Good day Debra.

Attached is the presentation I am planning to present to the East End / Valley Street Neighborhood Association tomorrow night. Because the main concerns center around the track the presentation solely focuses on track options. At the beginning of the presentation I will mention other improvements being made at the Memorial Stadium and the Mountain Side Park but I will keep the focus on the track. Jade is working with a vendor that can estimate cost better than we can in house however, we will not have those estimates prior to the neighborhood meeting tomorrow. Please review and let me know what edits you recommend we make to the presentation.

Thank you.
