coordinated through and authorized by the District Attorney having responsibility for prosecuting the case. **[CALEA 55.1.3b]**

3. The Criminal Investigations Division Commander may conduct public information activities related to victim/witness assistance, to include public presentations to community groups and civic clubs, and neighborhood organizations, and release of information to the media. Members may also publicly distribute brochures and related materials pertaining to victim/witness assistance topic areas such as child abuse, rape crisis, family violence, and sexual assault. Brochures for distribution may be available from the following organizations or agencies:

    (a) Crime Prevention Division, NC Department of Crime Control & Public Safety;
    (b) State of North Carolina, Office of the Governor;
    (c) North Carolina Department of Human Resources;
    (d) United States Department of Justice;
    (e) North Carolina Victim Assistance Network;
    (f) Local Community Services; and
    (g) Publications developed by the Police Department.

By Authority of:

Cleveland L. Spruill, Chief of Police

A. POLICY/PURPOSE

1. The purpose of this directive is to establish procedures for receiving, recording, handling, storing, and disposing of property and evidence coming into this Department's possession.

2. Regarding property and evidence, it is the policy of this Department to safeguard the rights of property owners, to provide a strong evidentiary chain of custody for prosecutions, to safeguard and clearly document property, and to protect the integrity of this Department and its employees.

B. DEFINITIONS

The following definitions are for the limited purpose of this Directive and may not apply in all other cases:

1. Property Manager: is the person responsible for the property and evidence control function of the department. The Property Manager will be a police supervisor appointed by the Chief of Police and is identified through the Department's Personnel Directives.

2. Property Custodian: is the person assigned the primary responsibility of the activities and day-to-day responsibilities of the property and evidence control system of the department. The Property Custodian maintains control and custody of the keys, access and security of the evidence and property control rooms and storage areas. The Property Custodian is an employee or officer of the Department appointed by the Chief of Police and is identified through the Department's Personnel Directives. The Property Custodian reports to and is accountable to the Property Manager in regards to property and evidence control matters regardless of his/her fulltime personnel assignment.

3. Alternate Property Custodian: are persons assigned to assume the responsibility of the property and evidence control duties of the department in the absence of the primary property custodian. The Alternate Property Custodian(s) is an employee or officer of the Department appointed by the Chief of Police and is identified through the Department's Personnel Directives. The Alternate Property Custodian reports to and is accountable to the Property Manager in regards to property and evidence control matters regardless of his/her fulltime personnel assignment.

4. Property Control Area: areas under the direct control of the property custodian that are designated as secure storage areas.

5. Evidence: an item of property seized, collected or received by the Department that is related to a case under investigation and is believed to be related in some way to a crime or suspected criminal offense; evidence also includes property seized pursuant to search warrants.

6. Custody: is property that is found, taken into custody for safekeeping, abandoned property, contraband not connected with a criminal offense and property submitted for any other reason that does not include use as evidence.

7. Drop-Locker: a temporary holding facility provided to maintain secure control of evidence until such time as the Property Control Officer is on-duty or available to take custody of evidence.

8. Found Property: a lawful item of property, the control of which is assumed by the Police Department for the purpose of return to the rightful owner.

9. Safekeeping Property: an item that is taken into temporary police custody for reasons other than evidence or found property.

C. RESPONSIBILITIES

1. The Property Custodian will be responsible for the departmental evidence and property control function, and will be accountable for the control of all property and evidence accepted by or stored in the Department's property control areas. One or more alternate property custodians may be designated by the Department to temporarily assume this responsibility in the absence of the Property Custodian. The Property Custodian reports directly to the Property Manager regarding matters of property and evidence control.

2. The Huntersville Police Department will adopt the following procedures for receiving, handling, and disposing of property which is acquired or in-custody property that has been recovered or seized by officers or employees of the Department. When property is seized, recovered or otherwise received by a member of this Department, that member is responsible for:

   (a) Properly submitting the items into the property system;

(b) Completion of all necessary and related reports, including but not limited to:

(1) Determining the classification of the property;
(2) The Huntersville Police Property Report;
(3) Case narrative report or miscellaneous incident report:

(a) Case narrative reports or miscellaneous incident reports are not required for all found property. Case narrative reports are required for any found property that is involved, or appears to be involved with criminal activity. Example: firearms, wallets, jewelry, etc.

(b) Case narrative reports or miscellaneous incident reports are not required for found property that does not appear to be involved in, or linked to criminal activity. Examples: personal clothing, car parts, and small amounts of drugs and/or other illegal substances where the owner is unknown.

(c) Officers should consult their immediate supervisor if there is any uncertainty as to whether or not a case narrative report or miscellaneous incident report is required for found property.

(4) Charlotte-Mecklenburg Police Department (CMPD) or North Carolina State Bureau of Investigation (SBI) laboratory submission form (if applicable); and
(5) Any other appropriate documents.

3. All property and evidence received by departmental personnel will be properly submitted to the property control system prior to ending the tour of duty on which such property or evidence was received. This will include marking, labeling, packaging and sealing the evidence as well as completion of the Huntersville Police Property Report (see Addendum A). **[CALEA 84.1.1a,b]**

4. Officers receiving or taking custody of property under circumstances in which the rightful owner is unknown will make diligent efforts to identify and notify the owner that the property is in the custody of the Department. When such property has yet to be entered into the property function and circumstances permit the release of the property, officers will make a reasonable effort to return the property to its rightful owner. **[CALEA 84.1.1f]**

5. Only authorized personnel will have access into the secured storage areas. Entry into the secured storage areas, by persons other than the primary and alternate property control officer, will be documented on Evidence Storage Area Entry Log.

6. Officers seizing or receiving any property or evidence shall accurately and legibly complete a Huntersville Police Property Report plainly indicating on the form why the property is being submitted by classifying it evidence or custody. Inaccurate or incomplete reports shall be returned to the submitting officer's immediate supervisor for correction. The original copy will be provided to the Property Custodian along with the property or evidence. The chain of custody from the time the property is received stored until its destruction is logged on the Huntersville Police Property Report. **[CALEA 84.1.1c]**

7. All property that is acquired through the civil process function or asset forfeiture proceedings will be accounted for in agency records; and will be disposed of by the agency pursuant to legal authority. **[CALEA 84.1.8]**

8. Property and evidence will be properly packaged, labeled and submitted directly to the Property Custodian during normal business hours. Outside normal business hours, or when the Property Custodian is

unavailable, officers will deposit property and evidence into the drop-lockers adjacent to the main evidence storage room. Items too large for the drop-lockers may be placed in the designated temporary secure storage area(s) located at the rear of the Police Department. Another alternative for such objects is to call-in the Property Custodian to take immediate possession of the evidence/property.

D. PACKAGING AND LABELING PROPERTY AND EVIDENCE [CALEA 84.1.1d]

1. For evidence to be accepted in court, it is essential that the chain of evidence be properly maintained. The initial step in this process is marking, packaging and labeling the item at the time it is collected, seized or received.

2. It is the responsibility of the submitting officer to properly process all property being submitted (i.e. tagged, marked, packaged, sealed, documented and recorded). Property that is not properly processed will not be transferred into the property system until processing is complete. In such cases the Property Custodian will notify the submitting officer's immediate supervisor so that arrangements can be made to complete the processing.

3. Labeling can be accomplished by writing directly on items of evidence, writing directly on packaging (envelopes, paper bags, plastic bags, boxes, etc.) that contain evidence, or affix a tag to the package containing the evidence. All evidence must be labeled to include the following information:

   (a) Case number;
   (b) Brief description of package contents;
   (c) Owner information;
   (d) Type of crime property is related to;
   (e) Officer name and HP number;
   (f) Date and time property was packaged/submitted.

4. Packages containing evidence (envelopes, paper bags, plastic bags, boxes, etc.) must be sealed with clear tape. The submitting officer shall place his/her initials and HP number on the package in such a manner that part of the marking is on the package and part of the marking is on the tape used to seal the package.

5. Firearms, narcotics and drugs and valuables are to be packaged separately with no more than one item per package. Other items may be packaged together provided there is not issue of cross contamination and the Huntersville Police Property Report details each and every item contained in the package. Narcotics/drugs should be handled with disposable latex gloves and secured in an approved manner

6. Large items and certain types of evidence, such as bicycles, perishable items, etc., may not be easily packaged. Such items must have a tag affixed to the item in lieu of being packaged. When tags are used instead of packaging, officers must complete all pertinent information on the tag. If the item tagged requires further examination for physical evidence, the item must be packaged or protected in such a way to prevent the possibility of cross contamination or loss of evidence.

E. PACKAGING FOR SPECIFIC TYPES OF PROPERTY

1. Biological evidence:

   (a) When submitting items suspected of containing DNA materials the submitting officer will indicate this in the provided space on the Huntersville Police Property Report. All items of evidence containing DNA

evidence shall be air dried and packaged in paper containers prior to submission to the evidence control officer.

(b) Items containing DNA evidence shall be packaged and maintained in such a manner as to prevent cross contamination.

(c) Liquid blood samples collected for comparison purposes shall be kept under refrigeration prior to submission to the crime lab being utilized by the Department.

(d) Sexual assault kits shall be collected and submitted in accordance with guidelines established by the crime lab being utilized.

(e) Urine, blood, and other body fluid specimens will be placed in an approved and sealed biohazard container and placed in temporary storage in the refrigerator and secured. Disposable rubber gloves should be used if there is any risk of leakage. The submitting officer is responsible for ensuring that a biohazard label is affixed to any package, container or device containing a biohazard material as a way to warn potential handlers.

(f) The submitting officer is responsible for ensuring that a biohazard label is affixed to any package, container or device containing biohazard material as a way to warn potential handlers.

2. Found Property:

(a) Found property shall be handled generally the same as evidence. The Huntersville Police Property Report shall be completed using the same guidelines. Officers receiving found (non-evidentiary) property will first attempt to locate the rightful owner before entering it into the property control system. All attempts to locate the rightful owner should be documented in the case report, CAD system, or other appropriate departmental form. If the property owner is located before going off duty, the property may be released to the owner at that time. Otherwise, the property shall be handled the same as evidence in transferring custody to the Property Custodian. Unlike evidence, however, found property may be returned to the rightful owner at any time.

(b) Bicycles, motorbikes, mopeds, and the like shall be placed into the secure area designated for this purpose or secured in accordance to Department practices for that purpose by the investigating officer. Other found property items that are too large for the main property/evidence storage room or drop lockers shall also be placed in the same area.

(c) Investigating officers should make every attempt to locate the rightful owner of all found property. North Carolina law provides that if the rightful owner cannot be located within 180 days (60 days for bicycles), the finder has the right to claim the property (with the exception of weapons.) For this reason, investigating officers shall determine whether or not the finder wishes to keep the property if the rightful owner cannot be located and include this information in the original evidence/property report. If no claim is made, the property (except weapons) will be sold at public auction or otherwise disposed of in accordance with law.

(d) Found property released to owners or finders will be recorded on the departmental property control form and signed by the receiving person.

(e) Although found property is submitted to property control for storage, investigating officers are to continue attempts to locate the rightful owner, and cooperate fully with the Property Custodian in making an appropriate disposition of the item(s) in accordance with this Order.

3. Money:

(a) Money held as evidence will be released to the rightful owner upon completion of the court case and upon approval of the investigating officer and prosecutor. Money that is found may be released to the finder in accordance to State law under the following conditions:

(1) A reasonable effort has been made to locate the actual owner of the property;

(2) Efforts to locate the owner have been documented;

(3) The owner has not been located or was located and failed to claim the property and such information is documented.

(b) Upon releasing the money, the Property Custodian will open the sealed package in the presence of the owner or finder and count the contents together with the owner or finder. If there is any discrepancy, the money will not be returned at that time. The Chief of Police is to be notified immediately for further instructions.

(c) The person receiving the money will sign the electronic signature pad acknowledging receipt of the money. The final disposition of money will be noted in the computerized property log.

4. Firearms and Ammunition:

(a) Recovering officers will *assure* that firearms are unloaded and, if turned in during hours that the Property Section is open, will demonstrate to Property staff that firearms are unloaded. *If turning in firearms after hours, the approving supervisor will personally verify that the weapon is unloaded.*

(b) Each gun will be packaged separately *in a gun box*. *Guns will be secured in the box with nylon ties (locking end inside the box) and if available further secured by placing a trigger guard through the barrel.* ***Officers will note, preferably in black marker, on the outside of the box "UNLOADED by Officer (last name and serial number .***

(c) Firearms that are obtained in any way and for any reason by the Police Department shall not be released to anyone except upon **satisfactory proof of lawful ownership or entitlement and legal eligibility to receive or possess the items under state and federal law.**

(d) (ALL firearms received by the Police Department for any reason shall be queried via DCI/NCIC hot files. Documentation of this query and the result shall be included in the associated case file and a copy attached to the evidence record for the firearm. A Firearm Recovery Notification Form (Addendum E) must be completed for all firearms received by the Department.

(e) ALL evidentiary and found/unclaimed firearms received by the Police Department should be processed through the NIBIN system for ballistic sampling. The Property Custodian will coordinate this testing with the nearest available NIBIN terminal. Documentation of NIBIN testing will be included in the associated case file and a copy attached to the evidence record for the firearm.

(f) For firearms manufactured after 1968 or any military weapons, the investigating officer shall complete and submit an ATF Firearms Trace Request form and submit a copy along with the firearm to the Property Custodian. When in doubt, complete the form.

(g) If the serial number on the firearm has been altered or obliterated, the investigating officer shall prepare the firearm for submission to the crime lab being utilized and request that the serial number

be restored (do not attempt this in-house). Upon receiving the results of the restoration, if successful, the officer shall submit the ATF Trace Request Form and DCI/NCIC hot file query.

(h) The investigating officer shall coordinate with ATF as necessary to follow-up on the ATF trace results if the person in possession of the firearm is different from the purchaser of record.

(i) Officers shall, based on probable cause, file appropriate criminal charges for firearms violations, including but not limited to, any unlawful manufacture, sale, purchase, transfer, possession, alteration, or modification of a firearm or ammunition. ATF assistance may be requested in cases involving federal firearm violations.

(j) Any person claiming ownership or seeking the release of a firearm held by the Police Department must complete a Firearms Transaction Record (see Addendum B) and provide a verifiable photo identification. The Property Custodian shall review the completed form and verify the person's identity and eligibility to lawfully receive and possess the firearm or ammunition PRIOR to its release. This verification shall include a criminal history record check on the person via DCI/NCIC.

(k) Where applicable, the Supplemental Questions for Non-US Citizens (Addendum F) must be completed by the owner of the firearm in compliance with DCI and NICS.

(l) Upon release of a firearm, the completed Firearms Transaction Record, a photocopy of the receiver's photo ID, a printout of the NCIC/DCI criminal history inquiry result, and (where applicable) the ATF Firearms Trace result and NIBIN test documentation will be retained with the evidence record, and a copy included in the original case report.

(m) Firearms may be shipped ONLY via commercial carrier (UPS or FED-EX) overnight, insured, with adult signature required, and then ONLY to a federal firearms license (FFL) holder or a government law enforcement agency. Firearms and ammunition may NOT be shipped via the US postal service. No firearm shall be shipped to any unlicensed individual, business, or insurance company without a valid court order.

(n) The receiving FFL holder MUST provide the Police Department with a signed copy of their FFL prior to any shipment of a firearm. The signature on the copy must be in blue or red ink. In such cases the firearm may be shipped ONLY to the address shown on the Federal Firearms License.

(o) In order to ship a firearm to an outside law enforcement agency, the receiving agency MUST provide the Police Department with a written request for shipment of the firearm on agency letterhead (faxed requests are not acceptable), and also provide a copy of the original crime /incident report that establishes their jurisdiction to receive the firearm as evidence.

(p) In no case may a firearm seized or held by the Huntersville Police Department be shipped outside the United States.

(q) Firearms and other dangerous weapons that cannot be lawfully released by the agency shall be held in evidence pending a court order directing the destruction or other disposition of the weapon. It shall be the responsibility of the seizing/investigating officer to secure a final disposition of the weapon from the court.

(r) Ammunition seized or held by the Police Department will be released only upon satisfactory proof of lawful ownership and legal eligibility to receive such items. No ammunition will be released to any person who is under age 18 or otherwise prohibited by federal or state law from receiving or

possessing ammunition. Completion of a Firearms Transaction Record is not required for the release of ammunition. However, the receiver of the ammunition must furnish verifiable photo identification PRIOR to such release. Teflon-coated or armor piercing ammunition will NOT be released to any person without a valid court order.

(s) Ammunition shipped by the Police Department to a Federal Firearms License (FFL) holder or government law enforcement agency must be packaged and shipped in accordance with the prevailing law and the requirements of the particular shipping service used. In most cases, ammunition shipped by common carrier must be labeled as ORM-D (Other Restricted Material - Defined) and defined as “small arms ammunition”.

5. Perishable, Flammable, or Explosive Items:

(a) Perishable items of evidence should be submitted directly to the Property Custodian for refrigerated storage whenever possible;

(b) If the Property Custodian is not on duty, perishable evidence may be placed in the temporary refrigerated storage unit maintained adjacent to the main evidence room. Items shall be secured inside one of the individual locking compartments along with the corresponding form Huntersville Police Property Report, and the key dropped in the slot in the evidence drop-lockers where locker keys are normally deposited. Upon returning to duty, the Property Custodian will collect and transfer the evidence to the main perishable evidence storage unit inside the Evidence Room.

(c) Flammable and explosive items will not be stored in property control areas unless absolutely necessary, and then only if such storage can be safely effected. The Property Custodian shall be contacted for authorization prior to submitting such items for storage. Consultation with qualified Explosive Ordinance Disposal (EOD) personnel will be required prior to the storage of ANY explosive materials, including initiators or detonators such as blasting caps.

(d) Where feasible, flammable fuels will be removed from items of property or evidence prior to storage, and disposed of in an appropriate manner. If the fuel cannot be removed, the item must be stored in a flammable liquids cabinet or secured in some other approved manner as determined by the Chief of Police.

6. Safekeeping Property

(a) It must be understood that the Department cannot be used as a "safe deposit box" and keep items for an indefinite period of time. Safe keeping property shall be handled the same as found property and will be returned to the rightful owner within 60 days unless there is a legitimate reason that it should not be done.

(b) As with found property, the rightful owner should be given a copy of the corresponding Huntersville Police Property Report. Investigating officers will be responsible for the return of safekeeping property. If the owner does not want the property, the officer will file a supplemental report to this effect and the property will be disposed of in accordance with departmental policies as directed by the Chief of Police.

(c) Occasionally, citizens bring old ammunition, fireworks, firearms or similar items to the police department and request that it be destroyed. These requests will be honored whenever possible. An Authority to Release and Destroy Property (Addendum C) must be signed by the requesting party.

The Huntersville Police Property Report will be completed the same as all other situations showing the property chain of custody and destruction of such items.

7. Contraband/Forfeited Property

   (a) Property that is forfeited to the Huntersville Police Department will not be released to the owner or finder. Contraband will be disposed of. The Property Custodian will prepare requests for court orders describing such forfeited property and requesting that the Town of Huntersville be designated as owner.

8. Probate Property

   (a) Officers will refrain from seizing property belonging to a deceased person unless it is collected as evidence, or as a last resort for temporary safekeeping. Probate property shall be handled as safekeeping property.

9. Asset Forfeiture

   (a) Property acquired through the civil process function or asset forfeiture proceedings will be accounted for in agency property records and will be disposed of in accordance with prevailing law.

10. Employees Prohibited from Claiming Found Property

    (a) Due to potential conflict of interest or perceptions of conflict of interest, employees of the Police Department may not claim property found by them and submitted to the property room, regardless of whether the property was found on or off duty.

F. EXTRA SECURITY MEASURES FOR EXCEPTIONAL, VALUABLE, SENSTIVE PROPERTY [CALEA 84.1.1e]

1. Extra security measures will be taken to enhance security for any item book into the evidence room that is considered to be sensitive, high in value, or otherwise constitutes an increased security risk. The following types of property will be stored in separately secured cabinets, or within separately secured interior rooms, inside the main property room.

   (a) Money ($1000 or more the Property Custodian must be called out);
   (b) Jewelry, Precious Metals and Other Valuables;
   (b) Firearms; and
   (c) Drugs and Narcotics.

2. If, in the opinion of the submitting officer, other property being submitted is of great value or potentially vulnerable to claims of tampering, the Property Custodian may be summoned to personally accept the property and secure it in the designated area within the main property room. The Watch Commander must approve such requests if the Property Custodian is off duty at the time.

G. PREPARING EVIDENCE FOR LABORATORY SUBMISSION

1. Both the State Bureau of Investigation and Charlotte Mecklenburg Police Department Crime Laboratories mandate that evidence being submitted for examination, analysis, comparison, etc. meet certain requirements. These include but are not limited to the following:

(a) Physical evidence being submitted for lab examination must be accompanied by the appropriate lab's submission form;
(b) All items submitted must be in sealed packages.

H. PROPERTY AND EVIDENCE STORAGE AREAS

1. Drop Lockers **[CALEA 84.1.3]**

(a) The Department has drop- lockers available for purposes of temporarily securing property that is being submitted to the property room. These lockers are located in the wall by room number 137. When not in use the silver button on the locker will not be depressed, and the locker will open indicating that the locker is available for use. Officers submitting items to the property room may utilize any available locker to submit items to the property room, however, the selected locker should be one that is most appropriate for the size and number of items being submitted.

(b) After property has been properly processed (marked, packaged, sealed, etc.), the submitting officer will place it inside one of the drop- lockers with the corresponding Huntersville Police Property Report. The locker door is to be closed and the lock activated by pressing the silver metal button on the left side of each locker. Officers submitting property are responsible for checking the locker to insure that it is in fact secured.

(c) The Property Custodian will check the lockers each workday and remove any items that have been deposited into the lockers. The Property Custodian will formally enter the items into the property system. Upon completing the intake process for the items, the Property Custodian will close and secure all doors on the back side of the lockers, and reset all the locks on the lockers.

(d) All property being submitted to the property system must be secured in a drop-locker. Officers shall not store evidence and/or in-custody property in personal desks, lockers, briefcases, personal or departmental vehicles, private residences or other places not specifically authorized by the Chief of Police. Personal use of such property is strictly prohibited.

2. Refrigerated Storage:

(a) The property management system for the Huntersville Police Department includes several refrigerators for storage of perishable items such as blood and urine. At least one refrigerator is located in the evidence processing area for temporary storage of items until they are transferred into the main property room.

(b) A refrigerator is located inside the main property room for long-term storage of perishable items. Use of all evidence refrigerators is restricted to storage of evidence/property formally entered into the system, with the exception that the intake refrigerator may also be used to store solution for alcohol breath testing equipment.

(c) Each refrigerator has its own thermometer attached for monitoring operating temperatures, which should range from 34-42 degrees.

3. Off-Site Storage Area:

(a) The department maintains an off-site storage area as directed and approved by the Chief of Police. The storage area will be locked with a department owned lock (the keys to the locks are maintained as

directed in this General Order. This storage area shall be inspected in all inventory and procedural audits.

(b) The primary purpose of this off-site storage area is for the temporary secure storage of items that are under the control of the Huntersville Police Department property management, but not evidence. However, as a secondary purpose, items that are unsuitable by size or nature may be stored in this area with the approval of the Property Manager, in separate secured and controlled areas accessible only to the Property Custodian. No property listed under the exceptional, valuable or sensitive property shall be stored at this site.

4. Vehicles:

(a) In-custody vehicles requiring short-term temporary storage for purpose such as securing search warrants, conducting searches, etc. may be stored at any towing agency with an adequate impound area to provide the necessary security. The towing agency must be on the list of agencies pre-approved by the Chief of Police for police towing. If long-term secured storage is needed for an in-custody vehicle, the Watch Commander shall notify the Chief of Police. The Chief of Police will determine whether or not to arrange for commercial storage of such vehicles.

(b) Any officer who impounds a motor vehicle will completely fill out the Vehicle Tow In, Inventory and Storage Report as required by other applicable general orders. Copies of the Vehicle Tow In, Inventory and Storage Report will then be distributed as indicated on the form.

5. Dangerous Materials:

(a) No explosives, dangerous chemicals, unknown biological specimens, nuclear material, or other dangerous material or property are to be accepted into the property holding area. If it is necessary to submit property of a hazardous nature into evidence, the submitting officer shall notify his/her Watch Commander. The Watch Commander shall make contact with the Property Manager or, in his/her absence any Bureau Commander, before such property is placed into temporary storage. If deemed necessary, the Property Manager or Bureau Commander will make contact with the Fire Department Fire Prevention Bureau or other experts to determine safeguards necessary to insure safe storage.

6. Bicycles or Large Items:

(a) Items too large for a storage locker may be stored in the Bicycle or Large Item Storage Areas located in the secure parking area located at 9630 Julian Clark Avenue, Huntersville, NC.

(b) Keys to the BLOSA areas will be secured in the Watch Commander's office. Officers needing to place large property or evidence in the BLOSA will request the key from the Watch Commander.

(c) Officers shall tag property, complete the required forms; and complete entries into the Log Book located in the Watch Commander's office after placing any evidence in to the temporary storage cages. Prior to leaving the BLOSA, officers shall secure the individual storage area with the provided lock.

(d) After the evidence has been secured in one of the temporary storage cages located within the BLOSA, the key will be attached to the property report(s) and will be dropped into the designated drop locker located at the Property and Evidence lockers by the impounding officer(s). Do not staple or tape the property receipts to the impounded items.

(e) The Property and Evidence Custodian will return the BLOSA key to the Watch Commander's office.

I. RESTRICTED ACCESS TO STORAGE AREAS [CALEA 84.1.2]

1. All areas where property and/or evidence is stored are secure areas and may be entered only as provided in this directive. When persons outside the Property Section staff or its chain of command enter any Property Section secure storage area, they must be accompanied by Property Section employee(s) and must document their entry in the log provided.

J. WHEN PROPERTY STORAGE IS UNAVAILABLE

1. In the event the secured Drop- lockers are full or unable to accommodate a particular piece of found, recovered, or evidentiary property, the Watch Commander shall be notified. Upon concurrence that there is a need to retain and secure the item, the Watch Commander will determine if adequate secured storage is available. If storage cannot be arranged the Watch Commander will notify the Property Custodian and have him/her respond to the Department to accept the item personally for transfer into the Property Room. Should the Property Custodian be off duty at the time of such an occurrence, he/she should be called in on an overtime basis.

2. Under no circumstances will such property be left out in an unsecured manner to await the return of the Property Custodian. All items will be secured in provided storage areas or turned over personally to the Property Custodian.

K. PROPERTY REPORT

1. The completed Huntersville Police Property Report shall be placed in the secured drop locker with the property.

2. Upon receiving property into the main property room, the Property Custodian will mark the Huntersville Police Property Report to indicate the secured drop-locker where the property had been temporarily stored, as well as the date and time he/she removed it from that location.

3. The Huntersville Police Property Report will be filed in the property room files where it will remain until the property reaches final disposition. When all items on a particular form have reached final disposition, the original copy will be sent to records and filled in the case files.

L. LOGGING PROPERTY INTO AGENCY RECORDS

1. The Property Custodian is responsible for ensuring that the computerized Huntersville Police Property Report is updated any time found, recovered, or evidentiary property is submitted into the property room, removed from the property room, returned to the property room or transferred to a different storage location within the property room. Such updates shall be accomplished immediately after that transfer or relocation of evidence has occurred.

3. The computerized property inventory will contain the following information on each item logged in:

    (a) Incident/case number or event number;
    (b) Date of property transaction;
    (c) Property ID number;

(d) Submitting officer's name and unit number;
(e) Location within the property room where that particular property is stored;
(f) Description of property; and
(g) Applicable disposition information.

M. STATUS OF PROPERTY HELD [CALEA 84.1.5]

1. The Property Custodian shall maintain a records system that reflects the status of all property currently under the care of custody of the property custodian. The records system will include, at a minimum, the following information:

   (a) Case number;
   (b) Evidence and Property Control Inventory number;
   (c) Submitting officer's name and unit number;
   (d) Nature of the property stored (evidence or in-custody property);
   (e) Date and time when property was a received;
   (f) Location where each item listed on the Huntersville Police Property Report is stored within the property room, to include any subsequent storage locations assigned between initial intake and final disposition; and
   (g) Chain of custody from date and time received through final disposition. **[CALEA 84.1.5]**

2. The above information will be maintained on the original copy of the Huntersville Police Property Report. The Property Custodian shall maintain the original copy of this form until such time that all property listed on the form reaches final disposition. Once all property listed on the form has reached final disposition, the original copy of the form will be forwarded to records and filed in the original case file.

3. The original copy of the form should remain secured in the property room, except when under the immediate control of the Property Custodian for purposes of transferring evidence to another authorized person and obtaining the receiving person's signature, or as required for presentation in court. When removed for purposes of obtaining a signature of the receiving person, the form shall be returned to the property room and filed in the appropriate location as soon as reasonably possible after the Property Custodian returns to the police department. If/when the original copy of the form is temporarily removed for presentation in court; a copy of the form should be placed in the file, with a notation as to the location of the original copy. The original copy of the form should be returned to the file as soon as reasonably possible following the presentation in court.

4. The Property Custodian shall periodically distribute property disposition sheets of property and/or evidence being held in property control to Division Commanders. Division Commanders are responsible for disposition for the evidence and/or property held under their name, within the guidelines established by the Property Custodian.

N. RELEASE OF PROPERTY [CALEA 84.1.1g]

1. Temporary release of property for court, laboratory processing, prosecutor viewing, etc, shall be immediately recorded on the Huntersville Police Property Report. The information shall also be entered into the computerized property records as soon as practical. Information recorded on the Huntersville Police Property Report and computerized records shall include the following:

   (a) Property tag number;
   (b) Date out;

(c) To whom it was released and why (court, lab, etc.)
(d) The Property Custodian releasing the property.

2. The final disposition of found, recovered, or evidentiary property will be accomplished after all legal requirements have been satisfied. Written receipts shall be required for all acceptance and transfers of property leaving or coming into possession of the Department. **[CALEA 84.1.7]**

3. Property may be released to the rightful owner once all police use of the property is satisfied and the officer who submitted the property has approved the property for release. The owner of the property will sign via computerized signature pad acknowledging receipt of the property.

O. INSPECTIONS

1. In order to maintain a high degree of evidentiary integrity over agency controlled property and evidence, the following documented inspections, inventory and audits will be completed:

   (a) Semi-annually, an inspection will be conducted to determine adherence to the procedures used for the control of property. The person responsible for the property and evidence function or a designee will complete this inspection. **[CALEA 84.1.1h; 84.1.6a]**

   (b) Whenever the person responsible for the property and evidence function is assigned to and/or transferred from the position, an inventory of property will occur to ensure records are correct and properly annotated. The newly designated property custodian and a designee of the police chief will complete this inventory. The newly appointed custodian will record all discrepancies prior to the assumption of property accountability. **[CALEA 84.1.1h; 84.1.6b]**

   (c) At least annually a supervisor not connected to the property and evidence function will conduct an audit of property and evidence held by the Department as directed by the Chief of Police. **[CALEA 84.1.1h; 84.1.6c]**

   (d) At the direction of the police chief, unannounced inspections of the property storage areas will be conducted to ensure correct security measures are being followed at least once each year. **[CALEA 84.1.1h; 84.1.6d]**

2. Refer to the approved Property and Evidence Inspection Report (Addendum D).

P. USE OF CONTROLLED SUBSTANCE TRAINING AIDS

1. Controlled substances that have been seized during criminal investigations may be used as training aids by the police canines. The controlled substances must be from cases that have been adjudicated and are no longer required for court.

2. Prior to any controlled substance being used as a training aid, a Controlled Substance Canine Training Aid form (see Addendum E) must be completed and approved by the Patrol Operations Bureau Commander. The Canine Coordinator, a Police Lieutenant, and the Property Room Custodian must weigh and document the quantity of controlled substance on the Controlled Substance Canine Training Aid form as it is packaged for use as the training aid on the Controlled Substance Canine Training Aid form. The packaged training aids will then be placed in the custody of the Canine Team Leader. The Canine Team Leader will maintain completed copies of all controlled substance canine training forms. These forms are subject to review at anytime as directed by the Chief of Police.

3. The Canine Team Leader will assign controlled substance training aids to canine officers. The specific amounts assigned to canine officers will be documented on the Controlled Substance Canine Training Aid form. Canine officers will be assigned a property locker to secure their assigned controlled substances when not being used for training. Canine handlers will each have one key to their locker and a duplicate key will be locked in a secure location designated by the Chief of Police. A handler may remove a training aid from their assigned locker while on duty if they anticipate doing training during the shift. The training aid must be returned to the locker prior to ending the shift. No controlled substance training aids may be kept in the handler's vehicle or at their home. A log book will be maintained in an area accessible by each handler that will be used to sign training aids in and out of the handler's assigned locker. Canine handler lockers are subject to inspections at any time as directed by the Chief of Police.

4. A quantity of pseudo controlled substances, obtained for purposes of training police canines, may be maintained by the Canine Team Leader.

5. When controlled substance training aids are no longer suitable for use they will be returned to the Property Room for destruction. When controlled substances are returned, the Canine Coordinator and Property Custodian will weigh and document the quantity on the Controlled Substance Canine Training Aid form.

6. Any accidental damage or destruction of training aids containing controlled substances will be documented on a miscellaneous incident report and submitted to police records. The Patrol Operations Bureau Commander, Investigations Bureau Commander and Police Major will be given copies of this report. The Police Major will review the facts and inform the Chief of Police of any unusual circumstances.

HUNTERSVILLE POLICE DEPARTMENT

Personnel Directive 19-001 CNT Selection Process

Effective Date: January 8, 2019	Member Name: All Sworn Personnel
Distribution: All Sworn Personnel	Approved: Major Barry Graham Patrol Operations Bureau Commander

A. PURPOSE

1. This directive serves to announce the application process to solicit letters of interest for the Crisis Negotiation Team.

B. POLICY

2. It is the policy of the Huntersville Police Department to assign personnel for all functions of the department, including vacancies on the Crisis Negotiation Team.

C. PROCEDURE

The following criteria must be met to be eligible to apply for possible selection to this unit:

(a) The candidate must have completed a minimum of two years full time service as a sworn law enforcement officer in a field assignment and completed their probationary period with HPD;

(b) The candidate may be required to successfully pass a psychological screening examination, to include testing and a clinical interview by a licensed psychologist or psychiatrist;

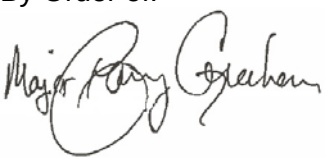
(c) The candidate must possess good verbal communication skills, good problem-solving abilities, and received a “meets standards” or higher in these categories on their last performance evaluation;

(d) The candidate’s last performance evaluation must reflect initiative, job interest, teamwork, and the desire and ability to do work of high quality as well as meets standards or above on all categories;

(e) The candidate must be willing and able to make a personal commitment to training, physical conditioning, and on-call status, realizing that a significant amount of time and effort is required to ensure an effective program and high level of readiness.

Officers interested in applying for a position with the Crisis Negotiation Team should submit a letter of interest to Sergeant Matt Dunker by **3:00 PM Tuesday, January 22, 2019.** Please indicate why you wish to be selected and any special qualifications that you possess pertinent to this type position. Include how you meet or intend to meet each of the qualification criteria listed in this order. Please contact Sgt. Matt Dunker with any questions.

By Order of:



Barry Graham
Major

	HUNTERSVILLE POLICE DEPARTMENT **Personnel Directive 19-003 SWAT Selection Process Announcement**	
	Effective Date: January 9, 2019	**Member Name: All Sworn Personnel**
	Distribution: All Sworn Personnel	**Approved: Captain Scott Sharp**

A. POLICY/PURPOSE

1. It is the policy of the Huntersville Police Department to assign personnel for all functions of the department, including vacancies on the SWAT Team.

2. There are currently two vacancies for the SWAT Team. This directive serves to announce the application process for the SWAT Team.

B. PROCEDURE

The following criteria must be met to be eligible to apply for possible selection to the SWAT Team:

1. Candidates must have two years sworn service with HPD or outside sworn law enforcement/sheriff's agency. Candidates must have successfully completed the Huntersville Police Department PTO Program.

2. Candidates must demonstrate professional maturity, restraint, and self-control during stressful or dangerous situations.

3. Candidates must demonstrate the ability to work effectively with others and follow orders.

4. Candidates must have a satisfactory work history with regard to use of vacation time, use of sick leave, citizens' complaints, and involvement in traffic crashes, discipline, and professional conduct.

5. Candidates must demonstrate firearms proficiency with the issued service weapon. Selected members must have scored 92% or better during the most recent department firearms qualification prior to selection. Candidates must maintain a 92% or above average in firearms proficiency to continue membership on the SWAT Team.

6. Candidates' performance evaluations should reflect initiative, job interest, and the ability to provide police services at an acceptable level.

7. Candidates must complete a physical assessment that will include components of physical fitness, stress management, and critical thinking.

8. Candidates must be willing to abide by rules established for standby and activation of the SWAT Team.

9. The selection process may consist of an evaluation process that may include, but not limited to, the following elements:

   (a) Oral Interviews
   (b) Psychological screening
   (c) Review of personnel files
   (d) Physical Agility Test
   (e) Firearms qualification

9. Candidates must be willing to sign a commitment contract obligating them to three (3) years with the SWAT Team. Early voluntary termination will result in ineligibility for advancement, promotion, or selection for specialized positions for one (1) year.

Officers interested in applying for a position with the SWAT Team should submit a letter of interest to Captain Scott Sharp no later than 3:00 PM January 31st, 2019. Please indicate why you wish to be selected and any special qualifications that you possess pertinent to this type position. Include how you meet or intend to meet the qualification criteria listed in this Directive. The firearm portion of the assessment will be coordinated based on the number of participants and the availability of a firearms range and instructor.

Please refer to Directive 7.02 Special Weapons and Tactics Team for more specific procedures on eligibility and selection.

Please contact Captain Scott Sharp with any questions.

	HUNTERSVILLE POLICE DEPARTMENT	
	Personnel Directive 19-009 K9 Officer Selection and Application for Future Vacancies	
	Effective Date: March 22, 2019	**Rescinds: PD- 16-011**
	Revision Date: N/A	**Approved: Captain Scott Sharp**

A. POLICY/PURPOSE

1. It is the policy of the Huntersville Police Department to assign personnel for all functions of the department, including the K-9 Officer Function.

2. The purpose of this Personnel Directive is to solicit interest for future K-9 Officer vacancies, and to announce the process for applying for future vacancies to create an active selection list.

B. PROCEDURE

1. Service as a canine handler is a voluntary specialized assignment. Prospective handlers must meet the following minimum qualifications:

   (a) Must have completed all probationary periods and field training required by the Department, and shall have a minimum of two (2) years of patrol field experience as a full-time sworn law enforcement officer;

   (b) Receive their supervisor's recommendation regarding the applicant's maturity, judgment, work history, use of force history, and performance under stress;

   (c) Have demonstrated the ability to work effectively and productively without close supervision;

   (d) Must be familiar with the duties and responsibilities of the assignment and demonstrate a sincere interest in working with canines in law enforcement;

   (e) Have the consent of household family members to become a canine handler;

   (f) Maintain a residence that provides adequate yard space for the placement of a department-provided kennel, and which affords the canine suitable protection and solitude during off duty hours. In the event that the handler does not own a residence, he/she must obtain written permission from the property owner for the housing of the canine in the department provided kennel;

   (g) Agree to at least five (5) years of assignment as a canine handler, excluding promotion or reassignment initiated by the Department;

   (h) Ensure that any other pets at home will not interfere with the canine and its training program;

   (i) Must be in good physical condition and able to perform the more strenuous assignments required of canine handlers;

   (j) Agree and understand that they must devote more than assigned on-duty time to the care and training of the canine and must respond to off-duty call outs in a reasonable time; and

(k) Complete the K9 Officer Assessment that will include a written test, oral board and practical exercise. Based on the results of the Assessment Process candidates will be placed on an eligibility list that will be effective for two (2) years.

2. The Chief of Police may waive any of the above requirements if the pool of candidates is limited.

3. Officers interested in applying for future K9 Officer vacancies should submit a letter of interest to the Patrol Operations Bureau Commander by 4:00 PM on March 27, 2019. Please indicate why you wish to be selected and any special qualifications you possess pertinent to this type position. Include how you meet or intent to meet each qualification criteria listed in this Directive.

4. Officers selected for the K9 Officer position will be placed on an active list and reassigned to the position of K9 Officer as vacancies occur.

   Please contact the Patrol Operations Bureau Commander Captain Scott Sharp or Sergeant Seth Hager with any questions.

I apologize. I didn't even look up this request yesterday and just assumed it was your second request for reports, which is a different request number. We had provided the information for this one and then you had a follow-up question. I will confirm that the Town Attorney has this on her list to provide a response.

Since we're citing statutes, who at the town can review NCGS 132-1.4(c) and tell me how the "public release" version of incident reports I've been provided are in compliance? Not one of the approx. 684 incident reports I was provided related to drug tickets contained all of the information listed in NCGS 132-1.4(c). I am reiterating my request for all incident reports in compliance with NCGS 132-1.4(c).

Thank you,

Eric Rowell

Attachment : HuntersvilleStopRequest.xlsx;

In response to your Public Records Request dated July 14, 2019 for full reports (not just public release versions) for multiple incidents, the Town will not release the full reports for the following reason.

N.C.G.S. 132-1.4 states *"Records of criminal investigations conducted by public law enforcement agencies, records of criminal intelligence information compiled by public law enforcement agencies, and records of investigations conducted by the North Carolina Innocence Inquiry Commission, are not public records as defined by G.S. 132-1. Records of criminal investigations conducted by public law enforcement agencies or records of criminal intelligence information may be released by order of a court of competent jurisdiction."*

I have attached the stop data/traffic that you also requested that was provided to me by the Police Department. They did not have stops associated directly with the following complaint numbers:

20180216021000
20171030212903
20170428015603

Per our conversation, please advise incentives in general for sworn officers offered by the town, and you can limit my original request to any salary information over the past 12 month period.

Thanks,

Thanks. Understood on the emails, I was primarily interested in timeframe for surveillance info requested.

> I wish I could give you a timeframe, but at this point I don't know. I am trying to dedicate one to two hours a day on public records requests. E-mails, especially police, are time consuming because each one has to be reviewed to ensure there is no confidential information. Police e-mails usually involve quite a bit of redaction, which takes more time. If there is any way to narrow the request down, then that would decrease the number of e-mails that I need to go through. If there are no changes to the request, my guess would be at least 3 weeks.

Please provide me copies of any and all contracts between the town and U.S. ISS Agency, LLC, invoices from U.S. ISS Agency, LLC to the town, and any checks issued/made payable to U.S. ISS Agency, LLC from the town from Feb. 1, 2019 through the present; specifically any and all contracts entered into and payments issued by the town to ISS related to the Ofc. Bautista investigation in the event there are other matters at HPD being investigated by ISS during the relevant time period. Let me know if there are any questions about this request.

Thank you,

Eric Rowell

Eric, in my opinion, the document is a personnel record covered by NCGS 160A-168 and is therefore not subject to public inspection, nor is it considered a public record. It contained some pages stating general recommendations for the department, and that has already been provided to you. I cannot recommend that any other portions of the report be released or made subject to public inspection.

To be clear, is the town's position that some or all of the five requested items are being denied based on being a personnel record or part of a personnel record, or that some or all of the five requested items simply don't exist?

STATE OF NORTH CAROLINA

COUNTY OF MECKLENBURG

IN THE GENERAL COURT OF JUSTICE
SUPERIOR COURT DIVISION
18-CVS-21684

CLAUDIA T. CRAIG and
PAMELA L. YOUNG,

Plaintiffs,

vs.

TOWN OF HUNTERSVILLE and
EPCON KINNAMON PARK, LLC,

Defendants.

DEFENDANT EPCON KINNAMON PARK, LLC'S MOTIONS TO DISMISS AND ANSWER TO AMENDED COMPLAINT, REQUEST FOR DECLARATORY JUDGMENT AND PERMANENT INJUNCTION

Defendant Epcon Kinnamon Park, LLC ("Epcon" or the "Defendant"), by and through the undersigned counsel, hereby moves to dismiss and answers the Amended Complaint, Request for Declaratory Judgment and Permanent Injunction of Plaintiffs Claudia T. Craig and Pamela L. Young (the "Plaintiffs") as follows:

FIRST MOTION TO DISMISS
(Declaratory Judgment - Failure to State a Claim)

Plaintiffs have failed to state a claim upon which relief can be granted and therefore their claim for Declaratory Judgment (Claim #1) should be dismissed pursuant to North Carolina Rule of Civil Procedure 12(b)(6). Plaintiffs allege in Paragraph 39 of the Amended Complaint that their easement rights cannot be extinguished or terminated by an attempted dedication of the Gilead Grove Road Extension. Assuming as true Plaintiffs' allegation that any easement right they have cannot be extinguished by the dedication of the Gilead Grove Road Extension to the Town, Plaintiffs have no injury; therefore the Amended Complaint is self-defeating.

Further, North Carolina does not require or permit an easement holder to give permission before the owner of the property burdened by the easement may grant additional easement rights to third parties. The allegation that Plaintiffs' consent to Epcon granting the Town of Huntersville use rights to cross the gravel drive at the Gilead Grove Road Crossing are without merit and are self-defeating.

SECOND MOTION TO DISMISS
(Overburdening Easement Rights – Failure to State a Claim)

North Carolina does not recognize a cause of action against an owner of property, whose property is burdened by an easement, for overburdening easement rights. Rather, property owners may bring causes of action *against easement holders* for overburdening their easements by exceeding the permitted use. The claim against Epcon of overburdening easement rights is

self-defeating and should be dismissed for failure to state a claim upon which relief can be granted.

THIRD MOTION TO DISMISS
(All Claims - No Controversy)

Plaintiffs' rights of use to the gravel drive are not extinguished or terminated by Epcon's offering of the Gilead Grove Road Extension for dedication to the town. Rather, any rights Plaintiffs may have to ingress and egress upon the gravel drive upon the western boundary of the Courtyards at Kinnamon Park property are still intact. There is no controversy as to Plaintiffs' easement rights and the Amended Complaint is self-defeating. Plaintiffs' Amended Complaint should therefore be dismissed because for lack of controversy.

ANSWER

1. Epcon admits, upon information and belief, that Plaintiffs are citizens and residents of Mecklenburg County. It is further admitted that the Mecklenburg County Geographical Information Systems data lists Plaintiffs as the owners of tax parcel number 01717203, and further reflects that tax parcel number 071717203 has an address of 12920 McCoy Road, Huntersville, NC, 28078. It is further admitted that the Mecklenburg County Geographical Information Systems data lists Plaintiff Claudia T. Craig as the owner of tax parcel numbers 01717208 and 01717207. The three parcels here referenced will hereinafter be collectively referred to as the "Subject Property." It is further admitted that there is a gravel road located on property that is adjacent to the Subject Property (the "Gravel Drive"), and that the Gravel Drive terminates at McCoy Road. Epcon is without the knowledge or information sufficient to form a belief as to the remaining allegations contained in Paragraph 1 and they are therefore denied. Except as admitted, the allegations of Paragraph 1 are denied.

2. Admitted, upon information and belief.

3. Epcon admits that it is a limited liability company organized under the laws of North Carolina with a principal place of business in Mecklenburg County. Epcon admits that it purchased property in Mecklenburg County, North Carolina located at tax parcel numbers 01718508, 01718507, and 01717302. Epcon admits that said property has a gravel drive near its western boundary (previously identified as the Gravel Drive). Except as specifically admitted, the allegations of Paragraph 3 are denied.

4. Paragraph 4 contains legal conclusions to which no response is required. To the extent a response is deemed required, the allegations of Paragraph 4 are denied.

5. Admitted.

BACKGROUND FACTS

6. Admitted, upon information and belief.

7. Epcon admits that the Hill Deed is a matter of public record and a written document, the terms of which speak for themselves. To the extent that the allegations of Paragraph 7 are inconsistent or conflict with the written document, the allegations of Paragraph 7 are denied.

8. Epcon admits that the Hill Deed is a matter of public record and a written document, the terms of which speak for themselves. To the extent that the allegations of Paragraph 8 are inconsistent or conflict with the written document, the allegations of Paragraph 8 are denied.

9. Epcon admits that McCoy Road is maintained by the North Carolina Department of Transportation. Except as admitted, the allegations of Paragraph 9 are denied.

10. Epcon is without the knowledge or information sufficient to form a belief as to the allegations contained in Paragraph 10 and they are therefore denied. Except as admitted, the allegations of Paragraph 10 are denied.

11. Epcon admits, upon information and belief, that Ms. Craig obtained an ownership interest in the Subject Property in 1992, 1995, and 2000. Epcon is without knowledge or information sufficient to form a belief as to the remaining allegations contained in Paragraph 11 and they are therefore denied. Epcon specifically disclaims any actual or implied admission as to Plaintiffs' definition of "The Gravel Road Easement." Except as admitted, the allegations of Paragraph 11 are denied.

12. Epcon admits that it purchased property in Mecklenburg County, North Carolina located at tax parcel numbers 01718508, 01718507, and 01717302, in 2015. Except as admitted, the allegations of Paragraph 12 are denied.

13. Epcon admits that the land it purchased includes the Gravel Drive on its western boundary. Epcon admits that Plaintiffs have raised issues regarding the width of the Gravel Drive. Except as specifically admitted, the allegations of Paragraph 13 are denied.

14. Epcon admits that in 2015, it obtained a conditional rezoning of property from the Town of Huntersville to allow for the construction of an active adult community called the Courtyards at Kinnamon Park (the "Courtyards"). Except as specifically admitted, the allegations of Paragraph 14 are denied.

15. Epcon admits that it began site development of the Courtyards in 2016.

16. Denied.

17. Epcon admits that as part of the conditional rezoning plan approved by the Town of Huntersville in 2015 to allow the construction of the Courtyards, Epcon was required to construct an extension of Gilead Grove Road to connect the streets within the Courtyards to the

pre-existing Gilead Grove Road (the "Gilead Grove Road Extension"). It is further admitted that the Gilead Grove Road Extension crosses the Gravel Drive, located on property which is owned by Epcon and the homeowners of the Courtyards. Except as expressly admitted, the allegations of Paragraph 17 are denied.

18. Epcon admits that prior to construction of the Gilead Grove Road Extension, Gilead Grove Road was barricaded at the point where it ended. Except as expressly admitted, the allegations of Paragraph 18 are denied.

19. Epcon admits that in or about August 2016, Epcon began construction of the Gilead Grove Road Extension, and that construction of the Gilead Grove Road Extension included the installation of sidewalks and paving. Except as expressly admitted, the allegations of Paragraph 19 are denied.

20. Epcon admits that Epcon and the homeowners of the Courtyards have ownership interests in the Gravel Drive (before and after construction of the Gilead Grove Road Extension). Epcon is without the knowledge or information sufficient to form a belief as to the remaining allegations contained in Paragraph 20 and they are therefore denied. Except as admitted, the allegations of Paragraph 20 are denied.

21. Epcon is without the knowledge or information sufficient to form a belief as to the allegations contained in Paragraph 21 of the Amended Complaint and they are therefore denied. Except as admitted, the allegations of Paragraph 21 are denied.

22. Denied, upon information and belief.

23. Epcon specifically denies that construction of the Courtyards generally narrowed the Gravel Drive. Epcon is without the knowledge or information sufficient to form a belief as to the remaining allegations contained in Paragraph 23 and they are therefore denied. Except as admitted, the allegations of Paragraph 23 are denied.

24. Denied.

25. Epcon admits that as part of the platting process for the construction of the Courtyards, Epcon recorded a plat on December 2, 2016. Any plat recorded is a public record and a written document, the terms of which speak for themselves. To the extent that the allegations of Paragraph 25 are inconsistent or conflict with the written document, denied. Except as admitted, the allegations of Paragraph 25 are denied.

26. Epcon admits that the Plat is a matter of public record and a written document, the terms of which speak for themselves. To the extent that the allegations of Paragraph 26 are inconsistent or conflict with the written document, denied. Except as admitted, the allegations of Paragraph 26 are denied.

27. Epcon admits that the Plat is a written document and a matter of public record, the terms of which speak for themselves. To the extent that the allegations of Paragraph 27 are inconsistent or conflict with the written document, denied.

28. Admitted.

29. Epcon admits that the Gilead Grove Road Extension has not been accepted by the Town. Except as admitted, the allegations of Paragraph 29 are denied.

30. Paragraph 30 contains a legal conclusion which does not require an answer. To the extent that an answer is deemed required, the allegations of Paragraph 30 are denied.

31. Epcon admits that in or about November 2018, Epcon added two electric gates to a portion of the Gravel Drive that runs from Gilead Grove Road to McCoy Road, without limitation, for the benefit of Plaintiffs. Epcon further admits that the Plaintiffs have advised Epcon of their objection. Except as admitted, the allegations of Paragraph 31 are denied.

32. Admitted.

33. Epcon is without the knowledge or information sufficient to form a belief as to the allegations contained in Paragraph 33 and they are therefore denied. Except as admitted, the allegations of Paragraph 33 are denied.

34. Epcon admits that the posts for the gates and the keypads are adjacent to the Gravel Drive. Except as admitted, the allegations of Paragraph 34 are denied.

FIRST CLAIM FOR RELIEF
(Declaratory Judgment)

35. Epcon incorporates its responses to the foregoing paragraphs by reference as if set forth herein.

36. Admitted.

37. Admitted.

38. Epcon admits that an easement across all streets within the Courtyards has been offered to the Town of Huntersville by dedication for acceptance into the public street system of the Town of Huntersville, including the Gilead Grove Road Extension. Epcon specifically disclaims any actual or implied admission as to Plaintiffs' definition of "The Crossing." Except as admitted, the allegations of Paragraph 38 are denied.

39. Paragraph 39 contains legal conclusions to which no response is required. Epcon affirmatively alleges that the dedication of roads offered to the Town of Huntersville does not extinguish Plaintiffs' right of use to the Gravel Drive. Except as admitted, the allegations of Paragraph 39 are denied.

40. Paragraph 40 and all its subparts contain legal conclusions to which no response is required. To the extent a response is deemed required, the allegations of Paragraph 40 are denied.

SECOND CLAIM FOR RELIEF
(Overburdening and Interference with Easement Rights)

41. Epcon incorporates its responses to the foregoing paragraphs by reference as if set forth herein.

42. Denied.

43. Denied.

44. Denied.

45. Epcon admits that it installed the gates on the Gravel Drive, in which Epcon has an ownership interest. The remaining allegations of Paragraph 45 contain legal conclusions to which no response is required. To the extent that a response is deemed required, the allegations of Paragraph 45 are denied. Except as admitted, the allegations of Paragraph 45 are denied.

46. Denied.

47. Paragraph 47 contains a legal conclusion which does not require an answer. To the extent that an answer is deemed required, the allegations of Paragraph 47 are denied.

48. Epcon admits that stop signs have been placed at the Gravel Drive at the point where it crosses Gilead Grove Road. Except as admitted, the allegations of Paragraph 48 are denied.

49. Paragraph 49 contains a legal conclusion which does not require an answer. To the extent that an answer is deemed required, the allegations of Paragraph 49 are denied.

THIRD CLAIM FOR RELIEF
(Private Nuisance)

50. Epcon incorporates its responses to the foregoing paragraphs by reference as if set forth herein.

51. Denied.

52. Denied.

FOURTH CLAIM FOR RELIEF
(Permanent Injunction)

53. Epcon incorporates its responses to the foregoing paragraphs by reference as if set forth herein.

54. Denied.

AFFIRMATIVE DEFENSES

FIRST AFFIRMATIVE DEFENSE
(Failure to State a Claim)

Plaintiffs have failed to state a claim upon which relief can be granted and therefore their Amended Complaint must be dismissed pursuant to North Carolina Rule of Civil Procedure 12(b)(6). Plaintiffs allege in Paragraph 39 of the Amended Complaint that their easement rights cannot be extinguished or terminated by an attempted dedication of the Gilead Grove Road Extension. Assuming as true Plaintiffs' allegation that any easement right they have cannot be extinguished by the dedication of the Gilead Grove Road Extension to the Town, Plaintiffs have no injury; therefore the Amended Complaint is self-defeating.

Further, North Carolina does not require or permit an easement holder to give permission before the owner of the property burdened by the easement may grant additional easement rights to third parties. Therefore, the allegation that Plaintiffs' consent to Epcon granting the Town of Huntersville use rights to cross the Gravel Drive at the Gilead Grove Road Crossing are without merit and self-defeating.

Nor does North Carolina recognize a cause of action against an owner of property, whose property is burdened by an easement, for overburdening easement rights. Rather, property owners may bring causes of action *against easement holders* for overburdening their easements by exceeding the permitted use. Therefore, the claim against Epcon of overburdening easement rights is self-defeating.

SECOND AFFIRMATIVE DEFENSE
(No Controversy)

Plaintiffs' rights of use to the Gravel Drive are not extinguished or terminated by Epcon's offering of the Gilead Grove Road Extension for dedication to the town. Rather, any rights Plaintiffs may have to ingress and egress upon the Gravel Drive are still intact. There is no controversy as to Plaintiffs' easement rights and the Amended Complaint is self-defeating.

THIRD AFFIRMATIVE DEFENSE
(No Irreparable Harm)

Equitable relief is not available as Plaintiffs cannot show and do not have irreparable harm.

FOURTH AFFIRMATIVE DEFENSE
(Adequate Remedy at Law)

Equitable relief is not available as Plaintiffs have an adequate remedy at law.

FIFTH AFFIRMATIVE DEFENSE
(Statute of Limitations)

Plaintiffs' claims are barred by the applicable Statutes of Limitations and must fail.

SIXTH AFFIRMATIVE DEFENSE
(Laches)

Plaintiffs have participated in, have been aware of, and have requested and been granted concessions in both the approval of the rezoning plan for the Courtyards, and in the construction means and methods for the Gilead Grove Road Extension. Plaintiffs have watched the construction of the Gilead Grove Road Extension proceed, and have only waited until construction is near completion to contest the rezoning. Plaintiffs' claims are therefore barred by the doctrine of laches.

SEVENTH AFFIRMATIVE DEFENSE
(Ripeness)

The dedication of the Gilead Grove Road Extension has not yet been accepted by the Town of Huntersville; presently there exists only an offering of dedication. Plaintiffs' claims are therefore not yet ripe for hearing by this Court.

EIGHTH AFFIRMATIVE DEFENSE
(Requested Relief Would Violate Local Ordinances)

The Town of Huntersville Zoning Ordinance at Article 5 and the Town of Huntersville Subdivision Ordinance at Section 6.200(3) require street connections between new developments and adjoining developments. Further, these ordinances require all streets in new developments to be public. Plaintiffs' requested relief of declaring the dedication of the Gilead Grove Road Extension to the Town of Huntersville would therefore violate local law. Plaintiffs' requested relief of enjoining Epcon to barricade Gilead Grove Road at the point where it crosses the Gravel Drive would also violate local law.

NINTH AFFIRMATIVE DEFENSE
(Easement Void for Uncertainty)

Where an easement is created by deed, the description must not be so uncertain, vague, and indefinite as to prevent identification with reasonable certainty. The Hill Deed gives an uncertain, vague and indefinite description of the right to ingress and egress on the existing roadway. Therefore, Plaintiffs' alleged easement is void for uncertainty.

TENTH AFFIRMATIVE DEFENSE
(No Easement)

The Hill Deed only gives Donald L. Hill and wife, Harriet H. Hill the right to ingress and egress on the existing roadway; the Hill Deed conveys a mere license. As no easement exists in the Hill Deed, no easement was conveyed through the chain of title to Plaintiffs. Plaintiffs' attempt to enforce any easement rights must fail.

ELEVENTH AFFIRMATIVE DEFENSE
(Waiver)

Plaintiffs actively participated in the approval process for the rezoning of Epcon's Property and in the terms of the construction of the Gilead Grove Road Extension which crosses the gravel drive. Plaintiffs have waived any right to contest the construction of the Gilead Grove Road Extension, which is already completed. Plaintiffs have further waived the right to contest Epcon's dedication of a right-of-way to the Town over a small portion of the Gravel Drive, which does not interfere with Plaintiffs' use of the Gravel Drive.

TWELFTH AFFIRMATIVE DEFENSE
(Estoppel)

Because Plaintiffs received the benefit of participating in the approval process for the rezoning of Epcon's Property, and requested certain concessions be made in constructing the Gilead Grove Road Extension – concessions which were granted by Epcon – Plaintiffs are now estopped from contesting the construction of the Gilead Grove Road extension and Epcon's dedication of a right-of-way to the Town across a small portion of the Gravel Drive.

THIRTEENTH AFFIRMATIVE DEFENSE
(Incorporation of Defenses of Others)

Epcon incorporates by reference any defenses pled by the Town of Huntersville which apply to Plaintiffs' claims against Epcon and which are not inconsistent with Epcon's allegations and other defenses asserted herein.

FOURTEENTH AFFIRMATIVE DEFENSE
(Reservation of Additional Defenses)

Epcon reserves the right to assert additional affirmative defenses as they become known throughout the course of this litigation.

IN THE GENERAL COURT OF JUSTICE
SUPERIOR COURTH DIVISION
18-CVS-21684

CLAUDIA T. CRAIG and PAMELA L. YOUNG,

Plaintiffs

v.

TOWN OF HUNTERSVILLE and EPCON KINNAMON PARK, LLC

Defendants

ANSWER

NOW COMES DEFENDANT TOWN OF HUNTERSVILLE, by and through its undersign Counsel, in responding to and answering the Amended Complaint filed by the Plaintiffs on February 11, 2019, and says:

FIRST DEFENSE
(Failure to State a Claim)

Plaintiffs' have failed to state a claim upon which relief can be granted, and therefore pursuant to Rule 12(b)(6) of the North Carolina Rules of Civil Procedure, Plaintiffs' Amended Complaint should be dismissed. Defendant Town of Huntersville moves and respectfully requests the Court to dismiss Plaintiffs' Amended Complaint with prejudice pursuant to said Rule 12(b)(6).

SECOND DEFENSE
(Lack of Subject Matter Jurisdiction)

Plaintiffs' Claims for Relief are not ripe for hearing by this Court in that "The Crossing" and the Gilead Road Extension have not yet been accepted by the Town, and therefore presently there exists only an offer of dedication with respect The Crossing and the Gilead Road Extension. Based upon this, the Town respectfully moves and requests the Court to dismiss the Plaintiffs' Amended Complaint as the ripeness doctrine deprives the Court of subject matter jurisdiction pursuant to Rule 12(b)(1) of the North Carolina Rules of Civil Procedure. (The Town does not intend make, and specifically disclaims, any actual or implied admission as to any portion of Plaintiffs' Amended Complaint, including but not limited to Plaintiffs' definition of "The Crossing" by the use of the term "The Crossing" or "Gilead Road Extension" in this Answer.)

THIRD DEFENSE

The Defendant Town, in answering the specific allegations contained within Plaintiffs' Amended Complaint, says:

1. It is admitted, upon information and belief, that Claudia T. Craig and Pamela L. Young, collectively hereinafter referred to as "Plaintiffs," are citizens and residents of Mecklenburg County. It is further admitted that the Mecklenburg County Geographical Information Systems data lists Plaintiffs, as the owners of tax parcel number 01717203, and further reflects that tax parcel number 01717203 has an address of 12920 McCoy Road, Huntersville, NC 28078. It is further admitted that the Mecklenburg County Geographical Information Systems data lists Plaintiff, Claudia T. Craig, hereinafter "Plaintiff Craig," as the owner of tax parcel numbers 01717208 and 017172076. The three parcels referred to will hereinafter be collectively referred to as the "Subject Property." It is further admitted that there is a gravel road located in part on property that is adjacent to the Subject Property, and that the gravel road terminates at McCoy Road. The Defendant, Town of Huntersville, hereinafter the "Town," is without sufficient knowledge and information as to the remaining allegations in Paragraph 1 of Plaintiffs' Amended Complaint, and therefore except as specifically admitted, the allegations contained within Paragraph 1 of Plaintiffs' Amended Complaint are denied.

2. Paragraph 2 of Plaintiffs' Amended Complaint is admitted.

3. It is admitted upon information and belief that Defendant Epcon Kinnamon Park, LLC, hereinafter "Epcon," is a limited liability company organized under the laws of North Carolina with a principal place of business in Mecklenburg County. The Town is without sufficient knowledge and information as to the remaining allegations in Paragraph 2 of Plaintiffs' Amended Complaint, and therefore except as specifically admitted, the allegations contained within Paragraph 2 of Plaintiffs' Amended Complaint are denied.

4. Paragraph 4 of Plaintiffs' Amended Complaint speaks for itself, and no answer is required, however to the extent an answer is required, the allegations are denied.

5. It is admitted that this Court has jurisdiction over the parties to this action. Except as specifically admitted, Paragraph 5 of Plaintiffs' Amended Complaint is denied.

6. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 6 of Plaintiffs' Amended Complaint and the same are therefore denied.

7. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 7 of Plaintiffs' Amended Complaint and the same are therefore denied.

8. The Deed referenced in Paragraph 8 of Plaintiffs' Amended Complaint speaks for itself. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 6 of Plaintiffs' Amended Complaint and the same are therefore denied.

9. It is admitted that there is a public road within the Town's boundaries named McCoy Road, and that McCoy Road is maintained by the North Carolina Department of Transportation. The Town is without sufficient information and knowledge to admit or deny the remainder of the allegations in Paragraph 9 of Plaintiffs' Amended Complaint, and therefore except as specifically admitted, the allegations in Paragraph 9 are denied.

10. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 10 of Plaintiffs' Amended Complaint and the same are therefore denied.

11. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 11 of Plaintiffs' Amended Complaint and the same are therefore denied.

13. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 13 of Plaintiffs' Amended Complaint and the same are therefore denied.

14. It is admitted that in 2015, Epcon obtaining a conditional rezoning of property from the Town to allow for the construction of an active adult community called The Courtyards at Kinnamon Park, hereinafter "CKP". The Town is without sufficient information and knowledge to admit or deny the remaining allegations in Paragraph 14 of Plaintiffs' Amended Complaint, therefore, except as specifically admitted, the allegations in Paragraph 14 are denied.

15. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 15 of Plaintiffs' Amended Complaint and the same are therefore denied.

16. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 16 of Plaintiffs' Amended Complaint and the same are therefore denied.

17. It is admitted that as part of the conditional rezoning plan approved by the Town in 2015 to allow the construction of CKP, Epcon was to construct an extension of Gilead Grove Road to connect the streets within CKP to the pre-existing Gilead Grove Road, "Gilead Grove Road Extension." It if further admitted that the Gilead Grove Road Extension crosses a gravel drive, located on property which is, upon information and belief, owned by Epcon. Except as expressly admitted, the allegations in Paragraph 17 of Plaintiffs' Amended Complaint are denied.

18. It is admitted that prior to construction of the Gilead Grove Road Extension, Gilead Grove Road was barricaded at the point where it ended. Except as expressly admitted, the allegations in Paragraph 18 of Plaintiffs' Amended Complaint are denied.

19. It is admitted, upon information and belief, that in or about August of 2016, Epcon began construction of the Gilead Grove Road Extension, and that construction of the Gilead Grove

Road Extensions included in the installation of sidewalks and paving. The Town is without sufficient information and knowledge to admit or deny the remaining allegations in Paragraph 19 of Plaintiffs' Amended Complaint and therefore except as expressly admitted, the allegations in Paragraph 19 are denied.

20. It is admitted that the Gilead Grove Road Extension crosses a gravel drive located on property owned by Epcon. Except as specifically admitted, the allegations in Paragraph 20 of Plaintiffs' Amended Complaint are denied.

21. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 21 of Plaintiffs' Amended Complaint and the same are therefore denied.

22. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 22 of Plaintiffs' Amended Complaint and the same are therefore denied.

23. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 23 of Plaintiffs' Amended Complaint and the same are therefore denied.

24. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 24 of Plaintiffs' Amended Complaint and the same are therefore denied.

25. It is admitted that as part of the platting process for the construction of CKP, Epcon recorded a plat on December 2, 2016. Any plat recorded by Epcon speaks for itself. Except as specifically admitted, the remaining allegations of Paragraph 25 are denied.

26. Any plat speaks for itself. Except as expressly admitted, the allegations in Paragraph 26 of Plaintiffs' Amended Complaint are denied.

27. Any plat speaks for itself. Except as expressly admitted, the allegations in Paragraph 27 of Plaintiffs' Amended Complaint are denied.

28. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 28 of Plaintiffs' Amended Complaint and the same are therefore denied.

29. It is admitted that the Gilead Grove Road Extension has not been accepted by the Town. Except as specifically admitted, the allegations of Paragraph 29 of Plaintiffs' Amended Complaint are denied.

30. The allegations of Paragraph 30 of Plaintiffs' Amended Complaint are denied.

31. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 31 of Plaintiffs' Amended Complaint and the same are therefore denied.

32. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 32 of Plaintiffs' Amended Complaint and the same are therefore denied.

33. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 33 of Plaintiffs' Amended Complaint and the same are therefore denied.

34. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 34 of Plaintiffs' Amended Complaint and the same are therefore denied.

FIRST CLAIM FOR RELIEF
(Declaratory Judgment)

35. The Town incorporates its responses to Paragraphs 1-34 of Plaintiffs' Amended Complaint, stated above, by reference as if fully set forth herein.

36. It is admitted that the Town has had discussions with Counsel for the Plaintiffs' in an attempt to resolve any controversy that may exist between them regarding the Gilead Grove Road Extension, and that any controversy that may exist has not been resolved. Except as specifically admitted, the allegations contained in Paragraph 36 of Plaintiffs' Amended Complaint are denied.

37. Paragraph 37 of Plaintiffs' Amended Complaint is denied.

38. It is admitted that an easement across all streets within KCP has been offered to the Town by dedication for acceptance into the public street system of the Town, including the Gilead Grove Road Extension. Except as specifically admitted the remaining allegations contained in Paragraph 38 of Plaintiffs' Amended Complaint are denied.

39. Paragraph 39 of Plaintiffs' Amended Complaint is a statement of law to which no response is required. To the extent a response may be required, it is admitted that the dedication of an easement to the Town across the Gilead Grove Road Extension does not include a dedication of any interest in any gravel drive that Plaintiffs' may have. Except as expressly admitted, the allegations in Paragraph 36 of Plaintiffs' Amended Complaint are hereby denied.

40. Paragraphs 40(a), 40(b), and 40(c) of Plaintiffs' Amended Complaint are hereby denied.

SECOND CLAIM FOR RELIEF
(Overburdening and Interference with Easement Rights)

41. The Town incorporates its responses to Paragraphs 1-40 of Plaintiffs' Amended Complaint, stated above, by reference as if fully set forth herein.

42. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 42 of Plaintiffs' Amended Complaint and the same are therefore denied.

43. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 43 of Plaintiffs' Amended Complaint and the same are therefore denied.

44. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 44 of Plaintiffs' Amended Complaint and the same are therefore denied.

45. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 45 of Plaintiffs' Amended Complaint and the same are therefore denied.

46. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 46 of Plaintiffs' Amended Complaint and the same are therefore denied.

47. It is denied that public use of "The Crossing," a term used in Plaintiffs' Amended Complaint, overburdens the Gravel Road Easement. (The Town does not intend make, and specifically disclaims, any actual or implied admission as to any portion of Plaintiffs' Amended Complaint, including but not limited to Plaintiffs' definition of "The Crossing" by the use of the term "The Crossing" in this Answer.) The Town is without sufficient information and knowledge to admit or deny the remainder of allegations in Paragraph 47 of Plaintiffs' Amended Complaint and the same are therefore denied.

48. It is denied that "The Crossing" has led to residents in the McCoy Crossing subdivision to park along Gilead Grove Road. (The Town does not intend make, and specifically disclaims, any actual or implied admission as to any portion of Plaintiffs' Amended Complaint, including but not limited to Plaintiffs' definition of "The Crossing" by the use of the term "The Crossing" in this Answer.) The Town is without sufficient information and knowledge to admit or deny the remainder of the allegations in Paragraph 48 of Plaintiffs' Amended Complaint and the same are therefore denied.

49. Paragraph 49 of Plaintiffs' Amended Complaint is denied.

THIRD CLAIM FOR RELIEF
(Private Nuisance)

50. The Town incorporates its responses to Paragraphs 1-49 of Plaintiffs' Amended Complaint, stated above, by reference as if fully set forth herein.

51. The Town is without sufficient information and knowledge to admit or deny the allegations in Paragraph 51 of Plaintiffs' Amended Complaint and the same are therefore denied.

52. Paragraph 52 of Plaintiffs' Amended Complaint is denied.

FOURTH CLAIM FOR RELIEF
(Permanent Injunction)

53. The Town incorporates its responses to Paragraphs 1-52 of Plaintiffs' Amended Complaint, stated above, by reference as if fully set forth herein.

54. Paragraph 54 of Plaintiffs' Amended Complaint is denied.

NOW COMES the Town of Huntersville, by and through its undersigned Counsel and asserts the following affirmative defenses to those Claims for Relief alleged in Plaintiffs' Amended Complaint:

FIRST AFFIRMATIVE DEFENSE
(Waiver and Estoppel)

The Town alleges and says in defense of the Claims alleged in Plaintiffs' Amended Complaint that Plaintiffs participated in the approval process for the conditional rezoning of Epcon's Property, requested that concessions be made which were made, and requested that the portion of the Gilead Grove Road Extension which crosses the gravel drive existing on Epcon's Property be constructed in accordance with her directions which was done. With Plaintiffs' complicity in the construction of the Gilead Grove Road Extension, Plaintiffs' consented to the construction and dedication of an easement across the Gilead Grove Road Extension, and has therefore waived any right to now come forward and contest the construction and dedication of an easement to the Town across the Gilead Grove Road Extension in any manner. Further with requesting and being granted concessions in the approval process, and in the construction means and methods of the Gilead Grove Road Extension, the Plaintiffs' have received a benefit and are now estopped from contesting the construction and dedication of an easement to the Town across the Gilead Grove Road Extension.

SECOND AFFIRMATIVE DEFENSE
(No controversy)

The Town alleges and says in defense of the Claims alleged in Plaintiffs' Amended Complaint that there presently exists no controversy between Plaintiffs' and the Town in that the Town agrees that Plaintiffs' retain any interest that they may have had in any gravel road, prior to the dedication of an easement to the Town across the Gilead Grove Road Extension.

THIRD AFFIRMATIVE DEFENSE
(Adequate Remedy at Law)

The Town alleges and says in defense of the Claims alleged in Plaintiffs' Amended Complaint that Plaintiffs' have an adequate remedy at law.

FOURTH AFFIRMATIVE DEFENSE
(Statute of Limitations)

The Town alleges and says in defense of the Claims alleged in Plaintiffs' Amended Complaint that Plaintiffs' Claims are barred by the applicable Statutes of Limitation.

FIFTH AFFIRMATIVE DEFENSE
(Laches)

The Town alleges and says in defense of the Claims alleged in Plaintiffs' Amended Complaint that Plaintiffs' Claims are barred by the doctrine of Laches. Plaintiffs' have participated in, and have been aware of, and have requested and been granted concessions in both the approval of the rezoning plan for Epcon, and in the construction means and methods for the construction of the Gilead Grove Road Extension, and further have watched construction of the Gilead Grove Road Extension proceed, and have only now waited until the construction is near completion to contest indicated their agreement with, the rezoning

SIXTH AFFIRMATIVE DEFENSE
(Ripeness)

The Town alleges and says in defense of the Claims alleged in Plaintiffs' Amended Complaint are not ripe for hearing by this Court in that "The Crossing" and "the Gilead Road Extension" have not yet been accepted by the Town, and therefore presently there exists only an offer of dedication with respect The Crossing and the Gilead Road Extension. (The Town does not intend make, and specifically disclaims, any actual or implied admission as to any portion of Plaintiffs' Amended Complaint, including but not limited to Plaintiffs' definition of "The Crossing" by the use of the term "The Crossing" or "Gilead Road Extension" in this Answer.)

WHEREFORE, the Defendant Town of Huntersville prays the following relief:

1. That the Court dismiss the Plaintiffs' Amended Complaint with prejudice for failing to state a claim upon which relief can be granted.

2. That the Court enter judgment in favor of the Defendant Town on all claims for relief in Plaintiffs' Amended Complaint.

3. That the Court deny Plaintiffs' request for a permanent injunction.

4. That the Court deny all relief requested by the Plaintiffs' in their prayer for relief.

4. For reasonable attorney's fees to be awarded to the Defendant Town as allowed by Law.

5. That the costs of this action be taxes against the Plaintiffs' as allowed by Law.

6. For such other relief as the Court may deem just and proper.

This the 14th day of March, 2019.

STATE OF NORTH CAROLINA FILED	IN THE GENERAL COURT OF JUSTICE
	SUPERIOR COURT DIVISION
COUNTY OF MECKLENBURG	18-CVS-21684

CLAUDIA T. CRAIG and PAMELA L. YOUNG,

Plaintiffs,

v.

TOWN OF HUNTERSVILLE and EPCON KINNAMON PARK, LLC,

Defendants.

AMENDED COMPLAINT, REQUEST FOR DECLARATORY JUDGMENT AND PERMANENT INJUNCTION

The Plaintiffs complaining of the Defendants allege and say:

Parties and Jurisdiction

1. Plaintiffs Claudia T. Craig and Pamela L. Young ("Plaintiffs") are citizens and residents of Mecklenburg County, North Carolina. The Plaintiffs own tax parcel number 01717203, with the address of 12920 McCoy Road, Huntersville, NC 28078, as joint tenants with right of survivorship. Ms. Craig also owns the adjacent tax parcels 01717208 and 01717207. These three parcels ("Craig Property") all front a gravel road ("Gravel Road") that runs north to McCoy Road.

2. Defendant Town of Huntersville ("Town") is a municipal corporation organized under the laws of North Carolina.

3. Defendant Epcon Kinnamon Park, LLC, ("Epcon") is a limited liability company organized under the laws of North Carolina with a principal place of business in Mecklenburg County. Epcon owns the parcels located across from the Craig Property and the property upon which the disputed portion of the Gravel Road is located.

4. Plaintiffs seek (1) a declaratory judgment under N.C. Gen. Stat. § 1-253 et seq. regarding their rights in and to the Gravel Road, (2) remedy, including injunctive relief, for interference with those rights by actions taken by Epcon, and (3) injunctive relief for the purpose of preventing the dedication of a public street by Epcon to the Town which will terminate the Plaintiff's easement rights in the Gravel Road which is bisected by the proposed public street.

5. The Court has jurisdiction over the parties and subject matter of this action.

Background Facts

6. The Craig Property was originally owned by C. W. Kinnamon and wife, Johnsie M. Kinnamon ("Kinnamons").

7. The Kinnamons sold the three parcels which make up the Craig Property to Donald L. Hill and wife, Harriet H. Hill ("Hills"), in 1968. The deed is recorded at Book 2961, Page 53 of the Mecklenburg County Registry, respectively ("Hill Deed"). The Hills subdivided the original tract into the existing three parcels.

8. The Hill Deed contains the following language: "Together with the right of the parties of the second part to ingress and egress along the presently existing roadway, which is located along the westerly boundary line of the parties of the first part and between McCoy Road and the property herein conveyed to the parties of the second part." ("Gravel Road Easement").

9. McCoy Road is maintained by the North Carolina Department of Transportation and the Gravel Road Easement is approximately 60' wide at the intersection with McCoy Road.

10. The Gravel Road Easement has been used by the Hills and their heirs and assigns since 1968.

11. Plaintiffs presently use the Gravel Road Easement for ingress and egress to McCoy Road. Ms. Craig obtained ownership of the three Craig Properties in 1992, 1995 and 2000. Since

1992, she has been using the Gravel Road Easement for herself, those who visit her property, the trash and mail vehicles, emergency vehicles, and other vehicles used for maintaining the property which regularly includes trucks with trailers.

12. In 2015, the Kinnamon family and the Adkins family, who had purchased their land from the Kinnamons, sold the properties on the east side of the Craig Properties to Epcon.

13. The Gravel Road Easement runs along the western boundary of the Kinnamon and Adkins properties which were sold to Epcon. The Plaintiffs and Epcon have disputed the width of the Gravel Road Easement.

14. In 2015, Epcon obtained a rezoning of the Kinnamon and Adkins properties to allow for construction of an active adult community called The Courtyards at Kinnamon Park ("CKP").

15. Epcon began construction of CKP in or around 2016.

16. The majority of the construction which first took place at the Epcon property was related to grading, installation of utilities and construction of roads.

17. As part of the plan approved by the Town of Huntersville in 2015, Epcon was to construct a new public street ("Gilead Grove Extension") which would cross the Gravel Road Easement and connect to a preexisting Gilead Grove Road.

18. Prior to any construction by Epcon, Gilead Grove Road was barricaded adjacent to the Gravel Road Easement so that vehicles from the adjacent McCoy Crossing subdivision could not use the gravel road to access McCoy Road.

19. In or about August 2016, Epcon began construction of the Gilead Grove Extension across the Gravel Road Easement. This construction included a major change of grade making

two new slopes in the gravel road, installation of two sidewalks and paving of the asphalt street. The grade of the Gravel Road Easement has changed about 4' from the original grade.

20. The Gilead Grove Extension bisected the Gravel Road Easement allowing traffic from McCoy Crossing and CKP to use and access the Gravel Road Easement.

21. Since the Gilead Grove Extension has been constructed, the Plaintiffs have witnessed people from both the adjacent McCoy Crossing and CKP using the Gravel Road Easement, including construction vehicles.

22. The bisecting of the Gravel Road Easement has caused confusion for mail delivery, trash and emergency vehicles. This has created a safety issue for the Plaintiffs, not only having to cross a proposed public street with cross traffic, but also from the limited access for emergency vehicles. The bisecting of the road also creates problems for visibility because vehicles park along Gilead Grove Road making it hard to see when crossing over on the Gravel Road Easement.

23. Given that the width of the Gravel Road Easement has been narrowed by Epcon's construction and excavation of soil away from the Gravel Road Easement which has required installation of retaining walls, larger vehicles and trucks cannot make a turn from the Gilead Grove Extension onto the Gravel Road Easement at all or only with substantial difficulty.

24. The use of the Gravel Road Easement has resulted in the condition of the existing gravel road to be degraded and damaged, especially to the north of the bisection.

25. As part of the platting process for the construction of CKP, Epcon recorded a Plat on December 2, 2016 ("Plat"), showing the Gravel Road Easement, which it designated as "Ingress/Egress Easement" and described as a "existing gravel drive." The Plat shows the Gravel Road at approximately 15' and that only 2' is allowed along the side of the Gravel Road for a buffer when prior to the construction there was a shoulder and ditch.

26. The Plat, signed November 22, 2016, by a representative of Epcon, stated the following: "I hereby certify that I am the owner of the property shown and described hereon and that I hereby adopt this plan of subdivision with my free consent, and dedicate all streets, alleys, walks, parks, and other sites and easements to public or private use as noted. Furthermore, I dedicate all sewer lines and all water lines to the Charlotte-Mecklenburg Utility Department, if applicable."

27. The Plat shows "Gilead Grove Road (50' Public R/W)" crossing the Gravel Road Easement. The Plat does not designate the Gravel Road Easement as a public easement or as a public right of way.

28. Epcon has not completed final paving of the Gilead Grove Extension crossing at this time.

29. The Town has not attempted to accept or accepted any purported dedication of the Gilead Grove Extension crossing by Epcon at this time.

30. The Plaintiffs have not offered or consented to the dedication of any portion of the Gravel Road Easement to the Town.

31. On November 2, 2018, Epcon began construction to add two separate electric gates at the entrances to the portion of the Gravel Road Easement that runs from the Gilead Grove Road Extension to McCoy Road. The Plaintiffs advised Epcon of their objection. Those gates have and will unreasonably obstruct ingress and egress to the Plaintiffs and prohibit their access in the same means as had been made prior to Epcon's construction.

32. On or about January 29, 2019, Epcon began closing the gates. The gates are solar powered and each time you approach a gate you must type in a code on a keypad or use a key fob. The gates are not automatic upon approach of a vehicle.

33. Because of the placement of the gate nearest to the Gilead Grove Road Extension, when a lengthy vehicle, which as a landscape truck with a trailer, is crossing the Gilead Grove Road Extension, the rear end of the vehicle or trailer is within the Gilead Grove Road Extension roadway while waiting for the gate to open.

34. The placement of the of the posts for the gates and the key pads is within the Gravel Road Easement and will infringe upon the Plaintiffs' ability to maintain and restore the gravel road.

FIRST CLAIM FOR RELIEF
(Declaratory Judgment)

35. The foregoing enumerated paragraphs are incorporated by reference as if set forth herein.

36. The parties have held discussions in an effort to resolve the dispute between the parties regarding the point where the proposed Gilead Grove Road crosses over the Gravel Road Easement ("The Crossing"). The parties have not been able to reach any resolution of the dispute.

37. There is an actual controversy between the parties relating to their respective rights in and to The Crossing.

38. The Town claims that Epcon has offered The Crossing for dedication to public ownership, use and maintenance as a public right-of-way in fee.

39. The Plaintiffs' rights to the Gravel Road Easement in The Crossing cannot be extinguished or terminated by an attempted dedication of The Crossing to the Town.

40. Pursuant to N.C. Gen. Stat. § 1-253 and § 1A-1, Rule 57, the Plaintiffs are entitled to a judgment declaring the following:

a. The attempted dedication of The Crossing is invalid without consent or agreement of the Plaintiffs who have rights in the Gravel Road Easement;

b. Any attempted acceptance of the purported dedication of The Crossing by the Town is invalid without consent or agreement of the Plaintiffs who have rights in the Gravel Road Easement;

c. Plaintiffs shall have the right to and Epcon shall install a barricade along the eastern and western edges of the Gravel Road Easement to prevent traffic from the McCoy Crossing subdivision and CKP to use the Gilead Grove Extension to cross over the Gravel Road Easement.

SECOND CLAIM FOR RELIEF
(Overburdening and Interference with Easement Rights)

41. The foregoing enumerated paragraphs are incorporated by reference as if set forth herein.

42. Epcon's use and permission of users on the Gravel Road Easement has and will result in an unreasonable interference with, breach of, inconsistent use of, and overburdening of the Plaintiffs' rights in the Gravel Road Easement.

43. Epcon's construction of two gates on the Gravel Road Easement creates an unreasonable, inconsistent and substantial interference with the Plaintiffs' rights in the Gravel Road Easement and their ability to properly maintain the Gravel Road Easement.

44. The Plaintiffs' use and enjoyment of the Gravel Road Easement will be substantially and unreasonably impaired by the actions of Epcon.

45. Epcon created the circumstances giving rise to the change, impacts and placement of gates on the Gravel Road Easement and cannot be allowed to attempt to remedy the harm it caused by causing further impairment to the Plaintiffs' use of the Gravel Road Easement by, inter alia, placing gates and causing the public to cross the Gravel Road Easement.

46. The sole purpose of the placement of the gates on the Gravel Road Easement is to impair and harass the Plaintiffs in an effort to restrict their use of the Gravel Road Easement and discourage their use of the Gravel Road Easement.

47. Public use of The Crossing and the Gravel Road Easement further overburdens the Gravel Road Easement.

48. The Crossing has led to residents in the McCoy Crossing subdivision to park along Gilead Grove Road that creates unreasonable visual hazards on the Gravel Road Easement when crossing the Gilead Grove Road Extension. Stop signs have been placed on the Gravel Road Easement to unreasonably impede continuous ingress and egress along the easement.

49. The Plaintiffs will suffer irreparable harm for which there is no adequate remedy at law if Epcon is not enjoined from further actions which create an overburdening and unreasonable interference in the Gravel Road Easement to the Plaintiffs. As a result, a permanent injunction against Epcon should be issued by the Court stopping its actions, and, including, but not limited to, the remedy set forth in paragraph 40(c) hereinabove with removal of the two gates that have been installed by Epcon.

THIRD CLAIM FOR RELIEF
(Private Nuisance)

50. The foregoing enumerated paragraphs are incorporated by reference as if set forth herein.

51. Epcon is unreasonably interfering with the use and enjoyment of the Plaintiff's Gravel Road Easement for ingress and egress to their property and is denying the direct right-of-way access to the Plaintiffs' property from McCoy Road that they are entitled to under the Gravel Road Easement.

52. The Plaintiffs will suffer irreparable harm for which there is no adequate remedy at law if Epcon is not enjoined from further actions which create a private nuisance for the Plaintiffs. As a result, a permanent injunction against Epcon should be issued by the Court stopping its actions, and, including, but not limited to, the remedy set forth in paragraph 40(c) hereinabove with removal of the two gates that have been installed by Epcon.

FOURTH CLAIM FOR RELIEF
(Permanent Injunction)

53. The foregoing enumerated paragraphs are incorporated by reference as if set forth herein.

54. Based upon the foregoing allegations and claims, a permanent injunction should be issued against the Defendants, including, but not limited to, that Epcon shall remove the two gates installed in November 2018 and install a barricade along the western edge of the Gravel Road Easement to prevent traffic from the McCoy Crossing subdivision from using Gilead Grove Road to cross over the Gravel Road Easement and shall install a barricade along the eastern edge of the Gravel Road Easement to prevent traffic from CKP from crossing the Gravel Road Easement.

WHEREFORE, the Plaintiffs pray that:

1. The Court order and declare judgment as requested hereinabove;
2. The Court order the relief requested under the first through fourth claims for relief;
3. The Court order and issue a permanent injunction as requested hereinabove;
4. For trial by jury;
5. For reasonable attorneys' fees to be assessed against the Defendants;
6. The costs of this action be taxed against the Defendants; and
7. For such other and further relief as the Court may deem just and proper.

The Town Attorney just let me know on this one yesterday afternoon and it was on my list to e-mail you today. The one previously sent was the only one she could find.

If you have questions, let me know.

Thanks,
Janet

	HUNTERSVILLE POLICE DEPARTMENT	
	1.43 Personally Assigned Cruiser (PAC) Program	
	Effective Date: July 20, 2018	**Rescinds: General Order 1.43, 08-08-16**
	Review Date: July 2019	**Approved: Cleveland L. Spruill Chief of Police**

CONTENTS

1.43 A – Policy/Purpose
1.43 B – Definitions
1.43 C – Personally Assigned Cruiser (PAC) Program
1.43 D – Approval Process for Take Home Vehicles
1.43 E – PAC Program Outside Regular Work Hours
1.43 E – General Regulations
1.43 F – Assignment of Personal Police Cruisers
Addendum A – Take Home Vehicle Request Form

A. POLICY/PURPOSE

1. It is the policy of the Huntersville Police Department to assign sworn officers individual police cruisers (marked or unmarked) when the available police fleet of vehicles allows for such assignments. The individual assignment of police cruisers to law enforcement officers provides an array of benefits to the community, the department, and the officer. These benefits include:

A. Community Safety-

1) Enhanced Officer Visibility and Sense of Community Safety– The agency benefits from having an increase in police/officer visibility, as marked police cruisers create an impression of heightened police presence, reducing opportunistic criminal activity;
2) Increase Trained Officers Availability – Police radios must be on while the police cruiser is in use and this results in more trained police officers observing and reporting policing issues;
3) Increases the Back Up Potential for Officers On Duty – officers in marked cruisers are more apt to check the welfare of a fellow officer if he/she passes an officer taking enforcement action;

B. Effectiveness/ Efficiency-

1) Increases Levels of Enforcement – officers driving personal police cruisers commuting to and from work and observing serious motor vehicle violations and criminal activity are obligated to take enforcement action;
2) The Longevity of the Vehicle is Extended – the department generally replaces vehicles every six to seven years due to enhanced vehicle upkeep by officers, instead of two to three years of shared cruisers; cruisers with one assigned operator tend to have preventative maintenance performed at appropriate times;
3) Time Efficiency – time is not wasted picking up a cruiser before a shift or waiting for a cruiser to become available from the previous watch; equipment is in one place and officers do not have to move it from cruiser to cruiser each shift; and

C. Officer Benefit-

1) Recruiting/Retention Tool – Personal police cruisers are a positive recruiting and retention mechanism in a competitive market;
2) Greater Availability of Cruisers During Emergencies/Unusual Occurrences and Reduced Response Times for Recalls to Active Duty – The officer does not have to go to a station to get a cruiser prior to responding and can respond directly to the scene;

3) Performance Incentive – offering newer vehicles to top performers. The PAC Program can be used to reward officers based upon outstanding work performance.

2. The purpose of this policy is to establish guidelines for the proper use, operation and maintenance of Huntersville Police Department police fleet vehicles for both on and off-duty assignments and use in relation to the Personally Assigned Cruiser (PAC) Program, sometimes referred to as the "One Officer – One Car Program".

B. DEFINITIONS

1. Employee – Any sworn employee, non-sworn employee, or volunteer for the Huntersville Police Department with a valid NC driver's license.

2. HPD Vehicle – Any vehicle, marked or unmarked, that is owned or leased by the Town of Huntersville and assigned to the Department for official use.

3. Personal Police Cruiser – Any HPD cruiser, marked or unmarked, that is assigned to an individual employee for official use on a 24-hour per day basis.

C. PERSONALLY ASSIGNED CRUISER (PAC) PROGRAM

1. All sworn officers who have successfully completed the agency's field training program will be eligible for the assignment of a Personally Assigned Cruiser (PAC). These assignments are at the sole discretion of the Chief of Police and may be suspended if there is an insufficient number of vehicles available to meet the needs of the Department. Personally Assigned Vehicles will be used for the primary purpose of official job duties and responsibilities during approved work hours, as well as commuting to and from work and the officer's primary residence.

2. All sworn officers issued a Personally Assigned Cruiser (PAC) will be authorized take home privileges primarily for the purpose of after hours recall to crime/incident scenes, recall to critical incidents requiring immediate response and to promote greater visibility and police presence throughout the Town and adjacent areas consistent with the following guidelines:

   (a) The sworn officer's primary residence must be located:

      (1) Within the Town limits or within the Huntersville Extra-Territorial Jurisdiction or;
      (2) For Executive Command Officers holding the rank of Captain or above, and for officers assigned to positions deemed operationally necessary by the Chief of Police, the distance shall be no greater than 20 miles from the outermost Town limits. These positions include:
         a) Special Weapons and Tactics (SWAT);
         b) Canine Officers;
         c) Crash Re-constructionists;
         d) Animal Control Technician;
         e) Sworn Staff assigned to the Investigations Bureau (CID, CRD, and VICE)

      (3) For all other officers the distance shall be no greater than 12 miles from the outermost Town limits.

(4) Officers with authorized take-home privileges that were granted prior to November 14, 2011 and exceed the above requirements are authorized to continue these take home privileges. This exception will be revoked when the officer moves from their current location or if they are reassigned out of their current position. The officer may then apply for a take-home vehicle in and will be bound by the conditions of existing policy.

(5) Under unique and unusual circumstances, the Chief of Police retains the discretion to grant approval for sworn personnel at greater distances than listed above, after consultation with the Town Manager

3. Police cruisers will not be individually assigned to an officer until they have successfully completed field training status and such assignment is subject to cruiser availability. Such assignment will not take precedence over operational needs of the Department.

4. The provisions of take home privileges may be extended to non-sworn field operational personnel who may respond to calls outside regular business hours, but this must be approved in writing by the Chief of Police.

5. All personally assigned cruisers will be approved in writing by the Chief of Police. The Personnel, Training and Fleet Division Commander will maintain an active list of all personally assigned cruiser assignments and will update the list as necessary.

6. For those PAC Program assignments not approved for take home privileges off duty parking of the cruiser remotely and/or at the Department will be approved by the respective Bureau Commander and must meet the requirements of the Chief of Police.

7. Any mileage standard stated in this written directive refers to the actual straight line distance from the officer's primary residence to the outermost Town limits.

8. The Chief of Police has discretion and final decision making authority in any instances regarding take home privileges for an officer assigned to any special assignment (undercover investigation) or special job related circumstances.

D. APPROVAL PROCESS FOR TAKE HOME VEHICLES

1. Officers who wish to be assigned a take home vehicle must submit a completed Take Home Vehicle Request Form (see Addendum A) through their Chain of Command to the Chief of Police. The Bureau Commander will review the request, will personally verify that the request meets the agency requirements for take home privileges and will make a recommendation to the Chief of Police on whether to approve or deny the request. Once the Chief of Police approves or denies the request, the request will be forwarded to the Personnel, Training and Fleet Division Commander who will maintain the original copy, and forward a copy to the requesting officer through his/her Chain of Command.

2. Requests for take home vehicles are not considered approved and no officer is authorized to take the vehicle home until they receive a copy of the Take Home Vehicle Request form signed by the Chief of Police.

3. Take Home Vehicle approvals are specific to the address for which the request is made. Approved requests are immediately revoked upon any change of address, either temporary or permanent. Officers must submit a new request form for any change of address.

E. PERSONALLY ASSIGNED CRUISER (PAC) PROGRAM USE OUTSIDE REGULAR WORK HOURS

1. Personally Assigned Cruisers (PAC) may be driven at times other than during regular scheduled duty hours only under the circumstances listed below. In all cases, an officer's operation and use of the assigned police vehicle must conform to same departmental directives applicable to on-duty officers, except as noted otherwise in this Directive. This includes but is not limited to:

    (a) To and from the Police Department or other designated reporting station for regularly scheduled duty. Off duty officers must travel to and from their primary residence to the other approved locations via the most direct route, except as approved otherwise by the Chief of Police or designee.

    (b) To and from department authorized meetings, conferences, special assignments and training classes. In the event that more than one officer is attending or assigned to the same function at a location outside the Town, efforts should be made to car pool to the destination. Only officers living within the Town and ETJ limits may use their assigned cruiser to travel to and from the Huntersville Family Fitness and Aquatics Center (HFFA) and Huntersville Police Department for physical training during non-duty hours.

    (c) Officers without take home privileges may take their assigned cruiser home the night prior to an out of Town training assignment/special assignment, if such actions results in cost savings/benefits to the Department and has the prior approval of the respective Bureau Commander.

    (d) To and from court proceedings where the officer is attending in an official capacity for the Police Department.

    (e) To and from an authorized service facility for the purpose of maintenance and repair of the police vehicle within the Town of Huntersville or at another facility approved by the Chief of Police, and under the guidelines approved by the Chief of Police.

    (f) To and from recalls to active duty by the police department for emergencies or other official reasons;

    (g) To, from and during off duty secondary employment when the secondary employment has the prior approval of the Chief of Police. Continuous operation of the vehicle throughout the secondary employment assignment is normally limited to circumstances where the police vehicle is needed to control traffic in the interest of public safety and/or to reduce the need for on-duty units to transport prisoners. A police vehicle may not be used for purposes of actual continuous patrols for a private employer without the specific approval of the Chief of Police and there may be additional charges for such services.

    (h) To perform other activities necessary in the performance of the member's scope of employment that have the specific approval of the Chief of Police or his designee and that are consistent with prevailing law and the policies of the Town of Huntersville.

2. Officers operating an agency police cruiser outside of their regular duty assignment must be properly attired (comply with agency grooming standards) for that particular assignment. "Properly attired" means that officers must be dressed in a manner that reflects positively on the Huntersville Police Department and would not prohibit them from performing police services should the need arise. Officers must keep in mind that when the public sees a marked police cruiser, they have the expectation that the marked cruiser is an on-duty police officer and capable of providing assistance. This does not mean that officers must be in uniform when traveling to and from training, meetings, off duty secondary employment etc., but officers must be properly attired "and able to perform police services" if necessary.

3. Officers operating a police cruiser outside of their regular duty assignment must always carry their assigned Huntersville Police Department identification card, Police Badge, Police Radio and assigned/authorized handgun.

4. Officers operating police cruisers while off-duty shall maintain proper radio communications in accordance with departmental directives.

5. In the event that an off-duty officer operating a police cruiser encounters an incident or situation that logically requires police intervention, the officer will stop and render appropriate assistance. No off-duty officer operating a marked police vehicle will ignore any call for emergency assistance or fail to render reasonable police services. When initiating or responding to a police situation while off-duty, officers shall notify the Communications Center by proper radio procedure. Under normal circumstances, situations requiring more than brief on-scene action will be turned over to and handled by on-duty personnel. Officers operating personally assigned unmarked cruisers will respond to and render assistance in accordance to the agency protocol on use of unmarked cruisers when off-duty.

6. Officers with take-home privileges should park their assigned vehicle in a conspicuous location that will maximize its crime deterrent value, preferably a residential driveway or parking area at the officer's primary residence. When possible, the location should be well lighted and visible to both the officer's family and neighbors. Unattended vehicles of off-duty officers must be lawfully parked and remain locked. Officers will not presume any special privileges with a police vehicle while off-duty.

7. Officers must comply with Department Directive 4.09 Transporting Civilians in regards to non-police employees riding in personally assigned cruisers.

F. GENERAL REGULATIONS

1. The Bureau Commanders shall be authorized to limit PAC privileges or effect the temporary reassignment of police vehicles as necessary to achieve a police purpose. If cruisers are temporarily reassigned, the commander authorizing the reassignment shall ensure that the cruiser and all personal equipment is returned to the officer when reassigned. Reassignment of a cruiser for disciplinary reasons will require the specific approval of the Chief of Police.

2. Personnel suspended from duty for disciplinary reasons will be required to turn in their assigned PAC cruiser to their supervisor until they return to regular duty status unless otherwise directed by the Chief of Police. Officers on Administrative Leave or other restricted status are not authorized to perform any enforcement action, thus are not authorized to operate their assigned police cruisers.

3. The Bureau Commanders may require an officer to park their assigned cruiser at the Police Department or other authorized location during periods of extended leave. As a precautionary measure against theft or property damage, the officer may be required to remove equipment that is not permanently affixed to the cruiser.

4. Under no circumstances will any weapons, mobile computers, police badges/credentials, or portable radios be left in the passenger area of the cruiser while the officer is off duty. The only exception will be duty shotguns or carbines when properly secured in the locking mount installed by the Department.

5. Officers/Employees are to ensure that their assigned cruisers are adequately fueled to respond to calls for service at all times. Generally, all cruisers should maintain at least a half tank of fuel at all times.

6. Employees operating the Personal Police Cruiser will not visit any location that may reflect negatively on the department or result in public criticism. A Personally Assigned Cruiser may not be used for recreation, vacation purposes, and/or unreasonable/disruptive personal business.

7. Officers with take home vehicle privileges under this directive must report any change to their primary residence, whether temporary or permanent, to their respective Bureau Commander in advance of, or simultaneously with the move to the new residence. Any change of address immediately nullifies previously approved take home vehicle requests and the officer is not authorized to take the vehicle home until they have submitted a Take Home Vehicle Request form for the new residence and received approval from the Chief of the Police.

8. No officer may install, attach or affix any supplemental device, tags, equipment, stickers, signs, ribbons, emblems or other materials to a police cruiser or its associated equipment without the prior approval of the Chief of Police or designee. No officer shall modify any police equipment assigned to or associated with their assigned Huntersville Police Department cruiser.

9. The individual assignment of a personally assigned cruiser is a privilege and not an automatic fringe benefit or employment right. This privilege may be subject to restriction, suspension, or revocation by the Chief of Police or his designee at any time.

G. ASSIGNMENT OF PERSONAL POLICE CRUISERS

1. The assignment of Personally Assigned Cruisers within the limits of this directive remain at the sole discretion of the Chief of Police.

2. When the agency receives new police cruisers/vehicles to place into initial service the respective Bureau Commander(s) will meet with the Police Lieutenants of all affected divisions and discuss the initial assignment of new cruisers/vehicles and consider the following factors, (not in rank order) in such decisions:

    (a) The work performance or meritorious work of the individual officers/employees;
    (b) The individual officer's records in terms of vehicle inspections and history of at-fault crashes;
    (c) The disciplinary history of the officer(s);
    (d) The number of sustained internal affairs/citizen complaints of the officers for the last three years;
    (e) Agency operational issues; and
    (f) Seniority of the officer(s).

4. The Bureau Commanders and Police Lieutenants will meet to review potential new cruiser assignments and attempt to gain consensus on such assignments. If consensus cannot be reached the Chief of Police shall make the final decisions on the assignment of new cruiser.

5. Police Lieutenants may recommend to their Bureau Commander the suspension of take home privileges for an officer who demonstrates poor work performance and the Bureau Commanders have authority to implement such action.

Good evening, Eric.

You've hit the nail on the head – the Town controls its own destiny when we set the rate or fee.

The significant revenues we control are tax rate and fee rates. We provide a level of transparency other agencies frequently do not by accounting for vehicle fees in a separate fund. We do this to illustrate that all vehicle fees are spent for transportation related expenses.

In the general fund budget on page 16, property taxes account for 60% of the total general fund revenue budget. Sales tax and utility sales tax (formerly franchise tax) account for another 23% of revenue. Both these sources are state and county controlled. Those three revenues provide 83% of our general fund revenue, an overwhelming majority.

The only other revenue line items in the general fund over $1 million each are County contribution for policy the ETJ ($1.39 million – another 4%) and the solid waste fee ($1.5 million another 4.5%). These five revenues account for 91.6% of our general fund revenue. There are other user fees generated by the planning and parks and recreation department, interest earnings and other miscellaneous sources, but doubling them or increasing them by more won't make a material difference in our revenue picture.

We control rates in our enterprise funds (HFFA and Electric fund). We set stormwater rates, but Powell bill is a state distribution, and the tourism taxes (occupancy and prepared food and beverage tax) have general assembly and city/county interlocal agreement strings attached.

Hope that answers your question. Let me know if I need to take another swing at it.

Thanks for your continued participation on HEOSC. Good night.

Jackie,

Which taxes/revenue sources listed in the budget does Huntersville directly control the rates? We set our own property tax rate and vehicle fee, but which others do we directly control? I am interested in what impact, if any, the sharing economy has had on Huntersville revenues - i.e., do we directly control or have any impact on setting rates for hotel/motel taxes and rental vehicle taxes?

Thanks,

Mr. Simoneau,

Can you please help me understand Zoning Ordinance section 10.10.9 better, specifically subsections b), c), and d)?

- b) *No signs shall be permitted in the right-of-way of a fully controlled access highway.* - What is a fully controlled access highway? Could you give me an example of this type of highway in town?

- c) *Signs shall be no closer than 3 feet from the edge of pavement of the road,* - Are there any roads in town this subsection wouldn't apply to? e.g., roads/streets in a shopping center?

- d) *Permission shall be obtained from any property owner fronting the right-of-way where a sign is erected.* - Does the town have any current way to track whether permission has been obtained from property owners where signs are placed, or would this only come up in the event of a dispute? And does this subsection apply to properties owned by government entities as well as private owners?

Any assistance would be appreciated. We can schedule a quick call later today if it would be easier to respond via phone.

Thank you,

Eric Rowell

Ms. Schruhl:

There are two town board candidate campaign signs up on the west side of town in violation of 10.10.9 - one at corner of Stephens/Beatties Ford, and one on Bud Henderson about a half-mile after you turn off of Beatties Ford.

At least 3 additional campaign signs have been placed in violation of town sign ordinance at various locations up and down Old Statesville by the same candidate, one at corner of Verhoeff and two others along the roadside.

Hi all,
Attached is the PPT for Monday. Eric will add a slide, re: the incubator and Mike has agreed to add a slide or two, re: summary and additional considerations.

Amie/Carrie - I have a question about the magnet program "con" we talked about last Monday. You will see it noted in red. Can you please clarify for me in the notes section what you are driving at with that bullet?

Thanks,
Karen

All,

I will be unable to attend tonight's public input session due to a conflict. I will circulate a slide based on the incubator idea to the group before our next meeting on May 6.

Thanks,

Eric Rowell

Yes, that's my understanding as well.

I've added comments to pages 11, 15 & 16 of the attached.

I was under the impression that the items from our SWOT analyses were to be added to the presentation. Did we miss that, or am I looking at an older version?

Hi Karen,
I have added my thoughts (in the notes section) about the "con" regarding magnet program in Option 2. *It should be moved to Option 3. It is not a con for Partnering with CMS it is a con if we do not partner. For that matter it could also be added to Option 4 as well.*

Carrie is that your understanding as well?

Hi all,
Attached is the PPT for Monday. Eric will add a slide, re: the incubator and Mike has agreed to add a slide or two, re: summary and additional considerations.

Amie/Carrie - I have a question about the magnet program "con" we talked about last Monday. You will see it noted in red. Can you please clarify for me in the notes section what you are driving at with that bullet?

Thanks,

Hi Karen,
I have added my thoughts (in the notes section) about the "con" regarding magnet program in Option 2. *It should be moved to Option 3. It is not a con for Partnering with CMS it is a con if we do not partner. For that matter it could also be added to Option 4 as well.*

Carrie is that your understanding as well?

Purpose of the HEOSC

On October 15, 2018, Huntersville Commissioners established the Huntersville Educational Options Study Commission.

The Commission was established to evaluate options available to the Town of Huntersville to reduce overcrowding within the public school system in Huntersville. Those options, presented based on ease of implementation, are:

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Dividing the Charlotte Mecklenburg LEA into smaller LEAs

Capital Needs Assessment Summary - Huntersville

1. Assessing Huntersville growth only, one elementary school will be needed by 2025, two elementary schools by 2030, and a middle school and high school by 2035.
2. Huntersville school age children will need ***23 additional classrooms by 2020***, and capacity will be constrained without significant re-assignment of Charlotte students out of Huntersville schools or the equivalent of a mid-sized Charter school in Huntersville.

Option 1: Do Nothing

- Continue with the status quo allowing CMS to solve for overcrowding as they see fit

Option 1: Do Nothing

Objective: Continuing with the status quo where CMS addresses overcrowding and capital needs on their terms and timeframes

PROS

- No pushback either legislatively or legally
- No monetary cost to the town
- No required effort from town officials

CONS

- No real, long-term solution for overcrowding, especially with the forecasted population growth
  - **1896 students by 2025**
  - **3327 students by 2030**
  - **5302 students by 2035**
- No new classroom buildings in our region for at least 15 years
- No equitable distribution of resources for North Mecklenburg schools
- Continued strain in the relationship between North Mecklenburg and CMS

Option 1: Do Nothing

Objective: Continuing with the status quo where CMS addresses overcrowding and capital needs on their terms and timeframes

PROS

CONS

- Ongoing concerns about overcrowding can deter economic development/expansion in the region
- Continue to fund the capital needs of CMS outside of the Lake Norman area

Option 2: Partner with CMS

- Create a collaborative educational partnership between the Town of Huntersville and CMS

Option 2: Partner with CMS

Current Partnering Agreements (Joint Use Agreements)

- Alexander Middle School- 12010 Hambright Road
- Barnette Elementary School Gym- 13659 Beatties Ford Road
- Bradley Middle School- 13345 Beatties Ford Road
- Huntersville Elementary School- 200 Gilead Road
- Torrence Creek Elementary School- 14550 Ranson Road

Represents a total investment by the Town of Huntersville of $1,170,159

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

- No legislative requirement at state or county level
- Potentially more cost effective than other options
- Utilizes resources already in place with CMS – transportation, staff, food service, specialists, etc.
- Less divisive – public entities working together toward a common goal of positive educational outcomes
- Potential ability to influence rubric going forward

CONS

- Uncertainty of future improvements in our area
- Long timeline to solutions or results.
- No guarantee that any future elected political entities honor any prior negotiated deals
- Differing opinions and perspectives will still be present between Huntersville and CMS
- Potential loss of magnet school options under MEAC reassignment suggestion

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

CONS (continued)

- No control over where CMS draws lines for student assignment. This can negatively impact property values and business development.
- Lack of firm foundation on which to build a successful partnership
- Continued lack of local control over education
- We do not agree with the CMS definition for capacity as we do not consider modular classrooms a good solution.
- Uncertainty of site selection and bond assignments based on current rubric and definitions of overcrowding

Option 2: Partner with CMS

Sources of Leverage:

- Land – current town-owned land is limited with no viable locations, possible developer incentives with future developments (i.e., trade land to build a school for revised density requirements).

- Financial incentives to partner in building new facilities as the town has with previous JUAs. Town can offer to pay for athletic fields, playgrounds, gyms, theaters, etc., for new buildings in our town.

- Town of Huntersville can agree to enact a binding resolution guaranteeing a 15 year moratorium on enacting any section of SL2018-3 as outlined in the CMS Municipal Concerns Act.

- Any group of citizens can follow the traditional charter school route outside of HB 514.

Option 3: Operate a stand-alone Municipal Charter School

Background on House Bill 514

Governance Structure

- Municipality's governing body can serve as ex officio board or appoint one to govern its municipal charter school
- NC Office of Charter Schools provides technical assistance, guidance and training to municipal charter schools, as part of its duties

Municipal charters can prioritize enrollment to students in the municipality

Employment requirements

- Municipal charters can employ teachers provided
  - at least 50% hold teaching licenses
  - All teachers of core subjects (science, math, social studies, language arts) are college graduates
- Municipal charters can employ/discharge others to perform non-teaching duties
- Municipal charters' employees can participate in the state retirement and health system for teachers and state employees

https://content.govdelivery.com/accounts/NCSBE/bulletins/224f427

Option 3: Operate a stand-alone Municipal Charter School

Estimated Timing

- 1 year approval process after application submitted
- 1-3 years after approval received to id/ready/retrofit location, hire/train staff, order supplies, advertise for students, etc.
- Total timetable 2-4 years minimum to open school
- Therefore, earliest opening likely Fall 2022

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Promotes local control and increases parental choice
- Operational expenses fully funded through existing revenues
- Local decisions made by local leaders; better planning/cooperation with Town of Huntersville
- Prioritizes enrollment for town children
- Reduces bureaucracy increases efficiency, and lowers administrative costs

CONS

- Risk alienating local LEA
- Law may be changed/repealed to be less favorable; (e.g. charter cap)
- Legal challenges may occur
- Uncertainty over funding and perception of double taxation
- High initial liquidity needs and upfront expenses
- Siting/land issues, inability to fund land purchases without legislative change.

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Provides potential for higher standard/more flexible curriculum and enhanced instructional practices
- Potential to relieve overcrowded schools
- Large pool of diverse potential charter school board members in North Mecklenburg from various educational/workforce backgrounds

CONS

- No guarantee for Charter approval
- estimated timeframe of 2-4 years for Charter school to open

Option 3: Operate a stand-alone Municipal Charter School

Sources of Leverage:

- Town's financial condition and bond rating may assist Municipal Charter School with capital/liquidity funding
- Local developers may find trade of land for school in return for higher density an attractive proposition
- May generate positive parental response resulting in high demand for seats in the school

Option 3: Operate a stand-alone Municipal Charter School

Town Board Considerations:

- Determine viability of financing/sources of capital
- Determine availability and upfit of existing leasable space
- Consider partnering with Cornelius (and Davidson) to share resources
- Determine additional legal and political challenges

Option 4: Partner with an Existing Charter School

Option 4: Partner with an Existing Charter School

PROS

- Financial economies of scale from shared resources of operating expenses, such as administration, employment, and transportation
- Knowledge and experience of application and establishment process
- Benefitting from established, successful educational curriculum
- Local brand recognition based on reputation of partnering school
- Avoid learning curve associated with start-up process for school

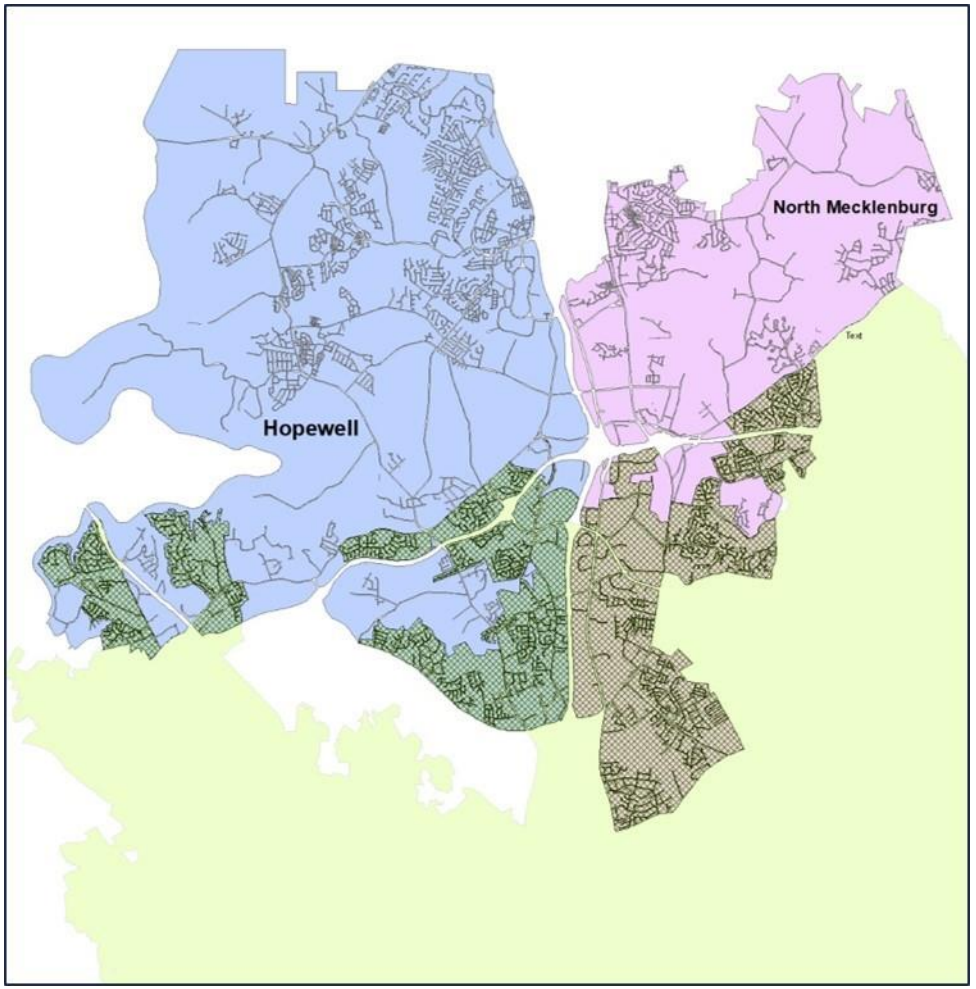
CONS

- Loss of total control over municipal sponsored charter school
- May not receive interest from preferred partner charter schools

Option 5: Dividing the Charlotte Mecklenburg LEA into smaller LEAs

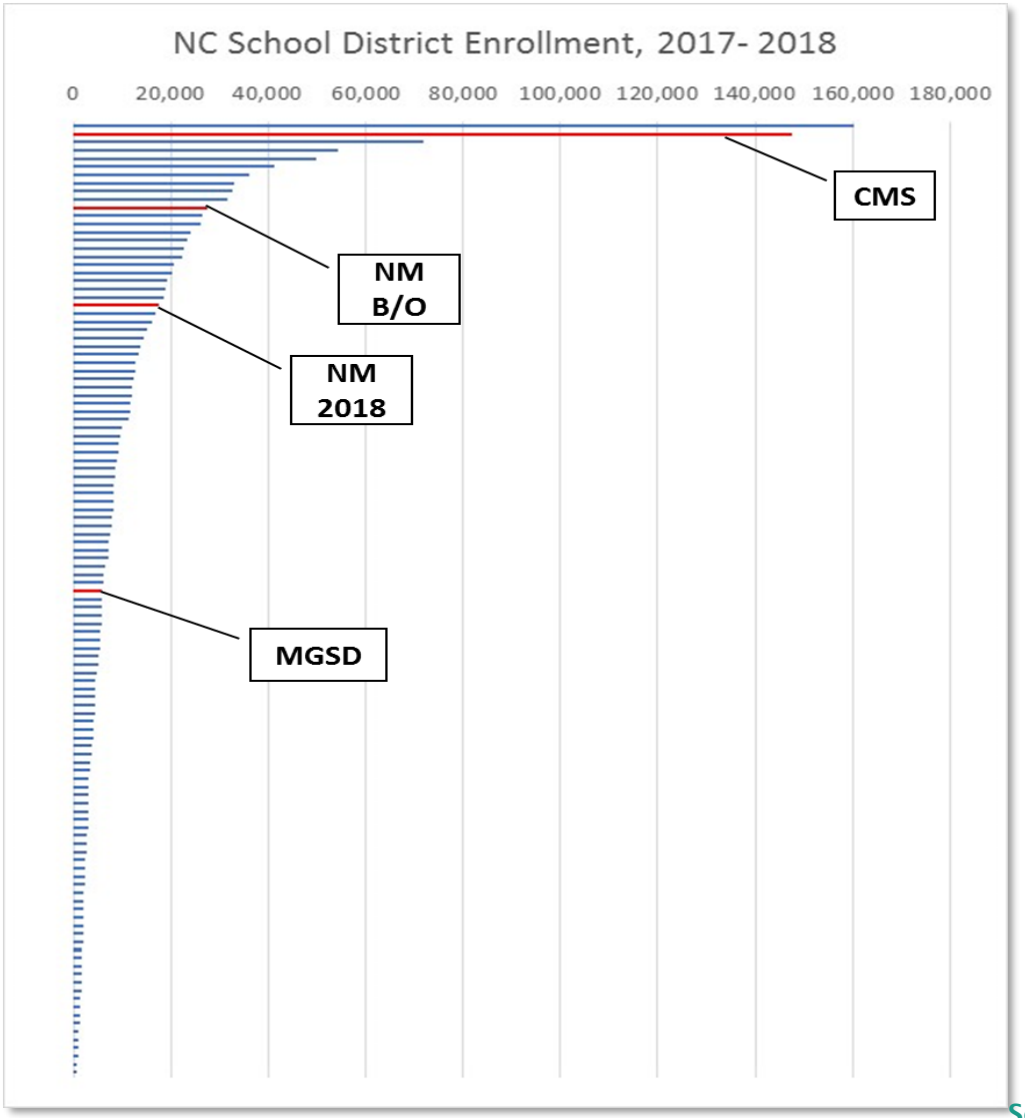
Definition & Assumptions

- Create a new school district separate from CMS
- Current CMS school assignment borders unchanged
  - Minimal disruption
  - Preserves diversity
  - Engages Charlotte positively



Source: CMS

Comparison to Existing LEAs



- At current enrollment a North Meck LEA would be the 23rd largest school district in NC
- At buildout a North Meck LEA would be the 11th largest school district in NC

Huntersville Capital Needs Assessment – LEA Option

1. Adding in the over/under-utilization of the Huntersville schools does make a material difference in the school needs for Huntersville students
2. Huntersville school age children will need one additional elementary school by 2025, 3 elementary schools, 1 middle school and 1 high school by 2035.

Option 5: Dividing Charlotte Mecklenburg LEA into smaller LEAs

PROS

- cost - likely less expensive and more cost effective to operate than CMS
- property tax dollars used for education would stay local and benefit local students
- maximize money spent on education/learning instead of on educational bureaucracy
- greater parental choice, greater educational options in North Mecklenburg
- overcrowding/capacity problem relieved sooner than waiting on a solution from CMS
- greater flexibility with curriculum and addressing concerns of parents than with CMS

CONS

- even at 30-35k students, still far above the national average school district size
- cost - (both strength and weakness) far higher than a single municipal charter, but likely still more cost-efficient than CMS
- commercial tax base less without contributions from commercial property in Charlotte, potential greater burden on North Mecklenburg homeowners
- uncertainty over costs/taxes/curriculum etc resulting in more difficulty in making the case to the public and elected officials to pursue this option

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEAs

PROS

- More actual (not just perceived) local control of education
- More input for all stakeholders (parents, teachers, and staff)
- Studies and testimony presented support smaller districts as more efficient, while a possible North Meck LEA could still be large enough to take advantage of economies of scale
- easier access to school leadership
- more accountability of school leadership/teachers
- more permanent nature of a smaller LEA as opposed to just a single municipal charter, a smaller LEA would be a better long-term solution

CONS

- "regional" approach to education does not currently include Davidson
- potential zoning issues based on multi-jurisdictional district
- capital funding and land acquisition - still too many unanswered questions about what the town can/cannot do, plus dealing with the practical problem of finding suitable land

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEAs

Town Board Considerations - Opportunities

- Not a short term solution to overcrowding
- Will need to muster the political will to pursue
- Convincing teachers of a better teaching environment in a smaller district
- Political makeup of a new school board - more receptive / responsive to voters in North Mecklenburg
- More/better focused growth and data projections, working closer with the Town planning staff on demographics / growth trends etc
- Regional approach to education would benefit not just education, also planning efforts
- Start the dialogue statewide over what the right size of a school district size even if this option not pursued by the town (s)
- Help set the template for how this option could be replicated in other areas of the state with similar concerns

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEA

Town Board Considerations - Threats

- Any agreement to deconsolidate must come from NCGA, which is unlikely at this time
- Education policy continues to become more partisan, not less, so any large-scale solution is unlikely
- The sheer logistics / dynamics alone for such a change to the status quo how to unwind CMS, what to do with CMS assets in North Mecklenburg, would a constitutional amendment be necessary, etc?
- Political instability - locally and in Raleigh
- Potential lawsuits - who would bear the costs?
- CMS - unlikely to cease opposition efforts to change the status quo

Summary and Considerations

Summary and Next Steps

Based on the projection of the current and future facilities needs of the Huntersville and North Mecklenburg student population, and feedback received during the April 29, 2019 Public Input meeting, the HEOSC will finalize their findings of the 5 Options available to the Town of Huntersville to address future educational needs.

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Create a New LEA

Final report date May 20, 2019

Appendix

Option 3: Operate a stand-alone Municipal Charter School

Potential Outcomes:

- Could be elongated start-up timetable, but once fully operational, becomes longer term solution to alleviate overcrowding issue for the Town
- Creative financial solutions will be needed to address significant initial liquidity needs and upfront costs
- Can learn from local charter schools as demonstrated models of excellence
- Demonstrating best practices in options for alternatives in public education
- Could lead to increased ability to be an incubator for other charter school startups in the Lake Norman Region
- May strain relationship with local LEA

Option 3: Municipal Charter School
Huntersville Operating Budget Assumptions

- Municipal charter school of 1,500 students with 3 year ramp up
- EC students 13% of student population
- Approximately 1-2% annual increase in $/ADM
- Approximately 1-2% annual increase in expenses
- Rent expense based on $12/sq ft, 100,000 sq ft building

Potential Diversity Statistics using LNC

	Total Population	Asian	African-American	Hispanic	2+ Races	Caucaisan
Elementary School	399	10%	14%	6%	7%	64%
Middle School	799	9%	12%	7%	7%	66%
High School	805	5%	15%	4%	4%	71%
Total LNC	2,003	8%	13%	6%	6%	68%

Key Takeaways:

- Diversity of Municipal Charter School should mirror the demographics of the Lake Norman area
- Used Lake Norman Charter demographics from 2017-2018 as a proxy to estimate potential demographics of Cornelius Municipal Charter School

Key Takeaways:

- Need **$1MM+** to open municipal charter & fund its initial operations plus liquidity needs
- Once fully operational, school can operate at better than breakeven
- Outside of salaries/benefits, rent biggest single projected expense

Option 3: Municipal Charter School Capital Needs Assessment

For the Municipal Charter School Option:

1. Assessing Cornelius growth only, no complete ***new schools*** are needed by 2035 using either avg school capacity or optimal school size assumptions.
2. Cornelius school age children will need ***additional classrooms by 2020***, and capacity will be constrained without significant re-assignment into Huntersville schools or by adding the equivalent of a small to mid-sized Charter school in Cornelius

*Assessment of capital needs based on optimal school size

Option 4: Partner with an Existing Charter School

Sources of Leverage:

- Town's ability to assist Charter School with capital funding sources
- Town's ability to assist and prioritize Charter School with additional field space
- Ability for Charter School to expand and offer seats to wait listed students

Potential Outcomes:

- Faster Start-Up
- Higher quality staffing
- Leverage proven Managing Director and curriculum

LEA Option Analysis Assumptions

1. Uses current total N. Meck boundaries for CMS schools
2. All schools located in Davidson/Cornelius/ Huntersville would be assigned to the new LEA
3. All schools will use "planned enrollment" at 20 students/classroom as the student population

Hi Karen,
I have added my thoughts (in the notes section) about the "con" regarding magnet program in Option 2. *It should be moved to Option 3. It is not a con for Partnering with CMS it is a con if we do not partner. For that matter it could also be added to Option 4 as well.*

Carrie is that your understanding as well?

Best,
Amie

Subject: slide deck for Monday meeting

Hi all,
Attached is the PPT for Monday. Eric will add a slide, re: the incubator and Mike has agreed to add a slide or two, re: summary and additional considerations.

Amie/Carrie - I have a question about the magnet program "con" we talked about last Monday. You will see it noted in red. Can you please clarify for me in the notes section what you are driving at with that bullet?

Thanks,
Karen

Purpose of the HEOSC

On October 15, 2018, Huntersville Commissioners established the Huntersville Educational Options Study Commission.

The Commission was established to evaluate options available to the Town of Huntersville to reduce overcrowding within the public school system in Huntersville. Those options, presented based on ease of implementation, are:

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Dividing the Charlotte Mecklenburg LEA into smaller LEAs

Capital Needs Assessment Summary - Huntersville

1. Assessing Huntersville growth only, one elementary school will be needed by 2025, two elementary schools by 2030, and a middle school and high school by 2035.
2. Huntersville school age children will need ***23 additional classrooms by 2020***, and capacity will be constrained without significant re-assignment of Charlotte students out of Huntersville schools or the equivalent of a mid-sized Charter school in Huntersville.

Option 1: Do Nothing

- Continue with the status quo allowing CMS to solve for overcrowding as they see fit

Option 1: Do Nothing

Objective: Continuing with the status quo where CMS addresses overcrowding and capital needs on their terms and timeframes

PROS

- No pushback either legislatively or legally
- No monetary cost to the town
- No required effort from town officials

CONS

- No real, long-term solution for overcrowding, especially with the forecasted population growth
  - **1896 students by 2025**
  - **3327 students by 2030**
  - **5302 students by 2035**
- No new classroom buildings in our region for at least 15 years
- No equitable distribution of resources for North Mecklenburg schools
- Continued strain in the relationship between North Mecklenburg and CMS

Option 1: Do Nothing

Objective: Continuing with the status quo where CMS addresses overcrowding and capital needs on their terms and timeframes

PROS

CONS

- Ongoing concerns about overcrowding can deter economic development/expansion in the region
- Continue to fund the capital needs of CMS outside of the Lake Norman area

Option 2: Partner with CMS

- Create a collaborative educational partnership between the Town of Huntersville and CMS

Option 2: Partner with CMS

Current Partnering Agreements (Joint Use Agreements)

- Alexander Middle School- 12010 Hambright Road
- Barnette Elementary School Gym- 13659 Beatties Ford Road
- Bradley Middle School- 13345 Beatties Ford Road
- Huntersville Elementary School- 200 Gilead Road
- Torrence Creek Elementary School- 14550 Ranson Road

Represents a total investment by the Town of Huntersville of $1,170,159

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

- No legislative requirement at state or county level
- Potentially more cost effective than other options
- Utilizes resources already in place with CMS – transportation, staff, food service, specialists, etc.
- Less divisive – public entities working together toward a common goal of positive educational outcomes
- Potential ability to influence rubric going forward

CONS

- Uncertainty of future improvements in our area
- Long timeline to solutions or results.
- No guarantee that any future elected political entities honor any prior negotiated deals
- Differing opinions and perspectives will still be present between Huntersville and CMS
- Potential loss of magnet school options under MEAC reassignment suggestion

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

CONS (continued)

- No control over where CMS draws lines for student assignment. This can negatively impact property values and business development.
- Lack of firm foundation on which to build a successful partnership
- Continued lack of local control over education
- We do not agree with the CMS definition for capacity as we do not consider modular classrooms a good solution.
- Uncertainty of site selection and bond assignments based on current rubric and definitions of overcrowding

Option 2: Partner with CMS

Sources of Leverage:

- Land – current town-owned land is limited with no viable locations, possible developer incentives with future developments (i.e., trade land to build a school for revised density requirements).
- Financial incentives to partner in building new facilities as the town has with previous JUAs. Town can offer to pay for athletic fields, playgrounds, gyms, theaters, etc., for new buildings in our town.
- Town of Huntersville can agree to enact a binding resolution guaranteeing a 15 year moratorium on enacting any section of SL2018-3 as outlined in the CMS Municipal Concerns Act.
- Any group of citizens can follow the traditional charter school route outside of HB 514.

Option 3: Operate a stand-alone Municipal Charter School

Background on House Bill 514

Governance Structure

- Municipality's governing body can serve as ex officio board or appoint one to govern its municipal charter school
- NC Office of Charter Schools provides technical assistance, guidance and training to municipal charter schools, as part of its duties

Municipal charters can prioritize enrollment to students in the municipality

Employment requirements

- Municipal charters can employ teachers provided
  - at least 50% hold teaching licenses
  - All teachers of core subjects (science, math, social studies, language arts) are college graduates
- Municipal charters can employ/discharge others to perform non-teaching duties
- Municipal charters' employees can participate in the state retirement and health system for teachers and state employees

https://content.govdelivery.com/accounts/NCSBE/bulletins/224f427

Option 3: Operate a stand-alone Municipal Charter School

Estimated Timing

- 1 year approval process after application submitted
- 1-3 years after approval received to id/ready/retrofit location, hire/train staff, order supplies, advertise for students, etc.
- Total timetable 2-4 years minimum to open school
- Therefore, earliest opening likely Fall 2022

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Promotes local control and increases parental choice
- Operational expenses fully funded through existing revenues
- Local decisions made by local leaders; better planning/cooperation with Town of Huntersville
- Prioritizes enrollment for town children
- Reduces bureaucracy increases efficiency, and lowers administrative costs

CONS

- Risk alienating local LEA
- Law may be changed/repealed to be less favorable; (e.g. charter cap)
- Legal challenges may occur
- Uncertainty over funding and perception of double taxation
- High initial liquidity needs and upfront expenses
- Siting/land issues, inability to fund land purchases without legislative change.

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Provides potential for higher standard/more flexible curriculum and enhanced instructional practices
- Potential to relieve overcrowded schools
- Large pool of diverse potential charter school board members in North Mecklenburg from various educational/workforce backgrounds

CONS

- No guarantee for Charter approval
- estimated timeframe of 2-4 years for Charter school to open

Option 3: Operate a stand-alone Municipal Charter School

Sources of Leverage:

- Town's financial condition and bond rating may assist Municipal Charter School with capital/liquidity funding
- Local developers may find trade of land for school in return for higher density an attractive proposition
- May generate positive parental response resulting in high demand for seats in the school

Option 3: Operate a stand-alone Municipal Charter School

Town Board Considerations:

- Determine viability of financing/sources of capital
- Determine availability and upfit of existing leasable space
- Consider partnering with Cornelius (and Davidson) to share resources
- Determine additional legal and political challenges

Option 4: Partner with an Existing Charter School

Option 4: Partner with an Existing Charter School

PROS

- Financial economies of scale from shared resources of operating expenses, such as administration, employment, and transportation
- Knowledge and experience of application and establishment process
- Benefitting from established, successful educational curriculum
- Local brand recognition based on reputation of partnering school
- Avoid learning curve associated with start-up process for school

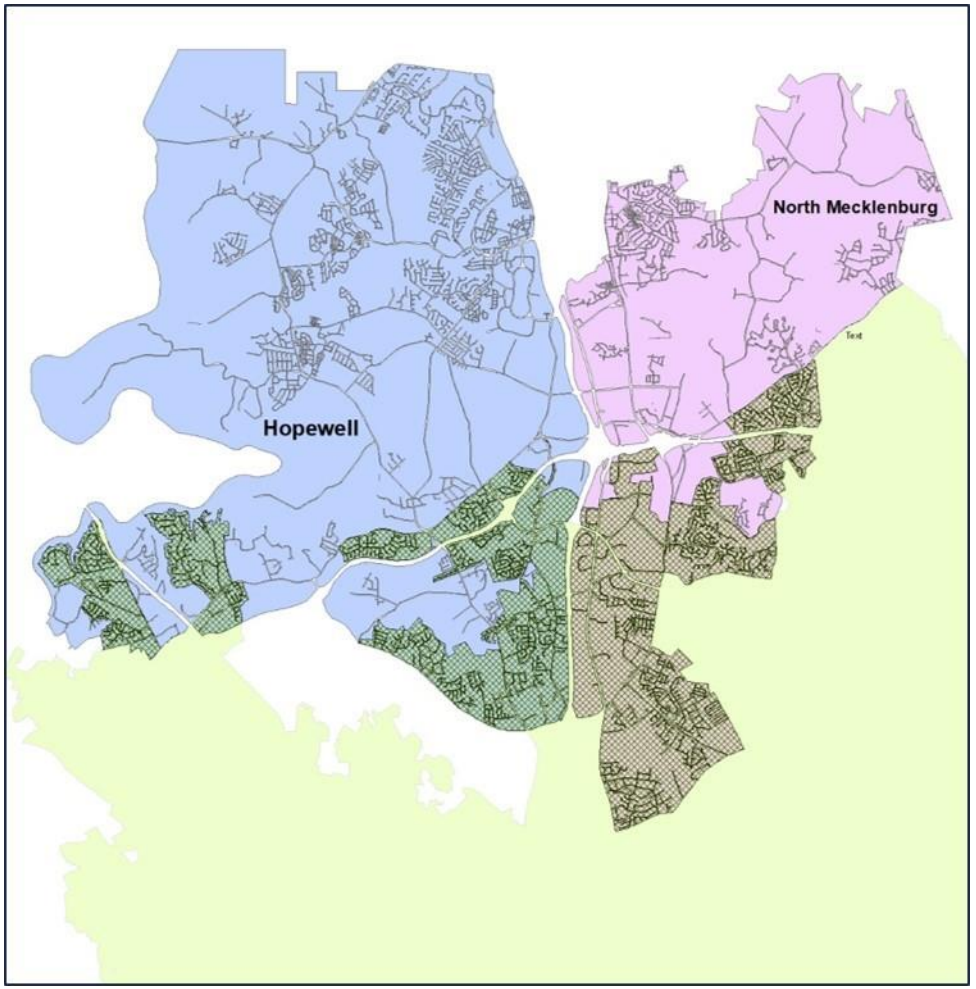
CONS

- Loss of total control over municipal sponsored charter school
- May not receive interest from preferred partner charter schools

Option 5: Dividing the Charlotte Mecklenburg LEA into smaller LEAs

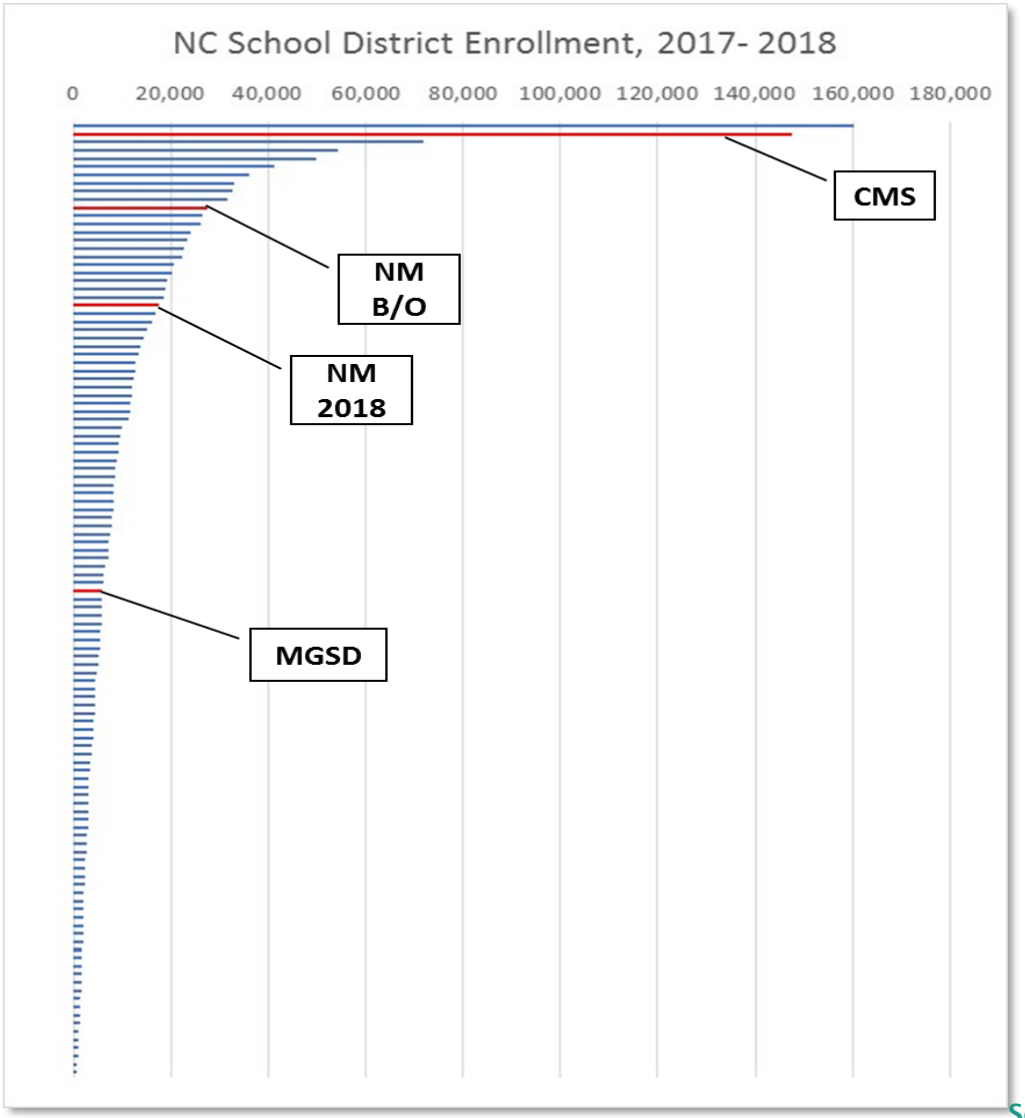
Definition & Assumptions

- Create a new school district separate from CMS
- Current CMS school assignment borders unchanged
  - Minimal disruption
  - Preserves diversity
  - Engages Charlotte positively



Source: CMS

Comparison to Existing LEAs



- At current enrollment a North Meck LEA would be the 23rd largest school district in NC
- At buildout a North Meck LEA would be the 11th largest school district in NC

Huntersville Capital Needs Assessment – LEA Option

1. Adding in the over/under-utilization of the Huntersville schools does make a material difference in the school needs for Huntersville students
2. Huntersville school age children will need one additional elementary school by 2025, 3 elementary schools, 1 middle school and 1 high school by 2035.

Option 5: Dividing Charlotte Mecklenburg LEA into smaller LEAs

PROS

- cost - likely less expensive and more cost effective to operate than CMS
- property tax dollars used for education would stay local and benefit local students
- maximize money spent on education/learning instead of on educational bureaucracy
- greater parental choice, greater educational options in North Mecklenburg
- overcrowding/capacity problem relieved sooner than waiting on a solution from CMS
- greater flexibility with curriculum and addressing concerns of parents than with CMS

CONS

- even at 30-35k students, still far above the national average school district size
- cost - (both strength and weakness) far higher than a single municipal charter, but likely still more cost-efficient than CMS
- commercial tax base less without contributions from commercial property in Charlotte, potential greater burden on North Mecklenburg homeowners
- uncertainty over costs/taxes/curriculum etc resulting in more difficulty in making the case to the public and elected officials to pursue this option

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEAs

PROS

- More actual (not just perceived) local control of education
- More input for all stakeholders (parents, teachers, and staff)
- Studies and testimony presented support smaller districts as more efficient, while a possible North Meck LEA could still be large enough to take advantage of economies of scale
- easier access to school leadership
- more accountability of school leadership/teachers
- more permanent nature of a smaller LEA as opposed to just a single municipal charter, a smaller LEA would be a better long-term solution

CONS

- "regional" approach to education does not currently include Davidson
- potential zoning issues based on multi-jurisdictional district
- capital funding and land acquisition - still too many unanswered questions about what the town can/cannot do, plus dealing with the practical problem of finding suitable land

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEAs

Town Board Considerations - Opportunities

- Not a short term solution to overcrowding
- Will need to muster the political will to pursue
- Convincing teachers of a better teaching environment in a smaller district
- Political makeup of a new school board - more receptive / responsive to voters in North Mecklenburg
- More/better focused growth and data projections, working closer with the Town planning staff on demographics / growth trends etc
- Regional approach to education would benefit not just education, also planning efforts
- Start the dialogue statewide over what the right size of a school district size even if this option not pursued by the town (s)
- Help set the template for how this option could be replicated in other areas of the state with similar concerns

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEA

Town Board Considerations - Threats

- Any agreement to deconsolidate must come from NCGA, which is unlikely at this time
- Education policy continues to become more partisan, not less, so any large-scale solution is unlikely
- The sheer logistics / dynamics alone for such a change to the status quo how to unwind CMS, what to do with CMS assets in North Mecklenburg, would a constitutional amendment be necessary, etc?
- Political instability - locally and in Raleigh
- Potential lawsuits - who would bear the costs?
- CMS - unlikely to cease opposition efforts to change the status quo

Summary and Considerations

Summary and Next Steps

Based on the projection of the current and future facilities needs of the Huntersville and North Mecklenburg student population, and feedback received during the April 29, 2019 Public Input meeting, the HEOSC will finalize their findings of the 5 Options available to the Town of Huntersville to address future educational needs.

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Create a New LEA

Final report date May 20, 2019

Appendix

Option 3: Operate a stand-alone Municipal Charter School

Potential Outcomes:

- Could be elongated start-up timetable, but once fully operational, becomes longer term solution to alleviate overcrowding issue for the Town
- Creative financial solutions will be needed to address significant initial liquidity needs and upfront costs
- Can learn from local charter schools as demonstrated models of excellence
- Demonstrating best practices in options for alternatives in public education
- Could lead to increased ability to be an incubator for other charter school startups in the Lake Norman Region
- May strain relationship with local LEA

Option 3: Municipal Charter School Huntersville Operating Budget Assumptions

- Municipal charter school of 1,500 students with 3 year ramp up
- EC students 13% of student population
- Approximately 1-2% annual increase in $/ADM
- Approximately 1-2% annual increase in expenses
- Rent expense based on $12/sq ft, 100,000 sq ft building

Potential Diversity Statistics using LNC

	Total Population	Asian	African-American	Hispanic	2+ Races	Caucaisan
Elementary School	399	10%	14%	6%	7%	64%
Middle School	799	9%	12%	7%	7%	66%
High School	805	5%	15%	4%	4%	71%
Total LNC	2,003	8%	13%	6%	6%	68%

Key Takeaways:

- Diversity of Municipal Charter School should mirror the demographics of the Lake Norman area
- Used Lake Norman Charter demographics from 2017-2018 as a proxy to estimate potential demographics of Cornelius Municipal Charter School

Key Takeaways:

- Need **$1MM+** to open municipal charter & fund its initial operations plus liquidity needs
- Once fully operational, school can operate at better than breakeven
- Outside of salaries/benefits, rent biggest single projected expense

Option 3: Municipal Charter School Capital Needs Assessment

For the Municipal Charter School Option:

1. Assessing Cornelius growth only, no complete ***new schools*** are needed by 2035 using either avg school capacity or optimal school size assumptions.
2. Cornelius school age children will need ***additional classrooms by 2020***, and capacity will be constrained without significant re-assignment into Huntersville schools or by adding the equivalent of a small to mid-sized Charter school in Cornelius

*Assessment of capital needs based on optimal school size

Option 4: Partner with an Existing Charter School

Sources of Leverage:

- Town's ability to assist Charter School with capital funding sources
- Town's ability to assist and prioritize Charter School with additional field space
- Ability for Charter School to expand and offer seats to wait listed students

Potential Outcomes:

- Faster Start-Up
- Higher quality staffing
- Leverage proven Managing Director and curriculum

I have spoken with a few people over the weekend. They are behind what we are doing and I encouraged them to attend the intake session tonight. Surprisingly, there are a lot of people out there that are for splitting away from CMS long term. A North Meck LEA.

Hi Karen,
I have added my thoughts (in the notes section) about the "con" regarding magnet program in Option 2. *It should be moved to Option 3. It is not a con for Partnering with CMS it is a con if we do not partner. For that matter it could also be added to Option 4 as well.*

Carrie is that your understanding as well?

Best,
Amie

Hi all,
Attached is the PPT for Monday. Eric will add a slide, re: the incubator and Mike has agreed to add a slide or two, re: summary and additional considerations.

Amie/Carrie - I have a question about the magnet program "con" we talked about last Monday. You will see it noted in red. Can you please clarify for me in the notes section what you are driving at with that bullet?

Thanks,
Karen

Thanks for this list, Mr. Hill. One question for the Stewart team - are there other interviews planned for the members of the list who didn't RSVP or who couldn't attend this Oct. 29 meeting, or was the Oct. 29 meeting the only planned meeting with this list of stakeholders?

I can answer that. We will identify specific individuals whose input is needed. The consultant team will follow up with phone calls. An example would be Rusty Rozelle, who is with the Mecklenburg County Water Quality Program. He is familiar with several water quality and sewer treatment issues that will be very important during Community Plan discussions.

There may be other meetings set up to coincide with consultant team visits in Huntersville, particularly if more detailed follow-up is needed.

The chairperson has 3 major functions: (1) preside over meetings and maintain efficient meeting progress, (2) coordinate future agendas with staff and the consultant team, and (3) conduct Committee voting for approval of meeting minutes and during the hopefully rare occasion when a substantive Committee vote is warranted (remember we want to reach consensus wherever possible). It would be helpful if the Chairperson has had previous experience working with or leading group working meetings.

Consider sending an email to our committee members soliciting the names and biographical sketches of the persons who would be open to serving as the "Chair" of the Steering Committee early next week. Collect the names and bios of the willing and send them out to the committee in advance of our 10/30 meeting. The benefit of this tact is to give our members an opportunity to consider our candidate choice(s) privately. A second plus is that the voting process on 10/30 should go swiftly."*

This idea is worth pursuing. If you are interested in serving as the Chair, please send me a 1-page biographical sketch no later than Wednesday, October 23rd (EOB). I will then send out the bios of all interested candidates to the entire Committee on October 24th. I would ask that you do not contact other Committee members to discuss the Chairperson election. All discussion and deliberations should occur on October 30th.

If you have any questions or comments, please let me know.

Dave

I would request we add an item to the agenda for our second meeting to name a vice-chair in the event you are unable to attend a future meeting. It's not clear who would run the meeting right now in the event of your absence.

Eric,
Really good point. I am going to be sending out an email in the next day or so wishing everyone a great holiday season and asking for input. Your suggestion will be included. Had the opportunity to meet with Dave and Jack and will be including there suggestions as well.

Thanks so much for your input!

Dave,
Thanks for sending out. Only follow up that I would have, was you mentioned that we (those who might be available) might have the opportunity to tag along with the consultants when they tour Huntersville. It might be a good opportunity to interact with the consultants in a less formal environment.

Thanks

Subject: Steering Committee Meeting Materials - October 1st Orientation Session

Good Morning –

Thanks to all of you who were able to attend the October 1st Orientation session. Meeting materials are attached for your review. If any of the members who couldn't attend, I'd be happy to set up a time to meet and answer any questions you might have. I have also attached draft meeting minutes – please let me know if any revisions need to be made.

Please note that our next meeting is set for **Wednesday, October 30, 2019, at 6:30 PM at the Huntersville Town Hall**.

Between now and October 30th, I will provide more information as it becomes available. In the near future, I'm hoping we'll be able to post Committee information on the project website, but for the time being, e-mails will be used.

Again, thanks for your time. Please let me know if you have any questions or comments.

Dave

Eric, at this time and without getting into specifics we do not have anything to share right now. It's frustrating for us as well. Usually, we have corroborating evidence that we can match with a story but in this case we do not. There are no signs of forced entry nor footprints where the suspect was said to have traveled, etc. However, the reporting person is standing by the story and other than no evidence I don't have anything to dispute that at this time. I will say the case is very active and we realize the importance of getting to the bottom of it.

Over a month ago now, on May 16, an alleged armed robbery during the middle of the day was reported in my neighborhood that prompted a massive response by HPD and coverage on the local news. Since that time there have been little to no updates from HPD on the status of the suspect - which has alarmed many neighbors since they still think an armed robber is on the loose. Why hasn't HPD closed the case by now if there isn't any physical evidence an armed robbery took place? I'm hopeful that by your next town board meeting in July you'll be able to read an update from Major Graham on the successful closure of this case as well similar to the update you read last night.

Subject: SWOT ANALYSIS

Good morning Eric,

We had our third and I believe final meeting of our "Stand Alone" charter school subcommittee meeting last night. I feel we have been very thorough in our review of this option.

However, a relative weakness in our report would be the "Opportunities" section. Do you have an idea or two of what your thoughts would be in this area? Or...if you passed on a draft of one of your other committee's draft minutes we will continue to think this area through.

Thanks!

Mike

- March 14, 2019 Option 2 Subcommittee Meeting

- 12:00pm – 1:10pm / Steele Creek Library Branch – Charlotte, NC
- Eric Rowell, Derek Partee, Bill Farber present
- No members of the public attended

- Agenda:
1.A. – Discuss pros/cons of Option 2: Establishing a municipal sponsored charter school by partnering with a new or existing charter school.

- Minutes: Subcommittee members discussed the various pros/cons associated with Option 2, and considered what additional information/questions the subcommittee members would need/have in order to conclude their due diligence in studying this option.

- SWOT outline [**DRAFT** – subject to revision]

1. STRENGTHS
- ability to weight admission in favor of Huntersville residents
- more space/sq. footage available for schools equates to better security/safety for students by moving students out of trailers and into enclosed buildings
- greater parental choice, greater educational options in North Mecklenburg
- overcrowding/capacity problem relieved sooner than waiting on a solution from CMS
- greater flexibility with curriculum and addressing concerns of parents than with CMS
- fixed, upfront costs only instead of the possibility of ongoing/annual contributions from the general fund for a town-run municipal charter school
    - potential better rates for bonds/loans than a new non-municipal backed charter
- independent, separate charter board – not run/influenced directly by the town board and vagaries of town board politics

2. WEAKNESSES
- potential zoning issues based on unknown location of potential school
- difficulty in deciding where to start – which grade level?
- how to address possibility of starting a municipal charter school weighted in favor of Huntersville students and then having a large number of Huntersville students possibly not being admitted
- safety issues – a new charter school unlikely to have a building large enough at the outset to avoid housing some students in trailers
- capital funding and land acquisition – still too many unanswered questions about what the town can/cannot do, plus dealing with the practical problem of finding suitable land
- taxes – uncertainty over future costs a concern for residents, concerns over paying for two "districts" even if you have no children attending CMS or town charter school
- cost of upfitting/retrofitting existing building for a charter school (cost would be mitigated by use of warehouse-style space)

3. OPPORTUNITIES
- municipal charter school has never been done in NC, opportunity to demonstrate a new model for education statewide

- cost savings for new construction – ability to build school buildings more efficiently/less expensive than CMS schools
- ability to determine best makeup of the charter school board – elected board members, appointed board members, some hybrid model, etc.
- large pool of diverse potential charter board members in Huntersville from various educational, workforce backgrounds
- ALSO, large pool of diverse charter schools – new or existing – to potentially partner with, not limited to existing charter schools locally (LKN Charter, Pine Lake Prep, CSD, etc.)

4. THREATS
- uncertain/unknown demand – possibility of student applications less than anticipated, risk of "new" school stigma causing parents to avoid sending their child for the first few years
- political instability – locally and in Raleigh
- potential lawsuits – who would bear the costs?
- CMS – unlikely to cease opposition efforts to charters in general and municipal charter schools
- no actual vested interests yet – with no municipal charter school even in the application phase, easier to stop the effort before a municipal charter is open and accepting students
- potential for current charter school cap to be lowered/decreased
- timeline/length of charter school application process being altered/derailed by political instability, plus the length/in-depth nature of the application process itself – NC charter board may scrutinize the first municipal charter applications more heavily than non-municipal charters

5. QUESTIONS/ADDITIONAL INFORMATION
- as much information as possible regarding ability of town to acquire land for a charter school and capital funding options
- request opinion of town attorney related to: current and proposed relevant legislation; ability of town to buy land for a charter; ability of town to own a building housing a charter; ability of town to lease an existing town-owned building for a charter
- what are the other three (3) towns included in HB514 – Mint Hill, Cornelius, and Matthews – doing related to municipal charter schools
- potential for additional NCGA legislation if HEOSC identifies gaps/problems in current HB514 and related legislation, e.g., clearer funding options if a municipality opted to open a municipal charter school

> With these things in mind I wanted to thank those of you who have shared your thoughts on issues and concerns. I realize I have not spoken to all of you and I will, but I already have a good understanding of things thanks to those of you who have spoken to me in person and as a group. As we move forward, I want to be clear my philosophy centers around the victims of crime externally (not politics) and internal on the individual patrol unit. Patrol is where it starts and all other services, from SWAT to volunteers to support to investigations, is in support of our response to incidents on patrol. The most important element in our organization is the person responding to 911 calls for service (victim orientation). Having said that, all positions are critical in some way and I think we all recognize that.
>
> Supervisors, especially above the rank of Sergeant, are ALL supporting roles in the department - including patrol supervisors and the entire command staff. Our job is to keep line officers and support staff productive, well trained, well directed, and well equipped. To that end we must communicate. My goal here is to encourage you to communicate with your peers, subordinates and supervisors honestly about issues. For example, I know there is a feeling of disconnect between command staff and subordinates. This is not an uncommon problem and I'm not surprised to hear that. However, I will tell you there is no scanner or detection mechanism that will isolate that problem into actionable tasks to fix it either. The only way to fix that is to communicate specifically to your supervisors what you want to see or don't want to see. What is hindering you or even hurting your ability to do your job. These are legitimate questions but you have to be blunt and specific. if you are being mistreated that I can fix it, but if you FEEL your supervisors are not listening to you, for example, you have to demonstrate you are communicating as well. I have asked the Captains and Major to meet with you as a group or individually to start fostering better communication on what you are seeing the contributes to this problem. Please do so. Do not fear retaliation or black balling or anything like that for expressing your opinion about issues in the proper setting because I will not tolerate that. I do expect everybody up and down the chain to be respectful to each other in sharing your feelings, but you don't have to be soft or careful about what you are thinking. Most of you will not I'm sure and I appreciate that.
>
> To be sure, not all issues you have will get fixed. Sometimes we will say well it has to be that way and you are going to have to live with it. I think most of you can at least grudgingly accept that but it has to be communicated to you and not left in limbo. I will do that.
>
> I also want to address rumors and gossip. These are not specific things I have seen but something every organization suffers from and it is destructive. Again, we will provide avenues for you to find out information. You deserve that and I promise you if you want to know something ask me. However, I don't want anyone talking just to try to stir up controversy (we will have enough of that anyway!). Let me be clear, if you talking with a co-worker about what might happen and what could happen that is not bad gossip to me. We all want to know things and I encourage one of you discussing it to call and ask me or somebody 'Hey, what are you going to do going to do..." with this or that. You deserve answers.
>
> However, if you start talking to someone about someone else, like "I heard so and so is doing this or that", I will track that down to its source and if that information is false, or if it was outside proper channels even if true, I will discipline for that. Remember you could be the VICTIM of such gossip as well. Also, if someone tells you something and you repeat it you own it just as if you had started it. Be prepared if you repeat malicious gossip to be compelled to answer who told you, and if you tell somebody something improperly don't hold it against them if they tell it to me. It is so disruptive that I will trace it to its source because that is just how I feel about respecting each other.
>
> Finally on that topic, I realize some people are talking outside the department about things in the interest of changing things they feel they cannot otherwise fix (and some just like seeing the world burn). I encourage you to work with us and not try to burn down the house to fix something you don't like. While it is a violation of policy to do such a thing and I will discipline anyone that falsely makes statements to incite division whether internal or external, I will not spend any time hunting those that want to speak outside the department. I am interested in those of you (98%) that want to have a drama free environment to work and provide the best possible service to this community. I am committing to all of you while I am here to be open, honest and work in the best interest of this Town. All I ask is that you do the same.
>
> In closing, I want to say that I will be making some decisions eventually that some of you will not like. We have some unit cohesion issues related to scheduling. We have some structure issues related to assignments and utilization of positions. And we have some communication issues that are brought about by some or all of these conditions. And we will identify and address other issues you have shared with me. However, changes we make will not be haphazard nor will they be without thought. I ask you to give me a chance to put in place some fixes to some very specific problems you have shared with me, and to understand that there are parts of this job that is difficult and we have to suck it up and share in the misery sometimes. In return, I promise to keep informed and get your participation as much as possible. Together we will improve and already outstanding police department.
>
> Thank you again for all you do, for your welcome of me, and for you future participation in our continuous improvement.

All,

fyi - the town board agreed last night to both recommendations from the HEOSC: extending the time for a survey and making conflict disclosures more proactive. They also allowed for a change to the procedural rules that would let us meet somewhere other than Town Hall in the event that planned A/V changes/construction in Town Hall conflict with one of our planned meetings.

Hi Eric,
Thank you for the clarifying email. I was referring to this Thursday (today). However, given the tight turnaround for this request, if there are agenda requests for the 11/26 meeting, please have those to me (with a cc to Angie and Jackie) by next Tuesday, 11/20.

Also, if anyone would like to join us for tomorrow's meeting (2:30 at Town Hall), feel free to join us - as long as we don't have a majority of the Commission join.

Thanks,

Karen

Good evening,
It was my pleasure to be with you all Monday evening. Thank you for your support in electing me Chair of the HEOSC.

I have had the pleasure of working with a few of you over the years, and I am excited about the opportunity to work with such a high caliber group of involved citizens.

I will be meeting with Town staff Friday morning to discuss future meeting agenda topics. I would request that if you have specific requests, beyond those discussed at our meeting Monday, to please forward those to me by Thursday evening.

Again, I look forward to working with you in this important work.

Warm regards,
Karen

All,

fyi - the town board agreed last night to both recommendations from the HEOSC: extending the time for a survey and making conflict disclosures more proactive. They also allowed for a change to the procedural rules that would let us meet somewhere other than Town Hall in the event that planned A/V changes/construction in Town Hall conflict with one of our planned meetings.

Thanks,

Eric Rowell

Hi Eric,
Thank you for the clarifying email. I was referring to this Thursday (today). However, given the tight turnaround for this request, if there are agenda requests for the 11/26 meeting, please have those to me (with a cc to Angie and Jackie) by next Tuesday, 11/20.

Also, if anyone would like to join us for tomorrow's meeting (2:30 at Town Hall), feel free to join us - as long as we don't have a majority of the Commission join.

Thanks,
Karen

Mrs. Bentley,

Our next meeting is the 26th. Would you like potential agenda item requests to be sent to your attention by tonight, or by next Thursday evening the 22nd?

Thanks,

Good evening,
It was my pleasure to be with you all Monday evening. Thank you for your support in electing me Chair of the HEOSC.

I have had the pleasure of working with a few of you over the years, and I am excited about the opportunity to work with such a high caliber group of involved citizens.

I will be meeting with Town staff Friday morning to discuss future meeting agenda topics. I would request that if you have specific requests, beyond those discussed at our meeting Monday, to please forward those to me by Thursday evening.

Again, I look forward to working with you in this important work.

Warm regards,
Karen

Agreed. I would recommend sending an email to the group with this information since our Chair and Mr. Puckett seemed to have someone else in mind last night to discuss site selection. This would be good information to have when we start getting in to more detailed discussions.

Thanks for the reminder. Please provide me the respective total amounts the town has paid for tuition reimbursement, aka the "Educational Assistance Program," for eligible HPD employees in the past three (3) fiscal years. Per HPD Directive 1.32, tuition reimbursement monies are budgeted in the Travel/Training portion of the HPD budget. Let me know if there are any questions about this request.

Good morning, Eric.

It appears from our review of records for FY 2017, 2018, and 2019, the Town has reimbursed a total of $1,260.27; these expenses occurred in FY 2017.

Hope you have a great Fourth.

Thanks for the reminder. Please provide me the respective total amounts the town has paid for tuition reimbursement, aka the "Educational Assistance Program," for eligible HPD employees in the past three (3) fiscal years. Per HPD Directive 1.32, tuition reimbursement monies are budgeted in the Travel/Training portion of the HPD budget. Let me know if there are any questions about this request.

Dear Jackie,

I notified Chairman Karen Bentley that I will not be able to attend the upcoming HEOSC meeting on January 14. I will be visiting my son Adam in Los Angeles that day. I planned the trip last summer. I am disappointed I will be missing the meeting.

I do not intend to participate in the meeting remotely.However, is it possible for me to view the meeting "live" or a "taped" version of the meeting. If that is possible could you let me know how I go about doing this. I was not successful in figuring out how to do this on the town's website.

I am going to be meeting Karen Bentley Thursday morning to share my input about the upcoming meeting.

I very much appreciate the very hard work the Huntersville staff and elected officials are doing to research this important topic.

If there is anything further I can do to assist you, never hesitate to reach out to me.

Sincerely,

Mike Sass

Thanks, Mike. I would appreciate a similar agenda and we can draft minutes after. Primarily I think the meeting should consist of the subcommittee weighing pros/cons of the option - possibly preparing a SWOT analysis, and then determining what additional information/questions the subcommittee needs/has in order to conclude its due diligence in studying this option.

Dear Eric and Jim,

The subcommittee to study the option of creating a stand alone charter school for Huntersville met last night. The subcommittee included Carrie Warren, Al Desciscio and myself.

We created the agenda attached for the meeting.

A reporter and cameraman from both WBTV (CBS-3) and WJZY (Fox 46) were in attendance for the meeting.

We (Eric, Jim, and Mike) are scheduled to meet on Wednesday March 20 at 11:00 a.m. at the Huntersville Town Hall to have our subcommittee study the feasibility of dividing the Charlotte Mecklenburg LEA into smaller LEAs.

Do you both want to have a similar type agenda for the meeting next Wednesday?

I would be happy to type up the agenda for the first meeting until we all get in a room and decide how to divide up responsibilities for our work together

Topics to include???

Thanks !

Mike

Subject : RE: Vehicle tax/fee

Good Sunday afternoon. I hope you are seizing an opportunity to enjoy a break in the rain. You are more than welcome to call me Jackie rather than Mrs. Huffman.

We do not budget vehicle tax and vehicle fee in one line item, not even in the same fund. Our vehicle **tax** revenue can be found on page 16 of our budget book approximately three lines down from the top, budgeted in FY 2019 at $1,828,570. In FY 2018, we collected $1,880,706 in vehicle taxes.

Huntersville has (since before my time, and I believe since inception or at least for 12 years) set aside all vehicle **fee** collections in a separate special revenue fund to be used only for transportation related expenses. There is no legal requirement to do so, if fact, Cornelius did not. The $20 vehicle fee receipts are represented in the budget document in a separate line item on page 17, under Special Revenues approximately 80% down the page labeled Transportation Reserve Fund budgeted at $860,000 in FY 2019. FY 2018's actual collections were $877,496.

The State's Tax and Tag program is responsible for both the vehicle tax and the vehicle fee collections; we do not have an independent means to verify those numbers.

Please let me know if there is additional information I can provide.

Look forward to seeing you Monday evening at HEOSC.

Mrs. Huffman,

Where in the budget can I find revenue amounts for the town's vehicle tax and $20 vehicle fee - are they both combined into a single revenue line item? How much in revenue did the town collect last FY respectively for the vehicle tax and the $20 vehicle fee? Finally, does the town rely solely on DMV records to collect these taxes/fees related to vehicles, or does the town have its own independent means of verifying who owes these taxes/fees?

Let me know if I need to clarify these questions.

Subject : Records request - HPD

Mrs. Pierson,

Pursuant to N.C.G.S Chapter 132 I am requesting any and all public records or information relating to the following:

- Copies of any and all emails, sent and received, of HPD Officer Zach Duncan at his designated HPD email address, zduncan @ huntersville.org (or any town/HPD designated email if not zduncan @ huntersville.org), and any other email address he may use to conduct town business from 8 December 2019 through the present.

I am requesting this information be provided to me electronically if possible. If electronic production is not possible, please notify me if there will be any fees related to producing these records or information and, if so, whether the cost will exceed $25.00. Please specify any applicable exemption(s) under N.C.G.S. Chapter 132, Chapter 160A, or otherwise if any or all of this records request is denied.

Please provide your response within fifteen (15) business days or as promptly as possible. Don't hesitate to contact me with any questions regarding this request.

Thank you,

Eric Rowell
