Subject: Equipment List

Good afternoon Laura (morning your time),

I spoke with Chief Zack today and he said that you conversed last night. After a conversation this morning, it appears that Chief Zack would like to begin pursuing the release of body-worn camera footage more often (which I am grateful for). As you can understand, this will warrant further conversation with our City Attorney's Office and City Manager.

We are continuing to move forward with our partnership with ColePro Media. In preparation for future critical information briefs we are working to purchase some equipment for the in-house production component of the briefs. Below please find a list of equipment we have put together that I would love to have your input on. Is there anything else that we are missing or alternative technology that you can recommend?

- Camcorder: [Canon Vixia HF G50 4K Camcorder](#)
- Spare Camera Battery
- Battery Charger
- Tripod: [Manfrotto MVH500A Fluid Drag Video Head with MVT502AM Tripod and Carry Bag](#)
- Kit Bag: [Porta Brace Lightweight Soft Carrying Case with Strap](#)
- Wireless Lavalier Mic + Transmitter for Handheld: MicSennheiser EW 100 ENG G4 Wireless Microphone Combo System (566 to 608 MHz frequency)

- Vinyl Wall Wrap

Thank you,
