Thank you so much for your leadership on the Asheville Primary issue, Kim.

I'll be making a statement at today's board meetings.

Dear Councillors,

As the father of an ACS student and concerned Asheville resident, I strongly support and encourage the nomination of THREE new faces to the ACS Board. Pepi Acebo, Kate Brewer Fisher, and Libby Kyles are informed and tireless advocates for Asheville students and teachers and can help to turn the ACS Board around. I have witnessed numerous lapses in judgement and leadership from the current ACS Board, including all three who seek renomination.

At this juncture, the ACS Board must seek NEW leadership with these new faces to build greater trust with ACS Parents and Teachers who have been deeply disappointed with the state of insolvency that ACS has been led to by the current board as well as their continued inability to lead.

Kind regards,

Brooke Heaton
ACS Parent
