				Good evening Mike. I understand there is an encampment at Aston Park that needs to get cleaned up. PW staff requested that they have the flexibility to get this done early in the morning and I agree it would be better to do it in the daylight considering the kind of hazardous material they may encounter. Just wanted you to know it will get done first thing in the A.M. I also left DC Baumstark a message as well informing him of the same. Appreciate you and stay safe.
