Subject: Re: Chief's Presentation to Council

Of course! And if there's anything else that I can provide you that would assist you in your work with us, please let me know. I know today was quite overwhelming and conversation got off track a number of times, but based on my experience with the department that was a different level of honesty than I've ever seen. So believe it or not I think that today was actually a success. I look forward to working with you and moving APD forward.
