Ann,

Is it possible to reserve the room for November 16th for the Cashiers Village hearing? We plan to have the meeting earlier in the day to accommodate what we expect to be more complex hearing than normal. We are looking at beginning at 2 PM to hopefully be completed by the end of the day, but I don't know for certain how late the meeting may run.

We would probably arrive around noon to set up and troubleshoot.

Thank you for all of your help.

Hi Ann,

Thank you again for your willingness to consider hosting the Planning Council meeting in October. I have checked with John and we have time next week on Tuesday, Wednesday, and Thursday to schedule a visit, if you have any availability. Can you let me know if there is a time any of those days that works best for you? If we could look more towards mid-morning through midafternoon that would be more helpful to accommodate travel times.

Thank you,

Mike Poston
