Subject: Homeless Raid and Journalists Arrested

Hello, I am disturbed to hear that the APD chose to raid a homeless encampment in Aston Park on Christmas of all days, though I am additionally very disturbed about raids of homeless encampments on any day.Â

Even more disturbing, however, is to hear that two journalists were arrested for trying to cover the event, and their property confiscated, despite displaying a press pass. That is illegal. It is truly eerie that our town would allow its police force to block journalism to try and prevent scrutiny of their own actions. This is totally unacceptable.Â

Thank you for listening.Â
