Tommy —

I'll send you a list of the 10 locations we plan to complete. FYI — James Thibault in our group in the field today investigating the additional 5 locations we told you about a few weeks ago as follows:

Chatham — US 64 at Big Woods/Seaforth

Durham — NC 55 at Allendown

Durham — SR 1118 (Fayetteville Rd) at Cook Rd

Wake — US 70/US 401 (S. Saunders St) at Illeagnes and Pecan/Carolina Pines

Wake — SR 1625 (Green Level Church Rd) at Dennison Ln/Jewel Creek Dr

David mentioned we can do 10 per month, and he wanted us to send him the itemized hourly summary of the time it took to complete the first 10. I know it's been close to a month since we got the go ahead. I apologize for the delay in getting this second set of locations. Is it okay if we still proceed with 10 this month?

Thanks,

Kelly L. Becker, PE

Subject: Final Inspections

Kelly,

I have attached a spreadsheet showing the Division 5 projects that are ready for inspection. Please proceed with inspections on 10 of these. I am planning to perform an inspection for W-5705K but you can choose any 10 of the others to work on. The projects that used a combination of mobility and safety funds can be treated as a single project.

Please let me know which ones you will be working on since I will be performing inspections as I have opportunity. Also, please copy me when you email the memos so I will know they are taken care of.

Thanks,

Tommy Mann, PE
