Subject: Thank You

Thank you both for your vote of "no" on the Asheville City School Board vote this evening. Your vote is not going unnoticed or unappreciated by citizens who wanted candidates who would shake things up in a system that desperately needs fresh ideas. Pepi, Kate, and Libby deserved to complete the application process and be considered with the incumbents. This decision won't sit well and we desperately need to move to an elected city school board.

Kim: you've changed my mind on several issues since the election. I think I was wrong about some things and I'm glad you are on the board. —Will
