Good Morning Deputy Chief,

I know things are really busy for you, but when you have a moment could you or one of your command staff incharge of the protest downtown give me a call? My cell number is 828-575-3991.

It's in reference to two students who met with me this morning. They advised me that they were serving as "medics" to the protesters and allegedly had their supplies destroyed last night by who based on their description were national guardsmen.

I told them that they needed to establish communications with APD and advised that I would assist with that.
