Hi Vice Mayor Smith and Councilmember Mosley

I support you and your working with Renee White getting the track brought to Memorial stadium. Thanks for pushing this. I also hope you will support the community surrounding Walton Pool to get the long overdue repairs made to their pool and bathhouse. Malvern Hills seems to be consistently maintained, Walton deserves the same.

Good luck and thanks for all you do.

Will

Dear Will,

The City of Asheville is currently considering proposals for how to allocate American Recovery Plan Act (ARPA) funds from the federal government. One of the many proposals that is being advanced is for **the addition of a track at McCormick Field**, something that the folks in the East End / Valley Street Community have requested for years, and which the City has agreed to but has yet to implement. **Councilwoman Antanette Mosley and Vice Mayor Sheneika Smith deserve public praise for their role in advocating for this long overdue community improvement initiative.** We encourage you to reach out and thank them for their leadership, and encourage other members of City Council to follow their lead and approve this project.

You can read more about this issue, and three other timely items, in [this week's GAP Report](#).

In Solidarity,

The GAP Team
