Subject: This week's social media content

Tuesday: Still thinking about this one.

Wednesday: Dogs in hot cars...important reminder from Animal Services Unit. Cute gif or video of K9 Yugo giving a reminder about the danger of leaving pets in hot cars. Send audience to stories portion of social media where we will have several quick snippets with animal services officer talking about tips, resources and common misconceptions. #bettertogether

Thursday: Traffic Safety Unit photo/ governor's highway safety info for drinking and driving during holidays. Have photo along with details, or photo post along with quick snippets of information from traffic safety unit officer for stories. This depends on the kind of content I get from officer during my meeting Tuesday.

Friday, 4th july message, well wishes, and reminder of the city's virtual celebration.

Sunday or Monday : Part 2 of chief's radio interview
