Rob,

I have reviewed the materials, and wanted to make one important clarification. I notice that the proposed scope is a review of the incident involving the medic tent. Although this should be a focus area, we would like the evaluation to cover the entirety of the police response to the protests over a period from approximately May 31 - June 5. As part of this, we want to evaluate specifically the following: the use of riot gear, the requests for outside agency assistance including the national guard, the use of tear gas, the use of non lethal projectiles, and specifically the events at the medic tent and a previous police response to blocked traffic on interstate (Jeff Bowen Bridge).

Can you please let me know if this broader scope is acceptable, and if that would affect the cost estimate? Sorry for any confusion, and I look forward to hearing from you.

Thank you,

Thank you, Rob,

It was a pleasure speaking with your whole team earlier this week. John and I will review the materials you provided and reply with a decision in the very near future. Please note that any final decisions on our part are contingent upon approval by the City Council as well.

Â

We look forward to speaking with you soon.

Attached is a Proposal Letter that outlines what we believe our Work Scope and estimated pricing would be for the incident assessment we discussed on the telephone this last Wednesday. Please know that we are more than open to discuss this Work Scope and pricing estimate to make sure we are meeting your needs. As such, please feel free to reach out to me at any time with any questions you may have. Please know that we would consider it an honor to be able to assist you at this time, and we would be able to initiate work quickly with the team members we have identified.
