As of now, I think we should.

All - In response to the killing in Minneapolis, Chief Zack drafted the attached op-ed that he plans to submit to the paper. Please review.

I talked to Debra about also providing a statement (not an op-ed), **and the purpose of this email is to ask you whether you want to join in making this statement.**

If everyone wants to join in the statement, then it will be a council statement. If anyone does not want to join, then I will just issue the statement alone, as mayor.

We need to move quickly, I will release this today. Also, if you have edits to my statement, let me know.

Reply only to me please.

Thanks,
