Hi Kim,

Last night, city parks and recreation staff and City Council met with the East End/Valley Street neighborhood about the potential for a track to be built at Memorial Stadium.

I've got some follow up questions. I wanted to send directly to Mr. McGirt and the team, but don't have his contact. I'm on deadline for this by the afternoon, if I'm able to get some answers!

I'll copy questions below.

- When was there last a track at Memorial Stadium? When/why was it removed?
- Was the cost of the planned projects (playground, restroom renovations, concession stand) included in the estimated costs for the walking track/6-lane track options?
- How much bond money has been spent on Memorial Stadium improvements so far?
- How much bond money is left to be spent at Memorial Stadium?
- Since there is not enough funding available in the bond funds for the 6-lane track option, where would it come from? Are ARPA funds eligible for this project?
- Is there a projected timeline for this decision?

Thanks so much,

Sarah Honosky
