Subject: In support of track at Memorial Stadium

Dear Councilwoman Wisler,

As a property owner in the Oakhurst Neighborhood (adjacent to Memorial Stadium), I am writing to urge you to advance the proposal of a track for community use at Memorial Stadium, something the folks in the East End/Valley Street Community have requested for years and which the City has agreed to but has yet to implement.

The track will support fundamental issues of wellness and connection in our community.

Thank you for your leadership,

Paige Gilchrist
