According to the agenda for Monday night's meeting, the town board will go into closed session at 5pm to consult with the town attorney about a lawsuit captioned Huntersville v. Runyan. I commend the town for complying with NCGS 143-318.11(c) by identifying the parties in the existing lawsuit for which the town board expects to receive advice, but why was a copy of this lawsuit (filed by the town based on the caption?) not made available to the public in the agenda packet? I requested a copy of this suit on Dec. 31 at 9am and have yet to receive a response to my request. It should be very easy to provide an electronic copy of the suit in question. How is the public supposed to be informed about why the town is suing or being sued if copies of lawsuits are not made readily available in agenda packets or otherwise prior to a routine closed session that is included on an agenda days in advance of the board meeting?

Please promptly provide me (or, preferably, provide a copy to the entire town and town board in a revised agenda packet made available immediately online) a copy of this suit and any and all pleadings, discovery, etc. served by/against the town in this suit and any pleadings, responsive pleadings, discovery, etc., if any, filed against the town. Let me know if there are any questions about this request

Thank you,

Eric Rowell
Huntersville

Subject: Injured Canine - Div 13

All;

Please keep an eye out for the dog pictured below in the area of Beatties Ford Rd / Hambright Rd. The canine was struck by a vehicle and was last seen running towards the back of the graveyard. The canine is originally lost from the Tanner's Creek neighborhood. The dog is microchipped and was wearing a collar at the time it escaped. His name is Frankie, but he is newly adopted and may not respond to it.

If anyone sees this dog, please contact the owner Tiffany at [redacted] and / or myself at [redacted].

Thanks!

Subject: Citizen traffic complaint

On Tuesday, 01-22-2019, I was conducting a business zone check in the area of Rose Commons Dr when I was approached by a female who works in the area. The female did not want to give me her name but stated people are starting to run the stop sign at Rosedale Hill Ave at Rose Commons Dr. The female stated this is an everyday occurrence especially in the morning and the afternoon. I watched the four way stop for 15 minutes and observed several calls almost run the stop sign but stopped when they saw my marked patrol vehicle.

If you work the 13 if you could watch this area for any violations.

Thanks and stay safe

Thornton

Sent: Friday, March 08, 2019 10:12 AM
To: HPD Sworn
Subject: Bowman Square, Vermillion

All,

As you may have seen, we posted a video about issues regarding way of travel and parking at Bowman Square in the Vermillion neighborhood. While currently it is a two-way roadway, there is not proper signage about how to appropriately travel the road in that area, and the appearance would have you assume it is a traffic circle. While it is clear that it is a two-way roadway to us, because there is no signage stating it is one-way or a traffic circle, local residents and visitors are very confused when traveling through this area and are treating it as a traffic circle. Therefore, we are treating this as an "educational/learning" phase. Officer Tortorelli is working on this issue and there is a possibility the direction of travel on that road could be changed. Until we have fixed the issue out there, please consider issuing warnings for parking in the wrong direction.

Thanks for all your help and hard work!

We emailed briefly before Christmas when you were busy with holiday for needy families, but if you are still interested we are ready to do some training for security at our church. Would you or others be available on a Sunday early afternoon for presenting Active Shooter or other discussion to help us put a plan in place. Our thoughts were that we might get more people to participate if it followed church and quick lunch to keep people there rather than asking them to come on an evening or Saturday.

Let me know your thoughts and if that is not doable for you we can work out another plan.

Thanks
Cathy

Subject: BEAST Submissions

Good Morning,
I just wanted to thank you all for doing such a good job with the transition. For the most part, all submissions have been entered in a logical and thorough manner. High Five! I do however want to address some common submission errors that have popped up so that we are all on the same page.

- Don't forget to add the collection location when entering the items collected (third tab)
- There's a difference between envelopes and paper bags. If it's yellow and slim and looks like something you'd send in the mail, that's an envelope. If it's brown and resembles a grocery or paper lunch bag, it's a paper bag.
- When entering the packaging type, do not put the what is inside the evidence envelope, bag, box, etc. The evidence packaging type is the official packaging that the label is affixed to. Example: suspected marijuana in a plastic baggie, which is then sealed in an HPD evidence envelope would be entered as an envelope in the BEAST, not as a plastic bag.
- Please ensure that the submitted times match on both property sheet and in the BEAST. I realize that you may be entering your evidence in the system, and then getting a supervisor signature after. That's okay. We will consider the time you start entering evidence into the BEAST as the submission time.

I know this looks like a lot, but honestly, you all have been doing a great job. Thank you so much! If you have any questions about any of the above, please don't hesitate to ask.

Thanks,

Subject: Car Carriers on Caldwell Creek

There are two car carriers parked on Caldwell Creek near the Quality Inn. One of them was delivering vehicles to Lexus when it broke down. They sent a second car carrier to offload the first and when it arrived, it too broke down. They ordered parts and the drivers are staying at Holiday Inn Express until they can be repaired, which should be tomorrow. They asked if officers could just check the carriers throughout the night. All the keys are with the truck driver. But they can't off load them until they get the second carrier repaired. Thank you.

Subject: Dogs in cars/Heatstroke in Dogs

Categories: Release

All;

In response to Lt Medlins email, here are the basic signs to look for when attempting to determine if a canine is in heat distress:

- **Excessive Panting/signs of discomfort**
- **Unable or unwilling to move**
- **Drooling**
- **Reddened gums**
- **Vomiting**
- **Diarrhea**
- **Loss of Consciousness**
- **Uncoordinated Movement**

If these signs are observed when responding to calls of canines locked in a car, it is important to remove the animal as soon as practically possible and immediately transport to a veterinary facility for treatment. Carolina's Veterinary Specialists at 12117 Statesville Rd would be the ideal place to transport to. With that being said, these symptoms are on a bit of a sliding scale. As long as the dog is active and moving about fairly normally, you have some time to attempt to locate an owner before forcing entry. Use your best judgement of the situation to determine which course of action is best. If you are on the call alone and choose to leave the vehicle in an attempt to find the owner, return every five minutes or so to reassess the canine and make sure that it doesn't need to be removed.

It is also important to note how rapidly temperature can change within a vehicle, even with the windows down. The following chart is from the American Veterinary Medical Association, and shows the temperature change compared to time in the vehicle:

Estimated Vehicle Interior Air Temperature v. Elapsed Time

Elapsed time	Outside Air Temperature (F)					
	70	75	80	85	90	95
0 minutes	70	75	80	85	90	95
10 minutes	89	94	99	104	109	114
20 minutes	99	104	109	114	119	124
30 minutes	104	109	114	119	124	129
40 minutes	108	113	118	123	128	133
50 minutes	111	116	121	126	131	136
60 minutes	113	118	123	128	133	138
> 1 hour	115	120	125	130	135	140

Also, for a more illustrated picture of what transpires in a vehicle in these conditions, you can watch the following video: https://www.youtube.com/watch?v=dwEg1RoULBw&feature=youtu.be&fbclid=IwAR3ivevdCTzoksmfmmUO9Qh7FZJlKJ-pu2igKJCvmT_hyGfPw89r3eibK-4

Remember that while these situations are absolutely time critical, forcing entry to remove a canine should be the last course of action. Attempts to locate the owner should always come first. In addition, responding officers need to have a plan in place on what they are going to do with the canine if they do force entry to remove it. I can always be reached by phone if I am not working to provide guidance, and CMPD AC&C can always be requested for these situations as well if transport is required.

I will be coordinating with Odette to push out a PSA on our social media platforms in an attempt to mitigate these calls for service.

As always, if anyone has any questions, concerns, or comments, feel free to reach out.

Thanks,

J. McCutcheon
Animal Services Unit
Huntersville Police Deparment

The event will be a family event so we were also wondering if it would be possible to have a police car present for the kiddos?

Let me know but regardless we would be honored to have any officers and their families come participate!

Thank you!

Michelle

Good Morning Officers!

Hope you all are having a great week!

I am reaching out on behalf of CrossFit 926- the new crossfit gym in Huntersville. For those that don't know, on Memorial Day every year, every CrossFit gym across the country does the workout "Murph" in honor of Michael Murphy, a Navy Lieutenant killed in action in Afghanistan in 2005. Not only is this workout done in his memory, but in memory of all of those who have given the ultimate sacrifice for their country at home and over seas.

CrossFit 926 would be honored to have any first responder who wants to participate come and do Murph with us on Memorial Day. The full workout is:

1 mile run
100 pull ups
200 push ups
300 body weight squats
1 mile run

but it can be scaled to fit any fitness level!

The event will be a family event so we were also wondering if it would be possible to have a police car present for the kiddos?

Let me know but regardless we would be honored to have any officers and their families come participate!

Thank you!

Subject: Update Hunterville's Meeting

To all

First, I apologize for not having any of SCC personnel in the previous meeting last April.

As an update of the works at Hambright, SCC has been working on the grading activities on both sides. Due to the rain in the past March and February, we have had several days just stopped and reworking the same areas which has slowed down the production in the areas. At this point, all the grading is finishing, so we will proceed with the asphalt activities in the next days. Our plan is open one lane per bound during the month of May. That will allow us to complete all the remaining works (driveways, approaches sidewalks and finishes).

The remaining work as well as a more detailed schedule will be provided in our next meeting on May.

For the update on the HOT lanes, we will provide a detailed explanation about the remaining works on the HOT's in our next meeting on May 8th .

Thank you

We are excited to announce the SECU Mobile App is available for members! We will begin official promotion in the following weeks via the SECU website, ATM kiosks and on social media; however, we wanted to take this opportunity to share the news with our volunteers now. The App will provide even more convenience for the products and services you already use through Member/Mobile Access via the website and is the foundation for many new and exciting features and functions that are still to come. Use the following links (via the icons below) to download the App:

To enroll in the SECU Mobile App, you will use your existing Member Access User ID and Password. If you aren't enrolled in Member Access, no worries! Visit https://www.ncsecu.org/OnlineServices/MemberAccess.html to complete this step. Then go to the Apple Store for iOS devices or the Google Play Store for Android devices to download the App. Search for "SECU," and look for our icon which will have "SECU" above the picture of the state of North Carolina. Once the download is complete, use your Member Access User ID and Password to enroll in the Mobile App; during this process you will define a 5-digit PIN to simplify future App logins.

Using the Mobile App you can:

- View your account balances and transaction details
- Transfer funds between your Credit Union accounts
- View and schedule your BillPay payments
- Perform a real-time loan or credit card advance
- Find a branch or ATM
- Provide feedback and much more!

With future enhancements in 2019 and beyond you will have additional functionality and convenience including:

- Mobile Check Deposit (take a picture of your check to deposit it into your SECU account)
- Biometric (fingerprint and facial) Recognition to sign on
- Card Controls (turn your card on and off)
- Push Notifications (messages and alerts that automatically pop up on a mobile device)

> Over the past 3.5 years we have lived in Huntersville I have steadily watched as the Gilead Rd median and Resse Blvd median (north side of Gilead - the entrance median to Publix and Harris Teeter) deteriorate into a weed infested mess. There is absolutely no care taking place on it and it is nothing but weeds now.
>
> This is a major entry into the town and one of the first things people see when they get off the freeway and now it is a nothing but weeds. I understand there will be changes to that part of Gilead when the new bridge is built over the I77 (but not Reese Blvd), but we are not there yet and this median seems to be left abandoned to turn it a weed field in the meantime. It is a terrible impression when entering Huntersville. For people considering moving to Huntersville (businesses or residents) this is not a good impression of the town and at least to me shows the town is lacking doing some of the basic things they have control over to create an appealing environment.

I contacted code enforcement and they informed me this was a public works (town of Huntersville) issue and I need to contact them. This makes it more concerning - that it seems it is not just that the town isn't working to ensure that things in the town are being kept up, but the town is responsible it seems (according to code enforcement) for these weed infested medians. I ask each of you next time you are sitting on Reese Blvd pulling out of the Publix / Harris Teeter plazas to look down (when you are at the stop light) at the median landscaping (especially nearest to Gilead) and see what it makes you feel / think.

I really believe the town needs to do a better job of addressing and controlling things that are in its ability to do so. It needs to start making sure that areas are kept up and codes/rules are followed. If it wants to continue to push for downtown Huntersville to evolve - control the things it can - focus on the amount of litter going on there. The area around the Mexican Market and Food Truck are filled with litter - focus on pushing them to clean it up - add another trash can and hold the businesses (the Food Truck and Mexican Market) accountable for their customers littering the area (more attention and effort). Focus on speeding in that area. It is 25 mph, yet it seems one out of two cars on Main and Church St (along with Gilead) are doing 35 mph plus, but in my 3.5 years in Huntersville I have never seen the police do traffic/speed enforcement on Main or Church street (they may do it, but I have not see it and speeding is a constant issue).

I am asking you as the Board of Commissioners to ask if the town is doing the little things to make the town nicer, cleaner, safer and what improvements can be made here. Thank you for taking the time to read this and the time you spend on behalf of your town.

Sincerely,
Tim Robinson

Hi Tom:

I ran into Travis Watts as he was getting new battery in his cruiser today and he said you were back on the force here... Wow....GREAT. We are happy you're back in town!

I also stopped by the station to get another ride-along release and the gal working said you're doing shifts out on the road... Any chance I might ride along with you at night sometime in the next couple of months ?

Best regards to you....hope to see you soon.

Geoff and Sandy Steele

Categories: Release

Good Afternoon,

Mecklenburg County Solid Waste & *ECOFLO* will host a *Very Small Quantity Generator (VSQG) Hazardous Waste Collection Event* on May 22, 2019 (8:00 am – 3:00 pm). This annual event is designed to provide a lower-cost option for qualifying businesses to responsibly dispose of their hazardous waste (as required by RCRA). Past participants saved at least 20% (compared to contracting for the service on their own).

This event is only available to businesses generating less than 220 pounds of hazardous waste and less than 2.2 pounds of acute hazardous waste **each month** (i.e. a *Very Small Quantity Generator* (VSQG)). This event is by appointment only. For additional information, please visit our website.

- Mecklenburg County Website: https://www.mecknc.gov/LUESA/SolidWaste/Community-Programs/Pages/Business-Commercial-Hazardous-Waste.aspx
- ECOFLO Website: https://www.ecoflo.com/mecklenburg-events/

Subject: Litter Index 2019

Good Afternoon,

It's critical that the KMB Board supports the Litter Index on May 6-8 by volunteering to participate. The yearly Index is a requirement of our charter with KAB. If not completed, KMB could lose its affiliation.

Please check your calendar to see which day you can attend and email me with your commitment at your earliest opportunity. We have to find 15-18 volunteers total. Board members should comprise the majority of these spots. We will leave the LUESA building at 8:30 am and will return by 12pm at the latest each day. We will need approximately 5 volunteers each day to hit our goal.

This counts as a volunteer event towards your mandatory volunteer events as a board member.

Please let me know if you have any questions and I look forward to hearing back from you all.

Thank you,

Kelley Amundson, LEED AP O+M
Energy & Sustainablity Manager

Subject: Abandoned Vehicles
Attachments: 6.09 DIRECTIVE 6.09 TOWING VEHICLES 6 13 16.pdf

Categories: Release

All,

Recently I was contacted by a concerned citizen regarding "abandoned" vehicles in his neighborhood. According to the citizen residents have called multiple times about several vehicles, with no or expired registrations, that have been parked in the street for extremely long periods of time without moving. I wanted to clarify with everyone that this is an issue we as the police can and should handle, and there are multiple avenues we can take to resolve this.

- First and foremost, an attempt to contact the registered owner should be made. This past week officers made contact with the owners of three separate abandoned vehicles and so far, two of the three have been removed (The third should be removed by Wednesday).
- If attempts to contact the owner are unsuccessful officers can cite the vehicle under the ordinance below.
- OR a 48 hour tow notice can be affixed to the vehicle and the vehicle can be removed by officers. (please see attached policy).

Sec. 71.03 - Parking prohibited for specific purposes.

It shall be unlawful to stop, stand or park a vehicle or detached trailer on a street for the principal purpose of:

(A) Advertising;

(B) Displaying the vehicle or detached trailer for sale;

(C) Washing, greasing or repairing the vehicle or detached trailer, except for repairs necessary by emergency; or

(D) Storage of the vehicle or detached trailer.

(1) For the purpose of this section, a vehicle or detached trailer shall be deemed to have been left on the street for the principal purpose of storage when it has been standing in one place for a continuous period of more than 72 hours.

(2) This division shall apply to any detached trailer.

(3) This division shall apply to a vehicle that is left standing in front of its owner's residence only when the vehicle does not have a license plate or has an expired license plate.

This is the link for the Huntersville Code of Ordinances:

Subject: Arrest Processing

Categories: Release

All,

Yesterday I attended a meeting at the jail regarding their operations, and the concerns they have along with the concerns of local police departments. It also included some updates to some of their pending equipment upgrades.

Jail Equipment Projects: Some of these may cause delays at the jail.
Full Body Scanner to be installed in 6-8 Weeks. This includes tiles with radiation markings.

300, 400, and 500 Doors to be replaced in June

New Live Scan machines

Millwork to be done for the Intake Counter.

Processing Issues:
The amount of time officers are spending in the intake to get through the process in general. They did point out that wait times begin to get longer in the afternoon (CMPD second shift) and recommend any warrant arrests be made between 0700-1200 if possible.

Officer paperwork problems.

DWI processing times (NCSHP) exceeding 2 ½ hours.

Contraband on prisoners: **Poor searches by police officers** are causing an increase in weapons and drugs to get into intake.

The AP Major acknowledged their staffing issues: They currently have 20 deputy sheriff vacancies in Arrest Processing. This amounts to one entire shift.

The Admin stated officers can use the AP WEB dashboard to see how many arrests are pending/called in to intake to know the possible wait times.

Combative Prisoners: Officers need to learn to de-escalate things when dealing with combative prisoners ahead of AP processing. If that isn't possible, then officers need to allow the deputies to take over and step away to give them a chance to try and de-escalate things with the prisoner to reduce the odds of a use of force in the AP area.

Tobacco use: Tobacco is not allowed in the jail for anyone **including officers**.

The Major would like to develop some form of message board to increase communication between the police departments and the arrest processing, and are looking at ways to make it happen.

Nurses/Medical:
The Major stated that they have addressed nurse staffing at the AP and they are supposed to have at least 2 nurses on duty.

Medical clearance: MEDIC does not qualify as a medical clearance for intake.

If a prisoner is sent to the hospital, and admitted, then the officer needs to notify the intake so the arrest can be cancelled.

If a prisoner has been released from the hospital after a stay, and taken to intake, the jail needs medical records from the hospital indicating the type of care they are to get while in the jail. These need to come in a sealed envelope and given to the nurse. There was some discussion on this and concerns about practicality due to HPPA regulations. No one from Atrium/NOVANT were present to ask.

Magistrates:
The head magistrate was present and acknowledged they have had some staffing issues and assured the group that they are working to keep at least 2 magistrates on duty for arrest processing at all times.

There was a lot of discussion and concerns about assigned bonds from the magistrates as well. It was pointed out that Mecklenburg County is under a grant to look to reform policy. Mecklenburg County has historically assigned secure bonds to arrests, and then determined if the person should have a lower bond from there. NC GS 15A-534 states that magistrates are supposed to start at the lowest level of bond and then evaluate the conditions in subsection "C" to determine if they should go up on the level of bond the arrestee receives:

(c) In determining which conditions of release to impose, the judicial official must, on the basis of available information, take into account the nature and circumstances of the offense charged; the weight of the evidence against the defendant; the defendant's family ties, employment, financial resources, character, and mental condition; whether the defendant is intoxicated to such a degree that he would be endangered by being released without supervision; the length of his residence in the community; his record of convictions; his history of flight to avoid prosecution or failure to appear at court proceedings; and any other evidence relevant to the issue of pretrial release.

https://www.ncleg.net/enactedlegislation/statutes/html/bysection/chapter_15a/gs_15a-534.html

The bail bondsmen that were present expressed concern over the secure vs unsecure bonds being assigned to subjects that have a history of failing to appear in accordance to statute which requires a secure bond. The head magistrate said they can only see Mecklenburg County FTA's in their system at this time, but they are working to change that.

The admin staff also wanted to make sure officers are using the correct charge codes when making arrests.

I want to re-emphasis the importance of proper searches of prisoners at the time of arrest. There should not be any issues with prisoners making it to the jail with weapons or drugs. Especially the quarter pound bag of marijuana they got off a prisoner a few days ago. Ironically, the jail staff could smell it when the officer and prisoner made it through the slider, but the officer said he couldn't smell it at all. I'm fairly certain there aren't any issues from HPD, but their supervisors have been instructed to contact our Watch Commanders if needed like they do with the other departments. If you experience issues with the arrest processing center please email me so I can discuss it with them.

Subject: How to add emails to safe list

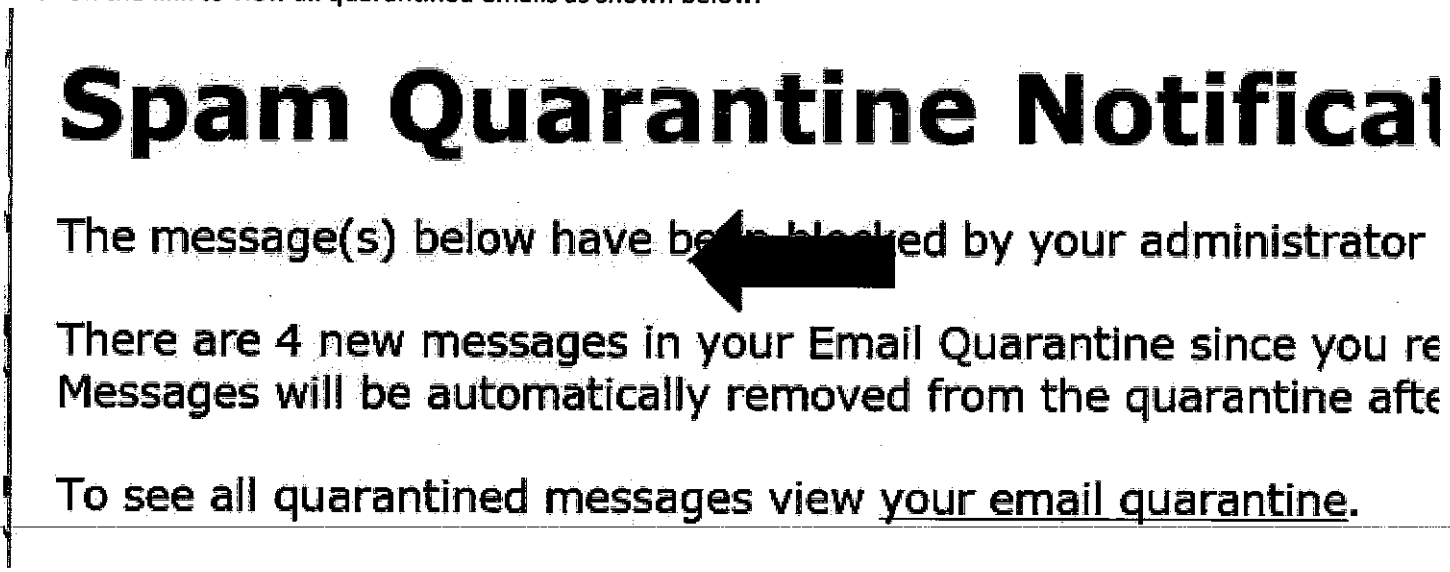
Categories: Release

Good morning, I know a few people that have been having issues with some legitimate emails being blocked by the Quarantine filter. I just wanted to provide a quick tip that may help with that issue so those emails don't continue to get blocked.

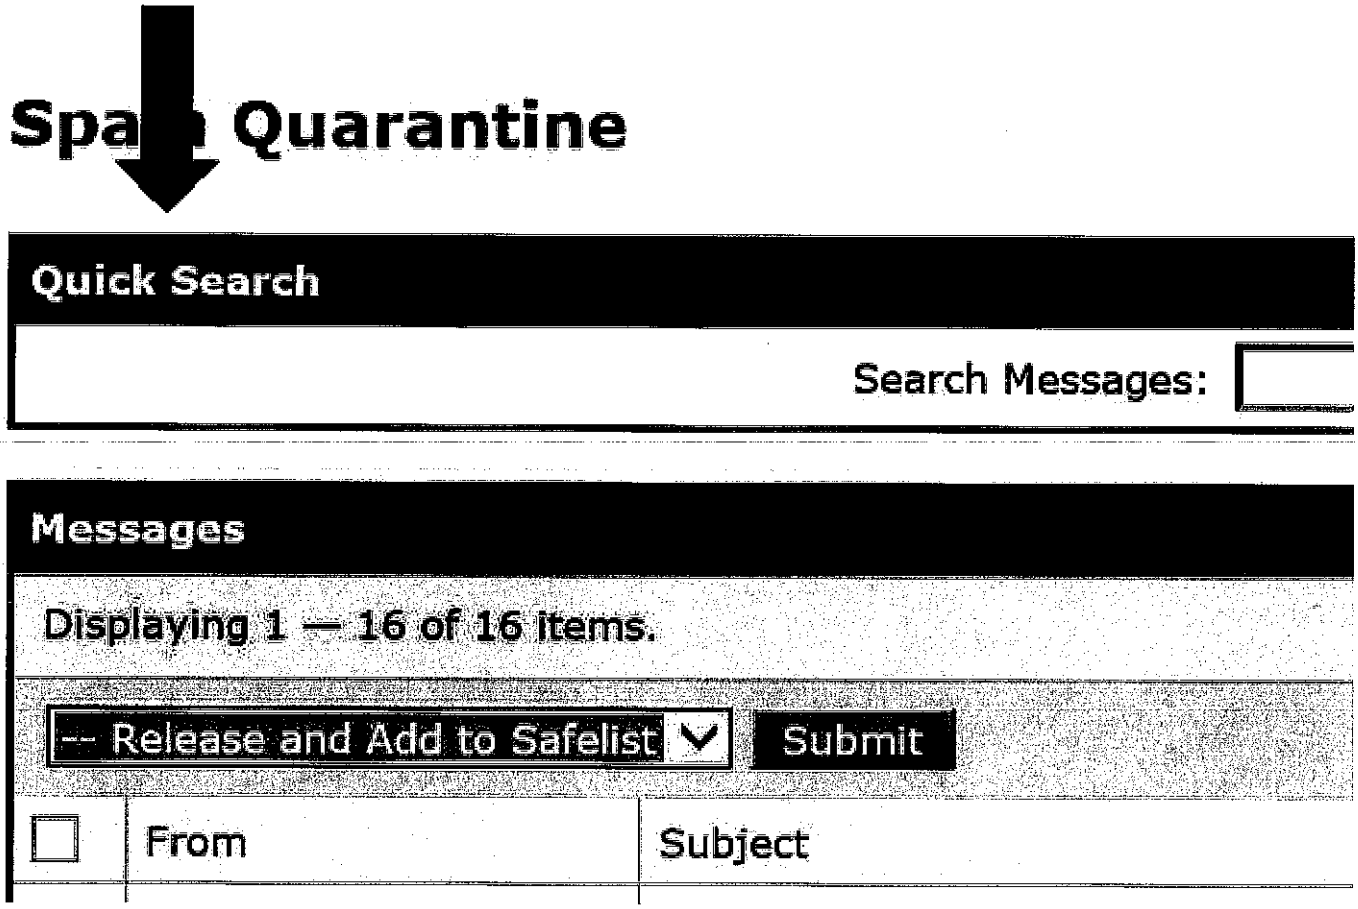
If you get a quarantine email showing you have blocked emails, don't just click release if it's from a source that you continually get emails from.

With the simple 2 steps below you can safe list that email address so that is will not be blocked in the future.

Step 1.
Click on the link to view all quarantined emails as shown below:



Step 2.
Next click on the email you want to release and then click the drop down and select ***Release and Add to Safelist*** and then click ***Submit***:



I hope this helps and please let me know if you have any questions.

Regards,

Good Morning!

I wanted to let everyone know about a Mecklenburg County Special Olympics track & field event coming up on Friday April 26, 2019 at Hough High School. The games will begin at 1000 am and last until around 1:00 pm. I have been in contact with the coordinators for the event and they would love to have the support of local law enforcement at the games to cheer on the athletes and present medals following the events. Please let me know if you are interested in attending. If you are working that day, please check with your supervisor for permission to attend the games. If you are not working that day and would like to attend, please feel free to meet me at the school.

Thank you for your support,

UNC SCHOOL OF GOVERNMENT

Extending Traffic Stops to Wait for Other Officers

Jeff Welty, 15 Apr 06:00 AM

May an officer prolong a traffic stop to wait for a second officer to come to the scene? An officer may want another officer present to provide backup, or may

need assistance from an officer who speaks Spanish, is proficient at administering Standardized Field Sobriety Tests, or is a certified Drug Recognition Expert. Under Rodriguez v. United States, 575 U.S. __ (2015), a traffic stop may last no longer than necessary to complete the "mission" of the stop — addressing the traffic violation that prompted the stop while attending to officer safety. When waiting for another officer is part of the mission of the stop is a question with which courts across the country are grappling....Read More

All,

I will be attending this month's Crime stoppers meeting at the Davidson PD at 3pm Thursday April 11th. Please get up with me if you have any civilians eligible for cash rewards through Crime stoppers. If a civilian assisted you or provided you with information that helped develop a suspect(s) or recover stolen property please let me know. I will present a brief summary to the Crime Stoppers Board for a cash reward. Any questions, please feel free to see me.

Thanks,

Hello all,
We were lighter than usual so I hope you are all safe in the snow! To keep everyone updated to partner see below, Our next meeting will be June 4th at 9am at the Health Dept on Billingsley in the Multipurpose room

General- Janice provided some data on 2018 hospital visits. Leading causes roadway (mvc, ped, bike) and falls (playground and stairs). Other questions, see Janice for details.
Please feel free to use the list serve to communicate with each other in between meetings.

Ongoing efforts
Medicine take back boxes- see website for locations (cvs Huntersville added)
Child Passenger Safety stations – see website for locations /days and time
Radio Station ads – Safe Kids safety tips running

Fiscal /Program
Grants accepted

- Medicine Safety Grant -worldwide please let Janice know if you have an event to educate young toddlers or adolescents or professionals as the primary audience for this.
- Bike school/bike rodeo- worldwide- Elon will be our safe kids school, all are welcome to participate May 8th 8am meet at either the Wild Rings on Audrey Kell or the 521 rec center or greet the kids as they arrive at the school.
- Safe Kids day – State- May 5th 12-2:30 at Charlotte Aquatics, Kelly is organizing this so please reach out to her or myself if you would like to participate. Janice can give you topic, hand outs, game.....
- NC DMV- Bike helmets and bike lights for 50 kids - Let Janice know any good outreach ideas for at risk kids.

Grants written
-NC ATS Peaceful Playground expansion
-Other opportunities were explored but did not come to fruition

Past events

March 2nd - Albemarle Safety Day! Kelly went(thank you) , around 50 participants

March 15—Fire and Life Safety Bowl- Friendship Missionary Baptist Church Several agencies helped Charlotte Fire and Charlotte County Fire Marshall led, CMPD, Sheriff, Medic, Novant, Safe kids with Laura and Breanne helped at our safe kids table, and many thanks!! 17 teams 85 kids , winner was Barringer Academic Center.

March 30 -Automotive 101 at Tom Sykes Rec Center- Bob went for Safe Kids (thank you) around 20 participants

March 20 - Poison Week OMD- Matthews Police Dept , sheriff, butler dream team, NC Safe Kids office, SBI

March -Elon peaceful playground – Layed out stencil plan for full paint in end of April.

March/ April Harris Teeter ads- Harris Teeter placed flyers in the pharmacy on safe storage for toddlers and drop box disposal/ storage for all in April Janice is coordinating

March Pedestrian Video contest – one entry submitted so that will be our submission

March End of SRTS APP project – Shamrock Gardens was school, information not in easily used format.

Road safety playground park signs are up! Feel free to direct families to Arbor Glenn to teach walking and biking to kids, the signs show them what to do on their own.

Specific "event" day coming (Remember each agency has their own outreach and "programs" or events so feel free to connect with interests or let Janice know and she will connect you. This is also "child based" most everyone has adult outreach, let Janice know if you need help locating a partner or developing a program.

April 4th press event more powerful release website for NC AG and local sponsors 10am at trade and tryon.
April 27th – OMD – flyer attached
April 28th open streets- CMPD doing
May 5th- Charlotte Aquatics Safety day
May 8th Bike To school- Elon
May 11th - Healthy Living Expo with Beachfest in Matthews 10am-2pm Novant will do Heat N Cars and Matthews PD with Safe Kids will do occupant protection and butler dream team will be coming to do pedestrian and global road traffic safety week.
May 11th learn to ride at Arbor Glenn
Gear up to Go out- Bike Rodeo- May- TBD
May 23rd CPS check location TBD 4pm-7pm
June Active Safety Days June 7/14/21/28 We will be at the Cordelia and Double Oaks Pools from 1pm-4pm to teach water safety with the help of Kelly's team and Michael's teams, at request we will also provide bike and pedestrian information and outreach with bike helmets due to the increased numbers coming to the pool in this manner. So we could use volunteers let Janice know if free any of the days.
Safe Sleep - child fatality team has started up a sub group on this, Janice is part of that , so far the project will just be the informational hand outs to staff at various agencies.
June WLSL June 20th Double Oaks
June Safety Town Huntersville - June 10-21
June/July Charlotte Fire, CMPD, Cooperative Extension and Teen Health all have summer camps

Agency Accomplishments

Health Dept with CMS placed balance bikes in 16 schools for Kindergartener's to learn to ride

Requests by others for tables
May 6th Sedgefield - Sedgefest
May 13th NICU festival Atrium

Trainings:
CPS technician class- June 10-13 - https://cert.safekids.org/become-tech/certification-course Seven seats are left.

Conferences upcoming
April Safe Road Systems (Durham)
May Safe Kids NC (concord)
July Safe Kids Worldwide (washington)
August – Traffic (Raleigh)

Vermillion Square

There is some on-going 'negotiations' about this area. Until they get everything worked out and get signage up clearly stating the new intent of the traffic pattern, make sure we do not write any citations out there. Warnings on the existing signage is fine to facilitate traffic flow and obvious violations, but I don't want to tie us up in court from something that is in flux. I know we have had some conversations I just want to reinforce not to get tied up in it until they work it out.

Chief

Subject: RE: Vermillion Square

Officer Tortorelli,

As Commissioner Walsh indicated below, we are coordinating with the HOA on the installation of signage at the square to establish a one way traffic pattern. The one way pattern was how the traffic was intended to flow when the neighborhood was designed.

The one way pattern would operate similar to a roundabout. Yield signs will be installed on each of the four street approaches to the square. Additionally, one way sign will be installed on the corners of the square to indicate the one way operation. To supplement the one way signs, pavement marking arrows will also be installed on the street.

Regarding the parking, the existing accessible parking signs will be removed as the spaces near the sign are not designed to be accessible (and would face in the opposite direction of one way travel). My recommendation is that until there is signage indicating that the streets are one way , that they be treated as two way. Once one way signage is installed the parking would then be treated as one way. I leave it up to the Police department for when and how enforcement occurs.

Stephen Trott, PE
Town Transportation Engineer

Subject: Re: Vermillion Square

Officer Tortorelli -

I am copying in Stephen Trott, our Town Transportation Engineer who is handling this issue.

The net-net is the square was originally designed to accommodate one-way traffic in a counterclockwise pattern. Stephen is hoping to have signage ordered and the installation done along with any painting by the end of April. Of course, weather is always a factor.

The plan is to mount an awarenesses program that will alert the neighborhood to the impending changes. You might want to coordinate with Stephen on that effort.

Thanks for your help.

Nick Walsh
Commissioner
Town of Huntersville

On Mar 21, 2019, at 6:32 AM, Evan Tortorelli <etortorelli@huntersville.org> wrote:

Commissioner Walsh,

I'm reaching out in reference to the recent issues in the Vermillion neighborhood. After speaking with Officer Saglimbeni, I was hoping to be able to spearhead an effort to find a solution to the parking issue in Bowman Square in front of Harvey's. With that being said, she pointed me in your direction given that you're a resident of the neighborhood.

I have had several conversations with different residents while doing some observations in the square and I was hoping to get a perspective from you as well. Many ideas have been considered including signage to implement a one way travel pattern, no parking signs on the inner curb of the square, stop signs at the corners, etc. Again, any perspective you might provide would be greatly appreciated!

Thank you in advance and I look forward to hearing from you.

With the Republican National Convention coming to your area, demonstrations, protests, and civil unrest are sure to follow. The media and the world will have their eyes on you.

In anticipation of the impending threat of violence, you are likely going to review all available less lethal options.

I want you to know that there is an effective less lethal option that diffuses potentially violent confrontations on sight alone.

This same option, when needed, will quickly subdue a combatant before the media gets footage.

While you have time to prepare for the convention, contact me and I will tell you about our free Test & Evaluation program.

You will learn why cities like Los Angeles, Pittsburgh, Berkeley, Houston, San Francisco, and other police departments who face frequent unrest all use our products.

Sincerely,

Ralph C. Clarke

Hello Safe Kids partners and advocates.

It is that time again our next meeting is next week, **April 2nd 9am-11am , Health Dept on Billingsley in the multipurpose room.** Please make plans to attend if you can. Please bring any upcoming projects, needs, ideas, efforts to explore.

If you cannot attend and would like me to share anything , certainly send that my way. And if you are coming and need resources for an event or program, let me know and I am happy to bring those items.

For those needing guidance or wanting to talk through program ideas or efforts, at this time I currently do not have any meetings after this so let me know and I am happy to stay !

I will send out a brief summary by the end of next week to try and keep everyone in the loop as we enter a busy time of year. !!

Please feel free to invite someone new !

Join us for an official Child Abuse Prevention

PRESS CONFERENCE

March 29, 2019 | 10:00AM - 11:00AM
Meck. Co. Courthouse Circle | 832 E. 4th St.

*the number of children receiving forensic interviews in 2018

Dear Mecklenburg County MDT Partners:

Please consider joining us in recognizing Child Abuse Prevention month at Pat's Place! Information is found via invite below.

This is a special event as we celebrate the work we all do by "planting" one pinwheel for each child seen for a forensic interview over the past year. Pat's Place will be surrounded by this symbol of innocence and childhood for the month of April. There will be light refreshments served as well.

Hope to see you then.

Your Pat's Place colleagues!

cms Charlotte-Mecklenburg Schools

CONNECTIONS

Learn about the budget

Charlotte-Mecklenburg Schools is holding community-engagement meetings to discuss development of the 2019-2020 operating budget. Employees, parents and community members are invited to attend, learn more about the current budget climate and give input on budget priorities to support academic success for all students. The meetings will be held:

- April 3, 6:30-8:30 p.m., Mallard Creek High, 3825 Johnston Oehler Road, Charlotte.
- April 11, 6:30-8:30 p.m., Crown Point Elementary, 3335 Sam Newell Road, Matthews.

Curriculum options

Charlotte-Mecklenburg Schools will adopt a guaranteed viable curriculum for the 2019-2020 school year. Parents, employees and community members are invited to attend sessions to help choose tools and resources for English language arts for grades K-8, math for grades 6-8 and NC Math 1, 2 and 3.

The sessions will be held:

- April 8, Independence High, 1967 Patriot Drive, 6-8 p.m.
- April 9, South Mecklenburg High, 8900 Park Road, 6-8 p.m.
- April 10, West Charlotte High, 2219 Senior Drive, 6-8 p.m.
- April 11, Mallard Creek High, 3825 Johnston Oehler Road, 6-8 p.m.
- April 12, Spaugh Administrative Center, 1901 Herbert Spaugh Lane, 10 a.m. to 2 p.m.

Stoking inspiration

Gov. Roy Cooper visited Charlotte Teacher Early College at UNC Charlotte March 13. Cooper emphasized the need for a teacher pipeline and the value of early college programs to produce great teachers. Currently, 220 CMS students are enrolled at Charlotte Teacher Early College. The first full cohort of students will graduate in May.

Lions pride

Congratulations to the West Charlotte High men's basketball team. The Lions traveled to Raleigh for the N.C. High School Athletic Association 4A Men's Final championship March 16. The team won conference, sectional and regional tournaments before falling to South Central High from Winterville in the title match.

Critical thinking

ThinkCERCA, a program that teaches students how to think critically, launched in all CMS high schools this year after a pilot at a few schools in 2017-2018. Critical thinking is one of the most important 21st-century capabilities needed in the global workplace and also one of the hardest to teach. Read more.

Ready to read

Read Charlotte, a community initiative to improve literacy from birth to third grade, is seeking support for CommitTo80. It's a campaign to double third-graders' reading proficiency to 80 percent from 39 percent. Click here to find out ways to help.

Culture connections

Two trips to our nation's capital were life-changing for Vance senior Olivia Rice. She made the first trip in February of 2018 and the second in February of this year. TIAA sponsored both trips and, along with the company's executives, Vance faculty and students traveled to Washington, D.C., to visit the National Museum of African-American History and Culture. This year, tours to Howard University, the U.S. Capitol, monuments and other museums were added. Read more.

Powerful women in CMS

South Charlotte Weekly named South Charlotte's 40 most powerful women. The list included several women from CMS:

- Jamie Brooks, principal, Community House Middle
- Elyse Dashew, Charlotte-Mecklenburg Board of Education vice-chairperson at-large
- Maureen Furr, principal, South Mecklenburg High
- Tracey Harrill, principal, Providence High
- Margaret Marshall, Charlotte-Mecklenburg Board of Education member, District 5
- Kondra Rattley, associate superintendent of high school equity
- Charlotte Nadja Trez, executive director, English Learner Services

Subject: Recruiting video

Categories: Release

Good morning all,

We are in the early stages of creating a new professionally produced recruiting video to update the one that was released in 2015. We wanted to give everyone the opportunity to provide input into this process and are interested in what you'd like to see in the video to highlight the things that separate us from other agencies. What attracted you to HPD? How can we highlight what we do and the community we serve in the best way to attract recruits?

Thanks in advance for any ideas you'd like to forward to either Officer Saglimbeni or myself.

Categories: Release

Please locate your gas masks. Next week we will begin fit testing the ones issued, starting as early as Monday. I know there are several people without them. We have a handful that will be issued next week as well. Once we receive the fit testing machine Monday, I will have a better idea of a schedule as to how long it will take for each officer and will send that out. Thanks!

Subject: Pottstown and East Huntersville Want to Revive Their Neighborhood Watch

Good Evening Sgt. Libby,

My name is Betty Caldwell, but you may call me, Bee Jay Caldwell.

Last week I called the HPD to speak with the individual in charge of the Neighborhood Watch Program and was given your name, extension number and e-mail address. I did leave a message. Since there has been no response from you, I thought an e-mail would be the next step. Thus here is the e-mail and my address is: jbeecee70@aol.com.

From the info I have been given, there are materials that could be obtained from your office to help inform the residents of the current Neighborhood Watch Program. Our Pottstown and East Huntersville communities are in dire need of an update. Since I am not aware of what that entails, please share with my community all that we need to do to be relevant.

A community meeting to inform the neighbors is scheduled for:

Tuesday, March 19, 2019
at the Torrence-Lytle Center on Dellwood Drive in Huntersville.
Time: 7 PM

In case you wish to contact me via phone, my home number is 704.875.0367. Thank you in advance for your assistance.

Sent: Sunday, March 10, 2019 10:08 AM
Subject: Joint Training Exercise on Merancas Campus

All, I was just informed that Merancas campus will be hosting some active shooter training on campus starting tomorrow March 11th. Below is the information I received and all training will be confined to one building located in the back of our campus. We are on spring break next week so students will not be on campus except for a few classes that are non-curriculum. I will have signs posted on all entrances to the building in use but I wanted to make everyone around campus aware in case you see anything. Feel free to call me if you have any questions. I have blind copied all individuals who need to be aware, to include Huntersville Police, Huntersville Rec Center and Lake Norman Charter.

March 11-15, 2019, we will be conducting a Joint Public Safety Response to Active Shooter in the TS Building. There will be officers from Probation & Parole, Randolph Emergency Services, Charlotte Fire Department and US Air Force Firefighters. The instructors will be conducting real life scenarios in the event there is an active shooter with injuries. The training is for Probation & Parole. Please advise if you have questions.

WARNING: This email originated from outside of Atrium Health (cglogan1@ncdot.gov).

Do not click links or open attachments unless you recognize the sender and are expecting the message.

It's time for the first quarter TIM Team Meeting. Happy New Year, let's get started, with some ideas.. Come ready to engage, ask questions, and make a difference, in making our roads safer around the region. One of our goals is to also work better together as emergency responders, building on communications, resources, and knowledge of what each of our agencies responsibilities are at incidents, so that we can quickly and professionally serve the people of our area and those passing though our state. If you would like to give a brief presentation in relations to any of the aforementioned, or of previous incidents or situations, please let me know, so that you can be added to the agenda.

We ask that you RSVP to let us know if you will be able to attend. The meeting will be held on Monday, March 25, starting at 10am, and will be held at The I77 Mobility Partners Facility, located at the corner of Harris Blvd and I-485 Inner. The meeting will conclude by noon. We hope to see you there.

Thank You,

Carolyn Logan

The N.C. Police Executives Association in Partnership with Wake Technical Community College presents:

"Autism and the Law Enforcement Response"

This course will provide you with a basic understanding of autism and how individuals with autism behave, communicate, and react in various situations. Furthermore,it will address high-risk and crisis incidents and provide you with tips and strategies to defuse and deescalate the situation. It will also address missing persons with autism and how to safely expedite their recovery. Additionally, it will address the challenge of conducting interviews with victims, witnesses and suspects who have autism.

Do not miss this opportunity!

TOPICS COVERED:
*Typical law enforcement contacts *Crisis intervention techniques
*Interview techniques *Missing persons
*Arrest and restraint *De-escalation techniques
*Tools of disclosure

COURSE OVERVIEW

This course will provide you with a basic understanding of autism and how individuals with autism behave, communicate, and react in various situations. Furthermore, it will address high-risk and crisis incidents and provide you with tips and strategies to defuse and deescalate the situation. It will also address missing persons with autism and how to safely expedite their recovery. Additionally, it will address the challenge of conducting interviews with victims, witnesses and suspects who have autism.

INSTRUCTOR INFORMATION

Autism and the Law Enforcement Response is instructed by Bart Barta. Bart is the proud father of Daniel, a teenager with autism. He also understands many of the challenges faced by individuals and families affected by autism spectrum disorder. Bart's a retired law enforcement commander with more than 31 years of experience. He is also a certified law enforcement instructor who has trained more than 7,000 officers across the United States how to successfully interact with people who have autism.

Bart is recognized as a subject matter expert by the Florida Department of Law Enforcement (FDLE) and was selected to contribute to the development of autism curriculum for officers in the state of Florida. For more than 10 years, Bart served as a instructor for the Crisis Intervention Team (CIT) Training Program for Florida's Eleventh Circuit Court's Mental Health Project. Bart is a former SWAT and Crisis Management Team (Hostage Negotiations) Commander. Bart retired as the Commander of the Coral Gables Police Department's Criminal Investigations Division. For six years, Bart served as a member of the University of Miami—Nova Southeastern University's Center for Autism and Related Disabilities (CARD) Constituency Board. Bart now serves as the President of Autism Safety 101, Inc.

Hi Bill –

I've been told all 4 agencies are participating. Here is the digital artwork for your use on social media. Our event page is going live today and the eblast will be sent out shortly as well. Our posters and banners went up on Monday.

I got the attached email from CBCC today and it includes the link you can share for advance sign ups. As always, walk-ins will be able to donate as well.

I'll touch base with the entire group the week of 3/18 to talk about day of logistics.

Thanks!

>
> Hello everyone,

I just wanted to let you know that my last day with CBCC is this Friday. I loved working at CBCC and believe in the mission. I will continue to support them through donating and possibly sponsoring my own blood drive one day. I wanted to let you know that Karen Rodriguez will be attending the meeting that we have scheduled for November 28th at Panera's. She will be handling your blood drive until they find my replacement. Karen's contact number is 704-972-4729.

I wish you all the best!

Thanks,

Stacey

I wanted to take a moment and commend every one of you in the 9211 sector on the job you did since the year began and particularly over the last month. Our crime in the 9211 sector is at an all-time low historically. Our total crime is 20.6% below where it was this time last year and our part 1 crime is 52.4% below where it was this time last year. I cannot thank you all enough for the hard work that you are putting in to keep our sector safe. Please keep up the great work and I really appreciate your efforts! Please let me know if any of you need anything moving forward.

Subject: Awards Banquet.

Categories: Release

Just a little food for thought,

It has been brought to our attention that some folks would like to see some changes in how we do the awards banquet. Several years back we have held a somewhat formal ceremony afterhours at Joe Gibbs during the work week. This ceremony was held with a guest speaker and a catered menu. We've also held a more casual, family friendly cookout, on the weekends that most of you are familiar with as well. I have had a few people speak to me about changes, but wanted to give everyone a chance to offer suggestions. These can be anywhere from the more formal banquet, to just having a family oriented "pot luck" picnic and handing out awards during shift briefings several times throughout the year.

If you have any new ideas or suggestions please reply to this email.

Thanks
Major Graham

Evening Ladies...

Just a quick email to let you know about a little incident we had and how quickly and efficiently it was handled.

On 2/20 we were taking a patient from Lincoln to North East. This sweet girls was 29 weeks pregnant and actively laboring. While we were coming through Huntersville a car pulled out in front of us and Julie slammed on the brakes to avoid them... which fortunately she was able to. Unfortunately, something in the truck broke or went crazy and the truck died in the middle of 73!

Julie quickly called 911 since we had no power for emergency lights and Huntersville PD was on scene within a min or two.

I called Dave Marlin at the Comm Center and when he was told the nature or our patient and the fact that we couldn't wait for another MCA truck to come he quickly got us a Medic truck. The Medic truck also arrived within mins and their staff was very helpful and quickly stepped in to help with getting the patient moved to their truck and back on the way to North East.

In less than 10 mins we were back on the road like nothing had happened, all because of the quick, efficient and patient centered process from all members involved.

I don't know how to reach out to Huntersville PD or to Medic (unit 5), but it would be nice if someone could reach out to both of these agencies and thank them from their prompt response and helping make the situation for our patient as smooth of a resolution as possible.

And, a big Thank You to Dave Marlin for making all those phone calls and getting things taken care of so we could focus on patent care.

Stefani

Community calendar vote

Thank you to everyone who voted for the 2020-2021 academic calendar. Calendar B showed a total of 44 instructional days for the first quarter. That was a miscalculation. The actual number of instructional days in the first quarter is 43. To gather the best feedback, Option B has been changed to reflect the actual number of instructional days, 43, in first quarter. No teacher workdays, holidays or other major events were changed due to this number.

To maintain the integrity of our survey results, we are starting the calendar survey voting over beginning Feb. 20. Voting will end Feb. 27 at midnight. View calendar option A here and option B here and click here to vote. If you already voted for the survey, please do so again. We apologize for the inconvenience and appreciate your feedback.

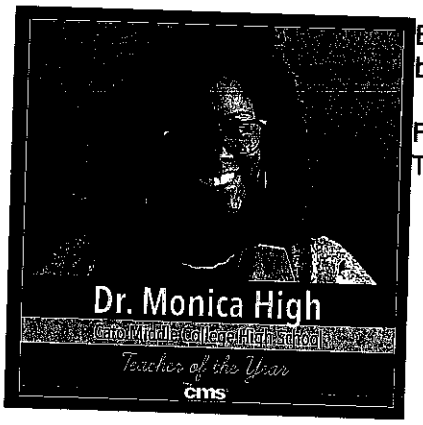
Categories: Release

View in browser Forward to a friend

cms® Charlotte-Mecklenburg Schools INSIDER

Vol. 6, Issue 20 Feb. 19, 2019

Meet the school-level Teachers of the Year



Eight of our school-level Teachers of the Year are being featured daily on the CMS Facebook account.

Follow along as we get closer to the reveal of the Teacher of the Year.

Vote for the 2020-2021 calendar

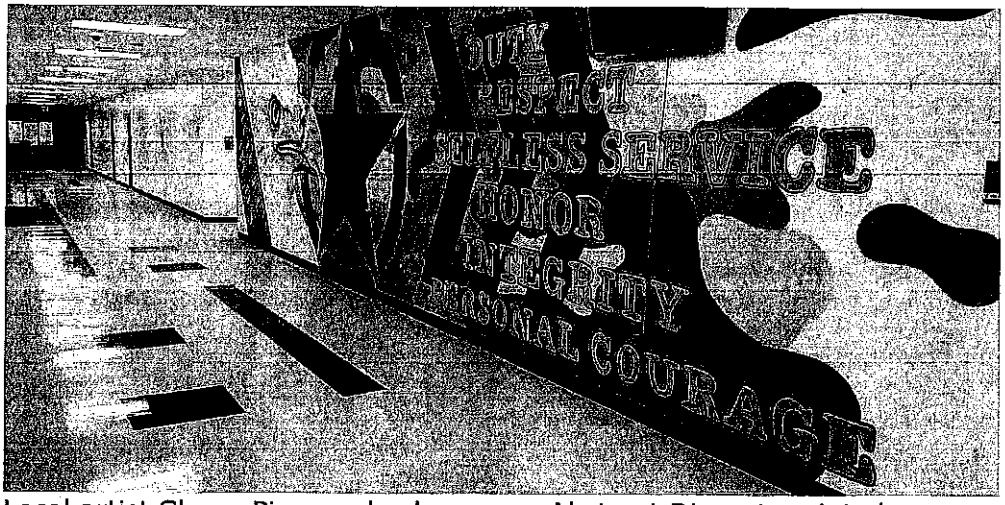
The CMS Calendar Committee has developed two options for the 2020-2021 academic calendar and has launched a survey so that families, community members and employees can indicate a preference.

The calendar survey opened Feb. 18 and will close on Feb. 24 at 11:59 p.m.

Calendar committee members will tally the results and send them to Superintendent Dr. Clayton Wilcox for review. He will make any changes that he thinks are needed based on employee and community feedback, then present a calendar recommendation to the Charlotte-Mecklenburg Board of Education. The Board will vote on the 2020-2021 calendar in May.

Calendar A is here and Calendar B is here. Vote for your preferred calendar_ here.

New mural for Mallard Creek JROTC unveiled



Local artist Shane Pierce, also known as Abstract Dissent, painted a new mural for the Mallard Creek High School JROTC.

"I believe it speaks volumes for values and having a watchful eye on the execution of those values," said JROTC instructor Brian Edwards.

Pierce also donated a mural to Butler High after the tragedy there last fall.

I am CMS award nominations open

I am cms®

AWARD

Presented by

Charles G. Monnett III and Associates

Winners of the February I am CMS awards will be announced soon. Nominations are now open for the March recipients here.
Please remember:
1. Nominations must be submitted from a CMS employee.
2. Previous winners will not be considered.
3. This award is only for CMS employees. Volunteers, parents, etc. will not be

considered.
4. This is an individual award. Please do not nominate teams.
5. Be detailed. Tell us how this person goes above and beyond to exemplify the spirit of I am CMS.

Considering retirement?

The State Retirement System will hold a conference for CMS employees considering retirement in the next 12 months. The meeting is at 3:30 p.m. on April 24 at the Spaugh Professional Development Center.

cms Charlotte-Mecklenburg Schools

CONNECTIONS

Teacher vacancies tumble

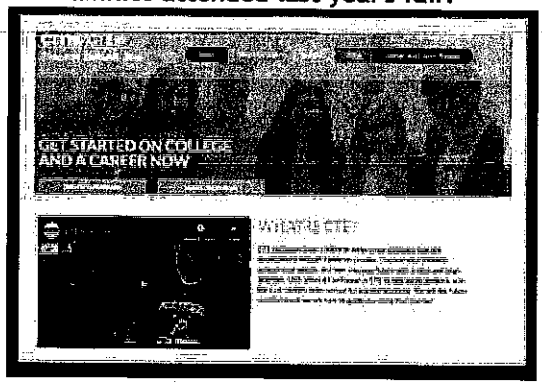
Charlotte-Mecklenburg Schools reduced the total number of teacher vacancies in the district by 83 percent over the last year following new Human Resources initiatives that focus on teacher recruitment and retention. CMS currently has a total of 17 teacher vacancies, compared with a total of 100.5 teacher vacancies in February 2018. Read more.

Community calendar vote

The community is invited to vote for the preferred calendar for the 2020-2021 school year. The CMS Calendar Committee has developed two options. View calendar A here and calendar B here. After making your selection, vote here. The survey is open until midnight Friday, Feb. 22. Once the results are in, Dr. Clayton Wilcox, superintendent, will review the results. He will present one calendar to the Charlotte-Mecklenburg Board of Education. The board will vote on a final calendar.

Discover CTE

Charlotte-Mecklenburg Schools students can access Career and Technical Education (CTE) opportunities through a new website. They can also attend the second annual CTE Fair Feb. 23 to explore career pathways. More than 3,000 students and families attended last year's fair.



NBA steps up

NBA members in town for the All-Star game made time for kids, holding the NBA Shoes That Fit event at David Cox Road Elementary Feb. 13. Each student received a new pair of shoes donated by the Chris Paul Family Foundation.

Keeping schools safe

Charlotte-Mecklenburg Schools has begun random safety screenings at high schools to help keep weapons out of schools. The screenings are part of a comprehensive set of measures the district has in place and added as a deterrent and precautionary step. The goal is to keep weapons out of schools and to minimize class-time disruption and distractions from teaching and learning during screenings. No weapons were found in the first week of screenings, which were conducted at eight randomly selected high schools. Read more.

Finding reasons to appreciate life

Providence and Hough high schools prioritized social and emotional health after each school lost a student to suicide on the same day in February 2018. **Students and staff are working with** Sources of Strength, a youth suicide-prevention program designed to use peer social networks to change unhealthy norms and culture that can lead to suicide, bullying and substance abuse. Read more.

Living history

History came to life at Windsor Park Elementary with a visit from civil rights activist Rev. Jesse Lee Douglas Sr. He was president of the Montgomery (Alabama) Improvement Association and helped plan the 1965 march from Selma to Montgomery. Read more.

Fast fact

Charlotte-Mecklenburg Schools has 21,145 English learners in pre-K through 12 this year, up from 19,794 last year. More than 44,237 students speak a language other than English at home. The top five home languages are Spanish, Vietnamese, Arabic, French and Telugu.

Izzy and all,

Compliments for a well attended, informative and good spirited meeting last night.
I have been to many of those, (in different neighborhoods) and this was the best one.
Tom Seifert kept it serious, but funny. Izzy rolled through everything with ease and humor and non-judgmental. It is what it is. You don't like it....join a committee.

I will miss you guys :-) and thanks for the gift certificate.

Be on the outlook for one more newsletter.
Thanks again for a job well done!!

Can the on duty shift keep an eye on the back entrance of NMHS in the mornings. Apparently students are driving on the wrong side of the road and creating three lanes entering NMHS in the morning (Hambright Road). This is occurring between 0700-0720. I have heard of several near head on crashes of students who are driving on the wrong side of the road/driveway.

Hello Fellow Town Employees,

Our Lake Norman Teen Council is hosting their annual Operation Purse Drive. They are collecting purses and toiletry items that will be put into the purses that will then be delivered to a local women's shelter.

We would greatly appreciate any donations. I will be happy to pick up donations from each department on Tuesday, February 12th.

Thanks so much for any assistance.

Good Morning!

Yesterday I met with Ray Smith from CK Contractor and Development who wanted to let us know that they have started clearing a large area of land just north of Hambright Rd. between Statesville Rd. and NC-115. Their staging area is just off of Hambright Rd. next to Hambright Animal Hospital and will have heavy equipment, fuel tanks, and other construction related equipment parked in the area for the foreseeable future. Mr. Smith provided me with a phone number of 304-254-4126 and encouraged Officers to reach out to him anytime with questions or concerns. Mr. Smith also informed me that that his crew usually finishes work for the day around 1800 and that anyone found on site after this time most likely should not be there. I will maintain periodic contact with Mr. Smith, so if anyone should need anything, please just let me know.

Be Safe,
Dorian C. Adamik

Hello all,

hank you to those who could attend our networking meeting. There is so much good work coming up that we did not even have time to plan new projects so certainly follow up with me or a fellow partner as needed in between meetings to plan and collaborate. (which happens most of the time due to your dedication to the children!)

We had many new faces THANK YOU for joining us in our mission to prevent injuries in children in our community. A special welcome to our two new board members committed to leadership time to ensure the network stays a viable place to connect and share expertise opportunities and resources. The leadership of safe kids will concentrate this year on "awareness" activity of the great work we do as a coalition so please send any ideas ! Current plans potentially are a brochure or piece for leaders on the importance of our work and what you all do.

Next meeting/Admin items
April 2nd 9am-11am , Health Dept on Billingsley in the multipurpose room.

Membership applications are attached, this is not "required" for membership it is a method of allowing donations to occur toward our mission. Please direct questions to Janice. A confirmation of the code of ethics IS required. If you were not at the meeting to sign a form, I need you to send me an email confirming receipt and compliance or sign electronically and send back to me.

Members in attendance went over their upcoming events for request for participation. Please reach out to them if you can attend. If you need an activity idea or handouts to attend, please let me know, happy to assist.

March 2nd - Albemarle Safety Day! Samantha Bounds Samantha Bounds Samantha.Bounds@albemarle.com 10am – 2pm 4250 Congress Street Charlotte (southpark area) . Tables will be provided and they are having free food and give aways to increase attendance looking for adult and kid topics for 200 or so people.

March 15—Fire and Life Safety Bowl- Friendship Missionary Baptist Church 7am-3pm
cdrussell@charlottenc.gov Looking for volunteers in rooms or tables with activities for the kids in between sessions.

March 30 -Automotive 101 at Tom Sykes Rec Center- Horne, Jennifer B.
Jennifer.Horne@mecklenburgcountync.gov Looking for tables to be "hands" on related to motor vehicle. 11:30-4pm. They are having goodie bags and food to try and draw a crowd in for you.

May 5th- Charlotte Aquatics Safety day usually 1-4 or 2-5 this will be our safe kids day contact Janice!

Ongoing efforts
OMD boxes- see website for locations (Pineville police added, looking for a northern Mecklenburg site)
CPS stations – see website for locations (Highway Patrol in Huntersville has added by appointment only)
Radio Station ads – Safe Kids safety tips- Janice develops these for airing with the safety tips relevant to the quarter they are delivered in for Beasley Media sponsored by a car dealership!

Specific program dates
March 20 - Poison Week OMD- Matthews Police Dept 10am-1:30 pm will be conducted with the Butler Dram Team and NC Attorney General as a media event for the April events coming up.
March -Elon peaceful playground – Janice working with the school to place activities on the black top to decrease bullying and injuries and increase activity levels.
March/ April Harris Teeter ads- Harris Teeter has agreed to place flyers in the pharmacy on safe storage for toddlers and drop box disposal/ storage for all in April Janice is coordinating
March 27th CPS check – Looking for a location for a potential seat check if suggestions contact Janice.
April 27th – OMD – Janice will send out flyer
April 28th open streets
May 8th Bike To school- school TBD Janice is trying to get an international school or one along the vision zero high injury network roads.
May 11th - Healthy Living Expo with Beachfest in Matthews 10am-2pm Novant will do Heat N Cars and Matthews PD with Safe Kids will do occupant protection.
Road Park – second half of May to meet grant
June Water Safety lessons potentially with Park and Rec and Charlotte Aquatics.
June Safety Town Huntersville

Trainings:
CPS technician class- June 10-13 - we will host the four day Child Passenger Training class at the CMPD on Wilkinson with a seat check at the Wal mart on Wilkinson on that Thursday in the afternoon ! If you are interested in becoming a technician registration is now open https://cert.safekids.org/become-tech/certification-course read about the course and then use the navigation links on the left to locate the course and register. This is an open course, which means that I cannot hold seats there are 25 or so seats and they are open to anyone across the state so if you really want to attend, I would register sooner than lady our regional counties tend to fill our slots quickly closing the class out for my local people who tend to wait for time getting busy reasons. For new people if cost is an issue as safe kids I would be willing to look at paying your certification fee but you or your agency would have to absorb the four days of time, the follow up time needed to maintain certification, and renewal costs. You will also be required to help in at least one quarterly safe kids event for safe kids. – On a side note you will actually understand how this helps you in the renewal process.

General NEW programs of interest:
Hands only CPR Medic has started a new program to teach hands only CPR if you have a group of 20 or more or an event that in some version this can be delivered to please reach out to that team Gabrielle Purick
GabrielleP1@MEDIC911.com

The health Dept is looking to do a water drinking with reusable water bottles program in February to schools (2nd and 3rd grades) if you know of a school interested send to Thomason, Laura A

Laura.Thomason@mecklenburgcountync.gov Laura is also the new Safe Routes to School Coordinator so reach out to her as applicable in that role! (the new Dick)

City of Charlotte Lead Safety- Is trying a new program connecting in home safety air quality with asthma to try and increase the number of healthy homes they can help families achieve. If you have a family that would qualify or want more information to share with your clients/community. The are targeting the Spanish speaking population. Contact- Kirlin, Hanna Hanna.Kirlin@ci.charlotte.nc.us (the new Sherry). Janice did offer to send home safety checklists with the program and the home cabinet locks as a way to add our logo in a neutral way to perhaps feel more comfortable with the project!

4-H, Charlotte Fire, CMPD , Teen Health , Huntersville Police – all have summer "camps" please reach out to them directly if you feel that you have a way to partner and add to the experience or want details to share with your communities as applicable.

CMS schools is looking for crossing guards before and after school if you are interested or know anyone that may or can advertise this opportunity for them please contact Chip (this is a paid position). Gallup, Robert F. robertf.gallup@cms.k12.nc.us

** Individual ongoing programs via agency are not put in the minutes for space consideration but are ongoing if you need help connecting or finding programs that you are interested in please contact Janice for assistance.

Conferences upcoming
Feb Fire Safety (Concord)
April Safe Road Systems (Durham)
May Safe Kids NC (concord)
July Safe Kids Worldwide (washington)
August – Traffic (Raleigh)
Several Opioid conferences and education

I hope I remembered all of the upcoming events! If I left anything out OR if you have anything new to share before our April meeting , feel free to share through this list serve.
MANY MANY thanks for your dedication to the children of our community and your willingness to participate in this process.
Janice Williams
Safe Kids Char Meck Coordinator

Dear Past Participates:

Mark your calendars the Operation Medicine Drop Pill Take Back campaign begins March 17th and runs through March 23rd, 2019 during National Poison Prevention Week.

For agencies planning to host an event during National Poison Prevention Week, Safe Kids NC will send you FREE campaign materials to promote your event, such as posters, brochures, and promo items.

To receive your FREE OMD campaign materials, you must register your event on our website.

Registration is now open... www.safekidsnc.org

If you have any questions or need assistance, please contact Lisa Blackmon at lisa.blackmon@ncdoi.gov

Thank you for your time, we look forward to another successful campaign.

SBI will collect medications! On Tuesday, March 26, 2019 from 9:00AM-1:00PM, take all collected medication to your local SBI District Field Office to be destroyed at no cost.

Thank you for all you do!!

Subject: Paleo Potluck THURSDAY!

Categories: Release

Good Morning Huntersville Strong!

We are hosting a Paleo Potluck this **Thursday, February 7th at 11:00am** in the large meeting room in Town Hall. Even if you are not participating in the Paleo Challenge, we would love for you to come out and see how delicious Paleo dishes can be!

If you plan on attending, please bring a Paleo dish to share along with the recipe so folks can snap a photo of it if they wish to recreate your dish!

We look forward to seeing you Thursday!

Subject: RE: SRS For Today Meeting (1/31/2019)

Categories: Release

All,

I want to commend everyone for your hard work in 2018. I hope you take the time to review the end of year SRS and see where you have continued to decrease the crime rate in Huntersville. There are always areas we could improve, but overall the crime per 1,000 rate is very good for the town, and this is what matters to the citizens. Yesterday, the Command Staff talked to the Lieutenants in the SRS meeting about the work the department does, and the direction we want the department to go moving forward in regards to our efforts to keep Huntersville safe.

On Monday, I will assume responsibility for Patrol again, and want to make sure it is clear to everyone that there are no quota's in regards to officer activity. We want to concentrate on crime, and hot spots to address crime trends and traffic problems. I am always available to anyone in the department, and open to any good ideas you have to combat a problem. There is no reason for anyone to hesitate to bring them to me, and you can via email, phone call, or stopping by my office.

Thanks, again, for your hard work!

Captain Sharp

To: Bryan Latza <blatza@huntersville.org>; 'Craig Smith' <csmith@lncharter.org>
Subject: New Construction 1/10/19 parking changes

Good morning Lt. Latza and Mr. Smith,

I have waited until this moment because things change and I didn't want update until I had confirmation on the start date of our new building here at Merancas Campus. Beginning January 2019 we will begin new construction and add a building to the front of our campus. This will do away with the center driveway that connects our main entrance to our parking lot next to LNC. That said, the only way our staff and students will be able to access the parking lot next to LNC is through the shared entrance. In the past we have kept that gate losed until 8 am to accommodate LNC in not allowing traffic to cut across Verhoeff onto the shared access as well as keeping them from cutting through our lot. Beginning January 10, 2019 our students will need to be able to access that lot before 8 am. It should be a small number of students, less than 50 but there is no way of knowing how many students or confirming that they know how traffic will flow for LNC. Since the center driveway will be closed, cut through will not be a problem and I do not see it being a big issue for our students cutting across Verhoeff as long as the Huntersville Officer directing traffic is aware of the changes. Although I am not the best at modifying maps I have attached a map showing what will happen and where the new building and driveway closure will be.

If you think we need to meet and go over this please let me know. If a simple phone call can clarify this please feel free to call my Cell phone any time to discuss. I say my cell phone because that is your best chance of getting in touch with me.

Categories: Release

Hello all -

Just a brief reminder since we have quite a few new employees. When updating any of your personal information I handle this so please email me the information to be updated. Also if you changing your address send me an email and send a copy to your supervisor so they are aware. Examples of information to be updated are an address change, emergency contact information, name change, telephone numbers, direct deposit forms, tax deductions, HFFA deductions, etc. Please send me an email with the information that needs to be updated as soon as possible and I will make sure everything gets updated here in the office. I will then forward that information on to Vickie Brock, the HR Director so she will also have the correct information for insurance paperwork and payroll. If you have any question please do not hesitate to contact me. Thank you and stay safe.

Subject: Crime Scene Class

Categories: Release

February 12th and 19th we will be conducting our next internal **Crime Scene Class**. The training will last from **1300-1700**. All officers who have not previously attended this internal training should make arrangements to attend. We have scheduled a day for each rotation, so please make every effort to attend on your day off. If you need to attend on a day while working, please get this approval through your direct supervisor first.

Email me by February 8th with the date you will be attending. You will only need to attend one of the dates listed above.

If you have previously attended and would like to attend as a refresher, you are also welcome. Please also email me with the date you plan to attend.

Please dress accordingly, you will likely end up with fingerprint powder on you and there will be a portion completed outdoors. During the training you will be issued a crime scene kit and a digital camera.

Lieutenant Ryan Smith
Huntersville Police Department
Phone: 704-464-5400

Safe Kids Partners,

. is time to plan for 2019 with our first meeting of the year! If you can attend we will be meeting on

February 5th from 9am- 10:30am at the Fire and Life Prevention offices at 1517 North Graham street. (this is not the headquarters office). Go a bit further on Graham and it is on the left.

Please let me know if you need any supplies and are coming to the meeting so I can bring them for you. Please bring ideas , upcoming programs , needs and desires as we plan at least the first half of 2019.

If you cannot attend in person, please just take a minute to jot down upcoming needs, programs, information for exchange and I will share it for you and include in the follow up email for all.

We had a LOT of changes in agencies and representatives so if I forget someone please forward.

Have a great day and thank you for all you do on behalf of the children of this community.

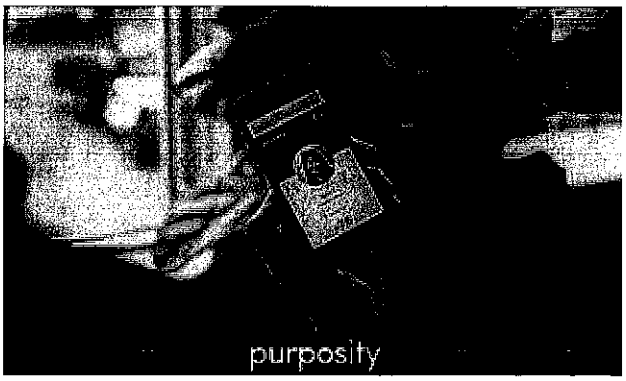
CMS Charlotte-Mecklenburg Schools

CONNECTIONS

To help a student, just tap an app



Student Services has partnered with Purposity, a third-party platform that has a new app to help community donors meet the immediate needs of Charlotte-Mecklenburg Schools students. With a few taps, users can instantly make a purchase that will make a difference in a student's life. More than 1,600 people have registered since news of the effort was released. Prices may be as low as $10 and must be less than $250. The app is free, there is no obligation to make a purchase, and donations are tax deductible. Read more.

Keeping schools safe

CMS® Charlotte-Mecklenburg Schools

School should be a safe place. Charlotte-Mecklenburg Schools updated the community Jan. 8 on progress in key safety areas to help keep students and staff safe in schools. Included were safety screenings to help keep weapons out of schools and active survival training. Read more.

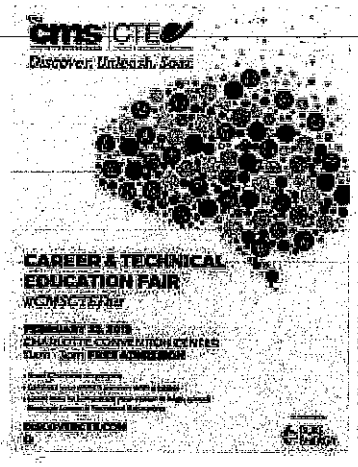
School Choice Lottery

Families new to Charlotte-Mecklenburg Schools who wish to participate in the second round of the 2019-2020 School Choice Lottery must enroll their children with the Student Placement Office before Jan. 28. The lottery is open until Feb. 11 at 10 p.m. Read more.

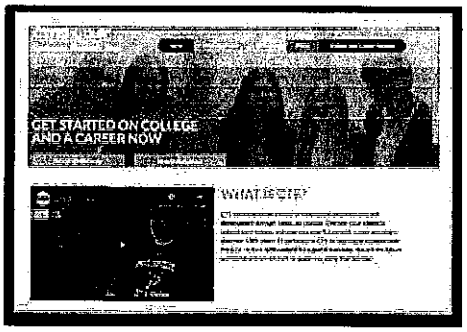
Congratulate a graduate!

Midyear graduations will be held Jan. 30 at Bojangles' Coliseum. Nearly 1,000 students from 28 high schools will graduate in two ceremonies, one at 4 p.m. and one at 7:30 p.m. For the list of schools, click here.

Discover CTE



Charlotte-Mecklenburg Schools students can access Career and Technical Education (CTE) opportunities through a new website. They can also attend the second annual CTE Fair Feb. 23 to explore career pathways. More than 3,000 students and families attended last year's fair.



CMS principal advances in state competition

Dr. Timisha Barnes-Jones, principal at West Charlotte High, has been chosen as the Southwest Regional Principal of the Year. She will advance to competition for the state principal of the year. The interview team said that Dr. Barnes-Jones is not only a great leader, but she is also indefatigable in her work at West Charlotte. She was also praised for a strong focus on equity, an ability "to do more with less" and her success in creating and maintaining a constant and positive culture for staff and students. Read more.

Celebrating teacher certification

Charlotte-Mecklenburg Schools honored the teachers who received their certification from the National Board for Professional Teaching Standards in 2018. A reception was held Jan. 17 for the 111 educators who renewed their certification and the 105 educators who received their certification for the first time. National Board certification is a rigorous voluntary certification for teachers, media specialists and school counselors. The

process is based on Five Core Propositions that closely parallel the North Carolina Professional Teaching Standards. Read more.

Subject: Scheduling Work Group

Categories: Release

Good evening,

I would like to ask you to participate in a scheduling work group to help guide the department.

This group will consist on 8-10 people to meet a few times and to get some guidance from the employees in order to establish a new schedule for our agency.

If you are able, and would like to help, please email me back.

Please start thinking about different schedules, 8, 10, and 12 hour shifts, how long between rotations (2, 4, 6 weeks, 3, 4, 6 months or once a year). It is my understanding that there will be some form of rotating schedule, but you can have some influence on how that occurs. If you would like to bring examples please feel free.

The first meeting will be Tuesday, January29th, at 2:30pm. It will only last about an hour or so.

Thanks.

Subject: Lost Dog

I was approached this morning at Bradford Park by a gentleman who lives in Davidson East across Davidson-Concord Rd from Bradford Park. He stated that sometime last night or early this morning his dog got out and never came back. She is a 7 year old Shar-Pei/Lab mix. She is microchipped. Her picture and his phone number is on the flyer attached in case you find her.

FOR IMMEDIATE RELEASE

January 10, 2019

SECU Ready to Help Members with Tax Preparation Needs Starting January 23rd!

Raleigh, N.C. – Tax season is quickly approaching and State Employees' Credit Union (SECU) is ready to help! Mark your calendars – starting January 23rd, SECU tax preparers in all 265 offices statewide will be able to complete and electronically file federal and North Carolina income tax returns for members who are eligible to participate in the Credit Union's Low-Cost Tax Preparation program.

SECU began offering its low-cost program in 2010, providing members with convenient tax preparation service. Qualifying members can have their tax returns prepared for a flat fee of only $75, which includes preparing and filing both the federal and state tax returns. It is an affordable benefit for members and one they continue to take advantage of year after year. During the 2018 tax filing season, SECU personnel filed 72,847 tax returns on behalf of members!

"The growth of SECU's Low-Cost Tax Preparation program is an indication of the tremendous value we're offering members," said Tenesha Carter, SECU's Senior Vice President of Tax Preparation Services. "Our tax preparers work diligently to help members during tax season and throughout the year, offering education for tax and financial matters to help strengthen their overall financial health. We're looking forward to helping even more members this upcoming tax season!"

Members can visit SECU's website, www.ncsecu.org, to learn more about the Low-Cost Tax Preparation program as well as information regarding other available filing options.

About SECU

A not-for-profit financial cooperative owned by its members, SECU has been providing employees of the State of North Carolina and their families with consumer financial services for over 81 years. The Credit Union also offers a diversified line of financial advisory services including retirement and education planning, tax preparation, insurance, trust and estate planning services, and investments through its partners and affiliated entities. SECU serves over 2.3 million members through 265 branch offices, nearly 1,100 ATMs, 24/7 Member Services via phone and a website, www.ncsecu.org.

This email may contain confidential and privileged material for the sole use of the intended recipient. If you are not the intended recipient, please contact the sender and delete all copies. Any review or distribution by others is strictly prohibited. Personal emails are restricted by policy of the State Employees' Credit Union (SECU). Therefore SECU specifically disclaims any responsibility or liability for any personal information or opinions of the author expressed in this email.

Subject: Re: Update

Categories: Release

Follow up.

I will send updates regularly on what is in the works, what I'm thinking about, etc. The purpose is to communicate so you know whats going on. However, you are welcome to discuss these things with me anytime you can get me cornered. I will be in my office and around the building so grab me anywhere if you are concerned about something. I will say that I make decisions based on best practices and what is best for the overall department so it is not easy to change my mind and you must be prepared with some solutions if you don't like what I'm doing, but debate is good whether it changes anything or not and I will likely learn something so I welcome it. If my door is open, meaning I'm not in a meeting or on the phone or working on something with a deadline, just walk in anytime you want. You don't have to check in with anyone first and you don't need an appointment. In fact, if I have not met you either in shift briefing or walking around the building come see me anyway. I've got 95% of the people so far and I still have meetings with supervisors planned I have not met, but ake the initiative if I have not talked to you and lets meeting and get acquainted a bit.

Thanks,

Chief

Subject: Update

Hope you all are having a good weekend (if you are off work and dry) and thank you again for everything you do.

I'm about to get my feet on the ground and I have a good feel for some things that need attention, but what I'm sharing with you here does not cover it all so be patient as we address some of the issues.

Let me start my saying I told you there would be some things I do you would not like and scheduling is probably going to fall in that category. We have a big issue with the way the schedule is. We have some people working permanent shifts and some people rotating and no one really knowing who is

working until the daily schedule comes out. We have evaluators evaluating people they do not work with and some people working all the daytime traffic issues and others getting all the experience at night, etc. etc. Its a big unit cohesiveness and succession planning problem and it has to be address. We are going to put together a work group to look at scheduling comprehensively. Huntersville is too big for a schedule that does not take into consideration workload, so we are going to be looking at the best schedules for our current situation, not a quick fix. I anticipate sometime late spring to implement, but it is coming and be aware of that. Unfortunately, some of you are going to be impacted in a way you don't like, but the schedule will treat everyone the same. If you don't like working days or nights your going to have a problem with any solution we come up with because it is a requirement of the job. We cannot accommodate a schedule that allows a future supervisor to have no experience on days or vice versa. Even with permanent shifts you cannot ever really be permanent and would have to move back and forth at some point and spend as much time on days as we do nights and vice versa, so I want you to prepare for that.

Related to that, we have far to much variation in practices and small units of what supervisors expect and what the priorities are. Patrol supervisors should expect at some point to move to another rotation and to do that on a somewhat regular basis to make sure you can supervise all types of groups, not just those on one rotation. The idea is you can move to any first line position in the department and be consistent. Eventually, it will result in much less dramatic differences and will allow us to take the best practices that you and your people creatively come up with and spread it departmental wide. This applies to all supervisors as well, from Captains to Sergeants and across divisions. We will not move people at once nor will we move people with the same frequency, but you should get ready to experience new situations and assignments at any time and on a regular basis to improve your professional development and experience.

For civilian staff, changes may affect you as well. We have some critical needs in several areas where sworn people are doing way to much administrative work that could be done by our great civilian staff. We have some challenges with how many resources we have, so we will have to consolidate, combine, and double up in some cases what we do in order to accommodate changes that have to happen. We will work to eliminate unneeded tasks or streamline process to make up the difference. As with all positions, we just have to do what has to be done and I know after meeting everyone we all get that.

Continuing in the 'related to that' category, there is a lot of talk about other shifts such as "they are doing this and should be doing this" etc - even to me. That needs to stop as well as talking about habits or effort level of other people. Our culture is going to be one of respect for people and respect for supervisors of other units to address these issues and not getting out of our lane into someone else's business. If you have a grievance that unfairly and against policy affects you, use the grievance process. Otherwise let this issues you believe are issues bubble up and I will hold supervisors responsible for addressing them. Supervisors are going to have more authority (and accountability) than ever and let them do their job.

Evaluations - As I promised we have started looking at other and better (and shorter) options for us. That is going to happen soon, I promise.

There are other things that is going on and I will update you again when I can, but I want to address this biggest issue that is out there right now and that is the pending IA. I have been updated on this investigation and I expect it to wrap up in a couple of months. It will be wide ranging and could likely have an impact on people and processes honestly, but we do not know more than that at this time. When the IA comes out we will address the findings in such a way to as hold anyone accountable has done wrong, fix any policies that contributed to the problem, and retrain on what we need to prevent any negatives from happening again. If the IA finds no fault we will move on from there. However, regardless of findings, we are going to position this department for the future very quickly and we are going to create an environment that removes some of the communication issues, structure issues, and organizational issues that are frankly common not difficult to address. We do an outstanding job as a team and despite differences and sometimes conflict and negative things, I assure you we will be stronger, better and prouder in the days to come.

Keep plowing and keep safe:

Chief

Continuing in the 'related to that' category, there is a lot of talk about other shifts such as "they are doing this and should be doing this" etc - even to me. That needs to stop as well as talking about habits or effort level of other people. Our culture is going to be one of respect for people and respect for supervisors of other units to address these issues and not getting out of our lane into someone else's business. If you have a grievance that unfairly and against policy affects you, use the grievance process. Otherwise let this issues you believe are issues bubble up and I will hold supervisors responsible for addressing them. Supervisors are going to have more authority (and accountability) than ever and let them do their job.

Evaluations - As I promised we have started looking at other and better (and shorter) options for us. That is going to happen soon, I promise.

There are other things that is going on and I will update you again when I can, but I want to address this biggest issue that is out there right now and that is the pending IA. I have been updated on this investigation and I expect it to wrap up in a couple of months. It will be wide ranging and could likely have an impact on people and processes honestly, but we do not know more than that at this time. When the IA comes out we will address the findings in such a way to as hold anyone accountable has done wrong, fix any policies that contributed to the problem, and retrain on what we need to prevent any negatives from happening again. If the IA finds no fault we will move on from there. However, regardless of findings, we are going to position this department for the future very quickly and we are going to create an environment that removes some of the communication issues, structure issues, and organizational issues that are frankly common not difficult to address. We do an outstanding job as a team and despite differences and sometimes conflict and negative things, I assure you we will be stronger, better and prouder in the days to come.

Keep plowing and keep safe:

Subject: New Classes Added - CIT schedule announced

Happy New Year everyone. I wanted to let you know about a couple of new classes we have added to the calendar this week. The CIT class schedule for 2019 has been added to the training calendar, and classes are now open for registration. Students will no longer register with Cardinal Innovations and must register for CIT classes by emailing me. We have also added two classes by Don Rabon (listed below) and another class on interviewing persons with personality disorders that's titled "***The Interview and Interrogation of the Mad, Bad, and Sad***" by Mike Prodan of the Behavior Science Unit from SLED in Columbia, SC.

We look forward to having you in class this year. We are also planning to add some seated mandatory in-service training classes soon as well as some firearms simulator training classes. I hope to have that schedule put on the calendar in the next week or so.

As always, we appreciate your business and we hope to continue working with you to provide the very best in law enforcement training. Thank you for all you do and stay safe my friends.

Subject: Thank you and moving forward

Categories: Release

First I want to thank all of your for your warm welcome and allowing me to be a part of your team. I am proud to be back and extremely impressed with everyone I have had a chance to meet. As we move forward there are a few things I want us all to recognize:

1. We are an outstanding police department and this is a great place to work
2. We are not perfect and we have some things to work on that affect people, processes and outcomes.
3. We will all contribute to fix things that need to be fixed in continuing HPDs great tradition

With these things in mind I wanted to thank those of you who have shared your thoughts on issues and concerns. I realize I have not spoken to all of you and I will, but I already have a good understanding of things thanks to those of you who have spoken to me in person and as a group. As we move forward, I want to be clear my philosophy centers around the victims of crime externally (not politics) and internal on the individual patrol unit. Patrol is where it starts and all other services, from SWAT to volunteers to support to investigations, is in support of our response to incidents on patrol. The most important element in our organization is the person responding to 911 calls for service (victim orientation). Having said that, all positions are critical in some way and I think we all recognize that.

Supervisors, especially above the rank of Sergeant, are ALL supporting roles in the department – including patrol supervisors and the entire command staff. Our job is to keep line officers and support staff productive, well trained, well directed, and well equipped. To that end we must communicate. My goal here is to encourage you to communicate with your peers, subordinates and supervisors honestly about issues. For example, I know there is a feeling of disconnect between command staff and subordinates. This is not an uncommon problem and I'm not surprised to hear that. However, I will tell you there is no scanner or detection mechanism that will isolate that problem into actionable tasks to fix it either. The only way to fix that is to communicate specifically to your supervisors what you want to see or don't want to see. What is hindering you or even hurting your ability to do your job. These are legitimate questions but you have to be blunt and specific. if you are being mistreated that I can fix it, but if you FEEL your supervisors are not listening to you, for example, you have to demonstrate you are communicating as well. I have asked the Captains and Major to meet with you as a group or individually to start fostering better communication on what you are seeing the contributes to this problem. Please do so. Do not fear retaliation or black balling or anything like that for expressing your opinion about issues in the proper setting because I will not tolerate that. I do expect everybody up and down the chain to be respectful to each other in sharing your feelings, but you don't have to be soft or careful about what you are thinking. Most of you will not I'm sure and I appreciate that.

To be sure, not all issues you have will get fixed. Sometimes we will say well it has to be that way and you are going to have to live with it. I think most of you can at least grudgingly accept that but it has to be communicated to you and not left in limbo. I will do that.

I also want to address rumors and gossip. These are not specific things I have seen but something every organization suffers from and it is destructive. Again, we will provide avenues for you to find out information. You deserve that and I promise you if you want to know something ask me. However, I don't want anyone talking just to try to stir up controversy (we will have enough of that anyway!). Let me be clear, if you talking with a co-worker about what might happen and what could happen that is not bad gossip to me. We all want to know things and I encourage one of you

discussing it to call and ask me or somebody 'Hey, what are you going to do going to do..." with this or that. You deserve answers.

However, if you start talking to someone about someone else, like "I heard so and so is doing this or that", I will track .hat down to its source and if that information is false, or if it was outside proper channels even if true, I will discipline for that. Remember you could be the VICTIM of such gossip as well. Also, if someone tells you something and you repeat it you own it just as if you had started it. Be prepared if you repeat malicious gossip to be compelled to answer who told you, and if you tell somebody something improperly don't hold it against them if they tell it to me. It is so disruptive that I will trace it to its source because that is just how I feel about respecting each other.

Finally on that topic, I realize some people are talking outside the department about things in the interest of changing things they feel they cannot otherwise fix (and some just like seeing the world burn). I encourage you to work with us and not try to burn down the house to fix something you don't like. While it is a violation of policy to do such a thing and I will discipline anyone that falsely makes statements to incite division whether internal or external, I will not spend any time hunting those that want to speak outside the department. I am interested in those of you (98%) that want to have a drama free environment to work and provide the best possible service to this community. I am committing to all of you while I am here to be open, honest and work in the best interest of this Town. All I ask is that you do the same.

In closing, I want to say that I will be making some decisions eventually that some of you will not like. We have some unit cohesion issues related to scheduling. We have some structure issues related to assignments and utilization of positions. And we have some communication issues that are brought about by some or all of these conditions. And we will identify and address other issues you have shared with me. However, changes we make will not be haphazard nor will they be without thought. I ask you to give me a chance to put in place some fixes to some very specific problems you have shared with me, and to understand that there are parts of this job that is difficult and we have to suck it up and share in the misery sometimes. In return, I promise to keep informed and get your participation as much as possible. Together we will improve and already outstanding police department.

.hank you again for all you do, for your welcome of me, and for you future participation in our continuous improvement.

Sincerely,

Chief

Subject: Antifa, White Nationalist, and Domestic Terrorist Groups

Categories: Release

Sent from my iPhone

I'm pleased to announce that we will have scheduled another "Antifa, White Nationalist, and Domestic Terrorist Groups" class for February 26, 2019. Our last class in December received very good reviews and in anticipation for the RNC in Charlotte in 2020, we know there will be elements from these groups making their presence known in our area. Seating is limited at 50 for this class. Please share this information with your contacts as well.

Antifa, White Nationalist, and Domestic Terrorist Groups

February 26 @ 8:00 am - 5:00 pm

- Instructor: Rob Finch
- Date: February 26, 2019
- Location: RCCC-North, Building 400, Room 4133
- Time: 8 am – 5 pm
- Hours: 8
-

Antifa, White Nationalists and Domestic Terrorism

This one-day training will provide North Carolina law enforcement officers with an introductory overview of numerous domestic terror groups and criminally subversive subcultures which are encountered by law enforcement professionals on a daily basis. The course will provide a definition of violent extremism and focus on individuals and groups that attempt to advance social or political beliefs through force or violence and in violation of state or federal law. Domestic extremist movements covered will include white supremacists, white nationalists, black identity extremists, animal rights and eco-terrorists, anti-government and other radical separatists groups.

In addition to the previously mentioned training topics, and due to several recent highly publicized violent protests and demonstrations, a large portion of the course will focus on Antifa/Anarchists and their current method of operation around the United States. Law enforcement will be taught to recognize criminal actors and understand the goals and desires of this often violent and destructive sub-culture. Current conflicts between white nationalists and Antifa will be covered at length, including both groups' savvy use of social media and frequent violent clashes in public space.

During the full-day training, law enforcement professionals will be educated on the First Amendment and the Constitutional protections it affords to all groups discussed. At the conclusion of the course,

law enforcement will be trained to identify violent extremism and discern between criminal activity and First Amendment protected speech and actions.

Additionally, attendees will be able to:

1. Recognize and understand the numerous criminal subcultures and extremist groups living and operating in their jurisdiction.
2. Understand and predict the dynamics of encounters with the various criminal subcultures presented.
3. Complete safe, competent and thorough investigations involving various criminal subversive groups.
4. Define, explain, and train fellow officers on the tactics of various criminal subcultures and domestic extremist groups present in their jurisdictions.
5. Understand the current threat level presented by a popular and aggressive anti-police climate.
6.

Instructor Bio:

Rob Finch is a Detective in the Greensboro, North Carolina Police Department's Criminal Intelligence Unit, where he has been assigned since 2008. His daily responsibilities involve monitoring, documenting and prosecuting subversive criminal organizations and domestic terrorism subjects that include sovereign citizens/anti-government extremists, outlaw motorcycle gangs, anarchists, white supremacists, black identity extremists and animal/earth extremists. Finch has worked numerous criminal cases on the state and federal levels that have resulted in successful prosecutions of these groups. He is well versed on covert and overt surveillance techniques used during intelligence operations and has worked several large regional and national operations in multiple jurisdictions.

I wanted to say thank you to those who helped with our project this year. Some of you help with spreading the word, pick up donations or delivering the gifts. Trying to do my primary duties while filling in at a school is difficult and I would not have been able to complete this project had it not been for the help of others. In 2017 we helped 39 families and three churches. In 2018 with my current dual assignments, I initially reduced the numbers of families I planned to help down to 15. With the help of others, we were able to provide for 24 entire families in addition to 82 individual children.

Attachments: safe call now flier (002).png

Categories: Release

From: CMPD

I have been able to secure Sean Riley (the founder of Safe Call Now) and Vanessa Stapleton (Armor Up WV) to come to Charlotte to present a one day **FREE** training seminar regarding Officer Self-Care, PTSD Awareness, Suicide Prevention, and Career Survival not only for First Responders but also their spouses. I wanted to extend an invite to you all to have a few of your Officers or Sgt's attend this training if you all would be interested.
The information concerning this event is on the attached flier. If you don't mind sending it out to your officers as this is amazing training and can only benefit not only the individual officer, but their home life and the citizens they served by a more knowledgeable officer.

Let your officers know that they can simply email me spowers@cmpd.org if they wish to attend. All I will need is if they will be brining anyone w/ them, their agency email address, and a contact number

Thank you in advance

Subject: In honor of Chief John Albert Rape.

Categories: Release

Good evening,

Lt Latza contacted me this afternoon and reminded me that tomorrow will be 80 years since the murder of Huntersville Police Chief John Albert Rape.

We thought it a fitting tribute to remind everyone of the ultimate sacrifice Chief Rape gave for this town.

On January 1st 1938 Huntersville Police Chief Albert Rape lost his life. This was Huntersville's first and only line of duty death. If you are new to our Agency and not familiar with the history of the incident. Chief Rape was shot and killed while questioning a suspicious man who was standing in front of a bank on a burglary call during that early Saturday morning. A search was conducted to locate the suspect but he was never found and never identified. There is local lore and speculation but til this date still remains an HPD cold case. Chief Rape was only 34 years old at the time of his murder, and is currently buried in the Oak Grove Baptist Church Cemetery in Waxhaw NC. The ultimate sacrifice made by Chief Rape was the catalyst for our police patch we wear today. So to honor the memory of Chief Rape, employees will be allowed to wear a morning band across their badge beginning January 1st until January 8th 2019. The flags out front of police headquarters will also be flown at half-mast during that period.

HUNTERSVILLE POLICE DEPARTMENT (HPD) PATCH
<image003.jpg>

The Huntersville Police Department shoulder patch is proudly worn daily by the dedicated officers of the Huntersville Police Department. Our core values of Honor, Professionalism and Dedication are key elements of our patch and are symbolically "worn on our sleeves."

History
The Town of Huntersville was founded and incorporated in the year 1873. History tells us that it was around this time that the railroad tracks running through Huntersville were reconnected to run to Charlotte. Some time during the Civil War, the tracks had been torn up and used to make bullets for confederate soldiers. The reopening of the railway put Huntersville "back on track" to become the progressive, thriving Town it is today.

The Huntersville Police Department was first mentioned in historical documents in 1929. Today, the Department is a growing full service law enforcement agency with approximately eighty-three sworn officers. Huntersville is one of the fastest growing municipalities in the country with a current population of almost 52,000. Located 15 minutes north of Charlotte, North Carolina and adjacent to the popular Lake Norman and its 520 miles of shoreline make Huntersville a very desirable destination.

The Symbolism of Our Patch
The black background honors our colleagues who have made the ultimate sacrifice in service to their communities. Huntersville Police Chief John Albert Rape made this sacrifice while questioning a suspicious suspect on a burglary call during the early morning hours of January 1, 1938. His murder was never solved.

The white lettering represents the purity of our profession while the silver represents the well worn railroad tracks that were the backbone of historic Huntersville.

Three of the four stars represent our core values of Honor, Professionalism, and Dedication while the fourth star represents our personal accountability to live and work guided by these values.

The Huntersville Town Hall building depicted on the patch was completed in 1996 and the American flag banners are proudly displayed to honor our great country and are the enduring symbol of freedom and liberty.

Finally, the navy blue signifies the traditional color of municipal police and is symbolic of the "thin blue line."

Thanks again to Lt. Latza for keeping Chief Rape's memory alive.

Subject: Rabies alert

A rabies notification will be sent out to the residents in the McAuley Road, Huntersville--28078, neighborhood tonight at 6pm due to a RACCOON testing Positive for Rabies. The RACCOON attacked a dog and was killed by the dogs owners. There is 1 domesticated DOG exposure and 2 HUMAN exposures to the raccoon and 1 additional HUMAN exposure to the attacked dog. The canine was current on its Rabies vaccine. The canine was given a Rabies booster within the 96 hour time frame. The two dogs owners who killed the raccoon, and the an additional owner of the dog have received a recommendation from the health department to be evaluated at a local hospital emergency room for Rabies PEP. I am requesting that Bryan Harkey and Melissa Knicely with Animal Care and Control work with our local News outlets in releasing this alert to the community. Leo Caplanides with Public Information for Mecklenburg County will work The Nextdoor neighborhood website.

Subject: Juvenile Justice Reinvestment Act
Attachments: H280v1.pdf

Categories: Release

I have recently heard several discussions about the changes in age requirements for arrests. Below is a very very simplified summary. A copy of the statute itself is attached. The full summary sent out by the UNC School of Government can be found at this link:

https://nccriminallaw.sog.unc.edu/raise-age-now-law-north-carolina/

The Juvenile Justice Reinvestment Act

The *Juvenile Justice Reinvestment Act* largely adopts the recommendations of the NCCALJ's juvenile reinvestment report, with some exceptions. The Act increases the age of juvenile court jurisdiction to include all crimes and infractions committed by 16 and 17-year-olds, excluding motor vehicle offenses, and requires the automatic transfer to adult court of 16 and 17-year-olds who commit Class A-G felonies. Numerous other changes address victims' rights, disclosure of information to law enforcement, juvenile records, and juvenile gang activity. Although the age increase is not effective until December 1, 2019, parts of the Act were immediately effective on July 1, 2017, when the Act became law, and other parts will become effective on October 1, 2017. Here are some of the highlights. (A more detailed summary is available here)

- **Effective December 1, 2019, and applicable to offenses committed on or after that date:**

Juvenile Age Increase

A "delinquent juvenile," as defined by G.S. 7B-1501(7), will include 16 and 17-year-olds who commit crimes or infractions, "excluding violation of the motor vehicle laws," or indirect contempt by a juvenile. Thus, 16 and 17-year-olds will continue to be prosecuted in adult court for traffic offenses. Also, under amended G.S. 7B-1604, once a juvenile has been convicted of *any* offense in either district or superior court, "including a violation of the motor vehicle laws," the juvenile must be prosecuted as an adult for all subsequent offenses. This means that teens who already have an adult conviction when raise the age becomes effective will not be included.

Although the Act does not define which motor vehicle offenses trigger the exclusion from juvenile court jurisdiction, it appears that it applies to offenses defined by the Motor Vehicle Act (*i.e.*, Chapter 20 of the General Statutes). It is less clear whether other motor vehicle offenses, such as unauthorized use of a motor vehicle (G.S. 14-72.2) or breaking and entering a motor vehicle (G.S. 14-56), would also trigger the exclusion. Presumably, a teenager with a prior conviction for speeding might be excluded from juvenile court jurisdiction while the exclusion might not apply to a teenager with a prior conviction for a non-Chapter 20 motor vehicle offense.

Subject: [MARKETING] ALS is not a joke

Categories: Release

ALS Greater New York Chapter ASSOCIATION

Tom,

My dad, Frank X. Donovan, loved to tell jokes. He didn't tell one-liners, he told long, drawn-out stories that we heard over and over again. As kids, impatient for the punchline, my siblings and I would interrupt and ruin his delivery. Other times, we'd set up an unsuspecting stranger to sit through the joke in its entirety.

My dad loved to tell a joke. That changed when he was diagnosed with ALS in 1993.

Fifteen weeks after his diagnosis, my dad sadly passed away. As his caregiver, daughter, and biggest fan – my life changed forever.

ALS is not a joke.

e following year I helped found the **The ALS Association Greater New York Chapter**. Over the past two decades, I have helped fight ALS on all fronts, and I have learned that we are never

alone in this fight.

a Nurse, I work with a remarkable team of clinicians who provide state-of-the-art care at our six-multidisciplinary clinics, empowering and enhancing the quality of life for each patient.

As a Staff Member, I have seen the Chapter's team and programs grow to ensure comprehensive care and support for people with ALS and their families.

As a Walker, I remember the very first Walk to Defeat ALS in our region. Today, more than 15,000 Walkers participate annually in the seven Walks that encompass our area, each bringing awareness and hope to our community.

As an Advocate, I am encouraged by our ALS champions at both the federal and state level who have advanced our cause, passing key legislation and allocating crucial funds for local patient care.

a Daughter, I have seen progress, but in honor of my father, I will not rest until a cure is found.

We all play a crucial role in the fight against ALS. By making a gift to The Greater New York Chapter, you are ensuring that patients and their families dealing with this disease right now receive the highest quality of care, while leaving no stone left unturned in the search for treatments and a cure.

Donate

Sincerely,

Theresa Imperato

Subject: Traffic Alert - Catawba Avenue Road Closure

Categories: Release

Please click here to acknowledge receipt of this message

On Thursday, December 20, crews will be working to remove a large tree that has died and become a hazard. The tree is located across from the Public Library in Downtown Cornelius. The tree removal crew will have to set up a crane on the road to safely bring the tree down and move it piece-by-piece to an area where it can be processed. For this reason, one lane will be closed from 9am-4pm and both lanes will be closed intermittently as they move the tree across the road. Washam Street will be closed from Catawba Avenue to just south of the library entrance. The library can be accessed using Pine Street to Washam Street. There will be Cornelius Police Officers on-site to direct traffic. Though Catawba will not be impassable, the detour along Church Street, Pine Street, and Beard Street may help travelers to move through the area faster. Washam Potts will also be an option to move through Cornelius quicker. Please be patient with officers and the crew as they work to safely remove this tree and get cars through the area.

This email has been sent to you from CharMeck Alerts, the Emergency Notification System for Mecklenburg County.

Subject: Christmas Morning

Categories: Release

Good afternoon. I realize that some people might not have family nearby or in the state to spend Christmas morning with. That being said, anyone interested is very welcome at my house Christmas morning. We are family here and everyone should be with family during the holidays. I can promise good coffee and endless entertainment from my 3 kiddos. I may even be coaxed into making a killer breakfast. Merry Christmas!

Subject: Thank you HPD! Vermillion Event

Sgt. Habenicht, on behalf of our families/community, I cannot express enough our appreciation for your help in making our Vermillion event a huge success. I don't think you could have sent 2 better Officers to our event. They were the perfect selection for the perfect night. Officer Cox and Officer Diaz were freaking awesome and frankly...I don't think it would have been the same without them. The Officers brought the professionalism, but most important, the Christmas Spirit to the neighborhood. I attached some photos, which can't adequately capture the real feeling of the night. There were many hugs, high fives and celebration to go around. We hope we can do this next year again and hope Officers Diaz and Cox are the Officers that return. The Officers were Rock Stars last night and made Matt Brink and myself heroes in the neighborhood. I cannot thank you and the HPD enough....just awesome! Merry Christmas SGT.

Officers Cox/Diaz, thanks so much. Matt's and my cell phones have been blowing up with text messages from families thanking us and the HPD. You made the event a success. You showed the last house the same energy/spirit as the first house. We appreciate the enthusiasm and your bonding with each family. Officer Diaz, sorry I don't have a lot of pictures of you. These are just some photos from someone that was riding with Officer Cox. We got very lucky with you guys being assigned and blessed to have you a part of our event. Merry Christmas fellas.

Hello, my name is Kathy Jones and I'm president of the Olde Huntersville Historic Society. Dan Boone gave me your email addresses in hopes that you will share our pictures from last Saturday's sneak peek for town officials and HPD of the old Huntersville jail on your social media sites. (I'm sending a 2nd email with the rest of the pics because I couldn't get them all on this one.)

I've also added the blurb that we put out to notify the public of our grand opening during Hello Huntersville. Any exposure you can give us would be greatly appreciated and we look forward to more HPD officers stopping by and checking out the jail!

Kathy Jones

PS: I would like to request so really cool hashtags when you post. I live for your hashtags, lol! Someone has an awesome sense of humor.

After almost 5 years OHHS is happy to announce the old jail is ready for its long awaited debut to the public. The GRAND OPENING will be during the Hello Huntersville Festival, May 5, 2:00-6:00pm. This year the festival is being held at Veterans Memorial Park, just 1/2 block from the jail (301 Huntersville-Concord Rd.) Please take a short walk over and take a tour.

The jail is the oldest standing municipal building in Huntersville and is representative of our town in the 1930s. Most people are unaware of this historical treasure and we're very excited to have the opportunity to share the property with everyone. We look forward to seeing y'all soon!

** We'll have a special surprise on loan from CMPD. You'll definitely want to see it!

Hello, my name is Kathy Jones and I'm president of the Olde Huntersville Historic Society. Dan Boone gave me your email addresses in hopes that you will share our pictures from last Saturday's sneak peek for town officials and HPD of the old Huntersville jail on your social media sites. (I'm sending a 2nd email with the rest of the pics because I couldn't get them all on this one.)

I've also added the blurb that we put out to notify the public of our grand opening during Hello Huntersville. Any exposure you can give us would be greatly appreciated and we look forward to more HPD officers stopping by and checking out the jail!

Kathy Jones

PS: I would like to request so really cool hashtags when you post. I live for your hashtags, lol! Someone has an awesome sense of humor.

After almost 5 years OHHS is happy to announce the old jail is ready for its long awaited debut to the public. The GRAND OPENING will be during the Hello Huntersville Festival, May 5, 2:00-6:00pm. This year the festival is being held at Veterans Memorial Park, just 1/2 block from the jail (301 Huntersville-Concord Rd.) Please take a short walk over and take a tour.

The jail is the oldest standing municipal building in Huntersville and is representative of our town in the 1930s. Most people are unaware of this historical treasure and we're very excited to have the opportunity to share the property with everyone. We look forward to seeing y'all soon!

** We'll have a special surprise on loan from CMPD. You'll definitely want to see it!

[redacted] at [redacted] has requested officers zone check the area of his residence more often. On the evening of Saturday April 20, 2019 he and his wife left the residence to go eat at La Unica. Upon their arrival home [redacted] found a brick from his flower bed lying on the concrete in front of his garage door. [redacted] stated that he has shatterproof glass all the way around the house so if someone attempted to break in they were unsuccessful. If in the area please be on the lookout for any suspicious activity or persons. Thanks!

Subject: The 2019 Police Challenge

Hello!

I hope this email finds you well. My name is Officer Blake Page and I work for the **Charlotte-Mecklenburg Police Department**'s Public Affairs Office. A few weeks back, I either spoke with you or someone from your agency while I was creating a contact list to better collaborate with the agencies surrounding ours. I briefly mentioned an event we are holding during Police Week to honor the officers who made the ultimate sacrifice during 2018, and I have included the information about this event below. We'd love to have representatives from your agency participate; I feel it would be a great opportunity for our officers to get to know our extended family.

May 13, 2019

THE CHALLENGE

HONORING THE FALLEN

What it is:

On Monday, May 13, 2019 the Charlotte-Mecklenburg Police Department will be holding its 3rd annual race honoring the 150 men and women who lost their lives in the line of duty during 2018. **The 2019 Police Challenge** consists of four-person teams which traverse a near three-mile course consisting of 12 different stations. At each station, team members will share 150 repetitions of the prescribed exercise before running to the next station. There is no cost to participate and each participant will receive a ***free t-shirt.***

How to Participate:

Once you have your team of four, register your team here at no cost. If you're having a hard time finding a team to run with, send an email to wellness@charlottenc.gov and we'll find a team for you. The 2019 Police Challenge starts at 9:00am on May 13, 2019 and will begin and end at the CMPD's Police Headquarters (601 East Trade Street, Charlotte, NC 28202).

May 8th is National Bike To School Day. In the past we have assisted with escorting students and their parents from the Birkdale, McAuley and Wynfield neighborhoods to Grand Oak Elementary School. This year Torrence Creek Elementary is also participating and we are going to assist them as well if possible.

Raymond, Yates and Hicks: Will you be able to report to work at 0700 to assist with the escorts? Please let me know ASAP.

As the date gets nearer we will coordinate specific assignments. We will also be reaching out to certified bicycle officers for assistance.

Thank you,

Nicky B

It's time for the first quarter TIM Team Meeting. Happy New Year, let's get started, with some ideas.. Come ready to engage, ask questions, and make a difference, in making our roads safer around the region. One of our goals is to also work better together as emergency responders, building on communications, resources, and knowledge of what each of our agencies responsibilities are at incidents, so that we can quickly and professionally serve the people of our area and those passing though our state. If you would like to give a brief presentation in relations to any of the aforementioned, or of previous incidents or situations, please let me know, so that you can be added to the agenda.

We ask that you RSVP to let us know if you will be able to attend. The meeting will be held on Monday, March 25, starting at 10am, and will be held at The I77 Mobility Partners Facility, located at the corner of Harris Blvd and I-485 Inner. The meeting will conclude by noon.
We hope to see you there.

Thank You,

Carolyn Logan

NCDOT, Regional Incident Management Coordinator

980-939-3535

Subject: Attempt to Identify

On 04/07/2019 I responded to a larceny call at [redacted] located at [redacted] Huntersville, NC 28078. Two Hispanic females and one Hispanic male had distracted the victim and took her wallet from her purse that was in her buggy. One female was wearing jeans and a white sweater, second female was wearing jeans and a black floral jacket. The Hispanic male was wearing a dark colored baseball hat and a dark colored shirt with jeans. These individuals went into [redacted] located in Northlake and used the victim's cards.
I have attached pictures of the individuals to this email.

If you are able to identify any of these individuals, please let me know.

Thank you,

Officer J. Smith

Categories: Release

All,

I went out to [redacted] Road yesterday in reference to damaged property in an open field. The field, which is located in the center of the neighborhood currently under development, was torn up as a result of the individuals doing doughnuts and causing tire marks all throughout. The victim, Mr. [redacted] advised that an irrigation system had recently been installed, and if damaged, would cost him approximately $7,000. The plan is to develop this field into a community park area once the neighborhood is complete.

With there being similar incidents recently, I just wanted to give everyone a heads up about this location. For units in the 12, the victim advised that it has happened four times now and the suspects come between Friday night and Sunday night every time. Mr. [redacted] is working on getting a wireless camera system put in and in the meantime, stated that he would greatly appreciate zone checks on the weekends if possible.

Thanks,

Officer Evan Tortorelli HP282

We emailed briefly before Christmas when you were busy with holiday for needy families, but if you are still interested we are ready to do some training for security at our church. Would you or others be available on a Sunday early afternoon for presenting Active Shooter or other discussion to help us put a plan in place. Our thoughts were that we might get more people to participate if it followed church and quick lunch to keep people there rather than asking them to come on an evening or Saturday.

Let me know your thoughts and if that is not doable for you we can work out another plan.

Thanks
Cathy

I am still covering two positions right now and will be starting our CPA soon. Let me see if I can get another officer to help with this. If I can't I will definitely reach back out to you and get something set up.

Tim, can I get your help with this?

Subject: Huntersville Methodist Security

We emailed briefly before Christmas when you were busy with holiday for needy families, but if you are still interested we are ready to do some training for security at our church. Would you or others be available on a Sunday early afternoon for presenting Active Shooter or other discussion to help us put a plan in place. Our thoughts were that we might get more people to participate if it followed church and quick lunch to keep people there rather than asking them to come on an evening or Saturday.

Let me know your thoughts and if that is not doable for you we can work out another plan.

Thanks
Cathy

Sent: Monday, April 1, 2019 10:17 AM
To: HPD Sworn <HPDSworn@huntersville.org>
Subject: Firearms Qualifications

Good morning HPD. Over the past two classes, we have only had 9 officers attend the mandatory firearms training. Currently we have 4-5 out of 15 potential spots tomorrow April 2nd. This will leave us with only 5 remaining firearms dates for the remainder of the year and only 70 slots. With all the changes and requirements of the State we **cannot** allow for more than 15 officers each date, as the session will run way too late especially as we move into the summer months. With the addition of night quals for all lethal options we cannot accomplish this indoors and need the outside spacing to meet the yardage requirements. Last week with minimal attendance we were at the range until 2130hrs. We cannot stress enough the importance of signing up for a range date and attending. Here are the range dates for the remainder of 2019, please sign up in Vista, since once a class is full we will be unable to make concessions in class size. Thank you for your immediate attention in this matter.

Tom,
Brian Richards in the planning dept. is my contact for maps and such. He would probably be able to get you a list of subdivisions. If not, he would know who you need to speak with in planning to get the list.

BrianR@huntersville.org

Lt. A. R. Burnette, Technical Services Division
Huntersville Police Department

I sent you what I had before from the 13. But it is probably outdated, at least it is a start. Did you want me to have my folks from the 14 start this as well?

You are invited. Please bring a police vehicle or unique operations or SWAT vehicle for the public to see. Last year we had well over 1,000 people visit. Please advise if you can support this event. I will send further information as we move closer to April 27. We plan to entertain at the new driving pad location next to our campus at the end of Verhoeff Drive.

Hi, thanks for reaching out. I attached Gavin Albury from the Boy Scouts and Aaron Means from 100 Black Men that I partnered with on the Adopt a Highway and community clean up events. I also attached Sheriff McFadden for you to see if the Sheriff's Office will still be participating in these events.

Speak to you soon,

Tom

Tom,

Can you send me a contact for the Sheriff's Office regarding reporting for the Governor's Highway Safety Program? The MCSO has not reported in the last four campaigns. As you know reporting accumulates credits that can be traded in October for equipment related to traffic safety. We really want the MCSO to continue participating in this program so any help you can provide is appreciated!

Thank you,

Nick

Subject: Testing of Electronic Signs Begins on I-77 Express

***** TRAFFIC ADVISORY *****

TESTING OF ELECTRONIC SIGNS BEGINS ON I-77 EXPRESS

Charlotte, N.C. (March 22, 2019) – Testing of electronic signs on I-77 between I-485 and Mooresville will begin the week of March 25. Motorists will see the digital message signs on the right-hand side of the road with rotating messages that read “EXPRESS LANES ARE CLOSED” and “TEST.”

The toll signs above I-77 Express will also be tested. The toll signs will display numbers to conduct this testing. Drivers may also see test-related vehicles in I-77 Express as this testing is occurring. Each entrance onto I-77 Express will continue to be closed and blocked as the lanes are not in service during this testing period.

I-77 Express will open in sections, with the northern portion between Hambright Road in Huntersville and Exit 36 in Mooresville slated to open soon. When the northern section of the project opens, customers will receive a 25 percent promotional rate off tolls until the entire roadway opens.
To receive traffic advisory information and the latest information on the project, we encourage people to sign up for our e-newsletters: https://www.i77express.com/about-us/contact-us/

You can also follow us on social media at:
I-77 Mobility Partners on Facebook I-77 Express
I-77 Mobility Partners on Twitter @I77Express

I-77 Express runs adjacent to the existing general purpose lanes. The number of general purpose lanes will remain the same as today. Drivers will have the choice of using the express lanes to avoid travel delays, the general purpose lanes or a combination of both.

I'm currently doing tow different rolls right now and Tom is taking care of our end.

Tom,
I have a small table cloth and table, if you want a bigger one, you may want to use Jen's table cloth and Pippa's table set up. Can you let all of us know what you would prefer?

Hi Jessica –

That is too bad, did they say why they were dropping out?

My contact at the Sheriff's office is Tonya Rivens - Tonya.Rivens@mecklenburgcountync.gov She hasn't been very responsive though. I've got some meetings this morning but will send over a site map and info later this afternoon.

Bill & Brad – do you both want a table and chairs set up for your staff?

Thanks,

Pippa Brown

Jessica,

Historically we've done poorly on advanced sign-ups but very well on day-of donations. I also noticed that the Sheriff's Department and Medic are not copied on this email. Should we include them? They're still coming, right?

Hello all I recently took a report for stolen motor vehicle and a number of LFA's [redacted] yesterday. It is believed that the still shot of the sedan is my stolen vehicle last seen at [redacted] that morning. The van in question was with the stolen vehicle as well as this subject seen in red. This subject was driving the van and possibly dropped my stolen vehicles keys while at the pump (stolen vehicle was push to start). If you have any idea on who this may be, please let me know.

Subject: Pottstown and East Huntersville Want to Revive Their Neighborhood Watch

Good Evening Sgt. Libby,

My name is Betty Caldwell, but you may call me, Bee Jay Caldwell.

Last week I called the HPD to speak with the individual in charge of the Neighborhood Watch Program and was given your name, extension number and e-mail address. I did leave a message. Since there has been no response from you, I thought an e-mail would be the next step. Thus here is the e-mail and my address is: jbeecee70@aol.com.

From the info I have been given, there are materials that could be obtained from your office to help inform the residents of the current Neighborhood Watch Program. Our Pottstown and East Huntersville communities are in dire need of an update. Since I am not aware of what that entails, please share with my community all that we need to do to be relevant.

A community meeting to inform the neighbors is scheduled for:

Tuesday, March 19, 2019
at the Torrence-Lytle Center on Dellwood Drive in Huntersville.
Time: 7 PM

In case you wish to contact me via phone, my home number is 704.875.0367. Thank you in advance for your assistance.

Subject: Pottstown and East Huntersville Want to Revive Their Neighborhood Watch

Good Evening Sgt. Libby,

My name is Betty Caldwell, but you may call me, Bee Jay Caldwell.

Last week I called the HPD to speak with the individual in charge of the Neighborhood Watch Program and was given your name, extension number and e-mail address. I did leave a message. Since there has been no response from you, I thought an e-mail would be the next step. Thus here is the e-mail and my address is: jbeecee70@aol.com.

From the info I have been given, there are materials that could be obtained from your office to help inform the residents of the current Neighborhood Watch Program. Our Pottstown and East Huntersville communities are in dire need of an update. Since I am not aware of what that entails, please share with my community all that we need to do to be relevant.

A community meeting to inform the neighbors is scheduled for:

Tuesday, March 19, 2019
at the Torrence-Lytle Center on Dellwood Drive in Huntersville.
Time: 7 PM

In case you wish to contact me via phone, my home number is 704.875.0367. Thank you in advance for your assistance.

Janet Pierson

WARNING: This email originated from outside of Atrium Health (cglogan1@ncdot.gov).

Do not click links or open attachments unless you recognize the sender and are expecting the message.

It's time for the first quarter TIM Team Meeting. Happy New Year, let's get started, with some ideas.. Come ready to engage, ask questions, and make a difference, in making our roads safer around the region. One of our goals is to also work better together as emergency responders, building on communications, resources, and knowledge of what each of our agencies responsibilities are at incidents, so that we can quickly and professionally serve the people of our area and those passing though our state. If you would like to give a brief presentation in relations to any of the aforementioned, or of previous incidents or situations, please let me know, so that you can be added to the agenda.

We ask that you RSVP to let us know if you will be able to attend. The meeting will be held on Monday, March 25, starting at 10am, and will be held at The I77 Mobility Partners Facility, located at the corner of Harris Blvd and I-485 Inner. The meeting will conclude by noon. We hope to see you there.

Thank You,

Carolyn Logan

WARNING: This email originated from outside of Atrium Health (cglogan1@ncdot.gov).

Do not click links or open attachments unless you recognize the sender and are expecting the message.

It's time for the first quarter TIM Team Meeting. Happy New Year, let's get started, with some ideas.. Come ready to engage, ask questions, and make a difference, in making our roads safer around the region. One of our goals is to also work better together as emergency responders, building on communications, resources, and knowledge of what each of our agencies responsibilities are at incidents, so that we can quickly and professionally serve the people of our area and those passing though our state. If you would like to give a brief presentation in relations to any of the aforementioned, or of previous incidents or situations, please let me know, so that you can be added to the agenda.

We ask that you RSVP to let us know if you will be able to attend. The meeting will be held on Monday, March 25, starting at 10am, and will be held at The I77 Mobility Partners Facility, located at the corner of Harris Blvd and I-485 Inner. The meeting will conclude by noon. We hope to see you there.

Thank You,

Carolyn Logan

Subject: Sexual Assault Response Educational Opportunities

Categories: Release

April isn't far away, and is officially recognized as ***Sexual Assault Awareness Month***. In an effort to make our responses more efficient and trauma informed, I have included two educational opportunities for your viewing pleasure. The first is a webinar called "**Building Trauma Informed Police Responses In Your Agency**." It is completely free, if interested just click on the link and register. The webinar is to be held on Monday March 18th from 1-2 PM; however, even if you are unable to attend at the time of the live webinar, if you register you should be allowed to go back and review what was discussed. This is extremely applicable to PATROL RESPONSES, so if you have time I encourage you to sign up!

https://www.acesconnection.com/event/building-trauma-informed-police-responses-in-your-agency-training-and-tools

The second opportunity is a Medical Journal labeled "**Understanding the Neurobiology of Trauma and Implications for Interviewing Victims.**" Again, this is extremely applicable to PATROL RESPONSES, since you are the initial receiver of the victim's statement and the first to respond to the scene. This is available to you at any time via the website below.

https://www.evawintl.org/Library/DocumentLibraryHandler.ashx?id=842

These are both great opportunities to learn more about sexual assault trauma, and our responses to the victim and situation. Let me know if you have any questions.

Respectfully,

Good Afternoon All,
As you know, we are upgrading to a new property and evidence management system. I've trained many of you, but not all, and am offering some BEAST training this Thursday and Friday (14th and 15th) at 1600 hrs. Training is mandatory as Property Control will not be accepting property and evidence unless it is submitted via the BEAST. Please attend one of these brief 30 minute trainings if you have not already done so.

If you have any questions, please let me know and I'll be happy to help!

Thanks,

Hello, would it be possible to get some sort of hi-vis traffic sign placed on the medium at NC 73 (Sam Furr Rd.) at Lindholm Dr.? I have worked several crashes at this location already, and when I have monitored the traffic at this location I continue to see individuals drive across the medium in the roadway.

Thanks,

[redacted] (Cell)
mbrunson@huntersville.org

Subject: CMPD Sexual Assault Awareness Event

It's time for our 4th Annual Sexual Assault Awareness, Education, and Prevention Event.

The movement to stop and end sexual violence worldwide will rely on individuals to make the choice to do something and get involved. In most incidents, rapes are often not reported out of fear, blame, and shame. We ask that you make the choice to change the conversation about sexual assault. Support a survivor and the prevention of sexual violence by showing support that you stand up against sexual assault violence of any kind.

April is Sexual Assault Awareness Month, so please come out and support the CMPD Sexual Assault Zumbathon event as we bring awareness, education, and prevention to our community.

Event will be held on Saturday, April 6, 2019
Greenville Recreation Center
1330 Spring St, Charlotte 28206
Registration starts at 9AM, & events begin at 10AM.
Please come out wearing teal to support this worthy cause.

Don't Be Silent.

Be Heard. Be Seen. Be Fit.

Please pass the event information and flier on to your networks.

Sgt. Bruining

Hello, would it be possible to get some sort of hi-vis traffic sign placed on the medium at NC 73 (Sam Furr Rd.) at Lindholm Dr.? I have worked several crashes at this location already, and when I have monitored the traffic at this location I continue to see individuals drive across the medium in the roadway.

Thanks,

Tom

Hello everyone,

I just wanted to let you know that my last day with CBCC is this Friday. I loved working at CBCC and believe in the mission. I will continue to support them through donating and possibly sponsoring my own blood drive one day. I wanted to let you know that Karen Rodriguez will be attending the meeting that we have scheduled for November 28th at Panera's. She will be handling your blood drive until they find my replacement. Karen's contact number is 704-972-4729.

I wish you all the best!

Thanks,

Stacey

Oceanside. I'm trying to figure out why your name seems so familiar. Any chance that you were on the force (Nassau PD) and knew my brother Peter Timmes? Maybe I'm just getting old and my brain is starting to make things up. In any case, good to make the acquaintance of another NY transplant - here's to the higher temps and the lower cost of living.

FYI... next Thursday night I'll be meeting with them in reference to a house of warship safety presentation.

Let me know if you have any questions or need anymore information.

Thanks,

Tom

We emailed briefly before Christmas when you were busy with holiday for needy families, but if you are still interested we are ready to do some training for security at our church. Would you or others be available on a Sunday early afternoon for presenting Active Shooter or other discussion to help us put a plan in place. Our thoughts were that we might get more people to participate if it followed church and quick lunch to keep people there rather than asking them to come on an evening or Saturday.

Let me know your thoughts and if that is not doable for you we can work out another plan.

Thanks
Cathy

I have several questions regarding HPD's Crime Statistics Reporting and Community Policing programs.

Is there a convenient time for you in the near future that we can meet at the Birkdale Clubhouse or at the HPD substation in Birkdale to discuss? The meeting would be no more that 15-20 minutes. I have included my contact information below.

Thank you,

Jeep Brown

Lt.

Is this something you would like for me to continue doing? From a community engagement perspective it would be a benefit to the the Town of Huntersville. I organized several community clean up projects with the Boy and Girl Scouts , shred it events, and pill collection/ medicine drop days within Mecklenburg County. We could focus these events to the Town of Huntersville and the North end of the county.

I also partnered with the North Mecklenburg high school cosmetology program in conjunction with the Recycle the Runway event that takes place at NorthCross Mall in April.

Let me know if this is something you want us to be a part of.

Thanks,

Tom

Hi Tom,

Hope you are doing well. I am writing to invite you to rejoin the Keep Mecklenburg Beautiful Board. You've been a valued KMB Board member for a number of years, and the Board would be honored to have you return as a representative of the Huntersville Police Department. Thank you for your time and consideration on this.

Best Regards,

We emailed briefly before Christmas when you were busy with holiday for needy families, but if you are still interested we are ready to do some training for security at our church. Would you or others be available on a Sunday early afternoon for presenting Active Shooter or other discussion to help us put a plan in place. Our thoughts were that we might get more people to participate if it followed church and quick lunch to keep people there rather than asking them to come on an evening or Saturday.

Let me know your thoughts and if that is not doable for you we can work out another plan.

Thanks
Cathy

Good Morning,

Thank you for attending our Birkdale Greens Community Meeting earlier this month. Following the meeting the HOA established a Safety Committee to act as a liaison between our community and the Huntersville and Corneilus Police Departments.

I have several questions regarding HPD's Crime Statistics Reporting and Community Policing programs.

Is there a convenient time for you in the near future that we can meet at the Birkdale Clubhouse or at the HPD substation in Birkdale to discuss? The meeting would be no more that 15-20 minutes. I have included my contact information below.

Thank you,

Sgt. Dunker

Per our conversation, the benefits from being a part of this committee are vast. The main benefit I believe would be the experience and knowledge that we would have available to us cutting edge safety topics and training. If we needed to have training performed on a specific safety topic we can use the members of this committee as a resource to assist us in finding a speaker. Many of these individuals work for corporations in our community and if we need resources to hold a safety event or

a community engagement event we can reach out to this group for assistance as well. I submitted the agenda to Lt. Cousar for the upcoming conference for your review as well.

Thanks,

Tom

Sgt. Dunker

Per our conversation, the benefits from being a part of this committee are vast. The main benefit I believe would be the experience and knowledge that we would have available to us cutting edge safety topics and training. If we needed to have training performed on a specific safety topic we can use the members of this committee as a resource to assist us in finding a speaker. Many of these individuals work for corporations in our community and if we need resources to hold a safety event or a community engagement event we can reach out to this group for assistance as well. I submitted the agenda to Lt. Cousar for the upcoming conference for your review as well.

Thanks,

Tom

Subject: Traffic Complaints

Categories: Release

All,

The Traffic Safety Division is changing the way traffic complaints are received and handled. We would like each and every officer and civilian to be able to take the citizen complaint and forward the information to Lieutenant Dempski or myself via email. The type of information that we need to get from the citizen is: the type of traffic issue (speeding, stop signs), the location of the issue (please be specific to include the street name), the date and times the issue is occurring and the name and contact number of the citizen who is making the complaint (we need to be able to contact them).

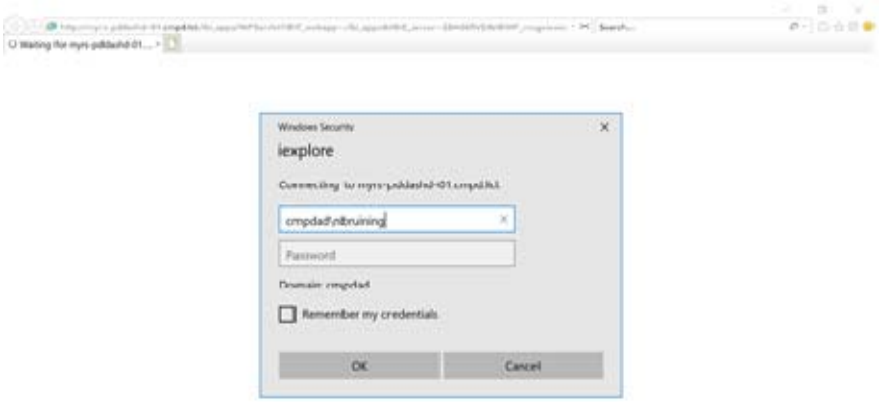
Once the traffic complaint information is obtained the traffic complaint will be added to the already existing "Zone Check" list accessible through CAD. When a traffic complaint is entered into CAD it will remain on the zone check list for **two weeks**. After two weeks, the traffic complaint will automatically come off the active list. This does not mean the same traffic complaint cannot be added to the list at a later date and time if the problem still exists or arises again.

When an officer is working in a traffic complaint area, please check out on "Traffic Unit Activity" numbers in CAD and enter notes describing any and all actions taken (i.e. 4 written warnings for stop sign violations). *Traffic Unit Activity* has been added to CAD as a Subtype under Event Type *Huntersville PD*. For tracking purposes it is important the officer use the same address listed for the traffic complaint address on the zone check list. This will allow supervisors to track the data and progress on each traffic complaint. Traffic Officers will continue to work in complaint areas, however as of right now there are 10 active traffic complaints and any help from other officers would be greatly appreciated to address these neighborhood traffic complaints.

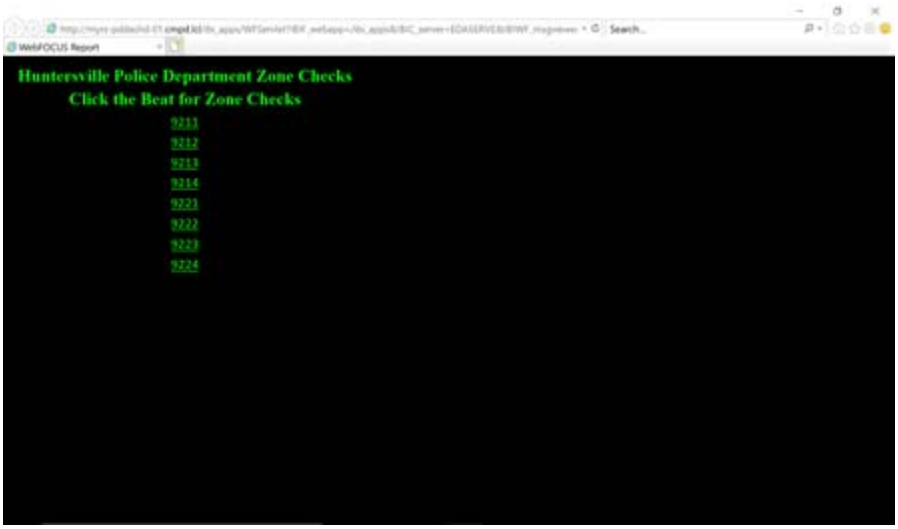
If any officers are having trouble accessing the zone check list please follow the steps below:
Click on Huntersville Zone Checks:

Enter username and password:

Username must start with [redacted]
Password is the same as [redacted]



Select zone:



Traffic complaints will be entered similarly to zone checks:

Thank you in advance and if anyone has questions or concerns please let me know,

Nick

Subject: Huntersville Methodist Security

We emailed briefly before Christmas when you were busy with holiday for needy families, but if you are still interested we are ready to do some training for security at our church. Would you or others be available on a Sunday early afternoon for presenting Active Shooter or other discussion to help us put a plan in place. Our thoughts were that we might get more people to participate if it followed church and quick lunch to keep people there rather than asking them to come on an evening or Saturday.

Let me know your thoughts and if that is not doable for you we can work out another plan.

Thanks
Cathy

Subject: Community Invited to Meet with Police Chief Penny Dunn on February 25

Categories: Release

"I want to take the time to ask how you think the Police Department is doing," said Chief Dunn. "What are we doing right? What can we do better?"

The opportunity to engage with Davidson Police staff happens throughout the year at various events, such as Town Day, Custard with a Cop, or National Night Out. Chief Dunn hopes a meeting without activities or an agenda will allow her to get the feedback needed to improve relations and performance of the organization. "We all believe we are doing a good job, but feedback from the community we serve ensures we are continuing to meet needs, get fresh ideas, and stay connected," said Chief Dunn.

Odette

Here is an event for a FB post. We attended the Greens at Birkdale HOA meeting last night. Discussed the crime statistics for 2018, how to sign up for the HPD Zone check list, Identity Fraud crimes, and speeding concerns in the neighborhood.

Let me know if you have any questions.

Tom

Subject: Great meeting last night

Izzy and all,

Compliments for a well attended, informative and good spirited meeting last night.
I have been to many of those, (in different neighborhoods) and this was the best one.
Tom Seifert kept it serious, but funny. Izzy rolled through everything with ease and humor and non-judgmental. It is what it is. You don't like it....join a committee.

I will miss you guys :-) and thanks for the gift certificate.

Be on the outlook for one more newsletter.
Thanks again for a job well done!!

Ineke Wilson

Subject: 2019 Firearms Training Dates

Categories: Release

To all:

2019 has brought some significant changes to Firearms qualifications by the Training and Standards. Some of these include day and night shotgun, day and night pistol, day and night combat (shoot/don't shoot), lowlight use with qualifying. This year we are bringing back a full range day, at the outdoor range, where we can include the classroom, range, along with the day and night qualification requirements. When attending there will not be a formal dinner break, it will be an eat on the fly day. If someone at each session wants to coordinate grilling/meals, the grill can be brought up.

The days are limited to 15 attendees each. You MUST sign up in Vista and have been approved by your supervisor to attend. When you sign up in Vista please let your supervisor know via email that they need to approve your attendance. This is not flexible as there is specific equipment, including ammo, that will be brought based on class sizes. If there are any questions please let me know.

Session 1	3/05/19	1200-2000
Session 2	3/26/19	1400-2200
Session 3	4/02/19	1400-2200
Session 4	4/09/19	1400-2200
Session 5	6/04/19	1400-2200
Session 6	6/11/19	1400-2200
Session 7	9/03/19	1400-2200
Session 8	9/24/19	1400-2200

Subject: CMPD Applications unavailable during City I&T's Firewall Consolidation – Sunday, Feb 10th from 0300 - 0900 – PLEASE READ!

Categories: Release

The Firewall Consolidation will affect our systems that we access through the City of Charlotte. The below listed applications will be down Sunday morning beginning at 0300. I will begin testing as soon as the cutover is complete Sunday morning and will let you know when they are available. I expect that officers will have to completely reboot their machines so they have a "fresh" connection to the City. As we progress through the cutover, I will be in contact with the On-Duty Sgts. Please wait for the ok before you attempt to log back into the system

The following will be **unavailable during the firewall consolidation** on SUNDAY from 0300- 0900. There may be other applications impacted during this firewall consolidation. We don't expect the firewall consolidation to last the entire timeframe and we will advise when CMPD applications are available.

- DCI
- KBCOPS
- Public Access to Crime Reports- Since KBCOPS will be unavailable, the delivery of public reports to LexisNexis web site will be delayed. Reports will resume when work is complete. **Reports approved prior to the system being unavailable will still be available to citizens during this time.**
- Pawn Tracker
- Arrest Processing
- Offender Management System
- MugSearch
- MCCJIS Web

Subject: Several CMPD Applications unavailable during City I&T's Firewall Consolidation – Sunday, Feb 10th from 0300 - 0900 – PLEASE READ!

City I&T will be performing a firewall consolidation on Sunday, February 10th from 0300 – 0900 and several CMPD applications will be unavailable.

We will verify that no major operational activities are in progress prior to beginning the firewall consolidation.

The following will be **available** on SUNDAY from 0300- O900 during the firewall consolidation:

- CAD and 911 phone systems
- Patrol Car Wireless
- Interview rooms at the Division offices and LEC
- MS Office (Outlook, Word, Excel, PowerPoint)
- Internet
- NCAWARE
- Agency Listing
- Towed Vehicle Police
- Threat to Officers
- Report Beam
- On Duty / Xtra Duty
- Evidence.com
- Visual Links
- LInX
- Electronic Monitoring
- Chameleon
- uReveal
- Watch Commander
- Second Language Participation
- IA Case Management – Data collection and KBCOPS links will not work

The following will be **unavailable during the firewall consolidation** on SUNDAY from 0300- O900. There may be other applications impacted during this firewall consolidation. We don't expect the firewall consolidation to last the entire timeframe and we will advise when CMPD applications are available.

- DCI
- KBCOPS
- Property and Lab System (PLIMS) – PLIMS will not allow NEW property cases to be entered into the system while KBCOPS is unavailable.
- DEMS – Photos for NEW cases will not be able to be uploaded while KBCOPS is unavailable.
- CMPD HIVE
- Crime Analysis/On Demand Reports
- F7

- Public Access to Crime Reports- Since KBCOPS will be unavailable, the delivery of public reports to LexisNexis web site will be delayed. Reports will resume when work is complete. **Reports approved prior to the system being unavailable will still be available to citizens during this time.**
- Online Crime Reporting- The online portion for citizens WILL be available, but the transfer to KBCOPS will not work until the system is available again. Citizens can continue to file reports online, but the processing may be delayed.
- Pawn Tracker
- Arrest Processing
- Jail Inmate Phone
- Offender Management System
- MugSearch
- MCCJIS Web
- MySuccess
- PeopleSoft
- CMPD Wireless Connectivity - SavMad7z
- Charlotte Guest
- Wireless at Division Offices
- CMPD Property Control Network
- Lab network on 4th floor
- LPR
- Alastar
- Synergy

We apologize for the inconvenience this will cause to our customers. CTS and City I&T are appreciative of your patience while the firewall consolidation is being performed by City I&T.

Thank you,
Sonya Williams

Good Afternoon Mr. Seifert,
Thank you very much for meeting me this morning at our clubhouse regarding the trespassing last evening at the pool. I appreciate your offer to attend our annual meeting at the clubhouse on Tuesday February 12th, 6:30pm. Please bring the authorization form for us to sign enabling the Huntersville PD to enforce "No Trespassing " on our premises. I have also attached the pictures you requested that were provided by residents.
Please let me know if you if you need any additional information.
Regards,
Todd Gaar

Categories: Release

Training on this day will be from 12p-8p ish…..with that said…if you are off that day, then you may attend the entire time. If you are scheduled to be on shift, then you will not be able to attend till after shift. If you are scheduled to be on nights, then please speak to your supervisors about maybe adjusting your schedule just a tad. Please let me know if you have any questions or concerns.
I will have the command vehicle at Lake Norman Charter School for the training.

Categories: Release

Good morning! If anyone has more than three handgun magazines, or three AR magazines please place them in my mailbox as soon as possible. I know that several may have been loaned out during training, but we need to have as many back as possible, even if you had prior approval and were given extras (this does not affect SWAT spare handgun magazines but does apply to AR magazines). SWAT operators should only have 2 additional handgun magazines provided by the Agency.
Also when requesting time off, please add whether you will be on days or nights during your request (this ensures we do not miscount the days). If it is not included, we will reject the request and you can re-submit it with the corrected information.
Thank you all again who attended AR training, another two great days of hard work. And especially to Sergeant Libby and Officers Graham and Watts for putting on a well thought-out and organized training venue. Again we apologize for the night AR quals, we will definitely do better next time.

Respectfully,
Lieutenant Bryan S. Latza

Hi, I hope you are doing well. When you get a chance can you run the following numbers for me.

Calls for service between the hours of 0200 - 0600 2016,2017, and 2018.

Can you break them down by report zone.

CID call out's for 2016,2017, and 2018.

Busiest time frame of the day for call for service, 2016,2017, and 2018.

Thanks,

Tom Seifert

Subject: Rifle Training

Categories: Release

Just a reminder that February 5th and 7th are the first quarter AR training days we will begin at 1200hrs and run til approximately 1930hrs. Please make sure you have signed up in VISTA and that your supervisors have already approved it. Also make sure you pack food for the day, as there will be no time to leave the training facility to get something to eat. It is supposed to be a beautiful couple of days, so make sure you have plenty of water and comfortable training attire. Sergeant Libby and Officer Watts have been working diligently to ensure that you get a fully immersive training day, so please make sure that you are mission ready when you hit the range (Rifles are unloaded, Eotechs turn on, slings are properly set-up, vests, holsters, and a positive mindset). These quarterly training sessions will be building blocks for the next session, as we look to challenge seasoned rifle operators and get our new added officers up to speed. Thank you for always coming out and making the day enjoyable. If you see anything unsafe or something we need to address immediately bring it to our attention ASAP. Everyone is responsible for keeping the range safe during these training sessions. Please call or contact us with any questions.

Respectfully,

Lieutenant Bryan S. Latza

Sent: Thursday, January 31, 2019 2:16 PM
To: HPD Sworn
Subject: IMPORTANT: AR / Shotgun Quarterly CHANGE

Importance: High

Categories: Release

Effective immediately the rifle quarterly training days are for RIFLES ONLY. We will no longer do shotgun qualifications on these dates. Due to new requirements, that went into effect January 1st, 2019, all pistol, shotgun, and combat qualifications will take place on the same day. The dates for 2019 In-Service Firearms will be sent out next week. Firearms days will be full 8-hour (or possibly longer) training days, at the range in Statesville. I anticipate the first training days will be in early March. They will all be on Tuesdays, will be limited in size, and start at noon or later. If you have any questions please let me know!

AR-15 quarter 1 training is still next week, 2/5 & 2/7, starting promptly at noon. Bring food, snacks, and drink as there is no time to leave the range for a meal break. Currently, on 2/5 – there are only 3 officers signed up, and 2/7 – there are only 6 officers signed up. This is mandatory quarterly training. Please register in Vista and let your supervisor know so they can approve. You must be approved to attend.

Subject: Crime Scene Class

February 12th and 19th we will be conducting our next internal **Crime Scene Class**. The training will last from **1300-1700**. All officers who have not previously attended this internal training should make arrangements to attend. We have scheduled a day for each rotation, so please make every effort to attend on your day off. If you need to attend on a day while working, please get this approval through your direct supervisor first.

Email me by February 8th with the date you will be attending. You will only need to attend one of the dates listed above.

If you have previously attended and would like to attend as a refresher, you are also welcome. Please also email me with the date you plan to attend.

Please dress accordingly, you will likely end up with fingerprint powder on you and there will be a portion completed outdoors. During the training you will be issued a crime scene kit and a digital camera.

Lieutenant Ryan Smith
Huntersville Police Department

Lt.

Here is the draft that we were discussing...

The Huntersville Police Department would like to say thank you to all of the residents and town visitors for their cooperation during the critical incident that occurred at First Citizens Bank and the surrounding area yesterday afternoon. We would also like to recognize the safety procedures displayed by the staff, students and parents of Torrence Creek Elementary School during their dismissal from school for the day. HPD received several positive comments via our social media outlets after the incident. #OneTownOneTeam #WeAreTCE

Categories: Release

Good morning,

As you know we'll be conducting your Taser training tomorrow. The course is pretty much all day so be prepared. We will get through the Powerpoint as quickly as reasonably possible so we can spend more time on practical exercises. With that said, please bring your duty belts with your gear and firearms with **no ammo** please. Leave your magazines in your vehicle or somewhere else where they can secured and accessed after class. The drills we will be doing will very practical and will not have you running around or anything. For those of you who will be getting an exposure, we will do that at the end of the day. If you have any questions please contact me or Sgt. Bruining. See you all tomorrow morning.

Subject: Officer Safety

Good evening,

Tonight I received a suspicious vehicle call for service in [redacted] and spoke with the complainant, [redacted], who works for [redacted]. [redacted] advised that a black 4 door Honda passenger car has been following [redacted] at night and on one occasion following [redacted] home. [redacted] [redacted] stated that tonight as she was leaving a building, the same vehicle pulled up and parked next to [redacted] [redacted] drove away and came to the police department without incident. [redacted] has not been able to obtain a registration plate number or noticeable markings to the vehicle. [redacted] also stated that [redacted] observed bandana's on the occupants faces.

Everyone please watch your six. This could easily happen to any of us leaving the PD, and risk bringing a fight home to our families.

Be Safe!

Subject: Chief Spruill

Categories: Release

https://www.athensclarkecounty.com/CivicAlerts.aspx?AID=2657

Manager Blaine Williams has appointed Cleveland Lee Spruill, Sr. as the Chief of the Athens-Clarke County Police Department. He will begin his duties as of February 4, 2019.

“After careful consideration and based on extensive feedback from the citizens and officers about what they want to see in our new Police Chief, I believe that Chief Spruill will be an exceptional fit for Athens-Clarke County,” says Williams. “He stood out among an extremely well-qualified group of candidates as the right person to lead our Police Department, uphold our community-oriented policing philosophy, and serve as an ambassador to the community.”

Chief Spruill had served as the Huntersville, North Carolina Chief of Police from May 2014 until January 2019. In his position, he led the 111 member (102 sworn and 9 civilian) Huntersville Police Department in a town with a population of 60,000 and an annual police budget exceeding $12.8 million.

“It is an honor and a privilege to be selected as the next chief of the Athens-Clarke County Police Department,” said Spruill. “I look forward to leading the talented and capable men and women of the department and pledge my best effort to train them and enrich their careers. Together, we will strive to build on organizational successes and enhance trust and relationships with the community to make Athens-Clarke County among the safest places in Georgia to live, learn, work and visit.”

Prior to his time in Huntersville, Spruill served the Alexandria, Virginia Police Department for nearly 27 years. This included more than 17 years of command level experience with assignments in each of the major bureaus. In his final assignment with the Alexandria Police, Spruill served as the Executive Deputy Chief, managing more than 320 sworn and 105 civilian employees, with an annual police budget that exceeded $57 million and serving a population of more than 150,000. Spruill retired from the Alexandria Police Department in 2014 to become the Chief in Huntersville.

“Throughout his 31-year police career, Chief Spruill has established a reputation as a reformer and change agent,” notes Williams. “He has shown that he can support his officers effectively in reducing crime and enhancing the quality of life, while at the same time building trust and strengthening community relationships with law enforcement.”

As part of the process of selecting a new Police Chief, Williams collected public input from residents, as well as current and past police officers. Residents submitted over 150 online form submissions and voicemails, while a panel of Police Department Command Staff also provided feedback and recommendations.

“Chief Spruill embodies the characteristics that both the community and the government are seeking,” said Williams. “I believe he can connect well with the community - including underserved populations, will support the officers, will communicate in a transparent fashion, is fair and builds trust, will emphasize training and 21st Century Policing principles, and has demonstrated an experienced career leading community policing.”

Spruill was born in Queens, New York, in 1964 and relocated with his family to Richmond, Virginia in 1978. After graduating from high school, he enlisted in the U.S. Army where he was assigned to the 3rd U.S. Infantry Battalion at Ft. Myer, Virginia. He was honorably discharged in 1986 and joined the Alexandria Police Department the following year.

Chief Spruill is a graduate of the 217th Session of the FBI National Academy in 2004 and completed the Police Executive Research Forum Senior Management Institute for Police in 2012. He earned a Bachelor of Science degree and a Master’s degree, both in Business Management, from Johns Hopkins University.

Spruill is a member of the Police Executive Research Forum, the International Association of Chiefs of Police, the National Organization of Black Law Enforcement Executives, and the North Carolina Association of Chiefs of Police.

Chief Spruill has three adult children and two grandchildren. During his spare time, he enjoys participating in church youth mentoring programs and coaching youth football.

“Interim Chief Mike Hunsinger has done a commendable job of managing the Police Department during this time of transition,” said Williams. “The Unified Government and this community truly owe him a debt of gratitude.”

Subject: Oil Change Alternative Location

Categories: Release

Grease Monkey, on Brown Mill Rd, has been added as a vendor to offer an alternative to Woodie's for oil changes, inspections, and tire rotations. They have agreed to price match Woodie's at a greatly reduced rate. They are available now. This is quick lube type of business where you don't need an appointment. Woodie's can still be used for these services as well and all other work needs to continue to go to Woodie's and appointments HAVE to be made at Woodie's. Thank you!

CITIZEN'S POLICE ACADEMY

The Huntersville Police Department's Citizen Police Academy is a 5-week program held on Tuesday and Thursday evenings from 6:30 p.m. to 8:30 p.m. at the Huntersville Police Department located at 9630 Julian Clark Avenue, Huntersville, NC. In keeping with our organizational values "Honor, Professionalism and Dedication to Duty," the Huntersville Police Department's Citizen Police Academy is designed to nurture public trust through informing our citizens of the crucial role the police department serves in the community. The Academy is a community relations program and is not designed to train citizens to be police officers or to be our representatives; rather it gives the citizens a basic but realistic view of what the police really do. The Citizen Police Academy is intended to be an interactive program involving open discussion and some "hands on" activities. The CPA is free for all participants.

2019 Dates: February 21 - March 21 from 6:30 p.m. to 8:30 p.m.

Application

2019 APPLICATION

Requirements

Requirements for attending:

Be 18 years of age or older

Must not have been convicted of, or have pending charges for any Felony Offense

Must not have been convicted of, or have pending charges for any Misdemeanor Offense within the last two years.

For additional information, please contact Sergeant Brad Habenicht by email or at 704-464-5359.

Chief Collins

Hi, I hope you had a safe and happy new year. I was contacted by Robbie at Giant Genie Pharmacy 2516 Central Ave, Charlotte, NC 28205 in reference collecting medicine for disposal. I also was in contact with Rodney Ferris be leaving MCSO about removing the medication in the drop box located at Jail North, it is most like full and will need to be emptied. I left the keys for the medicine drop box in my Durango. They were on a yellow foam MCSO keychain.

At HQ there are materials that belong to SafeKids in the storage area that I need to retrieve so that I can return them. Who would you like for me to contact to so I can pick them up and return them?

I left two sets of my personal metal dumbbells in the gym at the training academy. Who would you like for me to contact to retrieve them?

Thanks in advance,

Tom

> On [redacted] 2019, at [redacted] hours, DPD officers were dispatched to [redacted] in reference to a B&E in progress ([redacted]). This residence is owned by the [redacted] family and has been vacant pending sale.

Suspects [redacted] and [redacted] utilized a "hide-a-key" from a nearby planter to gain entry into the home. They then unloaded a 26' U-Haul truck containing personal property and furniture and proceeded to "move into" the vacant residence. They also parked their Dodge Charger, [redacted] in the garage. Upon arrival, [redacted] and [redacted] refused to allow officers entry into the home. After obtaining a key from the [redacted] family and their permission to enter, officers entered the home and arrested both suspects without incident.

[redacted] and [redacted] claim allegiance to the Moorish Nation, which share tenets similar to that of traditional sovereign citizens. Common practices of concern include crimes of violence (including against police); scams and frauds; and so-called "paper terrorism" tactics, which typically involves the use of various documents and filings to harass, intimidate and retaliate against police officers. In this incident, on [redacted] 2019, they filled a Quick Claim Deed with the Mecklenburg County Register of Deeds claiming they have legal cause and ownership of the property at [redacted]

[redacted] and [redacted] were booked at the Mecklenburg County Jail, but due to the fact that the Magistrate only filed misdemeanors for B&E and ROD, both have bonded out. After the [redacted] family returned all of their personal belongings to the U-Haul, representatives from U-Haul recovered their truck. [redacted] also had Archers perform a private tow of the Dodge Charger.

During the booking process, the suspects told our officers that they will return to "their" residence. [redacted] has an extensive criminal record that includes several Firearm Possession charges and Resisting Public Officer charges. Please use Extreme caution when dealing with [redacted] or any of their associates. [redacted]

At this time, we have an Authorization to Act as Agent on file for this address that was signed by the [redacted] family. If they return to the property they should be arrested for trespass. We also placed Patrol Unit #125 at the entrance to the driveway to block any vehicles from entering the property. Zone Checks should be performed often.

Subject: Shotgun Inspections

Categories: Release

Currently we have numerous shotguns that have not been inspected for the 2018 calendar. If you have been issued a shotgun, please make arrangements with Officer Lawing to have your shotgun inspected. Hicks, Bruining, Wade, Gordon, Brunson, Jones, Ferrell, Carter, Barnes, Powers, Tombaugh, Luthart, Lindow, R. Smith, are all exempt from this request as we have already inspected your weapons. We are hoping to have this completed by the end of the year. If you need to leave your shotgun for Officer Lawing, please make sure all ammunition is out of the weapon and that the shotgun is tagged with your name. It can be left with your Sergeant or Lieutenant.

Respectfully,

Lieutenant Bryan S. Latza

Chief Collins

Hi, I hope all is well. The Girl Scouts reached out to me in reference to their “Safety Scavenger Hunt” at their 2019 Cookie Rally. This is an event the Sheriff’s Office has assisted with the past 3 years. Can you have someone contact them to let them if you will be able to assist them at their event.

Thanks,

Tom

Hi Tom,
Thank you for offering to connect us with someone to assist with the safety scavenger hunt at our Cookie Rally event!

It's on January 12th from 1-5pm (the event starts at 2) at Grady Cole Center. We expect about 1000 girls to attend. Officers would be volunteering by circulating the event space and helping girls learn safety guidelines for selling cookies. You can share my email and cell phone number as the contact info..

Just a heads up to the 12 officers and anyone else who might end up responding if we get backed up. There does not appear to be a problem at this point, but if we get another call similar to this try and educate both the caller and the dog owners about what is and is not acceptable. Summer is coming and even at night it can quickly get too hot for dogs to be in cars, but that is not an end all be all solution. Last year we had to force entry to save a dog at Walmart and that is not ideal.

I am copying McCutcheon (Animal Control) in also so he can send some tips about what to look for when doing an evaluation for the safety of animals in cars.

Thanks

Tyler

I want to make patrol aware of this women;

While shopping at [redacted] my husband and I were standing in line [redacted] when an almost frantic lady came in and asked the clerk to page our car licences number. I asked her what was wrong?, she could just respond someone was calling the police about our vehicle. I question her about what the car looked like and she confirmed it was our vehicle so we left our purchases and went out to the parking lot with this lady. On the way to our vehicle this lady began to tell us what was going on. A women had verbally attacked her as she was walking to her vehicle parked next to ours. It took this Lady several minutes to get the verbal attacker women to realize she did not own our vehicle. The verbal attacker women was going on and on about the fact our dog was in our ***open window car.*** Verbal attacker was very aggressive, and all over our vehicle. The Lady who came to get us in the store kept telling her there was nothing wrong with the dog or her condition. As we too told verbal attacker several times as we approached our vehicle, the windows were down and we had parked in the shade on a nice cool evening. This verbal attacker called 911 telling them the windows were not down in our vehicle and to send an officer. As we waited for the officer this verbal attacker kept after us and moving to and fro toward our car. We had to put our bodies between our vehicle and the verbal attacker to keep her away from our car and dog as she kept verbally attacking us. She was upsetting our dog tremendously. She kept saying she was going to post all of this on face book among other threats she made to us. The only way I could get her away from our car was to pull out my Cell phone and begin to video her. At that point she backed way off and hid behind near by cars. We left Our car as it was with our dog inside as she was, waiting for the officer. The Officer came on scene looked at our vehicle and where we were parked in the shade, peeked at our dog and said she was fine. Even after the officer begin to leave this verbal attacker was going to come back at my husband and myself once again. She only stopped when she looked over her shoulder to see the officer had paused his vehicle, only then did she continue into [redacted] This women clearly has issues. She is in her 60's, Heavy build, Bottled blond, shoulder length hair. The 911 call she made would have been approximately [redacted] You maybe able to get her name from this 911 call documentation.

I am very concerned this woman will see us out in the area and once again start to harassing not only us but our dog as well. With her constant poking her head in our cars windows she had just about exhausted our dog from fright of a stranger being in our dogs comfort zone in-crouching on our personnel space as well as touching and being up in the windows of our car. What may this woman do to other people? Given the time of evening and this women's age I have to wonder if all of this was some sort of Dementia episode? Verbal attacker women's motivations seemed more toward in engaging others in an altercation and to spew then the safety of our dog. Thank you for your help [redacted]

Subject: Re: Catalytic Converter Thefts from Church Vans

We continue to see it in RH also targeting daycare vans and our city housing authority trucks were also targeted. The [redacted] in color, pretty standard in style, maybe an early [redacted] model based on video from 1 of our incidents. York County Sheriff's office has continued to see incidents as well.

On Apr 9, 2019, at 2:32 PM, Swallows, Richard <rswallows@cmpd.org> wrote:

Good afternoon,

Last month, York County sent out an email regarding a catalytic converter that was taken from a church van. I looked back two months to see if we have had anything similar in our jurisdiction. We have had at least four with the same MO (**targeting full size Ford vans from churches**). We typically see older Honda Odysseys and Accords being targeted for the converters, so this is not normal for us. In York County's incident, there are photos of what appears to be a [redacted] suspect wearing [redacted] and driving in what appears to be a [redacted]

See details below:

[redacted] Suspect/s stole catalytic converter from 2001 Ford Econoline.

[redacted] Suspect/s stole catalytic converter from 1998 Ford van.

[redacted] Suspect/s stole catalytic converter from 1997 Ford Club Wagon van.

[redacted] Suspects stole catalytic converter from church van. Suspect wearing tall boots. Suspect vehicle appears to be a Ford pickup.
<image002.jpg> <image004.jpg> <image006.jpg> <image008.jpg>

[redacted] Suspect/s stole catalytic converter from a 2012 Ford Econoline.

[redacted] Suspect/s stole catalytic converter from a 1998 Ford van.

Possibly related:
[redacted] Suspect/s stole catalytic converter from a 2001 Ford E-350 van.

If any of your in other agencies have had similar thefts, please let me know.

Thanks,
Rich

Kevin,

I just spoke with Dennis. The delivery to the office/store at 4115 Coca-Cola Plaza (Southpark) doesn't get there until Wednesday, so after 1:30 is when they'll need to be picked up.

Dennis is going to REPLY ALL to this email and copy Ralph (the person who manages the store), so we can call Ralph and pay over the phone, unless he indicates otherwise. Laura?

Thanks,
Jack

Just 2 days until the golf tournament and pre-night set-up. Many of you will be at the golf course or have other Conference responsibilities so the following people have been identified to help with the Wednesday afternoon Vendor set-up at the Hotel. Approximately 3:00-3:30 start time. If we have enough people shouldn't take more than a couple of hours.

- Eddie Hawks
- Denise Kennedy
- Carrie Nguyen
- John Booth
- Biren Patel
- George Massey
- Dan Collins

If Eddie can bring the bags we will also stuff some literature in the bags and get the registration table area set-up.

Thanks,
Kevin

Just 2 days until the golf tournament and pre-night set-up. Many of you will be at the golf course or have other Conference responsibilities so the following people have been identified to help with the Wednesday afternoon Vendor set-up at the Hotel. Approximately 3:00-3:30 start time. If we have enough people shouldn't take more than a couple of hours.

- Eddie Hawks
- Denise Kennedy
- Carrie Nguyen
- John Booth
- Biren Patel
- George Massey
- Dan Collins

If Eddie can bring the bags we will also stuff some literature in the bags and get the registration table area set-up.

Thanks,
Kevin

Subject: Firearms Qualifications

Categories: Release

Good morning HPD. Over the past two classes, we have only had 9 officers attend the mandatory firearms training. Currently we have 4-5 out of 15 potential spots tomorrow April 2nd. This will leave us with only 5 remaining firearms dates for the remainder of the year and only 70 slots. With all the changes and requirements of the State we **cannot** allow for more than 15 officers each date, as the session will run way too late especially as we move into the summer months. With the addition of night quals for all lethal options we cannot accomplish this indoors and need the outside spacing to meet the yardage requirements. Last week with minimal attendance we were at the range until 2130hrs. We cannot stress enough the importance of signing up for a range date and attending. Here are the range dates for the remainder of 2019, please sign up in Vista, since once a class is full we will be unable to make concessions in class size. Thank you for your immediate attention in this matter.

Course Title	Course ID	Class ID	Start Date	End Date	Start Time	End Time	Hours	Provider

Hi, I hope all is well on your end in 2019!!! We will be holding the Angels of 97 event on Saturday, March 16, 2019 and were hoping that you would be able to sponsor the breakfast again this year? I can stop by and speak with TJ if that is easier for you? It would be the same request as last year and I can pick everything up on Saturday morning around 7am.

Also, let me know when you will be at the Huntersville location and I will stop in to see you. I am back at Huntersville PD!!!

Thank you for you continued support of the community and the residents of Huntersville.

See you soon,

Tom

>
> 1. Drinks – Dennis Padgett from Coke is arranging for us to pick up the drinks at the Coke offices/store on Coca-Cola Plaza (Southpark) Tuesday, April 2nd. Tom Seifert offered to pick up the drinks but will need some assistance on loading and unloading at the hotel. Please see about getting Tom a couple of helpers. Also need to send someone with the CRSHC credit card to pay. I may show up to get the 10 cases of water donated for the golf tournament, unless Tom wants to keep them in his truck until Wednesday and bring to the course.

Tom S. will take the lead on picking up around noon to be at the Coke building based on Dennis P. schedule. Laura will need to coordinate the transfer of the credit card information. Let me know if I need to be involved as I was the one last year that made the transaction.

> .
>
> 2. Signs – Can you ask Laura or Tara to make sure they have all the hole signs and conference banner to bring to the course Wednesday, April 3rd? No UL banner is needed.

Please let me know if new signs may be needed; from our last meeting it was discussed that additional golf signage is not needed. To be discussed at Thursdays meeting of who will handle getting the signs to the course.

The course will take care of putting the signs pout, and hang the banner.

3. Mulligan Tickets – Please confirm the Laura will bring these (I know she will be there because she likes handling all the money!) I think we agreed to splitting the cash into 1 - $50 and 2 - $25 prizes. The rest will be split between me and Laura.

   Laura ?

4. Registration Desk – Laura should recruit a couple of assistants to help with managing check-in. I know she will; she collared me a few years ago to collect money when it was freezing at that course way out of the County. Laura, let me know if I can help.

5. Snacks – I can't remember who bought these, maybe Russell? Please confirm and coordinate. Don't. know – agenda item for Thursday meeting

6. Prizes – Try to solicit the board to provide some decent prizes from their companies….umbrellas, coolers, shirts, hats, golf balls, whatever….ALSO, need to coordinate with Russell on purchasing 8-10 items from Dick's that we can use as prizes (Laura will confirm the budget, Russell and I can go buy them if he still has the credit card.) Okay

7. IMPORTANT – Paul (? Last name) from Mann+Hummel offered to donate 2 - $100 Visa gift cards to use as prizes for the Long Drive and Closest-to-the-Pin. Please collect the cards if he brings them, or send me his contact and I'll call him. Per other emails; he has confirmed

8. Trophies – Shanna was ordering the trophies; please confirm they have been ordered and there is a plan to get them to the course on Wednesday morning. I think Shanna has ordered them per another email, although my notes from the last Board meeting indicated we decided not to order trophies this year. No problem though; Shanna please confirm the plan for trophies.
9. Food – I have confirmed with the course that we will be having the hamburger dinner after play ends at the pool clubhouse….same as always. okay

Sorry to ask you to handle this…..let me know if there is anything you need from me. Free Beer

Thanks,
Jack

Subject: Field Interview [redacted] - [redacted]

Good Morning Sir,

This morning at 0314 hrs I had a field interview with [redacted]. [redacted]. I recalled the email provided by D. Meyers that advised to contact you with any interactions with Mr. [redacted]

Mr. [redacted] was driving a [redacted] sedan ([redacted]) with the fictitious tag [redacted] The tag comes back to an [redacted] I observed him run a stop sign and when I attempted to turn around and get behind him he quickly pulled into a vacant lot next to [redacted]. When I pulled into the lot behind the still running vehicle, Mr. [redacted] was speaking to a black male with a large black beard at the front door of [redacted]. The subject very closely resembled, and was most likely [redacted]

I approached the vehicle to see if anyone was still inside, due to it still being running. The vehicle was unoccupied, but Mr. [redacted] ran over and called out to me when I approached the vehicle. He initially was irate and uncooperative but after speaking with him for several minutes I managed to calm him down and identify him. He advised that he was currently living in a small trailer in the back of the property at [redacted]

I have BWC of the interaction under the listed numbers and completed and FI in KBCOPS as well.

Respectfully,

Officer W. Styka #5639

Subject: Field Interview [redacted] - [redacted]

Good Morning Sir,

This morning at 0314 hrs I had a field interview with [redacted]. ([redacted]. I recalled the email provided by D. Meyers that advised to contact you with any interactions with Mr. [redacted]

Mr. [redacted] was driving a [redacted]([redacted]) with the fictitious tag [redacted] The tag comes back to an [redacted] I observed him run a stop sign and when I attempted to turn around and get behind him he quickly pulled into a vacant lot next to [redacted]. When I pulled into the lot behind the still running vehicle, Mr. [redacted] was speaking to a black male with a large black beard at the front door of [redacted] The subject very closely resembled, and was most likely [redacted].

I approached the vehicle to see if anyone was still inside, due to it still being running. The vehicle was unoccupied, but Mr. [redacted] ran over and called out to me when I approached the vehicle. He initially was irate and uncooperative but after speaking with him for several minutes I managed to calm him down and identify him. He advised that he was currently living in a small trailer in the back of the property at [redacted]

I have BWC of the interaction under the listed numbers and completed and FI in KBCOPS as well.

Respectfully,

Officer W. Styka #5639

Charlotte-Mecklenburg Police Department

Subject: Request - Need Disposable Trash Cans for Event Saturday - Help!

Categories: Release

Tom -

I am hoping you can help Angels of 97 out. Can you find us about 6-8 disposable trash cans for the upcoming A97 5K this Saturday, March 16, 2019 at North Mecklenburg High School?

Our Waste Connections connection can not help this time. We want to be good responsible stewards but need these trash cans.

They look like this. We can get the plastic trash liners but just need the boxes.

Any help would be greatly appreciated.

Good Morning Huntersville Strong!

Hopefully last Friday you received a reminder regarding the Health Session scheduled for this Thursday, March 14th at 10:00am at Town Hall! If you did not, please check your spam folder as some employees have found it there. We are using a new email platform and want to make sure each of your are receiving our content. If you need any help, please let me know and I will be happy to assist you!

As for Thursday, the Health Session will be interactive during which you will calculate your own calorie needs as well as macronutrient breakdown based on your personal goals, activity level, body type etc. You won't want to miss it!

See you Thursday at 10:00am!

Michelle

Categories: Release

Good Morning Huntersville Strong!

Michelle Mudge here! We have a few updates for you regarding the Huntersville Strong Wellness Program.

I have accepted a new position with a company called SweatNET and together we will be focusing on corporate wellness. BUT, DO NOT FRET... I'm not going anywhere! Due to the nature of the wellness program with the Town of Huntersville, Tops has contracted out myself and SweatNET to continue the program as planned! So, what does that mean for you... NOTHING IS CHANGING (except you'll be seeing the SweatNET logo in conjunction with the Tops logo on the wellness material).

Moving forward, this is my new email address (michelle@sweatnetclt.com)! My Tops email is no longer active. My phone number is staying the same. Feel free to call or text anytime! 704-728-1628

Let me know if you have any questions!

Michelle

Hello everyone,

I just wanted to let you know that my last day with CBCC is this Friday. I loved working at CBCC and believe in the mission. I will continue to support them through donating and possibly sponsoring my own blood drive one day. I wanted to let you know that Karen Rodriguez will be attending the meeting that we have scheduled for November 28th at Panera's. She will be handling your blood drive until they find my replacement. Karen's contact number is 704-972-4729.

I wish you all the best!

Thanks,

Stacey

Our clubhouse is almost finished with the planned updates! You can see that the upstairs front doors have been replaced. The front entrance doors will be done ne week. Hoping just a couple of days work but, as we all know, we won't know all needed to be repaired until the work starts! The furniture should be back in by the of next week, provided the entrance work is completed. Thank you all for your patience.

The board is still in the process of gathering quotes and recommendations for a se system for our community. In the meantime, you will notice that the Authority to signs have been posted at [redacted] and around the clubhouse a

The tennis courts are closed right now due to the fact that the gate is in the locked position – we cannot get it to open. The repair company has been contacted. Pleas not take it upon yourself to try and fix this.

A reminder to all that the Huntersville Town Board Meeting is this Monday eveni 6:30PM at the town hall. View the Huntersville Town website for details. The go course development plan is on the agenda.

Our landscape company has a new name. Ecoscape is now Yellowstone. The tru logo/name are now being rebranded.

The board has arranged to have a **paper shredding day** for our community to be h
on **Saturday, April 20th from 9-11am**, clubhouse parking lot – free for [redacted]
residents.

Soccer Shots – there is a posting on Nextdoor with misinformation about this prog
that is held at [redacted] To register to play at the [redacted] site, you need to be a
resident. All registrations will be verified by our office.

We can expect to see the cleaning of our sign posts this month. The plan is to get
of them this go around. We have at least 1000 signs in [redacted]

Own a dog? Please pick up after him or her. We have placed several dog stations
throughout the community. We pay to stock these with bags (to help those who fo
to bring one along for the walk) and we pay to have a company come and empty t
weekly. Please, use them. If you are witnessing those who choose not to pick up
their dog, you can contact Animal Control at the County. The rules and process is
the County website.

To those who place items for private pickup at your curb (maybe through a social
site or just hoping someone will take the sofa, chair, table, etc), please bring it bac
it is not gone within a couple of hours.

I hope you are all considering how you can contribute to the neighborhood. Pleas
come to a board meeting, see what happens and consider making a difference. We
you to consider running for the board!

The Easter Egg Hunt will be on Saturday, April 6th from 1 – 3pm. Come and get y
Easter eggs, meet the Easter Bunny, have a face painted, get a balloon from the ba
artist and take a ride on the trackless train.

Stay dry and have a great month,

Lt.

Is this something you would like for me to continue doing? From a community engagement perspective it would be a benefit to the the Town of Huntersville. I organized several community clean up projects with the Boy and Girl Scouts , shred it events, and pill collection/ medicine drop days within Mecklenburg County. We could focus these events to the Town of Huntersville and the North end of the county.

I also partnered with the North Mecklenburg high school cosmetology program in conjunction with the Recycle the Runway event that takes place at NorthCross Mall in April.

Let me know if this is something you want us to be a part of.

Thanks,

Tom

Categories: Release

Hi Tom,

Hope you are doing well. I am writing to invite you to rejoin the Keep Mecklenburg Beautiful Board. You've been a valued KMB Board member for a number of years, and the Board would be honored to have you return as a representative of the Huntersville Police Department. Thank you for your time and consideration on this.

Best Regards,

Ryan Johnson
Executive Director
Keep Mecklenburg Beautiful

Kevin and Dan,

Please look at the attached hotel request list. I need some help with a couple of names on the list. Who is "J. Abney"? Voted in as new Board member at last meeting from (SM&E) Also Kevin, I believe you said that Tom Seifert is no longer with the Mecklenburg Sheriff, so I need his new address tseifert@huntersville.org. I'm assuming he's staying on the Board? He's interested but needs to confirm with his new boss. Is Matt Losh still with the Board and if so, Please remind me who he's with. He was

Ted's back-up when Ted was sick. I believe Ted said he is no longer considered a board member? Additionally, did we discuss Victoria Cross at our last meeting not participating since our last conference and therefore was being considered to be removed from the Board? It was discussed that she and a few others are not active and should be dropped from the Board. A decision will be made in conjunction with the by-law review. (Meeting to be after the Conference).

I'll send out the last meeting minutes later today (hopefully).

Sorry for so many questions so early in the morning, but I want to try and fine tune this by Thursday's meeting.

Thanks,

Bob K.

Ineke,

Thank you, thank you for all of your contributions. I believe the reason there were so few questions and complaints are because of the news letter that keeps everyone in the loop. Though I will attempt to carry the torch with the news letter, I simply do not have your flair and skill. Once you get on top of thing, I hope to see you back.

Izzy.

On Feb 13, 2019, at 9:33 AM, Ineke Wilson <for.ineke@gmail.com> wrote:

Izzy and all,

Compliments for a well attended, informative and good spirited meeting last night.
I have been to many of those, (in different neighborhoods) and this was the best one.
Tom Seifert kept it serious, but funny. Izzy rolled through everything with ease and humor and non-judgmental. It is what it is. You don't like it....join a committee.

I will miss you guys :-) and thanks for the gift certificate.

Be on the outlook for one more newsletter.
Thanks again for a job well done!!

Tom, following up on my last email.
————————————————

Hey Tom,

It occurred to me that you are not receiving the Safety School meeting notices because we have your old email address. So a couple of questions:

- Are you still interested in being on the Board if it fits your schedule?

- Do you think Irwin Carmichael might be interested in attending again this year as part of a panel discussion.
  Title:

When Tragedy Strikes "Behind the Scenes"
Local Emergency Management officials discuss high profile cases in NC history – EMS, Police, Schools, & Severe weather
10:30 AM - 12:00 PM – Thursday April 4, 2019

Please let me know,
Thanks.

Good Afternoon Mr. Seifert,
Thank you very much for meeting me this morning at our clubhouse regarding the trespassing last evening at the pool. I appreciate your offer to attend our annual meeting at the clubhouse on Tuesday February 12th, 6:30pm. Please bring the authorization form for us to sign enabling the Huntersville PD to enforce "No Trespassing " on our premises. I have also attached the pictures you requested that were provided by residents.
Please let me know if you if you need any additional information.

Janice,
For the March 27th CPS Check. If you are looking for a location, Brace YMCA has mentioned to me that they would like to have one at their location. I can reach out to them to see if March 27 would be a possibility.

Let me know.

Hello all,

Thank you to those who could attend our networking meeting. There is so much good work coming up that we did not even have time to plan new projects so certainly follow up with me or a fellow partner as needed in between meetings to plan and collaborate. (which happens most of the time due to your dedication to the children!)

We had many new faces THANK YOU for joining us in our mission to prevent injuries in children in our community. A special welcome to our two new board members committed to leadership time to ensure the network stays a viable place to connect and share expertise opportunities and resources. The leadership of safe kids will concentrate this year on "awareness" activity of the great work we do as a coalition so please send any ideas ! Current plans potentially are a brochure or piece for leaders on the importance of our work and what you all do.

Next meeting/Admin items

April 2nd 9am-11am , Health Dept on Billingsley in the multipurpose room.

Membership applications are attached, this is not "required" for membership it is a method of allowing donations to occur toward our mission. Please direct questions to Janice. A confirmation of the code of ethics IS required. If you were not at the meeting to sign a form, I need you to send me an email confirming receipt and compliance or sign electronically and send back to me.

Members in attendance went over their upcoming events for request for participation. Please reach out to them if you can attend. If you need an activity idea or handouts to attend, please let me know, happy to assist.

March 2nd - Albemarle Safety Day! Samantha Bounds Samantha Bounds Samantha.Bounds@albemarle.com 10am – 2pm 4250 Congress Street Charlotte (southpark area) . Tables will be provided and they are having free food and give aways to increase attendance looking for adult and kid topics for 200 or so people.

March 15—Fire and Life Safety Bowl- Friendship Missionary Baptist Church 7am-3pm
cdrussell@charlottenc.gov Looking for volunteers in rooms or tables with activities for the kids in between sessions.

March 30 -Automotive 101 at Tom Sykes Rec Center- Horne, Jennifer B. Jennifer.Horne@mecklenburgcountync.gov Looking for tables to be "hands" on related to motor vehicle. 11:30-4pm. They are having goodie bags and food to try and draw a crowd in for you.

May 5th- Charlotte Aquatics Safety day usually 1-4 or 2-5 this will be our safe kids day contact Janice!

Ongoing efforts

OMD boxes- see website for locations (Pineville police added, looking for a northern Mecklenburg site)

CPS stations – see website for locations (Highway Patrol in Huntersville has added by appointment only)

Radio Station ads – Safe Kids safety tips- Janice develops these for airing with the safety tips relevant to the quarter they are delivered in for Beasley Media sponsored by a car dealership!

Specific program dates

March 20 - Poison Week OMD- Matthews Police Dept 10am-1:30 pm will be conducted with the Butler Dram Team and NC Attorney General as a media event for the April events coming up.

March -Elon peaceful playground – Janice working with the school to place activities on the black top to decrease bullying and injuries and increase activity levels.

March/ April Harris Teeter ads- Harris Teeter has agreed to place flyers in the pharmacy on safe storage for toddlers and drop box disposal/ storage for all in April Janice is coordinating

March 27th CPS check – Looking for a location for a potential seat check if suggestions contact Janice.

April 27th – OMD – Janice will send out flyer

April 28th open streets

May 8th Bike To school- school TBD Janice is trying to get an international school or one along the vision zero high injury network roads.

May 11th - Healthy Living Expo with Beachfest in Matthews 10am-2pm Novant will do Heat N Cars and Matthews PD with Safe Kids will do occupant protection.

Road Park – second half of May to meet grant

June Water Safety lessons potentially with Park and Rec and Charlotte Aquatics.

June Safety Town Huntersville

Trainings:

CPS technician class- June 10-13 - we will host the four day Child Passenger Training class at the CMPD on Wilkinson with a seat check at the Wal mart on Wilkinson on that Thursday in the afternoon ! If you are interested in becoming a technician registration is now open https://cert.safekids.org/become-tech/certification-course read about the course and then use the navigation links on the left to locate the course and register. This is an open course, which means that I cannot hold seats there are 25 or so seats and they are open to anyone across the state so if you really want to attend, I would register sooner than lady our regional counties tend to fill our slots quickly closing the class out for my local people who tend to wait for time getting busy reasons. For new people if cost is an issue as safe kids I would be willing to look at paying your certification fee but you or your agency would have to absorb the four days of time, the follow up time needed to maintain certification, and renewal costs. You will also be required to help in at least one quarterly safe kids event for safe kids. – On a side note you will actually understand how this helps you in the renewal process.

General NEW programs of interest:

Hands only CPR Medic has started a new program to teach hands only CPR if you have a group of 20 or more or an event that in some version this can be delivered to please reach out to that team Gabrielle Purick GabrielleP1@MEDIC911.com

The health Dept is looking to do a water drinking with reusable water bottles program in February to schools (2nd and 3rd grades) if you know of a school interested send to Thomason, Laura A Laura.Thomason@mecklenburgcountync.gov Laura is also the new Safe Routes to School Coordinator so reach out to her as applicable in that role! (the new Dick)

City of Charlotte Lead Safety- Is trying a new program connecting in home safety air quality with asthma to try and increase the number of healthy homes they can help families achieve. If you have a family that would qualify or want more information to share with your clients/community. The are targeting the Spanish speaking population. Contact- Kirlin, Hanna Hanna.Kirlin@ci.charlotte.nc.us (the new Sherry). Janice did offer to send home safety checklists with the program and the home cabinet locks as a way to add our logo in a neutral way to perhaps feel more comfortable with the project!

4-H, Charlotte Fire, CMPD , Teen Health , Huntersville Police – all have summer “camps” please reach out to them directly if you feel that you have a way to partner and add to the experience or want details to share with your communities as applicable.

CMS schools is looking for crossing guards before and after school if you are interested or know anyone that may or can advertise this opportunity for them please contact Chip (this is a paid position). Gallup, Robert F. robertf.gallup@cms.k12.nc.us

** Individual ongoing programs via agency are not put in the minutes for space consideration but are ongoing if you need help connecting or finding programs that you are interested in please contact Janice for assistance.

Conferences upcoming

Feb Fire Safety (Concord)

April Safe Road Systems (Durham)

May Safe Kids NC (concord)

July Safe Kids Worldwide (washington)

August – Traffic (Raleigh)

Several Opioid conferences and education

I hope I remembered all of the upcoming events! If I left anything out OR if you have anything new to share before our April meeting , feel free to share through this list serve.

MANY MANY thanks for your dedication to the children of our community and your willingness to participate in this process.

Janice Williams

Safe Kids Char Meck Coordinator

Hi, I hope you are doing well. When you get a chance can you run the following numbers for me.

Calls for service between the hours of 0200 -0600 2016,2017, and 2018.

Can you break them down by report zone.

CID call out's for 2016,2017, and 2018.

Busiest time frame of the day for call for service, 2016,2017, and 2018.

Thanks,

Subject: RE: SRS For Today Meeting (1/31/2019)

Ryan

Hi, I hope you are doing well. When you get a chance can you run the following numbers for me.

Calls for service between the hours of 0200 -0600 2016,2017, and 2018.

Can you break them down by report zone.

CID call out's for 2016,2017, and 2018.

Busiest time frame of the day for call for service, 2016,2017, and 2018.

Thanks,

Tom Seifert
Huntersville Police Department

Tom,

Before I go any further into this for you I want to make sure I am getting the data you are looking for. I have completed 2018 and attached a copy of what I did. Please review the attached PDF and make sure it is what you are looking for and let me know. If it is all good I will proceed to 2017 and 2016. If you are looking for more/less data or would like to see something added or removed please let me know and I will adjust accordingly.

Thanks,

[redacted]

From: Proctor, Rachel A. <rachela.proctor@cmspolice.org>
Sent: Monday, February 4, 2019 3:32 PM
To: Thomas Seifert <tseifert@huntersville.org>
Subject: FW: B&E at [redacted]

Sgt Seifert.

Huntersville Officers responded to [redacted] for an alarm ([redacted]) with suspects were gone upon arrival.
After reviewing camera footage, [redacted] (alarm technician) observed suspects with similar identity that match another alarm at another [redacted] in Division 11.
Thought your Officers might be able to identify them.

Chief,
attach are photos of the individuals that went into [redacted] through roof hatch, on Friday, [redacted] 2019. They are also the Same two that went into [redacted] on Saturday, [redacted] 2019.
Can't see how they got into [redacted] but most likely the roof hatch.

Subject: Suspicious Person - [redacted]

Tim,

I received a call from [redacted] ([redacted]) who lives at [redacted] in Huntersville. Yesterday around [redacted]hrs she had an unknown male subject come to her house. The subject rang her "Ring" doorbell, but she was unable to hear him due to the dog's barking. She advised him that it was not a good time, at which point he apologized and left in a red in color Chevrolet Cobalt. Ms. [redacted] was not concerned at first but began having an uneasy feeling about the guy. She shared screenshots of the subject to Nextdoor. Neighbors on the Nextdoor app advised her of the B&E / Assault that was reported on Tuesday in [redacted] and said that she needed to contact us. Not sure if this is related but can you see if any of your officers recognize this guy.

Subject: Short Update

Categories: Release

It is budget retreat week and during my presentation I will be asking to fund some items now as opposed to waiting on budget to come out in July. These will be some building maintenance (new roof and HVAC repairs), a crime scene van, 360 lazer for crime scenes, some vehicle black box reading equipment, and various other things. During the budget process we will hit items we cannot spend asset forfeiture money on and will do another budget amendment at some point later to buy things I have not had time to vette out for this presentation.

We have been working on some other issues as well. The promised eval system is about to get a lot shorter (and better we think). If all goes well it will be on my desk for approval next week and, pending any changes I make, we will roll that out ASAP. I'm told it is down from 7 to 3 pages and we might be able to do better, but we have to make sure it is also valid and does you justice when it counts.

Scheduling is still in the works. It will take some time but we are looking at both 10 and 12 hour schedules. If you refer back to my previous emails you will see that one of the requirements of this schedule is that patrol officers must be proficient in both day and night time problems, so permanent shifts are unlikely to continue in the future. However, we are looking for options to mitigate that if we can – but I want to up front with all of you to be prepared for changes to your schedule and how that may affect family, etc. I'm not going to sugar coat it – messing with schedules is painful but we have to change the way we are doing it now.

Also, some personnel moves are going out today. See below.

THANK YOU ALL FOR WHAT YOU DO. YOU ARE AWESOME.

Chief

Safe Kids Partners,

It is time to plan for 2019 with our first meeting of the year! If you can attend we will be meeting on

February 5th from 9am- 10:30am at the Fire and Life Prevention offices at 1517 North Graham street. (this is not the headquarters office). Go a bit further on Graham and it is on the left.

Please let me know if you need any supplies and are coming to the meeting so I can bring them for you. Please bring ideas , upcoming programs , needs and desires as we plan at least the first half of 2019.

If you cannot attend in person, please just take a minute to jot down upcoming needs, programs, information for exchange and I will share it for you and include in the follow up email for all.

We had a LOT of changes in agencies and representatives so if I forget someone please forward.

Have a great day and thank you for all you do on behalf of the children of this community.

These are great images...Is it possible to have the suspect footage and incident information posted on FB? I have several individuals that live in that area that I am associated with and I will share it off of my page as well.

I spoke [redacted] who resides at [redacted] stated there has been an increase of suspicious activity around his house and his fellow neighbors houses. [redacted] stated that he believes the house located at [redacted] is dealing something illegal out of the residence because there are a lot of cars coming and going at all hours. [redacted] stated that he caught two males looking into his windows at his home. [redacted] stated the males took off when he approached them and got into a car that belongs to one of the people that resides at [redacted]

I advised [redacted] to always call 911 when he sees suspicious people and activity. [redacted] requested if Officers have free time to ride through the area frequently.

[redacted] contact number is [redacted]

Stay safe

Team,

Not sure who is the keeper of the shirts or if there are any extra. I did receive an XL, but it is an XL ladies & a little snug ☺ If none are available, I will go with Plan B. No jokes on how I wear the ladies XL.

Subject: Charlotte Safety School - Wednesday night set-up.

WARNING: This email originated from **outside** of Novant Health.
Do not click links or open attachments unless you recognize the sender & are expecting the message.

All,

Just 2 days until the golf tournament and pre-night set-up. Many of you will be at the golf course or have other Conference responsibilities so the following people have been identified to help with the Wednesday afternoon Vendor set-up at the Hotel. Approximately 3:00-3:30 start time. If we have enough people shouldn't take more than a couple of hours.

- Eddie Hawks
- Denise Kennedy
- Carrie Nguyen
- John Booth
- Biren Patel
- George Massey
- Dan Collins

If Eddie can bring the bags we will also stuff some literature in the bags and get the registration table area set-up.

Thanks,
Kevin

Subject: RE: Charlotte Safety School - Wednesday night set-up.

Kevin,

I just spoke with Dennis. The delivery to the office/store at 4115 Coca-Cola Plaza (Southpark) doesn't get there until Wednesday, so after 1:30 is when they'll need to be picked up.

Dennis is going to REPLY ALL to this email and copy Ralph (the person who manages the store), so we can call Ralph and pay over the phone, unless he indicates otherwise. Laura?

Thanks,
Jack

Subject: Charlotte Safety School - Wednesday night set-up.

All,

Just 2 days until the golf tournament and pre-night set-up. Many of you will be at the golf course or have other Conference responsibilities so the following people have been identified to help with the Wednesday afternoon Vendor set-up at the Hotel. Approximately 3:00-3:30 start time. If we have enough people shouldn't take more than a couple of hours.

- Eddie Hawks
- Denise Kennedy
- Carrie Nguyen
- John Booth
- Biren Patel
- George Massey
- Dan Collins

If Eddie can bring the bags we will also stuff some literature in the bags and get the registration table area set-up.

Thanks,
Kevin

I just spoke with Kevin he said that someone else is going to pick up the drinks.

I'm going to play golf.

Just 2 days until the golf tournament and pre-night set-up. Many of you will be at the golf course or have other Conference responsibilities so the following people have been identified to help with the Wednesday afternoon Vendor set-up at the Hotel. Approximately 3:00-3:30 start time. If we have enough people shouldn't take more than a couple of hours.

- Eddie Hawks
- Denise Kennedy
- Carrie Nguyen
- John Booth
- Biren Patel
- George Massey
- Dan Collins

If Eddie can bring the bags we will also stuff some literature in the bags and get the registration table area set-up.

Thanks,
Kevin

> >
> > 1. Drinks – Dennis Padgett from Coke is arranging for us to pick up the drinks at the Coke offices/store on Coca-Cola Plaza (Southpark) Tuesday, April 2nd. Tom Seifert offered to pick up the drinks but will need some assistance on loading and unloading at the hotel. Please see about getting Tom a couple of helpers. Also need to send someone with the CRSHC credit card to pay. I may show up to get the 10 cases of water donated for the golf tournament, unless Tom wants to keep them in his truck until Wednesday and bring to the course.
>
> Tom S. will take the lead on picking up around noon to be at the Coke building based on Dennis P. schedule. Laura will need to coordinate the

transfer of the credit card information. Let me know if I need to be involved as I was the one last year that made the transaction.

.

2. Signs – Can you ask Laura or Tara to make sure they have all the hole signs and conference banner to bring to the course Wednesday, April 3rd? No UL banner is needed.

   Please let me know if new signs may be needed; from our last meeting it was discussed that additional golf signage is not needed. To be discussed at Thursdays meeting of who will handle getting the signs to the course.

The course will take care of putting the signs pout, and hang the banner.

3. Mulligan Tickets – Please confirm the Laura will bring these (I know she will be there because she likes handling all the money!) I think we agreed to splitting the cash into 1 - $50 and 2 - $25 prizes. The rest will be split between me and Laura.

   Laura ?

4. Registration Desk – Laura should recruit a couple of assistants to help with managing check-in. I know she will; she collared me a few years ago to collect money when it was freezing at that course way out of the County. Laura, let me know if I can help.

5. Snacks – I can't remember who bought these, maybe Russell? Please confirm and coordinate. Don't. know – agenda item for Thursday meeting

6. Prizes – Try to solicit the board to provide some decent prizes from their companies….umbrellas, coolers, shirts, hats, golf balls, whatever….ALSO, need to coordinate with Russell on purchasing 8-10 items from Dick's that we can use as prizes (Laura will confirm the budget, Russell and I can go buy them if he still has the credit card.) Okay

7. IMPORTANT – Paul (? Last name) from Mann+Hummel offered to donate 2 - $100 Visa gift cards to use as prizes for the Long Drive and Closest-to-the-Pin. Please collect the cards if he brings them, or send me his contact and I'll call him. Per other emails; he has confirmed

8. Trophies – Shanna was ordering the trophies; please confirm they have been ordered and there is a plan to get them to the course on Wednesday morning. I think Shanna has ordered them per another email, although my notes from the last Board meeting indicated we decided not to order trophies this year. No problem though; Shanna please confirm the plan for trophies.
9. Food – I have confirmed with the course that we will be having the hamburger dinner after play ends at the pool clubhouse….same as always. okay

Sorry to ask you to handle this…..let me know if there is anything you need from me.
Free Beer

Thanks,
Jack

> Here are a few things to confirm at the meeting:

1. Drinks – Dennis Padgett from Coke is arranging for us to pick up the drinks at the Coke offices/store on Coca-Cola Plaza (Southpark) Tuesday, April 2nd. Tom Seifert offered to pick up the drinks but will need some assistance on loading and unloading at the hotel. Please see about getting Tom a couple of helpers. Also need to send someone with the CRSHC credit card to pay. I may show up to get the 10 cases of water donated for the golf tournament, unless Tom wants to keep them in his truck until Wednesday and bring to the course.
2. Signs – Can you ask Laura or Tara to make sure they have all the hole signs and conference banner to bring to the course Wednesday, April 3rd? No UL banner is needed. The course will take care of putting the signs pout, and hang the banner.
3. Mulligan Tickets – Please confirm the Laura will bring these (I know she will be there because she likes handling all the money!) I think we agreed to splitting the cash into 1 - $50 and 2 - $25 prizes. The rest will be split between me and Laura.
4. Registration Desk – Laura should recruit a couple of assistants to help with managing check-in.
5. Snacks – I can't remember who bought these, maybe Russell? Please confirm and coordinate.
6. Prizes – Try to solicit the board to provide some decent prizes from their companies….umbrellas, coolers, shirts, hats, golf balls, whatever….ALSO, need to coordinate with Russell on purchasing 8-10 items from Dick's that we can use as prizes (Laura will confirm the budget, Russell and I can go buy them if he still has the credit card.)
7. IMPORTANT – Paul (? Last name) from Mann+Hummel offered to donate 2 - $100 Visa gift cards to use as prizes for the Long Drive and Closest-to-the-Pin. Please collect the cards if he brings them, or send me his contact and I'll call him.
8. Trophies – Shanna was ordering the trophies; please confirm they have been ordered and there is a plan to get them to the course on Wednesday morning.
9. Food – I have confirmed with the course that we will be having the hamburger dinner after play ends at the pool clubhouse….same as always.

Sorry to ask you to handle this…..let me know if there is anything you need from me.

Thanks,
Jack

Importance: High

Kevin,

Tim and I are traveling in Florida next week and will not be able to make the meeting. Also, I have very limited days in Charlotte up until the school!

Here are a few things to confirm at the meeting:

1. Drinks – Dennis Padgett from Coke is arranging for us to pick up the drinks at the Coke offices/store on Coca-Cola Plaza (Southpark) Tuesday, April 2nd. Tom Seifert offered to pick up the drinks but will need some assistance on loading and unloading at the hotel. Please see about getting Tom a couple of helpers. Also need to send someone with the CRSHC credit card to pay. I may show up to get the 10 cases of water donated for the golf tournament, unless Tom wants to keep them in his truck until Wednesday and bring to the course.
2. Signs – Can you ask Laura or Tara to make sure they have all the hole signs and conference banner to bring to the course Wednesday, April 3rd? No UL banner is needed. The course will take care of putting the signs pout, and hang the banner.
3. Mulligan Tickets – Please confirm the Laura will bring these (I know she will be there because she likes handling all the money!) I think we agreed to splitting the cash into 1 - $50 and 2 - $25 prizes. The rest will be split between me and Laura.
4. Registration Desk – Laura should recruit a couple of assistants to help with managing check-in.
5. Snacks – I can't remember who bought these, maybe Russell? Please confirm and coordinate.
6. Prizes – Try to solicit the board to provide some decent prizes from their companies….umbrellas, coolers, shirts, hats, golf balls, whatever….ALSO, need to coordinate with Russell on purchasing 8-10 items from Dick's that we can use as prizes (Laura will confirm the budget, Russell and I can go buy them if he still has the credit card.)
7. IMPORTANT – Paul (? Last name) from Mann+Hummel offered to donate 2 - $100 Visa gift cards to use as prizes for the Long Drive and Closest-to-the-Pin. Please collect the cards if he brings them, or send me his contact and I'll call him.
8. Trophies – Shanna was ordering the trophies; please confirm they have been ordered and there is a plan to get them to the course on Wednesday morning.
9. Food – I have confirmed with the course that we will be having the hamburger dinner after play ends at the pool clubhouse….same as always.

Sorry to ask you to handle this…..let me know if there is anything you need from me.

Thanks,
Jack

Tom,
Thanks for the email and update.
I'm currently deployed to Afghanistan and I look to be back around that time frame.
Please keep me in the loop as I'll know sometime around middle of July as my timeframe dwindles down.
Of course I haven't played in a year but love the layout at CF.
Thanks

Jeff

Good morning Tom Seifert,

I hope you are doing well. I would love to host your group at the Courtyard and would be able to honor the North Carolina Government Rate of $130. Let me know if you would like to proceed in blocking rooms with us or if you have any questions.

I am looking forward to hearing back from you soon.

Best Regards,

Anja Kruger

Dear Tom Seifert,

I hope this email finds you well. Thank you very much for stopping by the Courtyard for your upcoming Law Enforcement Open. It would be a pleasure to host your group at our hotel! At this point we do have the availability and I am working on rates right now. I do apologize for the delay! I just wanted to touch base so you know I am still working on your block and I will have rates by tomorrow.

Let me know if you have any questions and I am looking forward to working with you.

Best Regards,

Anja Kruger

Subject: CRSHS Shirts

Good Morning Everyone! I am sending out this email to see if new board members need shirts provided to them and/or didn't obtain shirts from last year's conference. Just like last year, we will be wearing the white button up shirt on day one and the black Polo type shirt on the second day.

In the spirit of keeping costs down, it should be noted that only Board Members will be issued shirts. If you are an alternate board member (or a board member that doesn't get back to me in time), we ask that you wear your own black polo shirt and white button up. We will provide you with a name tag identifying you as a board member.

If you are in need of a shirt, please respond to me no later than 4:00pm on Thursday, February 28, 2019 (I.e. this Thursday).

Thank You.

Kevin and Dan,

Please look at the attached hotel request list. I need some help with a couple of names on the list. Who is "J. Abney"? Voted in as new Board member at last meeting from (SM&E) Also Kevin, I believe you said that Tom Seifert is no longer with the Mecklenburg Sheriff, so I need his new address tseifert@huntersville.org. I'm assuming he's staying on the Board? He's interested but needs to confirm with his new boss. Is Matt Losh still with the Board and if so, Please remind me who he's with. He was Ted's back-up when Ted was sick. I believe Ted said he is no longer considered a board member? Additionally, did we discuss Victoria Cross at our last meeting not participating since our last conference and therefore was being considered to be removed from the Board? It was discussed that she and a few others are not active and should be dropped from the Board. A decision will be made in conjunction with the by-law review. (Meeting to be after the Conference).

I'll send out the last meeting minutes later today (hopefully).

Sorry for so many questions so early in the morning, but I want to try and fine tune this by Thursday's meeting.

Thanks,

Bob K.

If you have any questions, let me know.

Janet

[redacted]

Police Patrol Officer Training Program (PTO)

To begin, ISS reviewed the Police Training Officer program used by the Huntersville Police Department. The PTO program is divided into five phases. The first phase is three weeks with each recruit being assigned to the department's police training coordinator (field training). During this orientation phase, the officer in training (OIT) covers topics such as employee benefits, critical department directives and town personnel policies and procedures, use of force including firearms, expandable baton, OC spray and Taser, community policing and problem-solving, and the mobile data computer and departmental technology. Additionally, the OITs observe Communications, the Criminal Investigations Division, Records, school resource officers, traffic safety and other critical areas of the department. The OIT tours town facilities, other criminal justice agencies, hospitals, and other appropriate facilities. The OIT is provided an overview of the Commission on Accreditation for Law Enforcement Agencies (CALEA), the department's vision, mission and values, and ethics.

During the orientation phase, the OIT is introduced to the PTO application software that accounts for a trainee's relevant daily training activities and learning progress through daily progress journals. Topics for journals include performance strengths and areas for improvement, debriefings on calls for service, and dialogue on selected exercises.

The OIT enters calls for service with a brief summary of the incident. The OIT then completes a section describing his or her thoughts on the areas in which he or she did well each day, as well as in what areas the OIT feels improvement is needed. The PTO also adds his or her comments for each section, following the comments the OIT made regarding actions they feel they performed well and the areas in which the OIT thinks he or she needs improvement. The OIT has access to the PTO application program and these journal entries to review for feedback.

Phase A focuses on non-emergency incidents and calls for service and is for four weeks. The OIT deals with incident responses to non-emergency calls for service and police vehicle operations. The OIT is primarily an observer, with the PTO providing an orientation for such areas as conflict resolution, use of force, local procedures, policies, laws, organizational philosophies, report writing, leadership, problem-solving skills, cultural diversity and special needs groups, laws, individual rights, officer safety, communication skills, ethics, and lifestyle stressors and self-awareness.

Phase B lasts four weeks and concentrates on emergency incident response. The OIT becomes more "hands on" by becoming more involved in incidents and calls for service. The core

CONFIDENTIAL PERSONNEL INFORMATION

[redacted]

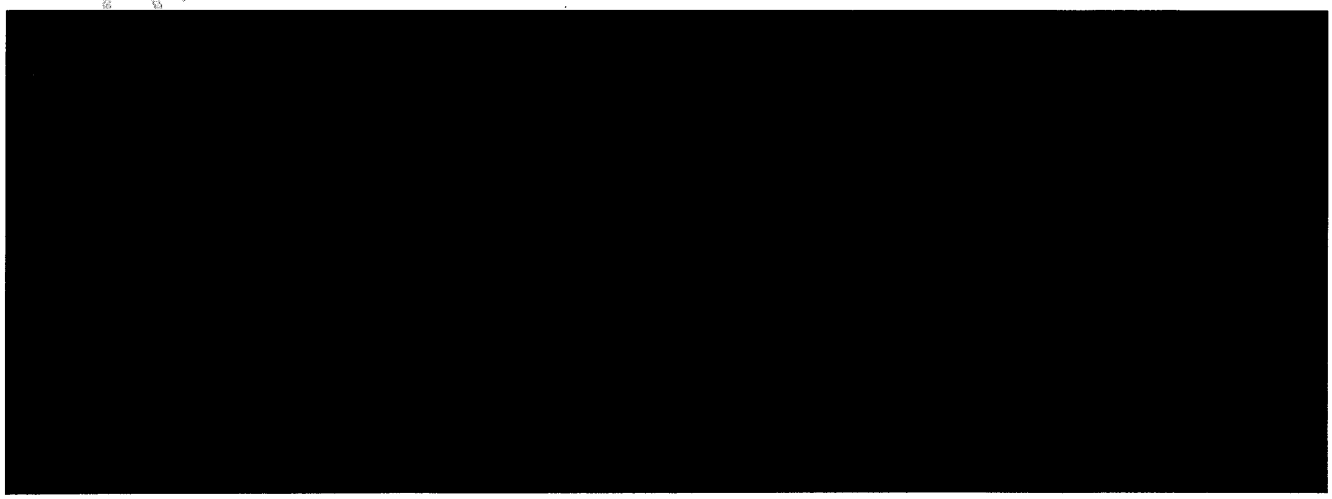
competencies remain the same as in Phase A, but the OIT begins to handle the calls for services and incidents him or herself and progresses toward becoming self-functioning. At the end of Phase B, the OIT is assigned for approximately one week, a minimum of two 12-hour shifts, with a Police Training Evaluator (PTE), who completes a midterm evaluation of the OIT's performance, including a driving evaluation.

Upon successful completion of Phases, A and B and the midterm evaluation, the OIT next moves to Phase C for four weeks, which focuses on patrol activities. Again, the same core competencies are the focus of Phase C. The OIT continues to progress in becoming an independent police officer as the PTO handles less on calls for service, and the OIT moves towards handling the call for service or police incident as a solo unit.

The last training phase, Phase D, concentrates on criminal investigations and evaluating the OIT to determine whether the OIT is ready to release from training. The OIT is reassigned to his or her first PTO for evaluation to observe the OIT's progress since beginning of the training to the last phase, Phase D. The core competencies or training focus areas remain the same. In Phase D, the roles are reversed. The PTO stands in the shadow of the OIT, with the OIT handling the calls for service or police incidents as a self-functioning solo police officer.

At the end of Phase D, the OIT is assigned to another PTE who conducts a final evaluation for a maximum period of one week and a minimum of two 12-hour shifts. As part of the evaluation, and with the recommendation of the PTE, the OIT will present his or her Neighborhood Portfolio Exercise (NPE) to the Board of Evaluators (BOE), who will make the final determination to release the OIT from the PTO program to function as an independent police officer.

The standard length of the Police Training Officer program is fourteen (14) weeks, not including the orientation phase and evaluation weeks, in accordance with established police training guidelines (see **EXHIBIT #59**). The Department may authorize a longer or shorter period of training depending upon the qualifications, experience, and demonstrated ability of the recruit officer to satisfactorily perform all essential job functions. In cases of experienced, lateral transfers, the Patrol Operations Bureau Commander or designee, through the training Chain of Command, can make recommendations to the Chief of Police to reduce the scope of phases of the PTO program, if it is in the best interest of the recruit and department. The PTO program will consist of field training of at least 160 hours for all trainees, during and/or after the required classroom training.



[redacted]

Recommendations

[redacted] The subject [redacted] rather than operational; however, operational issues were sometimes referenced when they surfaced peripherally or in conjunction with pertinent [redacted] issues. A crucial link exists between managing a police department and its operational effectiveness, and deficiencies in the former will unavoidably result in problems with the latter.

During this investigation, ISS conducted over 50 interviews of employees with historic knowledge of the Huntersville Police Department and its operations. [redacted] foster a discussion of operational issues and often serve as the foundation or beginning point for an internal audit for a law enforcement agency to review its operations and to consider reorganizing the department aimed at the continual reduction of crime, increased accountability to the community and, improved community interaction and safety. Even a "well-oiled agency" should review its operational efficiency periodically to ensure it is functioning at its most efficient and effective point. ISS makes the following recommendations for consideration.

[redacted]

Performance-Based Policing: Staffing and Workload Analysis

[redacted]

Over the last several years, Huntersville has experience tremendous growth in the community including new residential communities popping up all over, major businesses moving into the town, increased and traffic, taking over policing the extraterritorial jurisdictions (ETJs) and congestion from I-77 and I-485, all impacting the department's resources and the delivery of police services. These and many other variables impact police staffing and resources levels, which in return, influence the department's ability to deliver quality policing. All these factors should be reviewed periodically to determine the staffing and resources required to deliver police services.

Police departments tend to focus attention to recruitment, retention, and how to maintain police budgets and current staffing, while concentrating less on considering the changing demand for police services and ways to manage these demands. Police agencies need to take into account workload and performance objectives as well as the department's approach to community policing when determining appropriate staffing levels for all areas of the department. Community policing significantly impacts staffing allocations and deployment of resources. A performance-based approach and allocation of resources will address the issues raised by the officers about problems with patrol staffing during this administrative investigation.

Past staffing models mirrored approaches to reduce rising crime and the number of officers and support personnel necessary to do so. Later models, while intending to improve police efficiency, failed to consider the discretionary time required for community policing. Current performance-based models cogitate community-policing requisites, but can require difficult decisions like defining response times acceptable to both the department and community. The only comprehensive approach to determining proper staffing levels considers historical workload data such from calls for service. This approach analyzes and determines staffing needs based upon actual workload demand while accounting for service style preferences and other factors the Huntersville Police Department would like to consider in tailoring its approach to policing.

Performance-based policing encompasses a myriad of variables. Some of those to consider included examining the distribution of calls for service by hour of day, day of week, and month since calls for service differ by hour of the day, day of the week, and month of the year. Knowing when peak call times occur can help agencies determine when they must have their highest levels

[redacted]

CONFIDENTIAL PERSONNEL DOCUMENT

of staff on duty. The types of calls are key to determining proper staffing as each type of call mandates different resources, time spent on the call, and follow up time. Also included in the calls for service data is determining how long the call takes from the time the phone rings in the emergency center until the officer clears the scene after completing all administrative tasks such as police reports and arrests. Furthermore, response times is one key component in determine staffing levels. What is the department and community's expectations as how long it should take for an officer to arrive on scene and which calls should be handled by an alternative response rather than sending an officer to each call.

Another consideration in police staffing is the shift-relief factor that shows the relationship between the maximum number of days that an officer can work and in fact works. Knowing the relief factor is necessary to estimating the number of officers that should be assigned to a shift to ensure that the appropriate number is working each day at the right hours. These factors include the number of hours worked, vacations, holidays, sick, training, and personal days.

The Huntersville Police Department might consider establishing officer performance objectives, which determines what portion of an officer's shift should be devoted to calls for service and what time to other activities. Of the officers interviewed during this investigation, several said expectations for patrol officers during shift are not clear, varying by supervisors, especially for officer initiated zone checks. Some staffing models include officers spending 50 percent of their shift on citizen generated calls and 50 percent on discretionary activities.

Most twelve-hour staffing models have the same number of officers working both shifts, usually a day and night shift. Workloads are not equal at 3:00 a.m. Sunday morning as they are Friday night at 7:00 p.m. Performance-based policing models distribute officers according to workload demands. Shifts are not staffed equally but instead, staffing varies by the type of calls, and the time officers require on each shift. Performance-based policing also considers overlapping shifts as opposed to standard shifts when peak workload demands additional staffing.

Performance-based policing and workload analysis also is a good way to determine staffing for other units within the Huntersville Police Department such as investigations, traffic, vice and narcotics, communications, and other supporting units. The workload-based approach has some limitations as it relies heavily on averages generated from historical data as estimates. It works best for communities with medium size police agencies or larger versus smaller agencies, but still provides a much better foundation to determining the appropriate level of policing required for deterrence, rapid response, and officer safety, and then adjust numbers of officers accordingly.

Reorganization of the Department

In conjunction with a workload and staffing analysis, the Huntersville Police Department should consider reorganization of the department. [redacted] Police reorganization looks at all aspects of the department and makes adjustments accordingly to

[redacted]

CONFIDENTIAL PERSONNEL INFORMATION

correspond to current police resource demands. All departments should look at reorganization periodically because of the changes in the community affecting the delivery of police services. Some factors to consider in reorganizations include redrawing the response zone boundaries to align with the changes in the community. For example, Walmart moving into Huntersville probably impacted the workload for that response area. Assuming policing for the ETJs, new housing developments, additional schools and businesses, all affect the demand for policing resources. By realigning the response areas boundaries to correspond and balance to calls for service equally, along with considering the many other variables in a reorganization, ensures better distribution of workloads, increased response times, and overall, better police services for the community.

Patrol Officer Training Program

[redacted] the current PTO program is adequate in training both officers entering policing for the first time after completing BLET and for lateral transfer officers with experience. Several themes surfaced during the interviews. First, [redacted] the administrative paperwork for the daily progress journals is cumbersome, time demanding, and repetitive. [redacted] the administrative side of the PTO program took time away from time in the field for the trainees, but understand the need for documentation. In addition, [redacted] the problem-solving project required at the end of training is too time consuming for a recruit who is learning how to be a police officer the Huntersville way and should be moved towards the end of the trainee's first year before probationary status ends. Additionally, [redacted] the Coaching Training Reports and the Problem Based Learning Exercises were repetitive, too long, and required too much time that could be spent better in the field.

Subject : Request for helping with a 2040 Plan push
Attachment : image001.png;

Steering Committee and Plan Ambassadors,
We had great turn out at the walking tour this morning and received really good feedback at the public workshop last night. The rain may have kept some folks in last night so we really want to push the two events planned for tomorrow. Please share the upcoming events and/or attached flyer with your friends and neighbors by posting on social media, sending emails and making some phone calls.

Coffee At the Studio | Wednesday, February 26th, 8-10am, Arts and Cultural Center |
https://www.facebook.com/events/857153178102281/
Come get some free coffee and tell us your priorities for the Huntersville 2040 Community Plan. Members of the project team will be at the Arts and Cultural Center from 8am to 10am tomorrow (Wednesday, February 26th) to gather input.

Public Review Meeting | Wednesday, February 26th, 6-8pm, Duke's Water Treatment Plant |
https://www.facebook.com/events/188155408928239/
Come hear what other folks are saying about the future of Huntersville and share your vision at the public meeting scheduled for Wednesday night from 6-8 pm at the Duke's Water Treatment Plant (7980 Babe Stillwell Farm Rd, Huntersville, NC). There will be a short presentation at 6:30 and opportunity to provide your input before and after. There will also be snacks and activities for kids.

Subject : Revenue sources

Jackie,

Which taxes/revenue sources listed in the budget does Huntersville directly control the rates? We set our own property tax rate and vehicle fee, but which others do we directly control? I am interested in what impact, if any, the sharing economy has had on Huntersville revenues - i.e., do we directly control or have any impact on setting rates for hotel/motel taxes and rental vehicle taxes?

Thanks,

Eric Rowell

Subject : Signs

Mr. Simoneau,

Campaign sings are already appearing. If someone already sent you this question, please feel free to fwd me your response. But - a) does town zoning ordinance 10.10.9 re signs apply to private property (i.e., can people put up campaign signs whenever they want as long as it's in the middle of their private yard)?, and b) our election doesn't have a primary, so is there any impact on our prohibition of signs until 30 days before early voting (i.e., some are claiming bc of state and Charlotte races ongoing where voting is already taking place, Huntersville rules don't apply and signs can already go up)?

Any assistance/clarification would be appreciated because I don't want to have to see these signs one day longer than absolutely necessary.

Regards,

Eric Rowell
Huntersville

Subject : Signs

Mr. Simoneau,

Can you please help me understand Zoning Ordinance section 10.10.9 better, specifically subsections b), c), and d)?

- b) *No signs shall be permitted in the right-of-way of a fully controlled access highway.* - What is a fully controlled access highway? Could you give me an example of this type of highway in town?

- c) *Signs shall be no closer than 3 feet from the edge of pavement of the road,* - Are there any roads in town this subsection wouldn't apply to? e.g., roads/streets in a shopping center?

- d) *Permission shall be obtained from any property owner fronting the right-of-way where a sign is erected.* - Does the town have any current way to track whether permission has been obtained from property owners where signs are placed, or would this only come up in the event of a dispute? And does this subsection apply to properties owned by government entities as well as private owners?

Any assistance would be appreciated. We can schedule a quick call later today if it would be easier to respond via phone.

Thank you,

Eric Rowell

- Appendix

Purpose of the HEOSC

On October 15, 2018, Huntersville Commissioners established the Huntersville Educational Options Study Commission.

The Commission was established to evaluate options available to the Town of Huntersville to reduce overcrowding within the public school system in Huntersville. Those options, presented based on ease of implementation, are:

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Dividing the Charlotte Mecklenburg LEA into smaller LEAs

Capital Needs Assessment Summary - Huntersville

1. Assessing Huntersville growth only, one elementary school will be needed by 2025, two elementary schools by 2030, and a middle school and high school by 2035.
2. Huntersville school age children will need ***23 additional classrooms by 2020***, and capacity will be constrained without significant re-assignment of Charlotte students out of Huntersville schools or the equivalent of a mid-sized Charter school in Huntersville.

	Avg School Capacity	2020	2025	2030	2035
Huntersville Population					
Elementary School	776	0.3	1.3	2.2	3.5
Middle School	1093	0.1	0.4	0.6	1.0
High School	2053	0.1	0.3	0.5	0.7

	Optimal School Size	2020	2025	2030	2035
Huntersville Population					
Elementary School	700	0.3	1.4	2.4	3.9
Middle School	1100	0.1	0.4	0.6	1.0

Huntersville Population					
Elementary School	700	-0.3	0.7	1.8	3.2
Middle School	1100	0.0	0.2	0.5	0.9
High School	1500	-0.1	0.2	0.5	0.8
Estimated Construction Cost	in millions	$0	$25	$155	$180

Option 1: Do Nothing

- Continue with the status quo allowing CMS to solve for overcrowding as they see fit

Option 1: Do Nothing

Objective: Continuing with the status quo where CMS addresses overcrowding and capital needs on their terms and timeframes

PROS

- No pushback either legislatively or legally
- No monetary cost to the town
- No required effort from town officials

CONS

- No real, long-term solution for overcrowding, especially with the forecasted population growth
  - **1896 students by 2025**
  - **3327 students by 2030**
  - **5302 students by 2035**
- No new classroom buildings in our region for at least 15 years
- No equitable distribution of resources for North Mecklenburg schools
- Continued strain in the relationship between North Mecklenburg and CMS

Option 1: Do Nothing

Objective: Continuing with the status quo where CMS addresses overcrowding and capital needs on their terms and timeframes

PROS

CONS

- Ongoing concerns about overcrowding can deter economic development/expansion in the region
- Continue to fund the capital needs of CMS outside of the Lake Norman area

Option 2: Partner with CMS

- Create a collaborative educational partnership between the Town of Huntersville and CMS

Option 2: Partner with CMS

Current Partnering Agreements (Joint Use Agreements)

- Alexander Middle School- 12010 Hambright Road
- Barnette Elementary School Gym- 13659 Beatties Ford Road
- Bradley Middle School- 13345 Beatties Ford Road
- Huntersville Elementary School- 200 Gilead Road
- Torrence Creek Elementary School- 14550 Ranson Road

Represents a total investment by the Town of Huntersville of $1,170,159

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

- No legislative requirement at state or county level
- Potentially more cost effective than other options
- Utilizes resources already in place with CMS – transportation, staff, food service, specialists, etc.
- Less divisive – public entities working together toward a common goal of positive educational outcomes
- Potential ability to influence rubric going forward

CONS

- Uncertainty of future improvements in our area
- Long timeline to solutions or results.
- No guarantee that any future elected political entities honor any prior negotiated deals
- Differing opinions and perspectives will still be present between Huntersville and CMS
- Potential loss of magnet school options under MEAC reassignment suggestion

Option 2: Partner with CMS

Objective: Create a partnership between the Town of Huntersville and CMS that promotes a quality and efficient educational experience for Huntersville students in school buildings that meet current and future capacity needs.

PROS

CONS (continued)

- No control over where CMS draws lines for student assignment. This can negatively impact property values and business development.
- Lack of firm foundation on which to build a successful partnership
- Continued lack of local control over education
- We do not agree with the CMS definition for capacity as we do not consider modular classrooms a good solution.
- Uncertainty of site selection and bond assignments based on current rubric and definitions of overcrowding

Option 2: Partner with CMS

Sources of Leverage:

- Land – current town-owned land is limited with no viable locations, possible developer incentives with future developments (i.e., trade land to build a school for revised density requirements).
- Financial incentives to partner in building new facilities as the town has with previous JUAs. Town can offer to pay for athletic fields, playgrounds, gyms, theaters, etc., for new buildings in our town.
- Town of Huntersville can agree to enact a binding resolution guaranteeing a 15 year moratorium on enacting any section of SL2018-3 as outlined in the CMS Municipal Concerns Act.
- Any group of citizens can follow the traditional charter school route outside of HB 514.

Option 3: Operate a stand-alone Municipal Charter School

Background on House Bill 514

Governance Structure

- Municipality's governing body can serve as ex officio board or appoint one to govern its municipal charter school
- NC Office of Charter Schools provides technical assistance, guidance and training to municipal charter schools, as part of its duties

Municipal charters can prioritize enrollment to students in the municipality

Employment requirements

- Municipal charters can employ teachers provided
  - at least 50% hold teaching licenses
  - All teachers of core subjects (science, math, social studies, language arts) are college graduates
- Municipal charters can employ/discharge others to perform non-teaching duties
- Municipal charters' employees can participate in the state retirement and health system for teachers and state employees

Sources: https://www.ncleg.gov/Sessions/2017/Bills/House/PDF/H514v7.pdf
https://content.govdelivery.com/accounts/NCSBE/bulletins/224f427

Option 3: Operate a stand-alone Municipal Charter School

Estimated Timing

- 1 year approval process after application submitted
- 1-3 years after approval received to id/ready/retrofit location, hire/train staff, order supplies, advertise for students, etc.
- Total timetable 2-4 years minimum to open school
- Therefore, earliest opening likely Fall 2022

Sources:
https://www.ncleg.gov/Sessions/2017/Bills/House/PDF/H514v7.pdf
https://content.govdelivery.com/accounts/NCSBE/bulletins/224f427

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Promotes local control and increases parental choice
- Operational expenses fully funded through existing revenues
- Local decisions made by local leaders; better planning/cooperation with Town of Huntersville
- Prioritizes enrollment for town children
- Reduces bureaucracy increases efficiency, and lowers administrative costs

CONS

- Risk alienating local LEA
- Law may be changed/repealed to be less favorable; (e.g. charter cap)
- Legal challenges may occur
- Uncertainty over funding and perception of double taxation
- High initial liquidity needs and upfront expenses
- Siting/land issues, inability to fund land purchases without legislative change.

Option 3: Operate a stand-alone Municipal Charter School

PROS

- Provides potential for higher standard/more flexible curriculum and enhanced instructional practices
- Potential to relieve overcrowded schools
- Large pool of diverse potential charter school board members in North Mecklenburg from various educational/workforce backgrounds

CONS

- No guarantee for Charter approval
- estimated timeframe of 2-4 years for Charter school to open

Option 3: Operate a stand-alone Municipal Charter School

Sources of Leverage:

- Town's financial condition and bond rating may assist Municipal Charter School with capital/liquidity funding
- Local developers may find trade of land for school in return for higher density an attractive proposition
- May generate positive parental response resulting in high demand for seats in the school

Option 3: Operate a stand-alone Municipal Charter School

Town Board Considerations:

- Determine viability of financing/sources of capital
- Determine availability and upfit of existing leasable space
- Consider partnering with Cornelius (and Davidson) to share resources
- Determine additional legal and political challenges

Option 4: Partner with an Existing Charter School

Option 4: Partner with an Existing Charter School

PROS

- Financial economies of scale from shared resources of operating expenses, such as administration, employment, and transportation
- Knowledge and experience of application and establishment process
- Benefitting from established, successful educational curriculum
- Local brand recognition based on reputation of partnering school
- Avoid learning curve associated with start-up process for school

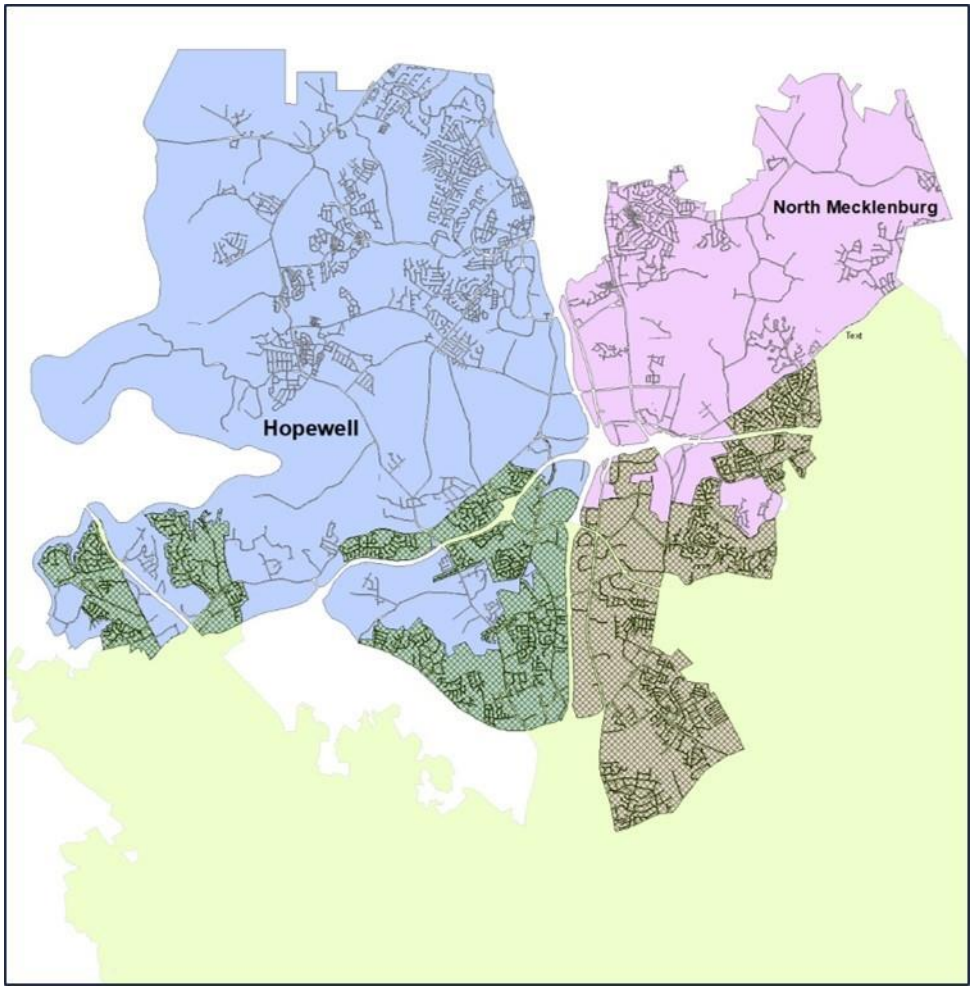
CONS

- Loss of total control over municipal sponsored charter school
- May not receive interest from preferred partner charter schools

Option 5: Dividing the Charlotte Mecklenburg LEA into smaller LEAs

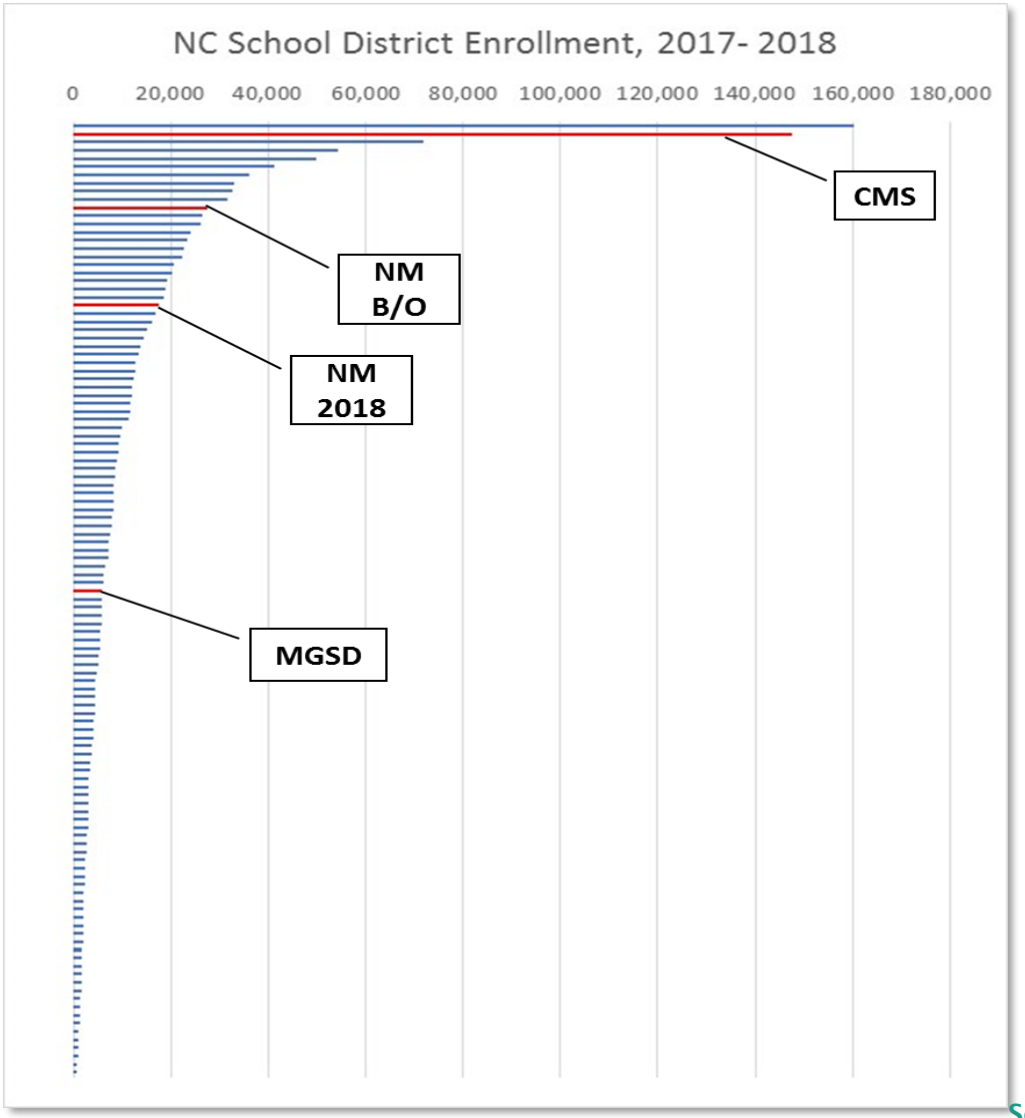
Definition & Assumptions

- Create a new school district separate from CMS
- Current CMS school assignment borders unchanged
  - Minimal disruption
  - Preserves diversity
  - Engages Charlotte positively



Source: CMS

Comparison to Existing LEAs



- At current enrollment a North Meck LEA would be the 23rd largest school district in NC
- At buildout a North Meck LEA would be the 11th largest school district in NC

Source: "Size of Local School Districts", Joint Legislative Study

Huntersville Capital Needs Assessment – LEA Option

1. Adding in the over/under-utilization of the Huntersville schools does make a material difference in the school needs for Huntersville students
2. Huntersville school age children will need one additional elementary school by 2025, 3 elementary schools, 1 middle school and 1 high school by 2035.

Analysis assumes correction of current over utilization vs. planned enrollment in existing N. Meck Schools

Current Over/Under Utilization	+ kids	# classrooms
N. Meck Elementary Schools	-193	-10
N. Meck Middle Schools	416	21
N. Meck High Schools	500	25

Option 5: Dividing Charlotte Mecklenburg LEA into smaller LEAs

PROS

- cost - likely less expensive and more cost effective to operate than CMS
- property tax dollars used for education would stay local and benefit local students
- maximize money spent on education/learning instead of on educational bureaucracy
- greater parental choice, greater educational options in North Mecklenburg
- overcrowding/capacity problem relieved sooner than waiting on a solution from CMS
- greater flexibility with curriculum and addressing concerns of parents than with CMS

CONS

- even at 30-35k students, still far above the national average school district size
- cost - (both strength and weakness) far higher than a single municipal charter, but likely still more cost-efficient than CMS
- commercial tax base less without contributions from commercial property in Charlotte, potential greater burden on North Mecklenburg homeowners
- uncertainty over costs/taxes/curriculum etc resulting in more difficulty in making the case to the public and elected officials to pursue this option

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEAs

PROS

- More actual (not just perceived) local control of education
- More input for all stakeholders (parents, teachers, and staff)
- Studies and testimony presented support smaller districts as more efficient, while a possible North Meck LEA could still be large enough to take advantage of economies of scale
- easier access to school leadership
- more accountability of school leadership/teachers
- more permanent nature of a smaller LEA as opposed to just a single municipal charter, a smaller LEA would be a better long-term solution

CONS

- "regional" approach to education does not currently include Davidson
- potential zoning issues based on multi-jurisdictional district
- capital funding and land acquisition - still too many unanswered questions about what the town can/cannot do, plus dealing with the practical problem of finding suitable land

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEAs

Town Board Considerations - Opportunities

- Not a short term solution to overcrowding
- Will need to muster the political will to pursue
- Convincing teachers of a better teaching environment in a smaller district
- Political makeup of a new school board - more receptive / responsive to voters in North Mecklenburg
- More/better focused growth and data projections, working closer with the Town planning staff on demographics / growth trends etc
- Regional approach to education would benefit not just education, also planning efforts
- Start the dialogue statewide over what the right size of a school district size even if this option not pursued by the town (s)
- Help set the template for how this option could be replicated in other areas of the state with similar concerns

Option 5: Dividing Charlotte Mecklenburg LEA into a smaller LEA

Town Board Considerations - Threats

- Any agreement to deconsolidate must come from NCGA, which is unlikely at this time
- Education policy continues to become more partisan, not less, so any large-scale solution is unlikely
- The sheer logistics / dynamics alone for such a change to the status quo how to unwind CMS, what to do with CMS assets in North Mecklenburg, would a constitutional amendment be necessary, etc?
- Political instability - locally and in Raleigh
- Potential lawsuits - who would bear the costs?
- CMS - unlikely to cease opposition efforts to change the status quo

Summary and Considerations

Summary and Next Steps

Based on the projection of the current and future facilities needs of the Huntersville and North Mecklenburg student population, and feedback received during the April 29, 2019 Public Input meeting, the HEOSC will finalize their findings of the 5 Options available to the Town of Huntersville to address future educational needs.

1. Do Nothing
2. Partner with CMS
3. Open and Operate Municipal Charter School(s)
4. Partner with an Existing Charter School
5. Create a New LEA

Final report date May 20, 2019

Appendix

Option 3: Operate a stand-alone Municipal Charter School

Potential Outcomes:

- Could be elongated start-up timetable, but once fully operational, becomes longer term solution to alleviate overcrowding issue for the Town
- Creative financial solutions will be needed to address significant initial liquidity needs and upfront costs
- Can learn from local charter schools as demonstrated models of excellence
- Demonstrating best practices in options for alternatives in public education
- Could lead to increased ability to be an incubator for other charter school startups in the Lake Norman Region
- May strain relationship with local LEA

Option 3: Municipal Charter School Huntersville Operating Budget Assumptions

- Municipal charter school of 1,500 students with 3 year ramp up
- EC students 13% of student population
- Approximately 1-2% annual increase in $/ADM
- Approximately 1-2% annual increase in expenses
- Rent expense based on $12/sq ft, 100,000 sq ft building

Potential Diversity Statistics using LNC

	Total Population	Asian	African-American	Hispanic	2+ Races	Caucaisan
Elementary School	399	10%	14%	6%	7%	64%
Middle School	799	9%	12%	7%	7%	66%
High School	805	5%	15%	4%	4%	71%
Total LNC	2,003	8%	13%	6%	6%	68%

Key Takeaways:

- Diversity of Municipal Charter School should mirror the demographics of the Lake Norman area
- Used Lake Norman Charter demographics from 2017-2018 as a proxy to estimate potential demographics of Cornelius Municipal Charter School

Huntersville Operating Budget

MUNICIPAL CHARTER SCHOOL							Base
FYE 6/30							
ADM (student population)	750	1,125	1,500	1,500	1,500	1,500	1,500
INCOME STATEMENT (000s)	**YEAR 1**	**YEAR 2**	**YEAR 3**	**YEAR 4**	**YEAR 5**	**YEAR 10**	**YEAR 15**
Total Revenues	6,660	9,172	12,289	12,468	12,650	13,600	14,625
% chg	*0.0%*	*37.7%*	*34.0%*	*1.5%*	*1.5%*	*1.5%*	*1.5%*
Salaries/Benefits	5,418	6,461	7,665	7,789	7,916	8,583	9,308
% of Revenues	*81.4%*	*70.4%*	*62.4%*	*62.5%*	*62.6%*	*63.1%*	*63.6%*
Rent	1,080	1,102	1,124	1,146	1,169	1,291	1,425
Other Operational Expenses	1,381	1,580	1,824	1,848	1,872	1,999	2,135
Total Expenses	7,879	9,142	10,612	10,783	10,957	11,876	12,877
% chg	*0.0%*	*16.0%*	*16.1%*	*1.6%*	*1.6%*	*1.6%*	*1.6%*
Operating Income	(1,220)	29	1,677	1,685	1,692	1,724	1,748
Operating Income Margin	-18.3%	0.3%	13.6%	13.5%	13.4%	12.7%	12.0%

Key Takeaways:

- Need **$1MM+** to open municipal charter & fund its initial operations plus liquidity needs
- Once fully operational, school can operate at better than breakeven
- Outside of salaries/benefits, rent biggest single projected expense

Option 3: Municipal Charter School Capital Needs Assessment

For the Municipal Charter School Option:

1. Assessing Cornelius growth only, no complete ***new schools*** are needed by 2035 using either avg school capacity or optimal school size assumptions.
2. Cornelius school age children will need ***additional classrooms by 2020***, and capacity will be constrained without significant re-assignment into Huntersville schools or by adding the equivalent of a small to mid-sized Charter school in Cornelius

	AVG School Capacity	2020	2025	2030	2035
Cornelius Population					
Elementary School	776	0.1	0.3	0.5	0.5
Middle School	1093	0.1	0.1	0.2	0.2
High School	2053	0.0	0.1	0.1	0.1

	Optimal School Size	2020	2025	2030	2035
Cornelius Population					
Elementary School	700	0.1	0.3	0.5	0.5
Middle School	1100	0.1	0.1	0.2	0.2
High School	1500	0.1	0.1	0.2	0.2

	2020	+ kids	# classrooms	2025	+ kids	# classrooms	2030	+ kids	# classrooms	2035	+ kids	# classrooms
Cornelius Population	34,248			37,124			40,000			40,000		
Elementary School	1,554	95	5	1,684	225	11	1,815	356	18	1,815	356	18
Middle School	907	55	3	984	132	7	1,060	208	10	1,060	208	10
High School	1,312	80	4	1,422	190	10	1,533	301	15	1,533	301	15
Cornelius School Pop Total	3,773	230	12	4,090	547	27	4,407	864	43	4,407	864	43

*Assessment of capital needs based on optimal school size

Option 4: Partner with an Existing Charter School

Sources of Leverage:

- Town's ability to assist Charter School with capital funding sources
- Town's ability to assist and prioritize Charter School with additional field space
- Ability for Charter School to expand and offer seats to wait listed students

Potential Outcomes:

- Faster Start-Up
- Higher quality staffing
- Leverage proven Managing Director and curriculum

LEA Option Analysis Assumptions

1. Uses current total N. Meck boundaries for CMS schools
2. All schools located in Davidson/Cornelius/ Huntersville would be assigned to the new LEA
3. All schools will use "planned enrollment" at 20 students/classroom as the student population

						Students Enrolled From:									
School	School Type	Municipality	Planned Enrollment	Over/ Under Plan	Total Enrollment	Cornelius		Huntersville		Davidson		Charlotte		Out of County	
Cornelius Elementary	Elementary	Cornelius	780	-132	648	634	97.8%	4	0.6%	1	0.2%	7	1.1%	2	0.3%
JV Washam Elementary	Elementary	Cornelius	780	339	1119	796	71.1%	272	24.3%	32	2.9%	12	1.1%	7	0.6%
Bailey Middle School	Middle	Cornelius	1140	562	1702	845	49.6%	509	29.9%	343	20.2%	4	0.2%	1	0.1%

NOTICE OF PUBLIC HEARING ON EXTENSION OF BOND ORDER AUTHORIZING THE ISSUANCE OF $7,150,000 GENERAL OBLIGATION PUBLIC IMPROVEMENT BONDS OF THE TOWN OF HUNTERSVILLE, NORTH CAROLINA

WHEREAS, the Board of Commissioners (the "*Board*") of the Town of Huntersville, North Carolina (the "*Town*") has ascertained and hereby determines that it is necessary to pay the capital costs of public improvements in the Town, including the construction of firefighting facilities, improvements to existing administration and public safety facilities and the construction of streetscape and pedestrian improvements, sidewalks, curbs, gutters, drains, bridges, overpasses, underpasses and grade crossings, lighting and traffic controls, signals and markers; and acquiring land, rights-of-way and easements required for any of the foregoing; and

WHEREAS, an application has been filed with the Secretary of the Local Government Commission of North Carolina (the "*Commission*") requesting Commission approval of the General Obligation Public Improvement Bonds hereinafter described as required by the Local Government Bond Act, and the Town Clerk has notified the Board that the application has been accepted for submission to the Commission.

NOW, THEREFORE, BE IT ORDERED by the Board of Commissioners of the Town of Huntersville, North Carolina, as follows:

Section 1. In order to raise the money required for the purposes described above, in addition to any funds which may be made available for such purposes from any other source, General Obligation Public Improvement Bonds of the Town are hereby authorized and shall be issued pursuant to the Local Government Finance Act of North Carolina. The maximum aggregate principal amount of such General Obligation Public Improvement Bonds authorized by this order shall be $7,150,000.

Section 2. A tax sufficient to pay the principal of and interest on said General Obligation Public Improvement Bonds when due shall be annually levied and collected.

Section 3. A sworn statement of the Town's debt has been filed with the Town Clerk and is open to public inspection.

Section 4. This bond order shall take effect when approved by the voters of the Town at a referendum scheduled for November 6, 2012.

The foregoing order took effect on November 6, 2012. Anyone who wishes to be heard on the question of whether the maximum time period for issuing bonds under such order should be extended from seven years to 10 years after such date may appear at a public hearing or an adjournment thereof to be held at 3:00 p.m., or as soon thereafter as practicable, on September 23, 2019 at Town Hall, 101 Huntersville-Concord Road, Huntersville, North Carolina 28078.

Town Clerk

NOTICE OF PUBLIC HEARING ON EXTENSION OF BOND ORDER AUTHORIZING THE ISSUANCE OF $17,850,000 GENERAL OBLIGATION STREET BONDS OF THE TOWN OF HUNTERSVILLE, NORTH CAROLINA

WHEREAS, the Board of Commissioners (the "*Board*") of the Town of Huntersville, North Carolina (the "*Town*") has ascertained and hereby determines that it is necessary to pay the capital costs of constructing, reconstructing, enlarging, extending and improving streets and non-motorized paths, including streets and roads constituting a part of the State highway system or otherwise the responsibility of the State and including the cost of related studies, streetscape and pedestrian improvements, relocation of utilities, plans and design; acquiring, constructing, reconstructing, widening, extending, paving, resurfacing, grading or improving streets, roads and intersections; acquiring, constructing, reconstructing or improving sidewalks, curbs, gutters, drains, bridges, overpasses, underpasses and grade crossings and providing related landscaping, lighting and traffic controls, signals and markers; and acquiring land, rights-of-way and easements required for any of the foregoing; and

WHEREAS, an application has been filed with the Secretary of the Local Government Commission of North Carolina (the "*Commission*") requesting Commission approval of the General Obligation Street Bonds hereinafter described as required by the Local Government Bond Act, and the Town Clerk has notified the Board that the application has been accepted for submission to the Commission.

NOW, THEREFORE, BE IT ORDERED by the Board of Commissioners of the Town of Huntersville, North Carolina, as follows:

Section 1. In order to raise the money required for the purposes described above, in addition to any funds which may be made available for such purposes from any other source, General Obligation Street Bonds of the Town are hereby authorized and shall be issued pursuant to the Local Government Finance Act of North Carolina. The maximum aggregate principal amount of such General Obligation Street Bonds authorized by this order shall be $17,850,000.

Section 2. A tax sufficient to pay the principal of and interest on said General Obligation Street Bonds when due shall be annually levied and collected.

Section 3. A sworn statement of the Town's debt has been filed with the Town Clerk and is open to public inspection.

Section 4. This bond order shall take effect when approved by the voters of the Town at a referendum scheduled for November 6, 2012.

The foregoing order took effect on November 6, 2012. Anyone who wishes to be heard on the question of whether the maximum time period for issuing bonds under such order should be extended from seven years to 10 years after such date may appear at a public hearing or an adjournment thereof to be held at 3:00 p.m., or as soon thereafter as practicable, on September 23, 2019 at Town Hall, 101 Huntersville-Concord Road, Huntersville, North Carolina 28078.

/s/ Janet Pierson
Town Clerk

Subject : Stakeholder Interviews List
Attachment : Stakeholder Interviews Invitation List - Sent to SC on11012019.pdf;image003.png;

Dear Steering Committee Members –
At Wednesday's meeting, staff was asked to provide the list of stakeholders invited to attend group interviews held on October 29th. That list is attached. Please note that the list was compiled by Town staff, and was intended to provide an adequate sample of people considered to be knowledgeable about the Town and their own field of expertise. It was not intended to be a comprehensive list.

Town staff and the consultant team are very appreciative of your time and participation in Wednesday's meeting. We feel very comfortable that every Member is committed to the betterment of Huntersville, will actively participate, and will listen to other viewpoints. If you have any suggestions that will improve our meetings or use your time more efficiently, please let me know.

Thanks,
Dave

Subject : Steering Committee Appointments Announced Last Night
Attachment : Steering Committee Resolution - Unofficial 09032019.pdf;

Good Morning –
The Huntersville Town Board approved a resolution yesterday evening, creating the Community Plan Update Steering Committee, describing how the Committee will function, and making 15 appointments. An unofficial copy of the resolution is attached. Appointees will be contacted shortly to begin the process.

For those of you who were not appointed, I would like to add your name to a contact list for the project. You'll receive notifications of meetings and events, and hopefully you will continue to participate in the Plan Update. Also, we would gratefully accept any help in spreading the word about the project. If you do not wish to be on the contact list, please let me know.

To all of you, the Town Board and staff very much appreciate your interest in the Plan Update and your willingness to serve your community.

Thanks very much,
Dave

RESOLUTION TO CREATE THE HUNTERSVILLE COMMUNITY PLAN STEERING COMMITTEE

WHEREAS, the Huntersville 2030 Community Plan was adopted in 2011, and the Town of Huntersville Board of Commissioners has determined that the Plan should be updated, and

WHEREAS, the Town of Huntersville Board of Commissioners has decided to create a Community Plan Update Steering Committee to serve as an advisory board to the Town of Huntersville Planning Board and Board of Commissioners, and

WHEREAS, during the months of July and August 2019, residents of the Town of Huntersville were notified of the opportunity to volunteer and were recruited to complete an application to be appointed and serve on the Steering Committee, and

WHEREAS, upon appointment to the Steering Committee, members will be asked to work with Town staff and professional consultants during the development of the Community Plan Update, including efforts to encourage public participation and engagement during the project;

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN OF HUNTERSVILLE BOARD OF COMMISSIONERS AS FOLLOWS:

1. There is hereby created the Huntersville Community Plan Update Steering Committee.

2. The purpose of creating the Huntersville Community Plan Update Steering Committee is to serve as an advisory board to the Town of Huntersville Planning Board and Board of Commissioners until such time as the Plan Update is adopted by the Board of Commissioners.

3. The Steering Committee consists of fifteen (15) members, who are residents of the Town of Huntersville and appointed by the Town of Huntersville Board of Commissioners. The appointees have been selected from the pool of volunteer applicants interested in serving on the Committee, and include the following members:

Unofficial Copy

1) Kim Aichele
2) Time Bender
3) Ross Boner
4) Randy Brawley
5) John Carbonell
6) Chris Edwards
7) John Forehand
8) Erin Gillespie
9) Scott Harrington
10) Joshua Helm
11) Kristen Ingram
12) Dan Murphy
13) Eric Rowell
14) Kaitlyn Sisson
15) George Solomon

4. The Steering Committee will meet at least eight (8) times during the project, with an anticipated timeframe extending from September 2019 through September 2020, subject to change. The Planning Director shall have the authority to call the meetings of the Committee, which will be called and advertised as a special-called meeting, and to set the agenda for each meeting as part of the special-called meeting notice. Only items of business specified in the special-called meeting notice may be conducted at each meeting.

5. The Steering Committee will elect a Chairperson from its membership. The Chairperson will lead meetings, manage discussion in a civil and orderly fashion, and coordinate the making of decisions by the Committee, whether by consensus or by a motion made, seconded and approved by majority vote.

6. In order for the Committee to carry out its responsibilities, it is necessary for members to attend the meetings. If a member is absent for two (2) meetings, the Committee may request that the member be replaced by the Town Board of Commissioners.

Unofficial Copy

7. Meetings will be advertised and conducted in accordance with the North Carolina Open Meetings Law. Minutes shall be kept for each meeting.
8. Upon adoption of the Community Plan Update, the Huntersville Community Plan Update Steering Committee may be dissolved by the Board of Commissioners.
9. The Huntersville Town Board of Commissioners is deeply appreciative of the spirit of volunteerism and community interest shown by the Steering Committee Members, and of all the residents who applied to serve on the Committee.

Adopted this the 3rd day of September, 2019.

ATTEST:

_____ _____

Janet Pierson, Town Clerk John Aneralla, Mayor

Approved as to form:

_____

Angela Beeker, Town Attorney

Subject : Steering Committee Chairperson Election

Good afternoon –

As discussed on October 1st, the Steering Committee agenda for October 30th will include the election of a chairperson. The chairperson has 3 major functions: (1) preside over meetings and maintain efficient meeting progress, (2) coordinate future agendas with staff and the consultant team, and (3) conduct Committee voting for approval of meeting minutes and during the hopefully rare occasion when a substantive Committee vote is warranted (remember we want to reach consensus wherever possible). It would be helpful if the Chairperson has had previous experience working with or leading group working meetings.

Scott Harrington came up with a good idea (thanks) to prepare for the Chairperson election:

"Just a suggestion for your consideration regarding the informed selection of a Steering Committee chairperson. Consider sending an email to our committee members soliciting the names and biographical sketches of the persons who would be open to serving as the "Chair" of the Steering Committee early next week. Collect the names and bios of the willing and send them out to the committee in advance of our 10/30 meeting. The benefit of this tact is to give our members an opportunity to consider our candidate choice(s) privately. A second plus is that the voting process on 10/30 should go swiftly."

This idea is worth pursuing. If you are interested in serving as the Chair, please send me a 1-page biographical sketch no later than Wednesday, October 23rd (EOB). I will then send out the bios of all interested candidates to the entire Committee on October 24th. I would ask that you do not contact other Committee members to discuss the Chairperson election. All discussion and deliberations should occur on October 30th.

If you have any questions or comments, please let me know.

Thanks,
Dave

Brief Bio

John J Carbonell

Johnjcarbonell@hotmail.com

https://www.linkedin.com/in/johnjcarbonell/

770-335-6153

Professional

John is a customer focused National Account Manager with an entrepreneurial spirit. He has extensive sales experience and a proven track record with CPG products that include market leaders Cleva North America, Husqvarna Group and Scotts/Miracle Gro. He has cultivated large national accounts including Sears, The Home Depot, and Lowe's. His expertise lies in customer relationship management, sales management, financial analysis, product development, collaborative selling, and leading cross-functional teams. John has been successful in bringing new products and concepts to the marketplace, which have increased top line sales and bottom-line revenue.

Personal

John and his wife, Karen, moved to Huntersville in the spring of 2009. They currently reside is the Gilead Ridge subdivision. Both are very active in the community. John is has served as a board member for the Gilead Ridge HOA and is currently volunteering his time as a mentor for Innovate Charlotte as well as leading the Executive Anonymous Networking Group. Additionally, he is a graduate of Huntersville 101. Karen volunteers twice a week at the CMPD Animal Control Center. In his spare time, John enjoys reading, biking, yoga, and various outdoor activities.

Education

BS University of Pittsburg at Johnstown

MBA Crummer Graduate School of Business, Rollins College

Summary

John's easy-going personality and experience leading cross-functional teams makes him a strong candidate for the position of Steering Committee chairperson.

Good Morning –

Thanks to all of you who were able to attend the October 1st Orientation session. Meeting materials are attached for your review. If any of the members who couldn't attend, I'd be happy to set up a time to meet and answer any questions you might have. I have also attached draft meeting minutes – please let me know if any revisions need to be made.

Please note that our next meeting is set for **Wednesday, October 30, 2019, at 6:30 PM at the Huntersville Town Hall**.

Between now and October 30th, I will provide more information as it becomes available. In the near future, I'm hoping we'll be able to post Committee information on the project website, but for the time being, e-mails will be used.

Again, thanks for your time. Please let me know if you have any questions or comments.

    d. Discussion Items

4. Committee Discussion

5. Adjourn

Huntersville Community Plan Update

Steering Committee Orientation Meeting

Tuesday, October 1, 2019
6:00 – 8:00 PM
Huntersville Town Hall
101 Huntersville-Concord Rd.
Huntersville, NC 28078

Meeting Minutes

A. Call to Order

Steering Committee Members in Attendance: Kim Aichele, Tim Bender, Ross Boner, John Carbonell, Chris Edwards, John Forehand, Scott Harrington, Joshua Helm, Kristen Ingram, Dan Murphy, George Solomon
Steering Committee Members Absent: Randy Brawley, Erin Gillespie, Eric Rowell, Kaitlyn Sisson
Staff Members in Attendance: Jack Simoneau, Dave Hill, Anthony Roberts, Jackie Huffman, Bill Coxe
Meeting Hand-Out Materials (Attached): Meeting Agenda, Resolution R-2019-18 (Creation of and appointments to the Steering Committee), Steering Committee Contact Information List, 10/01/2019 Steering Committee PowerPoint presentation, and Community Plan Scope of Work.

B. Welcome & Introductions

The meeting started at 6:00 PM. Dave Hill, Sr. Planner and Project Manager, opened the meeting and welcomed the Steering Committee Members to the orientation session. Each of the Members introduced themselves, provided a brief description of their background, and stated the reason(s) they wanted to serve on the Steering Committee.

C. Comprehensive Planning Presentation

Jack Simoneau, Planning Director, provided a PowerPoint presentation about comprehensive planning – state legislation that enables municipalities to adopt plans and implement zoning, the history of Huntersville's plans, the impact the Town's plans and related zoning regulations have had on development over the years, and a summary of the major elements of the current 2030 Community Plan.

D. Steering Committee Background

Dave Hill resumed the PowerPoint presentation by highlighting the Steering Committee. He summarized work on the Plan Update that started in early 2019, including the January 2019 Town Board retreat where discussion on the Plan began. He outlined the Committee's functions, said that the election of a Committee chairperson would be placed on the Committee' next meeting agenda, briefly mentioned the scope of work and schedule for the project, provided some governance suggestions, and closed with some discussion items to open Committee discussion.

E. Committee Discussion

One the first items discussed was the Committee's preferences regarding meeting times and dates. The following decisions were made by Committee consensus:

DRAFT

1. The Committee was informed that the first visit by the consultant team would likely be October 29th and 30th. The Committee agreed that it would prefer to meet on Wednesday, October 30th, at 6:30 – 8:30 PM. This would allow the consultant to report out on progress during their visit.

2. The Committee agreed that future meeting guidelines would be as follows: Meet only on Tuesdays, Wednesdays, or Thursdays, with meetings to be during evening hours (most of the Members in attendance indicated that they work during daytime hours). Meeting location was not discussed extensively, but most of the Members present were satisfied that Town Hall was a reasonable place.

Other Committee Discussion Items

1. Committee Members asked for a project contact list that would include both Town Staff and consultant information. Dave Hill is the Project Manager and should be the first point of contact for Committee Members. A contact list for all staff and consultant project participants will be provided to the Committee in the near future.

2. Committee members were asked to start thinking about electing a chairperson during the meeting on October 30th. The functions of the chairperson were discussed (see PowerPoint presentation).

3. Staff mentioned that a project website will be created, with a link to the Town's main website page. The project website will build slowly, with the intent to include: an announcement that the Plan Update is about to begin, a place for people to register to receive notifications of meetings, events, and review documents, an archive library for older documents such as past Community Plans adopted by the Town, a place to share comments, and a placeholder for future citizen surveys. More traditional media, such as fliers and newsletters, were also mentioned as a way to communicate with those without internet connectivity.

4. The Committee was asked to think about ways to encourage public participation during the development of the Plan Update. One thought was to print business cards with the project logo, website address, and other primary information. Committee members can then hand the cards out to anyone interested. This idea will be pursued by staff. Another idea was to buy magnets with project information (Like refrigerator magnets). Another idea was to prepare a table exhibit that could be set up at community events to introduce the project and provide contact information. Staff asked that any additional ideas be e-mailed to Dave Hill as the consultants prepare a public engagement plan (which will be presented to the Committee in the future).

5. Dave Hill offered to attend neighborhood, HOA, civic group, business association, or other meetings to provide information about the plan Update and how to get involved.

6. The Committee discussed several topics that might emerge as major issues during the Plan Update, and identified some issues of interest to them individually.

F. Adjourn

The meeting adjourned at 7:45 PM.

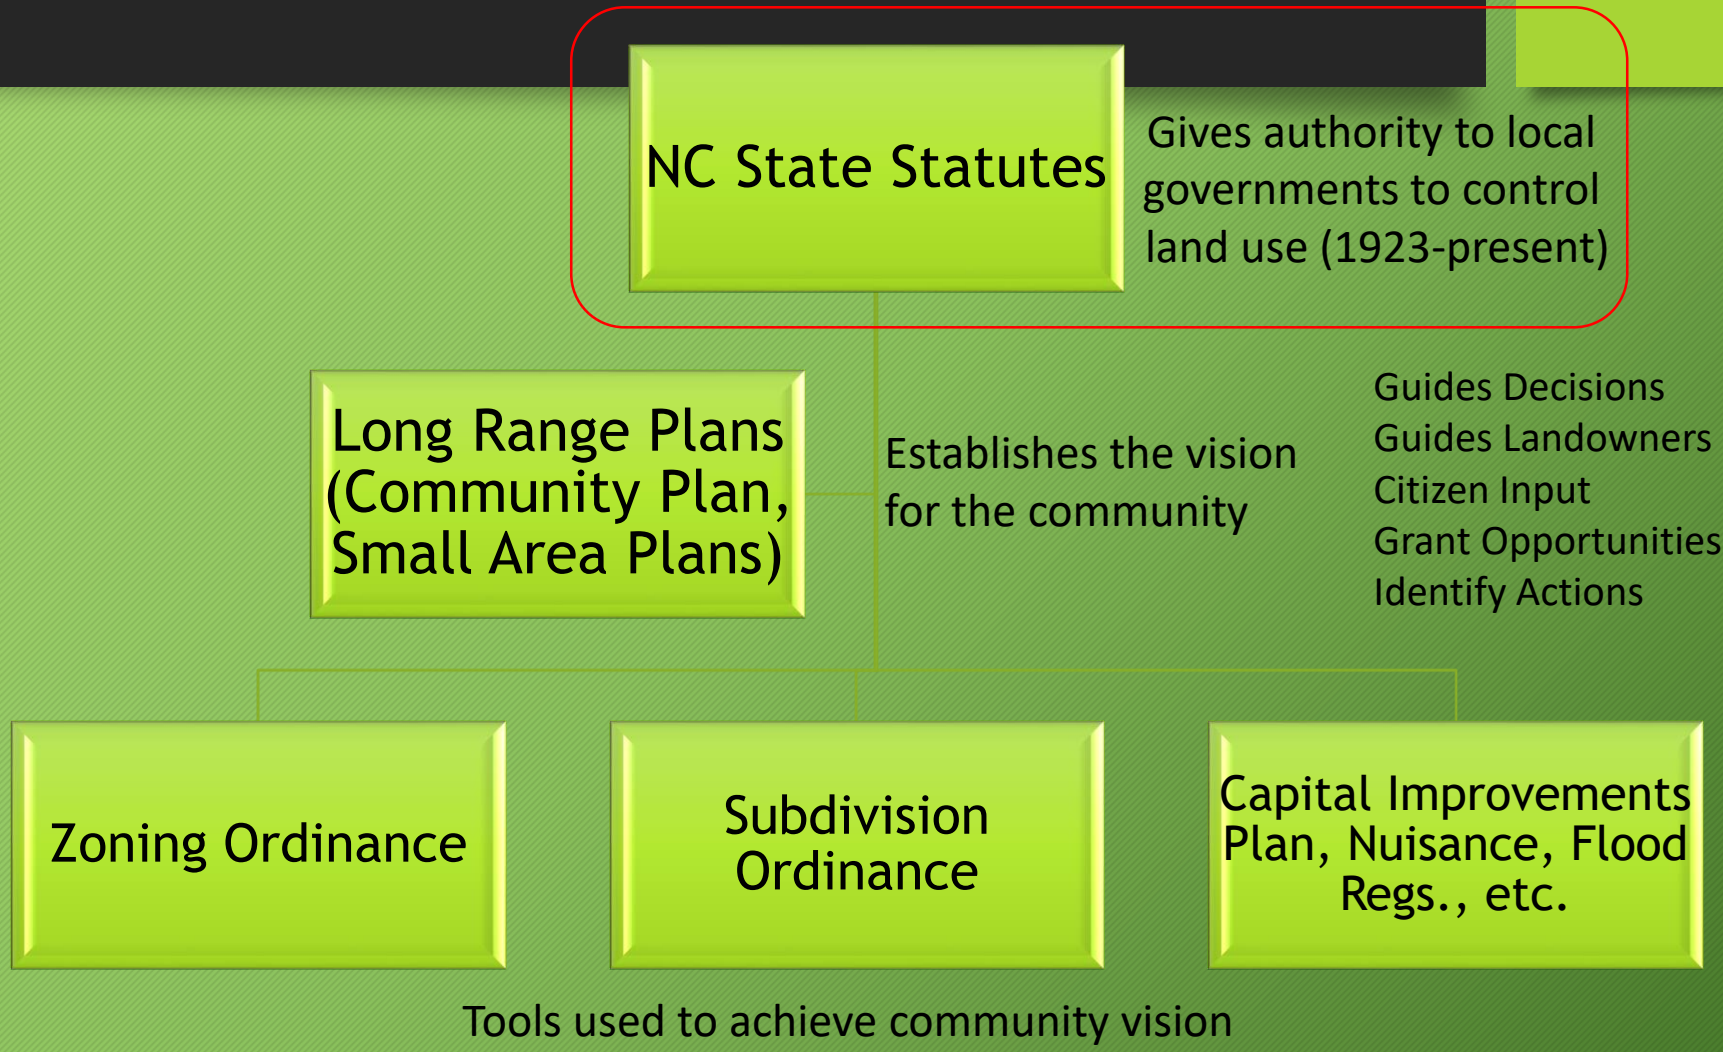
Planning in North Carolina



NC General Statutes: Current Law

§ 160A-381. Grant of power. (a) For the purpose of promoting health, safety, morals, or the general welfare of the community, any city may adopt zoning and development regulation ordinances. These ordinances may be adopted as part of a unified development ordinance or as a separate ordinance. A zoning ordinance may regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, the location and use of buildings, structures and land. The ordinance shall provide density credits or severable development rights for dedicated rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11.

§ 160A-383. Purposes in view.

(a) Zoning regulations shall be made in accordance with a comprehensive plan.

(b) Prior to adopting or rejecting any zoning amendment, the governing board shall adopt one of the following statements which shall not be subject to judicial review:

(1) A statement approving the zoning amendment and describing its consistency with an adopted comprehensive plan and explaining why the action taken is reasonable and in the public interest.

(2) A statement rejecting the zoning amendment and describing its inconsistency with an adopted comprehensive plan and explaining why the action taken is reasonable and in the public interest.

(3) A statement approving the zoning amendment and containing at least all of the following:

a. A declaration that the approval is also deemed an amendment to the comprehensive plan. The governing board shall not require any additional request or application for amendment to the comprehensive plan.

b. An explanation of the change in conditions the governing board took into account in amending the zoning ordinance to meet the development needs of the community.

c. Why the action was reasonable and in the public interest.

NC General Statutes: Effective 01/01/2021

"§ 160D-5-1. Plans.

(a) Preparation of Plans and Studies. – As a condition of adopting and applying zoning regulations under this Chapter, a local government shall adopt and reasonably maintain a comprehensive plan that sets forth goals, policies, and programs intended to guide the present and future physical, social, and economic development of the jurisdiction.

A comprehensive plan is intended to guide coordinated, efficient, and orderly development within the planning and development regulation jurisdiction based on an analysis of present and future needs. Planning analysis may address inventories of existing conditions and assess future trends regarding demographics and economic, environmental, and cultural factors. The planning process shall include opportunities for citizen engagement in plan preparation and adoption. In addition to a comprehensive plan, a local government may prepare and adopt such other plans as deemed appropriate. This may include, but is not limited to, land-use plans, small area plans, neighborhood plans, hazard mitigation plans, transportation plans, housing plans, and recreation and open space plans. If adopted pursuant to the process set forth in this section, such plans shall be considered in review of proposed zoning amendments.

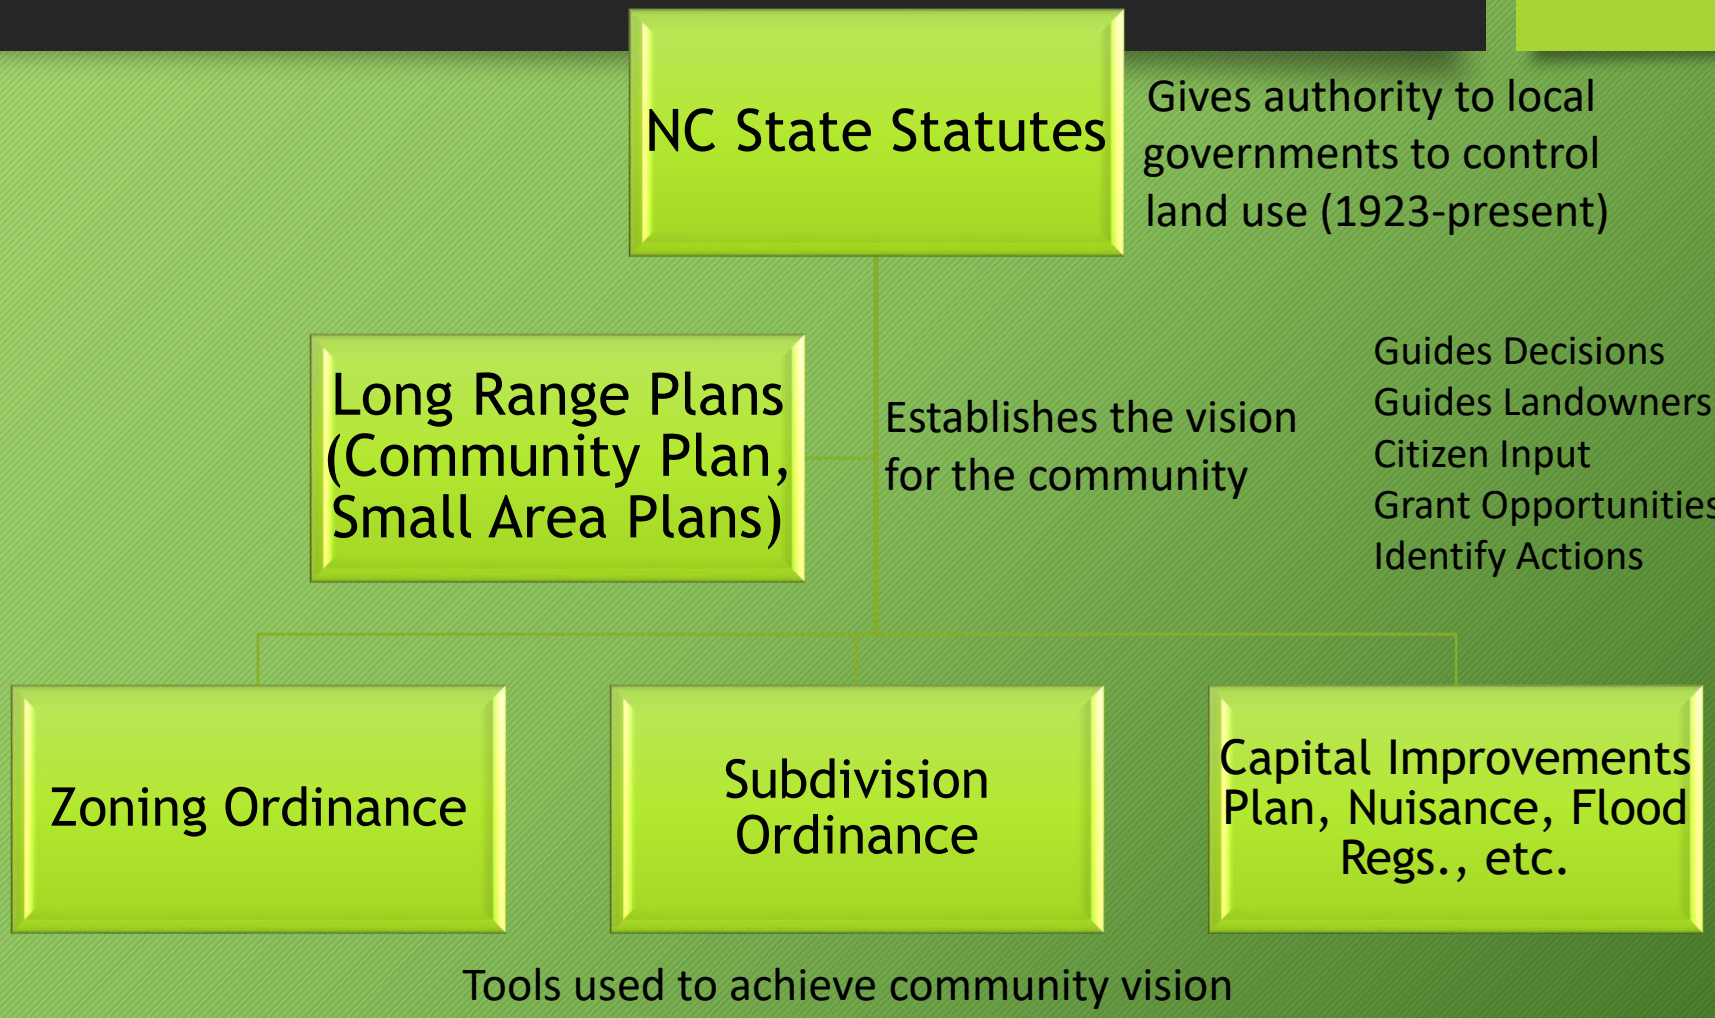
NC General Statutes: Effective 01/01/2021 *(con.)*

(b) **Contents.** – A comprehensive plan may, among other topics, address any of the following as determined by the local government:

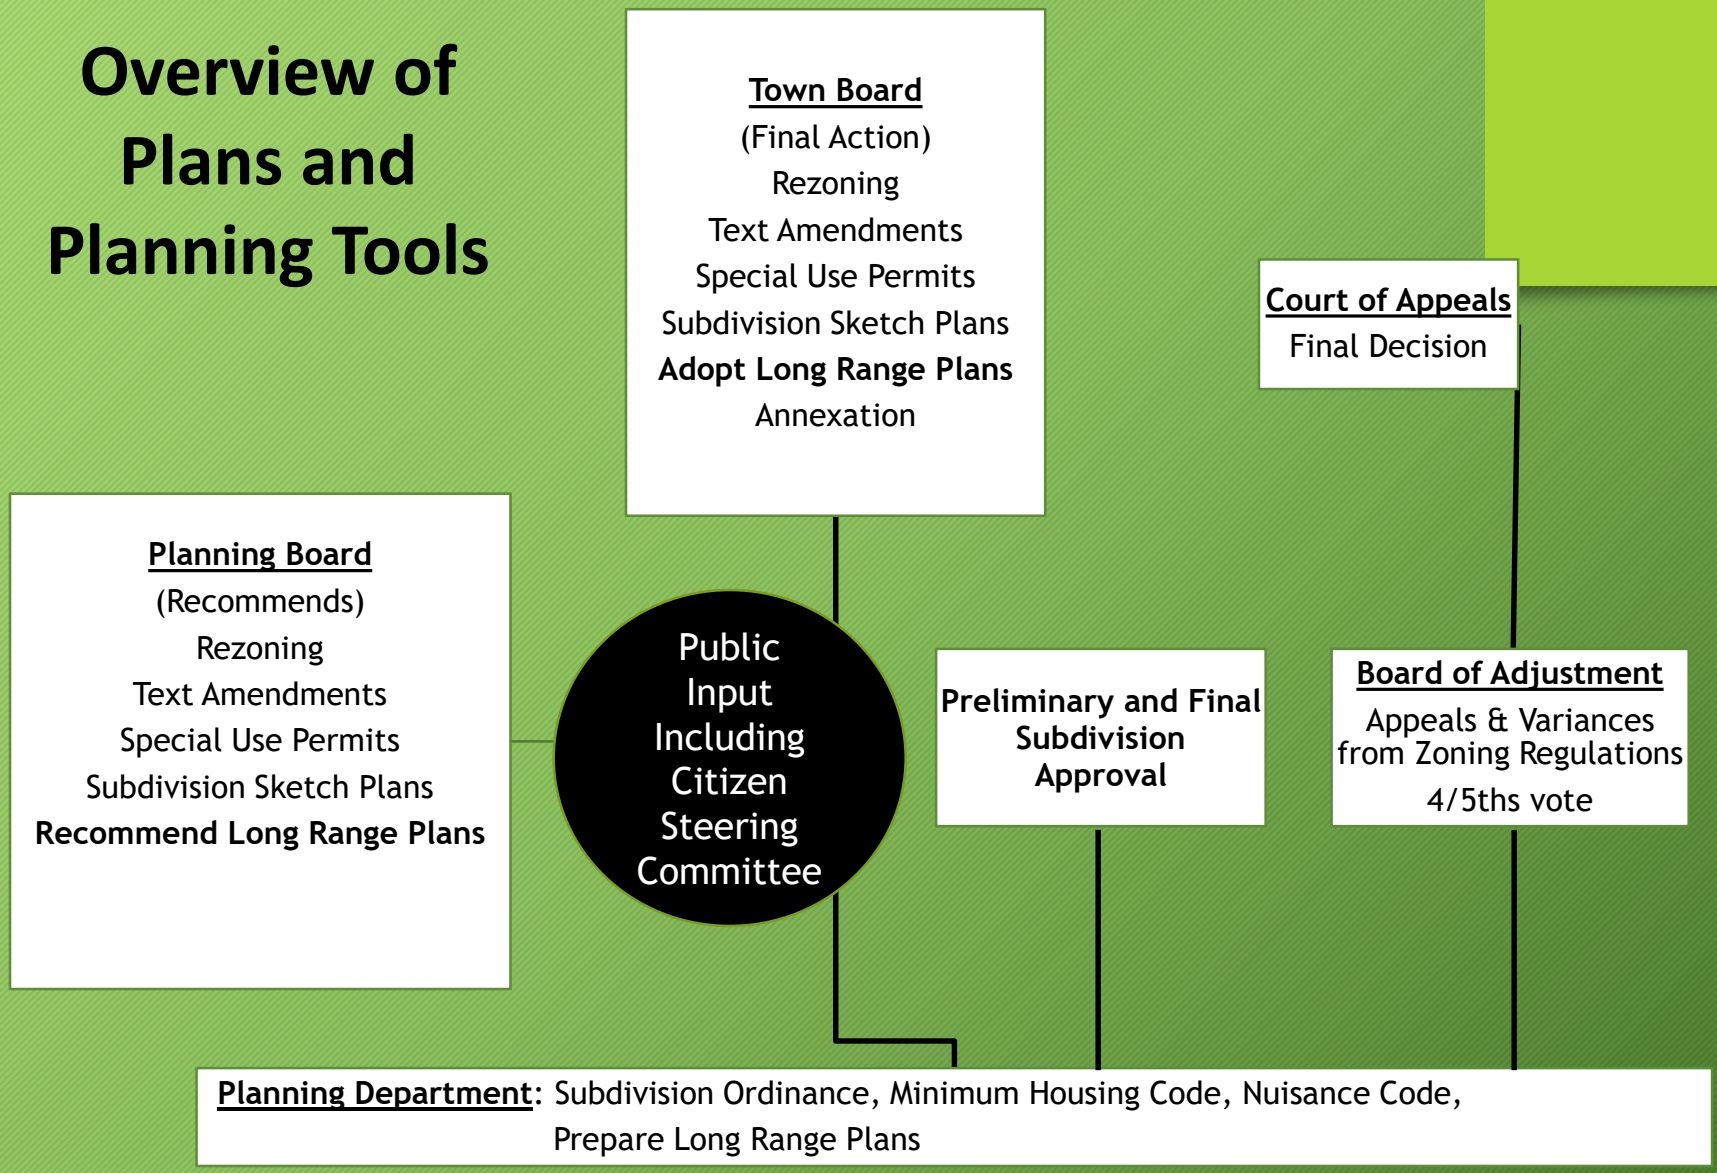
(1) Issues and opportunities facing the local government, including consideration of trends, values expressed by citizens, community vision, and guiding principles for growth and development.
(2) The pattern of desired growth and development and civic design, including the location, distribution, and characteristics of future land uses, urban form, utilities, and transportation networks.
(3) Employment opportunities, economic development, and community development.
(4) Acceptable levels of public services and infrastructure to support development, including water, waste disposal, utilities, emergency services, transportation, education, recreation, community facilities, and other public services, including plans and policies for provision of and financing for public infrastructure.
(5) Housing with a range of types and affordability to accommodate persons and households of all types and income levels.
(6) Recreation and open spaces.
(7) Mitigation of natural hazards such as flooding, winds, wildfires, and unstable lands.
(8) Protection of the environment and natural resources, including agricultural resources, mineral resources, and water and air quality.
(9) Protection of significant architectural, scenic, cultural, historical, or archaeological resources.
(10) Analysis and evaluation of implementation measures, including regulations, public investments, and educational programs.

(c) Adoption and Effect of Plans. – Plans shall be adopted by the governing board with the advice and consultation of the planning board. Adoption and amendment of a comprehensive plan is a legislative decision and shall follow the process mandated for zoning text amendments set by G.S. 160D-6-1. Plans adopted under this Chapter may be undertaken and adopted as part of or in conjunction with plans required under other statutes, including, but not limited to, the plans required by G.S. 113A-110. Plans adopted under this Chapter shall be advisory in nature without independent regulatory effect. Plans adopted under this Chapter do not expand, diminish, or alter the scope of authority for development regulations adopted under this Chapter. Plans adopted under this Chapter shall be considered by the planning board and governing board when considering proposed amendments to zoning regulations as required by G.S. 160D-6-4 and G.S. 160D-6-5.

Planning in North Carolina



Overview of Plans and Planning Tools



Proper Planning Requires Meaningful Citizen Input

Huntersville Plans

Huntersville has been remarkably consistent in updating its Community Plans every 7-9 years.

1981 Huntersville Land Development Plan
(Centralina Council of Governments)

1989 Original Huntersville Town Community Plan

1992 Charlotte-Mecklenburg County North District Plan

1995 Huntersville Community Plan

2003 Huntersville Community Plan Update

2011 Huntersville Community Plan Update

2019 Huntersville Community Plan Update

Timeline of Development in Huntersville: 1990 -96

- **1990 POPULATION 3,014 people**
- Small zoning jurisdiction boundaries; conventional zoning
- 1995 Huntersville Community Plan
- 1996 Revised Huntersville Zoning Ordinance – form-based code (buildings front street or open space, connected streets; sidewalks both sides of streets, mixed uses)

Town's Long Range Vision

HUNTERSVILLE COMMUNITY PLAN RECOMMENDATIONS

HUNTERSVILLE BOARD OF COMMISSIONERS ADOPTED SEPTEMBER 5, 1995

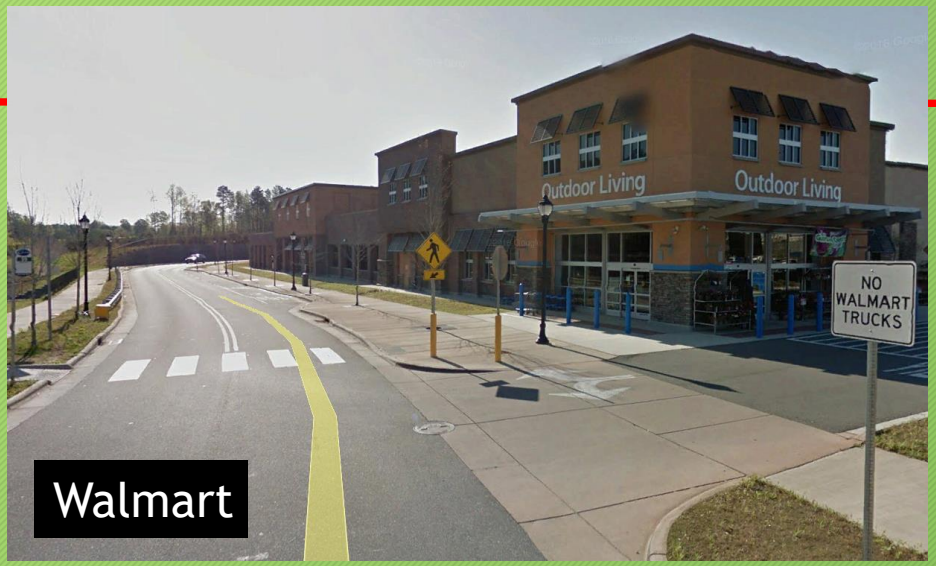
- Buildings Should Front Street; street is public realm and should be aesthetically attractive; parking on side and rear
- Connected Streets
- Mixture of Land Uses
- Intense Development Between I-77 and NC 115 Corridor & lower intensity east & west
- Redevelop downtown as walkable mixed use center
- Multimodal streets (vehicles, bicycles, pedestrians, transit)

Conventional Zoning Pre-1996

- Separation of Land Uses
- Buildings Front Parking Lots
- Streets Do Not Interconnect

Huntersville Form Based Code

- Mixture of Land Uses
- Buildings Front Streets;
- On-Street Parking
- Streets Interconnect With Adjoining Lots



Walmart

Harris Teeter

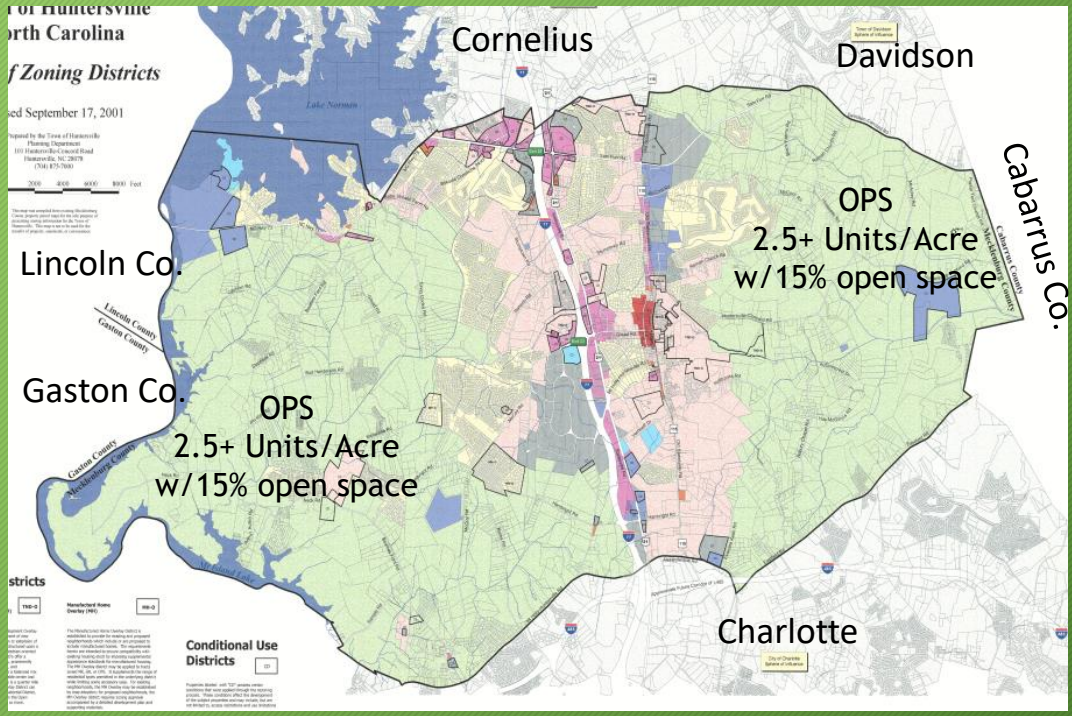
AAA Auto

NC DMV

Birkdale Village: Form Based Zoning Code

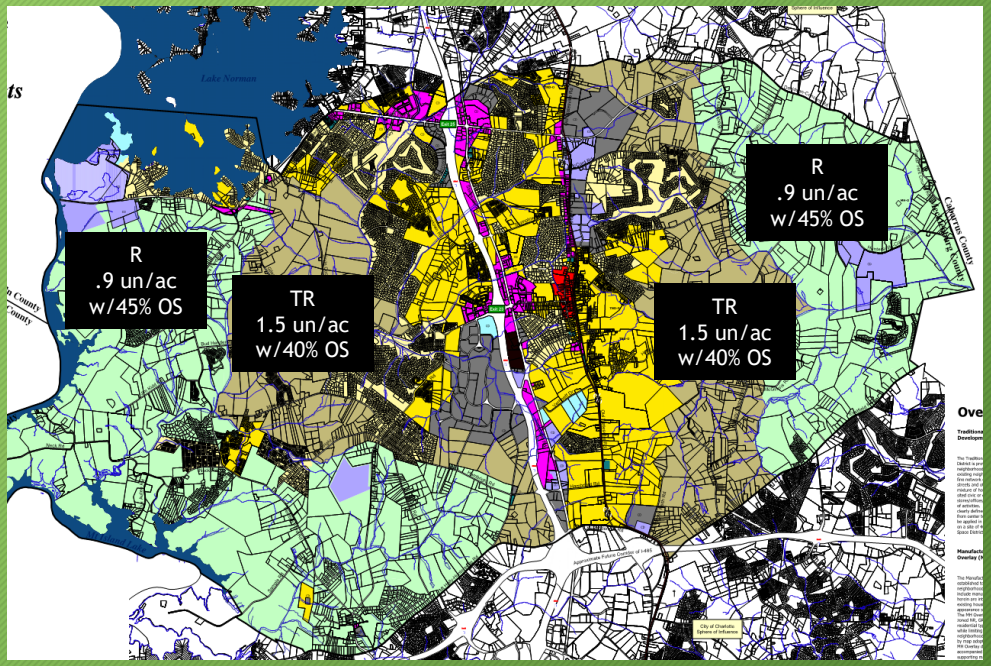
Timeline of Development in Huntersville: 1990-2000

- **1990 POPULATION 3,014 people**
- Small zoning jurisdiction boundaries; conventional zoning
- 1995 Huntersville Community Plan
- 1996 Revised Huntersville Zoning Ordinance – form-based code (buildings front street or open space, connected streets; sidewalks both sides of streets, mixed uses)
- 1997 Huntersville expands zoning jurisdiction to sphere of influence (63 sq. mi.)
- **2000 POPULATION 24,960**



Timeline of Development in Huntersville: 1990 - 2003

- **1990 POPULATION 3,014 people**
- Small zoning jurisdiction boundaries; conventional zoning
- 1995 Huntersville Community Plan
- 1996 Revised Huntersville Zoning Ordinance – form-based code (buildings front street or open space, connected streets; sidewalks both sides of streets, mixed uses)
- 1997 Huntersville expands zoning jurisdiction to sphere of influence (63 sq. mi.)
- **2000 POPULATION 24,960**
- 2002-2003: Huntersville updates the Community Plan keeping the same vision for development along I-77 NC 115 but lower intensity in OPS (change to Rural & Transitional); amend Zoning and Subdivision Ordinance



- Lighting Standards
- Tree Preservation Standards
- Water Quality

Timeline of Development in Huntersville: 1990 - 2011

- **1990 POPULATION 3,014 people**
- Small zoning jurisdiction boundaries; conventional zoning
- 1995 Huntersville Community Plan
- 1996 Revised Huntersville Zoning Ordinance – form-based code (buildings front street or open space, connected streets; sidewalks both sides of streets, mixed uses)
- 1997 Huntersville expands zoning jurisdiction to sphere of influence (63 sq. mi.)
- **2000 POPULATION 24,960**
- 2002-2003: Huntersville updates the Community Plan keeping the same vision for development along I-77 NC 115 but lower intensity in OPS (change to Rural & Transitional); amend Zoning and Subdivision Ordinance
- **2010 POPULATION: 46,773 (2,994 ETJ)**
- **2011 Huntersville Updates the Community Plan**

Long Range Planning for Entire Jurisdiction

Town of Huntersville

2030 Community Plan

Adopted by
Town Board of Commissioners on
June 20, 2011

Town Limits & ETJ

Town of Huntersville Vision Statement

In 2030, Huntersville will be a vibrant and visually attractive community defined by high quality growth and development that:

- preserves natural, scenic and historical assets;
- offers a variety of housing and employment options;
- creates opportunities for recreation, art and culture; and
- is served by a multi-modal interconnected transportation system.

Land use and transportation planning practices will be responsive to a world that is changing, will be fiscally responsible, and reflect an appropriate balance of economic, environmental and social factors. Higher intensity development and redevelopment will generally be focused within two miles of the I-77/NC-115 corridor (area 2), with lower intensity development located east and west of this corridor (areas 1 and 3) and in mixed-use village centers at important crossroads.

Huntersville Town Board Resolution No. R-2019-18 *(Excerpts)*

- The purpose of creating the Huntersville Community Plan Update Steering Committee is to serve as an advisory board to the Town of Huntersville Planning Board and Board of Commissioners until such time as the Plan Update is adopted by the Board of Commissioners.
- The Steering Committee will meet at least eight (8) times during the project, with an anticipated timeframe extending from September 2019 through September 2020, subject to change. The Planning Director shall have the authority to call the meetings of the Committee, which will be called and advertised as a special-called meeting, and to set the agenda for each meeting as part of the special-called meeting notice. Only items of business specified in the special-called meeting notice may be conducted at each meeting.
- The Steering Committee will elect a Chairperson from its membership. The Chairperson will lead meetings, manage discussion in a civil and orderly fashion, and coordinate the making of decisions by the Committee, whether by consensus or by a motion made, seconded and approved by majority vote.
- In order for the Committee to carry out its responsibilities, it is necessary for members to attend the meetings. If a member is absent for two (2) meetings, the Committee may request that the member be replaced by the Town Board of Commissioners.
- Meetings will be advertised and conducted in accordance with the North Carolina Open Meetings Law. Minutes shall be kept for each meeting.
- Upon adoption of the Community Plan Update, the Huntersville Community Plan Update Steering Committee may be dissolved by the Board of Commissioners.

Membership Functions……

- Attend 6-8 Steering Committee Meetings
- Listen & Evaluate
- Share Ideas and Opinions
- Use Your Knowledge of Huntersville
- Get People Involved and Be an Ambassador!

PROJECT SCHEDULE

The following is a draft schedule for the Huntersville 2030 Community Plan Update:

Suggested Committee Governance:

- Chairperson keeps agenda on track
- Civil discourse at all times
- Equal opportunities to provide viewpoints
- Make decisions by consensus (avoid formal voting)
- Abide by the scope of work and schedule
- Major changes in scope, budget, or schedule have to be approved by the Town Board

For Committee Consideration:

- Next Meeting: October 29th / 30th (Tentative)
- Election of Committee Chairperson
- Meeting Preferences
  - Location, Day of the Week, Time of Day
- Public Engagement / Citizen Involvement

Town of Huntersville, North Carolina
Community Plan Update
Scope of Work
Date of Approval: September 3, 2019

INTRODUCTION

STEWART is the lead firm selected to prepare the Huntersville Community Plan Update, with Nealon Planning and Kimley-Horn serving as subcontractors to Stewart. The lead firm and subcontractors are referred to collectively in the scope of work as the CONSULTANT.

This scope of work outlines the work program for the development of the Huntersville Community Plan Update. It has been developed based upon a detailed proposal, conversations with Town staff, and prior experience creating similar plans. The work program is organized into the following phases:

- Phase 1: Project Initiation
- Phase 2: Analysis & Visioning
- Phase 3: Plan Development
- Phase 4: Implementation & Adoption

The CONSULTANT will work together with Huntersville Planning staff and other Town departments in all facets of the plan development process, including work with the Steering Committee appointed by the Huntersville Town Board of Commissioners, data analysis and mapping, public engagement, and the creation of policies and actionable implementation strategies.

SCOPE OF WORK

PHASE 1: PROJECT INITIATION

Prior to beginning the planning process, the CONSULTANT will meet with Town staff to refine the work plan, public engagement process, schedule, communication methods, and other items related to project execution.

1.1 Existing Plan and Document Review/Data Gathering

The CONSULTANT will work with Town staff to identify and assemble relevant background documents for review. Spatial data and adopted plans will be collected from the Town, state, and federal agencies as well as private organizations. At a minimum the following will be reviewed:

- GIS Files
- Neighboring Jurisdiction and Regional Plans
- Zoning Ordinance
- Subdivision Ordinance
- 2030 Community Plan
- 2014 Strategic Economic Development Plan
- Small Area Plans
- Land Use Corridor Plans
- Downtown Master Plan
- Neighborhood Plans
- Redevelopment Plans
- Comprehensive & Metropolitan Transportation Plans
- NCTIP/Town CIP Projects

An Assessment of the adopted Community Plan is vital to understanding the challenges, opportunities, and successes stemming from the existing guidance document and implementation measures. The CONSULTANT will work with Town staff to produce an assessment of the existing plan focusing on policy, results of implementation strategies, and consistency with small area plans and other Town studies. As part of this the CONSULTANT will summarize progress and outstanding issues related to the Six Focus Areas established in the existing Community Plan:

1. Housing
2. Environment
3. Transportation
4. Economic & Commercial Development
5. Downtown
6. Public Systems, Facilities & Services

1.2 Tour and Initiation Meetings

To initiate the planning process, the CONSULTANT will conduct an initial round of meetings with staff, the Steering Committee, elected/appointed officials, and stakeholders to help identify key issues to be addressed in the Community Plan Update and to understand expectations. The meetings will include the following:

- *Kickoff Meeting with Staff* – Key CONSULTANT team members will attend a kickoff meeting with Town staff. The meeting will take place the same day as the tour.
- *Community Tour* – CONSULTANT will conduct tour(s) with Town staff to document, inventory, and view key area and features such as Town-owned land and buildings, protected and unprotected natural resource areas, housing, recently approved developments (or areas proposed/being considered for development), and utilities/infrastructure. This tour will help the CONSULTANT understand how the land area is currently organized, used, and supported by public facilities.
- *Stakeholder Interviews* – The CONSULTANT will conduct a series of stakeholder interviews (6 meetings) taking place over the course of one day. The CONSULTANT will work with Town staff to identify these interests (business owners, community and neighborhood groups, economic development and tourism officials, representatives from the environmental community, etc.). The purpose of the meetings is to listen and understand concerns and identify plan opportunities and constraints.
- *Steering Committee Meeting* – The first meeting with the Steering Committee will occur during this phase of the project where we will discuss the project scope, schedule, stakeholder feedback, and identify issues. At least one member of the CONSULTANT team will attend all Steering Committee meetings unless specified in the scope or agreed upon through communications with Town staff.

1.3 Public Engagement Materials

Website and Public Engagement materials – The CONSULTANT will create a standalone website and public engagement materials including a Frequently Asked Questions (FAQ) document or brochure for education purposes. A brief, introductory power point presentation will be created to assist with community outreach. The website will be set up early in the process to allow for people to register for updates during the planning process. Contact information provided via the website will be provided to the town staff to allow for periodic communication. It is also anticipated

that the town's existing email distribution list (Constant Contact) will also be leveraged to announce key opportunities for public involvement. The website will also be used to link to surveys, provide notices of upcoming meetings and events and serve as a repository for project documents and resources.

Phase 1 Meetings:

- Project Initiation Meeting with Staff
- Community Tour
- Stakeholder Interviews (6)
- Steering Committee Meeting #1 – Project Initiation
- Monthly coordination calls with Town Staff

Phase 1 Deliverables:

- Plan Review – A summary of previous planning efforts and adopted policy will be prepared and highlights will be presented to the Steering Committee. Highlights of the plan reviews will also be included in the final plan document. Town staff to provide the following:
  - Text or power-point based summary of progress since current Community Plan adoption related to the six focus areas, including policies and implementation recommendations.
  - Summary of progress made and key ideas within adopted small area plans that are relevant to the Community Plan Update.
- Stakeholder Interview Schedule and Invitation Template – The CONSULTANT will develop a schedule and an email invitation template for staff to use to invite stakeholders to participate in the plan update.
- Meeting Materials – The CONSULTANT will be responsible for producing materials and summaries for the Stakeholder Interviews, Steering Committee Meeting, and other meetings.
- Public Engagement Plan – The CONSULTANT will produce document that lists planned public outreach efforts including meetings and major touchpoints for social media, workshops, and Board and elected official presentations.
- Public Engagement and Branding Materials – FAQ or brochure and standalone website. Introduction power point. Branding including project name, color palette and font set.

PHASE 2: ANALYSIS & VISIONING

2.1 Mapping and Community Profile

The CONSULTANT will prepare a Community Profile (CP). The CP will include the Town history, a Town profile, and associated indicators (population, employment, income, socioeconomic data, housing, education, health, aging, development projects, etc.). Data from the Census Bureau, State of North Carolina, and other available sources will be used. Materials from Huntersville 101 will be integrated into the CP as appropriate.

The information collected and analyzed in the Community Profile will be used to inform the Community Plan Update and provide key facts and figures that can be integrated into presentations and documents in a highly graphic and easily understandable format. This data will be presented at a Steering Committee meeting, a community meeting in Phase 3, and provide educational materials for public engagement efforts, guide the team's work in future phases, and will ultimately be incorporated into the final plan.

This task will include developing maps that will be used throughout the process. Using data collected as part of Phase 1, the CONSULTANT will analyze existing land use patterns to determine development trends and establish character areas which will be useful for determining future land use recommendations. A land supply inventory will also be created that factors in utilized land (built lands not likely to redevelop or accommodate new development), underutilized land (determined by querying certain types of land uses based on a structure value to land value ratio), and vacant or available land. Environmental constraints will also be mapped. An inventory and summary of available, buildable land will be created to help identify areas of potential change.

2.2 Community Survey Phase 1

The CONSULTANT will work closely with Town staff to develop a Community Survey to gather feedback from the public regarding plan development preferences and key issues to be addressed by plan policies, future regulatory efforts, and investment decisions. The survey will include a visual preference survey, utilizing local and regional precedents to the extent possible, which will allow participants to express

preference for a variety of design options including streets, neighborhood design, open space, and architectural types. It is anticipated that the Community Survey will be available on-line, in print form, and as the focus of the public meetings during Phase 3. It is also important to note that questions/answers from the 2011 survey will be reviewed and utilized in the current survey as appropriate to explore changes in preferences, etc.

The CONSULTANT will work with a third-party provider (i.e. MetroQuest, PublicInput.com or other provider) to create an interactive survey that could include a community forum and/or map-based activities that allow participants to spatially locate priorities and/or identify land use preferences.

2.3 Visioning Workshop

Following the analysis phase, the CONSULTANT will coordinate with Town staff to schedule and conduct a workshop over the course of 3.5 days with open studio times and a variety of formal and informal meetings. A concentrated effort focused on community betterment will build excitement and create momentum for the plan. The first day will focus on issues, opportunities, and visioning. The second day will include a meeting to convey themes of input received on the first day. The third day will focus on developing recommendations, concepts, and action items. An informal public meeting or event and a Steering Committee meeting will also be scheduled during the workshop. During this phase the CONSULTANT will prepare an activity meant to guide children through an interactive planning exercise. This activity could be used during the workshop or at a separate meeting facilitated by Town staff.

Planners and designers will present workshop results at a Steering Committee meeting, and two public open house/workshop sessions will be scheduled to gather input on the plan. As part of the workshop the CONSULTANT may also schedule a work session with staff and key stakeholders and/or an informal meeting.

Phase 2 Meetings:

- Steering Committee Meeting #2 - Analysis
- 3.5 Days of Public Meetings
- Steering Committee Meeting #3
- Monthly coordination calls with Town Staff

Phase 2 Deliverables:

- *Mapping Deliverables (provided in ArcGIS v10.5 Map Package (.mpk) format):*
  - Existing Land Use
  - Land Use Supply (Vacant, Developed, and Underdeveloped Lands)
  - Parcel Size Map
  - Environmental Constraints Map (Floodplains, Wetlands, Slope, Topography, Vegetation, and other Sensitive Resources)
  - Multi-Modal Transportation Maps
  - Infrastructure and Services (Water, Sewer, Storm, Schools, Police, Fire, EMS)
  - Parks, Recreation and Open Space (including Agricultural Lands)
  - Cultural and Historic Resources
- Community Survey (Phase 1)
- Community Profile Deliverable
- Workshop Materials
- Preliminary Vision, Goals, and Recommendations
- Meeting Materials and Summaries

PHASE 3: PLAN DEVELOPMENT

3.1 Plan and Policy Framework

Building on the draft vision, goals, and public input the CONSULTANT will prepare a detailed outline or framework of the proposed plan. Upon direction from Town staff, the framework could incorporate the previous plan's six focus areas as well as any other elements identified in the visioning process.

3.2 Land Use Suitability

The CONSULTANT will conduct a Land Use Suitability Analysis that will determine areas most suitable for different types of development based on economic development and environmental inputs. It is anticipated that suitability maps will be created for residential, nonresidential (commercial, industrial, etc.), and conservation/open space. Exact land use types and inputs will be determined based on consultation with Town staff. Typical inputs include proximity to existing and proposed roadways and utility infrastructure, proximity to schools, parks and commercial areas, adjacent land uses, and environmental constraints.

The suitability analysis will be combined with input from public meetings to determine land use preferences including land use-mix, scale, and design character. Deliverables for this task will be utilized to formulate land use recommendations.

3.3 Build-Out Summary

The CONSULTANT will coordinate with town staff to gather data on residential build-out estimates produced by town staff. A student generation rate will be applied to dwelling unit projections. Build-out estimates from staff will be compared to estimates in the Regional CONNECT Our Future model. This information will be summarized for use in the Community Plan Update process.

3.4 Future Land Use and Housing

Following the Land Use Suitability Analysis, and processing of feedback from the workshop and Steering Committee meeting, the CONSULTANT will work to create a Future Land Use Map to accommodate growth and development through the next five to ten years.

The CONSULTANT will conduct detailed analyses of issues and opportunities in various portions of the Town. Residential growth areas, redevelopment opportunities, economic development opportunities and conservation priorities will be studied.

The map will be supplemented with descriptions of land use categories that will be brought to life using precedent imagery. The descriptions will specify intended use mix, scale, density, and other design features (i.e. – street standards, open space form, and footprint).

As part of this task the CONSULTANT will work with Town staff to provide guidance on the federal Fair Housing Act. Housing recommendations in the Community Plan Update will provide policy guidance on the Town's housing stock and future location and mix of housing within Huntersville. The CONSULTANT will strive to emphasize the importance of providing a range of housing types for all segments of Huntersville's population.

3.5 Transportation

Inventory.

The CONSULTANT will inventory projects recommended in local, regional, and statewide transportation plans. The inventory will consider all modes, including roadway, bicycle, pedestrian, and transit. Funded transportation projects from the Charlotte Regional Transportation Planning Organization (CRTPO) 2045 Metropolitan Transportation Plan (MTP), North Carolina Surface Transportation Improvement Program (NC STIP), the Town's Capital Improvements Program (CIP), and unfunded projects from the CRTPO Comprehensive Transportation Plan and the Town's mode-specific plans will be inventoried. Projects from neighboring jurisdictions considered to have an impact on the Town will also be considered. The inventory of projects will document project source, funding status, and implementation timeframe. No additional traffic analysis or modeling will be conducted.

Diagnostic.

Once the community plan goals are finalized and a draft land use plan is available, the inventory of projects will be revisited to determine how well the projects address the community vision. The diagnostic will consider the proposed design (if

available) of the transportation projects and will recommend strategies that seek to limit community disruptions due to the number and magnitude of concurrent projects under construction.

Transit Assessment.
The CONSULTANT will consider the long-term goal of commuter rail transit while acknowledging the land use benefits of different types of transit (e.g., commuter rail, light rail). The transit assessment will consider the recently completed North Corridor reassessment and parallel and perpendicular connections between the I-77 Express Lanes and the Norfolk-Southern "O" line commuter rail. Ridership forecasting or detailed transit analysis will not be conducted.

Transportation Policies and Action Items.
Using the Huntersville 2030 Community Plan (Part 3, Section 15.0) as a model, the CONSULTANT will recommend transportation policies and programs that support the Plan Update's other topical areas. Recommended policies and programs will include ways to integrate transportation design decisions into other Town decision-making processes.

3.6 Public Systems and Facilities Services

Analyses and recommendations will address capacity and constraints as it relates to potential growth within Huntersville. A framework for public and privately funded utility infrastructure improvements needs to be updated regularly to ensure that it is in line with the type of growth that is envisioned as part of the land use element of the plan. Recommendations and priorities for public utility extensions will be included in this element.

3.7 Economic Development and Placemaking

The Community Profile (population, households, building permits, employment, trends, incomes, and other key variables) will be utilized for this analysis. A comprehensive baseline of where the Town is today will be established. This will be compared with the surrounding markets and/or peer communities. Economic development is critical to the future success of the Town of Huntersville. To help understand and address this issue, the CONSULTANT will consult with the Charlotte Regional Business Alliance, Lake Norman Economic Development, the Lake Norman

Chamber, the Huntersville Chamber, and other agencies to gather information on existing policies, plans, and incentives.

Leveraging the Community Assessment, as well as other published data sources, the CONSULTANT will prepare a market review for Huntersville. This effort will focus on the market potential for housing, retail, job-producing, and entertainment-based sectors. This review will consider baseline and historical conditions; the location, direction, and outcomes of investment decisions; and the use of real estate by various sectors of the local economy. These factors will be synthesized to assess strengths, weaknesses, opportunities, and threats (SWOT) to better understand the development potential of the Town. Ultimately, the CONSULTANT will develop an inventory of potential catalyst sites and available and/or potentially developable land in Huntersville.

Economic development strategies and recommendations will be identified, including new and existing activities and policies. Strategies will be organized around the plan's goals and placed into a matrix that designates between short- and intermediate-term opportunities and longer-term strategic investments.

Economic and Fiscal Health Analysis

Kimley-Horn will prepare a cost to serve analysis by land use type (residential, retail, office, industrial, hospitality) for the towns of Huntersville and Cornelius. This analysis will leverage, but update, the structure and findings of the CONNECT Our Future Cost to Serve analysis that was prepared in 2013. Cost to serve measures will focus municipal-provided services like emergency services, utilities, parks and recreation, and transportation. The cost of schools, which are a function of Mecklenburg County, will be excluded from the analysis. A high-level indication of potential tax revenue by land use type will also be included.

The findings of the Economic and Fiscal Health Analysis task will be useful in comparing the impacts of growth alternatives for future land uses. They can also be used in future land use decisions to be made by staff and appointed/elected officials. The deliverable for this task will be a technical memorandum and an editable spreadsheet of findings for future use by both jurisdictions.

[Authorized by the Huntersville Town Board; contracted by the Lake Norman Economic Development Corporation]

3.8 Environment and Open Space

This element will incorporate and build off the Town's rural base and environmental resources. Protection and management strategies will be evaluated to ensure that future land use decision-making incorporates appropriate concerns and protection of priority areas such as the Critical Area of the Lake Norman Watershed. The Mecklenburg County Soil and Water Conservation District and the North Carolina Wildlife Resources Commission will be consulted for more input into this section of the Plan.

Open space and recreation resources are important not only to residents and visitors, but also the business community. This element of the plan will focus on meeting the current and future open space, parks, and recreation needs of the Town, and how the Town can use its existing and future open space resources as an opportunity to promote recreational opportunities that could facilitate economic development and promote recreational tourism. The Community Plan Update will include GIS mapping of existing facilities and ongoing open space protection efforts, and will highlight priority park improvements/investments, greenway corridors, regional park locations and interconnection opportunities, and strategic open space priorities.

3.9 Community Survey Phase 2

The CONSULTANT will work closely with Town staff to develop a second Community Survey to gather feedback from the public regarding draft recommendations and priority implementation steps.

3.10 Plan Development

The CONSULTANT, in collaboration with Town staff, will prepare and submit a draft 2030 Community Plan Update (to be delivered in batches of chapters for ease of review) to Town staff and the Steering Committee for review. Following this review, the draft document will be posted on the Town website for public comment. Town staff and the CONSULTANT will also conduct a community open house to reveal the full plan. An online comment form will be created in order to capture public comments. All comments received from staff, the Steering Committee, and the public will be catalogued, and responses made. This careful tracking of comments will allow the CONSULTANT to identify common themes in feedback/ comments for

discussion with staff and elected/appointed officials during the review and public hearing process. The draft document will be revised and amended as appropriate.

Phase 3 Meetings:

- Steering Committee Meeting #4 – Framework and Vision
- Steering Committee Meeting #5 – Draft Plan
- Community Meetings/Open House – Draft Plan
- Monthly coordination calls with Town Staff

Phase 3 Deliverables:

- Future Land Use Map and Policies
- Character Area Descriptions
- Community Survey (Phase 2)
- Draft Community Plan Update
- Summary of Comments on Draft Plan (pdf format)
- Meeting and Public Workshop materials

PHASE 4: IMPLEMENTATION & ADOPTION

4.1 Implementation

After the plan is in draft format the CONSULTANT will conduct a work session with planning staff and other Town departments to discuss implementation steps. Topics that will be discussed include potential amendments to the zoning ordinance, ways to address adequate public facilities, traffic impact analyses, tree preservation, affordable housing/inclusionary zoning and other design standards recommended during the Plan update process.

4.2 Plan Adoption

Plan adoption will be a collaborative process between Town staff and the CONSULTANT. The final 2030 Community Plan Update will be presented to the public at a Community Meeting/Open House and to the Planning Board and Town Board of Commissioners during the review and public hearing process. Following the public hearing process, a final set of plan documents in printed and electronic format will be provided to the Town.

Optionally, the CONSULTANT will assist the town by conducting additional neighborhood meetings and/or attending existing meetings of civic groups to gather feedback on proposed recommendations.

Phase 4 Meetings:

- Steering Committee #6 – Implementation
- Up to 2 Adoption Meetings (Planning Board and/or Town Board of Commissioners)
- Monthly coordination calls with Town staff

Phase 4 Deliverables:

- Implementation Recommendations
- Final Adopted Plan
- Meeting Summaries

Training and Continuing Service

The CONSULTANT will conduct a half-day training session for Town staff, Planning Board, and/or Board of Commissioners. As part of a Continuing Service promise, the CONSULTANT will be available by phone or email for a period of six months following plan adoption to assist staff with questions. This continuing service is included in the base fee and is not an additional cost to the Town.

TOWN RESPONSIBILITIES

It shall be the responsibility of the Town staff to provide the following items:

1. Provide any available electronic information on the study area to be used in the preparation of plans.
2. Provide reasonable advanced notice of scheduled meetings.
3. Provide decisions on critical issues as necessary in a timely manner.
4. Payment of all invoices per Conditions of the Agreement.

COMPENSATION / BUDGET

The CONSULTANT agrees to provide professional services as outlined above in the Scope of Services on a lump sum basis. The total project budget is $124,960, which includes expenses for travel, basic food and supplies for meetings, and printing and deliverables specified in the scope of services. Optional services will be completed based upon a revised contract agreement.

Phase	Description	Cost
1	Project Initiation	$15,045
2	Analysis & Visioning	$52,090
3	Plan Development	$42,310
4	Implementation & Adoption	$12,360
	Expenses	$3,155
	Total	$124,960

ADDITIONAL/OPTIONAL SERVICES

Any item not contained in the scope of services above will be deemed as an Additional Service. Additional services will be provided if requested by the Client for a negotiated lump sum fee or at our Standard Hourly Billing Rates. Potential optional services and deliverables include the following:

Table 1: Optional Tasks

Optional Task	***Description***	***Cost***
Concept Designs [A Concept Design was approved for the Downtown on 9/3/2019]	Optionally conceptual designs will be created for one or more areas that illustrate placemaking opportunities key infrastructure and public realm improvements, building scale, orientation, and other features. Downtown Huntersville would be a prime candidate for a conceptual design that illustrates potential public and private investment and the impact of form-based design policies. The Hambright Road area and/or an undeveloped activity center on the east side of Town would also be candidate locations.	$7,500 per area
Economic and Fiscal Health Analysis [Authorized by Huntersville Town Board provided the Lake Norman EDC pays for the analyses.]	Kimley-Horn will prepare a cost to serve analysis by land use type (residential, retail, office, industrial, hospitality) for the towns of Huntersville, Cornelius, and Davidson. This analysis will leverage, but update, the structure and findings of the CONNECT Our Future Cost to Serve analysis that was prepared in 2013. Cost to serve measures will focus municipal-provided services like emergency services, utilities, parks and recreation, and transportation. The cost of schools, which are a function of Mecklenburg County, will be excluded from the analysis. A high-level indication of potential tax revenue by land use type will also be included.	$18,000* **The cost above represents analyses for the towns of Huntersville, Cornelius, and Davidson.*

	The findings of the Economic and Fiscal Health Analysis task will be useful in comparing the impacts of growth alternatives for future land uses. They can also be used in future land use decisions to be made by staff and appointed/elected officials. The deliverable for this task will be a technical memorandum and an editable spreadsheet of findings for future use by each jurisdiction.	
Return on Investment Analysis	As directed by the Town of Huntersville, the CONSULTANT will prepare benefit-cost analyses for key infrastructure investments. This effort could be leveraged to support the prioritization process, particularly for those investments that are not currently funded or those that are controversial. Key metrics to be reviewed as part of analyses of return on investment include safety, economic competitiveness, environmental sustainability, quality of life, and state of good repair.	$7,500 per analysis
Detailed Real Estate Analysis	Detailed real estate demand analyses can be prepared to support the development of specific small area plans or unique catalyst sites. These analyses would draw from the overarching market review prepared for the base planning effort but increase the level of detail based on a site's access, visibility, and surrounding land uses. This enhancement would be most beneficial for unique areas/sites and could be added, as needed, when beginning small area planning efforts or as key sites are identified.	$5,000 per analysis
Financial Feasibility Analysis	As directed, test pro formas for detailed small area plans or catalyst projects could be prepared in order to test the marketability of attracting a	$7,500 per pro forma

	private developer to the project based on target return levels. Information provided in this analysis could be used to market key catalyst projects to the development community. This enhancement would be most beneficial for unique areas/sites and could be added, as needed, when beginning small area planning efforts or as key sites are identified.	
Transportation Programming / Prioritization	Programming. The CONSULTANT will work with the Town to create a process to prioritize future transportation projects. This process will consider factors such as investment categories (e.g. mode, partnerships, congestion relief, development facilitation, small area plan), financial targets by category, and long-term value compared to short-term capital costs. Once the prioritization process is approved by the Town, the CONSULTANT will evaluate inventoried projects to identify no more than five additional major transportation projects to pursue over the next ten years.	$5,000
Design Evaluation	As an optional service, the CONSULTANT will work with the Town to identify locations (e.g. intersections, short corridors, or project areas) for which a transportation project or other initiative is likely to affect travel modes and patterns. Upon request for the Design Evaluation Optional Service, the CONSULTANT will work with the Town to define the location(s) and determine the appropriate level of coordination with Town representatives and external stakeholders (e.g. CRTPO, NCDOT, CATS, etc.). For each location, the CONSULTANT will evaluate current design plans and identify potential design changes or improvements so the project better reflects Town interests such as land use	Cost dependent on scope

	context (existing and/or planned) or bicycle and pedestrian needs.	
Hot Spot Analysis	The CONSULTANT will conduct a Town-wide review of crash data compiled by NCDOT. This data will be supplemented with feedback from stakeholders and the public. The CONSULTANT will create a process to select the highest priority intersections using a combination of severity, frequency, geographic distribution, and/or relationship to other plans. The CONSULTANT will collaborate with the Town to select 5 locations for more detailed evaluation, including field review to document contributing factors to the crashes and create a list of potential countermeasures. Opinion of probable cost to be included.	$7,500
Additional Meetings	• Adoption Meetings (in addition to the 2 meetings included in scope) • Focus Group Meetings	$1,200 per meeting per Stewart, Kimley Horn or Nealon Planning staff member

PROJECT SCHEDULE

The CONSULTANT agrees to provide services to the Town in the most expeditious manner as is practical and will adhere to the project schedule as appropriate and realistic. It is anticipated that the project will be completed within 12 months from the Notice to Proceed. Note, the adoption process may extend beyond this period.

PROJECT SCHEDULE

The following is a draft schedule for the Huntersville 2030 Community Plan Update:

The purpose of creating the Huntersville Community Plan Update Steering Committee is to serve as an advisory board to the Town of Huntersville Planning Board and Board of Commissioners until such time as the Plan Update is adopted by the Board of Commissioners.

The Steering Committee consists of fifteen (15) members, who are residents of the Town of Huntersville and appointed by the Town of Huntersville Board of Commissioners. The appointees have been selected from the pool of volunteer applicants interested in serving on the Committee.

The Steering Committee will meet at least eight (8) times during the project, with an anticipated timeframe extending from September 2019 through September 2020, subject to change. The Planning Director shall have the authority to call the meetings of the Committee, which will be called and advertised as a special-called meeting, and to set the agenda for each meeting as part of the special-called meeting notice. Only items of business specified in the special-called meeting notice may be conducted at each meeting.

The Steering Committee will elect a Chairperson from its membership. The Chairperson will lead meetings, manage discussion in a civil and orderly fashion, and coordinate the making of decisions by the Committee, whether by consensus or by a motion made, seconded and approved by majority vote.

In order for the Committee to carry out its responsibilities, it is necessary for members to attend the meetings. If a member is absent for two (2) meetings, the Committee may request that the member be replaced by the Town Board of Commissioners.

Meetings will be advertised and conducted in accordance with the North Carolina Open Meetings Law. Minutes shall be kept for each meeting.

Upon adoption of the Community Plan Update, the Huntersville Community Plan Update Steering Committee may be dissolved by the Board of Commissioners.

Subject : Steering Committee Meeting Poll - UPDATED

Steering Committee,

Thank you for your assistance in working to select our first meeting date. In our last poll we had a split decision so we have added an additional date and are taking a new approach in an effort to accommodate as many as possible. For this poll, please ***ONLY select dates you CANNOT attend.***

https://doodle.com/poll/qnzx3x8b4rnfinzf

We appreciate your assistance and **request your reply by Monday, September 23; 12 p.m.** so that we can notify the group of the scheduled meeting.

Thank you and we looking forward to working with you,

Tracy Barron
Executive Assistant
Town of Huntersville | Planning Department

Cc : "Anthony Roberts" aroberts@huntersville.org
Subject : Stephens Grove incident

Chief Hoyle:

It's been 3 days since an alleged armed robbery during the middle of the day in my neighborhood that prompted a massive response by HPD and coverage on the local news with no updates from HPD on the status of the suspect - all of which has alarmed many neighbors. Can you please have an update provided to the neighborhood on our Nextdoor page or any other format about the status of the investigation - or whether the incident even took place at all? If there wasn't actually an armed robbery during the middle of the day in the neighborhood with a suspect potentially still at-large, it would definitely ease the minds of our neighbors.

Thank you,

Eric Rowell
Huntersville

Subject : Stephens Grove incident

Commissioner Boone:

I'm saying something about seeing something as you always request. Over a month ago now, on May 16, an alleged armed robbery during the middle of the day was reported in my neighborhood that prompted a massive response by HPD and coverage on the local news. Since that time there have been little to no updates from HPD on the status of the suspect - which has alarmed many neighbors since they still think an armed robber is on the loose. Why hasn't HPD closed the case by now if there isn't any physical evidence an armed robbery took place? I'm hopeful that by your next town board meeting in July you'll be able to read an update from Major Graham on the successful closure of this case as well similar to the update you read last night.

Subject : sub-committee assignments - for tonight's meeting
Attachment : HEOSC sub-committee assignments.docx;

Hello all,
Attached please find the sub-committee assignments, by Option, for our continued work on the HEOSC. This item is on our agenda this evening so please be prepared to discuss should you have questions/concerns.

Thanks,
Karen

HEOSC sub-committee assignments

The function of each sub-committee is to vet all information received from speakers and other sources relevant to the option being reviewed, and to provide a thorough pro/con assessment of the option for use by the larger committee as we work to develop at recommendation to the Huntersville Town Board.

1) Operate a stand-alone municipal charter school – Al Desciscio, Carrie Warren

2) Establish a municipal sponsored charter by partnering with a new or existing charter school – Bill Farber, Derek Partee

3) Partner with Charlotte-Mecklenburg Schools for a new school or expansion of an existing school – Amie Hutchison, Bobbie Shields

4) The feasibility of dividing the Charlotte Mecklenburg LEA into smaller LEAs – Mike Sass, Eric Rowell

5) Do nothing – Jim Puckett, Todd Porter

Subject : Subcommittee Meeting (Smaller LEA)

Dear Jim and Eric,

I spoke to Janet Pierson today. I shared with her that we will be holding our HEOSC Subcommittee meeting to review the option of dividing CMS into smaller LEAs on Wednesday March 20 at 11:00 a.m.

Janet said we will be able to meet at the Town of Huntersville offices. She will take care of posting the meeting for us to meet the Open Meetings Act requirements.

Thanks!

Subject : Subcommittee minutes
Attachment : 2019-03-14 meeting minutes.docx;

Gentlemen,

Please see DRAFT minutes/outline attached. Feel free to make edits/revisions/additions and we can circulate amongst ourselves prior to the upcoming HEOSC meeting on March 25 when we can discuss further.

Let me know if there are any questions.

Thanks,

Eric

- March 14, 2019 Option 2 Subcommittee Meeting

- 12:00pm – 1:10pm / Steele Creek Library Branch – Charlotte, NC
- Eric Rowell, Derek Partee, Bill Farber present
- No members of the public attended

- Agenda:
1.A. – Discuss pros/cons of Option 2: Establishing a municipal sponsored charter school by partnering with a new or existing charter school.

- Minutes: Subcommittee members discussed the various pros/cons associated with Option 2, and considered what additional information/questions the subcommittee members would need/have in order to conclude their due diligence in studying this option.

- SWOT outline [**DRAFT** – subject to revision]

1. STRENGTHS
- ability to weight admission in favor of Huntersville residents
- more space/sq. footage available for schools equates to better security/safety for students by moving students out of trailers and into enclosed buildings
- greater parental choice, greater educational options in North Mecklenburg
- overcrowding/capacity problem relieved sooner than waiting on a solution from CMS
- greater flexibility with curriculum and addressing concerns of parents than with CMS
- fixed, upfront costs only instead of the possibility of ongoing/annual contributions from the general fund for a town-run municipal charter school
- independent, separate charter board – not run/influenced directly by the town board and vagaries of town board politics

2. WEAKNESSES
- potential zoning issues based on unknown location of potential school
- difficulty in deciding where to start – which grade level?
- how to address possibility of starting a municipal charter school weighted in favor of Huntersville students and then having a large number of Huntersville students possibly not being admitted
- safety issues – a new charter school unlikely to have a building large enough at the outset to avoid housing some students in trailers
- capital funding and land acquisition – still too many unanswered questions about what the town can/cannot do, plus dealing with the practical problem of finding suitable land
- taxes – uncertainty over future costs a concern for residents, concerns over paying for two "districts" even if you have no children attending CMS or town charter school
- cost of upfitting/retrofitting existing building for a charter school (cost would be mitigated by use of warehouse-style space)

3. OPPORTUNITIES
- municipal charter school has never been done in NC, opportunity to demonstrate a new model for education statewide

- cost savings for new construction – ability to build school buildings more efficiently/less expensive than CMS schools
- ability to determine best makeup of the charter school board – elected board members, appointed board members, some hybrid model, etc.
- large pool of diverse potential charter board members in Huntersville from various educational, workforce backgrounds

4. THREATS
- uncertain/unknown demand – possibility of student applications less than anticipated, risk of "new" school stigma causing parents to avoid sending their child for the first few years
- political instability – locally and in Raleigh
- potential lawsuits – who would bear the costs?
- CMS – unlikely to cease opposition efforts to charters in general and municipal charter schools
- no actual vested interests yet – with no municipal charter school even in the application phase, easier to stop the effort before a municipal charter is open and accepting students
- potential for current charter school cap to be lowered/decreased
- timeline/length of charter school application process being altered/derailed by political instability, plus the length/in-depth nature of the application process itself – NC charter board may scrutinize the first municipal charter applications more heavily than non-municipal charters

5. QUESTIONS/ADDITIONAL INFORMATION
- as much information as possible regarding ability of town to acquire land for a charter school and capital funding options
- request opinion of town attorney related to: current and proposed relevant legislation; ability of town to buy land for a charter; ability of town to own a building housing a charter; ability of town to lease an existing town-owned building for a charter
- what are the other three (3) towns included in HB514 – Mint Hill, Cornelius, and Matthews – doing related to municipal charter schools

Date : 2/14/2019 6:26:45 AM

To : "Anthony Roberts" aroberts@huntersville.org
Cc : "bhoyle@huntersville.org" bhoyle@huntersville.org, "Jackie Huffman" jhuffman@huntersville.org
Subject : Supplanting

Mr. Roberts,

During Chief Hoyle's presentation at the retreat, he referenced a "they" multiple times in regards to asking about use of forfeiture funds and whether it would be supplanting. Do you know who the "they" is Chief Hoyle is asking about supplanting - someone in town hall or a central government contact at DOJ, etc.?

Thank you,

Eric Rowell
Huntersville

Date : 4/4/2019 7:35:50 AM

To : "Eric Rowell" erowell@huntersville.org
Subject : SWOT ANALYSIS

Good morning Eric,

We had our third and I believe final meeting of our "Stand Alone" charter school subcommittee meeting last night. I feel we have been very thorough in our review of this option.

However, a relative weakness in our report would be the "Opportunities" section. Do you have an idea or two of what your thoughts would be in this area? Or...if you passed on a draft of one of your other committee's draft minutes we will continue to think this area through.

Thanks!

Mike

Subject : Thank you and request

Good evening,
It was my pleasure to be with you all Monday evening. Thank you for your support in electing me Chair of the HEOSC.

I have had the pleasure of working with a few of you over the years, and I am excited about the opportunity to work with such a high caliber group of involved citizens.

I will be meeting with Town staff Friday morning to discuss future meeting agenda topics. I would request that if you have specific requests, beyond those discussed at our meeting Monday, to please forward those to me by Thursday evening.

Again, I look forward to working with you in this important work.

Warm regards,
Karen

Subject : tonight's meeting w/Cornelius committee

Good morning, HEOSC colleagues.

One of my goals for our time together tonight is to have a discussion about the pros and cons of the Charter school option. We have completed this phase of our "study" for that option, so it is now time to assess that option in the context of the information we have received. Please come prepared to have this discussion tonight.

Thanks,
Karen

Subject : Town website and other information
Attachment : image003.jpg;

I wanted to make you all aware that we have been working on the webpage for the HEOSC. It is a work in progress, but we have begun uploading information that relates to the options being considered by HEOSC. You can access it by going to the Huntersville home page, and going to the Advisory Boards and Committees tab, or you can click on the following link: https://www.huntersville.org/1327/Huntersville-Educational-Options-Study-C In the green bar on the left side of the website is a link entitled "Potential Education Options." This is a link to supplemental information that we have uploaded pertaining to each option. (It will be retitled next week to "Supplemental Information Pertaining to Each Option.") Some of the information will overlap and be useful for more than one of the options, but currently is included under only one heading. I would invite you to peruse all of the information under each option for this reason.

There are also helpful links at the bottom of the supplemental information web page:

1. The link to the Joint Legislative Study Commission that was formed pursuant to House Bill 704 to study the division of local school administrative units will take you to that committee's web page containing the reports they received at each of their meeting regarding their study. This may be useful information when the HEOSC studies the option regarding the CMS LEA.
2. A second link is to the State Department of Charter Schools. On this website you can find lots of information about charter schools, including the applications that have been filed by other entities to start a charters school, as well as the planning process. (We have uploaded the 2018 Resource Manual under the standalone charter school option which was taken from this web site.) Reviewing a sample application might help to illustrate the things that must be planned for in operating a standalone charter school.
3. We have also included the link for the State Department of Public Instruction which contains lots of information about the public school system in North Carolina.
4. Lastly, we included the link to the CMS website.

I look forward to your next meeting. The agenda will be posted by Tuesday of next week.

Have a great weekend!

Good evening, Eric.

I understood from our phone conversation today that you were going to email me a public records request related to tuition reimbursement. I was hopeful you'd send it via email so that I have an opportunity to double check that I'm sending expressly what you request.

If you'd like some information, you are welcome to email me directly. Hope you enjoy your weekend.

Subject : Upcoming January 14 Meeting

Dear Jackie,

I notified Chairman Karen Bentley that I will not be able to attend the upcoming HEOSC meeting on January 14. I will be visiting my son Adam in Los Angeles that day. I planned the trip last summer. I am disappointed I will be missing the meeting.

I do not intend to participate in the meeting remotely.However, is it possible for me to view the meeting "live" or a "taped" version of the meeting. If that is possible could you let me know how I go about doing this. I was not successful in figuring out how to do this on the town's website.

I am going to be meeting Karen Bentley Thursday morning to share my input about the upcoming meeting.

I very much appreciate the very hard work the Huntersville staff and elected officials are doing to research this important topic.

If there is anything further I can do to assist you, never hesitate to reach out to me.

Sincerely,

Mike Sass

Subject : Upcoming Subcommittee Meeting on March 20 @11:00 a.m.
Attachment : Agenda 3.14.19.docx;

Dear Eric and Jim,

The subcommittee to study the option of creating a stand alone charter school for Huntersville met last night. The subcommittee included Carrie Warren, Al Desciscio and myself.

We created the agenda attached for the meeting.

A reporter and cameraman from both WBTV (CBS-3) and WJZY (Fox 46) were in attendance for the meeting.

We (Eric, Jim, and Mike) are scheduled to meet on Wednesday March 20 at 11:00 a.m. at the Huntersville Town Hall to have our subcommittee study the feasibility of dividing the Charlotte Mecklenburg LEA into smaller LEAs.

Do you both want to have a similar type agenda for the meeting next Wednesday?

I would be happy to type up the agenda for the first meeting until we all get in a room and decide how to divide up responsibilities for our work together

Topics to include???

Thanks !

Mike

AGENDA

Huntersville Educational Options Study Commission

Subcommittee To Study The Option Of A Stand Alone Municipal Charter School

March 14, 2019 - 6:30 PM

10224 Hickorywood Hill Ave, Suite 102, Huntersville

1. Welcome and Call to Order

2. Identification of a Quorum

3. Public Input - *Limited to 3 minutes per speaker, or 30 minutes total*

4. New Business

A. Review what our Commission was asked to do by the Town Council..."due diligence to gather facts and information for each option."

B. Review the fact that our Commission was asked to "prioritize the options" considering the following:

1) Financial and legal feasibility
2) Effectiveness to reduce overcrowding of schools in Huntersville
3) Efficiency
4) Ease of implementation

C. Identify the research questions for study

5. Old Business

6. Setting our Next Meeting Date/Time/Location

7. Closing Comments

8. Adjourn

Subject : Updated SWOT analysis
Attachment : Updated HEOSC Option analysis_SWOT.xlsx;

Good morning, HEOSC members.

Please find attached an updated version, including Option 4 details as follow up from last night's meeting.

Additionally, I have made Anthony, Angie and Janet aware of your two action items from last night, including revising paragraph 8 of the Town Board creating resolution regarding drawing a conclusion prior to hearing public comment and the expiration of your term in April 2019. Karen, Anthony will follow up with you regarding attendance at the April 15 Town Board meeting (I would expect staff will explain the changes and your presence will not be required, but will follow up).

Thank you all for your continued dedication to this committee and its outcomes.

Jackie Huffman
Assistant Town Manager

Subject : Vehicle tax/fee

Mrs. Huffman,

Where in the budget can I find revenue amounts for the town's vehicle tax and $20 vehicle fee - are they both combined into a single revenue line item? How much in revenue did the town collect last FY respectively for the vehicle tax and the $20 vehicle fee? Finally, does the town rely solely on DMV records to collect these taxes/fees related to vehicles, or does the town have its own independent means of verifying who owes these taxes/fees?

Let me know if I need to clarify these questions.

Thanks,

Eric Rowell
Huntersville

Please note that email sent to and from this address is subject to the North Carolina Public Records Act and may be disclosed to third parties.

INTERLOCAL AGREEMENT
FOR FUNDING OF VISIT LAKE NORMAN

This Interlocal Agreement is entered into as of the 1st day of July, 2011 (the "Effective Date"), by and between the TOWN OF CORNELIUS, a North Carolina municipal corporation ("Cornelius"), the TOWN OF DAVIDSON, a North Carolina municipal corporation ("Davidson"), the TOWN OF HUNTERSVILLE, a North Carolina municipal corporation ("Huntersville"), (collectively, the "Towns"), and the LAKE NORMAN CONVENTION AND VISITORS BUREAU, a North Carolina non-profit corporation, doing business as Visit Lake Norman (hereafter "VLN").

WHEREAS, Article 20 of Chapter 160A of the North Carolina General Statutes provides that local governments may enter into joint undertakings of any power, function, public enterprise or right of local governments; and

WHEREAS, North Carolina Session Law S.L. 2001-402 (House Bill 715) amended S.L. 1983-908 to provide that the Towns receive a portion of taxes collected on hotel and motel occupancy ("Hotel/Motel Tax") and a portion of the taxes on prepared foods and beverages at establishments in their respective jurisdiction ("Prepared Food Tax") and use such taxes for certain facilities and for tourism and tourism-related programs; and

WHEREAS, VLN, a non-profit corporation, has as its purpose the organization and promotion of conventions and events and the promotion of tourism for the Towns of Lake Norman; and

WHEREAS, North Carolina Session Law S.L. 2011-160 (House Bill 508) further amended S.L.2001-402 as it relates to the Towns to provide for the distribution of a specific percentage of said taxes to VLN to be used for tourism-marketing promotion purposes; and

WHEREAS, the Towns and VLN desire to provide for budgeting consistent with the adopted legislation, confirm the timing of the funding by the Towns for VLN, and provide a governance structure consistent with such funding.

NOW, THEREFORE, the parties agree as follows:

1. In accordance with S.L 2011-160,each of the Towns will budget and pay to VLN, annually, from the portion of the prepared food and beverage taxes received from the City of Charlotte an amount equal to the sum of (a) twenty-eight percent (28%) of each Towns collected Hotel/Motel Tax for an annual period ending on the last day of the third quarter of the fiscal year immediately preceding the fiscal year for which amounts will be budgeted, and (b) twenty-five percent (25%) of the Prepared Food Tax received from the City of Charlotte for the immediately preceding calendar year.

2. The amount due from each Town will be paid to VLN in quarterly installments, each installment due on the first day of each quarter of the applicable fiscal year, beginning July 1, 2011.

3. Each of the Towns, through their Finance Director or other designated personnel, will advise VLN and the other Towns of the total amount of the Hotel/Motel Tax and Prepared Food Tax collected as described in Paragraph 1 as soon as those figures become available. It is contemplated that such information would be available to VLN by the end of April of each year. There will be no other solicitations by VLN to the Towns for an annual appropriation, although this Agreement shall not preclude extra-ordinary appropriations to assist in the unanticipated opportunity for special events which the Towns may deem to be of special benefit to the towns and its citizens.

4. VLN and the Towns understand that the amounts so distributed to VLN are to be used to increase travel and tourism within the Towns. To that end, the parties adopt the following policies and practices:

A. VLN will be governed solely by its Board of Directors which shall be appointed as follows, in the years indicated:

July 1, 2011 – December 31, 2011 - The currently elected and Town appointed 16-member VLN Board of Directors will continue to serve without changes.

Commencing January 1, 2012 - The VLN Board of Directors shall have the following 18 members:

i. Each Town will appoint three (3) members of the VLN Board of Directors in their discretion with final appointing authority which shall be as follows:

   a. Each Town shall appoint one member of the restaurant/attractions sector (including Parks and Recreation) in their designated Town and two (2) members-at-large (only one of whom may be either an elected official or Town staff) in their designated Town.

ii. VLN will elect nine (9) members of the VLN Board of Directors as proposed by the Nominating Committee which shall be as follows:

   a. VLN shall elect one member from the hotel/motel industry from each Town and six (6) members-at-large.

iii. The Towns and VLN will appoint equal representation from their board members to serve on the Executive Committee. All members of the Executive Committee will be given proper notice of all

Executive Committee meetings and shall be expected to attend all Executive Committee meetings.

B. The Towns' appointed members will regularly attend VLN Board meetings and share VLN updates with their Town Board of Commissioners. Proper notice shall be provided to all Town Board members of all VLN Board meetings and Town Board members shall be entitled to attend all Board meetings.

C. The approval and consent of the Lake Norman Chamber of Commerce, formerly known as the North Mecklenburg Chamber of Commerce, in Article VII and Article XII of the articles of incorporation shall be removed from the articles and the VLN Board and the Lake Norman Chamber of Commerce shall approve such removal.

D. The current VLN Board will revise the VLN articles of incorporation and bylaws immediately to reflect the above provisions of this agreement and acknowledge that time is of the essence such that all articles and by-law changes must be reviewed by all parties and properly approved by the necessary bodies, and the full 18 member Board is appointed and elected and ready to serve as of January 1, 2012.

5. VLN will provide to each Town an annual audited financial statement, which statement will be provided within fifteen (15) days after it becomes available. Each Town will make available to VLN a copy its annual audited financial statement within fifteen (15) days after it becomes available.

6. This Agreement shall remain in effect until June 30, 2020, and shall thereafter be automatically renewed for successive five (5) year terms unless any party shall give notice to the other parties, at least ninety (90) days prior to the end of any such term, that it does not wish to renew, in which case this agreement shall terminate.

7. This Agreement may only be amended by the unanimous consent of all of the parties approved by their respective boards.

This Agreement is executed as of the date set forth beside the signature of each party by authority duly given, and effective as of the Effective Date upon execution by all of the parties, even though the execution date is after the Effective Date.

Subject : Wishing All Happy Holidays

As we head into December, I just want to wish everyone a Happy Holiday Season.

Our next meeting is a long way off. If you have any thoughts, ideas, suggestions on how we want the committee to function and what 2040 should look like please share them with the group. These ideas will be captured and sent out to everyone before the next meeting on January 15th.

Eric sent a suggestion the other day that we should choose / vote for a vice (or co) chairperson who could fill in for me in case I miss or cannot attend meetings. This is a good idea, that way there is no lose of momentum.

Had the opportunity to meet with Dave and Jack to discuss some ideas for the committee. The important take away is, we are the drivers and decision makers for what the 2040 plan will look like. Some ideas that we kicked around:

- Look for ways to harness the power of the Ambassadors, especially to reach out to the community
- As we get more into the process consider adding an extra meeting just to solicit and hear input from the community
- Consider the possibility of creating sub committees as areas of deeper dives are needed

Here is our meeting schedule

- #1A - completed
  - Orientation Meeting
- #1B - completed
  - Project Initiation
- #2 – January 15th
  - Present Plan Review & Analysis
  - Prep for Public Meeting & Survey
- #3 – Late February
  - Public Meeting & Survey Results
- #4 – April
  - Plan Framework & Vision
- #5 – May
  - Draft Plan
- #6 – July / August
  - Implementation Recommendations

Have a great Holiday!
