I am out of town until Thursday am. Will look at this when I get back. I do not think we collect this data but I can check on Thursday.Â

Jim -

Is this something you can adviseÂ me on? I am happy to respond and/or work with them and whomever from APD if a) it's something we think should be done and/or b) you want meÂ to. Otherwise, please let me know how you would like to proceed and how to respond back to Capt. Calhoun. This would be used by the partnership to identify the de[th of the problem and whether it should be addressed by the community groups engagedÂ as part of the grant work.

Thank you,
Jerri

See below.Â Think you guys could have anything relevant at all toward this.Â We all try to support this coalition, but not sure of a way to help with this sort of data on our end- you are much farther ahead of the tech curve there thoughâ€

Hope you are surviving the week well!

Kevin,

A while back we were chatting about figuring out how to get some data on social hosting and DUI data involving children in the vehicle. Is this something you can help us connect with? Miranda and Cait will be working on a new project and we have some data gaps we want to start addressing and could use some help.

Best,

MichÃ`le
