Cc: email: "dfrankel@ashevillenc.gov Dana Frankel" , email: "jmorris@ashevillenc.gov Jessica Morris" , email: "lcrown@ashevillenc.gov Lucy Crown"

I would be interested -- and second what Dana said.

Thanks all! For any/all interested, I'm happy to schedule a call with Eugene OR; their Parking & Mobility Department has begun helping out with homeless support, and there may be value in a call to learn more about their experiences.

I think it's important that either Brian Huskey and/or Emily Ball are involved with this group. I feel like there may be some overlapping efforts. I think either of them can help guide and put the pieces together on larger City goals/strategies/existing protocol and efforts. For example, I know that there is work being done (by DSD) to provide a guide for private property owners to construct/allow camping on their properties. I don't know the details, but Emily Ball should.

I'm happy to be involved (particularly if we think downtown will be part of the focus), or not (especially if we don't think downtown will be part of the focus).

Thank you!  
Dana

Let me get them from my boss.

Camping.....ugh.....a huge thorn in my side right not.

We do not have any legal vehicle camping locations nor do we allow tent camping on city property unless in a sanctioned rest stop. We do not allow on parking lots.

I would be happy to chat with you about camping if you want.

Jeff,

Can you share the two job descriptions with Garrett?

Thanks

[EXTERNAL

Hi Travis: hope you are well!

Could you share the job descriptions for the Business Intelligence Analyst and Parking/Mobility Analyst from the organizational chart you've previously shared?

Also: after a recent incident in which a small encampment was cleared from state-owned property (involving us, since we have an agreement to meter the lot), there has been lots of discussions internally and externally about the City's response/procedures surrounding the use of City property for temporary camping, or overnight parking.

Several members of our City Council recently discussed

[Eugene's Temporary Camping](#) program. Does the program include provisions to allow for temporary camping on City owned/operated parking spaces (either on or off-street)?

Thank you,

Garrett
