Hi Kim

Thank you for getting back to us so quickly. We will need John, Mike and a member of our IT department to take a look at the Village Green space and the Summit Charter school space to see which will work best for the hearing. We can plan for a maximum of 25 people spaced 6 ft apart if these spaces will allow.

Because these hearings can take several hours and we have another hearing scheduled for the October meeting date, we will probably need to schedule a special hearing date and time for this hearing. If the Council is able to do it, it would be best to plan a daytime meeting or at least start a little earlier than 5pm. Also, since we will be limited to 25 people we will need to work through a lot of logistics as to who will be physically present and who can take turns or be on video etc.. We hear that Craig Justus has been hired. Will you pass along my contact information to him so he can call when ready to work through these logistics?

Let us know if any questions come up or if we can help in anyway.

Heather

Hi Heather,

It looks like we are going to target an October hearing. As soon as you can provide the land owner names that you would be contacting prior to the hearing, I'd appreciate it. We have gathered a great team and will be preparing for October. I see no reason to postpone longer than that.

Stephen has lined up the new Village Green building for a meeting and I've lined up Summit Charter School as a back up. You might tell us which venue you believe is most "socially safe". I'll be sure the proper PA systems are in place. I know from Ann Self that they have a great PA at the new facility, but want to make sure we can have "zoom" and video capability. That does exist at Summit.

Thanks for helping with this and we will make you proud!!

K
