Subject: ACS Board

Good afternoon

I am reaching out to say thank you for pushing for Libby, Kate and Pepi.

The decision to not include the whole board on this vote is mind blowing. I do feel that every applicant should have gone through the vetting process and not just have to submit an application and then 2 council members buddy up and decide to not vote on people based on who their friends are on the current ACS Board. We are all well aware of the buddy system.

Thank you again for your fight in this.

Regards

Carmen
